CHARNO AWARDS

The Charno Award is presented annually to the top two citizens of the University of Central Missouri. The honor is named after George Charno, Sr., a Kansas City attorney who established the award in 1940 to recognize the two outstanding members of the senior class. Selection is based on a combination of criteria, which include: leadership, scholarship, character, involvement in campus organizations and extracurricular activities, service to the university, and involvement in one's academic department.

Announced during the Spring 2024 semester, this year's recipients pursued degrees within the College of Education in preparation for teaching careers, Ashlee Bieker, High Ridge, Missouri, and Kristen De Napoli, Oak Grove, Missouri.

Ashlee Bieker

A University of Central Missouri senior who is seeking a Bachelor of Science in Elementary Education – Early Childhood, Ashlee Bieker, has not only excelled in the classroom, but through her volunteerism and leadership activities she exemplifies UCM's longstanding motto, "Education for Service."

Bieker has served as a UCM Brand Ambassador and Alumni Ambassador, and has been involved in numerous campus organizations. These include the National Society of Leadership and Success, Rho Lambda, Big Brothers Big Sisters, Kappa Delta Pi, and Early Childhood Young Professionals.

She has demonstrated what it means to be a leader by serving as the Vice President of Recruitment and as a Gamma Chi for Panhellenic to recruit sorority members during the past four years. Bieker also has been an active leader within Delta Zeta sorority, serving in roles such as Vice President of New Member Education, Historian Chair, Sisterhood Chair, Accountability Chair, and as a Homecoming candidate. She currently serves as Panhellenic Relations Advisor for Delta Zeta and is a member of Kappa Delta Pi, the nation's largest education honor society.

While maintaining this busy schedule, she has successfully attained a cumulative 3.92 grade point average.

Kristen De Napoli

After preparing for a career at UCM that will allow her to make a difference in children's lives, Kristen De Napoli is currently serving as a kindergarten teacher in the Odessa School District. She graduated from UCM in Fall 2023 with a Bachelor of Science in Elementary Education – Early Childhood.

As a university student, De Napoli was active in campus and community activities, and served in many different organizations which helped her to network with other students and develop organizational skills. This includes the Baptist Student Union, Color Guard, and serving as a Community Group Leader at the Christian Campus House. She held several leadership positions including President and Parliamentarian for Early Childhood Young Professionals. She was Public Relations Vice President and Social Chairwoman of Gamma Phi Beta, and Student Representative at Large for the Missouri Association for the Education of the Young Child. During her time with these organizations,

De Napoli was involved with several activities that benefitted the university community.

While immersing herself in the classroom and in many different campus activities, De Napoli remained focused on her academic success. She graduated with a 4.0 cumulative GPA.

BYLER DISTINGUISHED FACULTY AWARD

Named after William H. Byler, an inventor, author and teacher who graduated from UCM in 1927, the Byler Distinguished Faculty Award is the highest recognition bestowed upon university faculty members. Byler established an endowment fund to provide annual recognition for distinguished faculty performance, evidenced by teaching, scholarly, or creative activity, and professional service. This year's recipient is Dr. Kristy Boney, professor of German and chair of Modern Languages and Interdisciplinary Studies.

Dr. Kristy Boney

Kristy Boney, Ph.D., has been described by her professional colleagues at UCM as an energetic champion for students and a talented, dedicated and enthusiastic educator. She joined the UCM faculty in 2009 as an assistant professor of German and climbed the faculty ranks to become a professor in 2020. Boney became coordinator of Modern Languages in 2014, and was named chair of Modern Languages and Interdisciplinary Studies in 2022, where she also provides leadership for Africana Studies and Gender and Sexuality Studies.

Although Boney came to UCM when the German major was in abeyance, she demonstrated a constant commitment to expanding German language and cultural activities through her work both inside and outside of the classroom. She taught and developed all German language, literature and culture courses in the university curriculum, and because of her dedication, student demand for such academic opportunities increased. Within her first three years at UCM, the option for a German major within Modern Languages returned, and interest in the minor program in Modern Languages grew significantly.

