Greetings

Welcome to the University of Central Missouri. We offer you this catalog as a way to keep you better informed about our institution and its exciting array of nationally and internationally known academic programs. We hope the catalog will also provide you with a better understanding of the many advantages of an education at UCM, and how the university can help you achieve your life’s goals.

The University of Central Missouri aspires to be a national-level, comprehensive university that delivers a world-class university education by providing a small-college environment coupled with large-university opportunities. It’s an ambitious goal, but one we are poised to accomplish.

Founded in 1871, Central Missouri today is a comprehensive institution with a statewide mission in professional applied sciences and technology. It provides more than 150 undergraduate and graduate programs of study to students who come from the United States and 51 foreign countries.

We’re proud to be a state leader in discipline-specific accreditation, and we offer a personalized classroom experience with our 16-1 student-faculty ratio. We think you’ll be impressed with the university’s beautiful 1,561-acre campus and the friendliness of the people who make this university a great place to learn and live.

While you are here, we will help you attain skills needed for lifelong success. You will not only reap the benefits of a quality education, but also leave here feeling confident that you can conquer the challenges that are awaiting you in the professional world. Here’s a sample of what you can expect from Central Missouri:

- committed, inspired faculty members focused primarily on student learning;
- campus life filled with opportunities for involvement and personal growth in a safe, beautiful environment;
- a level of competence in your chosen field of study;
- a culture of friendship and service that extends from UCM around the globe; and
- a community of successful alumni with traditions that span generations.

The University of Central Missouri is committed to providing you with an education that will benefit you long after you have earned your diploma. Thank you for choosing UCM.

Aaron M. Podolefsky, Ph.D.
University President

SECTION I

General Information, Services and Facilities

INTRODUCTION

Your Catalog
Your University of Central Missouri catalog contains a wealth of information for students and faculty members. Examine it carefully. Organized for your convenience, it has four main sections:

I. General Information, Policies and Regulations, Services and Facilities;
II. Academic Programs and Courses;
III. Appendix with Four-year Plans for Most Degrees; and
IV. University Personnel.

This catalog is a reliable guide for entering the University, reviewing available programs of study, planning a program, selecting courses, and meeting graduation requirements. If you are a student entering the University, keep this catalog. To the extent possible, the University will accept the degree requirements in it for an eight-year period. (See Section I, Date of Catalog for Checking Degree Requirements.) Since the policies and programs of the University are constantly changing, no catalog can be completely up-to-date, even when it is published. Students, therefore, should review their programs periodically with an academic adviser and with departmental advisers to allow for necessary changes.

The University
The University of Central Missouri is located in Warrensburg, a west central Missouri community of 16,350, 50 miles southeast of Kansas City at the junction of Highways 50 and 13. It is easily reached by automobile or AMTRAK.

Central Missouri has provided more than a century of service, having been founded in 1871 as the State Normal School for the Second Normal District of Missouri. Formal accreditation and continued growth led the campus to be recognized as Central Missouri State Teachers College in 1919, Central Missouri State College in 1946, Central Missouri State University in 1972 and the University of Central Missouri in 2006. UCM is an affirmative action EEO/ADA institution.

Including its airport and other special facilities, the University occupies more than 1,000 acres. It offers over 150 graduate and undergraduate programs for nearly 11,000 students. Its facilities are exceptional – not only its modern classrooms, laboratories, technical developments, and residence halls, but also its airport, Pertle Springs Park, and recreational and sports areas.

With a University motto of “Education for Service,” it is not surprising that the University’s faculty members have earned a reputation for teaching excellence, on and off campus. They have also distinguished themselves as scholars, achieving recognition in academic and professional organizations, in addressing learned societies, in performing in music and the arts, and in writing many books and journal articles.

Mission Statement
The University of Central Missouri is a comprehensive, public university dedicated to student learning and committed to service and excellence. Through a foundation in the liberal arts, professional degree programs, personalized higher education experiences and use of current technologies, UCM prepares a diverse body of students to be lifelong learners who are proficient in their fields of study, able to adapt to a changing world and contribute to the betterment of society. UCM serves as Missouri’s lead professional technology institution and is committed to acquiring, disseminating, and utilizing technology to enhance the University’s comprehensive educational mission and to enrich the lives of all Missourians. In fulfilling its mission, the University of Central Missouri:

• admits graduates of accredited high schools based on specific admission criteria, actively recruits traditionally under-represented students, and offers a strong merit-based scholarship program to attract highly capable students.
• provides a learner-centered academic environment which challenges individuals to participate actively in the educational process and empowers the faculty to excel in teaching while engaging in scholarship, research, creative activities and public service.
• offers an undergraduate foundation in the liberal arts, with an emphasis on integrating critical thinking, interaction, valuing, communication skills and technological applications into the curriculum across all disciplines.
• provides pre-professional, professional, academic and career-oriented undergraduate and graduate programs to meet the changing and technological needs of the workforce.
• provides inservice instruction for technical educators and other professionals needed to make Missouri competitive in a national and world market.
• continues its historical emphasis in preparing educators for Missouri.
• provides advanced graduate studies and research in areas of particular strength and need.
• uses assessment to improve teaching, learning, research and all university operations.
• fosters a campus community responsive to the needs of a diverse student population, provides opportunities for global awareness, and promotes an appreciation for human diversity.
• shares human and academic resources with schools, businesses, industries, and public agencies through partnerships and outreach activities.
• serves as a cultural, artistic and information center for the citizens of Missouri.

Approved by the Board of Governors, February 2003
The Central Community Creed

Choosing to become a citizen of the University of Central Missouri implies an acceptance of and willingness to contribute to the common goals and purposes of the community. The Central Community Creed outlines the principles which guide the creation and maintenance of desired community at UCM. The creed also provides a framework for individual behaviors which help build our vision.

As a member of the UCM community, I will join in building . . .

- a learning community by striving for academic and personal excellence and by promoting the value of education and lifelong learning;
- an open community by creating and maintaining effective channels of communication and by accepting and respecting individuals whose values, ideas, beliefs, and life experiences may be different from my own;
- a caring community by seeking opportunities to serve and by supporting and affirming the well-being of others;
- a just community by behaving in ways which are ethical, honest, equitable, trustworthy, civil and respectful;
- a disciplined community by seeking to understand and fulfill personal responsibilities, by upholding University guidelines and by working toward self and community betterment;
- a celebrative community by observing and honoring existing traditions and by seeking and creating opportunities to enrich and define UCM;
- a purposeful community by helping to shape and achieve the common goals of the University of Central Missouri.

The Maastricht Friendship Tower in West Park symbolizes international understanding and friendship.

ACCREDITATIONS

The University of Central Missouri is accredited by the Higher Learning Commission (HLC) a member of the North Central Association. For information about HLC Accreditation, contact The Higher Learning Commission, 30 North La Salle Street, Suite 2400, Chicago, IL 60602-2504, telephone 800-621-7440, www.ncahigherlearningcommission.org.

In addition, UCM has earned the following specialized accreditations:

- Art baccalaureates, National Association of Schools of Art and Design;
- Aviation Technology baccalaureate, Council on Aviation Accreditation;
- Business baccalaureates and graduate programs, AACSB - International;
- Chemistry baccalaureate, American Chemical Society;
- Dietetics baccalaureate, American Dietetic Association;
- Industrial Hygiene graduate and Occupational Safety and Health baccalaureate, Applied Science Accreditation Commission (ASAC) of the Accreditation Board for Engineering and Technology;
- Manufacturing and Construction baccalaureates, Electronics baccalaureate, National Association for Industrial Technology and American Council for Construction Education;
- Music baccalaureate and graduate programs, National Association of Schools of Music;
- Nursing baccalaureate and graduate programs, Commission on Collegiate Nursing Education
- Physical Education baccalaureate and graduate programs, National Association for Sport and Physical Education;
- Social Studies baccalaureate in education, National Council for the Social Studies;
- Social Work baccalaureate, Council on Social Work Education;
- Speech Pathology and Audiology master’s program, American Speech-Language-Hearing Association;
- Teacher Education baccalaureate and graduate programs, National Council for Accreditation of Teacher Education and the Missouri Department of Elementary and Secondary Education;
- Technology and Occupational Education baccalaureate, Council for Technical Teacher Education.

The University has institutional membership in:

- American Association for Higher Education
- American Association of State Colleges and Universities
- American Association of University Women
- American Council on Education
- Association for Gerontology in Higher Education
- Association of American Colleges and Universities
- Association of Governing Boards of Universities
- Center for Academic Integrity
- Council for Public Higher Education for Missouri
- Council on Undergraduate Research
- Council on Social Work Education
- Institute of International Education Membership Services
- Mid-America Intercollegiate Athletics Association
- Missouri Academy of Science
- Missouri Campus Compact
- National Collegiate Athletic Association
- National Collegiate Honors Council
- National Council for Accreditation of Teacher Education
- National Council of Educational Opportunity Associations
- North Central Association of Colleges and Schools
- The Renaissance Group
Enrollment Management

ADMISSIONS

High School Students. Students admitted to the University of Central Missouri are expected to have completed a 16-unit Missouri core curriculum requirement and either have a 21 or higher on the ACT (or SAT equivalent) or an admissions index score of 100. The index score is obtained by combining high school class percentile rank and the national percentile rank of the ACT score. Other applicants will be considered on an individual basis. All admitted students will be assessed for the purpose of placement in courses which will provide an appropriate challenge for their level of preparedness and enhance their opportunity for success.

From Other Colleges and Universities. Students who are in good standing at other regionally accredited colleges and universities may apply for admission and transfer appropriate credit. (See Transfer of Credit.)

GED Applicants. General Education Development (GED) test scores may be used as a basis for admission to the University. (See GED Applications.)

Application Fee. A non-refundable application fee of $30 must accompany the application. International students should remit $50.

University Health Policies. Students must have documentation of receipt of two doses of measles vaccine after the first birthday or other evidence of measles immunity at the time of entry. Proof of these vaccinations from a physician, a school health nurse, or a community health department is required. A current medical history is requested. (Forms are available from the University Health Center.)

Academic Preparation

Students who meet the following criteria are considered academically prepared and better able to take advantage of the opportunities available at Central Missouri: at least 16 units of college preparatory work, including these courses:

a. Four units of English with an emphasis on writing skills.
b. Three units of mathematics (Algebra I and beyond).
c. Two units of science (one must be a laboratory course in biology, physics, or chemistry).
d. Three units of social science.
e. One unit of visual/performing arts.
f. Three additional academic units selected from foreign language, mathematics, science, social science, English (language arts), speech, or debate.

How to Apply

The Office of Admissions must receive all admission applications prior to the first day of class.

During High School. Graduating high school students who wish to enter the University of Central Missouri should apply for admission early in their senior year so that the admissions process may be completed well in advance of enrollment. Each student should submit the following credentials to the Office of Admissions:

1. A completed application for admission.
2. An official transcript mailed directly from the high school to the University Office of Admissions.
3. American College Test (ACT)/SAT scores, including subscores and composite.
4. $30 application fee.

After High School. Other students who have graduated from high school but have not attended a college/university should apply as early as possible. They should submit an application, $30 application fee, and a final high school transcript.

From Other Colleges and Universities. Students who wish to transfer to Central Missouri from other regionally accredited colleges and universities should (1) submit a completed application form with $30 application fee and (2) arrange to have an official transcript sent to the Office of Admissions from each college or university previously attended. Transfer students with less than 24 hours of college credit must submit a high school transcript.

Admission requires students to be in good standing and to have a grade-point average of C (2.00). Central Missouri’s Office of Admissions will make an admission decision upon receipt of unofficial university transcript(s) and will permit enrollment for one semester. However, transfer students must provide the Office of Admissions with official transcript(s) from each university attended before being permitted to enroll in subsequent semesters.

GED Applications. Applicants should submit a completed application form with a $30 application fee, official GED test results and ACT/SAT scores. As soon as these documents are on file in the Office of Admissions, the University considers the applications on an individual basis.

Readmission. Returning students who have been out of school less than a year complete an application for readmission and follow the procedure noted above for other entering students. Students who have been out of school for one semester or longer need to submit a new application for admission to the Office of Admissions. After review of their academic records and readmission to the University, they may proceed with enrollment.
Current High School Students

Seniors. High school seniors who can meet their graduation requirements with less than a full load of classes may apply for admission to take one or more courses at Central Missouri if they can meet the following requirements:
1. Class rank in the upper half.
2. Recommendation from counselor or principal.
3. A plan for total class work not to exceed a full-time load.
4. Released time to take University classes.
The application process is the same as that for a full-time University student. (See How to Apply.)

Juniors. High school juniors may apply to take UCM classes during the summer before their senior year if (1) they rank in the upper half of their class and (2) are recommended by a counselor or principal.

NOTE: Students pursuing a high school diploma are not eligible to receive federal or state financial aid for university classes taken at Central Missouri. Before any financial aid can be authorized, all high school graduation requirements must be met and the student must be fully accepted for admission to UCM.

Visiting College Students

A student currently attending another college or university is permitted to enroll at UCM as a visiting college student. Enrollment under this status is limited to one semester per academic year. In order to apply, students must submit the application for admission along with a $30 application fee.

At the completion of the course or courses at UCM, the visiting student should request that Central Missouri’s Registrar’s Office send an official transcript to the certifying institution. Courses taken at UCM for the purpose of transfer will apply toward a degree at UCM should regular admission status to Central Missouri be desired.

NOTE: Visiting students are not eligible to receive federal or state financial aid from Central Missouri. All financial assistance for which a visiting student may be eligible is processed by the student’s home school, the college or university at which the student has been admitted to pursue a degree program.

Senior Citizens

Missouri residents who are sixty-five years of age on or before August 1 of the UCM school year may enroll for courses without tuition payment. Persons seeking this scholarship shall provide documentation of age to Central Missouri and satisfy all other necessary entrance requirements including a completed application for admission. This enrollment is for non-credit (audit) purposes and may only be used for classes located on the Warrensburg campus. This scholarship may not be utilized for any Extended Campus class offerings.

Enrollment will be allowed no sooner than five days prior to classes beginning and on a space available basis only. Contact the Office of Admissions at 660-543-4290 for further information.

Midwest Student Exchange Program

The Midwest Student Exchange Program (MSEP) is an interstate initiative established by the Midwestern Higher Education Commission to increase the educational opportunities for students in its member states. Central Missouri is an active participant. MSEP permits legal residents of Kansas, Michigan, Minnesota, Nebraska and North Dakota to enroll at Central Missouri at a reduced rate of tuition. The number of MSEP recipients is limited, however, and is based on factors such as date of admission to Central Missouri, ACT/SAT score, etc. Complete information about MSEP eligibility is available from the Office of Student Financial Assistance, Administration Building 104.

Non-Resident Fee Credit

If a nonresident student pays income tax in Missouri, or is in the legal custody of a parent who pays income tax in Missouri, a credit can be provided against the nonresident student fees normally charged to the student. For information on this credit contact the UCM Office of Student Financial Assistance.

Stateline Grant

A graduating high school or transfer student who is eligible for admission to UCM and resides in one of the following 10 Kansas counties will be permitted to pay the equivalent of in-state tuition and fees for all classes taken on the Warrensburg campus: Atchison, Bourbon, Cherokee, Crawford, Doniphan, Johnson, Leavenworth, Linn, Miami and Wyandotte.

UCM's sports facilities are among the best in the conference.
The Application Process. To apply for admission, international students file the following credentials with the Office of International Admissions.

1. A completed application form.
2. Official (or notarized) transcripts in English from each high school or college previously attended.
3. Evidence of the availability of sufficient financial support to cover all university expenses for at least one full academic year.
4. A brief statement describing educational objectives and career plans.
5. $50 application fee.

Applicants sending applications from another country should submit credentials at least three months before enrollment; those transferring from another institution in the United States, should submit credentials at least one month before enrollment.

Demonstration of English Proficiency. To provide the best opportunity for academic success and appropriate course placement, international students must submit evidence of English proficiency. Prior to enrolling in regular university courses, a satisfactory score on the TOEFL is required of all international students whose native language is not English. The acceptable TOEFL score for undergraduate placement in regular university courses is 500 paper-based or 173 computer-based, 61 Internet-based TOEFL. The TOEFL requirement is waived for applicants who have completed a minimum of 60 semester hours at an accredited college or university in the United States or who are citizens of a country whose native language is English.

International students who do not meet the minimum English proficiency requirement are not permitted to enroll in regular university classes and must participate in UCM’s Intensive English Program until the minimum TOEFL requirement is satisfied or they have successfully completed level six of the Intensive English Program. Institutional TOEFL results earned at other institutions are not valid at UCM.

During the orientation session, any international student whose native language is not English will undergo further evaluation for oral and written proficiency and, depending upon evaluation results, may be required to enroll in special classes designed to improve communication skills. The departmental initiated oral and written evaluations are waived, however, for students who present a minimum TOEFL score of 580 paper-based, 237 computer-based, or 92-93 Internet-based, or have earned a baccalaureate degree from an accredited United States college or university.

Orientation. All international students admitted to UCM for the first time are required to arrive on campus on a set date (typically 10 days prior to the first day of classes) for orientation and evaluation sessions.

Health Insurance. All international students are required to participate in the Student Health Insurance Program or provide proof of adequate health insurance from their native country.

NOTE: An international student normally does not qualify for federal or state financial assistance unless, the student has been designated an eligible non-citizen or a permanent resident by the U.S. Citizenship and Immigration Services (USCIS) of the Department of Homeland Security (DHS). Documentation verifying the student’s citizenship status may be required by the UCM Office of Student Financial Assistance to determine the student’s eligibility for financial aid.
All new students and transfer students with fewer than 24 semester hours must be placed according to university policy. Criteria used to make decisions include ACT scores (sub-scores and composite), class rank and courses previously completed. Placement decisions are made to facilitate student success. Three core components are considered: reading, writing, and mathematics. A free testing option is available if a student wishes to have a placement score reconsidered.

Students admitted without a recent ACT score (within the last five years) or with a GED score need to schedule placement examinations. Students without placement criteria will be placed into introductory math, English and reading courses. For information about planned placement, contact the Office of Assessment and Testing Services at 660-543-4919.

Placement options are listed as follows: (Note: Students may be considered on an individual basis.)

- **AE 1000**: (Introduction to College Writing) ACT English score 17 or below, class rank 50% or below
- **ENGL 1020**: (Composition I) ACT English score 18 or above and class rank 50% or above

### CREDITS

**Validated Credit.** Validated credit is also an option within the oral communication area of General Education (Public Speaking or Oral Interpretation), through the Modern Language Department (French, German or Spanish) and through the Mathematics Department. A student is able to earn transcripted college credit by demonstrating specific competencies. These tests or measurements vary by department and are free to the student.

**Transfer Credit.** Transfer credit is evaluated on the same basis used for Central Missouri students. Applicants who hold an Associate of Arts degree from an accredited Missouri two-year institution or have met the Missouri 42-hour General Education Core requirements are considered to have met Central Missouri’s requirements in General Education, Divisions I and II. Transfer students who have completed the Missouri AA or the 42-hour General Education Core must also complete additional institutional requirements in Divisions III and IV and any major specific General Education courses. Note that the State of Missouri requires certain education courses for teacher certification.

For those with degrees other than the AA or degrees from an institution outside the State of Missouri, the University reviews transcripts and accepts applicable credit toward Central Missouri graduation on a course-by-course basis. Courses taken at a two-year college will not be applicable toward upper-level-hour requirements.

For current course equivalencies as provided by academic departments, visit UCM’s web site [www.ucmo.edu/corequiv](http://www.ucmo.edu/corequiv).

**Appeal of Transfer Credit.** A student may request special consideration of transfer course work to meet degree requirements. For General Education requirements, students may submit a written appeal to the Office of Academic Advisement of their respective colleges. For major or minor requirements, the student should visit with the respective department chair to discuss possible course equivalencies or substitutions.

If a student wants to appeal the decision of the University of Central Missouri in accepting the transfer of credit from another accredited Missouri institution of higher education, an established appeal process exists. This appeal process is articulated in the publication, *Transfer of Credit From Accredited Missouri Institutions of Higher Education* and can be obtained through the Office of Admissions.

**Undergraduate Enrollment in Graduate Courses.** Graduating UCM seniors may arrange, in their final semester of undergraduate study, to take courses for graduate credit, as long as their total load does not exceed 16 hours. To do so, each student submits an application for admission to Graduate School in advance of enrollment. Upon notification of admission to Graduate School, students enroll in the usual way for either undergraduate or graduate courses.

**NOTE:** A financial aid applicant classified as a senior should be aware that only those classes taken for undergraduate credit can normally be ‘counted’ when determining the enrollment status (full-time, half-time, etc.) to qualify for federal and state financial aid. A student may not receive financial aid to pay for graduate credit hours unless the student is fully admitted by an academic department to a graduate program of study offered at UCM.

**Concurrent Credit from Other Institutions**

Students desiring extension, correspondence, examination, and/or residence credit earned from another institution while concurrently enrolled at Central Missouri should receive prior approval from the Registrar. The University reserves the right to evaluate and accept or not accept academic credits from any institution.

**Credit from Missouri Institutions**

**Educational Tours**

No more than nine semester hours of credit earned as part of tours will be acceptable toward an undergraduate degree.

**Special Credit Assessments**

The total credit earned by way of Advanced Placement Examinations (AP), College-Level Examination Program (CLEP), official certification, military service, Defense Activity for Non-Traditional Education Support (DANTES), and similar assessments will not exceed 30 semester hours for a bachelor’s degree or 15 semester hours for an associate degree. Credit by examination cannot be applied to any upper-level hour requirements. A student must be currently enrolled at the University of Central Missouri and pursuing a defined program of study in order to be considered eligible for any special credit.

The total credit earned by special credit will not exceed 30 semester hours for a bachelor’s degree or 15 semester hours for an associate degree. All special credit is subject to a $5 per hour recording fee. Students must be enrolled at the University of Central Missouri and have completed a semester to receive a transcript listing the special credit.

Students must score at or above the level established by the University to receive special credit and may only receive credits in areas for which the test score obtained was within the past 10 years and for which course equivalents have been established.

Special credit obtained from another institution is not reviewed unless an official score report is on file with Testing Services. Students who want to use special credit obtained from other institutions must first request an official score report from the test company be sent to the university. The official score report will be reviewed by the director, Testing Services, to determine eligibility for special credit at UCM.

Official scores (one sent directly from the test company to Testing Services) are to be sent to Testing Services, Ward Edwards 1114, UCM, Warrensburg, MO 64093. The test score must have been obtained within the past 10 years.

Credit by examination exams (exams administered by UCM Testing Services):

- **Advanced Placement Exams** (AP). The AP exams are available to high school students. Credit may be granted for successful performance on Advanced Placement Exams. Course equivalents for AP tests are available in a number of subject areas as determined by faculty. To order official AP test results, contact Advanced Placement Examination, PO Box 6671, Princeton, NJ 08541-6671; 888-225-5427 (609-882-4118 for TTY); [www.collegeboard.com/ap](http://www.collegeboard.com/ap).

- **International Baccalaureate Program** (IB). The IB program is available to high school students. Central Missouri recognizes the International Baccalaureate Diploma for admission purposes. Credit may be granted for successful performance on International Baccalaureate tests. Course equivalents for IB tests are available in a limited number of subject areas as determined by faculty. To order official IB test results, contact International Baccalaureate, 475 Riverside Dr., 16th Floor, New York, NY 10115; 212-696-4464; [www.IBO.org](http://www.IBO.org).

- **College Level Examination Program** (CLEP). Central Missouri is interested in knowing what knowledge a student has upon entry to the University. Credit may be granted for successful performance on the CLEP exams. Course equivalents for CLEP exams are available in a limited number of subject areas as determined by faculty. For information and/or to request an official score report contact: P. O. Box 6600, Princeton, NJ 08541-6600; 800-257-9558; [www.collegeboard.com/clep](http://www.collegeboard.com/clep).

- **Chauncey Group International - DANTES**. Central Missouri is interested in knowing what knowledge a student has upon entry to the University. Therefore, only DANTES tests taken after high school graduation are reviewed for possible credit. Credit may be granted for successful performance on DANTES tests. Course equivalents for DANTES tests are available in a limited number of subject areas as determined by faculty. To order official DANTES test results, contact The Chauncey Group International, ATTN: DSST Program/Transcript Service, 664 Rosedale Rd., Princeton, NJ 08540; 887-471-9860; [www.getcollegecredit.com](http://www.getcollegecredit.com).

- **Math-for-Credit**. Central Missouri offers two Math-for-Credit exams: MATH 1111 College Algebra and MATH 1620 Contemporary Math. These locally developed exams are similar to course finals and are available only to University of Central Missouri students. For additional information, contact Testing Services, Ward Edwards 1114, 660-543-4919; email testingservices@ucmo.edu; or visit [www.ucmo.edu/testingservices](http://www.ucmo.edu/testingservices).

- **Credit for Official Certifications**. In certain instances, academic departments will evaluate official certifications, licenses, and diplomas granted by fully accredited national and state boards and officially recognized professional organizations to determine whether or not undergraduate credit may be assigned by the Provost and Vice President for Academic Affairs toward the fulfillment of degree requirements in specific major or minor related areas. Appropriate departments of the University reserve the right to test competencies and performances in these areas and to determine the hours and the nature of the credit to be assigned, if any. All requirements as stated in the Undergraduate Catalog must be met before a degree is conferred.

- **Military Service-Related Credit**. Credits earned by service personnel in specialized training programs of the United States armed services under certain circumstances may be accepted. The guidebook published by the American Council on Education is used to determine the credit value. The Division III Personal Interaction requirement of the General Education Program may be met by veterans upon presentation of evidence of 12 months or more active military training in a U.S. service. Students who have completed six months of active military service, although not considered veterans, may meet two semester hours of the physical education requirement through presentation of appropriate evidence of their service experience. U.S. Armed Forces Military Credit is reviewed by the Registrar’s Office.
HOUSING

The University of Central Missouri requires first-year students to reside in University housing. For housing purposes, upperclass status is determined by the completion of 24 or more credit hours of course work, on-campus residence at UCM for one academic year, or the student’s being 21 years of age or older.

On-Campus Housing

The University of Central Missouri provides a variety of on-campus housing opportunities. Except for freshmen, who must receive permission to live in locations other than residence halls, on-campus housing is optional. Our accommodations attract a substantial number of upperclass students. Early application for housing is wise.

Arranging for Housing. Contact the Office of University Housing, L23 Ellis Complex, or call 660-543-4515 for applications and information. Assignments are made according to agreement date. A deposit of $100 must accompany the application. Apartments will require an additional deposit of $100 or $200 (depending on location) prior to occupancy. This deposit may be forfeited for late cancellation, damage to University property, outstanding account or other agreement violations.

Students with requests due to disability will need to provide Housing or Accessibility Services with appropriate professional verification supporting the request. Six to eight weeks notice is recommended.

Residence Halls. Residence halls are located on the east and west sides of the campus. Students may choose from a variety of housing options. Most halls are air-conditioned.

First-year students are required to live on campus. First-year students are also required to have a meal plan. Freshmen (under 21 years) are assigned to First-Year floors. These environments are carefully designed to help acclimate the new student to the UCM campus. Special staffing, educational and social activities, faculty involvement, student government, and access to a variety of campus resources create an environment where student success is emphasized.

Students with 24 or more credit hours or those over 21 years old may live in upperclass housing. Residence hall accommodations offer the student convenience, opportunities for involvement and a variety of choices. Residence hall agreements are for a full academic year. Single rooms are available at an additional cost. Meal plans for upperclass students are available, but optional.

In the residence halls, students in each pair (suite) of rooms share a private bath. Each student room has a phone jack, cable television capability and internet access. All rooms are furnished with desks, beds, mattresses, chairs, draperies, a chest of drawers and mirror. However, residents may bring additional items to make their rooms more home-like. Residents have ready access to coin-operated washers and dryers, but they must furnish their own irons and fireproof ironing boards. Mail is delivered regularly to the main desk at each residence hall. Lounge areas and recreation facilities are open to all residents. Residence hall libraries and study areas provide a quiet place for reading and study.

The University tries to honor student preferences in housing assignments. Room changes will be permitted beginning on designated dates during the first part of each semester. Housing agreements for students who do not check in are canceled after 5 p.m. on the first day of classes, unless students have made arrangements to arrive late.

Family Housing. Apartments are available for married couples with or without children and single parents with children living with them full time. These apartments are available for 12-month accommodations.

Meals. Students in first-year halls must be on a meal plan. Students may choose from a variety of meal plan options. Full-meal service is available daily. The Elliott Union provides additional on-campus dining alternatives. The food service accommodates students with special dietary needs. This service requires a doctor’s request.

Fraternities and Sororities. Members of seven sororities live in Panhellenic Hall. Similarly, the Fraternity Complex accommodates eight fraternities. Other sororities and fraternities are housed or provided Chapter Room space in South Todd Hall.

Graduate/Upperclass Residence. Special accommodations have been designated in residence halls and/or University apartments for students 21 years of age or older, for those who have completed at least four semesters, or for those enrolled in graduate school.

Twelve-Month Accommodations. Twelve-month housing accommodations are available for students seeking year-round housing.

Insurance and Safety

The Department of Public Safety and the Office of University Housing work together to provide a safe campus environment. However, the University is not responsible for loss of, or damage to, personal property. Parents and/or students are urged to arrange privately for insurance coverage of personal property.

University Conference Center

The University Conference Center is located on Anderson Street, east of the main campus. A variety of suites and rooms are available for guests of the University. For reservations, call the University Conference Center at 660-543-4034.
Nondiscrimination/Equal Opportunity Statement

The University of Central Missouri actively follows a policy of nondiscrimination with regard to age, race, color, religion, sex, national origin, sexual orientation, marital status, Vietnam Era veterans, and persons with handicaps and disabilities.

This policy applies to the awarding of student financial aid, and the recruitment, admission, housing, placement, and retention of students, faculty and staff. The University complies with the regulations implementing Title VI and Title VII of the Civil Rights Act of 1964 regarding race, color, national origin, religion and sex discrimination; Title IX of the Education Amendments Act of 1972 regarding sex discrimination; the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 regarding discrimination based on disabilities and handicaps; the Age Discrimination in Employment Act; and other state and federal laws and regulations.

Persons having inquiries concerning the University’s compliance with the regulations implementing any of the above are directed to contact the General Counsel, Administration 208, 660-543-4730, or the Director of Human Resources, Administration 101, 660-543-4255, the University of Central Missouri, Warrensburg, MO 64093. Toll-free numbers for Relay Missouri are 800-735-2966 for TTY, and 800-735-2466 for voice callers.

Institutional & Financial Information

Federal law requires institutions of higher education, including the University of Central Missouri, to inform prospective students, faculty and staff of institutional and financial information. This information is available at www.ucmo.edu/research/ir/toc.htm.

First-Year Residential Requirement Policy

I. Purpose
The purpose of the First-Year Residential Requirement Policy is to enhance each student’s educational experience and personal development.

II. Policy
First-year students are required to live in university housing. Students whose circumstances meet one of the exemptions or have changed since signing the Housing Agreement may apply for an exemption to this requirement. A list of exemptions may be obtained from the Office of University Housing. Exemptions may be granted based upon acceptable documentation submitted to the Director of University Housing.

III. Procedures
Reasons other than those listed may qualify as exemptions based on the determination and at the discretion of the Director of University Housing. The Vice President for Student Affairs shall review appeals of these determinations and the decision upon any such appeal is a final action.

The price of a residence hall room includes local phone service, cable service, Internet access, and utilities. A room comes furnished with two twin beds, one dresser, two desks, two chairs, and a trash can.

UCM enjoys a student population that is 8 percent multicultural and 4 percent international. Last year students from 44 states and 59 foreign countries attended Central Missouri.
COSTS

Fees and Expenses

Housing, food service, and instructional fees are assessed for payment prior to the beginning of the semester. Rates are set by action of the Board of Governors and are subject to change. Information regarding rate changes is available from the Office of Student Accounts or by visiting www.ucmo.edu/revenue.

Supplemental Course Costs

Certain specific courses and programs require supplementary fees, materials, supplies, and activities at additional expense to the student.

Determination of Missouri Residency for Fee Purposes

The Missouri Department of Higher Education has issued regulations to be applied by Missouri universities to determine the resident status of students. This regulation is available at 6 Code of State Regulations 10-3.010. The burden of proof in establishing residency rests with the student. Students who are legal minors or tax-dependents whose parents reside outside the State of Missouri are not eligible for resident fee paying status. One can be classified as a resident for fee purposes immediately upon moving to the state if the move is to accept full-time employment (or if one is the dependent of someone who came to Missouri to accept full-time employment.) In other situations continuous domiciliary presence in the state for 12 months must be proven AND sufficient proof of intent to be domiciled in Missouri permanently must be provided.

Residency is determined by each educational institution and residency for attendance at a community college or obtaining a driver’s license or serving in the Missouri Guard will not necessarily mean a residency determination for fee purposes.

Applications and additional information is available for prospective students in the Admissions Office, for undergraduates in the Registrar’s Office and for graduate students in the Graduate School Office.

Financial Responsibility

Students have the primary responsibility for paying all charges incurred due to class enrollment, room and board choices, departmental charges and fines. Payment for a semester’s cost is due in full approximately ten (10) days before the semester begins. Full payment dates are published in the Student Planner/Handbook, on the Office of Student Accounts web site and on the student billing statement. Non-payment of charges or failure to make payment arrangements by the due date will result in classes being dropped. Late payment fees are added to the student bill each month that payment is not made when due. Collection costs are assessed if collection action becomes necessary. For additional information regarding the payment of student accounts, visit www.ucmo.edu/revenue.

Refund Policy

Reduced Load. Refunds of instructional fees for student-initiated reduction in class load will not be processed until after the fourth week of classes. The following schedule for such refunds will apply for semester hours dropped:

- First week of classes: full refund.
- Second week of classes: 50%.
- Third week of classes: 25%

No refund of instructional fees will be made for student-initiated reduction in class load after the third week.

If a fee amount would be reduced due to load changes caused by failure of classes to materialize or class cancellation by the University, a full refund for that class will be made.

NOTE: A federal financial aid recipient who drops to less than half-time enrollment status should be aware that depending on his/her class attendance records, some or all of the assistance credited to the student’s UCM account for the semester may have to be reversed.

Withdrawal. Students who find it necessary to withdraw from UCM should initiate the procedure in the Office of Student Affairs. The following refund schedule for instructional fees applies to students who are not financial aid recipients.

- Withdrawal prior to the announced deadline for full payment of all charges for the current semester: full refund.
- Withdrawal during second week of classes: 50%
- Withdrawal during third week of classes: 25%

No instructional fees are refundable if the student withdraws after the third week of classes.

NOTE: In accordance with federal regulations, a financial aid recipient who officially or unofficially withdraws from UCM will be required to repay some or all of the grant and loan assistance credited to his or her UCM account, based on the date of withdrawal and last date of class attendance for the semester. A copy of the withdrawal policy is available from the UCM Office of Student Financial Assistance, Administration 104.

Refund Appeal. A student who believes that a refund greater than the established schedule should be issued may submit a written request to the Office of Student Affairs for complete withdrawals and to their college Office of Academic Advisement for reduced load appeals. The reasons and unusual circumstances believed to justify a larger refund must be outlined in the written request. All requests for refunds must be submitted within two weeks of the end of the semester for which the fees were paid.
Financial Assistance

To help an individual reach his or her educational goals, the University of Central Missouri offers a variety of federal and state grant, loan, and employment assistance, much of which is awarded on the basis of a student’s calculated financial need.

The Office of Student Financial Assistance annually processes over $45 million in assistance to nearly two-thirds of the students who attend Central Missouri. Each student’s family and economic situation is recognized as unique, and every financial aid application is examined on an individual basis. The number of applications for financial aid, however, almost always exceeds the total amount of assistance available. Therefore, it is very important for each applicant to:

- apply on-time (by April 1) each year
- comply with all financial aid instructions, policies, and requests for follow-up information and documents
- contact the Office of Student Financial Assistance with any questions or concerns:
  In person - Administration 104
  Telephone - 660-543-4040
  Fax - 660-543-8080
  Email - finaid@ucmo.edu

Federal and state financial assistance may be used to help pay direct educational expenses, such as fees, books/supplies, and housing/meal plan charges, as well as variable living costs, such as off-campus housing, food, transportation, child care, and other personal costs related to attending UCM. In accordance with federal and state regulations, the responsibility for meeting these costs lies primarily with the student and his or her family. However, financial aid from one or more of the following programs can be awarded to supplement the family’s financial contribution.

Types of Financial Aid

Grants (Federal Pell Grant, Supplemental Educational Opportunity Grant, and several state programs) are types of aid/assistance that do not have to be repaid.

Loans (Federal Stafford Loan, Perkins Loan and several state programs) are types of aid that must be repaid, but normally not until after the student graduates, withdraws, or drops to less than half-time enrollment status.

Employment (Federal Work-Study) assistance enables a student to earn a portion of his or her educational resources through part-time work on-campus and off-campus. Information about available Federal Work-Study positions, as well as University funded student employee positions, are available at the UCM Office of Career Services, Elliott Union 302.

How to Apply

To apply for the above types of federal and state financial aid, a student must submit a Free Application for Federal Student Aid (FAFSA). A student files the FAFSA online, using FAFSA-on-the-Web, at www.fafsa.ed.gov. There is no charge to apply.

After submitting the FAFSA, a financial aid applicant may be required to provide supporting documents or clarifying information to the UCM Office of Student Financial Assistance. If required to do so, the applicant will be contacted by UCM, and should respond promptly.

Financial Need

A student’s calculated need for federal and state financial assistance is determined by a careful analysis of the results of the applicant’s FAFSA data. Once this calculation has been completed, one or more types of financial aid are awarded to help meet the individual’s level of need. The student is then notified of his/her award package, which appears at the university portal, www.ucmo.edu/portal. The notification process begins each spring for UCM’s earliest applicants and continues throughout the year.

Scholarships

Nearly $5 million in merit-based scholarship aid is awarded annually to students who demonstrate academic excellence, leadership, special talents, or potential in a specific field of study. UCM also offers scholarships to children of Central Missouri alumni and other special groups.

To be considered for an undergraduate scholarship, a student must:

1. be admitted to UCM,
2. meet minimum qualifying criteria,
3. not be on academic probation,
4. be a full-time enrolled undergraduate student (12 or more credit hours). A scholarship recipient may enroll for less than 12 hours and be considered to receive a proportional amount of an award under the following conditions:
   • be enrolled in a UCM-approved internship or be student teaching, or
   • be a last-semester senior completing a bachelor’s degree program
5. earn a minimum of 12 undergraduate hours per semester at UCM.

If a student is the recipient of more than one University of Central Missouri or State of Missouri scholarship, the combined total may not exceed the cost of education at UCM. Scholarships may also be adjusted or canceled if the recipient fraudulently misrepresents any information on a UCM application or engages in serious misconduct which warrants substantial disciplinary penalty. For information about scholarships associated with specific majors, students should contact the academic department offering the major. For general undergraduate merit scholarship information, visit www.ucmo.edu/scholarships or the UCM Office of Student Financial Assistance.

Other Assistance

Financial assistance other than federal aid is also available from the University of Central Missouri. Many scholarships from a wide variety of sources are awarded each year to undergraduate and graduate students. Information and applications may be obtained from the Office of Student Financial Assistance, Administration 104. The State of Missouri also offers grant and loan programs to eligible undergraduate students. Students initiate the application process for these opportunities by submitting the FAFSA online at www.fafsa.ed.gov. Financial aid recipients should be aware, however, that receiving ‘external’ types of financial aid or educational benefits can result in an adjustment to the federal aid that may have already been awarded and/or disbursed.
Satisfactory Academic Progress

Federal regulations require that every student who wishes to continue receiving federal financial aid (after having completed at least one semester at UCM) must maintain satisfactory academic progress toward the completion of his or her degree or certification program. Satisfactory academic progress for federal financial aid purposes is defined as successfully completing at least two-thirds of the credit hours attempted during a school year. In addition, undergraduate students with 60 or more credit hours must maintain at least a 2.00 cumulative grade-point average to remain eligible for federal assistance. Students should be aware that certain state financial assistance programs require a recipient to maintain different standards of satisfactory academic progress.

Short-Term Loans

The University of Central Missouri realizes that many students are dependent upon federal financial assistance to satisfy the costs of attending UCM. However, it is important to have some money on hand when starting classes each semester to help pay incidental costs during the first few weeks of classes. If an emergency arises, a student can apply for short-term loan funds at the Office of Student Financial Assistance, Administration 104. This assistance must normally be repaid within 60 days. A service charge of $10 is levied to borrow from the UCM short-term loan fund.

Veteran Services

The UCM Veteran Services Office assists more than 450 students annually. This office is located in Administration 104 and acts as a liaison between students requiring veteran services and the Veterans Administration offices in St. Louis and Kansas City.

Support is provided to students enrolled at Central Missouri who are in the Military Reserve/National Guard (Chapter 1606), on active duty or no longer in the military but eligible for VA educational benefits (Chapter 30), Veterans Vocational Rehabilitation students (Chapter 31), dependents of military personnel (Chapter 35), and personnel who contributed to the Veterans Educational Assistance Program (Chapter 32).

For information and assistance in completing and maintaining the proper documents to receive VA benefits, a student should contact the Veteran Services Office in person, by telephone 660-543-4983 or email finaid@ucmo.edu.
STANDARDS AND REGULATIONS CONCERNING UNDERGRADUATE STUDENTS

Philosophy of Academic Standards
To maintain standards which foster an atmosphere of academic excellence:
Central Missouri admits individuals who have demonstrated a potential for successful academic achievement in a university community. Admission follows a policy of nondiscrimination with regard to age, race, color, religion, sex, national origin, sexual orientation, marital status, Vietnam Era veterans, and persons with handicaps and disabilities.
Central Missouri retains students who, through periodic University-administered assessment and evaluation, meet or exceed established University academic standards.
Central Missouri grants degrees to students who fulfill prescribed program requirements and meet or exceed the minimum academic standards established by the University and the State of Missouri.
Central Missouri assesses former students to determine to what extent the university experience has helped them attain an intellectual orientation by which they can develop, throughout their lifetimes, the capacity for self improvement, career achievement, and responsible living in a free society.

Student Responsibility
Central Missouri, through action of the faculty, administration, and Board of Governors, establishes and maintains requirements for its various degrees. These requirements must be completed before a degree is granted. The staff of the University will assist students in understanding and meeting these requirements, but the individual student ultimately is responsible for fulfilling them. Therefore, it is important for each student to be familiar with the requirements pertaining to the degree being sought and to remain currently informed throughout the period of enrollment. The academic advisers, Registrar and faculty can be of assistance in this process.

Academic Load
The normal load per semester for an undergraduate student is 15 or 16 semester hours. A full-time undergraduate student is one pursuing 12 or more semester hours of work per semester or nine semester hours in the summer session. The maximum academic load is 18 semester hours; however, upperclass students in good academic standing may enroll for as many as 19 semester hours without special permission. Freshmen and sophomores desiring to exceed 18 semester hours must have an application for overload approved. Such application should be initiated with the Director of Academic Advisement if there is not a declared major or with the appropriate department chair if a major has been declared. Students on academic probation may not enroll in more than 15 semester hours during any semester of academic probation.

If students are enrolled for course work at other institutions of higher education while concurrently enrolled at Central Missouri, the total number of semester hours taken in any enrollment period may not exceed the maximum specified for a full-time, resident student at Central Missouri.

Summer Course Load Policy
Maximum course loads for summer are six hours during a three-week session and 12 hours for the entire summer semester. Undergraduate students may enroll for more than 12 hours with the approval of the department chair.

Academic Standards
Grading System. The grading system used in evaluating a student’s work is as follows:
A – Work of marked excellence.
B – Work of superior quality.
C – Work of average quality.
D – Work of inferior quality.
F – Failure to do work of passing quality.
NC – No credit granted for course.
P – Work of passing quality in a-Pass/Fail Course.
U – Course not completed for justifiable reasons.
W – Course dropped during withdrawal period.*
WP – Work was of passing quality at time of approved withdrawal.*
WF – Work was of failing quality at time of approved withdrawal.*

* For more information about the grading system, refer to the section Changes in Schedules, and either the Calendar in this catalog or the Student Planner/Handbook.
Unfinished Work. An instructor may report a semester grade of U when, for justifiable reasons, the student has not completed the work of the course. During the next semester (Fall, Spring or Summer) the U becomes an F unless the requirements of the course have been satisfactorily completed or the course is of an individualized nature, e.g., thesis, research report, or similar investigation. A student having more than one U grade is expected to reduce his/her course load accordingly in order to complete the unfinished work. It is the student's responsibility to contact his/her instructor concerning the removal of the U grade.

Grade Requirements for Acceptance Into Programs. In addition to the general requirements applicable to all areas, several academic programs specify special qualitative grade standards. For example, a cumulative average of 2.50 is necessary after taking specified courses in order to be admitted to the Teacher Education Program and the Nursing Program, and a cumulative average of 2.25 is necessary after taking specified courses to be admitted to B.S. in Business Administration degree programs in the Harmon College of Business Administration. Such special standards are listed under the major programs.

The Pass/Fail Program. The primary objective of the Pass/Fail opportunity is to encourage students to experience courses they normally might avoid because of lack of confidence or initial competence. Courses taken for Pass/Fail must satisfy one of the following three criteria and procedures:

1. An undergraduate student may choose to take any free elective for Pass/Fail credit. A free elective is a course which is not a requirement or elective for the student's major or minor and is not used to satisfy General Education requirements. A student must designate the course or courses to be taken Pass/Fail by the end of the fifth week of classes. A course designated as Pass/Fail may not be changed to a graded course after that date. Instructors will not be informed that a student is taking a course for Pass/Fail credit. Students who earn an A, B, C or D will have a P (Pass) recorded on their transcripts and the grade will not be calculated in the grade-point averages. Students who fail will have an F (Fail) recorded on their transcripts and the F will be calculated in their grade-point averages. In cases of academic dishonesty, an academic F may be recorded at the discretion of the instructor. A student may elect to count a maximum of nine such Pass/Fail semester credits toward graduation requirements.

2. A department may elect to offer an internship or practicum for Pass/Fail credit only. A student will either have a P (Pass) or an F (Fail) recorded on the transcript. A P (Pass) will not be calculated in the student's grade-point average while an F (Fail) will. Courses that are offered only for Pass/Fail credit must be so designated in this catalog.

3. Students who plan to study at an institution outside the U.S. may elect to have all or none of the courses completed abroad count as Pass/Fail credit. If they elect to take these courses for Pass/Fail credit, they must provide written notification to the Executive Director of International Programs before beginning study abroad. A student who earns an A, B, C or D will have a P (Pass) recorded on the transcript and the grade will not be calculated in the student's grade-point average. A student who fails will have an F (Fail) grade recorded on the transcript, and the F will be calculated in the grade-point average. This policy does not apply to study tours sponsored or recognized by Central Missouri.

Audit Courses. A student may audit a class for no grade and no credit. Acceptable performance, attitude and attendance as determined by the instructor in charge are expected. Regular fees and enrollment procedures are required. Courses taken as an audit must be so designated prior to the final date for changing class schedules as announced in the official calendar. Audited classes do not fulfill requirements for load consideration, nor do they count as part of a student's enrollment status for receiving federal or state financial aid, or VA educational benefits.

Computation of Grade Average. In order to compute the cumulative grade-point average, total honor points earned are divided by total hours attempted. Each semester hour is assigned a grade-point value as indicated below:

1. Each semester hour of A is assigned 4 honor points.
2. Each semester hour of B is assigned 3 honor points.
3. Each semester hour of C is assigned 2 honor points.
4. Each semester hour of D is assigned 1 honor point.
5. Each semester hour of F or WF is assigned 0 honor points.
6. Each semester hour of P, W, WP, or NC is not considered.
7. Each semester hour of U is not considered until complete.

Repeat Enrollment in Courses. A student receiving a grade lower than B in an undergraduate course may repeat the course at UCM. The higher of the two grades will be utilized in computing the cumulative grade-point average; however, the lower grade will remain as a matter of transcript record. This process is NOT AUTOMATIC AND WILL BE INITIATED ONLY UPON A STUDENT'S REQUEST and a subsequent review by the Registrar's Office.

The following specific stipulations apply to the above repeat enrollment policy:

1. Courses taken at another institution and subsequently repeated at the same institution are transferred using the same rules applicable for Central Missouri courses which have been repeated. Courses taken at another institution and repeated at Central Missouri with a passing grade use the same rules applicable for Central Missouri courses which have been repeated. Courses taken at Central Missouri and then repeated at another institution will have the grades averaged.

2. A course may be taken more than twice only if a grade of F has been earned both times unless departmental requirements stipulate otherwise.

3. If two consecutive grades of D are earned, or if two consecutive grades of F are earned, only the second will be used in computing the cumulative grade average.

4. If it becomes necessary for a course to be taken a third time, the second F will not be discounted but will be averaged into the cumulative grade average.

5. A course may not be repeated for the purpose of raising a grade average if a more advanced course in a sequence has been completed.

6. Repeating a course under the Pass/Fail option will not negate the initial grade received.

7. Credit hours for repeated courses will be counted only once in the number of course hours earned toward a degree.

Dean’s List. To be eligible for the Dean’s List, a student must be an undergraduate who earns 12 or more semester hours of residence credit with a grade-point average for the semester of 3.50 or above.

Students in Good Standing. Central Missouri students are in good standing if eligible to enroll for classes.
Academic Probation. A student whose Central Missouri or cumulative GPA or total UCM GPA drops below 2.00 will be placed on academic probation. A transfer student will be placed on academic probation at the time of admission if his/her cumulative GPA is less than 2.00. Students placed on academic probation may continue to enroll in classes. Students are encouraged to seek advice from their college Office of Academic Advisement about future enrollments. Students on academic probation may not enroll in more than 15 semester hours during any semester of academic probation.

Removal From Probation. A student placed on academic probation will be continued on probation until both the total UCM GPA and the cumulative GPA are 2.00 or higher, unless for academic reasons he/she is suspended or dismissed. When a student on academic probation raises both their UCM GPA and their cumulative GPA to 2.00 or above, the student is removed from probation. Transfer credit may not be used to raise a total UCM GPA.

Academic Suspension. A student on academic probation will be suspended from Central Missouri at the conclusion of his/her next semester/enrollment period if his/her semester/enrollment period GPA is less than 2.00. A transfer student who was admitted on probation will be suspended from Central Missouri at the conclusion of his/her first semester/enrollment period if his/her semester/enrollment period GPA is less than 2.00. Academic suspension is for a period of one full semester, after which, students may apply for readmission.

Academic Dismissal. A student who has been suspended and later readmitted and continued on probation but does not achieve a semester GPA of 2.00 or higher in a subsequent semester/enrollment period will be dismissed. Academic dismissal is for a period of one calendar year, after which, a student may apply for readmission.

Readmission. The readmission of students who have been suspended or dismissed from Central Missouri is not automatic. Such students may apply for readmission as follows:

1. Students who have been suspended may apply for readmission after one semester excluding Summer Session. Students who have been dismissed may apply for readmission after one calendar year. Requests for readmission should be sent to UCM’s Office of Admissions.

2. A student with extenuating circumstances who has been suspended or dismissed may apply for immediate (or early) readmission. A letter should be written to UCM’s Office of Admissions. This letter should include (1) a request for readmission, (2) an explanation of any extenuating circumstances for earlier poor performance, and (3) an explanation of activities and plans which may lead to improved scholastic performance at UCM. Other substantiating evidence may also be submitted.

Course Prerequisites. A student is expected to have satisfied prerequisites required of any course in which he/she is enrolled. Students without prerequisites should not enroll in these classes and may be dropped from the class rolls if they do enroll. A student will not be allowed to enroll in a course that is a prerequisite to a course he/she has already successfully completed with a grade of C or better, except as an audit enrollment.

Class Attendance. Students are expected to attend all lectures, seminars, laboratories, and field work for each registered class and to complete all work assigned by the instructor for the course. Advance arrangements for unavoidable absences should be made with the instructor whenever possible. Neither absence nor notification of absence relieves the student of the responsibility for meeting all course requirements.

The only arrangements at UCM whereby a student may enroll and receive credit while not actively in class attendance are those under the direct and regular supervision of a UCM faculty member assigned to a student who has enrolled for a readings, thesis, special problems or a similar arranged course.

Make-up of course requirements missed because of extenuating circumstances shall be worked out between the instructor and the student upon the student’s initiative. Instructors are required to allow for such make-up when a student is absent because of participation in approved University activities, University programs (that the student is required to attend) or when absence is required by order of a qualified physician. A student must contact his/her instructor on the first day the student returns to class. The instructor may have special attendance/requirement policies for particular classes, whenever those policies are not in conflict with the student’s right to make up missed requirements as described above.

When absent for three consecutive days or more, a student may ask the Office of Student Affairs to send an informational note to his/her instructors; however, excused absences may only be granted by the instructor of the class.

The Student Health Center does not provide medical excuses to students for the purpose of being excused from class. The only medical excuse provided will be for those students who have a physical disability and cannot participate in a class activity. This excuse will be for the activity only and not from attending the class.

An enrolled financial aid recipient who fails to attend classes (or stops attending) may be required to repay some or all of the assistance credited to his/her UCM account for the semester.

Changes in Schedules. Changes in class schedules should be made during the Drop and Add period (first five class days of the semester). Such changes will not be entered on the permanent record. Courses may not be added after the initial Drop and Add period.

During the Withdrawal period (second week through the tenth week), a student may withdraw from any full-semester class using the self-enrollment system. Students may wish to consult with an academic adviser and/or the course instructor prior to withdrawal. A grade of W is recorded as the final grade. Exception to this will be effected in the event that a failing grade is given for cause such as academic dishonesty. In this instance, a WF will be recorded. After the tenth week of the semester, withdrawal from a class is normally not allowed. In enrollment periods other than a semester, withdrawal from classes is not permitted during the last one-third of the period.

WITHDRAWAL FROM THE UNIVERSITY. Students who leave the University must officially withdraw through the Office of Student Affairs. In the event that a student fails to initiate this process, his/her withdrawal is not considered complete and grades of F will be recorded for failure to attend classes. Withdrawal during the last five weeks of a semester while receiving a failing grade in a course will result in the recording of a WF on the permanent record. Regulations governing credit for room and board payments are found in the housing contract. (See Refund Policy for information on the credit of fees.) A financial aid recipient who officially or unofficially withdraws from UCM will be required to repay some or all of the grant and loan assistance credited to his or her UCM account, based on the date of withdrawal and last date of attendance for the semester.
REGULATIONS APPLYING TO UNDERGRADUATE DEGREES

Course Numbers
The courses offered on the undergraduate level are divided into five categories.

In general, the following may be considered as guidelines:
- **0000** level courses are primarily for skills development and are not used to satisfy degree requirements.
- **1000** level courses are primarily for freshmen students.
- **2000** level courses are primarily for sophomore students and those students with essential prerequisites or backgrounds.
- **3000** level courses are primarily for junior students and those students with essential prerequisites or backgrounds.
- **4000** level courses are primarily for senior students and those students with essential prerequisites or backgrounds.

Graduate level courses cannot be applied to the undergraduate degree programs.

Classification of Students
Freshmen are defined as those students who have completed zero through 29.5 semester hours of college credit. Sophomores are those who have completed 30 through 59.5 semester hours. Juniors must have completed 60 through 89.5 semester hours. Seniors are defined as all students who have completed more than 89.5 semester hours.

Upper-level Credit
Candidates for bachelor’s degrees must satisfactorily complete a minimum of 40 semester hours of upper-level work (3000 and 4000 level courses) excluding special credit. Twelve upper-level hours must be in the major subject. Each baccalaureate degree candidate must have earned upper-level course work at UCM in their major and their minor.

Degree Audit Reporting System (DARS)
The Degree Audit Reporting System (DARS) produces a report form that reflects a student’s degree requirements in a given catalog year, applicable transfer credit and progress toward graduation. This report also designates the number of credit hours earned, both cumulative and Central Missouri’s grade-point average, and a listing of courses completed. Deviations from the major or minor requirements must be approved in writing by the department chair and submitted to the Office of the Registrar to be reflected on the DARS. A student may access this report online or request it at any time from the Office of Academic Advisement.

Grade-point Average
In order to receive a degree, a student must earn a minimum grade-point average of 2.00 (C) in each of the following areas unless otherwise noted for the major/program:
1. All work attempted at Central Missouri and on all work attempted.
2. All work taken to satisfy major requirements at Central Missouri and on all major work attempted at all colleges and universities attended.
3. All work taken to satisfy minor requirements at Central Missouri and on all minor work attempted at all colleges and universities attended.
4. All courses bearing the prefix of the major attempted at Central Missouri and at all colleges and universities attended.

5. All courses bearing the prefix of the minor attempted at Central Missouri and at all colleges and universities attended.

Each student must review the degree program for all minimum GPA requirements. For example, for teacher certification degree programs minimum cumulative grade-point averages of 2.50 are required. For B.S.B.A. degree programs, a minimum cumulative grade-point average of 2.25 based upon total hours attempted is required.

