*Putouts and assists are not available for the 1986 season. Thus, errors are included in total chances, but not in fielding percentage. Note: Complete statistics are not available for every season prior to 1989, while some statistics are not included because of incomplete or conflicting information (i.e.: 1977 does not include the season's final nine games). The rounding of percentages and/or averages may indicate ties where none exist. Active players are not included in career percentage and/or per-game-average categories.

A two-time All-American, Mande Berg (1994-97) holds virtually every Jennies' career pitching record.