Colleagues who nominated Boney for the Byler Award stressed her leadership style, calling her an enthusiastic advocate for her colleagues and students. They commend the strong balance she exhibits between her duties as chair while also anticipating challenges and opportunities. She clears the way for everyone in Modern Languages and Interdisciplinary Studies to have a sense of autonomy and purpose, and is always open to creative solutions for recruiting, retaining, and engaging students.

Boney has a tremendous breadth of teaching skills, whether it is teaching language learning or advanced cultural and historical courses. While teaching German language to students, she seamlessly integrates subject matter to help provide linguistic and cultural context, whether it is helping students to know more about topics such as the Holocaust or the fall of the Berlin Wall.

Boney spent a year as a faculty fellow teaching two courses in UCM's Honors Program. She has also collaborated on various German studies projects with faculty members. This includes participating in events and guest lectures in other classrooms on campus, and being involved in team-teaching opportunities to help students learn more about the history and culture of Germany. She helped grow the Modern Languages' study abroad program, and has led multiple study tours. This includes the "Divided Cities" tour to Jerusalem and Berlin, a Holocaust-focused tour to Poland and Germany, and a historical connection tour to Vienna and Prague.

In addition to her work with UCM students and faculty members, Boney stays current in her field by presenting papers at national conferences and moderating panels for groups such as the international German Studies Association. She has co-edited a book and contributed a chapter in the field of German Studies. She is a consultant for the Educational Testing Service. This past year, she served on the AATG National German Exam and helped write exams for all levels of German that enables schools to rate high school proficiency.

GOVERNOR'S AWARD FOR EXCELLENCE IN EDUCATION

The Governor's Award for Excellence in Education is an annual recognition initiative established by the Missouri Coordinating Board for Higher Education. In recognizing honorees, the awards program considers criteria such as effective teaching, effective advising, innovative course design and delivery, service to the university community, commitment to high standards of excellence and success in nurturing student achievement. This year's award goes to Dr. Janice Putnam, professor emerita of Nursing and Health Studies at UCM.

Dr. Janice Putnam

Janice Putnam, Ph.D., R.N., is an experienced and inspiring nursing educator and administrator who has dedicated more than 26 years to student success at the University of Central Missouri.

Putnam retired in January 2024 as Professor Emerita of Nursing and Health Studies and is working part-time for the university after serving since 2018 as Professor of Health Studies in the School of Nutrition, Kinesiology and Psychological Science. Her service in this area was part of a higher education career at UCM that began in 1998 when she became an assistant professor of nursing. This was followed by her promotion to associate professor in 2007, which led to her service on the graduate faculty, and her promotion to Professor of Nursing in 2012.

While her dedication to nursing students and the profession has been a hallmark of her UCM experience, Putnam's leadership abilities have been utilized throughout the years. From 2010 to 2018 she served in positions such as Associate Dean of the Graduate School and Research Compliance Officer, Interim Director of the Office of Sponsored Programs and Research Integrity, and Senior Academic Policy and Research Compliance Specialist. She also spent the past four years working to revise the Health Studies program with a colleague.

Colleagues who nominated her for the Governor's Award for Excellence in Education noted Putnam's innovative approach to research and efforts to explore innovative health movements in the health profession to better prepare students for current and future careers in this field. This contributed to her recommendations to revise course names to influence student interest and represent current trends. In October 2023, she also attended a conference to gain an understanding of procedures and policies used for medical marijuana, a topic that was a good fit for her U.S. Health, Advocacy and Policy Course.

During the Spring 2023 semester, Putnam assisted in writing a grant to expand students' technological skills. This helped in the development of the Health Technology e-Health Communication (Health Tec) laboratory and studio. The goal is to use the lab to embrace an international experience similar to an Honors Colloquium she taught with Hanze University in the Netherlands.

Putnam has served in both faculty and administrative roles at UCM, and has provided service through continuous membership and leadership on a variety of university and college committees. She seeks collaboration with schools across the university and beyond. In addition to serving students, Putnam has been involved in many professional organizations for the benefit of students and the health-related programs. This includes membership in the Missouri Nurses Association, where she has chaired the Editorial Advisory Board for more than a decade. She is also a member of organizations such as the Healthcare Collaborative of Rural Missouri, Care Connections Advisory Board, Missouri Eliminate Tobacco Steering Committee, and the American Nursing Association on Boards Coalition.