Grade Appeals
Students appealing a grade have one calendar year from the time the grade was issued to appeal any grade changes. These appeals should be directed to the instructor who taught the course in question. Please refer to the current Grade Appeal Procedure in the UCM Planner-Handbook for information regarding this procedure.

Amendment of Education Records
1. If a student believes the education records relating to the student contain information that is inaccurate, misleading, or in violation of the student’s rights of privacy, he or she may ask the University to amend the record by contacting the University Registrar.
2. The University shall decide whether or not to amend the record as requested within a reasonable time after the request is received.
3. If the University decides not to amend the record as requested, the University Registrar shall inform the student of its decision and of his or her right to a hearing under the Family Educational Rights and Privacy Act.

NOTE: The Amendment of Education Records is NOT the process used for a grade appeal. Please refer to the current Academic Appeal Procedure in the UCM Planner-Handbook for information regarding this procedure.

Graduation with Honors
To be eligible for graduation with honors a student must have earned both cumulative and Central Missouri grade averages of 3.50 and must have completed a minimum of 30 semester hours of credit at UCM. Those with a cumulative and Central Missouri grade average of 3.50 to 3.74 graduate Cum Laude; 3.75 to 3.84, Magna Cum Laude; and 3.85 and above, Summa Cum Laude. Should the Central Missouri and cumulative GPAs be in different categories, the lower designation of honors will be recognized.

Residence
A candidate for any bachelor’s degree must have earned at least 40 semester hours of junior/senior level coursework at an accredited senior institution of which at least 30 of those hours must be completed at Central Missouri. Fifty percent of the major and minor coursework must be completed through UCM. The last 12 semester hours required for the degree must have been earned at UCM.

For an associate degree, the student must earn at least 20 semester hours with Central Missouri, with the last 12 semester hours completed at Central Missouri.
State Requirement
Section 170.011 RSMo prescribes that all candidates for a degree issued by the colleges and universities in Missouri must have completed courses of instruction in and “satisfactorily passed an examination on the provisions and principles of the Constitution of the United States and of the State of Missouri, and in American history, including the study of American institutions.”

Students may comply with the law (1) by completing courses embracing the subject matter specified by the law and receiving credit therein, preferably before admission to upper-level work, or (2) by certification of the completion of such requirements at another Missouri collegiate institution.

Students in the following categories will have fulfilled the requirements of this law.
1. All UCM majors in the social studies.
2. All students who have taken HIST 1350, HIST 1351, or POLS 1510 in Division II, Area B, of the General Education Program.

Additional information about types of credits accepted at Central Missouri appears on pages 8-9 of this catalog.

Date of Catalog for Checking Degree Requirements
Students are always subject to current administrative, academic and general policies and regulations. The 2007 Undergraduate Catalog becomes effective Fall 2007.

In most instances a candidate may use as a basis for degree requirements the Undergraduate Catalog issued for any year following the date of his/her first enrollment in the University so long as it is dated not more than eight years prior to the date the degree is conferred. A student must earn academic credit at UCM during the year of the catalog chosen or have attended consecutive semesters at another institution of higher education. UCM follows the catalog agreement described in Policies and Procedures for the Review of Academic Program Proposals: New Academic Programs, Off-Site Delivery of Existing Programs and Program Changes (Missouri CBHE, April 1997). However, the University reserves the right to add, change, delete, and interpret policies at any time and to require these be met by those seeking degree candidacy and/or conferral.

Choice of Degrees
Upon application for a degree program, a student may pursue a second degree different from that of the initial degree granted. Two identical degrees are not permitted. A second degree requires a minimum of 30 additional semester hours beyond the requirements of the first degree. Each degree must meet all degree requirements including:
1. a functional major
2. a major and minor
3. multiple majors.
Majors and minors must be unique to each degree.

Application for Degrees
An application for each undergraduate degree to be awarded must be made in the Registrar’s Office. Such applications must be received by the Registrar not fewer than 30 days before the date the degree is to be conferred. Reports showing satisfactory completion of all degree requirements must have been received by the Registrar not fewer than 48 hours before the commencement exercises are scheduled to begin.

Final Examinations
Final examinations are given at the end of each semester according to an announced schedule. Permission to take an examination out of scheduled hours is granted only in special cases, with the approval of the instructor of the class and the Vice President for Student Affairs. A fee of $10 per final is charged for rescheduling of final examinations. Any student who has three final examinations scheduled on any one day may request permission to move one of the examinations to another day during the final examination period. There is no charge for this, but approvals must be secured as described above. Resolution of conflicting examination schedules, as well as arranging make-up examinations, must be made with class instructors.

Final Grades and Transcripts
Final grades can be reviewed online via Central Missouri’s web site, www.ucmo.edu, or by calling 660-543-8888. A student number and pin number is required. Transcripts are furnished by the Registrar’s Office.

Field Trips
At times, field trips are planned in conjunction with course assignments. Students in classes for which such trips are planned are to be given sufficient advance notice to make necessary arrangements for absence from the campus. Field trips are not scheduled during final examination periods nor can they be required by an instructor. Work missed in other classes may be made up, although instructors are not required to provide tutoring. All arrangements are subject to the limitations of University liability coverage.

When transportation is provided for the class, faculty may arrange for wheelchair accessible transportation by contacting Accessibility Services.

Family Educational Rights and Privacy Act
Central Missouri adheres to the federal Family Educational Rights and Privacy Act (FERPA). Copies of the full policy implementing the FERPA may be obtained from the Office of the Vice President for Student Affairs.

Assessment
All students are required to participate in the University’s assessment program.

Degree Revocation Policy
I. Purpose
The purpose of the degree revocation policy is to describe the conditions under which a degree granted by UCM may be revoked.

II. Policy
It is the policy of the University of Central Missouri that a degree may be revoked when it is demonstrated by clear and convincing evidence that:
• A degree had been erroneously conferred when all requirements had not been satisfied at the time the degree was granted.
• A degree had been erroneously conferred as a result of an act of academic dishonesty.
III. Procedures

The President of the University is charged with developing procedures to implement this degree revocation policy. The President of the University, the Provost and the faculty will develop such procedures including the appropriate levels of procedural due process extended to the degree recipient.

Unauthorized Persons in Classrooms

Persons who are not officially enrolled in a course may not attend a class session without the prior consent of the instructor. Persons bringing children on campus are responsible for their supervision and any inappropriate behavior.

Vehicles on Campus

Because parking space is limited, the University asks that students who can arrange other transportation not bring vehicles to campus. To park in student lots, students may buy parking permits at Parking Services (306 Broad Street). However, parking permits are limited by the number of parking spaces and may not be available for purchase. Handicap parking permits are available at the standard student rate when medical verification is presented to Parking Services or Accessibility Services, Elliott Union 220.

Students may get complete information on parking and operating motor vehicles on campus by picking up a copy of the University of Central Missouri Parking and Traffic Regulations at Parking Services, or contacting Parking Services at parking@ucmo.edu or toll free at 800-873-8577.

Alcohol and Other Substances

The University has established and is committed to enforcing clear policies that promote an educational environment free from the abuse of alcohol and other substances.

The University complies with federal regulations that require alcohol and drug testing for safety sensitive positions. The University expects students, employees, visitors, and organizations to adhere to state statutes prohibiting individuals under the age of 21 from drinking or having alcohol in their possession. Drinking or possession of alcoholic beverages is prohibited in university buildings and residence halls except in those places where an explicit exception has been granted.

The university also expects students, employees and visitors to comply with laws that prohibit the possession, use, distribution and sale of alcohol and illicit drugs.

Anyone found to be in violation of such laws shall be subject to all applicable criminal penalties, as well as disciplinary action in accordance with applicable policies of the University of Central Missouri.

Students under the age of 21 are reminded it is unlawful to use fictitious identification for purchasing alcohol. Health risks associated with the use of illicit drugs and alcohol include, but are not limited to, addiction, accidents as a result of impaired judgment and ability, overdose, damage to internal organs or a developing fetus and unpredictable or violent behavior. Resources for assistance with alcohol or drug-related problems include Counseling and Psychological Services, University Health Services, Employee Assistance Program and a variety of community and regional referral services.

For more information call 660-543-4060 or 660-543-4770.
A college education is more than what happens in the classroom. At UCM, students are encouraged to participate in a variety of activities outside of the classroom that create a well-rounded educational experience. Getting involved on campus gives students the opportunity to develop interpersonal and leadership skills that will serve them throughout their lives.

**Campus Activities**

From participating in Campus Activities events to membership in a fraternity or sorority, UCM has it all! There are many things for students to do on campus including attending dances, plays, films, concerts, going bowling, and being involved in clubs, intramural sports and student government. Taking part in social, cultural and athletic events provides students with many opportunities to learn about themselves, other people and the world in which they live.

**Student Organizations**

Approximately 180 registered student organizations exist at Central Missouri. Students are able to affiliate with academic honoraries, departmental organizations, religious organizations, sports teams, and special interest groups. Research indicates a positive correlation between involvement and student academic success; one such experience is involvement in student organizations. Participation in student organizations offers a means to apply classroom learning, explore career choices, gain leadership experience and make valuable contacts.

For information, see the Office of Campus Activities, Elliott Union 217. To see a list of organizations and descriptions go to the Office of Campus Activities web page [www.ucmo.edu/saffairs/oca](http://www.ucmo.edu/saffairs/oca).

**Greek Life**

Fraternities and sororities are a special type of student organization that many students choose to join while at Central Missouri. Students join fraternities and sororities through a process called recruitment which typically occurs at the beginning of each semester. Greek Life offers students the opportunity to develop leadership and organizational skills, participate in community service, and make life-long friends. Friendship, fun, scholarship, community service, and school spirit – Greek life has it all! For more information, visit the Office of Greek Life located in Elliott Union 217 or call 660-543-4007.

Central Missouri offers three general classes of organized activities in athletics and sports: intercollegiate athletics, intramural sports, and sports clubs.

**Intercollegiate Athletics**

Central Missouri belongs to the 10-member Mid-America Intercollegiate Athletics Association (MIAA) and the National Collegiate Athletic Association (NCAA), Div. II. Varsity sports for women are basketball, bowling, cross-country, indoor track, outdoor track, softball, soccer, and volleyball. For men, they are baseball, basketball, cross-country, football, golf, indoor track, outdoor track, and wrestling. (See the Office of Intercollegiate Athletics, Multipurpose 203, for information.)

The Athletic Committee, composed of faculty and students from all parts of the University, advises the intercollegiate athletics program.

**Intramural Sports**

An extensive intramural program gives University students, faculty, and staff many opportunities to take part in competitive and non-competitive activities at low cost. Team and individual activities are available for men, women, and co-recreational groups. Among these are badminton, basketball, billiards, bowling, golf, racquetball, rifle and pistol shooting, soccer, softball, swimming, table tennis, tennis, touch football, track, volleyball, wrestling, and many others. (See the Office of Campus Activities, Elliott Union 217, for information.)

**Sports Clubs**

Sports clubs give students an opportunity to participate in sports which are not included in the University’s intercollegiate program. Club activities may be intramural (all participants being Central Missouri students) or extra-mural (competition with teams from outside the University). The University funds club sports but assumes no liability for them. (See the Office of Campus Activities, Elliott Union 217, for information.)
Recreation Facilities

Morrow Fitness Center. The Morrow Fitness Center (MOR 106) is an educational facility developed to provide Fitness/Wellness and Physical Education majors with a laboratory for research, testing, and rehabilitation activities. The facility is operated by the Department of Health and Human Performance and is located in the Morrow Building.

The Fitness Center is utilized by faculty, staff and students. The Center houses computerized fitness equipment and Cybex weight equipment. Students, staff, and faculty are encouraged to inquire at the Health and Human Performance Office, Morrow 100 (660-543-4256) or Morrow 106 (660-543-4387), about usage.

Multipurpose Building. The “Multi,” located just west of the stadium, seats up to 10,000 in its arena and provides recreational facilities for students, faculty, and community. Its basketball area accommodates four courts, five volleyball courts, and a six-lane, 220-yard indoor track. It also has eight handball/racquetball courts, two weight rooms, a six-lane, 25-meter pool with a one-meter diving board, conference rooms, and an activity area.

Pertle Springs. Located at the end of Holden Street one mile south of campus, Pertle Springs is a 300-acre recreational, instructional, biological research area. Popular activities on the wooded grounds are boating, fishing, hiking, and picnicking. Especially popular is the 18-hole golf course with its air-conditioned golf shop and fleet of golf carts.

The Recreation Center (Cosmo Bowl) is located in the Elliott Union and provides 10 bowling lanes, 10 billiards tables and a variety of video games. The facility can be reserved for student organizational, departmental or general public events. Freshens® is located here providing drinks, fruit smoothies, yogurt, popcorn, and pretzels.

Recreational Programs. At UCM, we work hard and play hard. Our recreational programs have something to meet everyone’s needs. Intramural sports offers a wide range of individual and team activities including flag football, softball, volleyball, basketball, and soccer. We also have an indoor rifle and pistol range (located in the Humphreys Building) where students can experience the challenges of recreational shooting. Contact the Intramural Office at 660-543-4007 or visit us in Elliott Union 217.

Other Facilities. Other campus facilities include 11 all-weather tennis courts, a play field east of the Morrow Building, eight acres of recreational and practice fields west of the stadium, a 400-meter track in the stadium, a play field southeast of Diemer Hall and the South Recreational Complex.

Five city parks are located within walking distance of campus. Knob Noster State Park, 10 miles east of the campus, offers group and family picnic grounds, hiking trails, and a swimming pool.
SERVICES FOR STUDENTS

Academic Advisement

Academic advising is critical to the success, satisfaction, retention and graduation of the University of Central Missouri students. Academic advising is an ongoing interactive process involving the student, advisers, and institution. The primary goal of academic advising is to assist students in the development and accomplishment of meaningful educational plans that are compatible with their life goals. The University of Central Missouri utilizes a “split model” form of Academic Advisement. A centralized academic advisement office serves special student populations such as open option students and conditionally admitted students. All other students are assigned to the colleges for advising by both professional and faculty academic advisers. Academic advisers help undergraduates plan career opportunities, determine degree programs, select courses and coordinate their academic progress. Students may access degree audits online at www.ucmo.edu/online.

Academic Enrichment

The Department of Academic Enrichment (AE) improves academic success by helping underprepared students prepare, prepared students advance and advanced students excel. AE services include both credit classes and non-credit labs with all services free except for regular class fees. Stop by Humphreys 127, or call 660-543-4061 for information about any of the following programs:

AE Courses. Students may choose courses that provide a solid foundation for learning in college. Courses include:
- AE 1000 Introduction to College Writing
- AE 1010 Textbook Reading Techniques
- AE 1012 Speed Reading
- AE 1020 College Study Skills
- AE 1030 Introductory Algebra

Learning Center. The AE Learning Center offers free individualized tutoring to all UCM students in math, study skills, test taking, and test preparation. The Learning Center also offers credit courses in math review, speed reading, Microsoft Excel, Word, and PowerPoint. These 1/2 credit or 1 credit courses are by arrangement which means students can schedule the work for these classes around regularly scheduled courses. Each course is designed to be completed in eight weeks.

Other assistance available through The Learning Center include
- Vocabulary and Reading Development
- Standardized Test Preparation (C-BASE, GRE, LSAT, GMAT, and TOEFL)
- Study Skills
- Study Groups

The Learning Center is located in Humphreys 110 and is open from 9 a.m. to 4 p.m. Monday through Friday. Math tutoring is also available Sunday and Wednesday evenings in Fitzgerald Hall from 8 to 10:30 p.m.

Writing Center. In one-on-one conferences, instructors assist students at all stages of the writing process, from brainstorming ideas to polishing drafts. In addition, computers, handbooks, style manuals and instructional handouts are provided to support any writing task, from crafting an effective thesis statement to building an eye-catching résumé. The Writing Center is open Monday through Friday in Humphreys 116, and evening hours in the residence hall satellites which are announced early in each semester.

Academic Advisement is critical to the success, satisfaction, retention and graduation of the University of Central Missouri students. Writing Center. In one-on-one conferences, instructors assist students at all stages of the writing process, from brainstorming ideas to polishing drafts. In addition, computers, handbooks, style manuals and instructional handouts are provided to support any writing task, from crafting an effective thesis statement to building an eye-catching résumé. The Writing Center is open Monday through Friday in Humphreys 116, and evening hours in the residence hall satellites which are announced early in each semester.

Online writing assistance, along with instructional handouts and general information, is available at www.ucmo.edu/writingcenter.

McNair Scholars Program. Designed primarily for juniors and seniors, McNair offers preparation for doctoral study for U.S. citizens and permanent residents who meet government eligibility requirements. Activities include information seminars, faculty mentoring, and a paid summer research internship. Because of federal guidelines, students must apply for acceptance to the McNair program through the Department of Academic Enrichment.

Student Support Services (TRIO-SSS). Funded by a U.S. Department of Education grant, TRIO-SSS offers tuition-free developmental education courses in writing, reading, mathematics and college success strategies. These courses offer small class sizes, individualized learning methods, one-on-one tutorials and advisement sessions. TRIO-SSS also offers extra advisement opportunities and free tutoring in a variety of high-risk courses. Because of federal guidelines, students must apply for acceptance to the TRIO-SSS program through the Department of Academic Enrichment.

Summer Suspension Waiver Program. Students on academic suspension, with GPAs of 1.50 or higher, may request readmission for summer classes. Faculty mentors meet weekly with students to discuss strategies for improving academic performance. Students who successfully complete the summer program and achieve at least a 2.00 summer GPA are permitted to enroll for fall classes.

AE 1400 Freshman Seminar. This course orient new students to Central Missouri through discussion of academic purpose, university resources, academic skills, relating to others, making choices, and creating goals. Central Missouri encourages all freshmen to enroll in this one credit hour course during their first semester.

AE 1450 Valuing Differences. Within the context of a one-hour personal, experiential, and interactive learning course, explore current issues and challenges related to race, gender, and culture. This course is one semester hour and runs a half semester.

Assessment and Testing Services

The Director of Assessment is located in Administration 304, 660-543-4116, and the Interim Director of Testing Services is located in Ward Edwards 1114, 660-543-4919. The Office of Assessment and Testing Services administers, supports and coordinates Central Missouri’s Assessment and Testing Services Programs. The University’s assessment program is called “Central’s Quality Improvement Program (CQIP).” A description of the major goals and components of CQIP can be found at www.ucmo.edu/testing/services.

Official Score Report Policy. Only score reports that are sent directly from the test company to Testing Services, Ward Edwards 1114, UCM, Warrensburg, MO 64093, are considered official. Official score reports are required to be on file for students to meet admission and/or other program requirements. The University of Central Missouri retains and uses scores obtained within the past 10 years.

To protect confidentiality and privacy, score reports are not available by telephone, fax, email, Internet or proxy. An official photo ID bearing the candidate’s signature is required for most services.

At Central Missouri, assessment is an integral part of the continuous process of learning and development with the purpose of enhancing a student’s total university experience. Assessment uses well-defined outcomes and criteria employing multiple measures.
All students are required to participate in UCM’s assessment program. This assessment may include periodic measurements of student intellectual and personal growth through examinations/assessments in General Education, intellectual skills or the major field of study and various opinion surveys.

Assessment and Testing Services is a member of the National College Testing Association (NCTA) and the Consortium of College Testing Centers; and adheres to the NCTA Professional Standards and Guidelines.

General Education Assessment. All University of Central Missouri students are required to take the College-BASE. Students using the Undergraduate Catalog 2007 are required to complete a 15-hour set of General Education courses during the first three to four semesters at UCM and obtain a minimum score on the College-BASE General Education Assessment as a condition for graduation. (For additional information refer to the General Education Program listed in this catalog or visit www.ucmo.edu/testing_services.)

Admission to Teacher Education: Education majors are REQUIRED by the Missouri State Board of Education to take and pass (minimum score of 235 on each of five subjects) the College-BASE for Teachers exam as one criterion for admission to the Teacher Education Program. Scores from the College-BASE for General Education cannot be used for admission into teacher education, as the scores are not comparable.

Admission to Programs. A number of programs have implemented minimum entry-level scores on the College-BASE for General Education Assessment as a condition for admission into their degree programs. A student should contact their academic and/or faculty adviser to determine the policy for admission to their degree program.

Transfer Students. Students who have taken the Measure of Academic Proficiency and Progress (MAPP), the Academic Profile, the Collegiate Assessment of Academic Proficiency (CAAP) test or the College-BASE (at UCM or another institution of higher learning), who have and fulfilled the following requirements are not required to take the College-BASE for General Education Assessment:

1. Student has a valid score report on file in Testing Services. A valid score report is one that has been sent from the previous institution directly to Testing Services and verified by the Director, Ward Edwards 1114, and ...

2. Has obtained a minimum score on each of the subject areas of the test taken as listed in the General Education Program within this catalog.

Major Field Assessment. Each academic program establishes the conditions and requirements for assessment of its majors. All students are encouraged to contact faculty within their program to determine the policy, practice and standards for assessment in their major field. Advanced test registration and test administration are required for most of the major field assessments prescribed by departments and is administered by Testing Services. Students are encouraged to contact their faculty adviser to determine the policy for their degree program.

Surveys. In addition to standardized and locally developed assessments in General Education and the major field, Central Missouri utilizes a variety of opinion surveys designed to measure student perceptions of their experiences at UCM, both academic and non-academic. The information derived from assessment activities is used to facilitate student learning and development, to promote faculty and staff growth and to improve the quality of academic and non-academic programs, services and facilities.

The Office of Assessment and Testing Services administers, supports and coordinates UCM’s Assessment and Testing Services Programs. Staff can assist students in identifying appropriate tests, register students for tests and/or provide test registration information.

Information Related to Test Registration and Score Reports. In addition to the administration of a variety of tests and surveys, Testing Services also maintains test scores and distributes registration material for other examinations not administered by Testing Services. UCM’s Testing Services is an authorized test center and administers the Test of English as a Foreign Language (TOEFL-iBT). UCM will become an authorized test center and will administer the Graduate Record Examination - General Test (GRE-General-iBT) beginning September 2007. UCM is not yet authorized to administer the Graduate Management Admission Test (GMAT-iBT). The GMAT test, used for admission into specific graduate programs, is administered only at authorized test centers. However, the office does maintain official test scores for the past 10 years and provides registration materials and information for students who are interested in taking these exams.

Tests Administered or Registration Materials Supplied. Testing Services maintains test scores and provides registration information and materials for all of the tests listed below. Testing Services, Ward Edwards 1114, 660-543-4919, maintains test scores and provides registration information and materials for all of the tests listed below. Those tests administered at UCM through Testing Services are marked with an asterisk (*).

Official score reports received by Testing Services directly from the testing company are required.

* ACT-Compass/ESL
* American College Testing Program (ACT)
* American Drafting and Design Association Exam (ADDA)
* Area Concentration Achievement Test (ACAT)
* Arnett Development Corporation “Complete RN Testing Success” Exams (CRST)
* Assessment Technologies Institute, LCC (ATI-Nursing)
* Certified Manufacturing Technologist Exam (CMTE)
* College Basic Academic Subject Examination for General Education Assessment
* College Basic Academic Subject Examination for Teachers
* College-Level Examination Program (CLEP)
* Constructor Certification Exam (CCE)
* Counselor Preparation Comprehensive Exam (CPCE)
* Diagnostic Readiness Test (DRT-RN)
* General Education Development (GED)

Graduate Management Admission Test (GMAT) computer-based test

* Graduate Record Examination – General Test (GRE-General)
  Internet-based test (to be administered at UCM beginning September 2007)
* Graduate Record Examination – Subject Tests (GRE-Subject)
* Institutional Test of English as a Foreign Language (ITP-TOEFL) (see TOEFL-iBT)
* Law School Admissions Test (LSAT)
* Major Field Achievement Test (MFAT)
* Major Field Achievement Tests (MFT-iBT)
* Medical College Admissions Test (MCAT)
* Miller Analogies Test (MAT)
* Minnesota Language Proficiency Assessments (MLPA)
* Missouri Police Officers State Certification Exam (MPOSCE)
* National Association of Industrial Technology Exam (NAIT)
* National Automotive Technician Education Foundation (NATEF)
* National League of Nursing Achievement Tests (NLN-Achievement)
* National Registry of Emergency Medical Technician – First Responder (NREMT-FR)
Special credit obtained from another institution is not reviewed unless an official score report is on file with Testing Services. Students who want to use special credit obtained from other institutions must first request an official score report from the test company be sent to the university. The official score report will be reviewed by the Director, Testing Services, to determine eligibility for special credit at UCM.

**Official Score Report Policy.** Central Missouri retains and uses scores obtained within the past 10 years. For credit to be considered, Testing Services must receive an official score report sent directly from the test company to Director, Testing Services, Ward Edwards 1114, UCM, Warrensburg, MO 64093.

**Credit by Examination.** Credit may be granted for successful performance on the following examinations (These exams are administered by UCM’s Testing Services*):

- **Advanced Placement Exams (AP).** The AP exams are available to high school students. Credit may be granted for successful performance on Advanced Placement Exams. Course equivalents for AP tests are available in a number of subject areas as determined by faculty. To order official AP test results, contact Advanced Placement Examination, PO Box 6671, Princeton, NJ 08541-6671; 888-225-5427 (609-882-4118 for TTY); www.collegeboard.com/ap.

- **International Baccalaureate Program (IB).** The IB program is available to high school students. Central Missouri recognizes the International Baccalaureate Diploma for admission purposes. Credit may be granted for successful performance on International Baccalaureate tests. Course equivalents for IB tests are available in a limited number of subject areas as determined by faculty. To order official IB test results, contact International Baccalaureate, 475 Riverside Dr., 16th Floor, New York, NY 10115; 212-696-4464; www.ibo.org.

- **College Level Examination Program (CLEP).** Central Missouri is interested in knowing what knowledge a student has upon entry to the University. Credit may be granted for successful performance on the CLEP exams. Course equivalents for CLEP exams are available in a limited number of subject areas as determined by faculty. For information and/or to request an official score report contact: P. O. Box 6600, Princeton, NJ 08541-6600; 800-257-9558; www.collegeboard.com/clep. Testing Services at UCM is a CLEP test center.

- **DANTES.** Central Missouri is interested in knowing what knowledge a student has upon entry to the University. Therefore, only DANTES tests taken after high school graduation are reviewed for possible credit. Credit may be granted for successful performance on DANTES tests. Course equivalents for DANTES tests are available in a limited number of subject areas as determined by faculty. To order official DANTES test results, contact The Chauncey Group International, ATTN: DSST Program/Transcript Service, 664 Rosedale Rd., Princeton, NJ 08540; 887-471-9860; www.getcollegecredit.com.

- **Math-for-Credit.** Central Missouri offers two Math-for-Credit exams: MATH 1111 College Algebra and MATH 1620 Contemporary Math. These locally developed exams are similar to course finals and are available only to University of Central Missouri students. For information contact Testing Services. Additional information may be obtained from Testing Services, Ward Edwards 1114, 660-543-4919; testingservices@ucmo.edu; or by visiting www.ucmo.edu/testingservices.
Campus Advocate
The Campus Advocate serves as a support office for students with questions, concerns and/or problems. The advocate’s role is to facilitate communication between students and others (faculty, administration, other students) and to assist students in knowing how to address/resolve problems within the framework of the University’s organizational structure.

Chapel
The Alumni Memorial Chapel was built in 1956 in memory of Central Missouri students who served in World War II and the Korean War. Funds were donated by private individuals and organizations. The Alumni Chapel seats 200 in the sanctuary, has a meeting room for 20 people, and contains a complete kitchen and dining area in the undercroft. The Danforth Foundation funded the attached Danforth Chapel which contains six kneeling benches and is open to the public during the day. In the Fall of 1994 a bronze sculpture titled “Guardian,” which is a memorial to all men and women who have served our country in armed services, was placed near the entrance of the Danforth Chapel. The chapel is used by Central Missouri students as a meeting place for social and religious organizations, choir practice, initiation ceremonies, group testing, parties, and weddings. Students also use it for individual or group meditation and communion.

Counseling and Psychological Services
Counseling and Psychological Services, located in Humphreys 131, offers CONFIDENTIAL counseling for UCM students concerned about educational, career, and personal issues. Psychologists provide individual and group counseling, psychological assessment and referral, outreach programming on psychological issues, consultation, and crisis intervention. Call 660-543-4060 for an appointment.

Dining Service
In addition to regular meal service in residence halls, dining service is also available in the Elliott Union. The Union features, on the first level, the Central Courte offering Burger King® Express, Pizza Hut® Express, Taco Bell® Express, Sub Connection®, and the Corner Market™, which offers daily entrees with all accompaniments, soup, salads and desserts. Located on the main level in the Recreation Center is Freshëns® which features drinks, fruit smoothies, popcorn, yogurt and pretzels. Also on the main level in the Union atrium is Jazzman’s® Cafe with delicious Seattle’s Best® coffee, espresso, latte, tea and fresh baked desserts.

Booth on- and off-campus groups and organizations may arrange for catered refreshments and full meals through the Union Catering office, Elliott Union 108.

Distance Learning
Distance Learning at the University of Central Missouri encompasses Internet-based, electronically-delivered education via online and interactive television (ITV). Within the Office of Extended Campus, Distance Learning manages, schedules, coordinates and assists in marketing all distance education courses and degree programs. Appropriate student services, including library resources, an online writing lab and technical support, are provided to meet the additional needs of the distance learner.

Elliott Union
The Elliott Union is centrally located on the main campus, serving as the “living room” for the campus community. The Union provides facilities for dining, meetings, social functions, conferences, student activities and programs, a computer lab, a copy center, ATMs, student organization offices, study lounges, and quiet areas. The Union also houses student services offices which include: Department of Student Life, Office of Campus Activities, Office of Community Engagement, Dining Service/Catering, Office of Career Services, Office of Campus Advocate, Student Government Association, Facilities and Conference Services Office, and the Office of Accessibility Services. The Union also features an Information Desk that provides campus-wide information to students, staff, faculty, and guests.

Faculty and Staff Resource Advisers
Each academic department which offers major or minor programs has identified faculty and staff members as Resource Advisers. Advisers confer with students interested in those fields of study and help those who plan to major or minor in them with their individual programs. Inquire at the Office of Academic Advisement of your college or the major department for names and offices of Resource Advisers.

International Student and Scholar Services
Located within the International Center, Ward Edwards 1200, International Student and Scholar Services assists all international students and visiting international faculty through orientation, advocacy and programming activities. Other areas of service include immigration and student status certification activities, sponsorship of the International Student Organization, and promoting the role of international education.

KMOS-TV/KTBG-FM
KMOS-TV is a non-commercial public broadcasting station operating on Channel 6 with 100,000 watts of power. Studios are located on campus in the Martin Building. The station can be received by over one million residents in central Missouri. A satellite receiving dish on campus permits direct reception of TV programs from the main PBS transmitting station in Alexandria, VA, and from other producers around the country. The station airs a full range of programs including instructional courses, PBS programs, and locally produced shows.

KTBG-FM 90.9 The Bridge, the radio voice of Central Missouri, is a 100,000 watt stereo operation. The station broadcasts to a potential listening audience of one million people. Studios and offices are located in the Martin Building. KTBG-FM broadcasts a full range of National Public Radio programs and Adult Alternative music. The station also produces and airs a number of local programs. KTBG-FM can also be heard at the Lake of the Ozarks on 104.9 FM.

Both KMOS-TV and KTBG-FM are managed by professional core staffs with most of the actual operations carried on by volunteers and paid students.

Library Services
Central Missouri’s Library Services supports the instructional, research, and public service programs of the University. James C. Kirkpatrick Library has a centralized reference area, which includes periodicals, government documents, and special collections. The government documents area houses the depository collections for federal and Missouri documents. Library holdings include approximately 521,324 books and bound volumes, 809,606 pieces of microform, 735,936 government documents, and 2,552 periodical subscriptions.

The library faculty and staff provide reference and bibliographic services, teach library skills and research techniques, lecture to classes, and conduct library orientation tours. Quest, a computerized catalog, provides online access to
library collections. The library is a participant in the Missouri Bibliographic Information User System (MOBIUS) giving students access to the library holdings of more than 57 Missouri academic libraries. External library databases and collections are available via the Internet and interlibrary loan services. Library Services is committed to providing quality services using a variety of information resources and technologies including assistive technology for accommodating those library users with disabilities. For more information about Library Services, please visit the web page http://library.ucmo.edu.

Harmon Computer Commons (HCC) provides networked IBM and Mac workstations on a first-come first-served basis, access to software, the Internet, Quest (the library online catalog), email, and class assignments. Faculty may schedule any of the four computer classrooms for hands-on instruction. Research aids, tutorials, and supplementary material are available in the reference area of HCC. Typewriters are available, and staff is available for assistance. Contact HCC in Library 1250, call 660-543-4196 or email HCC@library.ucmo.edu. Visit HCC’s web page http://library.ucmo.edu/hcc.

Classroom Media Resources (CMR) (Library 1340, 660-543-4142) supports the University community by circulating audiovisual equipment and the media collection. Reservations may be made up to two semesters in advance. Student requests for classroom presentation audiovisual equipment requires check-out by the instructor. Lamps for departmentally-owned audiovisual equipment may be purchased through CMR. Interlibrary film and video rental services are also available. Classroom instruction has priority, but support to non-academic areas and community groups is also provided.

Non-Traditional Student Services

Non-Traditional Student Services is a resource office for Central Missouri’s students who are age 24 and over, have a gap of five or more years since high school, are married, single, have children, or are a veteran. This office provides information, support, advocacy, and referrals to campus and community support services. The office has information on non-traditional scholarships, commuter ride-sharing network, housing, child care, and tutoring or other skill enhancers. Non-Traditional Student Services is located in Elliott Union 217. Call 660-543-4007 for more information.

Office of Accessibility Services

The Office of Accessibility Services provides students and visitors with disabilities with the services necessary to achieve equal opportunity while at UCM. OAS works with faculty, housing, facilities and other campus programs to provide opportunities for persons with disabilities. Some of the disabilities that are included are learning disabilities, attention deficit disorder, orthopedic and mobility issues, mental health, vision, hearing and health issues such as migraines, seizures, HIV, IBS and diabetes.

Students seeking accommodations will need to provide recent professional documentation of the disability to OAS. The documentation will need to be on a professional letterhead and indicate the nature of the impairment, that it is permanent or long term, and how it affects the student. More information is available on the OAS web site. Accommodations depend upon the disability and the documentation and might include testing services, text in alternative format, sign language interpreters, or others.

For additional information, contact OAS at Elliott Union 222, 660-543-4421, fax 660-543-4724, www.ucmo.edu/access, or email oas22000@ucmo.edu.

Office of Career Services

The Office of Career Services helps students identify careers and stay in touch with the job market before and after they graduate. Its services include:

- Employment Referrals
- Career Fairs
- Teacher Placement Day
- On-Campus Interviews
- Career Counseling
- Information on Employment Opportunities
- Career Library
- Career Workshops
- Résumé Writing Assistance
- Interviewing (via videotaped mock interviews)
- Job Search Skills
- Credential Services
- Part-Time Student Employment
- Experiential Education Opportunities
- Comprehensive Web Page Including Job Listings

These services are optional, but students are encouraged to use them for selecting careers and for help in finding positions. Students should register when they begin looking for any type of employment opportunity or hands-on experience. After they graduate, they should notify the office of their employment status and any changes in address or phone number.

More than 600 employers will visit Central Missouri’s campus to interview students for full-time, internship and summer positions. Both employers and students may call or write the Director of Career Services regarding their employment needs.

Please note that no course, program, certificate, and/or degree available at Central Missouri carries with it a promise, real or implied, of immediate or eventual employment within the specific areas covered or in any other specific or general areas. Although UCM offers its services to those seeking jobs, employment is the responsibility of the student.

Office of Community Engagement

Central Missouri’s Office of Community Engagement encourages understanding and appreciation of all aspects of human diversity within the Central Missouri community and engages surrounding communities to collaboratively address social justice and community issues, as it relates to human diversity. Located in Elliott Union 224, phone 660-543-4156, the office encourages understanding and appreciation of all members of Central Missouri’s community. The office’s goal is to foster an open and inclusive community on Central Missouri’s campus. The Office of Community Engagement achieves its mission through:

- Oversight of the University Campus Diversity Plan.
- Oversight of the Kansas City Task Force and the Kansas City Task Force Advisory Board.
- Assistance on University accreditation related to human diversity.
- Facilitation of campus and community educational programming and activities related to human diversity.
- Maintenance of campus diversity resource library.
- Incorporation of human diversity understanding into university operations and policies.
- Fostering of the Central Missouri Community Creed.
- Assistance to campus student multicultural programming.
- Assistance to all University programs on incorporation of diversity awareness programs and initiatives.
- Facilitation of goals related to human diversity as stated in the University Mission Statement.
- Interaction with diversity related offices and organizations
on campus and in surrounding communities to build partnerships.

Office of Extended Campus and Distance Learning
With the cooperation of Central Missouri academic departments, the Office of Extended Campus and Distance Learning administers courses and degree programs off campus, online and through interactive television. The office also coordinates the University’s Summer Session, workshops, non-credit courses, contract training, high school dual credit courses, continuing education units (CEUs), vocational education courses and entrepreneurial courses.

Office of International Programs
The Office of International Programs is also known as the International Center and is located in Ward Edwards 1200. Housed together are the International Programs and Study Abroad services, International Admissions, International Student and Scholar Services and the Intensive English Program.

Students interested in attending school or traveling in another country are encouraged to visit the International Center and inquire about Central Missouri’s study abroad programs. Placement opportunities exist in approximately 100 schools in over 40 countries.

Office of Student Financial Assistance
The Office of Student Financial Assistance administers a wide variety of federal, state, and UCM scholarship, grant, loan, and employment programs, all of which provide funds to help eligible students satisfy the educational and living expenses of attending UCM. Knowledgeable staff members are available to assist students and their families with all aspects of applying for financial assistance and VA educational benefits. The office is located at Administration 104 and may be contacted by telephone at 660-543-4040, fax 660-543-8080, or email at finaid@ucmo.edu.

UCM Summit Center
The University of Central Missouri’s Office of Extended Campus and Distance Learning operates a center in Lee’s Summit, MO, in an effort to serve students in the greater metropolitan area. The UCM Summit Center is located in the Summit Technology Campus at the junction of Missouri highways 50 and 470. The 40,000-square-foot facility features multi-use classrooms and seminar rooms equipped with state-of-the-art technology, interactive television classrooms, computer labs and conference rooms. Offerings include courses toward the completion of 18 degree programs and non-credit courses, workshops and seminars.

Union Station: Crossroads to Technology
Union Station sells educationally priced computer hardware and software and is located in Elliott Union 119. Current faculty, staff and students are eligible to purchase hardware and software. Check our web site at http://ustore.ucmo.edu.

University Health Center
Clinical Services. The University Health Center, located at 600 S. College St, just south of the Elliott Union, offers a full range of primary health care services to students and their spouses, as well as selected services for faculty and staff. The Health Center is staffed by physicians, nurse practitioners, nurses, and other qualified professional and support staff, and operates primarily on an appointment system, although urgent illnesses and injuries are given priority. Fall and spring semester hours are Monday through Friday, 8 a.m. to 5 p.m. Summer hours and semester break hours are posted. Check out our web site at www.ucmo.edu/uhs or call 660-543-4770 to schedule an appointment.

Emergencies. In the event of an emergency, call 911 from any campus phone, or visit Western Missouri Medical Center at 403 Burkarth Rd, in Warrensburg.

Health Insurance. All students attending Central Missouri should have adequate health insurance coverage. All international students are required to show proof of insurance, or must enroll in the student health insurance plan. Domestic students may also enroll in the student health insurance plan for themselves and their dependents.

The student insurance plan provides benefits to insured students and their insured dependents on or away from campus, 24 hours a day. The insurance year runs from August to August, and may be paid for the entire year, or on a per semester basis. For more information about the student insurance plan, call 660-543-4771, or stop by the University Health Center to pick up a brochure.

Health Promotion and Wellness Services. The Health Promotion office offers information and programs for students to help them make healthy choices while on campus, and to help them establish healthy habits to last a lifetime. Programs and information areas include alcohol risk reduction, healthy relationships, sexual health, stress management and more. For information on programs, or to get involved as a volunteer, call 660-543-8338, or stop by the office in the University Health Center at 600 S. College St.

University Store
The University Store is the primary source for undergraduate and graduate textbooks. The University Store also sells a variety of tradebooks and magazines, supply items for the classroom and Central Missouri apparel and gifts. A textbook reservation service is available for fall semester classes. A special order desk accepts orders for a variety of merchandise. “A partner in education,” the University Store is located on the lower level of the Elliott Union. Check our web site at http://ustore.ucmo.edu.

Welch-Schmidt Center for Communication Disorders
UCM has a comprehensive speech-language and hearing clinic in the Welch-Schmidt Center for Communication Disorders (Martin 34). Undergraduate and graduate student clinicians, supervised by faculty of the Department of Communication Disorders, provide assessment and treatment to students, faculty and members of the community with articulation, voice, swallowing, stuttering, language and/or hearing disorders.

The center has treatment rooms with two-way mirrors, video and audio monitoring; an early childhood preschool for children with speech and language disorders who are between the ages of 2½ and 5 years; a voice and swallowing laboratory including rigid and flexible endoscopy for vocal fold visualization, air-flow/pressure measurements and acoustic evaluation; four audiologic suites where hearing evaluations, impedance audiometry, otoacoustic emissions, video otoscopy, auditory brainstem response and electromyography are performed. The hearing aid laboratory is equipped with the latest technology for the fitting and dispensing of hearing instruments. Students have available a variety of current assessment and treatment materials and a student clinician workroom complete with Macintosh and PC workstations.

Students, faculty, staff and their immediate families may use the services of the center at reduced fees. The center welcomes self referrals and referrals from university faculty and staff, University Health Services and community health and educational agencies.
OTHER SERVICES AND FACILITIES

Airport
UCM owns and operates the Max B. Swisher Skyhaven Airport located three miles west of Warrensburg on Highway 50. It includes 402 acres of land; a 4,200-foot lighted runway, with a full-length parallel taxiway; a 2,800-foot lighted runway; and buildings for administration, maintenance, and other uses. The airport is a teaching laboratory for the University and a community airport serving the Warrensburg area.

Alumni Association
The Alumni Association of the University of Central Missouri provides opportunities for alumni to stay connected with their alma mater after graduation by hosting alumni gatherings throughout Missouri and around the country. Reunions are held for classes and organizations to reunite alumni and bring them to campus. Events are planned in conjunction with athletic events for alumni and fans alike. The Alumni Association seeks to recognize the accomplishments of alumni through awards such as the Distinguished Alumni Award, Distinguished International Alumni Award, and the Outstanding Recent Alumni Award. Scholarships are also available to the children of alumni who are attending the University of Central Missouri.

Membership in the Alumni Association is complimentary to graduates of the University of Central Missouri. Members receive Central Today, the alumni publication, four times per year as well as invitations to events in their area. Other benefits include assistance with reunion planning and locating fellow alumni, access to university facilities, bookstore discounts, and career assistance.

More information on the Alumni Association can be found in the Smiser Alumni Center located in the Elliott Union or by calling 660-543-8000.

The Center for Teaching and Learning
The Center for Teaching and Learning advances Central Missouri’s academic mission by encouraging and supporting the advancement of instruction, the scholarship of teaching and learning, and service learning. Professional, technological and developmental assistance for faculty and staff is provided by means of a coordinated training program, modern laboratory facilities and expert technical advice and support. The center seeks to integrate sound teaching practice with current instructional technology to foster faculty growth and to contribute to Central Missouri’s statewide mission in professional technology.

Central Regional Professional Development Center
The CRPDC is the primary operating agency of the Central Professional Development Consortium. The center’s mission is to provide information and resources in proven instructional and administrative practices which promote quality instruction in the classroom, overall school improvement and school-linked services for children and youth and their families. The center offers professional development opportunities, including inservices and workshops, to practicing teachers and administrators designed to address needs in all areas, particularly in science, math, technology and reading/writing. The center’s toll free number is 800-762-4146. The Executive Director may be emailed at vinson@ucmo.edu.

Child Care Centers
The University supports two child care centers on campus. The facilities are located at the Foster/Knox Building and the Central Village Apartment Complex. Both of these centers are licensed with the Missouri Department of Health and Senior Services. Central Village holds a certificate of accreditation from Missouri Accreditation and Foster/Knox is working toward their certification.

The child care facilities are available to all students, staff, and faculty. Children six weeks to ten years may enroll. Enrollment is accomplished through a waiting list. The child care centers have adopted Creative Curriculum to assist in planning appropriate learning experiences for every child in our program. All children in our care are provided meals.

Both centers offer full-day care, Monday-Friday and offer attendance options of Monday/Wednesday/Friday or Tuesday/Thursday. Central Village offers evening care for children of students attending night classes Monday through Thursday evenings. Foster/Knox Center is the only center open during the Summer Sessions and offers a Summer Camp program for school-age children. For more information or to take a tour, call Foster/ Knox at 660-543-4605 or Central Village at 660-543-4793.

Gerontology Institute
The Gerontology Institute provides research, service, and training resources to agencies and individuals working in the field of aging. It convenes scholars, practitioners, and policymakers for workshops and seminars. It promotes research in the field of aging and disseminates recent scholarly findings. In addition, it provides public service to those serving in the field of gerontology.

**Information Services**

With the Chief Information Officer and most offices located in the Humphreys Building, the Department of Information Services provides information processing, computer support, network and telecommunications services for the entire University.

The Computer Support Services unit operates, on a nearly around-the-clock basis, the large-scale central IBM mainframe academic and administrative computer systems which house many databases critical to the University’s operations. Access to these systems is provided through microcomputers and web interfaces.

The Management Information Systems unit designs, develops, acquires and supports application software systems, including financial, student services, developmental and human resource management for the many administrative offices of the University.

The User Services unit provides 24/7 campus-wide computing access through more than 4,500 workstations (with more than 3,500 connected to a high speed network), computer support through a central HELP Desk facility and support staff, general and customized training for faculty, staff and students along with World Wide Web user support and academic consulting. User Services also provides support for network servers and storage resources, as well as for many academic and administrative computing functions.

The Telecommunications unit administers and maintains the University fiber-optic and copper wire cabling system which provides voice, data and video support to over 50 buildings, as well as managing the campus telephone PBX and voice mail systems.

**Missouri Safety Center**

Promoting safety in Missouri and the nation, the Missouri Safety Center seeks to prevent injury and death through technology transfer, instruction, research and public service. The center utilizes a staff of safety professionals dedicated to injury prevention. These safety professionals deliver programming to a diverse clientele which includes personnel from law enforcement, pupil transportation, industry, government and the general public. State-of-the-art information and use of advanced technology is at the core of the center’s various curricula and programs.

The Missouri Safety Center’s Instructional Park is located just south of the main campus. This unique facility houses the professional training programs, off-street driving range, skid pad, and off-road and all-terrain vehicle range. The Center maintains a fleet of more than 100 vehicles for road, special training and range use. Also housed within this facility are an advanced computer software training laboratory, and one of the nation’s foremost breath alcohol instrument training and repair laboratories.

**Prussing Agriculture Research Farm**

The 260-acre Prussing Agriculture Research Farm, a teaching unit of the Department of Agriculture utilizing the latest in agriculture technology, provides laboratory experience for students in agriculture classes and work opportunities for students interested in hands-on experience. The newest additions to the farm are a two-classroom Agriculture and Conservation building and a trapshooting range with skeet overlay funded by a grant from the Missouri Department of Conservation. Additional teaching/research facilities are a mature orchard, greenhouse complex with dwarf orchard, and research plots at the Max B. Swisher Skyhaven Airport. Agriculture research, funded by the University, private industry, and the Natural Resources Conservation Service is carried on by faculty and students at these facilities.

**Public Safety**

The Department of Public Safety includes the University Police, Key Control, Environmental Health and Safety and Parking Services. It is located at 306 Broad Street and is open 24 hours daily, 365 days per year. Call 660-543-4123.

For emergencies on campus, dialing 9-1-1 from the university phone system will reach the Department of Public Safety. Dialing 9-1-1 from a cell phone will connect the caller to the Johnson County Central Dispatch center. Additional information can be found at www.ucmo.edu/ps.

**Publications**

The following publications are produced and distributed by the University of Central Missouri:

UCM Today, a quarterly tabloid for alumni and friends of the University published by University Relations and the Office of Alumni Relations and Development. University of Central Missouri News, a monthly newsletter for faculty and staff published by University Relations. The Muleskinner, a weekly campus newspaper published by a Department of Communication student staff.

**Research**

The Office of Sponsored Programs establishes, administers and coordinates programs that guide Central Missouri in its research, scholarly activity and creative endeavors. The office maintains information about funding opportunities from government and private sources. This information includes newsletters, announcements, computer databases and electronic access to federal and private agencies. The office also maintains a research resource library that contains agency regulations and application forms, reference books and manuals on research administration, how-to books on grant writing and directories of foundation support. For assistance with any of your research needs contact the Office of Sponsored Programs or email Research@ucmo.edu.

**Research Involving Human Subjects.** In order to comply with federal regulations and to protect the health and safety of human subjects involved in research, all research protocols involving the use of human subjects must be in compliance with Academic Procedures and Policies #9: Procedures for Human Subjects Review. All projects involving human subjects in research must be approved in advance by The Human Subjects Review Committee. Forms are available at www.ucmo.edu/osp.
Research Involving Animals. Federal law requires that all research projects involving the use of selected mammals and birds be conducted to ensure humane treatment of the animals. Accordingly, all such projects, regardless of the funding source, must be approved in advance by the Institutional Animal Use and Care Committee. Forms are available at www.ucmo.edu/osp.

Small Business Development Center

The Small Business Development Center offers consulting, counseling, training, and research services for business and industry. Students from various colleges work with Center staff and faculty members to collect and evaluate data and offer counsel on a variety of business and technical problems in today’s marketplace.

Student Volunteer Programs

Student Volunteer Programs provide students with opportunities to become involved in the Warrensburg community. The office provides referrals to local agencies and schools for special projects and ongoing commitments. Each year a group of students spends Spring Break working with Habitat for Humanity building a home. This office also offers off-campus community service federal work study job positions. Students must qualify for work study through the Office of Student Financial Assistance. For information on how to be a part of this enriching experience, stop by the Office of Campus Activities, Elliott Union 217, or call 660-543-4007.

Workshop on Wheels Child Care Resource and Referral

The Workshop on Wheels Child Care Resource and Referral is an in-service training project for child care providers, early childhood professionals, and parents affiliated with the Department of Educational Leadership and Human Development - Child and Family Development Program. Its primary purpose is to provide programs and services throughout central Missouri which will improve and enhance the quality of child care offered to young children while they are away from their homes. Child care referrals and consumer education materials focusing on choosing quality child care, ADA guidelines, immunization schedules, and other relevant early childhood information are also available to families who are searching for child care options for their children. The Workshop on Wheels Child Care Resource and Referral is funded by grants from the Missouri Department of Elementary and Secondary Education; the Missouri Department of Health; Department of Social Services; and the Children’s Trust Fund. For more information, visit www.ucmo.edu/workshop.
Central Missouri offers the following baccalaureates:

- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of Music
- Bachelor of Music Education
- Bachelor of Science
- Bachelor of Science in Business Administration
- Bachelor of Science in Education
- Bachelor of Science in Social Work

The following policies apply to the undergraduate degrees offered by the University:

**General Requirements for a Baccalaureate**

1. A baccalaureate shall total a minimum of 124 semester hours.
2. Completion of a degree with a major/minor combination requires that a minimum of 20 semester hours of the major and a minimum of 10 hours of the minor must be taken through Central Missouri. Completion of a functional major requires that 30 hours of the functional major must be completed through Central Missouri. If a student completes more than one major, no minor is required. The last 12 semester hours earned toward a baccalaureate degree must be from Central Missouri.
3. A baccalaureate shall include a minimum of 40 semester hours of upper-level credit, 12 of which must be part of a major or of a functional major. Upper-level course work must be earned at Central Missouri in the minor.
4. A baccalaureate shall include the General Education Program as prescribed by the University. See “General Education” in this section.

**Specific Requirements for the Baccalaureate — BACHELOR OF ARTS**

1. All General Requirements shall be met.
2. A major for this degree normally shall be 30-35 semester hours.
3. A minor for this degree normally shall be 20-25 semester hours.
4. A modern language requirement shall be 9 semester hours and may be met as follows:
   - The modern language requirement is fulfilled by successfully completing 9 semester hours of one modern language, or completing 6 hours of one modern language and 3 hours of modern literature in translation (ENGL 2220), or completing 3 hours of an upper-level modern language course.
   - Students with previous study of a modern language in high school who enroll in a second semester modern language class or higher may be eligible for validated credit. See Department of Modern Languages Statement of Policy. For further information contact the Chair of the Department of Modern Languages.

**Specific Requirements for the Baccalaureate — BACHELOR OF FINE ARTS**

- This is a professional performance degree available through the Departments of Art and Theatre.
  1. All General Requirements shall be met.
  2. A functional major for this degree normally shall be 60-80 semester hours.

**Specific Requirements for the Baccalaureate — BACHELOR OF MUSIC**

- This is a professional performance degree available through the Department of Music.
  1. All General Requirements shall be met.
  2. A functional major for this degree normally shall be 80-82 semester hours.

**Specific Requirements for the Baccalaureate — BACHELOR OF MUSIC EDUCATION**

- This is a professional education degree available through the Department of Music. Students planning to obtain teacher certification should see “Teacher Education Policies and Procedures.”
  1. All General Requirements shall be met.
  2. A functional major normally shall total 60-66 semester hours.
  3. Professional education courses for this degree shall be 25-35 semester hours.
  4. A candidate for this degree must have a minimum cumulative grade-point average of 2.50 based upon total hours attempted.
  5. All students receiving this degree must obtain minimum scores on the area specialty test in music of the National Teacher Examination to be eligible for teacher certification (HB463). See “Teacher Education Policies and Procedures.”

**Specific Requirements for the Baccalaureate — BACHELOR OF SCIENCE**

1. All General Requirements shall be met.
2. A major for this degree normally shall be 40-45 semester hours.
3. A minor for this degree normally shall be 20-25 semester hours.
4. A functional major for this degree normally shall be 60-70 semester hours.
5. Candidates for this degree who are seeking teacher certification must satisfy teacher education certification standards. See BSE degree requirements below.

**Specific Requirements for the Baccalaureate — BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION**

1. All General Requirements shall be met.
2. A functional major in this degree normally shall be 60-70 semester hours.
3. Candidates for this degree must achieve a minimum cumulative grade-point average of 2.25.
Specific Requirements for the Baccalaureate —
BACHELOR OF SCIENCE IN EDUCATION

Students planning to obtain teacher certification should see “Teacher Education Policies and Procedures.”
1. All general requirements shall be met.
2. A major for this degree shall be in a certifiable area and normally shall be 30-36 semester hours except in those instances where certification requirements exceed this amount.
3. A minor for this degree normally shall be 18-24 semester hours.
4. The semester hours required for a functional major for this degree normally shall be 50-60 semester hours.
5. Professional education courses for this degree shall be 25-35 semester hours.
6. A candidate for this degree must have a minimum cumulative grade-point average of 2.50 based upon total hours attempted.
7. All students receiving this degree must obtain a minimum score on the appropriate exit test, generally the major area specialty test of the National Teacher Examination, to be eligible for teacher certification (HB463). Not obtaining the prescribed minimum score does not preclude receiving the degree. Students with double majors in education normally must plan to take tests in both areas, over a two-semester time period.

Specific Requirements for the Baccalaureate —
BACHELOR OF SOCIAL WORK

This is a professional degree available through the Department of Sociology and Social Work.
1. The functional major for this degree normally shall be 65 semester hours.
2. No minor is required.
3. Candidates for this degree must maintain a minimum grade of C for all required social work courses.
4. Candidates for this degree must successfully complete a fifty (50) hour Field Observation and Participation experience and a five hundred (500) hour Field Practicum experience.

MAJORS AND MINORS for Bachelor’s Degrees

Central Missouri requires that candidates for bachelor’s degrees provide evidence of depth of study through the completion of majors and minors. This requirement must be met for each degree earned by one of three options:
(1) completion of a major and a minor,
(2) completion of a functional major, or
(3) completion of a double major."

The double major and the major-minor combination allow for preparation in two fields. The functional major is a comprehensive program which integrates, with the primary field, fields which are closely related. Each degree earned must have a major/minor unique to that degree and not recognized as a major or minor in another degree.

*NOTE: with the exception of two or more functional majors, any course required in both the major(s) and/or the minor(s) constitutes an overlap and necessitates a comparable number of departmentally approved coursework hours to compensate for the overlap(s).

RESIDENCE

A candidate for any bachelor’s degree must have earned at least 40 semester hours of junior/senior level coursework at an accredited senior institution of which at least 30 of those hours must be completed at Central Missouri. Fifty-percent of the major and minor coursework must be completed through UCM. The last 12 semester hours required for the degree must have been earned from UCM.

For an associate degree, the student must earn at least 20 semester hours with Central Missouri, with the last 12 semester hours completed at UCM.

ASSOCIATE DEGREES

Central Missouri offers an Associate in Science degree.

General Requirements for Associate Degree
1. An associate degree consists of a minimum of 60 semester hours. For an associate degree, the student must earn at least 20 semester hours in residence at Central Missouri. The final 12 semester hours must be earned at UCM.
2. An associate degree candidate must have a minimum cumulative GPA of 2.0 (C), based upon total hours attempted. In the case of a transfer student, a cumulative GPA of 2.0 must be earned at Central Missouri as well as an overall cumulative average of 2.0.
3. All associate degree candidates are required to satisfy Missouri State requirements with regard to the Federal and State Constitutions. This requirement is filled by taking HIST 1350 or HIST 1351.
4. In those cases involving two-year college transfer students, career-level courses may be counted toward the major requirement as determined by departmental evaluation.
The goals of the General Education Program are to provide students the opportunity to enhance the skills of the intellect; expand their knowledge, understanding, and appreciation of the arts, natural sciences, technology, social sciences, literature and the humanities; and contribute to the improvement of human interactions. These goals can best be accomplished through exposure to a common core of knowledge, as well as through the opportunity to select courses to accommodate individual interests. A common thread throughout the program components is our effort to provide students with the required competencies called for by the Missouri Coordinating Board for Higher Education (CBHE). The CBHE competencies are divided into two parts: Skill Areas (Communicating, Higher-Order Thinking, Managing Information, Valuing) and Knowledge Areas (Social and Behavioral Sciences, Humanities and Fine Arts, Mathematics, Life and Physical Sciences).

The Intellectual Skills component of the General Education Program should enable the student to think independently, to write effectively, to speak fluently, to read with comprehension, and to listen attentively. Intellectual Skills also include the abilities to use mathematical reasoning and thinking as well as computation, and to conceptualize goals and ways to attain those goals. Concurrent with the development of these skills should come improved ability to think logically, to analyze and compare, to question and evaluate.

The Integrative Studies component of the program is expressly designed to help students examine and develop imaginative, yet disciplined, solutions to complex problems. They will do so by synthesizing the skills, knowledge, and methods developed in other components of the General Education Program. Selected information and skills developed in earlier classes should be so integrated that students discover connections among diverse human endeavors.

To contribute to the academic success of students, UCM has a procedure for planned placement of students in Reading Skills, Modern Languages and in the Intellectual Skills. Students demonstrating exceptional preparation in the Intellectual Skills areas of Written Communication, Oral Communication and Mathematical Reasoning may be eligible to receive credit for the required General Education course(s) by meeting the established guidelines for exemption and credit. Requests for exemptions from required Intellectual Skills courses should be directed to the Office of Academic Advisement in the respective colleges.

Policies Concerning the General Education Program

The Faculty Senate General Education Committee is charged with the development and interpretation of policies concerning the General Education Program. Policies must conform to the Statement of Philosophy and General Goals of the General Education Program.

1. Students will take courses in four divisions:
   I. Intellectual Skills; II. Core; III. Personal Interaction; and IV. Integrative Studies. In general, General Education courses in Divisions I-III are introductory in nature and open to all students.
2. Courses in Division I. Intellectual Skills should be taken during the student’s first year of study. Students with more than 30 semester hours of college credit who have not completed their Intellectual Skills requirements will be expected to make continuing progress toward completion of any remaining courses in this division.
3. Students must meet state law requirements, Section 170.011 RSMo Supp (1988), that mandate specific instruction in State and federal constitutions and American history and institutions by the successful completion of one of the following courses: HIST 1350, HIST 1351, or POLS 1510.
4. In any division of the General Education Program where a requirement may be met in a variety of ways, colleges and departments shall allow students maximum freedom of choice whenever possible. However, colleges and departments may specify the General Education course(s) meeting that requirement for any or all of their degree programs.
5. Transfer students who complete their 42-credit-hour General Education at other colleges and universities in Missouri are considered to have satisfied Central Missouri’s 42-credit-hour General Education requirement embodied in Divisions I and II. Transfer students, however, still must complete Central Missouri’s Additional Institutional Requirements listed in Divisions III and IV of the General Education Program.
6. Courses taken to fulfill General Education requirements may not be taken on the Pass/Fail basis, but students who have fulfilled all General Education requirements in a specific area may elect to take additional General Education courses in the same area on the Pass/Fail basis.

REVISED GENERAL EDUCATION ASSESSMENT POLICY

As part of the University’s quality improvement efforts, Central Missouri has established two requirements related to the General Education Assessment Policy as a condition for graduation. The following information is intended to help Central Missouri students and their parents understand the university’s requirements to ensure that no student’s progress towards a degree is delayed in any way.

Students using the Undergraduate Catalog 2007. As a condition for graduation a student must:

- Earn a grade in a specific 15-hour set (of 48 hours) of General Education courses in English, Mathematics, Science, and Social Studies.
- Take and pass a test that measures knowledge and skills in English, Mathematics, Science, and Social Studies.
- A passing score is 235 (on a scaled range of 40 to 560) on each of the subject area tests.

It is the student’s responsibility to pass all subject areas of the test by the semester in which a total of 90 credit hours have been earned.

Transfer Students. A transfer student who has taken one or more of the 15-hour set of required General Education courses at another institution(s) is responsible for having a transcript from the other institution(s) on file and evaluated in a timely manner. Failure to satisfy this responsibility will result in the student needing to enroll in General Education courses to fulfill the 15-hour set of required General Education courses.
**Effective Fall 2004**

**General Education Assessment**

These courses must be taken by the end of the semester in which the total number of hours accumulated equals or exceeds 60 hours. The College-BASE for General Education Assessment (except Teacher Education students) is to be taken the semester following the completion of the 15-hour subset of required General Education courses.

**DIVISION I, AREA A, Written Communication – ENGLISH**
Select 6 credit hours from:
- ENGL 1020, Composition I (3 credit hours);
- ENGL 1030, Composition II (3 credit hours);
- ENGL 1080, Advanced Composition – refer to catalog (6 credit hours)

**DIVISION I, AREA C, Mathematical Reasoning – MATH**
Unless major requires specific General Education course(s), select 3 credit hours from:
- MATH 1111, College Algebra (3 credit hours);
- MATH 1150, Pre-Calculus Mathematics (3 credit hours);
- MATH 1620, Contemporary Math (3 credit hours)

**DIVISION II, AREA A, Part I – Life & Physical Sciences – SCIENCE**
Unless major requires specific General Education course(s), select 3 or 4 credit hours from:
- BIOL 1003, Intro to Sciences: Ecology (lab not included) (3 credit hours); OR BIOL 1004, Intro Sciences: Ecology (lab included) (4 credit hours);
- BIOL 1005, Environmental Science (lab not included) (3 credit hours);
- CHEM 1103, Intro to Sciences: Chemistry (lab not included) (3 credit hours); OR CHEM 1104, Intro to Sciences: Chemistry (lab included) (4 credit hours);
- EASC 1004, Intro to Sciences: Geology (lab included) (4 credit hours);
- PHYS 1103, Intro to Sciences: Physics (lab not included) (3 credit hours); OR PHYS 1104, Intro to Sciences: Physics (lab included) (4 credit hours)

**DIVISION II, AREA B, Social & Behavioral Sciences – SOCIAL STUDIES**
Select 3 credit hours from:
- HIST 1350, History of the U.S. to 1877 (3 credit hours);
- HIST 1351, History of the U.S. 1877 to Present (3 credit hours);
- POLS 1510, American Government (3 credit hours)

A student, except education majors, who has taken the Measure of Academic Proficiency and Progress exam (MAPP), the Academic Profile or the CAAP test (at UCM or another institution of higher learning), and fulfills the following requirements is NOT required to take the College-BASE General Education Assessment:

1. Student must have a valid score report on file in Testing Services. A valid score report is one that has been obtained within the past 10 years and has been sent from the previous institution directly to Testing Services and verified by the Director, WARD EDWARDS Building, Room 1114 and ...
2. Have obtained a minimum score on each of the subject areas of the test taken as shown below:

**MEASURE OF ACADEMIC PROFICIENCY PROGRAM (MAPP) / ACADEMIC PROFILE**

<table>

<td>The College-BASE for General Education for Social Sciences must be taken.</td>
</tr>
</tbody>
</table>

**Post-baccalaureate and Graduate Students** The revised general education assessment policy does not apply to post-baccalaureate or graduate students unless the program requires the assessment policy be fulfilled as a criterion for admission to the program.

**Undergraduate Students at Central Missouri using undergraduate catalog for Fall 2004, 2005 or 2006**
As a condition for graduation a student must:

- Earn a grade in a specific 15-hour set (of 48 hours) of General Education courses in English, Mathematics, Science and Social Studies.
- Take and pass a test that measures knowledge and skills in English, Mathematics, Science, and Social Studies.

- A passing score is 235 (on a scaled range of 40 to 560) on each of the four subject area tests. OR
- Obtain a minimum score of 235 on three of the four subjects assessed (English, Mathematics, Science and Social Studies) AND earn a grade of “C” or better in courses(s) related to the General Education subject area in which a score of 235 was not achieved.

It is the student’s responsibility to pass all subject areas of the test by the semester in which a total of 90 credit hours have been earned.

**Undergraduate Students at Central Missouri Prior to Fall 2004** Undergraduate students at Central Missouri prior to the undergraduate catalog fall 2004 are waived from the General Education Assessment Policy requirement unless the major program requires the College-BASE for General Education or the College-BASE for Teachers as a criterion for admission to the program.
Teacher Education Students Teacher Education majors are REQUIRED by the Missouri State Board of Education to take and pass (minimum score of 235 on each of five subjects) the College-BASE for Teachers exam as one criterion for admission to the Teacher Education Program. Teacher Education students are required to complete the 15-hour set of General Education courses prior to testing. Registration for the College-BASE for Teachers Exam must be completed in Testing Services. Registration deadlines and fees apply.

- Teacher Education students are NOT eligible to take the College-BASE for General Education Assessment. Contact Testing Services, academic adviser or faculty adviser for additional information.

Admission to Programs. A student should meet with an Academic Advisor to determine if the College-BASE for General Education Assessment or the College-BASE for Teachers is a criterion for admission to a program.

Nursing Students. Students seeking admission to the Nursing program are required to score a minimum of 235 in each of the subject areas of the College-BASE for General Education Assessment. For additional admission requirements contact the Department of Nursing, University Health Center, Room 106. When eligible to test, it is important to schedule a testing date in a timely manner to allow time for score reports to be returned. Nursing application deadlines: For admission Spring Semester – July 1. For admission Fall semester – January 1.

Please see www.ucmo.edu/testing services/ for a complete discussion of the revised General Education Assessment Policy. For additional information, please contact the Assistant Director, Office of Assessment and Testing Services, Ward Edwards 1114 bertalott@ucmo.edu (660-543-4919).
University of Central Missouri
General Education: SKILL AREAS

State-Level Goals
SKILL AREAS

Communicating
To develop students’ effective use of the English language and quantitative and other symbolic systems essential to their success in school and in the world. Students should be able to read and listen critically and to write and speak with thoughtfulness, clarity, coherence, and persuasiveness.

Institutional Competencies
1. Apply the criteria of effective communication to assess the communication of self and others.
2. Conceive of writing as a recursive process that involves many strategies, including generating material, evaluating sources when used, drafting, revising, and editing.
3. Make formal written and oral presentations with consistent effectiveness.
4. Adapt language and communication strategies to a variety of situations.
5. Employ various organizational structures in a variety of communications.
6. Adapt communication to a variety of audiences.
7. Communicate effectively in groups by listening, reflecting, and responding appropriately and in context.
8. Identify the meaning of quantitative data, such as numbers, graphs, and charts, in a communication.

Higher-Order Thinking
To develop students’ ability to distinguish among opinions, facts, and inferences; to identify underlying or implicit assumptions; to make informed judgments; and to solve problems by applying evaluative standards.

1. Recognize that complexity, ambiguity, and uncertainty are persistent human conditions.
2. Identify, develop, implement and evaluate alternative problem-solving strategies for a particular context.
3. Employ both induction and deduction and manipulate quantitative and qualitative evidence to study relationships.
4. Evaluate the strength of another’s and one’s own thinking in various contexts and disciplinary frameworks by recognizing unstated assumptions, ideological biases, stereotypes, inconsistencies, reasoning fallacies, irrelevancies, governing paradigms, and other factors.
5. Assess the reliability, validity, and adequacy of evidence, for example, by employing standards of measurement, sampling, and alternative hypotheses in evaluating analyses and interpretations of studies.
6. Defend conclusions using relevant evidence and reasoned argument.
7. Assess one’s own problem-solving process.
General Education: SKILL AREAS, continued

State-Level Goals
SKILL AREAS

Managing Information
To develop students’ abilities to locate, organize, store, retrieve, evaluate, synthesize, and annotate information from print, electronic, and other sources in preparation for solving problems and making informed decisions.

1. Access and/or generate information from a variety of sources, including the most contemporary technological information services.
2. Evaluate information for its currency, usefulness, truthfulness, and accuracy.
3. Use appropriate technology to organize, store, and retrieve information effectively.
4. Reorganize information for an intended purpose, such as research projects.
5. Present information clearly and concisely, using traditional and contemporary technologies, while avoiding plagiarism.

Valuing
To develop students’ abilities to understand the moral and ethical values of a diverse society and to understand that many courses of action are guided by value judgments about the way things ought to be. Students should be able to make informed decisions through identifying personal values and the values of others and through understanding how such values develop. They should be able to analyze the ethical implications of choices made on the basis of these values.

1. Compare and contrast historical and cultural ethical perspectives and belief systems.
2. Utilize cultural, behavioral, historical, and scientific knowledge to clarify and articulate a personal value system.
3. Assess the alternatives and the consequences of various value judgments and their implications for individuals and groups.
4. Recognize conflicts within and between value systems and recognize and analyze ethical issues as they arise in a variety of contexts.
5. Consider multiple perspectives, recognize biases, deal with ambiguity, and take a reasonable position.
### Social & Behavioral Sciences

To develop students’ understanding of themselves and the world around them through study of content and the processes used by historians and social and behavioral scientists to discover, describe, explain, and predict human behavior and social systems. Students must understand the diversities and complexities of the cultural and social world, past and present, and come to an informed sense of self and others. (Students must fulfill the state statute requirements for the United States and Missouri constitutions.)

1. Explain social institutions, structures, and processes across a range of historical periods and cultures.
2. Develop and communicate hypothetical explanations for individual human behavior within the large-scale historical and/or social context.
3. Draw on history and/or the social sciences to evaluate contemporary problems.
4. Describe and analytically compare social, cultural, and historical settings and processes other than one’s own.
5. Articulate the interconnectedness of people and places around the globe.
6. Describe and explain the constitutions of the United States and Missouri.

### Humanities & Fine Arts

To develop students’ understanding of the ways in which humans have addressed their condition through imaginative work in the humanities and fine arts; to deepen their understanding of how that imaginative process is informed and limited by social, cultural, linguistic, and historical circumstances; and to appreciate the world of the creative imagination as a form of knowledge.

1. Describe the scope and variety of works in the humanities and/or fine arts.
2. Explain the historical, linguistic, stylistic, cultural, and/or social contexts of the humanities and/or fine arts.
3. Identify the aesthetic values used to make critical judgments in various artistic fields.
4. Form, communicate, and defend a response based upon aesthetic values to works in the humanities and/or fine arts.
5. Identify the creative processes of artists in the visual, literary, and/or performing arts.

### Mathematics

To develop students’ understanding of fundamental mathematical concepts and their applications. Students should develop a level of quantitative literacy that would enable them to make decisions and solve problems and which could serve as a basis for continued learning. (The mathematics requirement for General Education should have the same prerequisite(s) and level of rigor as College Algebra.)

1. Recognize and/or describe the cultural, historical, and/or scientific contributions of mathematics to society.
2. Recognize and use connections within mathematics and between mathematics and other disciplines.
3. Create and interpret graphs and tables.
4. Use generalizations based upon pattern recognition.
5. Apply various mathematical models, techniques, and reasoning to solve problems.
State-Level Goals

KNOWLEDGE AREAS

Life & Physical Sciences

To develop students’ understanding of the principles and laboratory procedures of life and physical sciences and to cultivate their abilities to apply the empirical methods of scientific inquiry. Students should understand how scientific discovery changes theoretical views of the world, informs our imaginations, and shapes human history. Students should also understand that science is shaped by historical and social contexts.

General Education:
KNOWLEDGE AREAS, continued

1. Explain how to use the scientific method and how to develop and test hypotheses in order to draw defensible conclusions.
2. Evaluate scientific evidence and argument.
3. Describe the basic principles of the physical universe.
4. Describe concepts of the nature, organization, and evolution of living systems.
5. Explain how human choices affect the earth and living systems.

Institutional Competencies

Cultural Interaction

A fundamental goal is the recognition that cultures, and attitudes, develop through time; every culture has a heritage. Therefore, multicultural studies involve the past as well as the present, record the inevitable changes in all human societies, and note the successes, failures, and impacts of cultures through time. As an immediate goal, multicultural studies will teach a basic belief in human equality through diversity. Students should learn and display in-depth knowledge of the languages, beliefs, customs, and tolls of other cultures, including non-American and non-Western. If possible, they directly experience other cultures through on-campus activities with international students and/or study abroad. This knowledge and experience helps students develop curiosity and tolerance, rather than mistrust, for other ways of life. They constantly compare aspects of their lives with others. They accept the presence and validity of cultural differences. As an ultimate goal, multicultural education should refine attitudes away from prejudice. These changes in attitude are individual, and hence, measurable goals. They serve as student assessments before and after course work and experience.

1. Develop knowledge, curiosity, and appreciation of cultures and their dynamic heritages.
2. Understand the influence of culture on interactions at the local, national, and global levels.
3. Develop knowledge of languages, beliefs, customs, and/or political and economic systems of other cultures.
4. Explore differences and similarities between/among cultures.
5. Experience other cultures through campus and/or community activities and/or study abroad.
General Education:
KNOWLEDGE AREAS, continued

State-Level Goals
KNOWLEDGE AREAS

Personal Interaction
Students need to learn how humans change in intellectual, personality and socialization skills and what causes those changes. They need to learn strategies that will enable them to prevent undesirable changes in their cognitive, emotional and physiological well being. Further, they need to know the causes of personal and social conflicts and understand strategies to resolve those conflicts.

Institutional Competencies
1. Recognize the diversity of human interaction and what promotes and what impedes productive personal interactions.
2. Recognize consequences of appropriate and inappropriate behaviors in themselves and others.
3. Learn strategies that will enable them to prevent undesirable changes in their cognitive, emotional and/or physiological well being.
4. Know the causes of personal and/or social conflicts.
5. Identify and analyze appropriate strategies to resolve personal and/or social conflicts.
6. Understand how humans change in physiological, intellectual and/or socialization skills and what causes those changes.

Integrative Studies
Students are to demonstrate, in sustained as well as brief oral and written presentations, a capacity to react to a problem by marshalling facts and approaches of an interdisciplinary nature.

1. Blend concepts from disparate learning areas.
2. Explain and/or demonstrate how methods of one discipline apply to the content of another.
3. Explain how insights from one area of inquiry have informed another.
4. Respond to a problem by marshalling facts, values, resources, and approaches in an interdisciplinary manner.
GENERAL EDUCATION PROGRAM SPECIFICS

Some General Education selections listed on these pages may be limited by major/minor choice. Check the major/minor listing in the catalog for specific General Education requirements within the major/minor.

NOTE: The following three requirements must be completed to fulfill University requirements for graduation. These can be met by making careful selections in the General Education sections listed below.

1. Each student must take a course in fine arts (ART 1800, MUS 1210 or THEA 2400) in Div. II Area C, Part 2.*
2. Each student must take a history course in Div. II Area B or D (HIST 1350, HIST 1351, HIST 2402 or HIST 2410).
3. Each student must take a course (HIST 1350, HIST 1351, or POLS 1510) to fulfill state law requirements, Section 170.011 RSMO Supp (1988).

Division I  Intellectual Skills ............ 12

Area A: Written Communication - 6 credit hours
Students exceptionally prepared in written communication, as defined by Planned Placement guidelines, will take ENGL-1080 in place of ENGL 1020 and ENGL 1030. Completion of ENGL 1080 with a grade of C or above will result in 6 hours – ENGL 1080 (3) and ENGL 1020 (3).

ENGL 1020 Composition I ................. 3
ENGL 1030 Composition II .................. 3
ENGL 1080 Advanced Composition .......... 6

Area B: Oral Communication - 3 credit hours
Choose one course from the following:
COMM 1000 Public Speaking .................. 3
THEA 1100 Oral Interpretation ............... 3

Area C: Mathematical Reasoning - 3 credit hours
Choose one course from the following:
MATH 1111 College Algebra ................. 3
MATH 1150 Pre-Calculus Mathematics ...... 4
MATH 1620 Contemporary Mathematics .... 3

Division II  Core ......................... 30

Each student must take a course in fine arts (prefix ART, MUS, or THEA) in Div. II Area C. Each student must take a history course (prefix of HIST) in Div. II Area B or D.

Area A: Part I - Life and Physical Sciences - 7 credit hours
Choose any two courses with different prefixes from the following, one of which must have a laboratory component:
Biol 1003 Introduction to the Sciences:
Ecology (Lab not included) ............... 3
Biol 1004 Introduction to the Sciences:
Ecology (Lab included) .................. 4
Biol 1005 Introduction to Environmental Science (Lab not included). .......... 3
Chem 1103 Introduction to the Sciences:
Chemistry (Lab not included) ............ 3
Chem 1104 Introduction to the Sciences:
Chemistry (Lab not included) ............ 4
Easc 1004 Introduction to the Sciences:
Geology (Lab included) .................. 4
Phys 1103 Introduction to the Sciences:
Physics (Lab not included) ............... 3
Phys 1104 Introduction to the Sciences:
Physics (Lab included) .................. 4

Area A: Part II - Technology - 2-3 credit hours
Choose one technology course from the following:
Bte 1210 Essentials of Managing Info. .... 2
Lis 1600 Information Resources .......... 2
Mmg 1012 Global Production Technology .. 2
T&OE 2000 Technology and Change ....... 3

Area B: Social and Behavioral Sciences - 9 credit hours
Each student must take a course (HIST 1350, HIST 1351, or POLS 1510) to fulfill state law requirements, §170.011 RSMO Supp (1988). Choose three courses with different prefixes from the following:
Anth 1810 Human Prehistory ............... 3
Econ 1010 Principles of Economics ....... 3
Geg 2212 World Geography ................ 3
Hist 1350 History of the US to 1877 ...... 3
Hist 1351 History of the US from 1877 ... 3
Pols 1500 Introduction to Political Science .. 3
Pols 1510 American Government .......... 3
Psy 1100 General Psychology .............. 3
Soc 1800 General Sociology ............... 3

Area C: Humanities and Fine Arts - 9 credit hours
Choose one literature course from the following:
Engh 2215 World Literature to 1865 ....... 3
Engh 2220 American Literature to 1865 .... 3
Engh 2225 American Lit. 1865 to Present ... 3
Engh 2230 British Literature to 1798 ...... 3
Engh 2235 British Lit. from 1798 to Present ... 3

Area C: Humanities and Fine Arts - 9 credit hours
Choose one literature course from the following:
Engh 2215 World Literature to 1865 ....... 3
Engh 2220 American Literature to 1865 .... 3
Engh 2225 American Lit. 1865 to Present ... 3
Engh 2230 British Literature to 1798 ...... 3
Engh 2235 British Lit. from 1798 to Present ... 3
Choose two courses from the following, one course of which must be Art, Music or Theatre.

- ART 1800 Ideas and the Visual Arts 3
- COMM 3000 Film Appreciation 3
- MUS 1210 Experiencing Music 3
- PHIL 1000 Introduction to Philosophy 3
- REL 1510 Exploring Religion 3
- THEA 2400 Theatre in Western Civilization 3

Any Modern (Foreign) Language:
- FREN, GER, SPAN, CHIN 3

**Area D: Cultural Interaction - 3 credit hours**

Choose one course from the following:
- AGRI 2130 Global Agriculture 3
- ANTH 1820 Cultural Anthropology 3
- EDCI 2110 World Diversity and America 3
- GEOG 3201 The Cultural Landscape 3
- HIST 2402 History of the Modern World 3
- HIST 2410 Introduction to Africana Studies 3
- MUS 1225 Music of World’s Cultures 3
- POLS 3522 Modern East Asia 3
- WS 2000 Race, Class, and Gender 3

**Additional Institutional Requirements**

### Division III  Personal Interaction  3

Choose three hours from the following:
- CFD 1010 Individual and Family Relationships 3
- COMM 3010 Interpersonal Communication 3
- HED 1100 Personal Health 3
- PE 1206 Lifetime Fitness 3
- PHIL 2300 Ethics 3
- PSY 1320 Psychology of Personal Adjustment 3
- SAFE 2010 Safety: A Personal and Societal Focus 3

### Division IV  Integrative Studies  3

Each student must take a course in Integrative Studies which may be specified in major program or choose from Div. IV Area A. To enroll in a course for Div. IV Area A or B, a student will have successfully completed a minimum of 60 semester hours, all required Intellectual Skills courses, and at least 24 semester hours of General Education Core courses, including a course from each core area. Any additional prerequisites are listed per course.

#### Area B: Capstone Integrative Studies Courses Offered by Student’s Major Department

- ICAP 4101 Agricultural Capstone Experience 3
- ICAP 4109 Construction Operations 3
- ICAP 4110 Industrial Problem Solving 3
- ICAP 4111 Socio-Economic Factors Impacting Health 3
- ICAP 4112 Automotive Systems for Contemporary Society 3
- ICAP 4113 Air Operations Management 3
- ICAP 4115 Safety and Health Management 3
- ICAP 4221 Artists in Contemporary Society 3
- ICAP 4222 The Biology Perspective 3
- ICAP 4225 Computer Science Capstone Experience 3
- ICAP 4233 The Scientific, Historical & Sociological Impact of Mathematics 3
- ICAP 4245 Actuarial Science Capstone Experience 3
- ICAP 4357 Organizational Policy and Strategy 3
- ICAP 4468 Student Teaching Secondary II 4
- ICAP 4478 Integrative Social Work Practicum Seminar 3
THE HONORS COLLEGE PROGRAM

The Honors College offers an academic program specifically designed to enhance the educational experience of highly able and/or exceptionally motivated undergraduate students. The Honors College Program is flexibly structured to enable students to realize their full potential by providing them with opportunities for learning and development which may not be available otherwise. The College provides a stimulating academic environment within which gifted students can nurture their talents.

The Honors College will consider applications for admission to The Honors College from high school seniors, high school graduates, transfer students and Central Missouri students who have strong academic records.

For application material and information regarding admission requirements and benefits, interested students should contact the Dean of The Honors College, Library 1450, 660-543-4633.

Some of the present features of The Honors College include:
• Early enrollment
• Research grants
• Course overload privilege
• Transcript recognition.

Division I  Intellectual Skills .............. 12

Area A: Written Communication - 6 credit hours
ENGL 1080  Advanced Composition .................... 3

Students in The Honors College take ENGL 1080 in place of ENGL 1020 and ENGL 1030. Completion of ENGL 1080 with a grade of C or above will result in 6 hours of credit – ENGL 1030 (3) and ENGL 1020 (3).

Area B: Oral Communication - 3 credit hours
Choose one course from the following:
COMM 1000  Public Speaking ......................... 3
THEA 1100  Oral Interpretation ....................... 3

Area C: Mathematical Reasoning - 3 credit hours
Choose one course from the following:
MATH 1111  College Algebra ......................... 3
MATH 1150  Pre-Calculus Mathematics .............. 4
MATH 1620  Contemporary Mathematics .............. 3

Division II  Core ......................... 30

Area A: Part I - Life and Physical Sciences - 7 credit hours
Students in The Honors College choose two courses with different prefixes one of which must have a laboratory component. Students may choose the courses listed in the regular General Education Program or may substitute higher level courses in the appropriate prefix categories to fulfill this requirement with approval of the Dean of The Honors College.

Area A: Part II - Technology - 2-3 credit hours
Choose one technology course from the following:
BTE 1210  Essentials of Managing Information 2
LIS 1600  Information Resources ..................... 2
MMGT 1012  Global Production Technology ....... 2
T&OE 2000  Technology and Change ................ 3

Area B: Social and Behavioral Sciences - 9 credit hours
HIST 1350  History of the U.S. to 1877 ............. 3
OR
HIST 1351  History of the U.S. from 1877 ........... 3

Students in The Honors College may choose two additional courses with different prefixes (other than HIST) from the courses listed in the regular General Education Program or may substitute higher level courses in the appropriate prefix categories to fulfill this requirement with approval of the Dean of The Honors College.

Area C: Humanities and Fine Arts – 9 credit hours

Literature – 3 credit hours
Students in The Honors College may choose one of the courses listed in the regular General Education Program or may substitute a higher level course to fulfill this requirement with the approval of the Dean of The Honors College.

Modern (Foreign) Language – 6 credit hours
Students in The Honors College are required to take two modern language courses of a single foreign language.

Area D: Cultural Interaction - 3 credit hours
Students in The Honors College may choose one of the courses listed in the regular General Education Program or may substitute a higher level course in the appropriate prefix category to fulfill this requirement with approval of the Dean of The Honors College.
Additional Institutional Requirements

**Division III  Personal Interaction .......... 2**

HONR 3000 Honors Colloquium ............ 2
A multi-dimensional course, the content of which may vary with each offering; required of and open only to members of The Honors College. May be repeated for a maximum of six semester hours. Prerequisite: Junior standing or approval by the Dean of The Honors College.

**Division IV  Integrative Studies .......... 4**

HONR 4000 Honors Project* ............... 4
A research study or creative project entailing independent work, which is required of and only open to members of The Honors College. Prerequisite: senior standing or approval by the Dean of The Honors College.

* Not available for graduate credit

---

**Policies Governing The Honors College Program**

1. Each participant in The Honors College will be required to conform to the policy guidelines of The Honors College and the General Education Program. Suitable course electives consist of those courses permitted on the major/minor programs or in the General Education Program requirements. Any exceptions or departures will require the approval of the Dean of The Honors College.

2. Elementary education functional majors and elementary special education functional majors must include ENGL 1080, HIST 1350 or HIST 1351, Modern Languages, HONR 3000 and HONR 4000 in The Honors College Program. All other requirements of The Honors College Program are fulfilled by the requirements of those majors in conformity with the policies of the General Education Program.

For more information contact:

**The Honors College**
James C. Kirkpatrick Library 1450
University of Central Missouri
Warrensburg, MO 64093
660-543-4633
Pre-Professional Education

The Biology/Earth Science and Chemistry/Physics Departments take an active role in preparing UCM students majoring in Biology† and Chemistry/Physics* for admission to professional schools in the following areas:

- Medicine*†
- Dentistry†*
- Veterinary†*
- Physical Therapy†*
- Optometry†*
- Pharmacy†*
- Chiropractic Medicine†*
- Physician’s Assistant†*
- Engineering*
- Molecular Biology/Molecular Technology†

All new first-year Biology majors take Biology 1000. All new Chemistry majors take Chemistry 1131. Students wishing to pursue pre-professional programs are assigned to an appropriate faculty adviser whose job is to mentor the advisees:

(i) by helping them plan and prepare a program of study,
(ii) by assisting them to prepare for appropriate admissions tests administered by national agencies, e.g., MCAT, DAT, GRE, etc. The faculty adviser shares pertinent information and resources of such tests i.e. topics covered in the tests etc. with the advisee. Many professional schools use the results of such tests as important criteria for admission,
(iii) by emphasizing the importance of General Education in analytical & critical thinking, which is also evaluated in the written portions of some post-baccalaureate admission tests, e.g., MCAT,
(iv) by communicating the competitive nature of admission to the professional schools and the necessity of an “achiever’s attitude” in the classroom,
(v) by providing student “handbooks” which summarize the entire admissions process to a professional school, e.g., “The Pre-Med Handbook,”
(vi) by sponsoring student clubs in pre-professional fields (e.g., The Para-Medico Club, The Pre-Vet Club, The Tri-Beta Honor Society, etc.), and coordinating meetings between student organizations and professional school admissions officers,
(vii) by encouraging hands-on student participation in profession-related work outside the classroom (e.g., volunteering, or working in a health care facility for Pre-Meds or Pre-Dents),
(viii) by polishing the communication skills of our student applicants for professional school interviews.

In addition, the departments offer courses and research opportunities in many contemporary branches of the sciences, e.g., molecular biology, physiology, microbiology, cell biology, and biochemistry. These courses and research experiences provide students with the necessary investigative and critical thinking skills to prepare them for advanced degree programs, or as entry-level scientists in the pharmaceutical and biotechnology industries.

Pre-Law

While the American Bar Association does not recommend any particular undergraduate major to prepare for law school, a student should major in an area that is both personally satisfying and that provides the basic skills necessary to be successful in law school.

Students interested in preparing for law school should consult a pre-law adviser. The Office of Undergraduate Studies (JCKL 1450) would be happy to provide students with information and to direct them to faculty members who serve as pre-law advisers in various academic departments. These advisers would be happy to assist students in choosing courses and/or professors that will assist in developing the following skills and values:

- Analytical and Problem-Solving Skills
- Critical Reading Abilities
- Writing Skills
- Oral Communication and Listening Skills
- Research Skills
- Organizational Abilities and Management Skills
- Valuing Service to Others and Promoting Justice

Individualized Programs

A student pursuing a baccalaureate degree may request an undergraduate major or minor concentration not listed in the Catalog, but consisting of courses offered herein. Such a major or minor may be across various disciplines; however, all General Education and other degree requirements must be met. Fifty percent of the individualized major or minor must be completed through Central Missouri after approval. The student must select a faculty member to serve as an adviser. Together they will develop a proposed plan of study which must receive the written approval of the student, faculty adviser, appropriate department chair(s), dean(s) and the Assistant Provost for Undergraduate Studies. The student must include a signed statement indicating he/she accepts full responsibility for the proposal. Upon final approval of the individualized major or minor, the student is notified and a copy of the proposal is filed with the Registrar. For more information, students should inquire at the Office of Undergraduate Studies (JCKL 1450).
INTERNATIONAL STUDY

The University of Central Missouri believes strongly in the development of an international perspective among its students and faculty. One of the most exciting educational experiences available is the opportunity for students to spend a semester or year abroad. The following programs are some of the many available through the Office of International Programs in Ward Edwards 1200. For more information visit www.ucmo.edu/international or call 660-543-4195.

Alcala, Spain. www.iuien-uah.com
The University of Alcala offers classes ranging from humanities, computer sciences, law, medicine, and environmental studies. The University offers a Spanish language program with personalized courses for foreign students.

Angers, France. www.univ-angers.fr
UCM’s link with Angers is designed to provide a direct exchange for French language students.

Australearn. www.australearn.org
This organization provides an opportunity for UCM students to choose from 18 Australian universities. Courses are available in most majors and are on the southern hemisphere schedule.

Bremen, Germany. www.uni-bremen.de
Immerse yourself in German culture while enhancing your language skills at Bremen University. Central Missouri’s newest exchange partner allows students to further their foreign language skills by participating in a German language program. Bremen University also offers courses in cultural studies, economics, human and health sciences, mathematics/computer sciences, and social sciences.

Buckinghamshire, England. www.bcuc.ac.uk
BCUC offers courses in a large number of degree programs and disciplines. Academic divisions include applied social sciences and humanities, business, design, health studies, leisure and tourism and technology.

Budapest, Hungary. www.bke.hu
UCM students attend courses through the International Studies Center of Budapest University of Economic Sciences. The principal areas of study involve business and economics, but a variety of courses in social sciences and languages are also available.

Copenhagen, Denmark. www.disp.dk
The Denmark International Studies (DIS) program at the University of Copenhagen has long been considered one of the outstanding study abroad programs available to American students. The major academic areas include business, liberal arts, architecture, and marine biology, with courses taught in English by Danish professors.

Debrecen, Hungary. www.klte.hu/eng.htm
Hungary is one of the fastest growing and changing countries in the world. The University of Debrecen offers a variety of science and humanity classes in English to Central Missouri students. This is a lifetime experience and you should not let this unique opportunity pass.

Eindhoven, The Netherlands. www.tue.nl
One of Europe’s outstanding universities, Eindhoven University of Technology offers courses in English appropriate for students studying safety science, industrial hygiene, and industrial management.

Helsinki, Finland. www.hut.fi/English
UCM’s Department of Communication Disorders and the Department of Phonetics at the University of Helsinki exchange faculty and students on a regular basis.

Legon, Ghana. www.umsl.edu/services/govdocs/wofact98/96.htm
Four universities within Missouri cooperate with the University of Ghana in providing our students with unique learning opportunities in western Africa. Each student group is accompanied by a Missouri professor, and the program offers a wide diversity of academic courses and field trip possibilities. Students must attend during the Fall semester.

Lódz, Poland. www.uni.lodz.pl
Discover Poland! The University of Lódz is one of the most dynamic universities in Poland and offers a variety of classes in sciences and the humanities. This study site provides a unique flair of Eastern Europe.

The Missouri-London program is a consortium of nine Missouri universities that cooperatively send faculty and students to a central facility in London. A variety of courses are available in the humanities, business, and social science, and additional options are available through the Imperial College of Science, Technology and Medicine.

Maastricht, The Netherlands. www.ucmo.edu/mcts
Developed and coordinated by UCM’s International Office, the Maastricht Center for Transatlantic Studies combines faculty and students from a variety of universities in Europe, the United States, and Mexico. The program’s curriculum, developed and taught by an international faculty, exposes students to a variety of perspectives not found in any other academic setting.

Various Sites, Mexico. www.itesm.mx
With 27 campuses located throughout Mexico, the Tecnológico de Monterrey provides a variety of academic opportunities for Central Missouri students. Most exchange sites provide for language study plus courses in Mexican culture, business and tourism. Most courses are taught in Spanish.

New Zealand. www.unitec.ac.nz
UNITEC offers a wide variety of courses, including various programs within architecture and design, arts and sciences, business, health and environmental sciences and applied technology.
Oslo, Norway. www.hio.no
The Oslo University College offers a variety of different courses in English for UCM students with special expertise in pedagogy, multicultural work, business, and the study of professions. Many other areas of study are also offered. This study site is located in the capital of Norway and offers the perfect place for people interested in discovering Scandinavia.

Central Missouri students join other students from Europe and the United States in a variety of academic programs at the University of Örebro. Areas of study include business, communication, education, and social work.

Osaka, Japan. www.kansaigaidai.ac.jp
The focus of this exchange program with Kansai Gaidai University is on Asian studies, which includes business, political science, history, and art. Students study in English while simultaneously studying written and spoken Japanese.

Pontypridd, Wales. www.glam.ac.uk
Located just outside Cardiff, the University of Glamorgan provides exchange opportunities in the areas of communication, criminology, history, art, tourism, and business. UCM students also have the opportunity to experience life in the Welsh culture. Exchanges with the University of Glamorgan are only possible for a full year.

Preston, England. www.uclan.ac.uk
The University of Central Lancashire has several unique learning opportunities for Central Missouri students, including health studies, sport science, fire science, and a variety of business and social science programs. Located in northwest England, Preston provides easy access to Liverpool, Wales, the Lake District, and Manchester.

Sunshine Coast, Australia. www.usc.edu.au
A variety of majors exist in the sciences, businesses, and humanities in approximately 32 undergraduate programs.

Växjö, Sweden. www.vxu.se
A variety of courses are taught in English by Swedish professors, and typically include field trips within and outside Sweden. Options include courses in international studies, education, international business, computer science, and psychology.

Internships
UCM participates in established internship programs in Maastricht, The Netherlands, and in London, England. Additional opportunities are available for students interested in other options.

International Student Exchange Program (ISEP) www.isep.org
This organization allows its members to participate in balanced one-to-one exchanges of students between institutions in the U.S. and those in 35 other countries. UCM students can access universities around the world, and the program is particularly effective for students seeking non-traditional sites or those interested in improving their foreign language skills.

## College of Arts, Humanities, and Social Sciences

### Arts and Sciences

A&S 1244 Special Topics (1-3) Individual or group work in the arts and sciences.

**Integrative Studies General**

IGEN 4244 Comparative Cross-Cultural Cinema* (3) Comparison of films with various sub-themes relating to cross-cultural topics such as internationalism, racism and gender. *Not available for graduate credit.

### Religious Studies

In the area of Religious Studies, the second digit in the course number stands for the following: 1-Literature of Religions, 2-History of Religions, 3-Ethics and Moral Issues, 4-Interdisciplinary Studies Including Theologies, 5-Religion and Society, 9-Research and Readings.

**Center for Religious Studies Statement of Policy**

Students are encouraged to seek advisement concerning courses taken toward a minor in Religious Studies from the Director of the Center for Religious Studies in Wood 124 or at selvidge@ucmo.edu.

### RELIGIOUS STUDIES

**Minor for a Bachelor’s Degree**

UCM does not confer teacher certification for this minor (839)

The graduate with a minor in Religious Studies will use the knowledge, experience, and skills obtained when this program is completed to:

- Recognize differences between the academic study of religions and the personal or corporate practice of religions.
- Reflect upon personal values and value systems in a global environment by using symbolic approaches to describe problems, identify alternative solutions, and make reasoned choices among those solutions.
- Compare and contrast definitions of religion and the opinions of scholars within the fields of Religious Studies.
- Demonstrate awareness and recollection of a wide variety of religious beliefs and practices within a global, pluralistic, non-racist, and non-sexist perspective.
- Recognize conflicts within and between value systems that may have their roots within religious traditions.
- Comprehend a variety of methodologies used in the study of religions which will help to develop skills in problem solving, analyzing, and interpreting data.
- Interpret primary religious texts and experiences by summarizing, evaluating, and articulating a point of view.
- Consider multiple perspectives, recognize biases, and cope with ambiguous points of view while listening carefully and thoughtfully to the ideas of others.
- Develop a vocabulary rooted in the study of religions that will facilitate understanding of literatures, themes, and influences upon our society and the world.
- Converse in an intelligent manner about a variety of cultures, beliefs, rituals, religious literatures, world systems, and ethical issues with people from around the globe.

**GENERAL EDUCATION REQUIREMENTS (pages 34-43)** In the minor, if elected, REL 1510 fulfills 3 s.h. of Div. II C

*Course has prerequisite(s) not listed in the program.

### Literature of Religions

REL 1130 The Bible as Literature (3) A literary and historical critical analysis of the Old Testament/Hebrew Bible, the Apocrypha, and the New Testament.

### History of Religions

REL 2210 Religions in America (3) Historical development of American religious pluralism.

REL 3210 Comparative World Religions (3) Similar and contrasting aspects of the world’s major religions.

### Ethics and Moral Issues

REL 2410 Exploring Religions of Africa, the Caribbean and African-Americans in the U.S.A. (3) Explores the diversity and religious traditions in Africa, the Caribbean and among African-Americans in the U.S., emphasizing beliefs, rituals and ethical constraints.

REL 4410 Modern Religious Thought (3) Selected contemporary religious writers. Topics may include liberation theology, civil religion, feminist criticism, and black theology. Prerequisite: one course in religious studies.

### Religion and Society

REL 1510 Exploring Religion (3) Definitions, experiences, expressions, beliefs, socio-cultural contexts, and concept of self within religious traditions and practices.

REL 2510 Gender and Religions (3) Studies in how major world religions view the social responsibilities, activities, and relationships of males and females.

REL 4520 Legal Issues and Religion (3) A survey of historic and recent legal issues dealing with the relationship between religion (church) and the state. Topics will include: Bible reading and curriculum in the schools, conscientious objectors, taxation and the church, prayer and the Pledge of Allegiance. Prerequisite: REL 1510 or PHIL 3710 or equivalent.

### Interdisciplinary Studies Including Theologies

REL 2410 Exploring Religions of Africa, the Caribbean and African-Americans in the U.S.A. (3) Explores the diversity and religious traditions in Africa, the Caribbean and among African-Americans in the U.S., emphasizing beliefs, rituals and ethical constraints.

REL 4410 Modern Religious Thought (3) Selected contemporary religious writers. Topics may include liberation theology, civil religion, feminist criticism, and black theology. Prerequisite: one course in religious studies.

### Research and Readings

REL 3900 Special Projects in Religion (1-3) Individual or group study of problems in special areas of interest, such as research projects and travel seminars. May be repeated for a maximum of 6 semester hours.
Art

In the Department of Art, the second digit in the course number stands for the following: 0-Art Problems, 1-Drawing, 2-Figure Drawing and Life Drawing, 3-Design, 4-Sculpture and Ceramics, 5-Painting, 6-Commercial Art, 7-Printmaking, 8-Art History, 9-Art Education.

NOTE: The University of Central Missouri is an accredited institutional member of the National Association of Schools of Art and Design, 11250 Roger Bacon Dr., Suite 21, Reston, VA, 20190-5248; phone 703-437-0700.

Department of Art Statement of Policy

Students in studio courses in art are required to furnish their own materials except certain studio equipment and some highly specialized materials provided by the Department. All work when completed is under the control of the Department until the end of the academic year. The student is expected to have a representative portfolio of his/her work available for presentation at any time prior to graduation.

Each candidate for a degree may be required to leave with the Department of Art one or more pieces of original work. These are added to the collection of the work of graduates and will form a permanent University collection.

During the sophomore year or during the first semester after transferring from another institution, all candidates for degrees will present a portfolio of work to be reviewed by the faculty for the purpose of acceptance into the Bachelor of Fine Arts program.

During the senior year, all candidates for degrees will present an exhibition of representative work to be reviewed by the faculty as partial graduation approval. Specific information about reviews and exhibitions may be obtained in the Department of Art office.

ART

Functional Major, Bachelor of Science in Education Degree

Certification to teach art in grades K-12

The graduate with a Bachelor of Science in Education degree in Art will use the knowledge and skills obtained in these programs to:

• Demonstrate critical and creative thinking by incorporating theories and practices in art and design production adequate for innovative expression in the visual arts.

• Communicate and support informed and artistically sensitive interpretations and judgments about his/her own work as well as visual forms made by others by using perceptual, critical and aesthetic concepts that underlie the disciplines of art and design.

• Recognize and describe major periods, styles and artists in art history, as well as the historical forces that influence aesthetics, creativity and critical theory.

• Facilitate a culturally rich and visually sensitive society by recognizing and utilizing the unique and important artistic contributions made by women and men from diverse racial, geographical and cultural groups.

• Use technology in creative, critical and teaching processes as well as a resource for producing art and gathering information about art, art history, aesthetics and art criticism.

• Exhibits evidence of an understanding of the professional standards and practices for seeking employment and achieving long-term success in their degree program career field.

• Students attaining the Bachelor of Science in Education (BSE) for Art will also meet the Missouri Standards for Teacher Education Programs, including the Subject Specific Competencies for Beginning Art Teachers.

MINOR REQUIREMENTS

Certification to teach art in grades K-9. Secondary majors should see the Director of Clinical Services and Certification.

MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS (pages 34-43)

In the functional major, ART 1800 fulfills 3 s.h. of Div. II D; ICAP 4221 fulfills 3 s.h. of Div. IV B). ........................................... 42

MINIMUM TOTAL .................................................. 128

Art Problems

ART 4010 Special Projects in Art (1-3) May be repeated for a maximum of 6 semester hours.
ART 4020 Studio Seminar (3) By arrangement, with consent of the instructor involved, and through individual directed study. May be repeated for a maximum of 6 semester hours. Prerequisite: senior year with consent.

College of Arts, Humanities, and Social Sciences

Drawing

ART 1110 Drawing I (3) Basic principles of perspective and composition through problems in landscape and still life.
ART 1120 Drawing II (3) Compositional drawing in various media including ink wash and pen and ink. Prerequisite: ART 1110.
ART 3110 Drawing III (3) The application of fundamentals of drawing to creative problems in figure, still life, and landscape composition. May be repeated for a maximum of 9 semester hours. Prerequisites: ART 1120 and ART 3209.

Figure Drawing and Life Drawing

ART 3209 Figure Construction (3) The skeletal and muscular construction of the human figure as it relates to the action and proportions of the figure. Drawing from life. Prerequisite: ART 1110. An additional fee is associated with this course.
ART 3210 Life Drawing (3) Drawing from a live model with the emphasis on techniques. May be repeated for a maximum of 6 semester hours. Prerequisite: ART 3209. An additional fee is associated with this course.

Interior Design

ART 1315 Design I (3) Introduces the use of the visual elements within the context of the principles of design.
ART 1325 Design II (3) The study of color, its application within the design process and its use as an integral component in design. Prerequisite: ART 1315.
ART 2310 Introduction to Interior Design (3) A practical guide to the fundamentals of interior design and an overview of the interior design profession. Prerequisites: ART 1110 and ART 1315.
ART 2320 Residential Interior Design (3) The design process as it is applied to interior design problems. An emphasis on the elements of residential design. Prerequisites: ART 1120, ART 1325 and ART 2310 for art majors; GRAP 1110 or consent of instructor for nonmajors.
ART 2335 Design III (3) Exploration of design on a three-dimensional level utilizing design principles in the development of structural forms and the manipulation of physical space. Prerequisite: ART 1325.
ART 3305 Interior Design Presentation Techniques (3) The techniques necessary for the presentation of interior design solutions. Both traditional media and computer-aided technology will be implemented. Prerequisites: ART 1325 and ART 2310.
ART 3310 Traditional Interiors (3) A study of traditional interior design problems. An emphasis in architectural interior elements, interior surfaces, finishes, and application. Prerequisites: ART 2320 and GRAP 3160 for art majors; GRAP 1110 or consent of instructor for nonmajors.
ART 3314 Fibers (3) Basic course in the fundamentals and techniques of creating on and off loom structures and fabrics. May be repeated for a maximum of 9 semester hours. An additional fee is associated with this course.
ART 3320 Professional Practice for Interior Designers (3) The study of interior design business practices. The history of the profession and considerations required when organizing and managing a business. Prerequisite: ART 2310.
ART 3330 Restaurant and Store Planning (3) Intermediate work in interior design, studio problems, lighting, and full presentation techniques with emphasis on store and restaurant planning. An additional fee is associated with this course. Prerequisite: ART 3310 for art majors; GRAP 1110 or consent of instructor for nonmajors.
ART 3340 Interior Detailing and Furniture Design (3) The detailing of interior environments and furniture design to include casework and furnishings through a coordinated study of structure, style, and materials. Prerequisite: ART 2320.
ART 4310 Design Internship (2-3) An elective course for interior design and commercial art majors operated in conjunction with various business firms, wherein students are afforded the opportunity of working alongside professional designers in the field. May be repeated for a maximum of 6 semester hours. Prerequisite: a major on the undergraduate level of either interior design or commercial art and with approval of departmental committee.
ART 4324 Papermaking (3) Introduces the student to western techniques in hand papermaking: sheet forming and two- and three-dimensional paper structures. May be repeated for a maximum of 9 semester hours. Prerequisite: 20 semester hours of art.

ART 4340 Corporate and Institutional Design (3) Increasing emphasis on space arrangement for commercial and institutional use; introduction to specifications of materials and specification writing; emphasis in office design. May be repeated for a maximum of 6 semester hours. An additional fee is associated with this course. Prerequisite: ART 3330 for art majors; GRAP 3160 or consent of instructor for nonmajors.

Sculpture and Ceramics

ART 2412 Ceramics I (3) Basic skills on the three pottery making methods: e.g., slab, coil, and pottery wheel with emphasis on aesthetic qualities. Wheel throwing will be accent. Basic experiences in kiln stacking and firing. An additional fee is associated with this course.

ART 2420 Sculpture I (3) Fundamentals in sculpture including additive, subtractive, and construction techniques. An additional fee is associated with this course.

ART 3412 Ceramics II (3) Extended studio research in pottery design and forming. Technical methods in the preparation of clay bodies, glazes, and kiln firing and maintenance. May be repeated for a maximum of 9 semester hours. Prerequisite: ART 2412. An additional fee is associated with this course.

ART 3420 Sculpture II (3) Individual problems in techniques of sculpture utilizing a variety of media. May be repeated for a maximum of 9 semester hours. Prerequisite: ART 2420. An additional fee is associated with this course.

ART 4412 Ceramics III (3) Production of advanced ceramics projects with emphasis on the search for individual styles and choices of forming methods. Advanced study of glaze chemistry, clay body formulation, and kiln construction. May be repeated for a maximum of 9 semester hours. Prerequisite: ART 3412 or consent of instructor. An additional fee is associated with this course.

ART 4420 Sculpture III (3) Advanced individual problems in techniques of sculpture utilizing a variety of media. May be repeated for a maximum of 9 semester hours. Prerequisite: ART 3420. An additional fee is associated with this course.

Painting

ART 2511 Painting I (3) The creative art process with emphasis on the basic visual concepts and styles, ranging from the care and use of painting tools to the execution of paintings, and including some painting history. Prerequisites: ART 1110 and ART 1315.

ART 3510 Watercolor (3) Application of principles of composition in the medium of transparent watercolor. May be repeated for a maximum of 9 semester hours. Prerequisites: ART 1110 and ART 1315.

ART 3511 Painting II (3) Study and practice in basic painting techniques. May be repeated for a maximum of 9 semester hours.

ART 3513 Painting II: Plein Air (3) Working in the landscape utilizing direct observation to study and practice basic painting skills. Prerequisite: ART 2511.

ART 3515 Painting II: Figure (3) Working from the figure utilizing direct observation to study and practice basic painting skills. Prerequisite: ART 2511.

ART 4511 Painting III (3) Application of principles of composition in the medium of oil or acrylic paint. May be repeated for a maximum of 9 semester hours.

ART 4513 Painting III: Plein Air (3) Working in the landscape utilizing direct observation to develop advanced painting skills. Prerequisites: ART 3511 or ART 3513 or ART 3515.

ART 4515 Painting III: Figure (3) Working from the figure utilizing direct observation to develop advanced painting skills. Prerequisite: ART 3511 or ART 3513 or ART 3515.

Commercial Art

ART 2610 Introduction to Commercial Art (3) Basic orientation to the field of commercial art. Presentation skills, use of tools and materials. Creative problem solving in the areas of advertising, publication, graphic design, and illustration. Prerequisites: ART 1110 and ART 1315. Graphic arts majors—GRAP 2030 and GRAP 2031. An additional fee is associated with this course.

ART 3610 Typography (3) Principles of design and usage of letter forms and alphabet styles provide the basis for experiments in spacing, arrangement, and integration of typographic and other graphic elements on the printed page. Prerequisites: ART 1110 and ART 1315. Graphic arts majors—GRAP 2030 and GRAP 2031. An additional fee is associated with this course.

ART 3620 Logo/Trademark Design (3) The design of symbolic and lettergraphic identifiers, practical application of symbols, signs, and visual metaphors from simple logotypes to sophisticated corporate identity programs. Only offered Spring semester. Prerequisites: ART 2610 and ART 3610. An additional fee is associated with this course.

ART 3625 Illustration Techniques (3) The application of wet and dry media with various surfaces to achieve a range of visual effects with an emphasis on exploration and experimentation. Nineteenth and twentieth century illustrators’ works are studied as a means of understanding visual possibilities and styles. Prerequisite: ART 2610. An additional fee is associated with this course.

ART 3630 Design for Advertising (3) Advertising concepts, layout, client presentation for print application. Developing, visualizing, and communicating effective advertising for magazines, newspapers, and outdoor posters. Only offered Fall semester. Prerequisites: ART 2610 and ART 3610. An additional fee is associated with this course.

ART 3640 Package Design (3) Packaging and point-of-sale graphics from concept to client presentation. Only offered Spring semester. Prerequisite: ART 3620. An additional fee is associated with this course.

ART 3660 Publication Design (3) Publications as design problems. The design of folders, brochures and soft-bound print pieces through the manipulation of type, photos, art, paper and grid systems. Only offered Fall semester. Prerequisites: ART 3620. An additional fee is associated with this course.

ART 4610 Interactive Design (3) An introduction to the field of digital visual communication. Integration of new technologies, concepts and methods will be explored. Prerequisites: ART 3660 and consent of instructor or department adviser. An additional fee is associated with this course.

ART 4620 Motion Design* (3) Introduction to the field of motion graphics including: time-based works, animation, sound, and digital multimedia. Exploration of technologies, methods and concepts in motion design. Prerequisites: ART 3620 and ART 3630 or instructor consent. “Not available for graduate credit.

ART 4625 Advanced Illustration I* (3) The application of illustration techniques and concepts to advertising and editorial assignments in a simulated professional setting. Projects will stress the research and generation of visual references, working with art directors and editors, meeting tight deadlines. Prerequisite: ART 3635. An additional fee is associated with this course. “Not available for graduate credit.