THE PRESIDENTIAL MEDALLION

The University of Central Missouri's Presidential Medallion was introduced during the inauguration ceremony for UCM's 16th president Dr. Roger J. Best on April 18, 2019. Designed by staff in the Office of Integrated Marketing and Communications, the nickel silver, antique finish medallion features as the central focal piece a three-inch in diameter round medal that includes the university's academic logo with

the year of the institution's founding in 1871, and the motto "Education for Service." Other components include two 1.5-inch diameter university seals, and curved banners that are linked together and list the names of each university president who served the institution since its founding and their years of service. The medallion is to be worn at ceremonial functions including commencement ceremonies.

THE UNIVERSITY MACE

The University Mace was designed and produced for the inauguration of Dr. Ed Elliott as president in 1985.

As a historical note, maces were first used during Roman times. The first mace was a weapon-like staff, composed of a group of reeds surrounding an axe. Mace bearers would walk in front of the person in authority. Maces were later used in England, again as symbols of authority in the court systems. The staff was carried by a judge or transported for him by a mace bearer. As the American court system developed from the English courts, the mace also became a symbol of authority in America.

The University of Central Missouri's mace is made of native walnut and bronze, and is topped with a somewhat stylized flame, which, like light, stands for truth and knowledge. Beneath the flame are inlaid disks of cardinal and black, the university colors. Continuing down the mace, a large sphere is decorated with carvings of major buildings on campus. Holding the ball are simple finger-like formations, which stand for service. The reeding, or half-columns, on the mace symbolizes tradition in education and togetherness – small parts working together to support the whole. Bronze books and mortarboards with tassels are symbols of academia and education, and bronze casts of Missouri represent UCM's home state and the citizens it serves. The handle of the mace is spiraled, which denotes growth and progression. The mace, completed with a hand-rubbed oil finish, weighs approximately 14 pounds.

The base for the staff is bronze and weighs close to 20 pounds. It is adorned with centennial medallions and Missouri mules in harness, denoting the reliable, workaday university mascot.

When not used for ceremonial purposes, the mace stands in its base in the Office of the President. The University Mace is carried at ceremonial functions by the university marshal, who precedes the university president in the processional. By tradition at the University of Central Missouri, the university marshal is the president of the Faculty Senate.

The construction of the mace was a team effort. Board of Regents member Edna Mae Whitsitt contacted Rich Monson of the Art Department for design assistance. Monson developed several designs, and a committee consisting of Ophelia Gilbert, Alice Gower, Monson, Norma Van Zee, and Whitsitt, selected the design to be used. Jack Landers, faculty member in the Department of Manufacturing and Construction, built the walnut core of the mace. Monson and Richard Allman, Art Department, cast and assembled the bronze pieces. Robert Tompkins, Department of Physical Education, carved the frieze, and Joseph Albrecht, Manufacturing and Construction, fashioned a bronze stem to join a base that was cast by Monson and George Sample, Art Department. Additional assistance was provided by art faculty members Jerry Miller, Harold Reynolds and Billi Rothove.

ACADEMIC REGALIA

Academic regalia of robe and hood are believed to have had their beginnings at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carryover from the times when the monks, who operated the universities, wore them to protect their shaved heads in winter or to collect alms when worn as shoulder capes.

Use of the academic robe came to the United States in 1754 with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code of design and color for academic garb. It has undergone various revisions, the latest in 1960. Styling of robes varies for the bachelor's, master's, education specialist and doctoral degrees and the width of border and length of hood increase with the type of degree. The color of the velvet border of the

hood indicates the field of study, while the lining designates the colors of the institution granting the degree.

The gown for the bachelor's degree has pointed sleeves and is worn closed. The gown for the master's degree and the education specialist degree has an oblong sleeve, open at the wrist with the rear part of its oblong shape square cut and the front part with an arc cutaway. It may be worn open or closed.

The doctoral gown is faced with black velvet and has three bars across the bell-shaped sleeves. These facings and crossbars may be of colored velvet to represent the degree, and agree in color with the binding or edging of the hood. The tassel for the cap may be of gold thread.