ART 4635 Advanced Illustration II* (3) A continuation of ART 4625 with an emphasis on the business aspects of free-lance illustration. Prerequisite: ART 4625. An additional fee is associated with this course. "Not available for graduate credit.

Printmaking

ART 2710 Introduction to Printmaking (3) This course is designed to acquaint the student with the basics of various printmaking processes. Prerequisites: ART 1110 and ART 1315. An additional fee is associated with this course.

ART 3710 Intaglio (3) Intaglio printmaking methods and production. May be repeated for a maximum of 12 semester hours. Prerequisite: ART 2710. An additional fee is associated with this course.

ART 3720 Lithography (3) Printmaking techniques in traditional stone lithography. May be repeated for a maximum of 12 semester hours. Prerequisite: ART 2710. An additional fee is associated with this course.

ART 3730 Serigraphy (3) Application of traditional and photographic silk screen processes of reproduction to commercial and fine arts
problems. May be repeated for a maximum of 12 semester hours. 
Prerequisite: ART 2710. An additional fee is associated with this course.

ART 3740 Relief Printmaking (3) The development of the print through the raised surface process. The student will engage in the technique through both traditional and contemporary materials. Single color and multicolor printing will be explored. May be repeated for a maximum of 12 semester hours. Prerequisite: ART 2710. An additional fee is associated with this course.

Art History

ART 1800 Ideas and the Visual Arts (3) Explores the idea and practice of the visual arts in modern society. A study of style, form, content, and aesthetic judgment emphasizing the visual arts as a means of communicating ideas.
ART 1813 Art History Survey I (3) Prehistoric to the fourteenth century.
ART 1825 Art History Survey II (3) Art history from 1400 to the present.

ART 1835 Survey of Non-Western Art History (3) The survey of the aesthetic and stylistic development of the traditional arts and architecture of non-western culture.

ART 3800 History of Furniture and Interiors (3) The survey of the furniture and interiors from ancient to modern times. Emphasis is given to the styles from the Renaissance to the nineteenth century.

ART 4820 Italian Renaissance Art and Architecture (3) A history of the visual arts in Italy from 1400 to 1700.

ART 4850 Twentieth Century Art and Architecture (3) A history of the visual arts of the world in the twentieth century.

ART 4860 Contemporary Art & Design (3) The exploration of contemporary art and design in a context of art historical style by utilizing specialized information networks which chart and chronicle its development.

Art Education

ART 3910 Art for Elementary Schools (2) Elements of art structure and the principles of composition and their application in creative visual art experiences, especially adapted for children ages 4 through 12. An additional fee is associated with this course.

ART 3915 Methods of Teaching Art I: Elementary (3) The art teacher’s role in teaching art history, art criticism and aesthetics, along with the production of artwork for children ages 4 through 12, will be explored. Prerequisites: ART 1110 and ART 1315. An additional fee is associated with this course.

ART 3920 Methods of Teaching Art II: Secondary (3) The art teacher’s role and methods of teaching art production, art history, art criticism and aesthetics for students grades 6-12, will be explored. Prerequisite: ART 3915; should be taken concurrently with EDCI 3500 and EDCI 3550. An additional fee is associated with this course.

ART 4920 Methods of Teaching Art III: Student Teaching Seminar* (2) Application of previous art methods and education course knowledge to preparing for student teaching placements, fulfilling program exit requirements, and developing skills for seeking employment. Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; should be taken concurrently with ART 4930 during the Professional Semester. *Not available for graduate credit.

ART 4930 K-12 Field Experience in Art* (1) Participation in the elementary and secondary art locations where student teaching will take place, ensuring an effective transition from University campus setting to student teaching. Prerequisites: admission to the Teacher Education Program; should be taken concurrently with ART 4920 during the Professional Semester (the student teaching semester). *Not available for graduate credit.

Integrative Studies Capstone

ICAP 4221 Artists in Contemporary Society* (3) Artists examine diverse theories of art and ethics as it impacts their careers in a global society. Prerequisite: Consent to enroll, based on the following conditions: all general studies completed; art major; scheduled for graduation the semester enrolled (or following semester if an art education major). *Not available for graduate credit.
BROADCAST MEDIA
Major, Bachelor of Science Degree
Please see the Department of Communication for updates regarding this program.
(43-342)

Broadcast Media Statement of Policy
Application into the Broadcast Media major should be made after departmental program pre-admission requirements have been completed.
Admission to the Broadcast Media program is conditional upon the completion of the following prerequisites:
1. Completion of the following General Education requirements with no grade lower than C: COMM 1000, ENGL 1020 and ENGL 1030, or ENGL 1080.
2. Completion of the following Broadcast Media gateway courses:
   COMM 1200, COMM 2400, COMM 2415. Students must maintain a 2.50 grade point average with no course credit lower than a C in these courses.

Course Work
1. A first semester student majoring in Broadcast Media should meet with a departmental adviser before registering for additional classes.
2. A student may not graduate with a degree in Broadcast Media in which the grade of record for any required communication course work is an F.
3. Excluding COMM 1200, COMM 2400, COMM 2415, a maximum of six semester hours in which the grade of record for any communication coursework is a D may be counted toward a Broadcast Media major.
4. Course substitutions for the catalog requirements may be made only upon approval by the appropriate departmental adviser and department chair.
5. Some production or writing courses require participation in activities outside the class meeting hours. Students should be prepared to participate in these activities, which sometimes include assignments in conjunction with the campus media.
6. Some lecture courses require attendance at departmental colloquia and/or other University presentations. Students should be prepared to participate in these assignments as a part of their degree programs.
7. In order to graduate with a degree in Broadcast Media, a student must attain a 2.25 (or above) grade-point average for all credit hours (completed at UCM or elsewhere) and attain a 2.50 (or above) grade-point average for all course work in the major.

The graduate with a Bachelor of Science degree in Broadcast Media will use the knowledge and skills obtained in the program to:
• Demonstrate an understanding of the theories of communication through broadcast media.
• Demonstrate an understanding of how research is applied and critiqued in media industries.
• Demonstrate preparedness for the industries of mass media through practical knowledge of the process of production.
• Demonstrate an understanding of the history of and effects of electronic media in today’s society.

COMMUNICATION
Minor for a Bachelor’s Degree
Students majoring in any Communication degree are not eligible to take this minor.
Please see the Department of Communication for updates regarding this program.
UCM does not confer teacher certification for this minor.

CORPORATE COMMUNICATION
Major, Bachelor of Science Degree
Please see the Department of Communication for updates regarding this program. (43-356)
The graduate with a Bachelor of Science degree in Corporate Communication will use the knowledge and skills obtained in the program to:
• Demonstrate a general knowledge and application of communication theory within an organizational context.
• Demonstrate ability to critique and apply various research methods and/or approaches within an organizational context.
• Demonstrate preparedness for professional life and/or further academic study.

Statement of Policy
Admission to the degree program is contingent upon the completion of the following prerequisites:
1. A cumulative grade-point average of 2.50
2. Application to the program should be made as soon as all ten hours of the core courses have been completed.
3. Permission to proceed with the internship requirement is contingent upon the student presenting grades of “C” or better in the pre-internship requirements (COMM 2330, COMM 2380, COMM 3327, and COMM 4780).
4. Transfer students without Communication 3010 equivalency must take COMM 3010 Interpersonal Communication.

JOURNALISM
Major, Bachelor of Science Degree
Please see the Department of Communication for updates regarding this program.
For admission and classwork requirements, see Statement of Policy. (43-345)

Journalism Statement of Policy

Admission
Application into the Journalism major should be made after departmental program pre-admission requirements have been completed. Departmental advisers can be obtained through the office professional in Martin 136.

Admission to the program is conditional upon the following prerequisites:
1. Completion of the following general education requirements with a grade no lower than a C: COMM 1000, ENGL 1020, ENGL 1030 or ENGL 1080, and COMM 3010.
2. Departmental approval of admission will be made after completion of the six semester hours of course work which are called the gateway courses (see item 3).
3. All journalism majors must obtain a C or better in COMM 1520 and COMM 2520 and maintain a 2.25 GPA in all of their coursework in their major.

Program Goals. The graduate with a Bachelor of Science degree in Journalism will use the knowledge and skills obtained in the program to:
- Understand newsgathering and reporting
- Appreciate photojournalism
- Understand media law and ethics.
- Edit writing for news value, style, grammar and writing quality.
- Appreciate electronic journalism.
- Understand mass media and society.
- Be able to conceptualize page design.

PUBLIC RELATIONS
Major, Bachelor of Science Degree
Please see the Department of Communication for updates regarding this program.
For admission and classwork requirements, see Statement of Policy.
(43-351)

Admission
Application in the Public Relations major should be made after departmental pre-admission requirements have been completed.
Admission to the Public Relations degree program is conditional upon the completion of the following prerequisites:
1. All public relations majors must obtain a 2.25 GPA (with no grade lower than a C) in COMM 2620, COMM 2625 and COMM 3620.
2. Public Relations B.S. majors must obtain a 2.25 (or above) grade point average for all credit hours (completed at UCM or elsewhere) and attain a 2.5 grade point average for all course work in the major.

The graduate with a Bachelor of Science degree in Public Relations will use the knowledge and skills obtained in the program to:
• Demonstrate public relations driven knowledge and application of strategic communication concepts.
• Demonstrate ability to effectively evaluate and utilize research for public relations purposes.
• Demonstrate critical thinking, problem-solving, and decision making abilities in the professional arena.
• Demonstrate preparedness for professional life and/or further academic study.

</tbody>
</table>
COMM 3500 Principles of Presentational Speaking (3) Designed to increase awareness and understanding of speech theory and, by means of speaking exercises, to increase proficiency as a speaker in a variety of professional settings. Prerequisite: COMM 1000.

COMM 3355 Speech Writing and Criticism (3) A study of critical practices and methodology including the composition of speech manuscripts and the application of standards for evaluation.

COMM 3370 Special Topics in Speech Communication (1-3) The study of subjects not included in department’s regular offering such as parliamentary procedure, intercultural and/or therapeutic communication. May be repeated for a maximum of 6 semester hours. Prerequisite: Consent.

COMM 3390 Forensics (1) Participation in intercollegiate forensics-debate, oratory, extemporaneous speaking, discussion, and oral interpretation. May be repeated for a maximum of 3 semester hours.

COMM 3400 History of American Film (3) Development of the American film from the silent era to the present.

COMM 3410 Audio Production II (3) Techniques of digital-audio post-production and practical studio performance applications. Prerequisite: COMM 2411.

COMM 3411 Video Production II (3) Intermediate course in digital video production/performance covering electronic field production, electronic news gathering, producing, directing, shooting and editing techniques. Prerequisite: COMM 2412.

COMM 3412 Single Camera Dramatic Production (3) Production of dramatic programs shot on 16mm film or digital video. Topics include scripting, directing, shooting, non-linear editing and animation. Prerequisite: COMM 2412.

COMM 3413 Multimedia II (3) Advanced multimedia applications, including audio/video, animation, and incorporation of moving images, two-dimensional images and text to create interactive, multi-media environments. Prerequisite: COMM 2410.

COMM 3430 Broadcast Programming and Operations (3) Operation and programming of radio and television stations with emphasis on analysis of programming principles and practices, schedule development and audience behavior. Prerequisite: COMM 2400.

COMM 3500 Reporting Public Affairs (3) Techniques of reporting city, county, state, and federal government, as well as boards of education and other governmental entities. Prerequisites: COMM 2520 and COMM 3200 or consent of instructor.

COMM 3505 Introduction to High School Video Production (1) The high school journalism teacher will learn about single camera operation, lighting, graphics, talent position, voice, body and performance. Prerequisite: admission to the journalism minor, Bachelor of Science in Education.

COMM 3525 Feature Writing (3) Advanced course in writing special articles for newspapers and magazines. Prerequisites: COMM 2520 and completion of General Education Div I A.

COMM 3530 Photo Journalism (3) Effective use of photography in journalism communication. Prerequisites: GRAP 1210 or consent.

COMM 3535 Broadcast Journalism (3) Philosophy and techniques of radio and television journalism. Prerequisite: COMM 1520.

COMM 3625 Strategic Planning for Public Relations (3) Students will apply theoretical knowledge from entry-level coursework to real world public relations applications. Helps students develop preliminary strategic planning skills. Prerequisites: COMM 2620 and COMM 2625.

COMM 3625 Design and Layout for Publications (1) Designed to equip students with the preliminary design, software and layout skills needed to produce magazines, house organs, and the like.

COMM 3640 Mass Media Advertising (3) The techniques and roles of advertising in the mass media.

COMM 3730 Communication Conflict Management (3) An examination of communication factors which contribute to conflicts and an analysis of their resolution.

COMM 4200 Special Topics in Mass Media (1-9) Departmentally selected topics of contemporary interest in mass media or specialized areas of the media; variable content. May be repeated for a maximum of 9 semester hours (only 6 hours will apply to the major).

COMM 4210 Mass Media Practicum II (1) Provides hands-on experience at the Muleskinner. Prerequisite: COMM 3200.

COMM 4240 Media Management (2) Elements involved in the organization and successful operation of mass media enterprises; special emphasis upon interpersonal problems.

COMM 4245 Media Economics and Sales (3) Business aspects of mass media in a competitive economy, including techniques for selling advertising space and time.

COMM 4250 Mass Communication Law (3) Application of principles of law to the mass communication media, media practice, advertising, and freedom of information, including libel, right of privacy, copyright. Prerequisite: Junior, senior or graduate standing.

COMM 4260 Comparative Media Systems (2) Role of mass media in major countries and in developing areas; sociopolitical, economic, cultural and historical perspective.

COMM 4280 Criticism of Mass Media (2) Evaluation of the products of the audiovisual and print media, social effects, and the historical bases of public criticism of the individual media.

COMM 4285 Women and Minorities in Media (3) The study of women and minorities, their contributions and images, in a variety of media. Prerequisite: COMM 1200 or COMM 3010 or consent of instructor.

COMM 4290 Special Projects in Mass Communication (1-3) Individual study/research in mass communication. May be repeated for a maximum of 3 semester hours. Prerequisite: written consent.

COMM 4295 Internship (1-6) A practical training experience for the application of mass media and/or public relations principles. May be repeated for a maximum of 6 semester hours. Prerequisites: completion of the preadmission requirements for internship placement and departmental approval.

COMM 4300 Special Projects in Speech Communication (1-3) May be repeated for a maximum of 6 semester hours. Prerequisite: Consent.

COMM 4320 Persuasion (2) Emotive, cognitive, and behavioral sources of persuasive appeal.

COMM 4330 Theories of Interpersonal Communication (3) An in-depth study of selected theories and supporting research findings of the communication process as it occurs in informal face-to-face situations.

COMM 4335 Gender Communication (3) Gender as it influences communication processes in intrapersonal, interpersonal, group, public and mediated contexts. Prerequisite: COMM 3010 and consent of instructor.

COMM 4340 Classical Rhetorical Theory (3) Foundations and development of rhetorical theory during the Classical Period with special emphasis given to Plato, Aristotle, Cicero, and Quintillian.

COMM 4345 Modern Rhetorical Theory (3) An examination of significant movements in the development of twentieth century rhetorical theory including the contributions of Kenneth Burke, Richard Weaver, and Marshall McLuhan.

COMM 4390 Contemporary Communication (2) Public address as it functions in contemporary society in a variety of traditional and mass media settings.

COMM 4410 Video Production III (3) Preparation and production of short programs, with emphasis on advanced shooting and editing techniques. Prerequisite: COMM 3411 or COMM 3412.

COMM 4415 Screenplay Writing (3) Principles, techniques and formats of dramatic screenwriting for film and television.

COMM 4470 Corporate and Organizational Media Production (3) Production of instructional, training and informational videos for use within corporations and other organizations.

COMM 4475 New Media Technologies (2) Technological developments and their uses (existing and potential) as information distribution systems.

COMM 4490 Senior Capstone Seminar (2) Preparation of a portfolio and résumé tape representing the student’s best work; in addition, students will participate in assisting and tutoring students in lower-level courses in the major. Prerequisite: instructor’s permission.

COMM 4500 Heritage of American Journalism (3) Development of the American press from colonial days to modern times; factors affecting the shape and contents of the press in contemporary society.
COMM 4510 Magazine Design and Production (3) The magazine process from the collection of raw material through layout and design to the circulation of the finished product. Prerequisites: COMM 2625, COMM 3625.

COMM 4520 Editorial and Interpretative Writing (3) Principles and techniques of editorial and interpretative article writing; relationship between the news, the editorial and the business aspects of a newspaper. Prerequisite: COMM 3525.

COMM 4522 Desktop Design for Teachers (3) Instructs students in the use of QuarkXpress for newspaper design and makeup. Prerequisite: COMM 2520 or consent.

COMM 4535 Advanced News Reporting (3) Problems and techniques of researching and gathering material for in-depth news reporting concerning the political, economic, and social aspects of contemporary society. Prerequisite: COMM 3525.

COMM 4555 Advanced Editing (3) Provides advanced editing skills for news media. Emphasis on news judgment, language use, copy improvement, headline and cutline writing, wire services, photo editing, page layout and design. Prerequisite: COMM 2520.

COMM 4571 Methods of Teaching Journalism (3) Practical methods in the teaching of journalism. Prerequisite: admission to the journalism minor, Bachelor of Science in Education

COMM 4680 Publicity (3) Overview of the publicity process including written, spoken, and/or videotaped messages using the mass media as a public relations tool. Prerequisites: COMM 2620 and COMM 3620.

COMM 4685 Case Studies in Public Relations (2) Public relations problems of individual business and civic organizations; analysis of actual and proposed solutions. Prerequisite: COMM 2620 and COMM 3620.

COMM 4690 Campaigns (3) Overview of the public relations campaign process with actual “hands on” application. Students will plan, organize and conduct an actual campaign for an organization. Prerequisite: COMM 4680 and COMM 4685.

COMM 4780 Advanced Theories of Organizational Communication (3) A consideration of theories and principles of communication structures and systems within organizations.

COMM 4781 Assessment of Organizational Communication (2) The assessment and measurement of human interaction within professional settings.

COMM 4783 Communication Training (3) Communication as the coupling that holds organizations together and the agent of change that ensures health and growth. Students will assess needs and determine communication links; design, develop, and implement learning modules for human resource development; and design and interpret evaluation means to determine the effectiveness of the training. Prerequisite: Consent of instructor.

COMM 4785 Internship in Speech Communication (1-6) The application of speech communication principles and theories in business, industry, and government settings. May be repeated for a maximum of 6 semester hours. Prerequisites: COMM 2380, COMM 3327, and COMM 4780 with a grade of "C" or better. COMM 4780 may be taken concurrently with COMM 4785 with the permission of the department chair.

Integrative Studies General

IGEN 3224 Critical Thinking (3) Provides insight into and application of the skills needed to think critically about interpersonal and media messages, as well as analyze information.

IGEN 3232 Media Literacy (3) Explores the relationships among media, its consumers, and producers. Integrates cultural, technological, and economic perspectives on mass media and visual communication.

IGEN 4224 Communication, Science and Technology (3) Students will focus on the interactions among science, technology and society by examining scientific communication and scientific technological controversies. Prerequisite: completion of General Education Div. II A.

Rhetoric and Composition

NOTE: Students desiring preparatory courses to ENGL 1020 should see “Academic Enrichment” in this catalog.

ENGL 1020 Composition I (3) The logic and rhetoric of expository writing. Prerequisite: placement according to University policy applies.
ENGL 1030 Composition II (3) Advanced writing involving research and a generic study of literature. Prerequisite: ENGL 1020 or equivalent.
ENGL 1080 Advanced Composition (3) The logic and rhetoric of expository writing taught at an advanced level, involving research. Prerequisite: placement according to University policy applies.
ENGL 2050 Creative Writing (3) Introduces students to terminology and techniques in writing and analyzing poetry and fiction; lecture and workshop format.
ENGL 3040 Advanced Rhetoric (3) Practice in the devices of effective writing. Prerequisite: admission to Teacher Education Program for English majors and functional majors, Bachelor of Science in Education degree.

ENGL 3051 Advanced Poetry Writing (3) Poetry writing at advanced level; written and oral analysis of students’ creative work; preparation of individualized portfolio (may include research); workshops. Prerequisites: ENGL 2050 or consent of instructor.
ENGL 3052 Advanced Fiction Writing (3) Fiction writing at advanced level; written and oral analysis of students’ creative work; preparation of individualized portfolio (may include research); workshops. Prerequisites: ENGL 2050 or consent of instructor.
ENGL 4051 Writing Poetry for Publication (3) Poetry writing at advanced level; written and oral analysis of published works and of students’ submissions; preparation of individualized portfolio; individualized research into publishing. Prerequisites: ENGL 2050, ENGL 3051, ENGL 3052 or consent of instructor.
ENGL 4052 Writing Fiction for Publication (3) Fiction writing at advanced level; written and oral analysis of published works and of students’ submissions; preparation of individualized portfolio; individualized research into publishing. Prerequisites: ENGL 2050 and one of the following: ENGL 3051 or 3052, or consent of instructor.
ENGL 4053 Writing Non-fiction for Publication (3) Non-fiction prose writing at advanced level; written and oral analysis of published works and of students’ submissions; preparation of individualized portfolio; individualized research into publishing. Prerequisites: ENGL 2050 and one of the following: ENGL 3051 or 3052, or consent of instructor.
ENGL 4054 Practicum in Editing and Publishing* (3) Hands on experience in editing and publishing in such areas as literary editing and publishing, technical writing, books editing, legal writing, and others. Prerequisite: Consent of instructor. *Not available for graduate credit.

Language Study and Grammar

ENGL 1180 Spoken English as a Second Language (3) Guided practice for non-native English speakers in comprehending and producing oral English for academic purposes. May be repeated for a maximum of 6 semester hours.
ENGL 1190 Written English as a Second Language (3) Guided practice for non-native English speakers in writing English for academic purposes. May be repeated for a maximum of 6 semester hours. Prerequisite: ENGL 1180 or consent of the English as a Second Language Committee.
ENGL 3110 English Grammar (3) A comparative study of English grammars with strong emphasis on traditional grammar and including structural and transformational approaches. Prerequisite: for English majors pursuing a Bachelor of Science in Education degree - Admission to Teacher Education Program.
ENGL 3120 History of English Language (3) Growth and nature of the English language.
ENGL 4110 Linguistics (3) Introduction to the study of language as a system of human communication.
ENGL 4120 Language and Culture (3) Exploration of the nature of culture and its impact on perceptions, communication, behavior, and ways of learning with emphasis on its influence on school achievement.

Literary Study and Criticism

ENGL 2200 American Literature to 1865 (3) An introduction to major American authors and works from the colonial period to the Civil War. Prerequisites: ENGL 1020 and ENGL 1030, or ENGL 1080, or equivalents.
ENGL 2205 American Literature 1865 to Present (3) An introduction to major American authors and works from the Civil War to the present. Prerequisites: ENGL 1020 and ENGL 1030, or ENGL 1080, or equivalents.
ENGL 2210 British Literature to 1798 (3) An introduction to major British authors and works from 700 to 1798. Prerequisites: ENGL 1020 and ENGL 1030, or ENGL 1080, or equivalents.
ENGL 2215 British Literature 1798 to Present (3) An introduction to major British authors and works from 1798 to the present. Prerequisites: ENGL 1020 and ENGL 1030, or ENGL 1080, or equivalents.
ENGL 2220 World Masterpieces (3) Major works of world literature, excluding British and American. Prerequisites: ENGL 1020 and ENGL 1030, or ENGL 1080, or equivalents.

ENGL 2230 Literature and Film (3) Reading and discussion of selected novels and film scripts combined with laboratory viewing sessions.

ENGL 2240 Literature and the Arts (3) A course relating literature to the arts of painting, sculpture, architecture, music, and the dance.

ENGL 2270 Fiction by Women Around the World (3) Novels and short stories by women around the globe.

ENGL 2290 Science Fiction and Fantasy (2) An introduction to science fiction and fantasy.

ENGL 3230 Special Topics in Gothic Literature (3) This course is designed to cover topics in the literature of horror and the supernatural of interest to English majors and non-majors.

ENGL 3240 Critical Approaches to Literature (3) Introduces students to literary criticism and its practical application through the study of literary texts and critical essays, and through writing assignments.

ENGL 4310 Chaucer (3) Life and times of Chaucer with extensive reading in his major works. Prerequisite for English majors: ENGL 2215.

ENGL 4340 Old and Middle English Literature (3) Literary genres and contributions from Beowulf to 1500 (excluding Chaucer). Prerequisite for English majors: ENGL 2215.

ENGL 4330 Renaissance English Writers (3) Literary figures of the Elizabethan and Jacobean periods, excluding Shakespeare. Prerequisite for English majors: ENGL 2215.

ENGL 4360 Shakespeare (3) Study seven or more Shakespearean plays, including comedies, histories, tragedies and romances, with attention to Renaissance backgrounds, literary analysis, and theatrical traditions. Prerequisite for English majors: ENGL 2210 or ENGL 2213.

ENGL 4450 The Age of Milton (3) English poetry, prose, and drama of the Puritan and Restoration times. Prerequisite for English majors: ENGL 2215.

ENGL 4460 The Age of Pope and Johnson (3) Fiction, poetry, essays and drama during the times of Pope and Johnson. Prerequisite for English majors: ENGL 2215.

ENGL 4500 Nineteenth Century English Novel (3) Representative novels from Austen through Gaskell. Prerequisite for English majors: ENGL 2210.

ENGL 4510 Romantic Poets and Essayists (3) Major poets and essayists of the English Romantic period. Prerequisite for English majors: ENGL 2210.

ENGL 4540 The Victorian Poets and Essayists (3) Major poets and essayists of the English Victorian period. Prerequisite for English majors: ENGL 2210.

ENGL 4560 British Women Writers (3) Study of major works by British women writers, with an introduction to feminist criticism. Prerequisite for English majors: ENGL 2210.

American Literature From Its Beginnings to 1914

ENGL 3660 Studies in Literature and Philosophy (3) An interdisciplinary approach to the study of literature and philosophy. Course instructors will change to fit the particular topic of the course.

ENGL 4610 American Renaissance (3) The works of Emerson, Hawthorne, Thoreau and Melville. Prerequisite for English majors: ENGL 2205.

ENGL 4620 Early American Literature (3) Major figures of colonial, federal, and early 19th century literature. Prerequisite for English majors: ENGL 2205.

ENGL 4640 American Realists and Naturalists (3) Works of Twain, Howells, James, Dreiser, Chopin, and Crane. Prerequisite for English majors: ENGL 2200.

ENGL 4660 Women Writers of the United States (3) Prerequisite for English majors: ENGL 2200.

ENGL 4670 Ethnic American Literature (3) A survey of America's old and new ethnic writing, with particular emphasis on Native, Asian, Hispanic, and African American writers and a general emphasis on other groups. Prerequisite for English majors: ENGL 2200 or ENGL 2205.

ENGL 4680 African American Literature (3) A survey of African American writers from the Colonial period to the present with emphasis on twentieth century writers. Prerequisite for English majors: ENGL 2200 or ENGL 2205.

Modern Literature

ENGL 4700 British Fiction 1890 to Present (3) Representative fiction by major British authors from 1890 to the present. Prerequisite for English majors: ENGL 2210.

ENGL 4710 Modern American Fiction (3) Prerequisite for English majors: ENGL 2200.

ENGL 4720 Modern British Poetry (3) British poetry of the twentieth century. Prerequisite for English majors: ENGL 4720.

ENGL 4730 Modern American Poetry (3) American poetry of the twentieth century. Prerequisite for English majors: ENGL 2200.

ENGL 4740 Modern Drama (2) Readings in the significant drama of the Western World from Ibsen and Chekov to the present.

Teaching Methods in English

ENGL 2830 Literature for Adolescents (3) Reading course intended for those who will teach high school English.

ENGL 4810 Seminar in Teaching English (2-3) May be repeated with different offerings, such as Individualizing Instruction, Teaching Traditional Grammar, How to Teach the Novel, Techniques of Theme Grading, Teaching Creative Writing, or Teaching Prosody. May be repeated for a maximum of 6 semester hours of undergraduate credit and 6 semester hours of graduate credit.

ENGL 4820 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with ENGL 4890 during the Professional Semester. *Not available for graduate credit.

ENGL 4840 Composition and Evaluation (3) Techniques of writing and evaluating composition for those planning to teach. Prerequisite: admission to Teacher Education Program for English majors and functional majors, Bachelor of Science in Education degree.

ENGL 4890 Methods of Teaching English* (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with ENGL 4820 during the Professional Semester. *Not available for graduate credit.

Research and Readings

ENGL 3990 Special Topics in English (1-3) Individual or group work by qualified students in areas such as creative writing, literature, or language. May be repeated for a maximum of 6 semester hours. Prerequisite: approval of department chair.

ENGL 4990 Special Projects in English (1-3) May be repeated for a maximum of 6 semester hours.
Philosophy

In the section of Philosophy, the second digit in the course number stands for the following: 0-General, 1-History, 2-Special Projects, 3-Ethics, 4-Logic, 5-Aesthetics, 6-Special Topics, 7-Religion, 8-Theory of Knowledge.

PHILOSOPHY

Minor for a Bachelor’s Degree

UCM does not confer teacher certification for this minor.

(317) Students who complete a minor in Philosophy will use the knowledge and skills obtained to:

- Demonstrate knowledge and understanding of the major writings of the eminent philosophers of the classical period and the modern period (16-18th century).
- Demonstrate knowledge and understanding of how philosophical ideas have evolved through the history of philosophy.
- Demonstrate knowledge and understanding of the major theories of ethics (such as virtue ethics, consequentialism, utilitarianism, deontological ethics, etc.) as well as the writings of philosophers such as Plato, Aristotle, Hume, Kant, etc.
- Demonstrate practical competence in applying the techniques of formal and informal logic for evaluating arguments.

Religion

PHIL 3710 Philosophy of Religion (3) The concept of religion, analysis and evaluation of arguments for God's existence, the problem of evil, the nature of religious language, the concept of immortality, and related topics.

Theory of Knowledge

PHIL 3800 Philosophy of Science and Technology (3) Philosophical examination of the nature of scientific theorizing; the relation between scientific methodology, rationality, and progress; the nature of technology and its relation to science.
History and Anthropology

Department of History and Anthropology

Statement of Policy

A course with a grade lower than a "C" will not be allowed to fulfill a major or minor requirement in any program offered by the Department of History and Anthropology.

HISTORY

Major, Bachelor of Arts Degree
(42-420)

The graduate with a Bachelor of Arts in History degree will use the knowledge and skills obtained in the program to:

• Learn and judge the basis of historical knowledge in references, documents, archives, artifacts, and electronic media.
• Differentiate between fact and interpretation, logic and bias; effectively communicate this knowledge in written and technological formats.
• Recognize conceptual frameworks and apply a point-of-view.
• Determine cause-and-effect relationships in the past.
• Read history critically for alternatives.
• Learn lessons from the past by applications to the present.
• Respect the past as prologue to the present.
• Integrate historical knowledge with other fields of study.

HISTORY

Minor for a Bachelor’s Degree

UCM does not confer teacher certification for this minor (422)

American History

HIST 1350 History of the United States to 1877 (3) Survey of U.S. history from the age of exploration to 1877. Fulfills state requirements of Section 170.011 RSMo.
HIST 1351 History of the United States from 1877 (3) Survey of U.S. history from 1877 to present. Fulfills state requirements of Section 170.011 RSMo.
HIST 4300 Missouri History (3) Missouri history from earliest times to the present.
HIST 4301 American Historical Biography (3) Biographies of selected American political leaders and molders of opinion and institutions showing the interaction of men/women and their times and the resulting influences on American development.
HIST 4307 American Colonial History 1607-1763 (3) American political, economic, and cultural institutions in the colonial period.
HIST 4310 Women in America (3) Women in America from colonial times to the present with emphasis upon the nineteenth century feminist movement and the recent twentieth century women’s rights movement.
HIST 4311 Revolution and Republic (3) American political, economic, and cultural institutions from 1763 to the War of 1812.
HIST 4314 Jacksonian America (3) Cultural, social, political and economic development of the United States from the War of 1812 to 1848.
HIST 4315 The Civil War and Reconstruction (3) The causes of the war, the social, political, economic and military impact of the war; and the post-war reconstruction process.
HIST 4316 The American Military Experience (3) A military history of the American people from colonial times to the present, specifically designed to satisfy the Professional Military Education component of the Military Qualifications Standards required of all candidates for commissioning in the United States Army.

HIST 4317 The Jazz Age and the Great Depression (3) The social, cultural and political trends of the Jazz Age, the social and economic impact of the Great Depression, and the advent of the New Deal.

HIST 4320 History of the Westward Movement (3) Economic, social, cultural, and political contributions to American development by the Westward Movement.

HIST 4321 History of the South (3) Social, economic, and political development of the South from colonial times to the present.

HIST 4322 The United States During the Era of the Cold War (3) Emphasizes political, social, economic, and foreign policy developments from the end of WW II (1945) to the end of the Cold War (1992).

HIST 4324 Truman and Civil Rights (3) This course analyzes the civil rights record of President Harry S. Truman.

HIST 4325 History of American Diplomacy (3) Foreign relations of the United States with emphasis on the period since 1900.

HIST 4326 Native American History of the United States (3) A survey of relations between Native Americans and Euro-Americans from colonial times to the present.

HIST 4327 African American Women, Gender, and Girlhood (3) This course focuses on the history and development of black women and girls from their African origins to the present.

HIST 4330 The United States and World War II (3) The rise of totalitarianism in the 1930’s, America’s reaction to totalitarianism, the war in Europe 1939-41 and America’s reaction, America in World War II, the impact of World War II upon American society, and the post-war settlement and the Cold War.

HIST 4331 The Vietnam Era (3) Vietnam in the pre-French (1800’s) era, France in Vietnam until 1954, the gradual U.S. involvement in Vietnam 1954-64, the Vietnam war 1964-73, Vietnam of the post-American involvement era to the present and finally an analysis of the impact of the Vietnam war on American society.

HIST 4351 Special Projects in American History (1-6) Study, interpretation, and discussion of special topics and problems in American history. May be repeated for a maximum of 6 semester hours.

World History: Surveys

HIST 2400 History of the Early World (3) A survey of ancient and medieval civilizations from earliest times to 1300. Particular emphasis will be placed upon political, economic, social, and religious developments and achievements.

HIST 2401 History of the Early Modern World (3) World civilization from 1300 to 1800. Special emphasis will be given to economic and social clashes among European, Asian, American, and African civilizations.

HIST 2402 History of the Modern World (3) A survey of modern world civilization since 1800. Special attention will be given to industrialization, democratization, imperialism, global wars, and modernization of the non-western world.

HIST 2410 Introduction to Africana Studies (3) Examines the rise of African world civilizations, with emphasis on the development of complex empires and the influence of African cultures in the Western Hemisphere.

Western World History

HIST 4402 Ancient Greece (3) A survey of Greek history from the pre-classical Minoan and Mycenaean civilizations, through the classical period, to the Roman conquest.

HIST 4403 Ancient Rome (3) A survey of Roman history from its origins to the decline of the imperial system. Particular emphasis will be placed upon the political, social, and economic developments in the Republic and the factors that led to the fall of the empire.

HIST 4412 Era of Renaissance and Reformation (3) The intellectual and cultural institutions of Europe during the Age of the Renaissance and the Protestant Revolt and Catholic Reformation.

HIST 4413 Europe in the Seventeenth Century (3) Political, social, economic, and cultural history of Europe in the seventeenth century.

HIST 4414 The Age of the French Revolution and Napoleon (3) The origins, development, and consequences of the French Revolution and the Napoleonic Empire in France and in the larger European world, with special reference to the broad transformation of the entire continent during the eighteenth century.

HIST 4415 Revolutionary Europe (3) A survey of the political, social, economic, and cultural transformation of Europe in a century of revolution, from the ancient regime to World War I.

HIST 4416 Europe in Crisis: 1900-1945 (3) Examines the political, diplomatic and strategic trends of the major European crises up to 1945: the Great War, the Great Depression, and World War II.

HIST 4417 Intellectual History of Modern Europe (3) Political, social, and religious ideas shaping the culture, society, and institutions of Europe.

HIST 4418 War and Modern Society (3) This course will explore the relationship between warfare and society from the advent of gunpowder weaponry to the 21st century.

HIST 4422 England to 1689 (3) The history and institutions of England from Anglo-Saxon times to the Glorious Revolution.

HIST 4423 Modern Britain and the Empire (3) Political, economic, and social development of modern England and the empire.

HIST 4431 Modern Germany and the Nazi Experience (3) A political, social, economic and cultural history of Germany from World War I through the post-WWII era with emphasis on the Third Reich.

HIST 4432 The Holocaust (3) Examines the Holocaust within the context of historical anti-Semitism and the chronology of Nazism’s rise, World War II, the Final Solution, and the legacy.

HIST 4441 The Rise of Imperial Russia (3) This course will explore the history of Imperial Russia from Kiev to ‘Rus’ through the end of the reign of Czar Alexander II.

HIST 4442 Modern Russia and the Soviet Union (3) Russia and its place in world affairs since the eighteenth century.

HIST 4451 Imperial Spain 1469-1714 (3) The rise of the Spanish Empire in the Old World and the New from the fifteenth through the seventeenth centuries.

HIST 4452 Modern Latin America (3) Latin American history from the independence movement of the eighteenth century to the present.

HIST 4453 History of Mexico (3) A survey of the political, social, economic and cultural history of Mexico from pre-Columbian civilizations to the present.

Non-Western World History

HIST 4461 The Rise of Chinese Civilization (3) The origins, development, and transformation of Chinese civilization from ancient to modern times, including China’s impact on peripheral nations and the modifications of traditional culture by Western influences until 1949.

HIST 4462 The Rise of Japanese Civilization (3) The origins, development, and transformation of Japanese civilization from ancient to modern times, emphasizing the unique qualities of Japanese history and culture and the role of Japanese leadership in modern East Asia.

HIST 4463 Communist China (3) Communist China since World War II, including the expulsion of the Nationalist government from the mainland, the consolidation of communist power and authority, internal upheavals such as the “Hundred Flowers,” the Great Leap Forward, and the Cultural Revolution and Communist China’s foreign policies and role in international affairs.

HIST 4471 The African Diaspora (3) Examines the global dispersal of Africans with particular emphasis on the rise and abolition of the Trans-Saharan and Atlantic slave trades.

HIST 4472 African History (3) Examines the African continent, its development and its place in world affairs since prehistory, from complex societies to independence in the twentieth century.

HIST 4473 History of South Africa (3) This course is a survey of South African History from the pre-1800’s to the present.

HIST 4481 Traditional Middle East (3) The history of West Asia and the Eastern Mediterranean from Muhammad to Napoleon, with special emphasis on the rise and expansion of Islam, including its principles, the Arab and Persian empires, and the impact of the Mongols, the Turks, and the Crusades.
HIST 4482 The Modern Middle East (3) The course will focus on western Asia, north Africa, and the Eastern Mediterranean region since the Napoleonic invasion of Egypt, with special emphasis on the decline of the Ottoman Empire, the impact of the great powers, and the effects of nationalism, oil, and the religious dynamic.

HIST 4491 Special Projects in World History (1-6) Study, interpretation, and discussion of special topics and problems in World history.

Integrative Studies General
IGEN 4231 Myth, Memory and Realities* (3) Examines a selected topic in American or World history and literature to understand how interpretations of the past have been constructed to explain the present. *Not available for graduate credit.

Anthropology

ANTH 0 Cultural Anthropology

ANTH 1810 Human Prehistory (3) Surveys the empirical evidence of fossils and artifacts for human biological and cultural origins from circa five million to five thousand years ago.

ANTH 1820 Cultural Anthropology (3) Surveys the origin, development, and varieties of contemporary cultures, including non-Western; comparisons of technology, customs, groups, and institutions between and among these cultures; implications of earlier cultures for modern society.

ANTH 2820 Archaeology (3) An examination of societies that are now extinct and an introduction to the field and laboratory methods used to reconstruct their cultures.

ANTH 2845 Physical Anthropology (3) The biology of the human organism; primatology, primate paleontology, and fossil hominids; the role of genetics in evolutionary theory; basic ideas in population genetics, and racial variation.

ANTH 3801 Applied Anthropology (3) Applications of the four major subfields of anthropology: cultural anthropology, physical anthropology, archaeology, and linguistics. Prerequisite: ANTH 1810 or ANTH 1820 or consent of instructor.

ANTH 3850 Peoples of the World (3) An examination of more than twenty cultures throughout the world.

ANTH 4815 Special Projects in Anthropology (1-6) Study, interpretation, and discussion of special topics and problems in anthropology. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of instructor.

ANTH 4820 Sexual Dynamics and Culture (3) Explores cultural factors influencing roles of women and men in a variety of cultures, from small foraging bands to large industrialized states. Topics include cultural influences on sexual equality, sexual hierarchy, heterosexuality, and homosexuality.

ANTH 4830 Archaeological Field Research (3) Field experience in which students learn archaeological methods of surveying, recording and excavation, as well as how and why we investigate and preserve sites.

ANTH 4840 Historical Archaeology (3) The study of artifacts, architecture, and other material culture to address anthropological topics, such as race, gender, and class, within historic North America.

ANTH 4850 The North American Indian (3) The anthropological study of the native peoples of America north of Mexico; the physical types of American Indian populations; the comparative study of native American languages, North American prehistory, and North American ethnology.

ANTH 4870 Comparative Cultures (3) Compares various aspects of cultures in selected societies and helps students to collect and analyze data on cultural patterns in their own and other societies.

ANTH 4894 Cross-Cultural Aspects of Aging (3) A wide variety of societies, from small hunting and gathering to large industrialized societies, is examined in an attempt to explore probable causes and effects of different patterns of aging.

Social Science

In the area of Social Sciences, the second digit in the course number stands for the following: 0-Social Science Education, 2-Geography, 3-American History, 4-World History, 5-Political Science, 8-Anthropology.

Department of History and Anthropology

Statement of Policy

A course with a grade lower than a “C” will not be allowed to fulfill a major or minor requirement in any program offered by the Department of History and Anthropology.

To be recommended for student teaching by the Department of History and Anthropology, a student with a major or minor in social studies must achieve at least a 2.50 GPA in all social science courses taken at UCM.

Accreditation

The Social Studies program is accredited by the National Council for the Social Studies located at 8555 16th Street, Silver Springs, MD 20910; phone 301-588-1800.

SOCIAL STUDIES

Functional Major, Bachelor of Science in Education Degree

Certification to teach social studies in grades 9-12.

The graduate with a Bachelor of Science in Education degree with a functional major in Social Studies will use the knowledge and skills obtained in the program to:

• Explain the methodologies and themes of the disciplines comprising the social sciences.
• Write competency-based objectives that state the learning and performance outcomes expected of secondary school students.
• Apply content learned in university social science courses to develop social studies lessons based upon NCSS (National Council for the Social Studies) themes for secondary school students.
• Plan, develop, and write a complete social studies teaching unit for social science courses taught at the secondary school level.
• Demonstrate through the use of questioning strategies and learning activities the ability to teach higher order thinking skills.
• Present controversial issues to secondary school students so that different points of view are properly represented and fairly evaluated.
FUNCTIONAL MAJOR REQUIREMENTS ........................................ 60
SOSC 3010 Writing in the Social Sciences .................. 3
SOSC 4050 The Social Studies .................................. 3
HIST 1350 History of the U. S. to 1877 ...................... 3
HIST 1351 History of the U. S. from 1877 ................. 3
POLS 1510 American Government ........................... 3
POL 2511 State Government .................................. 3
GEOG 2211 World Geography ................................ 3
ECON 1010 Principles of Macroeconomics ............... 3

Electives from the following ....................................... 6
HIST 2400 History of the Early World ....................... 3
HIST 2401 History of the Early Modern World .......... 3
HIST 2402 History of the Modern World .................. 3
Upper-level elective in SOC or ANTH ...................... 6
Upper-level electives in American history ............... 6
Upper-level elective in world history ..................... 6
Upper-level elective in geography ......................... 3
Upper-level electives in at least two of the following:
  GEOG, HIST, POLS, SOC, ANTH, or ECON ........... 9
The program must include at least one course that focuses on
  a non-western society, nation or region or on the non-western
  world. A list of the courses which fulfill this requirement is
  available from the History and Anthropology Department and
  on file with the Academic Advisers.
MINOR NOT REQUIRED
GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the
  functional major, HIST 1350, ECON 1010, SOC 1800 fulfill
  9 s.h. of Div. II B; in the professional education requirements,
  ICAP 4468 fulfills 3 s.h. of Div. IV ......................... 36
HIST 1350 Div. II B or
HIST 1351 Div. II B (required) .......................... 3
PSY 4230 Psy. of Adolescence ............................. 3
Secondary Education students will be allowed to substitute
PSY 4230 to fulfill 3 s.h. in Div. III and must have one course in
  a physical or earth science and one in a biological science in
  Div. II A. If elected, HIST 2402 fulfills 3 s.h. of Div. II D.
PROFESSIONAL EDUCATION REQUIREMENTS (page 115) ... 28
PSY 4200 Psy. of Except. Children (required) ........... 2
MINIMUM TOTAL .................................................. 124
SOCIAL STUDIES
Minor, Bachelor of Science in Education Degree
Certification to teach social studies in grades 5-9 is available only with
  a major in middle-school-junior high school. May fulfill an area of
  concentration requirement for elementary education functional majors.
  (418)
MINOR REQUIREMENTS ............................................. 24-27
HIST 1350 History of the U. S. to 1877 ................... 3
HIST 1351 History of the U. S. from 1877 ............... 3
HIST 2402 History of the Modern World ................ 3

ECON 1011 Principles of Microeconomics, 3 .......... 3
Upper-level elective in American history ................. 2-3
Upper-level elective in world history .................... 2-3
2000-4000 level elective in GEOG, POLS, SOC, or ANTH 2-3
GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the minor,
  HIST 1350, POLS 1510 fulfill 6 s.h. of Div. II B; if elected,
  ECON 1010 or GEOG 2212 fulfills 3 s.h. of Div. II B;
  HIST 2402 fulfills 3 s.h. of Div. II D.

Social Science Education
SOSC 3010 Writing in the Social Sciences (3) Practicum in writing in the social sciences. Prerequisite: completion of General Education
  Div. I A.
SOSC 4020 Secondary Field Experience II* (1) Experiences in the
  secondary school classroom that provide the teacher candidate more
  advanced involvement in the teaching-learning process. Prerequisites:
  admission to Teacher Education Program; should be taken concurrently
  with SOSC 4074 during the Professional Semester. *Not available for
  graduate credit.
SOSC 4050 The Social Studies* (3) The “structures” of the disciplines and practice in redesigning university course work for high school
  lessons. *Not available for graduate credit.
SOSC 4074 Methods of Teaching Social Studies* (2) Prerequisites:
  admission to Teacher Education Program; double majors must take a
  methods course for each major; methods should be taken concurrently
  with SOSC 4020 during the Professional Semester. *Not available for
  graduate credit.

SPAN 4665 Culture & Issues in the Contemporary Spanish-Speaking World 3
SPAN 4671 Cinema of the Spanish-Speaking World 3
SPAN 4680 Twentieth Century Literature of the Spanish-Speaking World 3

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the minor, 3 s.h. of Div. II C are fulfilled

WORLD LANGUAGE
Minor for a Bachelor’s Degree (252)

MINOR REQUIREMENTS 27

Students must take courses in 3 different languages.
Two courses in one language (CHIN, FREN, GER, SPAN, ML) 6
Two courses in a second language (CHIN, FREN, GER, SPAN, ML) 6
Five courses in a third language, at least one course at the upper-division level (FREN, GER, SPAN, ML) 15
Non-native speakers of English may count 3000 or 4000 level English courses as one of their three languages.

Native speakers of languages offered in the Department of Modern Languages must substitute 3000-level English courses in lieu of courses in their language.

General

ML 1040 Special Projects in Modern Languages (1-3) Small-group instruction at the introductory level.
ML 2010 Foreign Studies in Language (1-6) Credit granted for study in a departmentally-approved program in a foreign country. May be repeated for a maximum of 12 semester hours.
ML 4010 Foreign Studies in Language (French) (German) (Spanish) (1-6) Credit granted for study in a UCM approved program in a foreign country. Freshmen and sophomores permitted to enroll with consent of the Chair of the Department of Modern Languages. Available for graduate credit upon approval of student’s graduate program adviser. May be repeated for a maximum of 12 semester hours.
ML 4020 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with ML 4054 during the Professional Semester. *Not available for graduate credit.
ML 4040 Special Projects in Foreign Language (1-3) Individualized and group instruction in foreign and modern languages. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of department chair.
ML 4054 Methods of Teaching Foreign Languages* (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with ML 4020 during the Professional Semester. *Not available for graduate credit.

French

FREN 1201 Elementary French I (3) Fundamental principles of French pronunciation, the building of basic vocabulary of words and expressions, studies in structure, oral work, and reading selections. Not open to native speakers or students who have had three years of high school French without the permission of the department chair.
FREN 1202 Elementary French II (3) A continuation of French I. Increased attention to grammar. Not open to native speakers or students who have had four years of high school French without the permission of the department chair. Prerequisite: FREN 1201 or equivalent.
FREN 2201 Intermediate French I (3) Reading, conversation, vocabulary, and idiom drill. Prerequisite FREN 1202 or equivalent.
FREN 2202 Intermediate French II (3) Continuing development of the ability to use the language on the intermediate level. Prerequisite: FREN 2201 or equivalent.
FREN 2290 Special Topics in French (1-3) Individual or group work by selected students in carefully chosen fields for intermediate level study. May be repeated for a maximum of 6 semester hours. Prerequisites: 6 semester hours of French and consent of the department chair.
FREN 3223 French Composition (3) Review of grammar. Intensive practice in composition with increased attention to stylictics. Prerequisite: FREN 2202 or equivalent.
FREN 3243 French Conversation (3) Provides intensive drill in conversational language using culture-based materials. Prerequisite: FREN 2201.
FREN 3261 French Civilization and Literature I (3) From the origins to the eighteenth century. Prerequisite: FREN 2202 or equivalent.
FREN 3262 French Civilization and Literature II (3) From the eighteenth century to 1945. Prerequisites: FREN 2202 or equivalent.
FREN 4223 Advanced French Composition* (3) Oral and written composition, review of more difficult grammatical construction and idioms. Prerequisite: FREN 3223 or equivalent. *Not available for graduate credit.
FREN 4243 Advanced French Conversation* (3) Conversational drill in everyday idiomatic French. Reading and discussion of topics chosen from current newspapers and magazines. Prerequisite: FREN 3243 or equivalent. *Not available for graduate credit.
FREN 4263 French Phonetics* (3) The sound system of the French language: analysis of problems encountered by a native English speaker in learning spoken French. Prerequisite: FREN 3243 or equivalent. *Not available for graduate credit.

FREN 4264 Commercial French* (3) French commercial terminology, stressing the difference between French and American forms and practices. Prerequisite: FREN 3223 or equivalent. *Not available for graduate credit.

FREN 4265 The Contemporary French-Speaking World* (3) An overview of contemporary France and other French-speaking nations. Prerequisites: FREN 3261 or FREN 3262, or equivalent. *Not available for graduate credit.

FREN 4286 French Literature of the Nineteenth Century * (3) Romanticism, realism, and naturalism. Analysis of texts and literary theories. Prerequisite: 6 semester hours of 3000 level French courses. *Not available for graduate credit.

FREN 4287 French Literature of the Twentieth Century* (3) Symbolism, surrealism, and existentialism in prose, poetry and theatre. Prerequisite: 6 semester hours of 3000 level French courses. *Not available for graduate credit.

FREN 4288 French Translation* (3) Commercial and technical translation from French into English and English into French. Prerequisite: 6 semester hours of 3000 level French courses. *Not available for graduate credit.

FREN 4289 Cinema of the French-Speaking World* (3) A survey of films from the French-speaking world with emphasis on the cultural contexts in which the films are produced and viewed. Prerequisites: 6 semester hours of 3000 level French courses. *Not available for graduate credit.

FREN 4290 Special Topics in French* (1-3) Individual or group work by selected students in carefully chosen fields for advanced study. May be repeated for a maximum of 6 semester hours. Prerequisite: 18 semester hours of French and consent of department chair. *Not available for graduate credit.

GER 1301 Elementary German I (3) Fundamental principles of German pronunciation, building a basic vocabulary of German words and idiomatic expressions, oral work, and reading simple selections. Not open to native speakers or students who have had three years of high school German without the permission of the department chair. GER 1302 Elementary German II (3) A continuation of German I. Increased attention to grammar. Not open to native speakers or students who have had four years of high school German without the permission of the department chair. Prerequisite: GER 1301 or equivalent.

GER 1303 Intermediate German (3) Reading, conversation, vocabulary, and idiom drill. Prerequisite: acceptable proficiency as demonstrated by adequate high school course work in German or by departmental approval.

GER 1304 German Readings (3) Continuing development of the ability to use the language on the intermediate level. Prerequisite: GER 1303 or equivalent.

GER 2301 Advanced German Readings (3) Selected novels, poems, and plays are read and discussed. Prerequisite: GER 1304 or equivalent.

GER 2323 German Conversation and Composition (3) Oral and written composition, dictation, idioms, and reviews of difficult construction and grammatical forms. Prerequisite: 9 semester hours of German.

GER 2362 German Civilization (3) Germany’s social, cultural, and political history from its Germanic beginnings through World War II to the present. Prerequisite: GER 1304.

GER 2390 Special Topics in German (1-3) Individual or group work by selected students in carefully chosen fields for intermediate level study. May be repeated for a maximum of 6 semester hours. Prerequisites: 6 semester hours of German and consent of the department chair.

GER 3371 Survey of German Literature I (3) German literature and literary history from the Old High German literature to Schiller’s Don Carlos (1787). Prerequisite: GER 2301.

GER 3372 Survey of German Literature II (3) German literature and literary history from Goethe and Schiller’s classical period (1790) to modern writers, including modern East German literature. Prerequisite: GER 2301.

GER 3381 The Classic Movement (3) Poems of Goethe, Schiller and other selected authors. Readings and discussion. Prerequisites: GER 3371 and GER 3372.

GER 3383 The Romantic Period (3) Philosophers, the novel and the drama. Reading of selected works. Prerequisites: GER 3371 and GER 3372.

GER 3385 Modern German Literature (3) Readings and discussions of selected works of Mann, Hauptmann, Hesse, Kafka, Remarque, Zweig. Prerequisites: GER 3371 and GER 3372.

GER 4390 Special Topics in German* (1-3) Individual or group work by selected students in carefully chosen fields for advanced study. May be repeated for a maximum of 6 semester hours. Prerequisite: 18 semester hours of German and consent of department chair. *Not available for graduate credit.

Spanish

SPAN 1601 Elementary Spanish I (3) Fundamentals of Spanish pronunciation, the building of basic vocabulary and patterns, oral work, studies in structure, and reading selections. Not open to native speakers or students who have had three years of high school Spanish without the permission of the department chair.

SPAN 1602 Elementary Spanish II (3) A continuation of Spanish I, with increased attention to grammar. Not open to native speakers or students who have had four years of high school Spanish without the permission of the department chair. Prerequisite: SPAN 1601 or equivalent.

SPAN 2601 Intermediate Spanish I (3) Development of the ability to use the language by oral-aural laboratory drills and readings. Prerequisite: SPAN 1602 or equivalent.

SPAN 2602 Intermediate Spanish II (3) Continuing development of the ability to use the language on the intermediate level, with more advanced grammar, laboratory work and readings. Prerequisite: SPAN 2601 or equivalent.

SPAN 2603 Spanish Conversation I (3) Conversational Spanish using culture-based materials emphasizing the four skills: speaking, listening, reading, and writing. Prerequisites: SPAN 2602.

SPAN 2690 Special Topics in Spanish (1-3) Individual or group work by selected students in carefully chosen fields for intermediate level study. May be repeated for a maximum of 6 semester hours. Prerequisites: 6 semester hours of Spanish and consent of the department chair.

SPAN 3603 Spanish Conversation II (3) Oral practice in everyday Spanish, discussion, idiomatic usage, listening comprehension, speaking. Prerequisite: SPAN 2603.

SPAN 3623 Spanish Composition (3) Review of grammar, oral-aural training, and special study of the subjunctive mood. Prerequisite: SPAN 2602 or equivalent.

SPAN 3661 Spanish Civilization and Literature (3) The social, cultural, literary, and political history of Spain. Prerequisite: SPAN 2602 or equivalent.

SPAN 3662 Spanish American Civilization and Literature (3) The social, cultural, literary, and political history of Spanish America. Prerequisite: SPAN 2602 or equivalent.

SPAN 4603 Advanced Readings and Oral Expression* (3) Emphasis on advanced readings and oral-aural practice in Spanish. Prerequisite: SPAN 3603. *Not available for graduate credit.

SPAN 4623 Advanced Spanish Composition* (3) Oral and written composition; review of more difficult grammatical constructions and idioms. Prerequisite: SPAN 3623 or equivalent. *Not available for graduate credit.

SPAN 4650 Introduction to Spanish for Business* (3) Enhances linguistic and cultural knowledge of Spanish for business and will be conducted primarily in Spanish. Prerequisites: 6 semester hours of 3000 level Spanish courses. *Not available for graduate credit.
SPAN 4665 Culture and Issues in the Contemporary Spanish-Speaking World* (3) An exploration of contemporary political, economic and societal issues affecting Spanish-speaking cultures with emphasis on further developing language skills through discussions and written assignments. Prerequisite: SPAN 3661 or SPAN 3662. *Not available for graduate credit.

SPAN 4671 Cinema of the Spanish-Speaking World* (3) A survey of Latin American, Spanish and Latino films with emphasis on the cultural contexts in which the films are produced and viewed. Prerequisite: 6 semester hours of 3000 level Spanish courses. *Not available for graduate credit.

SPAN 4680 Twentieth Century Literature of the Spanish-Speaking World* (3) Literary texts of the 20th century from Spain and Spanish America with emphasis on developing language skills through discussions and written assignments. Prerequisite: 6 semester hours of 3000 level Spanish courses. *Not available for graduate credit.

SPAN 4690 Special Topics in Spanish* (1-3) Individual or group work by selected students in carefully chosen fields for advanced study. May be repeated for a maximum of 6 semester hours. Prerequisite: 18 semester hours of Spanish and consent of department chair. *Not available for graduate credit.

Chinese

CHIN 1701 Elementary Chinese I (3) Fundamental principles of pronunciation, vocabulary and idiomatic expressions of spoken Mandarin Chinese. Not open to native speakers or advanced students without permission of department chair.

CHIN 1702 Elementary Chinese II (3) Continuation of CHIN 1701. Not open to native speakers or advanced students without permission of department chair.

CHIN 2790 Special Topics in Chinese (1-3) Individual or group work by selected students in carefully chosen fields for intermediate level study. May be repeated for a maximum of 6 semester hours. Prerequisites: 6 semester hours of Chinese and consent of the department chair.

Music

All programs in the Department of Music have been accredited since 1947 by the National Association of Schools of Music, 11250 Roger Bacon Dr., Suite 21, Reston, VA 20190-5248, phone 703-437-0700, email info@arts-accredit.org.

In the Department of Music, the second digit in the course number stands for the following: 0-General, 1-Music History and Literature, 3-Music Education, 4-Conducting, 5-Piano and Organ, 6-Voice, 7-String Instruments, 8-Woodwind Instruments, 9-Brass and Percussion Instruments.

Department of Music Statement of Policy

Successful completion of an entrance audition and a passing score on the music theory placement examination are required for admission to all degree programs in the Department of Music. Contact the department for specific requirements.

All music majors, except for the Bachelor of Arts degree, must demonstrate keyboard competency as listed in the degree programs. All students must meet the keyboard competency requirement before being admitted to special methods classes.

Credit for private lessons is based on one lesson per week for each 1-1.5 hours of credit. Upper-level credit is given only after the sophomore examination is passed. Minimum practice requirement is one hour per day for each 1-1.5 hours of credit.

All students majoring or minoring in music are required to attend a designated number of recitals and concerts given on the campus. Music majors and minors are required to enroll for pass-fail in and to complete satisfactorily the following number of semesters of MUS 1000, Recital Attendance: music majors on the Bachelor of Arts degree, six semesters; on the B.M. degree, eight semesters; on the B.M.E. degree, seven semesters; and music minors, four semesters.

Deficiencies in MUS 1000 must be removed before a student may graduate.

Students are encouraged to participate in ensembles to broaden their general musical background and further develop their performance abilities and listening skills. Each degree program includes specific ensemble requirements noted under the course listing for those programs.

MUSIC

Major, Bachelor of Arts Degree (42-436)

The graduate with a Bachelor of Arts degree in music will use the knowledge and skills obtained in the program to:

- Understand the basic elements and structures of music history, theory, and performance literature.
- Understand music’s relationship to the other arts, and how the arts relate to mankind.
- Use technology in appropriate music applications.
- Communicate the intellectual (thinking), emotional, and aesthetic (valuing) qualities of music to a diverse society.
- Perform with appropriate tone, technique, and musicality in his/her primary performance medium.

MUSIC

Functional Major, B.M. Degree

The graduate with a Bachelor of Music degree will use the knowledge and skills obtained in the program to:

• Understand the basic elements and structures of music history, theory, and performance literature.

• Understand music’s relationship to the other arts, and how the arts relate to mankind.

• Use technology in appropriate music applications.

• Communicate the intellectual (thinking), emotional, and aesthetic (valuing) qualities of music to a diverse society.

• Perform at the highest possible level in his/her primary performance medium.

• Articulate essential elements of music and music performance.

• Demonstrate functional piano performance skills.

MINOR REQUIREMENTS ........................................... 18-25

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the major, MUS 3211 and MUS 3212 are allowed to fulfill 3 s.h. of Div. II C; the Modern Language Requirement fulfills 3 s.h. of Div. II C. 42

MUS 1225 Div. II D (required) ................................. 3

MODERN LANGUAGE REQUIREMENT ....................... 3-9

 Refer to Bachelor’s Degree Requirements section for fulfillment options.

FREE ELECTIVES .................................................. 11-24

MINIMUM TOTAL ................................................. 124

*In the music technology emphasis, MUS 2040, MUS 2045, MUS 3040, and MUS 4045 will substitute for 4 s.h. of major instrument or voice, 1000 level, and major instrument or voice, 3000 level.

**In the piano performance and piano pedagogy emphases, keyboard competency is demonstrated through successful completion of the sophomore examination.

MUSIC

Minor for a Bachelor’s Degree

UCM does not confer teacher certification for this minor.

MUS 1225 Div. II D (required) ................................. 3
PSY 4230 Psy. of Adolescence ................................ 3

Secondary Education students will be allowed to substitute PSY 4230 to fulfill 3 s.h. in Div. II B.

PROFESSIONAL EDUCATION REQUIREMENTS (page 115) ...... 28

MINIMUM TOTAL .................................................. 130.5

For additional certification to teach instrumental music with the VOCAL Functional Major Option, B.M.E. Degree, see the department chair.

General

MUS 1000 Recital Attendance (0) Laboratory in music listening and musical performance. Attendance at a designated number of department sponsored or approved concerts. Enrollment for pass-fail only.

MUS 1005 Marching Band (1) Appears at all home games, one away game, and frequently at professional football games. Membership selected by audition. May be repeated.

MUS 1008 Campus Band (1) A concert band open to any university student who wishes to continue band performance which explores a wide range of original and transcribed works. Music majors may gain experience on a secondary instrument. Membership selected by audition. May be repeated.

MUS 1010 Symphonic Band (1) Open without audition to any University student interested in band. Instrumental music majors may gain experience on a secondary instrument in the Symphonic Band. May be repeated.

MUS 1040 Introduction to Music Technology (2) The effects of changing technology on music and an introduction to the basic elements, terminology, and concepts of music technology. Prerequisite: Completion of MUS 1100 with a grade of “C” or better, or successful completion of the music theory placement exam.

MUS 1045 Seminar in Music Technology (1) Studies and practical applications in music recording and MIDI production. May be repeated.

MUS 1055 Collegiate Choir (1) A large mixed chorus which sings music representative of the finest in sacred and secular choral literature. Membership selected by audition. May be repeated.

MUS 1081 Jazz Ensemble 2 (1) Study and performance of traditional and progressive jazz ensemble music. Membership selected by audition. May be repeated.

MUS 1085 Jazz-Rock Combo (1) Study and performance of traditional and progressive jazz-rock music in a small group format. Membership selected by audition. May be repeated.

Participation in small ensembles is strongly recommended. These are ensembles with flexible instrumentation designed to promote musical independence and discriminating listening through performance of a wide variety of chamber music. Open to any University student by music faculty permission. May be repeated.

MUS 1095 Keyboard Ensemble (1)
MUS 1097 String Ensemble (1)
MUS 1098 Chamber Winds and Percussion (1)
MUS 2040 Music Technology I (4) An introduction to the theory and usage of audio recording/reproduction components as well as the application of musical judgment to the music production process. Laboratory included. Prerequisites: completion of MUS 1040, MUS 1111, and MUS 1121 with a grade of C or better, as well as full admission into the Bachelor of Music degree program. An additional fee is associated with this course.
MUS 2045 Music Technology II (4) Intermediate audio production focusing on computer-based recording and editing, with continued refinement of student ability to bring informed musical judgment to the mixing process. Laboratory included. Prerequisites: completion of MUS 2040 and MUS 1122 with a grade of C or better. An additional fee is associated with this course.
MUS 3000 Symphonic Wind Ensemble (1) A select band which performs original band literature and transcriptions of many famous works at frequent appearances. Membership selected by audition. May be repeated.
MUS 3025 University Symphony Orchestra (1) Performs concerts of standard and contemporary literature. Members selected by audition. May be repeated.
MUS 3040 Music Technology III (5) Advanced audio production and theory. Includes advanced work in musical approaches to recording and editing, as well as study of recording studio design, studio maintenance and acoustics. Laboratory included. Prerequisites: completion of MUS 2045 and MUS 2121 with a grade of C or better, as well as successful completion of the applied area sophomore exam and the Music Technology III entrance exam. An additional fee is associated with this course.
MUS 3050 University Concert Choir (1) A select choir which performs the best of choral literature in concert. Membership selected by audition. May be repeated.
MUS 3060 Junior Recital (1) One-half of a public recital. Prerequisite: consent of instructor.
MUS 3070 Chamber Singers (1) A select small chamber choir of mixed voices that performs vocal chamber music from all historical periods. Membership selected by audition. May be repeated.
MUS 3075 Madrigal Singers (1) A select performing group specializing in Renaissance and twentieth century madrigal singing. Membership selected by audition. May be repeated.
MUS 3077 Vocal Jazz Ensemble (1) A select ensemble specializing in vocal jazz arrangements of music from all styles. Membership is by audition. May be repeated.
MUS 3081 Jazz Ensemble 1 (1) A select ensemble which performs original jazz ensemble literature representing traditional as well as the most current forms of jazz. Membership selected by audition. May be repeated.
MUS 3088 Guitar Ensemble (1) An ensemble that studies and performs a wide range of music written for multiple guitars. Membership selected by audition. May be repeated.
MUS 3095 Piano Accompanying Practicum (1) Instruction and supervised practical experience in piano accompanying on an individual basis. May be repeated. Prerequisite: MUS 2515.
MUS 4000 Special Projects in Music (1-3) May be repeated for a maximum of 6 semester hours.
MUS 4040 Music Business Practices (3) Covers copyright, performance rights, client management and interaction. Prerequisite: ECON 1010.
MUS 4045 Music Technology IV* (5) Advanced digital audio theory, advanced computer-based audio recording and editing, audio-for-video, electroacoustic composition, and historic origins of computer and electroacoustic music. Laboratory included. Prerequisites: completion of MUS 3040 and MUS 2122 with a grade of C or better. *Not available for graduate credit. An additional fee is associated with this course.
MUS 4049 Internship in Music Technology (1-6) Field application of music industry theories and practices in professional music production or recording arts fields. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of the music technology coordinator.
MUS 4060 Senior Recital* (1-2) Full length public recital. Prerequisite: consent of instructor. *Not available for graduate credit.

Music Theory
MUS 1100 Fundamentals of Music (3) Basic theory: notation, scales, chords, terminology. Application to simple rhythm, chording, and melody instruments and piano.
MUS 1111 Theory I (3) Basic materials: notation, rhythm and meter, scales, intervals, triads, primary and secondary harmony, V7, phrase, period, cadence, the concept of tonality, and related analysis. Prerequisite: Approval by examination or completion of MUS 1100 with grade of C or better. Corequisite: MUS 1121 for music majors and minors.
MUS 1112 Theory II (3) Melodic and harmonic structure and embellishment, nonharmonic tones, consonance and dissonance principles, simple two-part counterpoint, part writing, harmonic progression, secondary dominant, regions, and modulation. Prerequisite: MUS 1111. Corequisite: MUS 1122.
MUS 1121 Aural Training I (1) Basic listening and aural awareness skills: rhythm and pitch patterning, scales, intervals, triads, V7, primary triads, harmonic dictation, melodic memory, melodic dictation, and sight singing. Prerequisite: Approval by examination or completion of MUS 1100 with grade of C or better. Corequisite: MUS 1111.
MUS 1122 Aural Training II (1) Continuation of development of aural skills introduced in MUS 1121 plus two-part dictation, nonharmonic tones, secondary triads, secondary dominant, and modulation. Prerequisite: MUS 1121. Corequisite: MUS 1122.
MUS 2111 Theory III (3) Continuation of the materials and organization of music: modality, modulation, seventh chords, chromatic harmony, contrapuntal procedures, and form. Prerequisite: MUS 1112. Corequisite: MUS 2121.
MUS 2121 Aural Training III (1) Continuation of the development of aural skills in MUS 1122 applied to sight singing and aural perception of rhythm, melody, and harmonic content. Prerequisite: MUS 1122. Corequisite: MUS 2111.
MUS 2122 Aural Training IV (1) Continuation of the development of aural skills in MUS 2121 including rhythm, melodic, and harmonic techniques from the twentieth century. Prerequisite: MUS 2121. Corequisite: MUS 2112.
MUS 2141 Composition I (3) Techniques of twentieth and twenty-first century composition through projects in smaller forms. Electronic music studio techniques. Aural and visual analysis of twentieth century music. May be repeated for a maximum of 6 semester hours. Prerequisites: MUS 1112 and MUS 1122.
MUS 2180 Jazz Improvisation I (2) The techniques and materials of jazz improvisation at the introductory level. Scales, chords, phrasing, articulation, and guided listening. Performance mandatory. Prerequisite: MUS 1112 and MUS 1122.
MUS 2181 Jazz Improvisation II (2) A continuation of MUS 2180. Advanced concepts in style and form. Transcription of recorded solos using altered scales and chords and the development of style. Performance mandatory. Prerequisite: MUS 2180.
MUS 3141 Composition II (3) Continuation of MUS 2141 through projects of small and medium dimensions adapted to needs and interests of the student. May be repeated for a maximum of 12 semester hours. Prerequisite: MUS 2141.
MUS 4101 Counterpoint I (3) Eighteenth century style in two parts: melodic structure, resolution of melodic and harmonic contrapuntal dissonances, canon, and the writing of original two-part inventions. Prerequisites: MUS 2112 and MUS 2122.
MUS 4115 Instrumentation (3) Characteristics of instruments normally found in band and orchestra. Short writing projects for instrumental choir, full band and orchestra. Score study. Prerequisites: MUS 2112 and MUS 2122.
MUS 4125 Form and Analysis (3) Small song forms, ronds, variations and sonata forms, with emphasis on aural analysis and score readings. Prerequisites: MUS 2112 and MUS 2122 or concurrently.
MUS 4130 Choral Arranging (2) Practical arrangements for various choral ensembles for school organizations and church choirs. Prerequisites: MUS 2112 and MUS 2122 or concurrently.
MUS 4181 Advanced Jazz Improvisation (2) Advanced study of jazz improvisation techniques in applied, private lessons. May be repeated. Prerequisite: MUS 2181 or consent of instructor.

MUS 4185 Jazz-Commercial Arranging (3) Characteristics of instruments normally found in jazz ensemble and commercial performing groups. Emphasis on style and voicing problems in these idioms. Writing projects for combo and jazz ensemble. Score study. Prerequisites: MUS 2112 and MUS 2122.

MUS 4186 Advanced Jazz-Commercial Arranging (2) Private lessons in composition, arranging, score study, and analysis for various jazz or commercial ensembles based on individual student needs and interests. May be repeated. Prerequisite: MUS 4185.

Music History and Literature

MUS 1210 Experiencing Music (3) An introduction to important musical masterpieces with emphasis on the knowledge and skills involved in perceptive listening. Prerequisite: no previous musical experience is necessary.

MUS 1225 Music of the World’s Cultures (3) The fusion of western and non-western musical cultures through their folk, popular, and classical musics.

MUS 1281 History and Development of Jazz (3) A survey of the evolution in jazz music in the United States. Includes discussion of the styles and characteristics of each period of jazz history and the contributions of influential groups and individuals.

MUS 2221 Introduction to Music Literature I (2) An introduction to the principal genres of instrumental music with emphasis on representative works from the standard repertoire. A basic knowledge of instrumental music is assumed. Prerequisite: MUS 1112 or consent.

MUS 2222 Introduction to Music Literature II (2) An introduction to the principal genres of vocal music including oratorio, church music, opera, and art songs. A basic knowledge of vocal music is assumed. Prerequisite: MUS 1112 or consent.

MUS 3211 Music History to 1800 (3) Early history of music including the Medieval, Renaissance, Baroque, and Classic eras. For music majors and minors only. Prerequisite: nonmusic majors only with consent.

MUS 3212 Music History 1800-Present (3) Music of Beethoven, the Romantic era, and the twentieth century. For music majors and minors only. Prerequisite: nonmusic majors only with consent.

MUS 4201 Piano Literature Through Beethoven (2) Survey and analysis of music written for clavichord, harpsichord, and piano through the music of Beethoven. Prerequisite: four semesters of MUS 1510 or equivalent.

MUS 4202 Piano Literature From the Romantic Era to the Present (2) Survey and analysis of music written for piano from the Romantic era through the present. Prerequisite: four semesters of MUS 1510 or equivalent.

MUS 4230 Choral Literature (2) Music literature for all choral groups with emphasis on the performance style and interpretative problems of the choral conductor. Prerequisite: MUS 2221.

MUS 4235 Vocal Literature (3) A survey of solo literature for all voice classifications with emphasis on the development of art song in the Italian, British, German, French, and American repertoires. Prerequisite: MUS 2222 or consent of instructor.

MUS 4240 String Instrument Literature and Pedagogy (2) A survey of literature, instructional materials, and pedagogy of the various string instruments. Prerequisite: 12 semester hours credit on major instrument.

MUS 4245 Woodwind Instrument Literature and Pedagogy (2) A survey of literature, instructional materials, and pedagogy of woodwind instruments. Prerequisite: 12 semester hours credit on major instrument.

MUS 4250 Brass Instrument Literature and Pedagogy (2) A survey of literature, instructional materials, and pedagogy of brass instruments. Prerequisite: 12 semester hours credit on major instrument.

MUS 4255 Percussion Literature and Pedagogy (2) A survey of literature, instructional materials, and pedagogy of percussion instruments. Prerequisites: 12 semester hours credit on major instrument.

Music Education

MUS 3301 Music for Elementary Schools (2) The study of music fundamentals, methods and materials appropriate for teaching music to children K-6. Developing skills in listening, singing, playing percussion and tonal instruments. Planning and evaluating learning experiences.

MUS 3305 Methods of Teaching Elementary School Music (3) Musical growth and materials designed for music majors who are preparing to teach vocal music in the elementary schools. Prerequisite: MUS 1112 and admission to the Teacher Education Program.

MUS 3306 Methods of Teaching Instrumental Music (2-3) Materials, techniques, and organization of the elementary and middle school instrumental program designed for music majors who are preparing to teach instrumental music. Includes an introduction to early childhood choral literature and musical instruments. Prerequisite: MUS 1112 and admission to the Teacher Education Program.

MUS 4310 Methods of Teaching Music* (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with MUS 4350 during the Professional Semester. *Not available for graduate credit.

MUS 4320 Methods of Teaching Middle School Music (2) Objectives, materials, subject matter and problems in the teaching of vocal and general music in the junior high school. Prerequisite: MUS 3305 or MUS 3306 or consent of instructor.

MUS 4350 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with MUS 4310 during the Professional Semester. *Not available for graduate credit.

MUS 4370 Band Instrument Repair (2) A study and practice of band instrument maintenance and repair techniques. Prerequisite: one semester each of woodwind and brass study, or one year of teaching music in public schools.

MUS 4381 Jazz Pedagogy (2) Techniques, systems and materials for teaching of jazz ensembles and jazz improvisation. Supervised conducting experience with a University jazz ensemble. Prerequisite: MUS 2400 and successful completion of the piano proficiency requirement.

Conducting

MUS 2400 Fundamentals of Conducting (2) An introductory course in conducting including baton technique and basic score preparation. Prerequisites: MUS 1112 and MUS 1122 or concurrently.

MUS 3410 Choral Conducting (2) Techniques of choral conducting, rehearsal procedures, and basic choral repertoire. Prerequisite: MUS 2400.

MUS 3415 Choral Techniques (2) Aspects of choral singing, including the human voice and choral tone, choral diction, organization, rehearsal procedures, basic choral repertoire. Prerequisites: MUS 3410 or concurrently, successful demonstration of keyboard competency and admission to the Teacher Education Program.

MUS 3420 Instrumental Conducting (3) Advanced techniques of conducting instrumental ensembles, development of visual/aural discrimination skills for diagnosing and correcting problems in performance; and selection of appropriate methods and literature. Prerequisites: MUS 2400, successful demonstration of keyboard competency and admission to the Teacher Education Program.

Piano and Organ

MUS 1501 Piano Class I (1) Study of the piano, especially for adult students who have had no previous training.
MUS 1502 Piano Class II (1) A continuation of MUS 1501. Prerequisite: MUS 1501.

MUS 1507 Secondary Keyboard Lessons (1) Private lesson study in any keyboard instrument listed in this catalog. Does not count for any music major or minor as the principal performing area. Prerequisite: initial enrollment by permission of applied area faculty. May be repeated.

MUS 1510 Piano I (1) Technical study and easier compositions selected from the various eras of keyboard literature. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.

MUS 1520 Organ I (1) Manual and pedal study, elementary registration and specification; Bach short preludes and fugues, chorale preludes, etc. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.

MUS 2515 Piano Accompanying (2) A study of and practical experience in piano accompanying in various musical mediums, using music from several styles and historical eras. Prerequisite: one year of college level private piano or consent of instructor.

MUS 3510 Piano II (1.5) Technical study and moderately difficult compositions selected from the various eras of keyboard literature. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: successful completion of lower level credit as determined by departmental examination.

MUS 3520 Organ II (1.5) Continued manual and pedal study; Bach preludes and fugues; selections from advanced classic and modern organ works; church playing and accompaniments. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: successful completion of lower level credit as determined by departmental examination.

MUS 4512 Piano Pedagogy II – The Intermediate Student (3) Goals, methods, and materials for teaching intermediate piano students. Includes practice teaching and observation. Prerequisite: Two semesters of MUS 1510 or equivalent.

MUS 4513 Piano Pedagogy III – The Advanced Student (3) Goals, methods, and materials for teaching advanced piano students. Includes practice teaching and observation. Prerequisite: Two semesters of MUS 1510 or equivalent.

MUS 4514 Piano Pedagogy IV – Seminar (3) Intensive individual study in piano pedagogy designed to improve the student’s understanding of a selected area of interest. Prerequisite: MUS 4511 or MUS 4512 or MUS 4513 or the equivalent.

MUS 4515 Practice Teaching in Piano (1.5) Supervised teaching of piano students. Course must be repeated. Prerequisites: MUS 4511 and MUS 4512 or the equivalent.

Voice

MUS 1601 Voice Class I (1) Breathing exercises, diction, stage deportment, acquaintance with familiar vocal literature, and experience in solo and duet singing. Designed for beginning voice students. Prerequisite: demonstrated ability to read music.

MUS 1602 Voice Class II (2) Instruction in breathing, resonance, diction, musicality, performance skills, and the nature of the vocal instrument, using solo song and duet literature in English and Italian. Prerequisite: one semester of MUS 1601, or MUS 1601.

MUS 1607 Secondary Voice Lessons (1) Private lesson study in voice. Does not count as credit for any music major or minor as the principal performing area. Prerequisite: initial enrollment by permission of applied area faculty. May be repeated.

MUS 1610 Voice I (1) Breath control; technical exercises represented by Sieber, Vaccai, and other specified methods. Early Italian songs. English songs of medium difficulty, and other repertoire suggested by the instructor. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.

MUS 1615 Opera Theatre (1-2) Production of scenes from operatic repertoire. May be repeated for a maximum of 4 semester hours.

MUS 1620 Musical Theatre Practicum (1-2) Rehearsal and performance of Musical Theatre repertoire. May be repeated for a maximum of 4 semester hours. Prerequisite: entrance by audition.

MUS 2632 Diction for Singers (3) Systematic instruction in singing English, French, German, and Italian art songs emphasizing clear, correct, and expressive diction. Prerequisite: MUS 1610 or consent of instructor.

MUS 3610 Voice II (1.5) Advanced technical exercises, modern art songs; the great Lieder composers; French art songs; and representative repertoire from opera and oratorio. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: successful completion of lower level credit as determined by departmental examination.

String Instruments

MUS 1701 String Class (1) A laboratory course in the fundamentals of playing and teaching string instruments. May be repeated for a maximum of 2 semester hours. Two different string instruments will be studied in each semester.

MUS 1703 Folk Guitar Techniques (2) Beginning instruction in folk guitar performance intended to equip the student with the skills required to harmonize folk melodies.

MUS 1707 Secondary String Lessons (1) Private lesson study in any string instrument listed in this catalog. Does not count for any music major or minor as the principal performing area. Prerequisite: initial enrollment by permission of applied area faculty. May be repeated. The course description is applicable for all applied string instruments courses: easy technical studies, easy standard sonatas, concertos, and short solos. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.

MUS 1710 Violin I (1)
MUS 1715 Viola I (1)
MUS 1720 Cello I (1)
MUS 1725 String Bass I (1)

MUS 1760 Guitar I (1) Technical studies, standard solo literature from all style periods. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment. The course description is applicable for the following string instruments courses: advanced technical studies, advanced standard sonatas, concertos, and short solos. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of lower level credit as determined by departmental examination.

MUS 3710 Violin II (1.5)
MUS 3715 Viola II (1.5)
MUS 3720 Cello II (1.5)
MUS 3725 String Bass II (1.5)
MUS 3760 Guitar II (1-5) Advanced technical studies, advanced standard sonatas, concertos, and short solos. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of lower level credit as determined by departmental examination.
Woodwind Instruments
MUS 1807 Secondary Woodwind Lessons (1) Private lesson study in any woodwind instrument listed in this catalog. Does not count for any music major or minor as the principal performing area. Prerequisite: initial enrollment by permission of applied area faculty. May be repeated. The course description is applicable for the following woodwind instruments courses: breath control; fundamentals of mechanism, embouchure; proper tonal color; technical exercises; easy solos; supervised chamber ensemble rehearsals. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.
MUS 1810 Flute I (1)
MUS 1815 Clarinet I (1)
MUS 1820 Oboe I (1)
MUS 1825 Saxophone I (1)
MUS 1830 Bassoon I (1)
MUS 2801 Woodwind Class I (1) A laboratory course in the fundamentals of playing and teaching the clarinet and the saxophone.
MUS 2802 Woodwind Class II (1) A laboratory course in the fundamentals of playing and teaching the oboe, the bassoon, and the flute.
The course description is applicable for all applied woodwind instruments courses: advanced technical studies; standard solos; chamber ensemble playing. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of lower level credit as determined by departmental examination.
MUS 3810 Flute II (1.5)
MUS 3815 Clarinet II (1.5)
MUS 3820 Oboe II (1.5)
MUS 3825 Saxophone II (1.5)
MUS 3830 Bassoon II (1.5)

Brass and Percussion Instruments
MUS 1907 Secondary Brass and Percussion Lessons (1) Private lesson study in any brass instrument listed in this catalog or in percussion. Does not count for any major or minor as the principal performing area. Prerequisite: initial enrollment by permission of applied area faculty. May be repeated. The course description is applicable for the following brass instruments courses: breath control; fundamentals of mechanism, embouchure; proper tonal color; technical exercises; easy solos; supervised chamber ensemble rehearsals. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.
MUS 1910 Trumpet I (1)
MUS 1915 French Horn I (1)
MUS 1920 Trombone I (1)
MUS 1925 Baritone Horn I (1)
MUS 1930 Tuba I (1)
MUS 1960 Percussion I (1) Fundamental skills in rudimental and concert snare drum techniques. Study of the keyboard percussion instruments and an introduction to the timpani. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of entrance examination required for initial enrollment.
MUS 2901 Brass Class I (1) A laboratory course in the fundamentals of playing and teaching the trumpet and French horn.
MUS 2902 Brass Class II (1) A laboratory class in the fundamentals of playing and teaching the baritone horn, the trombone, and the tuba.
MUS 2950 Percussion Class (1) A laboratory course in the basic techniques of playing and teaching the instruments of percussion.
The course description is applicable for the following applied brass instruments courses: advanced technical studies; standard solos; chamber ensemble playing. In addition to weekly lessons, attendance at biweekly studio classes is required. May be repeated. Prerequisite: Successful completion of lower level credit as determined by departmental examination.
Political Science and Geography

Political Science

POLITICAL SCIENCE
Major, Bachelor of Arts Degree
(42-425)
The graduate with a Bachelor of Arts degree in Political Science will use the knowledge and skills obtained in the program to:
• Understand individual rights and responsibilities in a democratic system.
• Understand and explain the complexities of politics in an international community.
• Comprehend alternative perspectives on political values and behavior, political cultures, institutions, policy making, theory, jurisprudence, and civil liberties and rights.
• Think critically and to construct logical arguments concerning institutions and processes of government and contemporary public policy issues.
• Communicate effectively about politics in both written and oral forms.
• Prepare for successful careers in public, private and non-profit service sector.
• Qualify for post-graduate education.

MAJOR REQUIREMENTS ........................................... 33
POLS 2520 Comp. Government & Politics ................. 3
POLS 2530 International Relations ....................... 3
POLS 2540 Survey of Political Theory .................. 3

Departmentally approved electives from one of the following areas listed below. A listing of courses is available from the Chair of the Department or Director of International Programs ........ 12

Additional information about these options is available at http://www.ucmo.edu/international

Area 1 Social Sciences
Area 2 Generalist: Humanities
Area 3 East Asia
Area 4 Latin America
Area 5 Europe
Area 6 International Economic or Agri-Business Development
Area 7 International Tourism
Area 8 African Studies
Area 9 International Studies

Students are required to seek advisement concerning courses taken toward a minor in International Studies from the Director of International Programs.

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the minor, if elected GEOG 2212 fulfills 3 s.h. of Div. II B; Modern (foreign) language fulfills 3 s.h. of Div. II C
POLS 1500 Introduction to Political Science (3) A survey of the determinants defining the relationship of the individual to the political environment and the political system. The primary focus is on the three fundamental levels of politics: the individual, the state, and the international community.

POLS 1510 American Government (3) The nature, philosophical bases, development, functions, structure, and processes of the government and politics of the United States and of Missouri. Emphasis on and analysis of the nature and development of the provisions and principles of the Constitution of the United States and of Missouri. Fulfills state requirements of Section 170.011 RSMo.

POLS 2511 State Government (3) Administrative, legislative, and judicial activities of state governments and their relationships to national and local governments with special emphasis on state and local governments in Missouri.

POLS 2520 Comparative Government and Politics (3) Introduction to major forms of government throughout the world.

POLS 2530 International Relations (3) Introduction to international relations with specific focus on the nature and causes of war, conflict resolution, political, social, economic, and military issues in international politics.

POLS 2540 Survey of Political Theory (3) Examines concepts such as justice, civil disobedience, equality, liberty, etc., and how they are defined by major political theorists from Plato to the present.

POLS 2550 Political Parties and Interest Groups (3) The theory, principles, structures, and functions of interest groups and political parties in the American political system.

POLS 2580 Public Law and the Judicial Process (3) Examination of the nature of law, the organization and staffing of courts, judicial policymaking, the Supreme Court's decision-making process, statutory and constitutional interpretation, and the impact of judicial decisions.

POLS 3520 Asian Government and Politics (3) A comparative study of the major political systems of Asia, focusing on political institutions, policy-making, domestic and foreign policy as well as persistent policy issues, challenges and political dynamics.

POLS 3521 Latin American Government and Politics (3) A comparative study of the political system of the Latin American countries.

POLS 3522 Modern East Asia (3) A survey of the cultures, histories, societies, economies, and political systems of the major countries of Asia. Specific focus is on the events and resulting changes within the region during the past century.

POLS 3523 Modern Sub-Saharan Africa (3) A comparative study of development issues in Sub-Saharan Africa. Topics include democratization, political culture, ethnicity and the role of the international community in Africa.

POLS 3530 International Organizations (3) The role of international organizations in international relations and collective security with specific emphasis on the United Nations, the European Union and other regional organizations.

POLS 3541 Contemporary Political Theory (3) Examines recent debates about the meaning of democracy, citizenship, civil society, and community in the contemporary era of increasingly diverse and interconnected nation-states.

POLS 3550 Public Opinion and Mass Media (3) Examines the forces that shape, and techniques used to measure, public opinion, also focusing on the media as a link between public opinion and government.

POLS 3551 Race and Ethnic Politics in the United States (3) Survey of the political mobilization, participation, and issues facing Latinos, African Americans, Asian Americans, Native Americans, and European ethnic groups in U.S. politics.

POLS 3553 Women and Politics (3) The course examines a variety of social, political, and economic issues that affect women in the United States and around the world.

POLS 3560 Research Methods in Political Science (3) This course will acquaint students with a wide variety of research methods used to analyze political phenomena, concentrating on those approaches that are both quantitative and nonquantitative, including case studies, interviewing, field research, and a lab component utilizing packaged computer programs for statistical analysis.

POLS 4511 Public Policy (3) The course examines the public policymaking process as well as the forces that shape US policy in the context of globalization. Permission from instructor must be obtained to take this course for graduate credit.

POLS 4520 Principles of International Development (3) Problems of development in the developing nations of the world and the concepts and theories for their comparative analysis.

POLS 4521 Culture and Politics of the Middle East (3) The influence of culture on the politics, political systems and issues of the Middle East.

POLS 4530 International Law (3) An examination of its nature, history, philosophies, and basic rules as found in treaties, court decisions, customs, and other sources.

POLS 4531 American Foreign Policy (3) The foreign policy of the United States with specific focus on the policy authority of the American President, the Congress, the Courts, United States foreign policies toward Russia, Europe and the Middle East are considered.

POLS 4532 International Relations of East Asia (3) Study of contemporary regional politics of East Asia focusing on political culture, nationalism and the foreign policies of the United States, Russia, China and Japan as they relate to security challenges in East Asia.

POLS 4550 The European Union (3) An examination of the theory, history, politics and institutions of the European Union with special emphasis on the socioeconomic factors that influenced the formation and subsequent expansions of the EU, particularly the regional differences and concerns over sovereignty.

POLS 4552 Legislative Politics (3) The major functions, roles, powers, processes and development of the national and state legislatures. Special attention is given to legislative elections, leadership and decision-making.

POLS 4553 Twentieth Century African-American Politics (3) Examines the political, economic and social aspects of African American politics in the 20th Century.

POLS 4555 The American Presidency (3) The constitutional origins of the presidency, its powers, selection process, and the presidents' relations with the public, the media, political parties, and the other major institutions of government. Particular emphasis is on the presidency as an institution of leadership. Prerequisite: POLS 1510.

POLS 4570 Public Administration (3) A broad and basic study of public administration in the United States. Prerequisite: POLS 1510 and Junior or Senior standing unless approved by instructor.

POLS 4571 Municipal Administration (3) Principles of municipal administration as they operate in the United States under the various forms of municipal governments. Prerequisite: POLS 1510.

POLS 4580 American Constitutional Law (3) An interpretation of our constitutional heritage, including the growth of federal judicial power and the role of the Supreme Court.

POLS 4581 Constitutional Rights (3) Except for the First Amendment, this course examines individual rights and liberties found within and outside of the Constitution.

POLS 4583 First Amendment (3) This course examines First Amendment controversies, including flag burning, obscenity, libel, hate speech, free press vs. fair trial, and freedom of and from religion.

POLS 4590 Special Projects in Political Science (1-6) Study, interpretation, and discussion of special topics and problems in political science. May be repeated for a maximum of 6 semester hours.

POLS 4591 Internship in Political Science (1-6) Practical experience with a governmental or political unit. Supervision by professional of unit and by member of University faculty. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of department.

POLS 4592 Problems in National, State or Local Government (1-3) Special problems in government, selected by student and instructor. May be repeated for a maximum of 6 semester hours.
**Geography**

**GEOGRAPHY**

**Major, Bachelor of Arts Degree**

(42-429)

The graduate with a Bachelor of Arts degree in Geography will use the knowledge and skills obtained in the program to:

- Appreciate the depth, breadth, and value of geography as both a theoretical and applied science through the study of the basic traditions: earth science, culture-environment, location, and area/regional analysis.
- Identify, describe, and analyze patterns of human distribution, movement, interaction, and environmental impact.
- Identify, describe, and analyze physical and climatological patterns and processes in both classroom and field settings.
- Read, interpret, update and produce maps using traditional and electronic methods.
- Communicate in written and spatial form the geographic concepts, theories, and information/data that underlay the cultural and physical diversity of world realms and regions.
- Understand and appreciate patterns and landscapes of diversity in a dynamic world.
- Use library resources and electronic media to explore/collect geographic information from texts, databases, maps and remotely-sensed images.
- Be familiar with the major themes and approaches in current geographic research and be able to employ basic geographic tools for research and analysis.
- To think creatively and critically about geographic factors in case studies, field settings, and real world scenarios.

GEOG 2100 Physical Geography (3) The areal distribution of the major elements of the physical environment relevant to man's occupancy of the earth's surface.
GEOG 2211 Geography of North America (3) Physical and cultural features of the United States and Canada, based on regional concepts.
GEOG 2212 World Geography (3) A survey of the world's major regions, examining their unique peoples, cultures, economies, and physical environments.
GEOG 2246 Economic Geography (3) Influence of geographic factors upon economic life, including such topics as natural resources and the relations of geographic factors to industrial and commercial development.
GEOG 2281 Map Interpretation (3) A survey of the problems encountered in reading maps. Emphasis is on the kinds of information that can be presented on maps, the kinds of symbols used, and limitations of maps.
GEOG 3200 Geography of Europe (3) A systematic and regional approach to Europe involving the description and analysis of its major regions, political units, cultural diversity, and contemporary issues and problems.
GEOG 3201 The Cultural Landscape (3) A survey of fundamental human needs, beliefs, and activities that have molded the varied human landscapes of the world. Emphasis on the identification, description, and correlation of spatial variations of population, land use, and social and economic activities.
GEOG 3225 Geography of Latin America (3) South and Central America, including Mexico and the Caribbean, with analysis of the various physical environments, cultures, economies, and contemporary issues.
GEOG 3270 Research Methods in Geography (3) An overview of and training in methods of geographic data selection, collection, and analysis. Prerequisite: GEOG 2212 or GEOG 3201 or permission of instructor.
GEOG 3275 Climatology (3) Considers on a fundamental basis the physics of the atmosphere, hydrosphere, and lithosphere requisite to an understanding of the cultural implications of climate.
GEOG 3310 Geography of Africa (3) Historic and modern significance of Africa; description and delimitation of the major natural regions; and the dominant native cultures.
GEOG 3314 Geography of North Africa/Southwest Asia (3) Regional study of North Africa/Southwest Asia (Middle East) examining the spatial aspects of the realm's physical, cultural, and political geography. Covers countries from Morocco to Iran.
GEOG 4201 Cartography (3) Techniques and tools of map construction including gathering, manipulation, and representation of geographic data. Emphasis on thematic mapping and maps as communication. Traditional and electronic technologies stressed. Prerequisite: GEOG 2212 or EASC 1004 or consent of instructor.
GEOG 4205 Advanced Cartography (3) Implementation of mapping software, map design, problems and opportunities associated with computer mapping. Content includes obtaining data in a computer context (e.g., Cyberspace). Prerequisite: GEOG 4201 or equivalent or consent of instructor.
GEOG 4210 Remote Sensing and Image Interpretation (3) Use of electromagnetic spectrum to obtain information on our environment. Emphasis includes visible spectrum (air photography), thermography, radar, and satellite imagery. Prerequisite: GEOG 2212 or EASC 1004 or consent of instructor.
GEOG 4220 Geographic Information Systems I (3) Automated procedures for storage, analysis, and display of spatial information. Data bases, procurement of spatial information, data manipulation and display techniques, software systems and management issues.
GEOG 4221 Geographic Information Systems II (3) Advanced aspects of spatial analysis and modeling and programming. Emphasis on research and planning applications. Prerequisites: GEOG 4220 or consent of instructor.
GEOG 4230 Geography of Asia (3) A systematic and regional approach to the several Asian landscapes. Emphasis on physical geography and cultural regions.
GEOG 4235 Geography of the Former Soviet Union (3) A regional geography of the F.S.U. The relationship of rigorous physical environment to national problems.
Psychology

In the Department of Psychology, the second digit in the course number stands for the following: 0-Special Projects, 1-General-Experimental Psychology, 2-Developmental, 3-Personality-Social Psychology, 4-Clinical Psychology, 5-Psychometrics, 6-Industrial Psychology, 7-Rehabilitation.

PSYCHOLOGY
Major, B.A. Degree
(42-746)
The graduate with a Bachelor of Arts degree in Psychology will use the knowledge and skills obtained in the program to:
• Demonstrate and integrate knowledge of the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
• Understand and apply basic research methods in psychology, including research design, data analysis, and interpretation.
• Demonstrate and integrate knowledge of the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
• Understand and apply basic research methods in psychology, including research design, data analysis, and interpretation.
• Demonstrate and integrate knowledge of the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
• Understand and apply the language of the science of psychology, through effective speaking, reading and writing.
• Demonstrate the ability to acquire and disseminate information and use computers and other technology for a variety of purposes.
• Recognize, understand, and respect individual differences and the complexity of sociocultural and international diversity. Demonstrate knowledge about how these factors affect applied and scholarly work.
• Demonstrate knowledge about realistic occupational, career, and advanced educational opportunities appropriate to the discipline and develop a feasible plan to pursue those opportunities.

ALECTS in Psychology .................................................. 18

GENERAL EDUCATION REQUIREMENTS [pages 34-43] In the minor, PSY 1100 fulfills 3 s.h. of Div. II B.
Special Projects
PSY 4000 Special Projects in Psychology (1-3) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 5 semester hours. Prerequisites: PSY 1100 and junior standing.

General-Experimental Psychology
PSY 1100 General Psychology (3) A general introduction to the science of behavior, surveying the broad field of psychology and the methods of investigation.

PSY 2110 Research Design and Analysis I (4) Rationale and methods for designing, conducting, and analyzing research. PSY 2120 must be taken the following semester. Includes scheduled lab. Prerequisite: PSY 1100.

PSY 2120 Research Design and Analysis II (4) Rationale and methods for designing, conducting, and analyzing research. Continuation of PSY 2110. Includes scheduled lab. Prerequisite: PSY 2110.

PSY 3110 Motivation (3) Consideration of the causal factors of human and animal behavior that impel organisms to persist in goal-seeking behavior. Attention is given to the physiological and psychological motives, and the various theoretical positions. Prerequisite: PSY 2130.

PSY 3130 Physiological Psychology (4) A survey of the relationship between physiological mechanisms and behavior. Course includes scheduled laboratory. Prerequisite: PSY 1100 and junior standing. An additional fee is associated with this course.

PSY 4110 Systems of Psychology* (3) Capstone course for Psychology majors, including assessment of outcomes for the major. Various systems of Psychology as they affect contemporary Psychology. Prerequisites: PSY 2120, PSY 2130, PSY 3130, PSY 3220, PSY 3340, and PSY 4440; PSY 4310 or concurrently. *Not available for graduate credit.

PSY 4130 Sensation and Perception (3) Relationship between sensory occurrences and the experiences of the person. Prerequisite: PSY 1100 and junior standing.

PSY 4150 Cognitive Psychology (3) An overview of current theories of processes involved in human thinking with emphasis on models of memory, information processing, language and mental representations. Only offered Spring semester. Prerequisites: PSY 1100 and junior standing.

PSY 4180 Seminar in Psychology (1-3) Selected issues not covered in theory-practicum courses. May be repeated for a maximum of 6 semester hours. Prerequisites: PSY 1100 and junior standing.

Developmental
PSY 2220 Child Psychology (3) Interaction of biological and environmental factors in the growth of the child from conception to maturity. Prerequisite: PSY 1100 or EDCI 2240.

PSY 3220 Life-Span Development (3) Theories of development, universal features of human development and its individual variations throughout the life-span of the individual. Prerequisite: PSY 1100 or EDCI 2240.

PSY 4200 Psychology of Exceptional Children (2) The identification, care, treatment, and guidance of exceptional children. Prerequisite: EDCI 2240.

PSY 4230 Psychology of Adolescence (3) Developmental factors and problems common to the period from puberty to adulthood with emphasis upon conditions leading to optimal development. Prerequisites: PSY 1100 or PSY 2240; and junior standing.

PSY 4240 Psychology of Aging (3) Introduces psychological problems of aged population including: physical functioning, age changes in perception, memory, learning, problem solving, personality, environmental influences, death and dying. Prerequisites: PSY 1100 and junior standing.

Personality-Social Psychology
PSY 1320 Psychology of Personal Adjustment (3) A general overview of major theories, concepts, and principles in psychology that can be applied to issues of personal and social adjustment.

PSY 3340 Social Psychology (3) Analysis of individual behavior in the social setting. Prerequisite: PSY 1100 and junior standing.

PSY 4310 Theories of Personality (3) Major theories of personality, past and present. Prerequisite: PSY 1100 and senior standing.

PSY 4320 Psychology of Women (2) An overview of the theories of personality as applied to women, biological determinants of feminine behavior, the dynamics of sex-role development, and the psychological implications of traditional versus modern roles for women. Prerequisites: PSY 1100 and junior standing.

PSY 4330 Multicultural Psychology (3) This knowledge-based course is an introduction to cultural and minority status issues in psychology and the role of multicultural issues in mainstream research.

Clinical Psychology
PSY 4440 Abnormal Psychology (3) A descriptive course dealing with the etiology, diagnosis, and treatment of mental disorders of functional and organic origin. Prerequisite: PSY 1100 and junior standing.

Psychometrics
PSY 4500 Introduction to Psychological Measurement (3) An introduction to the basic psychometric theory, concepts, and procedures; familiarization with the major instruments in the field. Course includes scheduled laboratory. Prerequisites: PSY 2110 and junior standing.

PSY 4520 Statistics for the Behavioral Sciences (3) Basic statistical methods. The techniques used to analyze frequency distributions, correlations, and tests of significance. Course includes scheduled laboratory.

Industrial Psychology
PSY 4600 Industrial Psychology (3) Application of psychological principles and methods to the industrial setting. Only offered Spring semester. Prerequisites: PSY 1100 and junior standing.

Rehabilitation
PSY 4720 Rehabilitation of the Mentally Retarded and Emotionally Disturbed (3) Basic principles and practical approaches to the rehabilitation of mentally retarded or handicapped and emotionally disturbed clients. Prerequisites: PSY 1100 and 6 semester hours of psychology.

PSY 4730 Cognitive-Behavioral Intervention (3) Psychological, social, and vocational characteristics of the human services client with special attention to counseling theory and effective communication techniques. Prerequisite: PSY 1100 and junior standing.

PSY 4740 Assessment and Intervention with Offenders (3) History and philosophy of penology, theories of criminal personality, and rehabilitation procedures; course will include theory and practical work experience. Prerequisites: PSY 1100 or CJ 1000 or SOC 3890; and junior standing.

PSY 4770 Medical Aspects of Disability (3) A basic medical information course which examines various disabling conditions as they relate to vocational placement and the rehabilitation process.

**Theatre Major Option**

**Bachelor of Science in Education Degree**

The graduate with a Speech Communication and Theatre Bachelor of Science in Education degree (with a Theatre Major Option) will use the knowledge and skills obtained in the program to:

- Teach essential elements of speech communication and theatre at secondary school levels.
- Communicate and collaborate effectively in the interactive and creative process of theatre.
- Demonstrate a working knowledge of the historical, cultural, and stylistic dimensions of drama and theatre.
- Utilize critical thinking skills in order to analyze and interpret a script for the purpose of developing a concept and systematic plan for the production of a play.
- Form, communicate, and defend value judgments about quality and aesthetics in works of theatre.
- Demonstrate technical proficiency in the areas of acting and directing in order to create and present theatrical performances.
- Demonstrate a basic proficiency in the areas of theatre design and technology in order to create and present theatrical productions.
- Technical direct and direct one-act plays for public performance and successfully fulfill significant production assignments in the department's mainstage and/or children's theatre series.

### THEATRE

**Functional Major, Bachelor of Fine Arts Degree (47-366)**

The graduate with a Bachelor of Fine Arts degree in Theatre will use the knowledge and skills obtained in the program:

- Communicate and collaborate effectively in the interactive and creative process of theatre.
- Demonstrate a working knowledge of the historical, cultural, and stylistic dimensions of drama and theatre.
- Utilize critical thinking skills in order to analyze and interpret a script for the purpose of developing a concept and systematic plan for the production of a play.
- Form, communicate, and defend value judgments about quality and aesthetics in works of theatre.
- Demonstrate technical proficiency in the areas of theatre design and technology in order to create and present theatrical productions.
- Technical direct and direct one-act plays for public performance and successfully fulfill significant production assignments in the department's mainstage and/or children's theatre series.

**Sem. Hours**
History and Literature
THEA 1400 Script Analysis (3) Structural and performance dimensions of the play script. It will focus on the role of the various theatrical artists in developing an effective methodology and application for translating the playwright’s script into a public performance.

THEA 2400 Theatre in Western Civilization (3) An introductory examination of the various contemporary theatre arts with a survey of the drama and the developments of major theatrical periods in western civilization.

THEA 4400 Literature and History of the Theatre I (3) Works and writers for the stage from the beginning to 1700. The development of theatrical modes and presentation and their influences upon the drama of each period. Only offered Fall semester.

THEA 4420 Literature and History of the Theatre II (3) Works and writers for the stage from 1700 to the present. The development of theatrical modes and presentation and their influences upon the drama of each period. Only offered Spring semester.

Acting
THEA 1500 Acting (3) An extensive study in the theories and techniques of acting.

THEA 1510 Stage Movement (3) An extensive study of the body’s use in theatrical performance; this class will work with expanding the imagination of bodily expression.

THEA 1520 Stage Voice (3) Course is designed to improve and enhance the skills necessary for excellent stage vocal production. Exercises will focus on breath, resonance, articulation and speech dynamics.

THEA 3500 Advanced Scene Study (3) The course is designed to enhance the actor’s proficiency with character development within the genre of realism. Prerequisite: THEA 1500.

THEA 4500 Advanced Acting (3) An intensified study of characterization centering around the study of difficult roles, and the adaptation of acting techniques to various styles of acting. May be repeated for a maximum of 6 credit hours. Prerequisite: THEA 1500.

THEA 4510 Period Acting Styles (3) Examine the craft, methodology, resources and practice of acting in non-realistic (classical and contemporary) dramatic literature. Emphasis on analysis of stylistic determinants in dramatic literature. May be repeated for a maximum of 6 hours.

Crafts
THEA 1600 Stagecraft (3) Lectures and laboratory experiences in the construction, painting, rigging and shifting of stage scenery. Scene shop work arranged as a portion of the course.

THEA 1610 Stage Make-up (3) Materials and methods of application of make-up artistry for cosmetic and character effects on stage.

THEA 2610 Design Fundamentals (3) Survey of the concepts, applications, and techniques of theatrical design through study of the design areas in lighting, costume, scenic, make-up, hair, sound and properties.

THEA 2620 Costume Technology (3) Lectures and laboratory experience in sewing, fabric modification, and the craftwork of costume construction. An additional fee is associated with this course.

THEA 3610 Costume Design (3) Theory and practice of costume design as applied to theatrical, musical and operatic productions of live theatre.

THEA 3620 Lighting Design (3) Theory and practice of lighting design as it applies to the modern theatrical performance.

THEA 3630 Studio Theatre I (1) Technical direction of a play in the Studio Theatre series at approximately the junior class level. Prerequisites: THEA 1500, THEA 1600, THEA 3700 and departmental consent.

THEA 4600 Advanced Technical Theatre (3) Advanced techniques in scenery construction and painting, plastics, and selection of stage equipment. Laboratory exercises will be required. Prerequisite: THEA 1600.

THEA 4610 Advanced Stage Lighting and Sound (3) Extensive investigation of stage lighting history and practices in the modern theatre and the study and use of live and recorded sound as a theatrical art. Only offered Fall semester. Prerequisite: THEA 1600.

Directing
THEA 3700 Directing (3) Problems, principles, and employment of various directing styles, and the adaptation of directing techniques to various physical facilities. Prerequisites: THEA 1500 and THEA 1600.

THEA 4710 Advanced Directing (3) Extensive examination of special directing problems with comedy, tragedy, period drama, and the musical show in arena and proscenium theatres. May be repeated for a maximum of 6 credit hours. Prerequisite: THEA 3700.

THEA 4730 Studio Theatre II* (1) Direction of a play in the Studio Theatre series at approximately the senior class level. Prerequisite: THEA 3630 and departmental consent. *Not available for graduate credit.

Playwriting
THEA 4800 Playwriting (1-3) Dramatic writing, dramatic theory, style dialogue exercises, characterization, with opportunity for the production of student plays. May be repeated for a maximum of 3 semester hours.

General
THEA 1900 Theatre Practicum (1) Supervised work on selected problems in play direction, acting, scene design, scene construction, stage lighting, and business management. May be repeated for a maximum of 3 semester hours. Prerequisite: consent.

THEA 3900 Special Topics in Theatre (1-3) Individual study and research on topics that are of special interest to the student. May be repeated for a maximum of 6 semester hours. Prerequisite: consent.

THEA 4900 Repertory Theatre (3) Practical experience in theatre through participation in a summer repertory season of plays as an actor, a technician, or management personnel. May be repeated for a maximum of 6 semester hours. Prerequisite: enrollment by department approval only.

THEA 4910 Senior Showcase (1) Senior Theatre Majors will present a public showcase performance or portfolio presentation. Course is part of the formative assessment process within Theatre Department.

THEA 4920 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisite: admission to Teacher Education Program; should be taken concurrently with THEA 4984 during the Professional Semester. *Not available for graduate credit.

THEA 4984 Methods of Teaching Speech and Theatre* (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with THEA 4920 during the Professional Semester. *Not available for graduate credit.
Harmon College of Business Administration

In the Harmon College of Business Administration, the second digit in the course number stands for the following: 0-Economics, 1-Accounting, 2-Business Education, 3-Management, 4-Marketing, 5-Office Administration, 6-Computer Information Systems, 7-Business Law, 8-Finance, 9-Human Resource Management.

Accreditation

The Harmon College of Business Administration and the Accounting program are accredited by AACSB International located at 777 South Harbour Island Boulevard, Suite 750, Tampa, FL 33602; phone 813-769-6500; webpage http://www.aacsb.edu.

Bachelor of Science in Business Administration Degree Program Statement of Policy

College Mission.

The mission of the Harmon College of Business Administration is to provide quality teaching and learning for students from the University's historical 21 county service area preparing to enter careers in business. To accomplish this task the College:

- Primarily provides undergraduate degree programs in business.
- Provides instruction for undergraduate students in other disciplines who desire to learn about business.
- Provides selected graduate degree programs and instruction to prepare students for professional certifications.
- Maintains a curriculum that reflects the current business environment.
- Seeks students from outside of the service area, including international student enrollment, to enhance diversity.
- Supports the state-wide university mission in technology through selected business-related programs.
- Offers domestic and international internship opportunities.
- Provides opportunities for entrepreneurial education and experience.
- Employs hands-on, technologically enhanced, and outcomes driven pedagogy.
- Expects faculty to engage in applied and instructional research while recognizing the contribution of basic research.

A supporting mission is to provide meaningful service to the University, area community, and citizens of Missouri. To accomplish this task the college:

- Values and recognizes faculty and student contributions to the University and society.
- Encourages active faculty participation in their respective professions
- Sponsors the Institute for Entrepreneurial Development to train and advise small businesses in the state.

Admission to B.S.B.A. Programs.* Acceptance and registration in business administration courses or the declaration of intent to complete a business major do not guarantee admission to the B.S.B.A. programs. A student is not officially admitted to the HCBA until he/she is notified in writing by a representative of the HCBA. Only those students who have applied for admission to a program in the HCBA may file an application for graduation for the B.S.B.A. degree.

*Students seeking a Bachelor of Science in Education degree with a major in business education must meet requirements of the College of Education and Human Services for admission to the professional sequence.

The desire of the faculty in the HCBA is for all UCM students to succeed. To facilitate and support (1) overall academic program quality, (2) student progress through his/her academic program at the desired rate and (3) to better ensure receiving the maximum benefit from the curriculum design, students who desire to earn a B.S.B.A. degree are to enroll and take courses that are specifically designed for their academic classification. This means that freshmen (those who have completed 0-29.5 semester hours of college credit) who take courses within the HCBA will enroll in 1000 level courses only, sophomores (completed 30-59.5 semester hours) will enroll in 2000 or 1000 level courses, juniors (completed 60-89.5 semester hours) will enroll in 3000, 2000, or 1000 level courses and seniors (all students who have completed 90 semester hours) will enroll in 4000 level courses or below.