SPRING 2024 UNDERGRADUATE ACADEMIC HONORS

One of the most cherished goals an undergraduate student can attain while completing the baccalaureate degree is to graduate with academic honors. To be eligible for graduation with honors a student must have earned a cumulative grade point average of 3.50 and must have completed a minimum of 30 semester hours of credit at the University of Central Missouri with a grade average of 3.50. Those with a grade point averages of 3.50 to 3.74 graduate Cum Laude; 3.75 to 3.84, Magna Cum Laude; and 3.85 and above Summa Cum Laude, based on whichever GPA is lower, their cumulative GPA or their GPA at UCM.

HONORS COLLEGE GRADUATES

Students in The Honors College engage in high-impact learning in a collegial environment that adds significant value to their academic and social experience at UCM. Specifically, Honors College students pursue a rigorous course of study that includes small-sized, honors-only general education courses and interdisciplinary colloquia. All Honors College students are also required to collaborate closely with a faculty mentor on a capstone undergraduate research or creative project in their respective areas of academic expertise. The second oldest program of its kind west of the Mississippi, UCM's Honors College program began in 1958 with just 12 students. Today's graduates of The Honors College thus become part of a long tradition of education for excellence and service at the University of Central Missouri. The Honors College graduates are:

Madison E. Baxter	Anna Maria Leonard	Abigail M. Shockley
Brittany Marie Bobbitt	Rachel Marie Maples	Rachel Danae Ninsiima Slocum
Charlotte G. Bovaird	Audrey D. Mitchell	Chloe Ann Stinson
Evelyn Marie Burden	Katherine Garnett Parker	Audrey Eileen Tabler
Megan A. Crain	Evan P. Perlinger	
Tiffany Lauren Crawford	Marisela Marcos Quetzecua	

THRIVE CERTIFICATE PROGRAM

THRIVE is an innovative, two-year certificate program designed to assist college-age students with intellectual and developmental disabilities to become independent, self-sufficient members of their community. The THRIVE acronym represents the six threads of the self-determination program: Transformation, Health, Responsibility, Independence, Vocation, and Education. The students receiving their certificates during the May 2024 commencement exercises are the 13th class to successfully complete the program at UCM. These students are:

Shayla Lyndsey Aye	Samuel Geovany Hunsinger	Brendan Keith Ogle	Jessica Elizabeth Vaughn
Chloe Lynne Lu Bennett	Parker George Liptak	Connor Austin Schlichte	Lena M. Weeks
Preston Becker Brouillet	Josephine Elizabeth Mitchell	David Alan Stark	Jake Charles Woofter
Dawson Hughes Engelbrecht	Haylee Mae Norman	Ben Willard Tripp	

RECOGNITION OF ARMY ROTC DISTINGUISHED MILITARY GRADUATES

Recognition as an ROTC Distinguished Military Graduate is an honor given only to those cadets named among the top 20 percent of individuals on the U.S. Army Cadet Command's National Order of Merit List. The command, located at Fort Knox, Kentucky, is the only authorized entity to select these commissioned officers. This achievement is also the only accomplishment that carries over for a commissioned officer into his/her professional military record and is an indicator of academic achievement to future promotions boards. The cadet's cumulative GPA, success on the Army Physical Fitness Test, a completion of the ROTC's Senior Division Advanced Course, community service, and graduation with a baccalaureate degree are considered for this honor. UCM's Distinguished Military ROTC Distinguished Graduate:

2LT Evan F. Meloy

UNIVERSITY OF CENTRAL MISSOURI ALMA MATER

Words by Mrs. Carole Grainger Gilbody, Music by Dr. William S. Stoney

UCM stands proud and noble,
Serving all who ask,
In the center of the nation
Joyful in her task;
Red and black her colors fly;
Faith and vision, dreams unite
Leading all who look for truth
To hold her honor bright,
Our beloved alma mater,
Hail to UCM.

UCM the chimes are calling,
Hear their joyful sound,
In our hearts their echoes falling,
While we gather 'round,
Striving on with purpose clear,
Loyal to the school we love,
Let us never falter
While your banner flies above,
Our beloved alma mater,
Hail to UCM.