All UCM students enrolled in business and economics courses are required to comply with prerequisites for those courses.

Students who have not been admitted to a B.S.B.A. degree program may not enroll in more than a total of 30 semester hours in courses with the following prefixes: ACCT, CIS, FIN, HRM, MKT, MGT.** Deviations from this limit must be approved in writing by the dean of the HarMon College of Business Administration.

Bachelor of Science in Business Administration Admission Requirements.

UCM students who desire to graduate with a B.S.B.A. degree should declare themselves to be pre-business majors upon enrollment at the University. Admission to all B.S.B.A. degree programs is conditional upon the completion of the departmental requirements and the following prerequisites:

1. A minimum of 41 semester hours of credit including the following pre-admission courses:
   - ACCT 2101 Principles of Financial Accounting . . . . 3
   - ACCT 2102 Principles of Managerial Accounting . . . . 3
   - 1210 Essentials of Managing Information . . . . 2
   - ECON 1010 Principles of Macroeconomics . . . . . 3
   - ECON 1011 Principles of Microeconomics . . . . . 3
   - FIN 2801 Business Statistics I . . . . . . . . . . . . . . . 3
   - BLAW 2720 Legal Environment of Business . . . . . 3
   - MATH 1111 College Algebra . . . . . . . . . . . . . . . . . 3

2. Attainment of a 2.25 (or above) grade-point average on a scale of 4.00 for credit hours completed at UCM and elsewhere and attainment of a 2.25 (or above) grade-point on the 23 semester hours of pre-admission courses.

3. Transfer students from other colleges and universities must meet all degree program admission requirements. Transfer students may take appropriate additional course work to fulfill admission requirements.

4. A student applies for admission at the HCBA Office of the Dean (Ward Edwards 1600). The admission process should be initiated prior to fulfillment of all admission requirements.

5. All students pursuing a B.S.B.A. Degree must take and pass the College-BASE for General Education before they may be officially admitted to the degree program.

Additional Bachelor of Science in Business Administration Graduation Requirements.

In addition to specified major and other requirements, all students graduating with a B.S.B.A. degree must satisfy the following requirements:

1. Students are required to earn at least 50 percent of their required business credit hours for a B.S.B.A. degree at UCM.

2. Students must achieve a minimum cumulative grade-point average of 2.25.

Transfer of Credit.

Students planning to transfer to UCM should expect to complete most major business courses during their junior and senior years. A student from a two-year or four-year institution may transfer pre-admission courses equivalent to those required for the B.S.B.A. degree at UCM. Transfer students from four-year institutions should obtain transfer information from the academic department offering the major.

Upper division courses (courses at the 3000 and 4000 level) cannot generally be transferred from a two-year institution and applied to a B.S.B.A. degree. However, the department chair responsible for the UCM course may elect to allow such a transfer for equivalent credit. Before the department chair may accept the transfer course for equivalent credit, the course must be “validated” through a departmentally administered examination or successful completion of a more advanced course in the discipline.
The specific validation requirement to be applied will be designated by the department chair. The validation policy for the HCBA is consistent with policies and guidelines at comparable business schools and is in effect for all students desiring to transfer courses completed at a community or junior college. Upper division course work transferred from a four-year institution must be reviewed by the department chair before such work can be applied to a B.S.B.A. degree. The department chair may choose to apply the validation requirement to such transfers.

**Bachelor of Science in Business Administration Core Courses.**

All B.S.B.A. degree program students are required to successfully complete carefully selected and designed 3000 and 4000 level business core courses. Students may enroll in 3000 level core courses after successfully completing 59.5 semester hours and may enroll in 4000 level core courses after successfully completing 89.5 semester hours. Prerequisite course requirements are to be complied with at all levels of the core and in other UCM business and economics courses. Exception to these rules concerning core courses may be granted by the chair of the department in the HCBA in which the course is offered. HCBA 3000 and 4000 level core courses are listed as an integral part of departmental academic programs. Please refer to the following pages of this section of the UCM catalog for a complete listing of core and major courses required by the faculty in each department in the HCBA.

The Harmon College of Business Administration intends to provide equal opportunities for all through careful blending of human and financial resources. By accentuating growth in the capabilities of people, the College seeks to improve the quality of life for each individual in the region served.

The HCBA Integrative Business Experience (IBE)

Harmon College of Business students at the University of Central Missouri have the option to participate in a program that links their learning to a real-world experience. (This program is required for Management majors.) This program, called the Integrative Business Experience (IBE), was inspired by the MG101 program at Bucknell (Miller, 1991) and the Integrated Business Core (IBCCMichaelaesen, 1999) program at the University of Oklahoma. IBE students will be required to create and manage two significant enterprises: an actual start-up company and a hands-on community service project. Thus, IBE students will have the opportunity to: 1) develop interpersonal and group-interaction skills in a work-like setting, and 2) learn from their experience of trying to apply key business concepts and analytical tools to solve a wide range of unstructured, but very real problems.

Participation in the IBE option, which will typically occur during the first semester of the junior year, will require students to enroll in a four-course block that includes three required junior-level core business courses and an Entrepreneurship and Community Service Practicum course*. The link between learning and experience occurs because the content coverage and many of the assignments in the core courses will be specifically sequenced to support students in organizing and managing their business and service ventures. As a result, IBE students will develop a clear “big-picture” understanding of business operations because, on an ongoing basis, they will be using concepts and tools from all three core courses to guide their decisions in the business and service organizations.

**IBE Program Elements:**

1. Students must simultaneously enroll in three required junior-level core business courses: Management, Marketing, and Information Systems (Marketing - MKT 3405, Management - MGT 3315, and Information Systems - CIS 3630) plus a three-hour Entrepreneurship and Community Service Practicum (MGT 3385, MKT 3485 or CIS 3685). Students will be responsible for mastering the concepts and terminology of each of the functional area core courses.

2. Students will learn in classes in which the instruction is delivered using Team-Based Learning®. Thus, instead of listening to lectures, most of their in-class time is spent working in a 7-member learning team that remains stable across the core courses for the entire semester.

3. Students will work as an “employee” of a 35-member company that becomes a “laboratory” in which they apply concepts from the core business disciplines as they engage in two ventures - a start-up business and a service project on behalf of a non-profit community organization.

4. Students will spend the first 7 weeks developing a business plan for a start-up company whose profits will finance a hands-on community service project. The plan will then be presented to a loan review committee (First Community Bank officers and local entrepreneurs) to obtain the capital (real money up to $5,000) needed to implement their plan.

5. Students will implement their business plan (i.e., they have 6-7 weeks to do enough business to pay off their loan and expenses and generate enough profit to finance their service work).

6. Students will create a program portfolio that contains reflections on their experience and includes a set of “artifacts” that will enable them to communicate their learnings to potential employers.

**References**

For Additional Information on Team-Based Learning IBE, and IBC Contact Dr. Larry K. Michaelaesen, Professor of Management at lmoon@ucmo.edu (660) 543-4124 or visit www. teambasedlearning.org, www.ucmoibe.org and/or www.ou.edu/org/ ibcore.

*Enrollment in IBE is limited and will be on a first-come first-enrolled basis.

**Accounting**

**Department of Accounting Statement of Policy**

For admission to the accounting major, a student must have a cumulative GPA (4.00 scale) of 2.65 or higher on all completed undergraduate college credit and a GPA of 2.65 (or above) on the 23 semester hours of HCBA predmission courses. Any exceptions to this policy must be approved by the Accounting Department Chair.

A minimum grade of C must be earned in the following courses if they are to be applied toward the fulfillment of an accounting functional major or minor: ACCT 2101, ACCT 2102, ACCT 2110, ACCT 3111, ACCT 3112, ACCT 3120, ACCT 3130, and ACCT 3160.

Completion of the departmental exit examination is a graduation requirement for the accounting functional major. A student with an accounting functional major or minor may enroll in a course offered by the Department of Accounting only if a grade of at least C is earned in each of the course’s accounting prerequisites.

**ACCOUNTING**

**Functional Major, Bachelor of Science in Business Administration Degree**

(46-501)

The graduate with a B.S.B.A. degree with a major in Accounting will use the knowledge and skill obtained in the program to:

- Read, listen, write, and speak at the level expected of a beginning accountant.
- Locate, obtain, and organize financial information.
- Identify and solve unstructured problems in a business setting.
- Work in groups and provide leadership.
- Integrate general knowledge of the flow of ideas and events in history, cultural differences, socio-political forces, mathematics, aesthetics, and economics into his/her everyday decisions.
- Understand organizations and how they change.
- Recognize the roles that technology and international commerce play in today’s business environment.
• Use the common body of accounting knowledge to solve real-world accounting problems.
• Participate in the accounting profession and make value-based judgments in his/her business and professional lives.

### Accounting

**ACCT 2100 Survey of Accounting (3)** Study of elementary financial and managerial accounting to include the preparation and use of accounting statements and use of accounting information for managerial decisions. Course may not be substituted for ACCT 2101 and/or ACCT 2102. Not available to students with credit in ACCT 2102.

**ACCT 2102 Principles of Managerial Accounting (3)** Development and use of cost and managerial accounting information for management control and decision making. Prerequisite: ACCT 2101 and MATH 1111 or equivalent.

**ACCT 2110 Microcomputer Applications in Accounting (3)** Use of microcomputer to solve accounting related business problems. Prerequisites: BTE 1210, ACCT 2101; ACCT 2102 taken concurrently or with permission of the department chair.

**ACCT 3111 Intermediate Financial Accounting I (3)** Financial accounting theory and practice applied to selected topics with emphasis on assets and application of generally accepted accounting principles. Prerequisite: ACCT 2101 and ACCT 2110 or permission of department chair.

**ACCT 3112 Intermediate Financial Accounting II (3)** Continuation of financial accounting theory and practice applied to selected topics with emphasis on equities and application of generally accepted accounting principles. Prerequisite: ACCT 3111.

**ACCT 3120 Cost and Managerial Accounting (3)** Application of accounting for managerial decision making, financial reporting and control for business enterprises. Prerequisites: ACCT 2102 and FIN 2801.

**ACCT 3130 Introduction to Income Tax (3)** Federal Income Tax principles and procedures. Determination of gross income, exclusions from gross income, business and nonbusiness deductions. Application of the principles is by the use of actual tax forms.

**ACCT 3135 Internship in Accounting (3-9)** Opportunity for students to gain theoretical knowledge and practical experience within a particular field of specialization. May be taken for pass/fail credit only. Prerequisites: 60 semester hours and overall GPA 2.50 or above or permission of internship supervisor.

**ACCT 3160 Accounting Information Systems (3)** The integration of information flows of various segments of a business into an information system of the total organization. Emphasis areas include accounting aspects of data processing, system security controls, and documentation. Prerequisites: ACCT 2110 and ACCT 3111.

**ACCT 4100 Advanced Accounting I (3)** Selected topics including business combinations, consolidations, financial accounting and reporting practices; and accounting and reporting for non-profit entities. Prerequisite: ACCT 3112. *Not available for graduate credit.

**ACCT 4105 Auditing (3)** Study of theory and practice relating to attestation engagements, professional liability and ethics. Prerequisites: ACCT 3112, ACCT 3120, ACCT 3130 and ACCT 3160. *Not available for graduate credit.

**ACCT 4115 Financial Statement Analysis (3)** Allows students to gain financial statement analytical perspectives required of credit and equity analysts and others impacted by financial statements. Prerequisite: FIN 3850.

**ACCT 4120 Advanced Managerial Accounting (3)** An in-depth analysis of advanced managerial accounting topics and literature. Prerequisite: ACCT 3120.

**ACCT 4130 Advanced Income Tax (3)** Continuation of the study of Federal Income Tax. Consideration of the special treatment received by the various business entities, including a study of partnerships, corporations, estates, and trusts. Prerequisite: ACCT 3130.

**ACCT 4136 Estate Planning (3)** Provides students with the knowledge base and analytical skills needed for effective planning and administration. Prerequisites: ACCT 3130.

**ACCT 4165 Special Projects in Accounting (1-3)** Individualized or group study under the supervision of departmental faculty. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of instructor.

Inquiries about the status of this program should be directed to the chair of the Department of Computer Information Systems.

The graduate with a Bachelor of Science degree in Business Administration with a functional major in Computer Information Systems will use the knowledge and skills obtained in the program to:

- Demonstrate knowledge of professional and ethical expectations in the work place.
- Use productivity software (word processing, spreadsheet, and database) effectively and manage hardware and software resources by applying knowledge of operating systems and environments.
- Develop application software using skills in appropriate business programming languages (e.g. Java, Visual Basic, COBOL).
- Develop and maintain databases using theoretical and applied knowledge of relational database management systems (e.g. Oracle, SQL Server).
- Develop and maintain telecommunications networks using theoretical and applied knowledge of telecommunications (e.g. Novell, Windows/NT).
- Analyze business problems and develop solutions by applying critical thinking skills within the systems development process (e.g. The Systems Development Life Cycle [SDLC], Prototyping).
- Be a team player by applying group process skills; participate fully in group discussion and activities, lead/follow when appropriate; provide support and collaboration when needed.
- Access information resources and communicate effectively using a variety of methods: oral, written, and electronic.
- Design and construct client/server applications by using appropriate tools and architectures and develop effective graphical user interfaces (GUIs).
- Apply project management skills when creating a business solution within an information architecture.

 software development, networking, security, electives.

(At least 9 hours must be taken from the following)

- CIS 3655 COBOL Programming
- CIS 3695 Intern in Comp. Infor. Sys.
CIS 2605 Programming With Visual Basic.net (3) Introduces fundamental concepts and implementations of Programming Using Visual Basic.NET. It focuses on Windows form applications covering aspects such as development of Graphic User Interface, control structures In VB.NET, and data processing. The course also covers the object-oriented aspects of programming such as writing classes, using objects, inheritance and polymorphism. Hands-on learning is emphasized with a focus on the development of applications for business problems. An additional fee is associated with this course.

CIS 2615 Introduction to JAVA (3) Fundamental principles for the design and implementation of programs using JAVA programming language to develop systems and applications programs. Flexibility portability/platform independence, support for object-orientation and the availability of classes to handle complex programming tasks make JAVA an ideal choice for software development. The course adopts a hands–on approach and entails extensive programming. Prerequisite: CIS 2605. An additional fee is associated with this course.

CIS 2665 Principles of Data Communications and Local Area Networking (3) Overview of the fundamental concepts needed to develop and work with a data communications system. Hardware, software, network topology, network design and implementation is covered with a particular emphasis on the application of theory to solving business data communication needs. Prerequisite: CIS 1605.

CIS 3630 Management Information Systems (3) This course will focus on topics that help general managers make better Information System and/or Information Technology decisions. Often general managers must participate in the process of integrating IS/IT into the organization, and need knowledge of IS methods to interact with other IS/IT managers and employees effectively. Cases and actual hands-on applications are used to illustrate the importance of aligning end users and information resources with corporate resources and strategy. Ethical issues such as information privacy, access, and accuracy will be included. IBE section will evaluate and present a solution to a real life IT/IS problem, as determined by the IBE company plan. Prerequisites: ACCT 2101, CIS 1605 or ACCT 2110.

CIS 3650 Database Management Systems (3) Principles and fundamental concepts of relational database, including relational database design, implementation and management. Special emphasis is placed on data modeling, data normalization, database design and implementation with structured query language (SQL). Prerequisite: CIS 3630. An additional fee is associated with this course.

CIS 3655 COBOL Programming (3) Major emphasis on the developing of logical solutions to business problems. The development of programs on on-line terminals with job control and an overview of architecture of the latest IBM systems. Processing business data using COBOL (Common Business Oriented Language) on mainframe IBM systems. Prerequisites: CIS 3650.

CIS 3660 Analysis and Design of Computer Information Systems (3) Fundamentals of object-oriented system analysis and design. Using Computer Aided Software Engineering (CASE) tools such as MS Project, IBM Rational RequisitePro and Software Modeler to model the business, capture the requirements, and designing, (and prototyping) a business application. Prerequisite: CIS 2615 and CIS 3630. An additional fee is associated with this course.

CIS 3665 Data Communication Technologies (3) Current topics in data communications technology. Topics in wireless and wired technologies supporting personal area, local area and/or wide area networks will be considered. Prerequisite: CIS 2665.

CIS 3670 User Interface Design (3) Principles and guidelines for developing interface designs. Foundational theory, the design / development process and testing for web and application software interfaces will be addressed. Prerequisites: CIS 2615 and CIS 3660.

CIS 3860 Systems Project (1-3) An independent individual project to be completed by the student. May be repeated for a maximum of 5 semester hours. Prerequisite: CIS 3660.

CIS 3865 Integrative Business Experience Practicum (3) Students will apply concepts from the concurrent courses to their own start-up business venture and to community service. Corequisites: special sections of MGT 3315, MKT 3405 and CIS 3630. Prerequisites: ACCT 2101 or ACCT 2100, CIS 1605 or ACCT 2110, ECON 1010, ECON 1011.

CIS 3695 Internship in Computer Information Systems (3-9) Opportunity for students to gain theoretical knowledge and practical application within a particular field of specialization. May not be taken last semester of senior year. Enrollment normally in 6 or 9 semester hours. May be repeated for a maximum of 18 semester hours. Prerequisites: 60 semester hours and overall GPA 2.50 or above or permission of intern program Director.

CIS 4610 Special Projects (1-3) Special projects offerings in computer information systems. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of instructor. An additional fee is associated with this course.

CIS 4620 Microcomputer Applications (3) Emphasis will be on current microcomputer hardware, operating system, and database management software. Applications will be developed using the operating system and the database software. Prerequisites: CIS 1605; and MATH 1111 or a high school program including one unit of advance algebra and one unit of geometry.

CIS 4635 Seminar in Business Computer Applications (2-3) Business applications and programming techniques will be studied and prepared for presentation and discussion. Prerequisite: At least one programming course.

CIS 4640 Contemporary Computer Programming and Business Systems (3) Comparison and application of two or three popular programming languages; systems analysis and procedure writing, flowcharting, designing, and maintaining business applications. Not open to computer information systems majors or minors.

CIS 4655 Software Engineering (3) An advanced course in the systematic approach to the specification, development, operation, maintenance, and retirement of software. Topics include formal specification tools, developmental strategies, software metrics, verification and validation techniques. Prerequisite: CIS 3660. An additional fee is associated with this course.

CIS 4660 Applications Development Using JAVA (3) Develop object-oriented web-based Graphical User Interface (GUI) applications for business using JAVA as the programming language. Prerequisites: CIS 2615 with a C grade or better and CIS 2665 and CIS 3650. An additional fee is associated with this course.

CIS 4665 Data Communication and Distributed Data Processing (3) A comprehensive introduction to the field of digital data communications. It provides an understanding of terminology, topology, protocol, and available systems network architecture. Prerequisite: CIS 2665.

CIS 4667 Contemporary Voice and Data Systems* (3) An in-depth study of the theory of telephony. Provides the student with tools to understand and manage a large voice and data communications network. Topics include Central Office Switches, ISDN, Dial-Up and ISO-OSI. Prerequisite: CIS 4665. *Not available for graduate credit.

CIS 4670 Applications Development Using VB.net (3) The course covers advanced concepts and techniques of programming in Visual Basic.NET. It focuses on desktop and web-based application development implementing more advanced techniques in Windows based applications, advanced notions of object-oriented programming and development of applications that access databases. The course adopts a hands-on approach. Prerequisites: CIS 2615, CIS 2665, and CIS 3650.

CIS 4680 Data Resource Management (3) Designing and administering data resources with consideration of transaction management, distributed systems, security, object-oriented databases, data mining, data warehousing and alternative data structures (XML). Prerequisites: CIS 2665 and CIS 3650 or admission to the MSIT or Information Systems concentration in the MBA. An additional fee is associated with this course.

CIS 4685 Network Planning, Design and Security (3) Essential theoretical concepts behind network planning, design and security. Use of network planning tools to design networks, configure firewalls and other security measures. Prerequisites: CIS 3660, CIS 3665 and CIS 4665.
ECONOMICS
Economics and Finance
Major, B.A. Degree
(42-536)
The graduate with a Bachelor of Arts degree in Economics will use the knowledge and skills obtained in the program to:
• Use appropriate concepts and methods of analysis to identify and examine economic conditions and policies.
• Communicate effectively with consumers and producers of economic information and analysis.
• Select, collect, and manipulate data and interpret results.
• Consider the economic issues in the context of individual values, social values, and historical and global circumstances.
• Demonstrate elementary proficiency in a modern foreign language.
• Demonstrate quantitative and statistical knowledge and skills.
• Appreciate legal and ethical considerations.
• Make sound financial decisions, using fundamental financial principles.
• Examine economic conditions and policies.
• Appreciate legal and ethical considerations.
• Appreciate legal and ethical considerations.

FINANCE
Functional Major, Bachelor of Science in Business Administration Degree
(46-540)
The graduate with a Bachelor of Science degree in Finance will use the knowledge and skills obtained in the program to:
• Take the initiative in identifying and pursuing opportunities for financial growth or improvement.
• Accurately use theoretical frameworks to analyze, solve, evaluate, and implement financial decisions in a systematic manner.
• Recognize international issues when evaluating/implementing financial decisions.
• Effectively communicate analyses/decisions to a wide variety of audiences, in a variety of professional contexts.
• Recognize and apply maximization principle: Maximize value of the firm/shareholders’ wealth.
• Examine risk and return impacts of the firm's investment and financing decisions.
• Make sound financial decisions, using fundamental financial economic models, in a systematic manner.
• Recognize function of international financial markets.
• Comprehend role of financial intermediation.
• Appreciate legal and ethical considerations.

FIN 4810 International Economics (3) An introduction to
principles underlying the operation of modern industrial countries.
Special attention is given to the determinants of income and
employment.

FIN 1011 Principles of Microeconomics (3) An introduction to
the functioning of a market economy. Emphasis is on behavior of
consumers and business firms and the resulting allocation of resources
and distribution of income.

FIN 2010 Orientation to the Economics Major (2) Familiarize
economics majors with the CPI program, general outcomes,
assessment activities (portfolio assessment), and future opportunities
for economics majors. Prerequisite: ECON 1010 or ECON 1011.

FIN 3010 Intermediate Macroeconomics (3) Develop various
theoretical frameworks for analyzing the forces affecting income,
employment, and output in the economic system of the United States.
Attention is given to the impact that government and other countries
may have on these variables. Prerequisite: ECON 1010.

FIN 3013 Public Finance (3) The role of government in the modern
economy with emphasis on the impact of tax and expenditure
policies on resource allocation and income distribution.
Prerequisite: ECON 1011.

FIN 3020 Money and Banking (3) Money and banking structures
including the Federal Reserve System and how it affects the economy.
Monetary and National Income Theory are used to analyze economic
policy. Prerequisite: ECON 1010.

FIN 3030 Intermediate Microeconomics (3) Conventional
theory of consumption, production, pricing, and resource allocation.
Prerequisite: ECON 1011.

FIN 3035 Internship in Economics (3-9) Opportunity for students
to gain theoretical knowledge and practical application within a
particular field of specialization. May be repeated with consent of
department and internship director. Available for Pass/Fail credit only.
Prerequisite: 60 semester hours and overall GPA of 2.50 or above and
consent of internship director.

FIN 3065 Labor Economics (3) Survey of the labor force, wage
and employment theories, economic insecurity including unemployment,
trade unionism and collective bargaining from the standpoint of public
policy. Prerequisites: ECON 1010 and ECON 1011.

FIN 4000 Portfolio Assessment* (1) Review and assess the
major’s overall portfolio that he/she has accumulated and engage in
discussion of economic issues. Prerequisites: ECON 2010 and consent
of department chair. *Not available for graduate credit.

FIN 4010 International Economics (3) Principles underlying
international trade and finance and analysis of current problems and
related policies. Prerequisites: ECON 1010 and ECON 1011.

FIN 4015 Mathematical Economics I (3) A survey of mathematics
including theory of sets, calculus, differential and difference equations,
linear programming, matrices, and their application in economics.
Prerequisites: ECON 1011 and FIN 2801 or MATH 1131 or
MATH 1151.
FIN 3811 Investments (3) An introduction to corporate financial decision-making, including financial analysis, working capital management, capital budgeting, long-term financing, and international finance. Prerequisites: ACCT 2102 or ACCT 2100; FIN 2801.

FIN 3861 Financial Management I (3) Organization goals and tools of financial management. Analysis of case materials illustrating problems encountered by firms of various sizes and operating characteristics. Examination of adjustment of financial policy of business to changing conditions. Prerequisite: FIN 3850, or a declared major in Actuarial Science and Mathematics with completion of MATH 4510.

FIN 3881 Financial Institutions and Markets (3) An analytic study of financial institutions, financial markets, and monetary policy. Prerequisite: ECON 3020 and FIN 3850 or consent of the instructor.

FIN 3891 Security Analysis (3) Classification and analysis of securities, markets, and industries. Formulation of investment policy for institutions and aggressive personal investors. May be repeated for a maximum of 12 semester hours. Prerequisite: consent of the instructor. *Not available for graduate credit.

FIN 3893 Investment Portfolio Administration (3) Application of security analysis and investment decision concepts to case problems and computer simulated investment situations. Additional readings in selected portfolio management theories. Prerequisite: FIN 3891.

FIN 4800 Special Projects in Finance (1-3) Individualized or group study under the supervision of departmental faculty. May be repeated for a maximum of 9 semester hours.

FIN 4804 Employee Benefits and Retirement Planning (3) A planning perspective is developed for major employee benefit arrangements, retirement plan provisions, pension design, tax implications and suitability for different businesses.

FIN 4805 Advanced Personal Financial Planning (3) Develops ability to synthesize financial planning knowledge in order to analyze complex client case scenarios. Emphasis on characteristics of the financial planning profession. Prerequisites: ACCT 4136, FIN 3811, FIN 4804; or concurrently.

FIN 4815 Investment Portfolio Administration (3) Application of security analysis and investment decision concepts to case problems and computer simulated investment situations. Additional readings in selected portfolio management theories. Prerequisite: FIN 3891.

FIN 4817 Managing Financial Derivatives (3) Applied analysis of pricing and hedging techniques for managing investments in derivative contracts (forward, futures, options, and swap contracts) involving the application of concepts and strategies to case problems and computer simulations. Prerequisite: FIN 3850, or a declared major in Actuarial Science and Mathematics with completion of MATH 4510.

FIN 4820 International Finance (3) An intensified study of international banking and finance as it relates to international trade and the multinational corporation and the financing of imports and exports. Prerequisite: FIN 3850 or equivalent.

FIN 4830 Directed Readings in Finance (3) Intensive study of significant financial topics.

FIN 4862 Financial Management II* (3) Application of the theories and tools of financial decision making and control to case problems and business problem simulations. Prerequisite: FIN 3861. *Not available for graduate credit.

FIN 4880 Bank Management (3) Study and analysis of the problems of management of commercial banks with an emphasis on investment and loan portfolios. Prerequisite: FIN 3881 or concurrently.

**ECON 1010 and ECON 1011 are prerequisites for MKT 3405.**

The chair of the department of Marketing is willing to waive these for management minors.

**CIS 1605 is a prerequisite for CIS 3630.** There are several choices for students to meet this requirement. The CIS department is willing to substitute for CIS 1605 if the student took a similar course in his/her major. Students may, alternatively take the CIS 1605 equivalency exam. If students pass this exam, the CIS 1605 prerequisite for CIS 3630 will be waived. See the CIS department chair (3rd floor Dockery) for further assistance. Lastly students may choose CIS 1605 as one of the choices above.

MGT 3315 Management of Organizations (3) An examination of the theory and practices of managing organizations, including planning, organizational theory, human behavior, and control. Prerequisites: ACCT 2100 or ACCT 2101. Available only to business majors.

MGT 3320 Systems, Teams and Organizational Behavior (3) Emphasis on systems, teams, interpersonal relationships between participants and the dominant influence of systems on human behavior in groups and organizations. Prerequisite: MGT 3325 or concurrently and MGT 3315 or concurrently.

MGT 3325 Business Communications (3) Improves the student’s ability to plan and strategically write letters, memos, proposals, and reports and improve oral and interpersonal communication skills. Both listening and speaking skills will be developed through formal presentations, class discussions, and group work.

MGT 3335 Internship in Management (3-9) Opportunity for students to gain theoretical knowledge and practical application within a particular field of specialization. Take only for pass/fail credit. Prerequisites: 60 semester hours and overall GPA 2.50 or above or permission from internship director.

MGT 3345 International Management (1) This course will investigate the impact of ‘free economies’, cultural differences, negotiation styles, HR practices political systems and ethical dilemmas on international business and management.

MGT 3360 Production/Operations Management (3) Experiential analysis of operations problems commonly faced by managers in many disciplines. Emphasis on strategic operations decision making, planning operations systems, forecasting, quality and project management. Prerequisites: FIN 3801 or concurrently and MGT 3315 or concurrently; or FIN 3801 or concurrently and a declared BS in Economics.

MGT 3385 Integrative Business Experience Practicum (3) Students will apply concepts from the concurrent courses to their own start-up business venture and to community service. Corequisites: special sections of MGT 3315, MKT 3405 and CIS 3630. Prerequisites: ACCT 2101 or ACCT 2100, CIS 1605 or ACCT 2110, ECON 1010, ECON 1011.

MGT 4300 Health Care Administration (3) Management concepts, tools, and techniques for effective administration of all types of health care facilities. Prerequisite: MGT 3310 or MGT 3315 or graduate standing.

MGT 4310 Quality Systems (3) Students learn systems thinking, criteria for the design of quality systems, the change process for transformation of organizational systems, process management, and the cycle of continuous improvement. Prerequisite: MGT 3360 and Admission to the Harmon College of Business Administration or admission to the graduate school.

MGT 4315 Entrepreneurship* (3) This course develops the ability to identify new product opportunities and/or ideas for new businesses. Students will learn to evaluate feasibility of product/business concept. Students will interact with entrepreneurs and the course requires a class project. *Not available for graduate credit. Cannot be used toward any graduate degree offered in the HCAA.

MGT 4320 Leading and Managing Teams and Organizations* (3) This course focuses on the behaviors of exemplary leaders. Student teams develop and deliver workshops allowing fellow students to become more effective leaders by practicing the behaviors of exemplary leadership. Prerequisites: MGT 3320, MGT 4310 or concurrently. Admission to the Harmon College of Business Administration. *Not available for graduate credit.

MGT 4325 Management Communication* (3) Provide advanced communication theories and methods which are essential for effective managers in oral and written communication situations. Emphasizes individual, team, and group communication through a series of business cases. *Not available for graduate credit. Prerequisite: MGT 3325 and Admission to the Harmon College of Business Administration.

MGT 4350 Special Projects in Management (1-3) Advanced course in management theory, practice, methods, and strategies taught on an individual or group basis to advanced management students and graduate students. May be repeated for a maximum of 6 semester hours. Prerequisites: all preadmission courses or MBA background requirements, MGT 3315, and Department Chair’s approval with adequate preparation in area to be studied.

MGT 4370 Supply Chain Management (3) Explains the role of supply chain managers and the impact of their decisions on the competitive success and profitability of modern organizations. Through integrative experiential team-based activities and projects, students are given an opportunity to experience the increasingly strategic nature of supply chain management. Prerequisite: MGT 3360 and Admission to the Harmon College of Business Administration or admission to the graduate school.

Human Resource Management

HRM 3920 Human Resource Management (3) Issues related to the effective management of people within organizations; pertinent to all disciplines. Emphasis placed on practical applications using experiential activities to develop student’s managerial skills. Prerequisite: MGT 3315 or MGT 3310 or concurrently.

HRM 4930 Compensation and Benefits (3) Concepts, models, theories, and application of processes and systems of employee compensation and benefits within organizations. Only offered Fall semester. Prerequisite: HRM 3920.

HRM 4960 Employment and Development (3) Concepts, models, theories, and application of human resource planning, employment, and training and development. Prerequisite: HRM 3920.

HRM 4990 Problems in Human Resource Management (3) An integrated approach to the administration of the human resource function in various types of organization settings through the use of the case and incident methods. Prerequisite: HRM 3920.

Integrative Studies Capstone

ICAP 4357 Organizational Policy and Strategy* (3) Capstone course requiring integration of business knowledge using conceptual, communication, interpersonal, and technical skills applied to strategic management. Case study and competitive simulation methods are used in an experiential team learning environment. Prerequisites: Admission to the B.S.B.A. program, MGT 3315, MGT 3325, MKT 3405, FIN 3850, and senior standing. *Not available for graduate credit.
**Marketing and Legal Studies**

### MARKETING

**Functional Major, Bachelor of Science in Business Administration Degree**

(46-511)

The graduate with a B.S.B.A. degree with a major in Marketing will use the knowledge and skills obtained in the program to:

- Understand the marketing concepts in consumer behavior, personal selling, marketing research, marketing analysis, strategy development and global decision-making.
- Communicate effectively in both individual and team situations using both oral and written communication.
- Interact effectively with others to analyze situations and solve marketing problems.
- Understand the valuing process as it relates to making optimal decisions in the global business environment.
- Apply analysis and problem solving skills to assess marketing situations and develop strategies for implementation.

</table>

**GENERAL EDUCATION REQUIREMENTS**

In the minor, if elected, BTE 1210 fulfills 2 s.h. of Div. II A; ECON 1010 fulfills 3 s.h. of Div. II B.

**Marketing**

**MKT 1400 Orientation to Marketing**

(1) Orientation to the field of marketing. Available for those with less than 75 hours and no prior credit in MKT 3405 or equivalent. Counts as a free elective.

**MKT 3400 Principles of Marketing**

(3) Methods used in determining the needs and desires of consumers and translating these findings into products of a suitable nature. Methods used in getting these products into the hands of the consumer. Basic marketing class for nonbusiness majors. Not available to students with prior credit in MKT 3405 and may not be used as a marketing elective.

**MKT 3405 Marketing Policy**

(3) A comprehensive study of marketing theory and concepts and the application of these ideas in modern organizations by professionally trained managers. First course in the marketing sequence for marketing functional majors and minors, and marketing foundation course for the business core requirement of B.S.B.A. degree students. May not be used as a marketing elective. Prerequisites: ECON 1010, ECON 1011 and 60 semester hours of college credit.

**MKT 3410 Retail Management**

(3) The initial considerations and decisions for establishing and managing a retail store. Prerequisite: MKT 3400 or MKT 3405.

**MKT 3420 Principles of Advertising**

(3) Advertising purposes and procedures covering primarily the point of view of the advertising manager. Study of proper appeals, copy preparation, layout, and media. Prerequisite: MKT 3400 or MKT 3405 or AGRI 3120.

**MKT 3430 Personal Selling**

(3) Techniques involved in personal selling. Prerequisite: MKT 3400 or MKT 3405 or AGRI 3120.

**MKT 3435 Internship in Marketing**

(3-9) Opportunity for students to gain theoretical knowledge and practical application within a particular field of specialization. May not be taken last semester of senior year. Available for Pass/Fail Credit only. Prerequisites: admission to B.S.B.A., MKT 3405, overall GPA 2.50 or above and consent of internship director.
MKT 3460 Advanced Professional Sales (3) This course will apply advanced communication skills to the sales process for those interested in business to business selling as a career. Prerequisites: MKT 3405 and MKT 3430.

MKT 3480 Consumer Behavior (3) The application of knowledge from the behavioral sciences to the study, analysis, and interpretation of consumer buying habits and motives. Individual, group, and cultural influences on consumer preferences and purchasing patterns are emphasized. Prerequisite: MKT 3400 or MKT 3405.

MKT 3485 Integrative Business Experience Practicum (3) Students will apply concepts from the concurrent courses to their own start-up business venture and to community service. Corequisites: special sections of MGT 3315, MKT 3405 and CIS 3630. Prerequisites: ACCT 2101 or ACCT 2100, CIS 1605 or ACCT 2110, ECON 1010, ECON 1011.

MKT 4420 Sales Management (3) Management aspects of selling with emphasis on the role of the supervisor in the sales field. Prerequisites: MKT 3405; admission to B.S.B.A. for undergraduate students or department chair approval for graduate students.

MKT 4430 Marketing Distribution (3) Methods and strategies used in distributing products including the design of channels and the activity performed by channel members to facilitate efficient movement of goods. Prerequisites: MKT 3405; admission to B.S.B.A. for undergraduate students or department chair approval for graduate students.

MKT 4440 Seminar in Marketing (3) Analysis of current issues and problems in marketing with emphasis on new theoretical and methodological developments. Prerequisites: MKT 3405; admission to B.S.B.A. for undergraduate students or department chair approval for graduate students.

MKT 4450 Integrated Marketing Communication (3) The determination of the correct blend of advertising, personal selling, sales promotion, reseller support, and publicity. Prerequisites: MKT 3405; admission to B.S.B.A. for undergraduate students or department chair approval for graduate students.

MKT 4460 International Marketing (3) Marketing policies and practices in foreign trade. Prerequisites: MKT 3405; admission to B.S.B.A. for undergraduate students or department chair approval for graduate students.

MKT 4470 Marketing Research (3) Applications of research methods to the problems of marketing. Prerequisites: MKT 3405; admission to B.S.B.A. for undergraduate students or department chair approval for graduate students.

MKT 4480 Special Projects in Marketing (1-3) Individualized or group study under supervision of department faculty. May be repeated for a maximum of 6 semester hours. Prerequisite: department chair approval.

MKT 4490 Marketing Management* (3) An overview of major areas of marketing from the viewpoint of the marketing executive; a capstone course integrating previous marketing study and background into a managerial context. Prerequisites: MKT 3405, admission to B.S.B.A., and last semester in program. *Not available for graduate credit.

Business Law

BLAW 2720 Legal Environment of Business (3) A survey of a number of areas of law that are important to persons as citizens and as participants in economic activity. Included are legal process, alternative dispute resolution, contracts, torts, product liability, employment law, antitrust, and international business law.

BLAW 3721 Law of Business Transactions (3) Provides a comprehensive discussion of the laws concerning the formation and performance of contracts, sales of goods transactions, creation and transfer of negotiable instruments, and selected transactions in real and personal property. Prerequisite: BLAW 2720.

BLAW 4740 Employment Law (3) Policy and legal problems arising in an area of acute social and economic conflict.

BLAW 4750 Collective Bargaining (3) Roles and strategies of labor, management, and the Government as the active participants in the negotiation and performance of the labor contract. Prerequisite: BLAW 4740.
Career and Technology Education

For the VOCATIONAL AGRICULTURE EDUCATION Functional Major, Bachelor of Science in Education Degree see the program listing in the Agriculture Department.

Business Education

BUSINESS EDUCATION
Major, Bachelor of Science in Education Degree
Certification to teach business education subjects in grades 9-12
(41-524)
The graduate with a Bachelor of Science in Education degree with a functional major in Business Education will use the knowledge and skills obtained in the program to:
• Meet all Missouri Standards for Teacher Educators (MoSTEP).
• Meet all competencies set by the Missouri Department of Elementary and Secondary Education for Business Education (MoSTEP Standard 1.2.1 "...knows the subject(s) applicable to the area(s) of certification ...") which includes: accounting, business/consumer related las, business communications, computer applications, economics, keyboarding, management, marketing, personal finance and professional education.
• Pass the PRAXIS II subject area exam at the level set by the Missouri Department of Elementary and Secondary Education.

**GENERAL EDUCATION REQUIREMENTS**

In the minor, BTE 1210 fulfills 2 s.h. of Div. II A.

### Career Technology Education

**CTE 1000 Introduction to Career & Technical Education (3)**

Introduction to teaching Career & Technical Education. Philosophy and content of respective Career Education programs in Missouri, and respective state and national standards.

### Financial Management Education (3)

Competencies related to income, taxes, money management, spending, use of credit, saving, and investing. Issues and strategies for responsible personal financial management across the life-span.

### Foundations of Career & Technical Education (3)

Synthesizes Career and Technical Education’s history, past and current issues, legislation, and philosophical foundations. Only offered Fall semester.

### Curriculum Construction in Career and Technical Education (3)

Assist new and practicing educators in selecting and organizing course content for their career and technical education courses. Prerequisite: For B5 degree, T&OE 4140. For BSE degree Admission to Teacher Education Program or instructor approval.

### Methods of Teaching Career and Technical Education (3)

Prerequisite: For B5 degree, CTE 4145. For BSE degree, admission to Teacher Education Program or instructor approval.

### Philosophy of Career and Technical Education (2)

Past and current philosophy of career and technical education.

### Business Teacher Education

**BTE 1210 Essentials of Managing Information (2)** Prepare students to be active computer users. Includes evaluating computers, Internet use as a student and consumer, and skills in word processing, spreadsheet and presentation software.

**BTE 1530 Keyboarding (2)** Touch operation of alphabetic, numeric, and symbol keys found on most computer keyboards, word processors, and typewriters; introduction to document formatting.

**BTE 1532 Intermediate Keyboarding (3)** Emphasis on building speed and accuracy. Includes document formatting. Prerequisite: Prior instruction in touch keyboarding.

**BTE 2535 Data Input Technologies (3)** Technologies and processes for managing data in an information system. Emphasizes efficient input methods and alternative technologies along with appropriate document formatting and information management. Prerequisite: Keyboarding speed of 35 wpm with 95 percent or higher accuracy on a 5-minute timed writing.

**BTE 3241 Principles of Marketing Education (3)** An introduction to the basic principles of marketing education.

**BTE 3536 Integrated Productivity Applications (3)** Continuing emphasis on input technology proficiency and document formatting with advanced productivity tools for information management. Integrated projects and problem-based learning will facilitate learning. Prerequisites: BTE 1210 and BTE 2535 with a grade of C or higher.

**BTE 4210 Methods of Teaching Business Education (3)** Prepares student as teachers of business education by assisting in the development of instructional methods and techniques for student-oriented classroom instruction. Prerequisites: admission to Teacher Education Program; senior or graduate status, or by departmental approval.

**BTE 4220 Secondary Field Experience II (1)** Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with BTE 4230 during the Professional Semester. *Not available for graduate credit.

**BTE 4230 Methods of Teaching Business-General** (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with BTE 4220 during the Professional Semester. *Not available for graduate credit.

**BTE 4241 Coordination of Cooperative Education Programs (2)** Organizing and implementing cooperative career and technical education programs.

**BTE 4250 Business/Marketing Education Practicum (1-3)** Students will experience a supervised internship within the business or marketing environment. *May be repeated for a maximum of 6 semester hours.

**BTE 4260 Special Topics in Business Teacher Education (1-3)** Topics will be listed in appropriate course schedules. May be used to teach specific microcomputer software or to cover other critical topics in business education and office administration as new technologies develop. Prerequisite: senior or graduate status.

**BTE 4280 Implementing Business Education (3)** This course addresses information needed to plan, implement, and maintain business education programs.

**BTE 4501 Managing Classroom Technology (3)** Students will work with current electronic media management tools that enhance classroom instruction in career education. Emphasizes resources to manage a multimedia-rich educational environment. Only offered Fall semester. Prerequisites: BTE 1210 with C grade or higher, or by departmental approval.

**BTE 4510 Desktop Publishing for Business (3)** This course includes business desktop publishing concepts that utilize basic to intermediate design principles for creating comprehensive document layouts with polished professional-looking images. Prerequisite: BTE 3536 or departmental approval.

**BTE 4550 Web Communications for Business (3)** Office problems from the administrative point of view, with an includes effective business web design concepts, application tools, and production fundamentals such as working with text and graphics, links and tables, animation and special effects. Only offered Spring semester. Prerequisite: BTE 3536 or departmental approval.

**BTE 4560 Presentations and Information Management (3)** Focuses on solving business problems using technology tools available for information management. Uses case study design to create solutions for business and business education. Prerequisites: BTE 4510 or BTE 4550 or departmental approval.
Family and Consumer Sciences

In the section of Family and Consumer Sciences, the second digit in a course number with a FACS prefix stands for the following: 0-General, 1-Family Economics and Management, 7-Professional.

VOCATIONAL FAMILY AND CONSUMER SCIENCES

Functional Major, Bachelor of Science in Ed. Degree
Certification to teach vocational family and consumer sciences from birth to grade 12 (41-849)
The graduate with a Bachelor of Science in Education degree in Vocational Family and Consumer Sciences will:
- Gain subject matter/content area knowledge needed for certification in Vocational Family and Consumer Sciences.
- Meet Professional Education requirements for certification.
- Interact with diverse and global environments.
- Gain knowledge and skills in order to teach today's high school and middle school students.
- Use technology, research skills, problem solving, communication and critical thinking within the teaching profession.
- Gain experience working with diverse groups.

FACS 4740 Methods of Teaching Vocational Family and Consumer Sciences* (3) Prerequisites: 15 semester hours of family and consumer sciences with 5 semester hours of foods and nutrition, 5 semester hours of textiles and clothing, and 5 semester hours in related subjects; EDSP 2100, EDCI 4300 or concurrently; and admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with FACS 4725 during the Professional Semester. *Not available for graduate credit.
FACS 4750 Curriculum in Family and Consumer Sciences Education (2) Design of programs and courses for consumer homemaking or occupational family and consumer sciences education including theory, principles, development and implementation, federal and state guidelines, trends and issues. Prerequisite: FACS 4740 or equivalent.
Technology Education

TECHNOLOGY EDUCATION

Major, Bachelor of Science in Ed. Degree

Certification to teach technology education in grades 9-12

(41-229)

The graduate with a Bachelor of Science in Education degree in
Technology Education will use the knowledge and skills obtained in the
program to:

• Be capable of implementing a contemporary technology education
program based on the Standards for Technological Literacy
• Possess a conceptual understanding of 1) the nature and history of
technology and, 2) the influence of technology on society and the
environment
• Demonstrate competence with various technologies including
design, communication, manufacturing, construction, transportation,
energy, and computer technology
• Employ and teach problem solving methods to solve technical
problems
• Demonstrate the ability to operate lab equipment in an efficient and
safe manner, and teach accordingly
• Demonstrate the ability to operate, schedule and control labs for
technology education programs
• Display professional habits including involvement in professional
associations related to Technology Education, continuous learning,
and collegiality

GENERAL EDUCATION REQUIREMENTS [pages 34-43]

In the minor, T&OE 2000 fulfills 2 s.h. of Div. II A

MINIMUM TOTAL ..................................................... 124
T&OE 1090 Exploratory Problems in T&OE (1-3) Individual or group work on introductory level technical problems in technology and occupational education. Provide exploration of content not available through normal course offerings. May be repeated for a maximum of 6 hours. Prerequisites: written contract/proposal with objectives and departmental consent.

T&OE 2000 Technology and Change (3) Explores the nature of technology, technological systems found in all cultures, the control of technology, and implications for change.

T&OE 3022 Internship in Technology (1-9) Provides practical application and experience in cooperating industry and business. Students submit written reports. Evaluation by on-job supervisor and internship coordinator. May be repeated for a maximum of 12 semester hours. Prerequisites: 20 semester hours of program offerings, minimum undergraduate GPA 2.00 and permission of department chair.

T&OE 3060 Technical Writing (3) Technical writing basics, techniques, and applications. Uses a practical focus so students internalize the skills necessary to produce clear and effective documents and reports.

T&OE 4000 Special Projects in Technology and Occupational Education (1-3) Investigation of contemporary problems and issues in technology and occupational education by selected individuals or groups. May be repeated for a maximum of 6 semester hours. Prerequisites: written contract/proposal with objectives and written department consent.

T&OE 4020 Technology Education for Elementary Schools (3) Students will design, construct, and finish inexpensiva three-dimension projects for the purpose of developing skills and understandings in the use of tools, materials and processes as they relate to the integration of constructional activities in the elementary school.

T&OE 4022 Occupational Administration/Teaching Internship (1-3) Provides a mentored administration/teaching experience at the secondary/post-secondary level. Evaluation by on-site mentor and Coordinator of Technology and Occupational Education. May be repeated for a maximum of 6 semester hours. Prerequisites: CTE 4145, CTE 4160, and permission of the Coordinator of T&OE.

T&OE 4090 Special Problems in Technology and Occupational Education (1-3) Meets student needs for additional research and/or laboratory experience in the development of technical knowledge and skills in the areas of technology and occupational education. May be repeated for a maximum of 6 semester hours. Prerequisites: written contract/proposal with objectives and written department consent.

T&OE 4120 Secondary Field Experience II (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with CTE 4160 during the Professional Semester. *Not available for graduate credit.

T&OE 4140 New Teacher Institute (3) Develop teaching/instructional management skills needed to perform effectively in classrooms/laboratories. Includes structured activities designed to assist beginning vocational-technical teachers during their first teaching years.

T&OE 4150 Vocational Guidance (3) Facilitate awareness and ability in vocational guidance. Includes problems, methods, and procedures for assisting individuals in choosing, preparing for, entering, and progressing in their vocation.

T&OE 4180 Adult Programs in Occupational Education (3) Principles, objectives, philosophies, organization, administration, and supervision of adult health, agricultural, industrial, and homemaking occupations.

Integrative Studies General

IGEN 3116 Creative Problem Solving (3) A broad approach to formal techniques in creative problem solving applicable to any field of endeavor and interest. An additional fee is assessed for this course.

Fashion and Apparel Merchandising

Teacher Education Policies and Procedures

CERTIFICATION

The teacher certification program offered by UCM is accredited nationally by the National Council for Accreditation of Teacher Education. Programs in education also meet certification requirements set by the Missouri Department of Elementary and Secondary Education.

Missouri state regulations stipulate these basic requirements for students seeking initial teacher certification (or extended certification in some instances): (1) for admission to teacher education programs, passing all sections of the College Basic Academic Subjects Examination (C-BASE) and receiving a grade of “C+” or better in an oral communications class; (2) a minimum cumulative grade-point average of 2.50 on a 4-point scale on all college work attempted prior to initial certification; (3) a minimum grade-point average of 2.50 on a 4-point scale in each initial certificate subject area, and any additional area of endorsement for extended certification; (4) a minimum grade-point average in professional education courses of 2.50, with no grade lower than “C”; “professional education courses” are defined as those listed in the state certificate requirements as (a) Foundations of Teaching, (b) Teaching Methods, and (c) Clinical Experiences; (5) completion of a PRAXIS II subject assessment with a score no lower than a minimum determined by the state of Missouri for each test ("exit test"); (6) completion of a student performance portfolio addressing state standards; (7) for all persons seeking school administrator certification, satisfactory appraisal upon completion of the state Administrator Assessment Center program.

Initial teacher certification may be earned at UCM via completion of the Bachelor of Science in Education degree, the Bachelor of Music Education degree and in certain instances the Bachelor of Science degree. Students may apply for certification upon completion of degrees with major and minor programs that are designated as meeting certification guidelines of the state of Missouri. The degree earned, however, does not automatically lead to certification; failing to complete satisfactorily the “exit test” requirement with the portfolio (see above) does not prevent the awarding of the degree but will be cause for non-issuance of the certificate. Initial teacher certification may also be obtained through a post-baccalaureate program. In addition, UCM has instituted an alternative program for certification for people with degrees not in education who are otherwise eligible for immediate employment in a school position. See the Director of Clinical Services and Certification for further information about both of these special programs.

UCM offers undergraduate majors in the following fields which lead to initial teacher certification:

Agriculture Education (Vocational)
Art
Business Education
Early Childhood Education
Elementary Education
English
Family and Consumer Science
Mathematics
Middle School-Junior High School Education
Modern Languages (French, German, or Spanish)
Music, Instrumental and/or Vocal
Physical Education
Sciences (Biology, Chemistry, Earth Science, Physics)
Social Studies
Special Education (Cross-Categorical, Severely Developmentally Disabled, Early Childhood Special Education)
Speech Communication and Theatre
Technology Education

NOTE: Other certification programs are available that require initial certification or graduate degrees. See the Graduate Catalog for further information.

UCM offers minor programs in many of the above areas that may provide teacher certification for grades 5-9 or K-9. In addition, the following minors, all requiring completion of a major teaching program, are available:
ADMISSION TO THE TEACHER EDUCATION PROGRAM

Students seeking an initial teaching certificate (as candidates for the Bachelor of Science in Education, the Bachelor of Science, or the Bachelor of Music Education degrees, or as post-baccalaureate students) must gain admission to the University of Central Missouri Teacher Education Program.

Admission to Teacher Education is required before enrolling in courses identified as PROFESSIONAL EDUCATION REQUIREMENTS (with the exception of the courses listed below) as well as those courses identified by departments representing the major area of study in the preparation for teaching.

1. Application for admission.
2. Evidence of having completed a minimum of 48 semester hours of college credit, have a cumulative GPA of at least 2.50, and be currently enrolled at UCM.
3. Completion of the following courses with a grade of C or higher:
   A. EDCI 2100, Foundations of Education and Field Experience
   B. EDCI 2240, Educational Psychology (or equivalent course)
   C. ENGL 1020, Composition I (or approved equivalent course emphasizing writing skills)
   D. College-level mathematics course (at the level of MATH 1111, 1150, or 1620)
   E. An oral communication course (COMM 1000 or equivalent course).
4. Recommendation for admission from the department representing the major area of study in the preparation for teaching (interviews or other means of assessment as determined by individual departments).
5. Evidence of having passed all sections of the C-BASE (undergraduates only - Post-Baccalaureate students are exempt.)
6. Satisfactory criminal history background check. No student will be admitted to teacher education if he/she has been convicted of a felony. (Post-Baccalaureate students may contact the Office of Clinical Services and Certification to clarify admission requirements.)

NOTE: Any appeal regarding denial of Admission to the Teacher Education Program should be addressed in writing to the chair of the Teacher Education Council. Further appeal should be directed to the Dean of the College of Education and Human Services.

FEDERAL FINANCIAL AID

Students completing initial teacher certification as part of completion of the first bachelors or graduate degree may receive federal and state grant, loan and employment assistance in accordance with their calculated eligibility. Students pursuing teacher certification after completion of the first bachelors degree may receive only federal loan and work assistance. In both circumstances, the Free Application for Federal Student Aid (FAFSA) must be submitted to determine the student’s eligibility for aid.
Curriculum and Instruction

In the Department of Curriculum and Instruction, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 2-Reading, 3-Curriculum and Instruction, 4-Elementary Education, 5-Secondary Education, 6-Adult Education, 7-Special Methods, 8-Early Childhood Education, 9-Individual Study and Research.

Accreditation

The Curriculum and Instruction programs are accredited by the National Council for Accreditation of Teacher Education located at 2100 Massachusetts Ave., NW, Suite 500, Washington, DC 20036; phone 202-466-7496; email ncate@ncate.org.

EARLY CHILDHOOD EDUCATION

Minor, Bachelor of Science in Education Degree

Certification to teach grades B-3 only with an elementary education functional major; available with no certification when used with other major areas.

Clinical Experiences for Teacher Education Students

Early Field Experience

Education students are required to participate in early field/clinical experiences prior to student teaching. All education majors enroll in a six-hour block of educational foundations courses, scheduled to provide flexibility for off-campus time in field experiences, typically taken at the sophomore level. The field experience portion of this block is incorporated in EDCI 2100.

Early childhood, elementary and middle school majors have a field experience in EDCI 3210 (Methods of Reading Instruction). Early childhood majors have additional field experiences in EDSP 3151 (Community and Family Resources Practicum), EDCI 4830 (Early Childhood Curriculum) and EDCI 4400 (Classroom Management and Interactions). Elementary education majors have additional field experiences in EDCI 4250 (Practicum in Reading) and EDCI 4400 (Classroom Management and Interactions). Middle school majors have additional field experience in EDCI 4130 (The Middle School) and EDCI 4340 (Middle School Curriculum and Instruction).

Secondary majors, after EDCI 2100 complete their second field experience in EDCI 3550 (Practicum in Secondary Instruction) and their third in Secondary Field Experience II in their major field which is offered in conjunction with the special methods course in the Professional Education Semester.

Professional Education Semester

Early childhood, elementary and middle school majors using this catalog are required to student teach for 14 weeks, earning 12 semester hours during the Professional Education Semester.

Majors in special education using this catalog are required to student teach for a minimum of 12 weeks (usually 14), earning 12 semester hours during the Professional Education Semester. Secondary and K-12 education majors must plan for a senior semester in which they enroll full-time in a professional block of courses which includes student teaching. The 16-week semester consists of two parts-four weeks on campus in 3-4 semester hours of course work and twelve weeks of student teaching (all day, five days a week in a school setting). Secondary and K-12 majors customarily enroll in Secondary Field Experience II in their major field, and EDCI 4595 and ICAP 4468. See the appropriate department program listing for any variations in this requirement. Students following programs not clearly covered by these general statements or the department program listing should see the Director of Clinical Services and Certification for information. Elementary majors with a special education area of concentration/minor will be assigned two additional hours of student teaching.

Attendance at all professional education semester activities is required. Any exceptions must be approved by the Director of Clinical Services and Certification.

Clinical Faculty for the Teacher Education Program

UCM’s education majors participate in a field experience with one of the Professional Development School partners. The Teacher Education Program has formal partnership agreements with Warrensburg, Crest Ridge and Holden School Districts. Additional districts may be added to the PDS program over time. Many of the public school faculty from the two districts serve as clinical faculty for UCM, and work with interns in the P-12 classrooms or present on educational issues in the university courses.

All teacher education students seeking initial certification will be able to demonstrate the knowledge and skills obtained in the program to meet the outcomes of Missouri Standards for Teacher Education Programs (MoSTEP). The graduate of a teacher education program will use the knowledge and skills obtained in the program to:

- Understand the central concepts, tools of inquiry and structures of the discipline(s) within the context of a global society and create learning experiences that make these aspects of subject matter meaningful for students.
- Understand how students learn and develop, and provide learning opportunities that support the intellectual, social, and personal development of all students.
- Understand how students differ in their approaches to learning and create instructional opportunities that are adapted to diverse learners.
- Recognize the importance of long-range planning and curriculum development and develop, implement, and evaluate curriculum based upon student, district, and state performance standards.
- Use a variety of instructional strategies to encourage students’ development of critical thinking, problem solving, and performance skills.
- Use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.
- Model effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.
- Understand and use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social, and physical development of the learner.
- Be a reflective practitioner who continually assesses the effects of choices and actions on others. This reflective practitioner actively seeks out opportunities to grow professionally and utilizes the assessment and professional growth to generate more learning for more students.
- Foster relationships with school colleagues, parents, and educational partners in the larger community to support student learning and well-being.
- Understand theories and applications of technology in educational settings and has adequate technological skills to create meaningful learning opportunities for all students.
## ELEMENTARY EDUCATION

**Functional Major, Bachelor of Science in Education Degree**

Elementary teacher certification in Missouri is available at two levels; for Grades 1-6 and for early childhood education Birth-Grade 3. Careful program planning could lead to certification in both of these levels, or for elementary with special education certification. Students interested in two levels of certification should see the Director of Clinical Services and Certification.

PROFESSIONAL EDUCATION REQUIREMENTS FOR SECONDARY EDUCATION
Bachelor of Science in Education and Bachelor of Music Education Degrees
Bachelor of Science in Education and Bachelor of Music Education degree programs include the following professional education components toward the total of a minimum of 124 semester hours required. A teaching degree shall include a major and a minor, two teaching majors, or a functional major. (Minors need not be in a teaching field.) Majors, functional majors, and minors leading to certification to teach are listed in the respective departments or service fields with teaching programs. Professional education requirements listed here apply to each secondary or K-12 program, with exceptions as noted in certain majors.

Before being admitted to the Professional Education Semester, secondary education candidates must have completed a course in adolescent psychology (PSY 4200 or PSY 3220, Lifespan Development).

Sem. Hours

MAJOR OR FUNCTIONAL MAJOR REQUIREMENTS ............ 30-67
UCM offers certification as indicated under Certification (see pages 111-112) in the College of Education.

MINOR REQUIREMENTS ............................................. 0-25
UCM offers certification as indicated under Certification (see pages 111-112) in the College of Education.

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the professional education requirements, ICAP 4468 fulfills 3 s.h. of Div. IV B ........................................ 45

PROFESSIONAL EDUCATION REQUIREMENTS ............ 28-29
EDCI 2100 Foundations of Education .......................... 3
EDCI 4210 Tchg. of Rdg. in the Sec. School ...................... 2

Special methods in major field .................................... 2-3

Minimal computer literacy and proficiency in media technology are required prior to student teaching. These requirements may be met by EDCI 2310: 2 hours. Majors in Business Education, Technology Education, Mathematics, Physical Education, Vocational Agriculture, and Vocational Family and Consumer Science satisfy computer proficiency through their programs, but meet the audio-visual requirements through EDCI 3500.

FREE ELECTIVES ..................................................... 0-11
See program listings as indicated above for number of hours available.

MINIMUM TOTAL .......................................................... 124
SCIENCE
Minor, Bachelor of Science in Education Degree
Certification available to teach science in grades 5-9 for elementary/middle school-Junior high school functional majors only. Elementary education functional majors 1-6 may use this as an area of concentration. This minor is not available for secondary or K-12 education majors.

MINOR REQUIREMENTS ........................................... 24
EDCI 1310 Physics for Teachers .............................. 3
EDCI 1320 Biology for Teachers ............................. 3
EASC 1004 Intro to the Sciences: Geology ................... 4
EASC 3010 Environmental Geology ......................... 3
EASC 3114 Meteorology ....................................... 3
BIOL 1004 Intro to the Sciences: Ecology ................... 4
CHEM 1104 Intro to the Sciences: Chemistry ................. 4

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the minor, BIOL 1004 and CHEM 1104 fulfill 7 s.h. of Div. II A.

Special Projects
EDCI 4000 Special Projects in Education [1-6] Individual or group study of problems in special areas of interest. May be repeated for a maximum of 6 semester hours.

Foundations
EDCI 2100 Foundations of Education and Field Experience (3)
An overview of the American public school; its nature, purpose, history, philosophy, organization and administration; contemporary issues and trends. Includes 30 hours of public school classroom observation. Corequisites: should be taken concurrently with EDCI 2240 during the sophomore year. In addition, should be taken concurrently with EDCI 2101 by early childhood, elementary, and middle school majors. An additional fee is assessed for this course.
EDCI 2101 Models of Teaching (2) Furnishes the preservice teacher models of teaching and an orientation to the Teacher Education Program. Corequisites: should be taken concurrently with EDCI 2100 and EDCI 2240 during the sophomore year by early childhood, elementary, and middle school majors.
EDCI 2110 World Diversity and America (3) Provides an analysis of global interdependence with an emphasis in cultural interaction to better understand human diversity issues, diverse perspectives, one another, and one's own place in the world and America. EDCI 2150 Introductory Field Experience (1) Introductory experiences in the classroom that provide opportunities for becoming involved with students and professional teachers in the school setting. Prerequisite: This course is intended ONLY for transfer students who have taken Foundations of Education at another institution that did not include field experience. Should be taken concurrently with EDCI 2100 during the sophomore year. An additional fee is assessed for this course.
EDCI 4130 The Middle School (3) An exploratory course which includes an introduction to philosophy, organization, curriculum and instructional strategies appropriate to the middle school learner. Field experience in a middle school is required for initial certification students. An additional fee is associated with this course.
EDCI 4150 Summative Seminar* (1) A culminating experience for elementary education majors which will provide an opportunity for students to synthesize the learnings from their program. Prerequisites: admission to Teacher Education Program. *Not available for graduate credit.

Reading
EDCI 2240 Educational Psychology (3) Furnishes the prospective teacher with the psychological concepts, principles, theories, research findings, and techniques that are relevant to guiding the educative process. Corequisites: should be taken concurrently with EDCI 2100 during the sophomore year. In addition, should be taken concurrently with EDCI 2101 by early childhood, elementary, and middle school majors.

EDCI 3210 Methods of Reading Instruction (3) Fundamental concepts, skills, attitudes and methods of developing, promoting and managing reading instruction. The course includes tutoring and teacher-aide field experiences outside of class hours. Prerequisites: 2.5 cumulative GPA; EDCI 2100 and EDCI 2240; EDCI 2101 for early childhood, elementary, and middle school majors.
EDCI 3215 Teaching Reading in Content Fields (3) An examination of reading comprehension strategies, study skills, concept development, and critical thinking, especially with regard to the reading demands of content subjects and the needs of typical and atypical learners. Prerequisite: 2.5 cumulative GPA; EDCI 3210 or equivalent; EDCI 2101 for Early Childhood, Elementary, and Middle School Majors.
EDCI 3220 The Teaching of Language Arts (3) An integrative approach to teaching the communication arts of reading, writing, listening, and speaking in the elementary curriculum. Prerequisites: 2.5 cumulative GPA; EDCI 2100 and EDCI 2240; EDCI 2101 for Early Childhood, Elementary, and Middle School Education majors.
EDCI 3230 Content Area Literacy in the Middle School (3) An examination of reading needs common to content areas and a general reading program at the middle school level. Prerequisites: 2.5 cumulative GPA; EDCI 3210 or equivalent; EDCI 2101 for Early Childhood, Elementary, and Middle School majors.
EDCI 4210 The Teaching of Reading in the Secondary School (2) Designed to prepare both the regular secondary teacher to handle reading problems common to his/her special subject matter area and the reading teacher to carry out a general reading program in the high school. Prerequisites: admission to Teacher Education Program; EDCI 2100 and EDCI 2240, or equivalent.
EDCI 4220 Analysis and Correction of Reading Disabilities* (2) A focus on assessment of students’ reading abilities and selecting appropriate teaching methods and materials to meet individual needs in reading instruction. The course includes a practicum, or field experience component, which permits application of learning and instructional decision-making. Prerequisites: admission to Teacher Education Program; EDCI 3215 or EDCI 3230 or EDCI 4210. Corequisite: EDCI 4250. *Not available for graduate credit.
EDCI 4250 Practicum in Reading* (1) A supervised field experience in the assessment of reading, analysis of reading difficulties, and educational decision-making in planning and teaching appropriate lessons. Prerequisites: admission to Teacher Education Program, EDCI 3215 or EDCI 3230 or EDCI 4210. Corequisite: EDCI 4220. *Not available for graduate credit.

Curriculum and Instruction
EDCI 1310 Physics for Teachers (3) A demonstration, laboratory, lecture and discussion course in physics designed for elementary and non-science secondary teachers. Credit earned in this course may not be substituted for any courses required for a secondary major or minor in the sciences.
EDCI 1320 Biology for Teachers (3) A demonstration, laboratory, lecture, and discussion course in biology designed for elementary and non-science secondary teachers. Credit earned in this course may not be substituted for any courses required for a secondary major or minor in the sciences.
EDCI 2310 Computer/Technology in Education (2) Provides pre-service teachers with basic knowledge and skill in microcomputer and instructional media operation for instructional purposes in schools. Meets the proficiency requirement for microcomputer/audiovisual equipment that is a prerequisite for student teaching.
EDCI 4300 Educational Measurement and Evaluation (2) Instruction in the use and interpretation of standardized tests, the construction of classroom tests, and the interpretation of test results.
EDCI 4314 Integration of Technology in Instruction (3) Establishes and advances the use of computer technology for both teacher productivity and instructional integration into P-12 classrooms. Prerequisite: EDCI 2310 or consent of instructor.
EDCI 4340 Teaching Strategies in the Middle School (3) Middle school teaching strategies building upon middle level organization and curriculum, with particular emphasis on integration and interdisciplinary teaming. Prerequisites: admission to Teacher Education Program, PSY 4230 and EDCI 4130. An additional fee is assessed for this course.

EDCI 4350 Elementary Science Teaching Strategies (3) Science concepts commonly developed in the elementary grades, with special emphasis on objective materials, field trips, experiments, laboratory and other activities. Enrollment is limited to students preparing to become elementary teachers. Prerequisites: admission to Teacher Education Program; completion of a physical science and biological science, each with labs, (EDCI 1310 and BIOL 1004) or (EDCI 1320 and EASC 1004 or CHEM 1104 or PHYS 1104).

Elementary Education

See “Teacher Education” for specific policies and procedures governing the administration of the Teacher Education Program, and for requirements for eligibility for student teaching.

EDCI 3410 Children’s Literature (2) Familiarity with various types of literature for children, principles for selection of children’s books, and methods of presentation for integration of children’s literature into the total elementary curriculum. Prerequisites: 2.5 cumulative GPA; EDCI 2100, EDCI 2101 and EDCI 2240; EDCI 2101 for Early Childhood, Elementary, and Middle School majors.

EDCI 3420 Teaching Social Studies and Economics in Elementary and Middle Schools (2) Social studies and economics education competencies are developed. These are related to teaching methods, content, skills, and attitudes; and evaluative devices and assessments. Prerequisites: 2.5 cumulative GPA; EDCI 2100 and EDCI 2240; EDCI 2101 for Early Childhood, Elementary, and Middle School majors.

EDCI 3440 Literature for the Middle Level (2) Familiarity with various types of literature for middle level children, principles for selection of books, and methods of presentation for integration of literature into the middle school curriculum. Prerequisites: 2.5 cumulative GPA; EDCI 2100, EDCI 2101 and EDCI 2240.

EDCI 4400 Classroom Management and Interactions* (3) Helps pre-service teachers advance their knowledge and skills using general, age appropriate classroom management techniques, integrating them with developmentally appropriate teaching strategies. Prerequisites: admission to Teacher Education Program and should be taken the semester just prior to student teaching. *Not available for graduate credit.

EDCI 4493 Student Teaching Early Childhood* (6) To be taken in the Professional Semester for early childhood majors and double majors in elementary education. Prerequisites: Admission to Teacher Education Program; 2.5 cumulative GPA; EDCI 4400. Should be taken concurrently with EDCI 4496 or EDSP 4395, depending on the sequence followed. (See description of Professional Education Semester.) *Not available for graduate credit.

EDCI 4495 Student Teaching Elementary I* (3, 5, 6, 8) To be taken in the Professional Semester. For elementary majors, double majors in elementary education and special education, K-12 majors and elementary physical education. Prerequisites: admission to Teacher Education Program; EDCI 4400. Should be taken concurrently with EDCI 4496 or EDSP 4395, depending on the sequence followed. (See description of Professional Education Semester.) *Not available for graduate credit.

EDCI 4496 Student Teaching Elementary II* (4, 6, 8) To be taken in the Professional Semester. For elementary classroom majors and majors which provide K-12 certification (except speech pathology). Prerequisite: admission to Teacher Education Program; Corequisite: EDCI 4495 or EDCI 4595. *Not available for graduate credit.

EDCI 4497 Student Teaching Middle School* (6) To be taken in the Professional Semester. For middle school majors, double majors in elementary education, special education, or secondary education. Prerequisites: admission to Teacher Education Program; EDCI 4340; should be taken concurrently with EDCI 4498 or ICAP 4468 or EDCI 4496 or EDSP 4395, depending on sequence followed. *Not available for graduate credit.

EDCI 4498 Student Teaching Middle School II* (6) To be taken in the Professional Semester. For middle school majors. Prerequisites: admission to Teacher Education Program; should be taken concurrently with EDCI 4497 or EDCI 4495 or EDCI 4595 or EDSP 4395. *Not available for graduate credit.

Secondary Education

See “Teacher Education” for specific policies and procedures governing the administration of the Teacher Education Program, and for requirements for eligibility for student teaching.

EDCI 3500 Secondary Teaching and Behavioral Management (3) An analysis of the teaching/learning process with emphasis on instructional planning, component teaching skills and adolescent behavior management. This course should be taken no earlier than one semester prior to student teaching. Analysis of the teaching/learning process with emphasis on instruction and adolescent behavior management. Practical experience of 25 hours at a secondary public school is required. Should be taken no earlier than one semester prior to student teaching. Prerequisite: admission to Teacher Education Program. Corequisite: EDCI 3500. Occupational Education majors need consent of T&OE to enroll. An additional fee is assessed for this course.

EDCI 3550 Practicum in Secondary Instruction (1) Requires a minimum of 50 hours of co-teaching with a public school classroom teacher. Prerequisite: admission to Teacher Education Program. Corequisite: EDCI 3500. Should be taken no earlier than one semester prior to student teaching.

EDCI 4595 Student Teaching Secondary I* (3, 5-6) To be taken in the Professional Semester. For secondary and modern language majors. Prerequisites: admission to Teacher Education Program; EDCI 3500. Should be taken concurrently with ICAP 4468 or EDCI 4496 or EDCI 4498, depending on the sequence followed. (See description of Professional Education Semester.) *Not available for graduate credit.

Early Childhood Education

EDCI 2830 Early Childhood Principles (3) Provides students a critical understanding concerning the application of educational principles in order to make professional decisions about young children (birth-8). Requires a minimum of 30 hours of practical experience. Prerequisite: CFD 1220.

EDCI 4830 Early Childhood Curriculum (3) Provides students with the theories and principles of curriculum development, knowledge, and skills of implementing integrated (developmentally and culturally appropriate) curriculum in early childhood (birth-8). Prerequisites: admission to Teacher Education Program and EDCI 2830 and EDCI 3850 for undergraduate students seeking certification in early childhood education.

Integrative Studies Capstone

ICAP 4468 Student Teaching Secondary II* (4) To be taken in the Professional Semester. For all secondary majors, all K-12 majors, and K-9 majors in elementary physical education. Prerequisite: admission to Teacher Education Program. Corequisite: EDCI 4495 or EDCI 4595 or EDSP 4395. *Not available for graduate credit.

Integrative Studies General

IGEN 3468 Community, School and Family Connections (3) Focuses on the interactions among community, school and family systems relative to existing and emerging paradigms.
## Child and Family Development

In the section of Child and Family Development, the second digit in a course number stands for the following: 0-General, 2-Development, 7-Professional.

### CHILD AND FAMILY DEVELOPMENT

**Functional Major, Bachelor of Science Degree**

**NOTE:** Students will be:

- Able to think critically about problems and issues facing children and families.
- Prepared to use developmentally appropriate practices to promote the optimal development of diverse children and families.
- Competent to assume leadership roles in programs providing direct and support services to children and families.
- Articulate advocates for justice for families and children in both public and private arenas.
- Aware of and sensitive to ethical implications in their professional relationships with diverse families and children.

Educational Leadership and Human Development

Counselor Education

In the section of Counselor Education, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 2-Career Guidance, 3-Group Guidance, 4-School Counseling, 5-Secondary Counseling, 6-Testing, 7-Administration, 8-Techniques and Theories, 9-Individual Study and Research.

NOTE: For information regarding School Counseling certifications and programs, see the Graduate Catalog.

COUN 4000 Special Projects in Counseling (1-5) Individual or group study of complex problems or issues in special areas of interest. May be repeated for a maximum of 5 semester hours. Prerequisite: consent of program coordinator.

COUN 4120 Foundations of Program Services (3) An overview of school guidance programs and counseling services in community settings. History, philosophy, leadership/management skills, program planning, implementation, and collaboration are studied.

Education Administration

EDAD 3222 Community Advising (1) Orientation to community advising and basic principles involved in student development, helping skills, and diversity issues. Prerequisite: consent of instructor.

Instructional Technology

In the section of Instructional Technology, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 3-Instructional Technology, 4-Production, 9-Individual Study and Research.

INSTRUCTIONAL MEDIA TECHNOLOGY
Minor for a Bachelor’s Degree
UCM does not confer teacher certification for this minor.

Preparation for teaching computer/technology literacy in schools.

INST 3100 Mediating Instruction (3) The application of technology to the instructional development and delivery process. The selection, utilization, and evaluation of various media forms are studied. Laboratory experience includes preparation of instructional materials, equipment operation, and field experiences. A charge is made for expendable materials. Only offered Fall semester. Prerequisite: EDCI 2310.

INST 4005 Special Projects in Instructional Technology (1-5) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 5 semester hours.

INST 4300 Principles of Instructional Development (3) Analysis and application of systematic approaches to the development of technology-based instruction. Includes the development of knowledge and skill in using hypermedia and multimedia technology. Prerequisite: INST 3100 or consent of instructor.

Library Science and Information Services

In the section of Library Science and Information Services, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 2-Librarianship, 3-Internet, 6-Library Literature, 7-Administration, 8-Technical Processes, 9-Individual Study and Research.

NOTE: For information regarding Library Science and Information Services certifications and programs, see the Graduate Catalog.

LIS 1600 Information Resources (2) Freshman-level course introduces traditional and computer-based resources and services available in academic libraries and strategies for locating, evaluating and using information.

LIS 4000 Special Projects in Library Science (1-5) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 5 semester hours.

LIS 4200 Libraries and Librarianship (2) Introduces the student to the development of the library as an institution and to the role of the library and the librarian in today’s society. Prerequisite: Undergraduates require consent of Program Coordinator.

LIS 4230 Selection and Acquisition of Materials (3) Critical analysis of selection tools in developing a comprehensive media collection with emphasis on selection for small to medium sized libraries and media centers.

LIS 4300 Introduction to the Internet Via Internet (3) An examination and evaluation of the structure and function of the Internet and its use as a tool for communication, collaboration, and commerce.

LIS 4320 Creating Web-Based Internet Sources (3) An in-depth examination and evaluation of theoretical and practical principles, along with the development of skills necessary to create and provide resources on the Internet.

LIS 4740 Administration of the Library Media Center (3) Principles of organization and administration of the library and media center and its relationship to its many publics.

Special Education

In the section of Special Education, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 3-Curriculum and Instruction, 4-Special Methods, 6-Testing, 7-Administration, 9-Individual Study and Research.
Accreditation

The Special Education program is accredited by the Council for Exceptional Children (CEC). The Council for Exceptional Children (CEC) is located at 1110 North Glebe Road, Suite 300, Arlington, VA 22201; phone 703-620-3660; email service@cec.sped.org; web page http://www.cec.sped.org.

SPECIAL EDUCATION

Functional Major, Bachelor of Science in Education Degree

Certification to teach cross-categorical disabilities K-12; severely developmentally disabled K-12; or early childhood special education Birth-Grade 3

(41-784)

The graduate with a Bachelor of Science in Special Education will apply knowledge and skills obtained in the program to:

• Understand the philosophical, historical, and legal foundations of the field of special education.

• Identify the characteristics of exceptional learners in order to provide for accurate selection of programs and learning opportunities.

• Become proficient in the use of assessment devices enabling effective diagnosis, evaluation and programming for exceptional learners.

• Develop a thorough understanding of instructional content and best practices for children and youth with exceptional learning needs.

• Plan and manage the teaching and learning environment for students with disabilities in a variety of educational settings.

• Understand the causes of student behavior and social interaction skills.

• Develop effective communication and collaborative partnerships among educational professionals, parents, and stakeholders in the education of children and youth with exceptional learning needs.

• Practice in the field of special education using established professional and ethical practices and resources for the enhanced learning of all children.

EDSP 4385  Intro. to Cross Categorical Special Education ....... 3
EDSP 4422  Methods of Cross-Categorical Disabilities II: Learning Disabilities and Severely Developmentally Disabled 3
EDSP 4421  Methods of Cross-Categorical Disabilities I: Mental Retardation/Other Health Impaired 3
EDSP 4390  Introduction to Teaching the Gifted/Talented/Creative Student (3)
EDSP 4395  Student Teaching in Special Education I* (5, 6, 8)
EDSP 4400  Special Projects in Special Education (1-5)

EDSP 4000 Special Projects in Special Education (1-5) Individual or group study of problems in special areas of interest. May be repeated for maximum of 5 semester hours.

EDSP 2100 Education of the Exceptional Child (2) Identification of exceptional children, methods and techniques for teaching them, as well as possible sources of referral which may be of assistance to teachers and parents of these children.
EDSP 3150 Community and Family Resources (2) Early clinical observations and experiences using community and family resources concerned with various kinds of exceptionality. May be repeated for a maximum of 6 semester hours. Prerequisite: EDSP 2100 or PSY 4200. Corequisite: EDSP 3151.
EDSP 3151 Community and Family Resources Practicum (1) Provides opportunities for preservice teachers to evaluate how community and family resources impact directly/indirectly on the lives of children. Prerequisite: EDSP 2100 or PSY 4200. Corequisite: EDSP 3150.

EDSP 4140 Collaborating With Families of Exceptional Children (3) A study of the impact of exceptionality on family systems and how empowerment and community resources can strengthen the school-family partnership. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4150 Career Development for Students with Disabilities (2) Supportive services to students with disabilities within a career development context. Prerequisite: EDSP 2100 or PSY 4200.

EDSP 4310 Introduction to Students with Severe Developmental Disabilities (2) Basic information pertaining to the characteristics and care of students with severe developmental disabilities. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4320 Introduction to Early Childhood Special Education (3) Basic information pertaining to the characteristics, care, treatment, and education of young children with special needs. Only offered Fall semester. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4330 Education and Training of Students with Severe Developmental Disabilities (3) The treatment and training strategies used in teaching students with severe developmental disabilities. Prerequisites: EDSP 4310 and EDSP 4370.
EDSP 4350 Augmentative and Alternative Communication (3) Study and application of communication options, including manual sign language and communication devices. Prerequisite: EDSP 2100 or PSY 4200 or consent of instructor.
EDSP 4360 Behavioral Management Techniques (2) Practical approaches to behavior management for the classroom teacher, special educator, or clinician. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4361 Practicum in Behavioral Management Techniques (1) Practical experience in designing behavioral management programs and environments under supervision. Prerequisite: EDSP 4360 or concurrently. An additional fee is assessed for this course.
EDSP 4370 Screening, Diagnosing and Prescribing Instruction (3) Case finding, screening, diagnostic and assessment procedures to be utilized in prescriptive educational planning for infants and preschool-aged children. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4385 Introduction to Cross-Categorical Special Education (3) Information about the characteristics and education of children with mild/moderate disabilities. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4390 Introduction to Teaching the Gifted/Talented/Creative Student (3) Definitions, identification procedures, the nature and needs, concepts and issues concerning the gifted, talented, creative child. Prerequisite: EDSP 2100 or PSY 4200.
EDSP 4395 Student Teaching in Special Education I* (5, 6, 8) Application for Student Teaching must be made with the Director of Clinical Services and Certification. Prerequisites: special methods course in special education in one or more certification areas (EDSP 4423, EDSP 4440, or EDSP 4450). Should be taken with EDSP 4396 or ICAP 4468 or EDI 4495. *Not available for graduate credit.
EDSP 4396 Student Teaching in Special Education II* (5, 6, 8) Corequisite: EDSP 4395. *Not available for graduate credit.

EDSP 4420 Methods of Cross-Categorical Special Education (3) Teaching methods, materials and curricula for education students with mild/moderate disabilities. Prerequisite: EDSP 4385.
EDSP 4421 Methods of Cross-Categorical Disabilities I: Mental Retardation/Other Health Impaired (3) Strategies for addressing general problems in teaching students with mental retardation and other health impairments in cross-categorical and other settings including planning, materials and methods used. Prerequisites: Admission to Teacher Education Program and EDSP 4385.
EDSP 4422 Methods of Cross-Categorical Disabilities II: Learning Disabilities (3) Characteristics, etiologies, definitions, legislation and issues related to the identification of and educational planning for individuals with learning disabilities. Prerequisites: Admission to Teacher Education Program and EDSP 4385.
EDSP 4423 Methods of Cross-Categorical Special Education III: Emotional/Behavioral Disorders (3) Strategies for addressing general problems in teaching students with emotional and/or behavioral disorders in cross-categorical and other settings including planning, materials and methods used. Prerequisites: Admission to Teacher Education Program and EDSP 4385.

EDSP 4440 Curriculum and Methods for Teaching Early Childhood Special Education (3) The teaching methods and curricula used for educating young children with special needs. Prerequisites: Admission to Teacher Education Program and EDSP 4320 and EDSP 4370.

EDSP 4450 Curriculum and Methods for Teaching the Student with Severe Developmental Disabilities (3) Teaching methodologies and curricula used in programming for students with severe developmental disabilities. Prerequisites: Admission to Teacher Education Program and EDSP 4330.

EDSP 4470 Perceptual Motor Training for Students with Disabilities (2) Theories, assessment, instructional procedures, materials, and equipment adaptations for early childhood special education and students with severe developmental disabilities. Prerequisite: EDSP 2100 or PSY 4200.

EDSP 4480 Curriculum and Methods for the Teaching of Gifted/Talented/Creative Students (3) Teaching methods and curricula used for educating students who are gifted/talented/creative. Prerequisite: EDSP 4390 or consent of instructor.

Testing

EDSP 4620 Evaluation of Abilities and Achievement (3) Instruction in interpretation of individualized intelligence tests, formal and informal diagnostic procedures, and in prescriptive instruction. A directed clinical experience in the diagnostic assessment process for Individual Education Programs is required. Prerequisite: EDSP 2100 or PSY 4200. An additional fee is assessed for this course.

Administration

EDSP 4700 IEP and the Law (3) Administrative procedures and policies needed in establishing a program of special education. Special emphasis is given to compliance with state and federal law. A directed clinical experience in the theory, process, and practice of IEP writing is included. Prerequisite: EDSP 4620 and Admission to the Special Ed Program or Graduate Standing.
College of Health and Human Services

Integrative Studies General
IGEN 3472 Sport in American Life (3) Provides for an understanding and appreciation of the role of sport in American life.
IGEN 3896 Assessing Global Change for the Information Age (3) Challenges students to assess present and future trends, evaluate what is desirable, and reflect on their responsibility for the quality of life in the information age.

Communication Disorders
In the Department of Communication Disorders, the second digit in the course number stands for the following: 0-General, 1-Professionalism, 3-Speech Science, 4-Language, 5-Speech Pathology, 7-Audiology, 8-Clinical Practicum, 9-Directed Studies.

Overview of Program
The primary purpose of the B.S. Degree in Speech-Language Pathology is to prepare students for possible admission to graduate programs in either Speech-Language Pathology or Audiology. Completion of the B.S. Degree in Speech-Language Pathology does not provide the qualifications that students will need for employment as a speech-language pathologist or audiologist. The Master’s degree is considered the entry level degree to enter the field of Speech-Language Pathology. The clinical doctorate (AuD), not currently offered at UCM, is the entry level degree to enter the field of Audiology. The Communication Disorders program at the University of Central Missouri is accredited by the Council on Academic Accreditation of the American Speech-Language Hearing Association (ASHA) in Speech-Language Pathology.

Undergraduate Student Learning Outcomes
The graduate with a Bachelor of Science in Speech-Language Pathology will use the knowledge and skills obtained in the program to:
1. Demonstrate knowledge of information regarding prevention, assessment and intervention concerning communication differences and disorders and swallowing or other upper aerodigestive disorders.
2. Provide prevention, assessment and intervention services to children and adults across a wide range of speech and language disorders and differences in a closely supervised setting.
3. Demonstrate emerging skills in oral and written language to achieve effective clinical and professional interaction.
4. Begin to exhibit professional behavior as defined in the cardinal documents of the American Speech-Language-Hearing Association (ASHA) including but not limited to Certification Standards for the Certificate of Clinical Competence in Speech-Language Pathology, ASHA Scope of Practice in Speech-Language Pathology, ASHA Code of Ethics and ASHA Preferred Practice Patterns for the Profession of Speech-Language Pathology.
5. Collaborate with professionals and provide counseling to individuals and their families regarding speech and language differences and disorders in a closely supervised setting.
6. Begin to integrate classroom-based knowledge, clinical experience and technological resources to support Evidence-Based Practice in a guided clinical setting.

Undergraduate Admission Policies and Procedures
Student enrollment is limited to the following Department of Communication Disorders’ courses unless the student is either provisionally or fully admitted to the undergraduate functional major in speech pathology: CD 2000, CD 2301, CD 3301, CD 3501, CD 3802, CD 4401, CD 4402, CD 4900. If the student is not provisionally or fully admitted to the undergraduate program, enrollment in Department of Communication Disorders’ courses other than the ones listed above, shall be determined in conference with the director of undergraduate studies in the department.

The Master’s Degree is the recognized entry-level degree for both speech-language pathology or audiology in all employment settings. The primary purpose of the Bachelor of Science Degree in Speech-Language Pathology is to prepare students for possible admission to graduate programs in either Speech-Language Pathology or Audiology. Completion of the Bachelor of Science Degree in Speech-Language Pathology does not prepare students for employment as a speech-language pathologist or audiologist, nor does it guarantee admission to a graduate program in Speech-Language Pathology or Audiology; however, the undergraduate degree can lead to employment opportunities in a variety of other related fields.

Students who have been admitted to the undergraduate program and have not enrolled in Communication Disorders’ courses for three consecutive semesters will be dropped from the undergraduate program. These students must reapply for admission to the undergraduate program prior to enrollment in any additional courses in Communication Disorders.

I. Admission of Non-Transfer Students
A. Admission Criteria:
1. Must have a minimal overall GPA of 2.50.
2. Must have earned a minimum of 30 university credit hours, applicable to graduation, including a grade of "C" or better in ENGL 1020 and ENGL 1030 or ENGL 1080.
3. Must have made a grade of "C" or better and a GPA of 2.50 or better in the following CD courses: CD 2301, CD 3301, CD 3501, CD 3802.
4. Students may enroll in the four courses listed under I.A.3. for a maximum of two times.
5. Students must complete a speech, language and hearing screening.
6. Students must submit a formal application by the first week of classes of the semester prior to admission.
7. Students who do not meet requirements I.A.1.-6. are ineligible for admission to the undergraduate functional major in speech-language pathology.

B. Maintenance Criteria:
1. The first semester the student’s overall GPA drops below a 2.50 after being admitted to the undergraduate program in Communication Disorders, the student will receive a letter of written academic warning from the Department of Communication Disorders.
2. Any student under academic warning whose overall GPA falls below a 2.50 for any subsequent semester will become ineligible to continue taking courses in the Department of Communication Disorders and/or to re-apply for admission to the undergraduate program.
3. Any student who receives a grade below "C" in any CD course or whose GPA drops below a 2.50 in CD courses will receive a letter of warning. Students must obtain a grade of "C" or better and a GP of 2.50 or better in all CD courses taken prior to completing an undergraduate major in speech pathology. Students may enroll in any CD course a maximum of 2 times.
II. Admission of Undergraduate Transfer Students
A. Admission Criteria:
   1. Transfer students must meet requirements I.A.1-7.
   2. Students who are transferring two or more of the courses listed in I.A.3. and meet other criteria listed in I.A. will be provisionally admitted and must take an additional six semester hours of Department of Communication Disorders’ courses at the University of Central Missouri before applying for full admission.
   3. Transfer students must demonstrate the competencies required for the UCM equivalent for any courses being transferred before applying for full admission to the undergraduate program.
B. Maintenance Criteria:
   1. Same as for non-transfer students.
C. Other
   1. A minimum letter grade of a “C” or better and a GPA of 2.50 or better must be obtained for the six semester hours under II.A.2. for the transfer student to be able to apply for full admission to the undergraduate program. These courses in which the undergraduate transfer student makes a grade below a “C” can be retaken only once. If this requirement is not met, the student becomes ineligible to continue taking courses in the Department of Communication Disorders and/or to apply for full admission to the undergraduate program.

III. Admission of International Undergraduate Students*
*International students participating in the Department of Communication Disorders’ official international exchange program do not need to be admitted to the undergraduate program and will be allowed to enroll in courses on a case-by-case basis.
A. Admission Criteria:
   1. Must meet requirements I.A.1-7.
   2. Must score 600 or greater on the TOEFL.
   3. Must score 55 or greater on the Test of Spoken English.
   4. Must score 5 or greater on the Test of Written English.
   5. Must complete an oral interview with designated faculty from the Department of Communication Disorders.
   6. International students who are transferring two or more of the courses listed in I.A.3. and meet other criteria listed in I.A. will be provisionally admitted and must take an additional six semester hours of Department of Communication Disorders’ courses at the University of Central Missouri before applying for full admission.
   7. International transfer students must demonstrate the competencies required for the UCM equivalent for any courses being transferred before applying for full admission to the undergraduate program.
B. Maintenance Criteria:
   1. Same as for non-transfer students.
C. Other
   1. Same as for transfer students.

IV. Post-Baccalaureate Students
Post-Baccalaureate Students must have permission of the Department Chair to enroll in any Communication Disorders’ course.

V. Clinical practicum Requirements
Undergraduate students will complete the following practicum requirements as described below:

CPR Certification
Students will obtain certification in adult and child cardiopulmonary resuscitation prior to enrolling in clinical practicum experiences. Students must maintain re-certification throughout all clinical practicum experiences.

Immunizations
Students must be tested yearly for Tuberculosis (TB) and submit results of testing to the Director of Clinical Services prior to beginning clinic each year. Additionally, students must submit proof of having initiated the three shot series of immunization against Hepatitis B prior to beginning clinical practicum.

Criminal Background Check
Prior to beginning clinic, students will receive the most recent criminal background check procedures from the Director of Clinical Services. If a background check is unsatisfactory, placement in clinic and externship/internship sites may not be possible. A student unable to be placed in clinic or externship/internship will not be able to complete the program.

Grades
While on academic probation, a student may not enroll in any clinical practicum courses.

Clinician Meetings
Clinicians are required to attend clinician meetings which cover a variety of topics ranging from paperwork and procedures to assessment and intervention tools available in our clinic. These meetings are scheduled as needed throughout the semester.

Knowledge and Skills Acquisition (KASA)
The Bachelor of Science Degree in Speech-Language Pathology is a competency based program. These competencies reflect the knowledge and skills required by the ASHA Certification Standards. These required knowledge and skills are delineated on the KASA. To understand the procedures associated with the KASA documentation, students are required to attend KASA trainings offered each semester. Students will be expected to demonstrate competency related knowledge and skills throughout their undergraduate program through formative and summative assessments. Students’ successful demonstration of the acquisition of knowledge and skills will be documented on the KASA. Students not demonstrating the achievement of course and practicum related knowledge and skills will be required to successfully complete remediation procedures that will then allow those knowledge and skills to be documented on the KASA. Successful completion of remediation procedures does not alter the final course grade. For all courses listed on the KASA, students must achieve a grade of C or better in all CD Functional Major Requirements and CD specified General Education Requirements.

PHYS 1103 Div. II A (required) ............ 3
PSY 1100 Div. II B (required) ............ 3

FREE ELECTIVES .................................................. 13-14

MINIMUM TOTAL .............................................. 124

General

CD 2000 The Bases of Speech and Language (2) Intended for non-majors; basics of normal communication, overview of communication impairments in children and effective instructional strategies, principles of collaboration with SLPs.

Professionalism

CD 4102 Counseling Persons with Communication Disorders and Their Families (2) Application of counseling and interviewing theory to individuals with communication disorders of all ages and their families. Ample opportunity to apply knowledge will be provided. Prerequisite: admission to the undergraduate program in speech-language pathology or with departmental approval.

CD 4103 Introduction to Evidence Based Practice in Communication Disorders (2) Introduction to the use of current research results to make clinical decisions regarding client care. Prerequisite: admission to the undergraduate program in speech-language pathology or departmental consent.

Speech Science

CD 2301 American Phonetics (3) Sound system of American English with emphasis on the international phonetic alphabet and dialects.

CD 3301 Anatomy and Physiology of Speech and Swallowing (2) The anatomical and endocrinological bases for normal production of speech and swallowing.

CD 3304 Speech Science (3) An introduction to basic physiological and acoustical properties of human communication. Prerequisite: admission to the undergraduate program in speech-language pathology.

Language

CD 4401 Language Development (3) Theories and sequence of normal language acquisition.

CD 4402 Language Acquisition in Children with Developmental Disabilities (2) Theories and sequences of language development with emphasis on language acquisition and deficiencies exhibited by children with various developmental disabilities.

Speech Pathology

CD 3501 Introduction to Communication Disorders (3) Etiology, incidence, and characteristics of communicative disorders. Corequisite: CD 3802.

CD 3503 Principles of Clinical Management (3) Fundamental clinical concepts as a foundation for diagnosis and intervention in communication disorders. Prerequisite: admission to the undergraduate program in speech-language pathology.

CD 4501 Basic Neuroscience for Speech-Language Pathologists (2)

An introduction to human nervous system structure and function, with special emphasis on neural processing for normal speech, language, hearing and swallowing. Prerequisite: admission to the undergraduate program in speech-language pathology or with departmental approval.

CD 4504 Introduction to Articulation and Phonological Disorders (3) An introduction to articulation and phonological disorders; diagnostic procedures and treatment approaches; knowledge of multicultural issues related to these disorders. Prerequisites: admission to the undergraduate program in speech-language pathology and a grade of "C" or better in CD 3503. CD 4504 may be taken concurrently with CD 3503 under exceptional circumstances with departmental approval.

CD 4505 School-age Issues in Language and Literacy (3) Types of language and literacy disorders; formal/informal assessment procedures of language and literacy skills; intervention procedures for the remediation of language and literacy disorders. Prerequisites: admission to the undergraduate program in speech-language pathology or with departmental approval.

CD 4511 Assistive Technology Across the Lifespan (2) Assessment and intervention techniques for persons with communication impairments who require assistive technologies; emphasis on broad range of etiologies across the lifespan. Prerequisite: admission to the undergraduate program in speech-language pathology or with departmental approval.

CD 4512 Birth to Three: Assessment and Intervention (3) Focused study of the nature of communication disorders in children from birth to three with special emphasis on assessment and intervention models. Prerequisite: admission to the undergraduate program in speech-language pathology or with departmental approval.

CD 4515 Rehabilitation of Cognitive-Linguistic Communication Disorders (3) Exploration of normal and impaired cognitive-linguistic processing, highlighting processing deficits in traumatic brain injury. Methods to assess/treat cognitive-linguistic impairments will be discussed. Prerequisite: admission to the undergraduate program in speech-language pathology or with departmental approval.

Audiology

CD 4701 Introduction to Audiology (3) Hearing impairment as related to basic acoustics and psychoacoustics, anatomy and physiology of the ear, and theories of hearing. Prerequisite: admission to the undergraduate program in speech-language pathology.

CD 4706 Hearing Measurement (3) Hearing measurement procedures including pure tone and speech audiology and some site of lesion testing. Prerequisite: admission to the undergraduate program in speech-language pathology.

CD 4708 Aural Rehabilitation (3) Effects of hearing impairment of verbal communication. Principles and methods of aural rehabilitation. Prerequisite: CD 4706.

Clinical Practicum

CD 3802 Observation of Clinical Practicum in Communication Disorders (1) Twenty-five (25) clock hours of supervised observation in the evaluation and treatment of children and adults with disorders of speech, language, and hearing. Corequisite: CD 3501.

CD 4803 Undergraduate Clinical Practicum* (1) Specialized practice in the management of communication disorders. Must be taken at least two times but can only enroll in course one time per semester. May be repeated for 2 hours. Prerequisites: admission to the undergraduate program in speech-language pathology or consent of department chair; overall GPA of 2.50; a grade of “C” or better in all previous CD courses, and CD 3503, CD 4701, and either CD 4504
or CD 4505; the remaining CD 4504 or CD 4505 must be taken concurrently with the first semester of clinical practicum. *Not available for graduate credit.

Directed Studies

CD 4900 Special Topics in Communication Disorders (1-3) Selected topics of contemporary interest in speech-language pathology and audiometry; variable content. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of department.

**Criminal Justice**

In the Department of Criminal Justice, the second digit in the course number stands for the following: 0-General, 1-Administration, 2-Traffic, 3-Law, 4-Investigation, 5-Police Science, 6-Problems and Research, 7-Juvenile Justice.

**CRIMINAL JUSTICE**

Major, Bachelor of Science Degree (43-842)
The graduate with a Bachelor of Science degree in Criminal Justice will use the knowledge and skills obtained in the program to:
- Discern the basic components of the criminal justice system and understand the interrelationship within and between these components.
- Specify how justice institutions operate within society, as well as how they differ.
- Read and utilize articles from academic journals.
- Recognize personal assumptions, as well as basic American assumptions in analyzing positions on justice issues.
- Communicate effectively both in written and oral form.
- Conduct and report basic research procedures in accord with the scholarly practices of the discipline of Criminal Justice, including the principles of documentation, the acquisition of on and offline resources and do so in line with the ACJS Code of Ethics.
- Create reasonable linkages between empirical evidence and theory utilizing both inductive and deductive forms of logic.
- Recognize the complexity, ambiguity, and uncertainty that are present in the use of knowledge to address crime problems.

**GENERAL EDUCATION REQUIREMENTS** (pages 34-43) In the minor, POLS 3522 fulfills 3 s.h. of Div. II D

**BIOLOGY**

Functional Major, Bachelor of Science Degree, Conservation Enforcement Studies option

See requirements as outlined in the Department of Biology and Earth Science.

**FORENSIC SCIENCE**

Minor for a Bachelor’s Degree

See requirements as outlined in the Department of Biology and Earth Science.
General

CJ 1000 Introduction to Criminal Justice (3) The history, nature and function of the criminal justice system in America. Special attention is given to the philosophical basis underlying this system and to the problems associated with crime control in a democratic society. At each stage of the process, major issues confronting the system are examined.

CJ 2000 History of Corrections and Penal Institutions (3) Historical analysis of the development of corrections and penal institutions and the influence of social thought and philosophy on this development. Prerequisite: CJ 1000 or consent.

CJ 3006 Corrections (3) An overview course in correctional theory and practice. Traces the historical development of corrections with emphasis on changing social standards and philosophies. Examines the various types of correctional institutions, their mission, physical structure, management, and problems. Also examines probation and parole, including theory, practice and major issues confronting these correctional alternatives. Prerequisite: CJ 1000.

CJ 3010 Policing a Democratic Society (3) An in-depth look at the relationship between law enforcement and American society. Focus is on police-community relations, the police sub-culture, and the need for police objectives to conform to constitutional procedures. Prerequisite: CJ 1000.

CJ 3020 Comparative Justice Systems (3) An examination of comparative crime rates among nations and the world's major models of justice systems.

CJ 4000 Special Projects in Criminal Justice Administration (1-3) Individual or group study of problems in special areas of interest. May be repeated.

CJ 4006 Probation, Parole and Community Corrections (3) An examination of the roles of probation, parole and other community correctional methods as they relate to other elements of the criminal justice system. Prerequisite: CJ 3006.

CJ 4010 Criminal Justice International Study (3) Credit granted for study in a department approved program or study tour in a foreign country. Prerequisite: consent.

CJ 4015 The Criminal Court System (3) An overview of the goals, functions, and processes of the criminal court system with an examination of current legal issues and trends. Prerequisite: CJ 1000 or consent.

CJ 4025 Comparative Corrections (3) This course provides a comparative overview of correctional practices in various countries.

Administration

CJ 2101 Police Organization and Management (3) The principles and practices common to the effective management of American law enforcement agencies. Prerequisite: CJ 1000.

CJ 2102 Jail Management (3) An in-depth study of jail operations and procedural guidelines which define the role, duties and responsibilities of jail personnel.

CJ 3104 Institutional Operations (3) An examination of the procedures of correctional institutions and of the problems encountered in the classification, care and treatment of incarcerated offenders. Prerequisite: CJ 3006.

CJ 4101 Criminal Justice Planning (3) Planning concepts and development of comprehensive criminal justice plans; their integration into meaningful crime reduction and resistance programs; and their influence on the operations of police, judicial and correctional agencies.

Law

CJ 2300 Criminal Law (3) Origin, development, and classification of the substantive criminal law, defenses, and criminal responsibility. Prerequisite: CJ 1000 or consent.

CJ 3303 Criminal Procedure (3) Selected constitutional aspects of law enforcement including the law of arrest, search and seizure. Students are encouraged to take CJ 2300 prior to taking CJ 3303. Prerequisite: CJ 1000.

CJ 3310 Law of Corrections and Prisoners’ Rights (3) An examination of federal and state laws and resultant judicial interpretation regarding the substantive and procedural protections applied in the correctional setting with regard to the rights of the confined. Only offered Spring semester. Prerequisite: CJ 3303 or consent.

CJ 3398 International Human Rights and Criminal Justice (3) A presentation of the legal standards of international human rights for criminal justice and their comparison with and impact upon national criminal justice systems.

CJ 4300 Case Preparation and Courtroom Procedure (3) Criminal procedure from arrest through trial. Preparation for and participation in mock trial. Recommended that students complete CJ 3303 Criminal Procedure before this course.

CJ 4302 Criminal Evidence (3) Rules of evidence as they relate to the prosecution and defense of criminal cases. It is recommended that students complete CJ 2300.

CJ 4321 Civil Remedies in Criminal Justice (3) State and federal legal liabilities and remedies in criminal justice and policy implications. Prerequisite: CJ 3303 or consent.

CJ 4330 Criminal Justice and the Mental Health Systems (3) The relation of the criminal justice system and the mental health process; legal concepts regarding the mentally disabled. Prerequisite: CJ 1000 or consent.

CJ 4352 International Criminal Law (3) Survey of international criminal law examining responsibilities of nation-state and individual, international cooperative efforts and tribunals, and various international crime and defenses, including international terrorism.

Investigation

CJ 2405 International Policing (3) Overview of international policing operations includes an examination of organizational and administrative operations, duties of various police organizations, police relations with the public.

CJ 3400 Criminal Investigation (3) Principles involved in the investigation of crimes with particular attention given to its historical origins, the investigator, organization and management of the investigative function, and investigative methods; including crime scene processing, suspect identification and use of information sources. Consideration is also given to the investigation of specific crimes.

CJ 3405 Homicide Investigation (3) Study of homicide investigation including tactics, procedures, problems, forensic techniques, and legal issues. Recommended that students complete CJ 3400 Criminal Investigation prior to taking this course.

CJ 4403 Sexual Assault and the Criminal Justice System (3) In-depth study of sexual assault and sex offenders. Investigation into the motivation of sex offenders, the victim’s responses to assault, and investigative procedures.

CJ 4420 Organized Crime (3) An analysis of both the historical development of organized crime and its current impact on society. The enforcement, prosecutorial, judicial, and legislative actions utilized to combat organized crime will be examined.

CJ 4444 Terrorism (3) Study of violent political and religious movements around the world and the difficulties they pose to the institutions of justice in a democratic society.

Problems and Research

CJ 3600 Introduction to Criminal Justice Research (3) An introductory examination of the research methods with application most commonly utilized in criminological and criminal justice research.

CJ 4601 Directed Studies* (1-6) Individual research and study in student’s field of interest as approved and directed by major professors. May be repeated for a maximum of 6 semester hours. Prerequisite: consent. *Not available for graduate credit.

CJ 4602 Internship in Criminal Justice (1-6) Practical experience in the operation of various components of the criminal justice system. May be repeated for a maximum of 12 semester hours. Prerequisite: consent.

CJ 4605 Senior Seminar in Criminal Justice* (3) Current issues and trends in criminal justice with emphasis on group discussion. Each student will be required to prepare, submit and defend a senior thesis.
Juvenile Justice

CJ 2700 Introduction to Juvenile Justice (3) An examination of the origins, philosophy and objectives of the juvenile justice system. Focus is on the operation, legal processes, current trends and roles of the various actors within the juvenile justice system.

CJ 4701 The Juvenile and the Law (3) The jurisdiction of juvenile courts, role of law enforcement agents, judicial process, fact-finding hearings, dispositions, waivers, appeals, philosophy of the juvenile court with attention to the legal rights of children, and comparative analyses of juvenile codes.

CJ 4702 Juvenile Corrections (3) An analysis of the theories, concepts, practices and special problems of juvenile corrections, including a review of contemporary juvenile correctional systems and discussion of recent research concerning the juvenile institution and the various field services.

CJ 4703 International Juvenile Justice (3) An overview of international juvenile justice, through an examination of how the international society reacts to juvenile misbehavior and various juvenile justice models.
AT 1610 Introduction to Athletic Training (2) Introduction to clinical athletic training for first year athletic training majors. Emphasis on clinical education competencies, athletic training staff policies/procedures and entry-level taping skills. Corequisites: AT 1611 and AT 1620.

AT 1611 Introduction to Athletic Training Lab I (1) Introduction to clinical athletic training for the first year athletic training major. Hands-on experience for the athletic training student. The student must complete 50 clinical hours. Corequisites: AT 1610 and AT 1620.

AT 1620 Responding to Emergencies for the Professional Rescuer (3) Accident, injury and illness situations for immediate first-aid, and legal parameters in emergency care. Certification in CPR/AED for the professional Rescuer and First-Aid is attained. Corequisites: AT 1610 and AT 1611.

AT 1630 Foundations of Athletic Training (2) Provide the athletic training student with the foundation needed to recognize the cause of injuries, prevent injuries from occurring and to effectively manage injuries. Prerequisites: AT 1610, AT 1611 and AT 1620.

AT 1631 Foundations of Athletic Training Lab II (1) Provides experiences to recognize causes and management of injuries as well as prevention through health screening and protective equipment. Student must complete 50 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620 and PE 2800. Corequisite: AT 1630.

AT 2600 Medical Terminology (1) Terminology, note writing, and documentation techniques in sports medicine. A treatment cycle will be introduced.

AT 2610 Orthopedic Assessment: Lower Extremity (2) Common types of orthopedic/sports dysfunctions to the lower extremity. Viewpoints include: etiology and mechanism of injury, pathology, recognition and evaluation techniques, protocols, and prevention. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2600, and PE 2800. Corequisite: AT 2611.

AT 2611 Orthopedic Assessment: Lower Extremity Lab III (1) Evaluation of orthopedic injuries occurring in lower extremity. Emphasis on orthopedic assessment, goniometry, manual muscle testing, and gait evaluations. Student must complete 125 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2600, and PE 2800. Corequisites: AT 2610 and PE 2850.

AT 2620 Orthopedic Assessment: Upper Extremity (2) Common types of orthopedic/sports dysfunctions to the upper extremity will be discussed including mechanism of injury, pathology, recognition and evaluation techniques, protocols, and prevention. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2600, AT 2610, AT 2611, PE 2800 and PE 2850. Corequisites: AT 2621 and PE 3800.

AT 2621 Orthopedic Assessment: Upper Extremity Lab IV (1) Evaluation of orthopedic injuries occurring in upper extremity. Emphasis on orthopedic assessment, goniometry, manual muscle testing, and gait evaluations. Student must complete 125 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2600, AT 2610, AT 2611, PE 2800 and PE 2850. Corequisites: AT 2620 and PE 3800.

AT 2630 Therapeutic Modalities (2) The theoretical knowledge for the clinical application of therapeutic modalities. Principles of the physiological effects and therapeutic indications and contraindications with application of these modalities. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, and AT 2600. Corequisites: AT 2610, AT 2611, and AT 2631.

AT 2631 Therapeutic Modalities Lab (1) Students will apply the techniques and clinical skills related to the application of therapeutic modalities. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2600, PE 2800, and PE 2850. Corequisites: AT 2610, AT 2611, and AT 2630.

AT 3620 Clinical Athletic Training Lab V (2) Application of athletic training practices in selected educational settings. Student must complete 125 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, PE 2850 and PE 3800.

AT 3630 Therapeutic Rehabilitation (2) Theoretical knowledge in the clinical application of rehabilitation programs, physical examinations, therapeutic exercises, open and closed chain exercises, muscle reeducation, special therapeutic techniques including aquatic therapy. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, AT 2630, AT 2631, PE 2850 and PE 3800.

AT 3631 Therapeutic Rehabilitation Lab (1) Clinical skills relating to the rehabilitation of athletic injuries. 100 documented clinical hours will afford the opportunity to use the knowledge and techniques from the course. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, AT 2630, AT 2631, PE 2850 and PE 3800.

AT 3640 Clinical Athletic Training Lab VI (2) Application of athletic training practices in selected educational settings. Student must complete 125 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, AT 2630, AT 2631, AT 2630, PE 2850 and PE 3800.

AT 3650 Sport and Exercise Pharmacology (3) Discuss medications and their impact upon the active population. Issues in ethical concerns and legal implications will be addressed. Prerequisite: Junior standing.

AT 4610 Clinical Athletic Training Lab VII* (2) Application of athletic training practices in selected educational settings. Student must complete 150 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, AT 2630, AT 2631, AT 2630, AT 3630, AT 3631, AT 3640, PE 2850 and PE 3800. *Not available for graduate credit.

AT 4620 Clinical Athletic Training Lab VIII* (2) Application of athletic training practices in selected educational settings. Student must complete 150 clinical hours. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, AT 2630, AT 2631, AT 3620, AT 3630, AT 3631, AT 3640, AT 4610, PE 2850 and PE 3800. *Not available for graduate credit.

AT 4630 Organization and Administration of Athletic Training* (3) Legal liabilities, budget/inventory management, facility designs, and maintenance will be addressed. Additionally, discussions on daily supervision, scheduling, and administration of the athletic training room. Prerequisites: AT 1610, AT 1611, AT 1620, AT 1630, AT 1631, AT 2620, AT 2621, AT 2630, AT 2631, AT 2630, AT 3630, AT 3631, AT 3640, AT 4610, PE 2850 and PE 3800 *Not available for graduate credit.

AT 4640 Senior Seminar in Athletic Training (2) Prerequisite: Senior standing.
Dietetics and Nutrition

In the section of Dietetics and Nutrition, the second digit in a course number stands for the following: 3-Foods and Nutrition.

Dietetics
Functional Major, Bachelor of Science Degree
Registration as a dietitian requires internship beyond Bachelor of Science degree. Fulfills the “Didactic Program in Dietetics Academic Requirements” of the American Dietetic Association.

The graduate with a Bachelor of Science degree in Dietetics will qualify for a post-baccalaureate internship program. Student outcome goals:
- Solve service-oriented problems utilizing knowledge of nutritional assessment, intervention and evaluation skills.
- Utilize current knowledge, technology, and research to enhance the practice of dietetics.
- Exhibit behaviors consistent with attitudes based on beliefs that an understanding/appreciation of global concerns and the diversity of humanity.
- Attend professional dietetic meetings at the local, state, and/or the national level.
- Acquire the knowledge and skills for the successful participation in a supervised dietetics program, employment related to foods and nutrition, or graduate study.
- Acquire the knowledge, skills, professionalism and ethical conduct needed to become a competent entry-level dietitian.
- Apply scientific knowledge and principles to food service systems in the practice of dietetics.
- Apply scientific knowledge and principles related to nutrition needs and processes through the life cycle in health and disease.
- Generate, interpret, and use research and knowledge of foods and nutrition in clinical dietetics, community nutrition, and food service.
- Participate in activities that promote public awareness of nutrition and advance the profession of dietetics.

MINIMUM TOTAL .......................................................... 124

College of Health and Human Services

D&B 1300 Introduction to Dietetics (1) Overview dietetics and nutrition including history, current trends and career opportunities.

D&B 2310 Early Childhood Nutrition and Health (2) Application of principles of nutrition, significance of food habits, including the influences of family living, cultural patterns, and commercialization in relation to the health of young children.

D&B 3340 Nutrition (3) Digestive process and fundamental principles of nutrition and their application to the feeding of individuals. Prerequisite: CHEM 1103 or CHEM 1104.

D&B 3350 Community Nutrition (3) Public health nutrition and nutrition care delivery in community programs. Only offered Spring semester. Prerequisite: D&B 3340.

D&B 3360 Entrepreneurship for Dietetics Professionals (3) Identifies and develops dietetic entrepreneurial opportunities in a rapidly changing employment environment. Prerequisites: FOOD 3333 and D&B 3340.

D&B 4340 Advanced Nutrition (3) An in-depth study of human nutrition and the evaluation of nutritional status. Prerequisites: BIOL 2402, D&B 3340 and CHEM 2650 or CHEM 4421.

D&B 4342 Medical Nutrition I (3) Role of nutrition in the prevention and dietary treatment of disease. Only offered Fall semester. Prerequisites: BIOL 2402, D&B 3340 and CHEM 2650 or CHEM 4421.

D&B 4343 Medical Nutrition II (3) A case study oriented approach to nutritional medicine with an in-depth emphasis on pathophysiology and the nutritional care plan in the prevention and treatment of disease. Only offered Spring semester. Prerequisite: D&B 4342.

D&B 4345 Senior Dietetics Seminar* (3) Philosophy and current issues and trends in dietetics. Group and individual problems which will lead to investigation of individual research problem. Prerequisites: PSY 4520 or equivalent and senior class standing. *Not available for graduate credit.

D&B 4350 Special Problems in Foods and Nutrition (2-3) An in-depth study of human nutrition; some foods emphasis. Group and/or individual problems including reports, discussion, bibliographies, research, and experiments. May be repeated for a maximum of 6 semester hours. Prerequisite: senior class standing.

D&B 4351 Geriatric Nutrition (2) Dietary needs and feeding of the elderly. Prerequisite: D&B 3340 or consent.

Food

In the section of Food, the second digit in a course number with a FOOD prefix stands for the following: 3-Foods and Nutrition.

GENERAL EDUCATION REQUIREMENTS (pages 34-43) CHEM 1104 Div. II A is required

FOOD 2322 Food Preparation (3) Properties and preparation of grains, fruits, vegetables, milk products, protein foods, fats, sugar products, and flour mixtures through demonstrations and laboratory experiences. Prerequisite: grade of C or better in CHEM 1104 or equivalent. An additional fee is associated with this course.
FOOD 3332 Quantity Food Production and Service (3) Principles and standard methods of quantity food production, menus, and service in institutions and their application in work experience. Prerequisite: FOOD 2322.

FOOD 3333 Food Systems Management (3) Organization and management in food service areas including administrative responsibilities, qualifications, personnel management, and cost control. Only offered Fall semester. Prerequisite: ACCT 2100.

FOOD 3334 Food Service Equipment and Purchasing (3) Selection, layout and maintenance of equipment in large quantity food service areas. Also a study of food purchasing for institutions. Only offered Spring semester. Prerequisite: FOOD 3332 or concurrently.

FOOD 4326 Experimental Foods (3) An experimental approach to the study of factors which influence the behavior of foods. Group and individual experiments. Only offered Fall semester. Prerequisite: FOOD 2322 or equivalent. An additional fee is associated with this course.

HEALTH EDUCATION

In the section of Health Education, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 2-Curriculum and Instruction, 7-Administration.

HEALTH EDUCATION

Minor, Bachelor of Science in Education Degree

Recommendation for certification to teach health education for grades PK-9 requires 29 semester hours, 30 semester hours for teaching grades 9-12, and 32 semester hours for grades PK-12. The additional classes needed for certification are HED 4320, HED 4390, and health electives. Elementary Education Functional Majors (grades 1-6) may use this as an area of concentration. See Director of Clinical Services and Certification for current requirements.

(804)

The student will demonstrate a knowledge and/or competencies in the following areas:

- The structures, functions, and interrelationships of body systems as they apply to improving and maintaining healthful living.
- The principles of nutrition and their application to maintaining good health and preventing health problems.
- The use and abuse of legal and illegal drugs and their effects on the human body and society.
- The prevention and management of communicable and chronic diseases and related health care.
- The consumer health issues related to the marketing, selection, and use of health products and services.
- The attaining and maintaining good mental health and its effects on the health of the body.
- The dynamics of interpersonal relationships as related to family life, human sexuality, and growth and development.
- The process of behavior change that favorably affect personal health.
- The expanded model of the Comprehensive School Health Program and the interrelationships of its components.
- The basic concepts of injury prevention both intentional and unintentional, first aid, emergency systems, and the effects of trauma.

Biology majors may substitute BIOL 2401 for PE 2850.

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the minor, HED 1100 fulfills 3 s.h. of Div. III; PSY 4230 fulfills 3 s.h. of Div. II B.

Special Projects

HED 4000 Special Projects in Health Education (1-5) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 6 semester hours.

Foundations

HED 1100 Personal Health (3) Health issues in today’s society with special reference and application to the present and future life of the student.

Curriculum and Instruction

HED 1350 Responding to Emergencies (3) The first aid practice and theory for common emergencies. Certification for the American Red Cross Responding to Emergencies course may be earned upon completion of all specific requirements.

HED 3310 Methods in Elementary School Health (2) Curriculum and lesson plan development, basic health concepts, and methodology of teaching elementary health education.

HED 3360 Methods in Secondary School Health (2) Explores the current trends in curriculum development in health education and the legal aspects of school health. Only offered Fall semester. Prerequisite: EDCI 2240.

HED 4300 Nutrition and Human Performance (2) Nutrition as it applies to athletics, physical exercise, and health. Only offered Fall semester. Prerequisites: PE 2800 and PE 2850 or equivalent.

HED 4310 Drugs and Youth (3) Use and abuse of alcohol and drugs; current problems relative to drug use, abuse, and control; programs in education, law enforcement, and community agencies.

HED 4320 Teaching Sexuality Education in the School (3) Prepares the teacher for course development, instruction and integration of sexuality education into the school curriculum.

HED 4330 First Aid and CPR for Educators* (1) Skills and principles of first aid and accident prevention in the schools. Students may receive American Red Cross first aid and CPR certification. *Not available for graduate credit.

HED 4350 Advanced First Aid and Emergency Care (3) Emphasizes the essential knowledge and skills needed to develop the functional first aid capabilities required by policemen, firemen, emergency squad and rescue squad members, ambulance attendants, and other special interest groups. Students taking this course may complete requirements for the American Red Cross Advanced First Aid and Emergency Care Certificate.

HED 4360 CPR Instructors Training (1) Procedures, theories, and techniques involved in the teaching of the American Red Cross CPR Modular System course. Students may complete requirements for the Red Cross CPR Modular System Instructor Certificate. Prerequisite: current Red Cross CPR Modular System Certificate.

HED 4370 Human Diseases (3) An overview of the agents of disease, the processes of contagion, and the effects on humans. Prerequisites: PE 2850 or BIOL 2401 or equivalent.

HED 4390 Community Health Education (2) Various types of health programs conducted by private, volunteer, and official agencies are explored.

Administration

HED 4760 Organization and Administration of the School Health Program (2) The organization and administration of the school health program emphasizing the areas of healthful school living, health services, and health instruction. Prerequisites: HED 3310 or HED 3360.
HOSPITALITY MANAGEMENT

In the section of Hospitality Management, the second digit in a course number stands for the following: 7-Professional, 8-Hospitality.

HOTEL AND RESTAURANT ADMINISTRATION

Functional Major, Bachelor of Science Degree (43-205)
The graduate with a Bachelor of Science degree in Hotel and Restaurant Administration will:
- Exhibit professional hotel or restaurant management knowledge and skills.
- Interact with diverse environments.
- Apply scientific principles to hospitality entrepreneurship.
- Demonstrate knowledge and skills of organizational hierarchy systems and task within those systems.
- Use critical thinking, problem solving, communication and investigative skills specific to hotel and restaurant management.
- Gain information of professional organizations and attend meetings in the hospitality industry.

Professional

HM 4710 Internship (3-6) Provides experience for students in cooperating businesses and agencies/organizations. May be repeated for a maximum of 12 semester hours with no more than 6 semester hours graduate credit. Prerequisites: 20 semester hours of major course offerings; undergraduate grade-point average of C or above; departmental approval.

HM 4720 Hospitality Technology (2) Hotel, restaurant, and industry specific global technologies for management, employees and guests. Prerequisite: BTE 1210 or LIS 1600 or consent of instructor.

HM 4745 Senior Seminar* (3) Philosophy, current issues and trends in hospitality management. Focus on problem-solving styles leading to group and individual research problems. Prerequisites: senior standing and approval of Department Adviser. *Not available for graduate credit.

HM 1800 Introduction to Hospitality (3) Hospitality industry overview including history, current ventures and career opportunities.

HM 2830 Hotel-Restaurant Sanitation and Safety (2) Sanitation and safety procedures, laws and policies for operations in the hotel-restaurant industry.

HM 3800 Front Office Operation and Management (3) Function, procedures, systems and management of the front office within the lodging industry. Delineation of relationships between front office and other hotel department functions.

HM 3844 Dining Room Management (3) Develop knowledge and skills necessary for managing the front-of-house areas of food service operations. Prerequisite: FOOD 2322.

HM 3850 Plant Operation and Maintenance Management (2) Problems relating to building and plant maintenance. Maintenance and engineering management, organization problems, physical plant maintenance and mechanical maintenance topics as they relate to institutional management are developed.

HM 3860 Beverage Management and Marketing (3) An historic perspective of alcoholic beverages and operations. Management’s rights, obligations and duties to guests, employees and the public. Merchandising techniques, target marketing and point of sale opportunities for the beverage operation. Only offered Spring semester. An additional fee is associated with this course.

HM 4800 Hotel and Restaurant Management (3) Specialized managerial functions involved in operation of hotels, restaurants, and other facilities in the hospitality industry.

HM 4840 Legal Aspects of Hotel and Restaurant Management (3) Examination of federal and state laws, including judicial interpretations relevant to hotel and restaurant operations, as well as tort, negligence and criminal liability. Methods for prevention of legal action will be investigated.

HM 4850 Hospitality Operations Analysis* (3) Comprehensive application of manager’s final reports in the hospitality industry. Examination of hospitality financial and managerial accounting approach to accounting practices, financial statements, operating activities. Prerequisite: ACCT 2100.
PHYSICAL EDUCATION
In the section of Physical Education, the second digit in the course number stands for the following: 0-Special Projects, 1-Foundations, 2-Applied Physical Education, 3-Curriculum and Instruction, 4-Elementary and Secondary Physical Education, 5-Coaching, 6-Athletic Training, 7-Administration and Supervision, 8-Professional Physical Education, 9-Individual Study and Research.

PHYSICAL EDUCATION
Functional Major, Bachelor of Science Degree (43-81)
The graduate with a Bachelor of Science degree with a functional major in Physical Education will:
• Develop a foundation for a professional philosophy based on both historical and current knowledge of physical education, physical activity, and fitness/wellness.
• Understand physical activity through the use of knowledge of human anatomy, kinesiology, physiology and analysis of movement patterns.
• Expand his/her skills, knowledge and understanding in a variety of physical activities including games, sports, rhythms, and fitness skills.
• Understand and apply first aid procedures, safety factors and risk management involved in physical activity settings.
• Gain an awareness of administering physical education and fitness/wellness programs for diverse populations.
• Properly apply measurement and evaluation in the assessment of physical education and fitness/wellness programs.
• Develop an appreciation for the benefits of an active, healthy lifestyle.

PE 3450 Techniques of Teaching Physical Education Activities in the Elementary Schools (3) Effective teaching knowledge, skill, and techniques for physical education programs at the elementary level. Prerequisite: admission to Teacher Education Program.

PE 3460 Techniques of Teaching Physical Education Activities in Middle Schools and High Schools (3) Effective teaching knowledge, skill and techniques for physical education programs at the middle and high school levels. Prerequisite: admission to Teacher Education Program.

PE 3610 Care and Prevention of Injuries (2) Accepted athletic training procedure in the care and prevention of athletic injuries. Prerequisite: PE 2800.

PE 3800 Kinesiology (3) Intensive investigation and analysis of human movements. The basic mechanical principles of force, motion, and aerodynamics as related to fundamental physical skills and their application to sports and dance. Prerequisite: PE 2800 and MATH 1111 or MATH 1620.

PE 3850 Motor Learning and Control (3) Parameters which influence the acquisition and control of movement skills. Conditions of practice as well as those predominant factors which affect motor learning, i.e., feedback, transfer, motivation, memory, and attention.

PE 4000 Special Projects in Coeducational Physical Education (1-5) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 5 semester hours.

PE 4110 History and Philosophy of Physical Education* (2) An investigation of the historical and philosophical development of physical education. *Not available for graduate credit.

PE 4320 Choreography (2) Basic choreography as to forms, formations, lines, qualities, relationships, choreographic styles, choreographers of renown and their works, constructive criticism, notation. Prerequisite: consent.

PE 4340 Adapted Physical Education (3) A study whereby the full educational services of physical education may be made available to atypical students on all school levels.

PE 4341 Physical Activity and the Older Adult (2) Principles of activity applicable to older adults, including recommended programs and evaluations.

PE 4350 Physical Education for Special Education (2) Activities and program development as an integral tool in the physical education of the mentally retarded, learning disabled, and emotionally disturbed.

PE 4390 Evaluation Procedures in Physical Education (3) The theory of measurement in health and physical education, including the selection, administration, and evaluation of appropriate tests and the interpretation of the results.

PE 4500 Football Officiating* (1) Lectures, readings, class discussions, and field experience in the officiating of intramural, school, and college football games. *Not available for graduate credit.

PE 4510 Basketball Officiating* (1) Lectures, readings, class discussions, and field experience in the officiating of intramural, school, and college basketball games. *Not available for graduate credit.

PE 4520 Theory and Coaching of Basketball (2) Coaching aids, techniques, strategy, and systems of the activity.

PE 4530 Theory and Coaching of Track and Field (2) Coaching aids, techniques, strategy, and systems of training.

PE 4541 Theory and Coaching of Football (2) Coaching aids, techniques, strategy, and systems of the activity.

PE 4550 Theory and Coaching of Volleyball (2) Coaching theory and techniques, aids, strategy, and systems of volleyball.

PE 4551 Theory and Coaching of Wrestling (2) Squad and practice organization, techniques, budget, equipment, match management, and strategy.

PE 4560 Theory and Coaching of Softball and Baseball (2) Coaching aids, techniques, strategy, and systems of softball and baseball.

PE 4561 Theory and Coaching of Soccer (2) Coaching theory and techniques, aids, strategy, and systems of soccer.

PE 4590 Administration of Interscholastic Athletics (2) Organization and management of a program of competitive athletics for schools and colleges.
RECREATION

In the section of Recreation, the second digit in a course number stands for the following: 0-Special Projects, 1-Foundations, 2-Leadership, 5-Camping and Outdoor Education, 7-Administration and Supervision, 9-Individual Study and Research.

GENERAL RECREATION

Major, Bachelor of Science Degree* (43-814)
The graduate with a Bachelor of Science degree in General Recreation will:
• Import an understanding of the benefits and impacts of leisure to patrons of his/her community, based on a sound understanding of the conceptual foundations of leisure.
• Develop and implement recreation programs in a range of activity content areas for various populations, marshaling diverse community and human services resources.
• Use diverse community, institutional, natural, cultural, and human services to promote and enhance the leisure experience, thus improving the quality of life for all populations.
• Assess goals and objectives for groups and individuals within the leisure service.
• Utilize sound managerial, marketing, and financial processes in the administration/management of leisure service delivery.
• Utilize diverse communication, interaction and facilitation techniques, including leadership, instructional strategies, and emergency management.
• Demonstrate knowledge and use of legal concepts and legislative processes as applied to leisure services, including implementation of risk management plans.

Special Projects

REC 4000 Special Projects in Recreation* (1-5) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 5 semester hours. *Not available for graduate credit.

Foundations

REC 1100 Introduction to Recreation (3) Designed to introduce the student of recreation and leisure services to the philosophy, history, and significant social forces inherent in the growth and development of the leisure services field.

REC 2100 Implications of Disabling Conditions for Therapeutic Recreation (3) Skills for awareness of and service to individuals with disabilities.

Leadership

REC 2200 Developing Recreation and Tourism Programs (3) Provides an overview and practical experience with the program planning process for recreation and tourism services. Only offered Spring semester. Prerequisite: REC 1100 or TOUR 1900.

REC 3210 Leadership and Group Dynamics in Recreation and Tourism Services (3) The basics of group dynamics and leadership as applied to techniques in recreation tourism environments. Prerequisite: REC 1100 or TOUR 1900.

Camping and Outdoor Education

REC 3530 Outdoor Recreation Skills and Adventure (3) An introduction to experiential education through outdoor recreation adventure programs.

Administration and Supervision

REC 4710 Managing Recreation and Tourism Enterprises* (3) Basic functions, management techniques, and operations procedures currently practiced in providing recreation and tourism related services. Prerequisite: REC 3210. *Not available for graduate credit.

REC 4720 Financing Recreation and Tourism Enterprises* (3) Covers the basic methods and problems of financing public and private recreation and tourism services. Prerequisite: REC 4710. *Not available for graduate credit.

REC 4740 Seminar (2) Covers new and significant publications in the recreation and tourism industry and provides the student with an opportunity to develop basic research skills. Prerequisite: Consent of instructor.

Individual Study and Research

REC 4980 Internship* (6) Experience in recreation or tourism services while working in an approved agency under qualified and experienced supervision. Prerequisites: REC 4740 and approval of the internship coordinator. *Not available for graduate credit.
TOURISM

In the section of Tourism, the second digit in a course number stands for the following: 1—Foundations, 2—Leadership, 3—International, 5—Technology, 7—Administration and Supervision, 9—Professional.

TOURISM
Major, Bachelor of Science Degree (43-843)
The graduate with a Bachelor of Science degree in Tourism will:
• Interact with a variety of clients and consumers.
• Understand perspectives of potential employers and customers.
• Solve service-oriented problems utilizing appropriate concepts, principles, theories and technology.
• Exhibit an understanding/appreciation of global concerns, the diversity of humankind, risk assessment, professional ethics, and legal environments.
• Obtain knowledge related to professional organizations, service learning, and other external sources of professional enrichment.
• Obtain skills needed for professional management within the tourism sector.

LIS 1600 Div. II A (required) ............ 2

International

TOUR 3300 Tourism Destinations (3) Includes the description of tourism related attributes of various countries.

TOUR 4310 International Tourism* (3) A presentation of the phenomena and relationships arising from the interaction of international tourists, business suppliers, host governments, and host communities in the process of attracting and hosting international tourists. Only offered Spring semester. Prerequisite: TOUR 1900 or HM 1800. *Not available for graduate credit.

TOUR 1900 Introduction to Tourism (3) The course presents a basic understanding of travel and tourism and provides insight into the development and operations of the various components of the travel industry.

TOUR 4900 Special Projects in Tourism* (1-5) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 5 semester hours. Prerequisite: Consent of Instructor. *Not available for graduate credit.

TOUR 4920 Senior Seminar* (2) Develop skills necessary to be prepared for addressing current issues/trends in the tourism industry. Prerequisite: Consent of instructor. *Not available for graduate credit.

TOUR 4980 Internship* (6) Experience in tourism services while working in an approved agency under qualified and experienced supervision. Prerequisites: TOUR 4920 and approval of internship coordinator. *Not available for graduate credit.
Nursing

In the Department of Nursing, the second digit in the course number stands for the following: 0-General Theory, 1-Fundamentals of Nursing, 2-Maternal and Child Health, 3-Medical-Surgical Nursing, 4-Community and Mental Health Nursing, 6-Professional Theory.

Department of Nursing Statement of Policy

Program

UCM’s Department of Nursing offers a Bachelor of Science in Nursing. The program is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle NW, Suite 530, Washington, DC 20036-1120, and approved by the Missouri State Board of Nursing.

Accreditation

The nursing program is approved by the Missouri State Board of Nursing and the Commission on Collegiate Nursing Education. Contact numbers for the Nursing Department's accrediting agencies are: Missouri State Board (573) 751-0681; Commission on Collegiate Nursing Education (202) 887-6791. The Commission on Collegiate Nursing Education is located at One Dupont Circle, NW, Suite 530, Washington, DC 20036.

Student Learning Outcomes

The graduate with a Bachelor of Science degree in Nursing will use the knowledge, skills and attitudes obtained in the program to:

- Communicate in a manner that reflects that communication is a reciprocal process utilizing multiple modes in adapting language and communication strategies appropriate to professional role and setting
- Demonstrate intellectual skill based on the use of theories and principles guided by logic and sound judgment to allow for the provision of safe quality nursing care. Using reasoning, the student will be able to assess, plan, intervene and evaluate while providing holistic care in diverse environments utilizing pertinent resources.
- Actively engage in interaction based on mutual respect with collaboration toward goal achievement
- Internalize and demonstrate ethically grounded behaviors reflective of the ANA Nursing: Scope and Standards of Practice (2003) and AN A Code of Ethics for Nurses (2001)
- Organize, store, retrieve, evaluate, synthesize and annotate professionally related information from print, electronic and other sources to make clinical judgments and solve problems

Admission

Students entering UCM as freshmen or by transfer should indicate a pre-nursing major. Admission to the nursing program is conditional upon completion of a minimum of sixty semester hours, completion of all prerequisites necessary for admission to the first semester in the nursing program and the requirements for admission listed below. Admission to the nursing program involves competition between all eligible candidates. The Department of Nursing reserves the right to select among all qualified candidates. Students are admitted in March for Fall semester nursing classes and in October for Spring. The necessary application and forms are available after meeting with an advisor in the Department of Nursing.

Admission Criteria to the Undergraduate Nursing Program

1. Evidence of good moral character as determined by the Missouri State Board of Nursing in the Nurse Practice Act (1999) and by the American Nurses' Association Code of Ethics for Nurses (2001).
2. All nursing prerequisites must be completed at the time of admission. Computer literacy is required to be admitted to the nursing program.
3. A minimum of a 2.5 cumulative grade-point average is required at the time of application.
4. Minimum grade of C in all nursing prerequisites and nursing courses. A student receiving a grade lower than C in any nursing prerequisite may repeat that course only one time. If the course was taken at UCM, it must be repeated at UCM.
5. A student receiving more than one D and/or F in a course or courses with a nursing prefix will not be eligible for admission into the program.

6. Students will not be permitted to withdraw more than one time from a nursing prerequisite course without permission of the Department of Nursing.
7. Science prerequisites, as identified in NURSING Functional Major, Bachelor of Science Degree, must have been taken within 10 years of requested semester admission.
8. Applicants for the nursing program must complete the College-BASE Examination with: (either 1) a 235 or better on all 4 subject areas (English, Mathematics, Science and Social Studies) OR 2) obtain a 235 or better on 3 subject areas AND earn a grade of "C" or better in courses related to the subject area in which the student does not achieve a score of 235 and a minimum grade level equivalent of 12 on the Nelson-Denny Reading Test to be eligible for consideration before the Admissions and Progression Committee of the Department of Nursing.
9. Completion of additional requirements such as speech and hearing exam, assessment[s], etc. at the time of application. Check with the nursing department for these requirements.
10. Completed application and examination forms are to be in the office of the Department of Nursing by January 1 for admission to Fall semester nursing classes and July 1 for admission to Spring semester nursing classes.
11. Official transcripts-it is the students responsibility to request ALL official transcripts from other universities and colleges be submitted to the Admissions Department of the University to be posted as part of the student’s official transcript by 5 p.m., December 31 for Fall admission and June 30 for Spring admission.
12. A physical exam, required immunizations, and a satisfactory criminal history background check must be complete and validated before the first day of clinical.
13. English as second language students (any student whose primary and secondary education was in a country where the native and official language was not English excluding native American citizens who attended American high schools in another country) must successfully complete the University requirements:
   a. TOEFL - A score of 600 with a minimum of 55 on each sub-score.
   b. Test of Spoken English - A minimum score of 250.
   c. Test of Written English - A minimum score of 5.
Any student not obtaining these scores can receive assistance in the English Department through the English Language Institute.

Additional considerations given to the following:

- Academic history with patterns and trends indicating potential for academic success.
- The functional abilities required to be successful in the nursing program, with reasonable accommodation. See Core Performance Standards.
- Eligibility for licensure. Completion of the nursing program does not guarantee eligibility to take licensure examination. Refer to the Nurse Practice Act in the state in which you anticipate licensure. In Missouri refer to Sections 335.046 and 335.066 at www.ecodev.state.mo.us/pr/nursing.

- Number of credit hours taken at The University of Central Missouri. Students will be categorized in two classifications for consideration for admission to the nursing program:
   a. Students who have taken all nursing prerequisite courses at UCM; and
   b. Students who have transferred credit for one or more nursing prerequisite course(s) from another institution.
Nursing prerequisite courses are CHEM 1104, BIOL 2401, BIOL 2402, BIOL 3611, PSY 1100, SOC 1800, D&N 3340, NUR 1700. Grade point averages are a determining factor in selection.
- Additional assessments may be required.

Direct Admission Policy:

Upon admission to the University, a student who meets the following criteria may be guaranteed direct admission to the nursing program:

1. Admitted to UCM as freshmen with ACT 22 or higher and a high school CGPA of 3.0.
2. Declared nursing as a major.
3. Maintains a 3.0 GPA at UCM at the end of sophomore year.
4. Meet criteria published in the UCM undergraduate catalog and Department of Nursing Undergraduate Handbook as of the date of formal application.

- Direct admission is limited to 30 students per semester based on admission date to UCM.
- Students who are directly admitted have the same period of time to complete their degree program as other UCM students.
- Direct Admission nursing students complete the nursing application by the set deadlines like all other nursing students.
- A direct Admission nursing student may lose his/her guaranteed place in the nursing program if he/she falls below the specified standards.

Core Performance Standards for Admission and Progression

FUNCTIONAL ABILITY : STANDARD : SOME EXAMPLES OF NECESSARY ACTIVITIES (Not Inclusive)

Thinking skills: Critical thinking ability sufficient for sound clinical judgment. Identify cause-effect relationships in clinical situations, develop nursing care plans to integrate data from different sources and decide whether to initiate action or report, ability to interpret variations in vital signs, lab values, among other skills.

Interaction: Interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of socio-economic and cultural backgrounds. Establish rapport with patients/clients and colleagues. Works as a team member.

Communication: Communication abilities sufficient for productive interaction with others in verbal and written form and other formats. Explain treatment procedures, initiate health teaching, document and interpret nursing actions and patient/client responses.

Motor skills: Gross and fine motor abilities sufficient to provide safe and effective nursing care. Move around work area and within confined spaces. Calibrate and use equipment, position clients, insert catheters, injections.

Sensory/Perceptual: Auditory/visual and tactile ability sufficient to monitor and assess health needs. Hear monitor alarm, (IV alarm, etc.), emergency signals, auscultatory sounds, cries for help.

Re-Application for Admission

A student re-applying for admission to the nursing program within 6 months to a year of the initial application is not required to obtain a new physical exam or speech/hearing exam.

A student re-applying for admission to the nursing program over a year’s time, but within 18 months of the initial application, is required to obtain a repeat physical exam with only those tests being repeated that are deemed necessary by the physician or nurse practitioner. Students need not repeat speech/hearing exam.

A student re-applying for admission to the nursing program over 18 months from the initial application is required to obtain a repeat physical exam and a repeat speech/hearing exam.

Students in non-compliance with these requirements will be referred to the Health Committee.

It is the responsibility of the applying student to provide documentation of compliance with these health requirements by the time of admission. Students not in compliance with these requirements will be referred to the Health Committee.

The Health Committee recommends that each student assume responsibility for personal health maintenance. An annual health assessment is strongly encouraged. Students are required to maintain insurance coverage for illness and accidents throughout their time in the program.

Requirements for Progression in the Nursing Program

1. A student must make a minimum grade of C in all nursing courses to progress in the nursing program. A student receiving a grade lower that C in any nursing course may repeat that course only one time.

2. A student who receives a D or F in a nursing course will be suspended from the program and is required to seek retention in order to repeat the course. The retention process is initiated by the student with the instructor whose course was failed. Completion and filing of the Request for Retention Form is the responsibility of the student. If a student is not retained within a year, that student may be required to repeat all courses within the major.

3. A student receiving more than one D and/or F in a same course with a nursing prefix will not be allowed to reapply.

4. Students who withdraw from the nursing program must follow the Nursing Department’s Withdrawal Policy contained herein and compete with other students for retention into the program.

5. Requirements for retention to the program are all those set forth in this policy as well as those contained in the current Undergraduate Student Handbook for the Department of Nursing.

6. Students must be successful in passing each course in a particular semester in the program to progress to the next semester.

Withdrawal Policy

Students within the program who withdraw from any nursing course are automatically suspended from the program and must follow the Nursing Department’s Retention Policy in order to be retained. Students who withdraw from a nursing course and do not follow the requirements of the Nursing Department Withdrawal Policy as stated below will not be considered for retention.

Students who withdraw from any nursing course must compete with other students for retention to the program. Students may be readmitted only once to the nursing program based on the decision of the Admissions and Progression Committee.

Students who have been attending meetings of a nursing course and wish to withdraw should:

Clinical/practicum courses
1. Notify their instructor in writing of their desire to withdraw and their reason for this decision.
2. Meet with the chair.
3. Follow the University process for withdrawal (See UCM’s University Calendar and Handbook or Catalog for information).

Theory courses
1. Notify their instructor in writing of their desire to withdraw and their reason for this decision.
2. Follow the university policy for withdrawal (See UCM’s University Planner/Handbook or Catalog for information).

Students are not eligible to withdraw from a nursing clinical/practicum course when they have received their final grade from the instructor. Students who receive a final grade of D or F from the instructor and withdraw from the course will have their erroneous “W” changed to the appropriate failing grade by the Department of Nursing.

Students who have not attended classes in the semester they wish to withdraw may withdraw from nursing courses by following the University Withdrawal Policy.

Transfer into the Nursing Major

Transfer of upper-level nursing credit will be considered according to the following procedure:
1. Students will meet the General Education requirements as listed in the current University Catalog.
2. Only students in good standing at a nationally accredited baccalaureate nursing program are eligible for transfer. Credits will be evaluated and allowed in accordance with current UCM and Department of Nursing policy.
3. Evaluation of each transfer student will be made within the Department of Nursing on an individual basis.
4. Students will take a minimum of 40 semester hours of upper-level courses, with a minimum of 30 semester hours in the nursing major at UCM. Those courses required to be taken through UCM in the nursing major are NLSL 4600, NLSL 4601, NUR 4602, NUR 4603.
5. Students will apply for admission to the Department of Nursing and be subject to the regular program admission policy. In addition, the following evaluation process will be followed:

Credit for nursing courses will be based on a review of content, course description, syllabi, and catalog description,

a. If content is basically the same, the Nursing Department Transfer Committee may approve the course for nursing credit. The credit hours approved may be at the maximum credit hour allocation for the UCM nursing course.

b. If the content is fairly similar, the Nursing Department Transfer Committee may approve credit and in addition require NUR 4000, Special Projects (2-6 credits).

c. Only discrete courses in the content areas of research and ethics, pharmacology and observation and assessment will be considered for transfer as meeting the departmental required courses in these areas.

6. The student will have the chair or dean from the nursing school they are transferring from write a letter to the chair of UCM’s Department of Nursing stating they are a student in good standing.

7. All prospective transfer students will be interviewed by the department Chairperson.

RN-BSN Track for Students Holding the R.N.

1. Credits from accredited nursing programs will be evaluated and allowed in accordance with current UCM policy.

2. Students will meet the General Education requirements as listed in the current University Catalog for nursing majors.

3. Evaluation of each R.N. student will be made within the Department of Nursing to determine placement in the program.

4. Students will take a minimum of 40 semester hours of upper-level courses, with a minimum of 30 semester hours in the nursing major through UCM.

5. Students will apply for admission to the Department of Nursing and be subject to the regular program admission policy. In addition, the following criteria will be followed:

a. Applicants must have a current license to practice nursing in Missouri.

b. Credit for non-college nursing courses may be applied to the nursing major upon successful performance on challenge examinations. A maximum of 30 semester hours of special credit may be awarded by challenge.

Special Expenses

1. Additional expenses for nursing majors include: uniforms, caps, shoes, name pin, watch with second hand, stethoscope, sphygmomanometer, health insurance, background check, hepatitis B vaccination and other vaccinations and blood tests, selected books and testing expenses.

2. Nursing students must have access to transportation upon admission to the nursing program and be certified in 2-person cardiopulmonary resuscitation for health care providers according to CNE orientation manual.

3. During the semester of anticipated graduation, licensing expenses, the nursing school pin, graduation pictures and invitations are additional expenses.

Kansas City Experience

Theory and clinical learning occur in Kansas City during the last year. These experiences make possible exposure to nursing practice in both rural and urban settings.

NUR 3304 Assessment Across the Lifespan (2) Professional nursing observation and physical assessment of the individual in health care delivery systems. Basic for systematic assessment skills used within the nursing process framework. Prerequisites: BIOL 2401 and BIOL 2402. Corequisite: NUR 3305.

NUR 3305 Assessment Across the Lifespan Lab (1) Application of nursing assessment skills including interviewing, taking health histories, and physical examination. Prerequisites: BIOL 2401 and BIOL 2402. Corequisite: NUR 3304.

NUR 3410 Concepts of Nursing in Wellness (3) An introduction to functional health patterns and lifespan implications for health promotion and disease prevention from a nursing perspective. Prerequisite: Admission to the nursing program. Corequisite: NUR 3411. An additional fee is associated with this course.

NUR 3411 Concepts of Nursing in Wellness Practicum (2) Application of health promotion and disease protection from a nursing perspective. The nursing role is explored within the context of individual, family and community health. Prerequisite: Admission to the nursing program. Corequisite: NUR 3410.

NUR 3412 Technical Nursing Applications I (1) Theory and application of basic nursing and technological skills. Prerequisite: Admission to the nursing program. An additional fee is associated with this course.

NUR 3510 Concepts of Gerontic Nursing (2) An overview of nursing science specific to care of the aging adult with focus on physiologic, emotional, and spiritual aspects of aging. Prerequisite: NUR 3411. Corequisite: NUR 3611.

NUR 3610 Concepts of Adult and Older Adult Nursing I (3) Continuation of nursing process with emphasis on nursing science applicable to individuals experiencing chronic alterations in health. Prerequisites: NUR 3410 and NUR 3411. Corequisites: NUR 3611 and NUR 3612. An additional fee is associated with this course.

NUR 3611 Concepts of Adult and Older Adult Nursing I Practicum (4) Continued application of nursing process with emphasis on nursing science applicable to individuals experiencing chronic alterations in health. Prerequisites: NUR 3410 and NUR 3411. Corequisites: NUR 3610 and NUR 3612.

NUR 3612 Technology Nursing Applications II (2) A performance based course focusing upon current clinical technology applications in nursing and theoretical rationales associated with these applications. Corequisites: NUR 3610 and NUR 3611.

NUR 4000 Special Projects in Nursing (1-3) Investigation of contemporary problems and issues in nursing by selected individuals or groups.

NUR 4002 RN-BSN Service Learning (3) Basic information about nursing leadership roles in providing service learning. Active participation in a service learning experience. Prerequisites: NUR 4050, admission to the RN-BSN Nursing Completion Program.

NUR 4012 Evidence-based Practice/Research (2) An overview of research designed to introduce the student to the intellectual skills needed to identify, conduct, report and critique nursing research studies. Prerequisite: Admission to the nursing program or RN standing.

NUR 4013 Health Policy and Nursing Ethics* (2) An overview of professional issues and ethics in nursing. Exploration of health policies impacting nursing practice. Prerequisite: Junior or RN standing. *Not available for graduate credit.

NUR 4020 Grief and Loss (2) A seminar designed to assist various pre-professionals to understand and deal with loss and death either in a professional capacity or on a personal basis. Open to nursing and nonscience majors.

NUR 4030 Human Sexuality (2) Current theory regarding the biological, cultural, and behavioral parameters of human sexuality. Open to nursing and nonscience majors.

---

**MINOR NOT REQUIRED**

**GENERAL EDUCATION REQUIREMENTS** (pages 34-43) In the major, BIOL 2401 and BIOL 2402 are allowed to fulfill 4 s.h. of Div. II A .

CHEM 1104 Div. II A (required) 4

PSY 1100 Div. II B (required) 3

SOC 1800 Div. II B (required) 3

ICAP 4111 Div. IV (required) 3

**MINIMUM TOTAL** 119-124

NLSL 3010 Nursing Leadership in Service Learning (2) Basic information about nursing leadership roles in health care settings. Active participation in a service learning experience. Prerequisite: Sophomore standing.

NLSL 4600 Concepts of Nursing Leadership in Management and Community Health/Mental Health (6) Integrates concepts of community and mental health nursing with concepts of nursing leadership and management. Overview of concepts and skills of dynamic and creative leadership and management for high quality nursing. Prerequisites: NUR 4050 for RNs; NUR 4410, NUR 4411, NUR 4510, NUR 4511, NUR 4512. Corequisite: NUR 4601 for generic students.

NLSL 4601 Concepts of Nursing Leadership in Management and Community Health/Mental Health Practicum (6) Application of leadership and management functions along with community and mental health nursing concepts within health care settings. Prerequisites: NUR 4050 and NUR 4600 or concurrently for RNs. Corequisite: NUR 4600 for generic students.

NUR 1700 Introduction to Professional Nursing (2) Introduces the learner to the outcomes assessment curriculum utilized by the Department of Nursing.

NUR 2020 Health: The Women’s Perspective (2) An introduction to the physiologic, psychosocial, and economic factors that historically have impacted upon the health of women from selected cultural backgrounds with emphasis upon major health care issues currently affecting women. Open to nursing and nonnursing majors.

NUR 3200 Pathophysiology (4) An examination of common pathophysiologic alterations in human structure and function across the lifespan. Prerequisites: BIOL 2401 and BIOL 2402.

NUR 3210 Pharmacological Therapies (2) Effects of chemicals used in the prevention, diagnosis and treatment of disease. Incorporation of patient teaching about pharmacological therapeutics. Prerequisites: CHEM 1104; Admission to nursing program for nursing majors.

NUR 3211 Pharmacological Therapies Lab (1) Application of basic pharmacotherapeutic knowledge within nursing process. Calculation and administration of pharmacological agents is practiced. Prerequisites: CHEM 1104; Admission to nursing program. Corequisite: NUR 3210 for nursing majors.

---

**College of Health and Human Services**

**Nursing** 141
NUR 4040 Nursing Informatics (2) Introduces the student to the synergistic use of nursing, information and computer sciences unique to nursing informatics. Explores impact on nursing practice roles and quality of patient care. Prerequisite: meeting general education requirement for technology.

NUR 4050 Concepts and Theories for Role Transition* (6) Nursing concepts and theories for role transition and outcomes-based learning for the returning registered nurse. Only offered Fall semester. Prerequisite: Registered Nurse License. *Not available for graduate credit.

NUR 4052 RN-BSN Concepts of Wellness (4) Concept of health patterns occurring throughout the life span and implications of health promotion, disease prevention and health maintenance are viewed from a nursing perspective. Prerequisites: Registered Nurse License; general education and prerequisite courses completed.

NUR 4405 Aging of Self and Others (2) Seminar concerning an individual’s aging in our society. Focus is on how one perceives and adapts to the aging of self and others. Open to nursing and nonnursing majors.

NUR 4406 Concepts of Community Health Nursing (4) Clinical application of theories, concepts, and skills of dynamic, creative nursing and nursing leadership within a selected setting of today’s changing health care environment. Prerequisites: NUR 4406, NUR 4407, NUR 4608, and NUR 4609.

NUR 4407 RN-BSN Con of Com Hlth Nurs Practicum (3) Application of theories and skills of community health nursing to individuals, families, groups, and communities experiencing physical and psychosocial alterations or potential alterations in health. Prerequisites: NUR 4050, NUR 4052, registered nurse in the RN-BSN Completion Program; or concurrent NUR 4406.

NUR 4410 Concepts of Maternal-Child Nursing (3) This course is a continuation of the nursing process with emphasis on nursing science applicable to the childbearing and childrearing family. Prerequisites: NUR 3610 and NUR 3611. Corequisite: NUR 4411.

NUR 4411 Concepts of Maternal Child Nursing Practicum (2) Continuation of nursing process with emphasis on nursing science applicable to the childbearing and childrearing family. Prerequisite: NUR 3611. Corequisite: NUR 4410.

NUR 4510 Concepts of Adult and Older Adult Nursing II (3) Overview of nursing science applicable to the acutely and critically ill adult. Prerequisites: NUR 3610, NUR 3611, NUR 3510, NUR 3612. Corequisite: NUR 4511.

NUR 4512 Advanced Technological and Pharmacological Nursing Applications (2) This course is designed to increase knowledge of and ability to apply advanced pharmacology and technology to nursing practice. Corequisites: NUR 4410, NUR 4411, NUR 4510 and NUR 4511.

NUR 4602 Synthesis of Nursing Concepts (1) Synthesis of program outcomes for transition into nursing practice as a graduate nurse. Prerequisites: NUR 4511, NUR 4512, NUR 4411.

NUR 4603 Nursing Residency (2) Application of theories, concepts, and skills of dynamic and creative nursing and nursing leadership within a selected setting. Corequisites: NUR 4600, NUR 4601, and NUR 4602.

NUR 4605 RN-BSN Nursing Residency (3) Clinical application of theories, concepts, and skills of dynamic, creative nursing and nursing leadership within a selected setting of today’s changing health care environment. Prerequisites: NUR 4050, NUR 4052, registered nurse in the RN-BSN Completion Program; or concurrent NUR 4608.

NUR 4608 RN-BSN Con of Nurs Leadership in Management (4) Application of leadership and management theories and skills within the ever changing health care settings. Prerequisites: NUR 4050, NUR 4052, registered nurse in the RN-BSN Completion Program; concurrent NUR 4609.

NUR 4609 RN-BSN Con of Nursing Leadership in Management Practicum (3) Application of leadership and management theories and skills within the ever changing health care settings. Prerequisites: NUR 4050, NUR 4052, registered nurse in the RN-BSN Completion Program; or concurrent NUR 4608.

Integrative Studies Capstone

ICAP 4111 Socio-Economic Factors Impacting Health* (3) Examines selected socio-economic issues and their impact on health. *Not available for graduate credit.

Safety Sciences

In the Department of Safety Sciences, the second digit in the course number stands for the following: 0-General Safety, 1-Industrial Hygiene, 2-Transportation Safety, 3-Emergency Management, 4-Industrial Safety, 5-Loss Control, 7-Security, 8-Fire Science, 9-Individual Study and Research.

SAFETY MANAGEMENT

Major, Bachelor of Science Degree

(43-243)

Program Outcomes.

The graduate with a Bachelor of Science degree in Safety Management will use the knowledge and skills obtained in the programs to:

• Demonstrate an awareness of legal, professional and ethical responsibilities

• Understand the importance of continuous professional development

• Possess knowledge of contemporary Safety Science and Technology issues faced in local, national and global contexts

• Identify managerial solutions using business principle models

• Identify behavioral solutions to occupational safety and health problems.

Admission Statement: Students seeking admission to this program must have a minimum 2.20 cumulative grade-point average and have completed a semester each of college algebra (or higher math), chemistry with lab, and physics, and achieve a grade-point of 2.00 averaged over the three courses. These courses meet basic program assessment outcomes in science and math.

Application should be made when the student has completed more than 30 semester hours and has at least 30 semester hours remaining. An assessment examination must be completed during the last semester of course work. Students may apply to the program by obtaining a degree audit from the Office of Academic Advisement and submitting it to the department for approval.

OCCUPATIONAL SAFETY AND HEALTH
Functional Major, Bachelor of Science Degree
(43-226)
The graduate with a Bachelor of Science degree in Occupational Safety and Health will use the knowledge and skills obtained in the programs to demonstrate the following Program Educational Objectives:
• Demonstrate the ability to communicate professionally both verbally and in writing.
• Apply professional integrity and ethical standards.
• Analyze the importance of contemporary, global and societal issues as they relate to the practice of occupational safety and health.
• Develop, coordinate and/or participate on multidisciplinary teams to protect people, property and the environment.
• Engage in life-long learning for the purpose of enhancing discipline specific technical competencies.
• Evaluate, recommend and implement appropriate technical and scientific hazard mitigation strategies.

Admission Statement: Students seeking admission to this program must have a minimum 2.20 cumulative grade-point average and have completed a course in college algebra (or higher math), CHEM 2650, and PHYS 1101, with a minimum 2.00 grade-point average for the three courses combined. These three courses meet basic program assessment outcomes in science and math. Application should be made when the student has completed more than 30 semester hours and has at least 30 semester hours of course work remaining. An assessment examination must be completed during the last semester of course work. Students may apply upon completion of the above requirements to the program by obtaining a degree audit from the Office of Academic Advisement and submitting it to the department for approval.

Accreditation: The Occupational Safety and Health program is accredited by the Applied Science Accreditation Commission of ABET located at 111 Market Place, Suite 1050, Baltimore, MD 21204-4012; phone 410-347-7700.

FUNCTIONAL MAJOR REQUIREMENTS .......................... 69
SAFE 1000 Exploring Safety Sciences 1

MATH 1131 Calculus for Business & Econ. 3

*MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the functional major, PHYS 1101 and PHYS 1102 are allowed to fulfill 3 s.h. of Div. II A. 
MATH 1111 Div. I C (required) 3
CHEM 1104 Div. II A (required) 4
PSY 1100 Div. II B (required) 3
ICAP 4115 Div. IV B (required) 3

FREE ELECTIVES .......................... 10

MINIMUM TOTAL .......................... 124

*Students wishing to pursue the masters program in Industrial Hygiene should minor in Chemistry. The requirement for CHEM 2650 and CHEM 1104 will be met by the Chemistry Minor.
CRISIS & DISASTER MANAGEMENT

Major, Bachelor of Science Degree (43-248; 43-250; 43-251)
The graduate with a Bachelor of Science degree in Crisis and Disaster Management will use the knowledge and skills obtained in the programs to:

- Demonstrate an awareness of legal, professional and ethical responsibilities
- Understand the importance of continuous professional development
- Possess knowledge of contemporary Safety Science and Technology issues faced in local, national and global contexts
- Describe the four phases of emergency management: preparedness, mitigation, response, and recovery
- Outline the roles and responsibilities of the private sector, public sector, and non-governmental organizations in the state and local emergency response plans
- Use technological tools to organize information, communicate, and respond to crisis and disaster events.

CRISIS AND DISASTER MANAGEMENT

- Skills & Competencies ................................................. 3
- DrEd 2040 Developing Classroom Knowledge ............ 3

General Safety

SAFE 1000 Exploring the Safety Sciences (1) An overview of safety as an academic endeavor including consideration of the sub disciplines of safety, requirements of students, and professional opportunities.

SAFE 2010 Safety: A Personal and Societal Focus (3) A critical examination of the role of safety in today’s world. Enhances the student’s critical thinking processes so the learner can analyze variables influencing risks associated with life’s activities.

SAFE 3000 Principles of Accident Causation and Prevention (3) Traces the development of the safety movement, provides a background useful in handling problems and procedures of typical school, industrial, transportation, civil defense, and emergency safety programs.

SAFE 3015 Emergency Preparedness (3) Legal responsibilities of environmental and human protection. An examination of staff functions and responsibilities during major emergencies, resulting from human errors and natural disasters, as they influence human and environmental loss potentials.

SAFE 3070 Psychology and Philosophy of Safety (3) Problems of behavior, causes of accidents, and the application of principles of psychology, philosophy, and ethics in the development and management of safe behavior on and off the job.

SAFE 4000 Ergonomics in Safety and Health (3) An introduction into the role and application of ergonomics in a comprehensive safety program.

SAFE 4010 Accident Investigation (3) Fundamentals and techniques of investigating accidents. Prerequisite: SAFE 3000 and SAFE 3120.

SAFE 4015 School Safety, Security and Crisis Management (3) Provides school personnel with current information addressing school safety and security needs, including an analysis of threat identification, violence prevention, safety plans, and crisis response.

SAFE 4020 Legal Aspects of Safety and Health (3) An investigation of the legal problems confronting the safety and health specialist. Prerequisite: SAFE 3000.

SAFE 4035 Safety Program Management (3) Examination of theory and practices of safety and health management. Includes planning programs, contemporary safety and health management practices, and programmatic impact of organizational theory. Prerequisite: Senior status or consent of instructor.

Industrial Hygiene

SAFE 3120 Industrial Hygiene (3) The recognition, evaluation and control of workplace health hazards.

SAFE 4140 Safety and Health Laboratory (3) A lab course using instrumentation commonly used in the evaluation of the workroom environment and equipment for safety. Prerequisites: SAFE 3120 and SAFE 3430, or equivalent. An additional fee is associated with this course.

SAFE 4150 Noise Measurements (2) Physics of sound, measurement and control of noise. Laboratory required. Prerequisite: one year of college physics or equivalent.

SAFE 4160 Industrial Ventilation for Environmental Safety and Health (3) Industrial ventilation systems designed to control health and safety hazards in the work environment with emphasis given to the design of local exhaust systems. Prerequisite: SAFE 3120 or equivalent.
Transportation Safety

SAFE 4215 Transportation and Storage of Hazardous Materials (3) A study of the state-of-the-art of safe methods for the transportation and storage of hazardous materials. Prerequisite: SAFE 3000 or SAFE 3300 or equivalent.

SAFE 4250 Traffic Engineering (3) Planning, design and operation of effective and efficient traffic movement systems. Various types of traffic studies, traffic control techniques and devices, traffic flow patterns, street lighting and street and parking are presented and discussed. Students participate in field studies.

SAFE 4260 Management of Fleet Safety Programs (3) The role and responsibilities transportation officials have in the administration and operation of a motor fleet safety program; the study of U.S. Department of Transportation Regulations.

Emergency Management

SAFE 3300 Introduction to Crisis and Disaster Management (3) Natural, technological, and man-caused crises and disasters. All-hazards mitigation, preparedness, response, and recovery systems. Roles and responsibilities of government, non-governmental organizations, business, and industry.

SAFE 3335 Emergency Response (3) Management of resources during operations. Emphasis on warning systems, emergency operations centers, and incident command systems. Topics include human behavior, public health and safety. Prerequisites: SAFE 3300 or permission.

SAFE 3340 Community Mitigation and Recovery (3) Concept and meaning of risk. Integration of mitigation during development, post-disaster redevelopment, and maintenance; formation of disaster-resistance communities, including sociological and political considerations. Prerequisites: SAFE 3300 or permission.

SAFE 3375 Business Continuity Planning (3) Planning methodologies utilized by business and industry. Risk identification, business impact analysis, and the adoption of alternative recovery methods for critical processes. Prerequisites: SAFE 3300 or permission.

SAFE 4320 Disaster Management Technology* (3) Technologies used in support of disaster operations. Tools and techniques to collect, analyze, and manage information. Including communication systems, modeling, mapping, and emergent technologies. "Not available for graduate credit.

SAFE 4335 Disaster and Society* (3) Impact of disasters on social systems. Disaster mythology; individual and community response. Communications within affected groups and organizations. Prerequisite: SAFE 3300 or permission. "Not available for graduate credit.

SAFE 4345 Managerial Issues in Hazardous Materials* (3) Addresses managerial concerns of the Incident Commander at the community/organization level. Emphasis is placed on strategic goals and decision-making. Other subjects covered include response planning, personnel and training, operation of command posts, and use of the Incident Command System. Prerequisites: SAFE 3300 or permission. "Not available for graduate credit.

SAFE 4365 Crisis Management* (3) Systematic study of crisis in business and industry; vulnerability analysis, disaster-resistant companies, crisis communications strategies, employee support services, and public relations. Prerequisites: SAFE 3300 or permission. "Not available for graduate credit.

SAFE 4380 Integrated Emergency Management* (3) Factors influencing multi-agency coordination during phases of disaster management. Explores relationships between public and private sector institutions and collaboration during emergency incidents. Prerequisites: SAFE 3300 or permission, and senior status. "Not available for graduate credit.

Industrial Safety

SAFE 3430 Industrial Hazard Control (3) The techniques for the control of mechanical, electrical and chemical hazards. The Occupational Safety and Health Standards which interface with these areas will also be included. Prerequisite: SAFE 3000 or SAFE 3120.

SAFE 4425 Safety and Health Legislation and Standards (3) A comprehensive study of legislation and standards designed to protect the worker. Prerequisite: SAFE 3000.

SAFE 4430 Workers Compensation Legislation (3) An overview of the principles and statutes that govern workers compensation as they apply to the industrial setting. Prerequisite: SAFE 3000.

SAFE 4435 Environmental Compliance (3) Comprehensive study of federal and state environmental legislation and standards to protect the health and safety of citizens. Prerequisite: SAFE 3000.

Loss Control

SAFE 4510 Loss Control (3) Provides a background in loss control by investigating professional safety management. Emphasis is placed on incident recall, management’s role in loss control, total job observation, total job analysis, and supervisory training. Techniques of implementing a total loss control program are explored. Prerequisite: SAFE 3000.

SAFE 4520 Safety and Risk Analysis (3) Identification of safety risks and analytical treatment of those risks in various work settings. Prerequisites: SAFE 3000 or equivalent.

SAFE 4560 Systems Safety (3) Techniques and concepts of hazard control within the constraints of operational effectiveness, time, and cost attained through the specific application of management and scientific principles throughout all phases of a system life cycle. Prerequisite: SAFE 3000 or equivalent.

Security

SAFE 1700 Introduction to Security (3) A survey of the role of security in society with emphasis on industrial and government security.

SAFE 2700 Physical Security Systems (3) Physical security hardware as applied in business, industry, and government.

SAFE 3700 Security Organization and Management (3) Organization and management of security programs in business, industry, and government.

SAFE 4700 Special Security Problems (3) An overview of security as applied to contemporary situations in business, industry, and government.

SAFE 4710 Security Technology (3) A survey of security detection, including electromechanical and electronic systems. Future applications of technology are discussed. Prerequisite: college level math course.

SAFE 4720 Personnel and Information Security (3) Methods used in screening personnel and safeguarding information.

Fire Science

SAFE 1800 Introduction to Fire Science (3) An overview of the principles of fire protection and fire prevention as they apply to the industrial setting. Emphasis on the chemistry of fire, classification of fires, factors contributing to fires, identification of hazardous materials, techniques of fire prevention, and considerations in fire protection.

SAFE 2800 Fire Prevention and Protection (3) Provide a background in fire related codes, laws, and ordinances. Emphasis on the implementation of prevention, protection, investigation, and inspection programs. Prerequisite: SAFE 1800.

SAFE 4800 Water and Sprinkler Systems Analysis (3) Water supply, how to determine quantity, and basic fire service water requirements. An in-depth study of the design, installation, operations and maintenance of sprinkler systems that use water. Only offered Fall semester. Prerequisite: MATH 1111 or equivalent.

SAFE 4810 Fire Extinguishing and Alarm Systems (3) Basic types of extinguishing systems, other than sprinkler systems, and their use. Fire alarm systems, their use, installation and components.

SAFE 4830 Fire Investigation (3) Fire investigation techniques with emphasis on fire causation, equipment, evidence, and reporting. Prerequisite: SAFE 1800 or equivalent.
SAFE 4850 Industrial Fire Protection (3) The recognition, control or elimination of fire hazards in industrial settings. Prerequisites: CHEM 1104 and MATH 1111, or consent of instructor.

Individual Study and Research
SAFE 4900 Directed Studies (1-6) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 6 semester hours.
SAFE 4910 Special Projects in Safety Sciences (1-3) Individual or group study of problems in special areas of interest. May be repeated for a maximum of 6 semester hours.
SAFE 4920 Research Issues in Crisis and Disaster Management* (3) Introduces the research process, ethics, methodology, and data analysis. Preparation of academic papers, written reports, and proposals. Prerequisites: SAFE 3300 or consent. *Not available for graduate credit.
SAFE 4940 Introductory Quantitative Methods (3) Mathematical and statistical methods designed for the efficient collection and rational interpretation of data by individuals responsible for analysis in a variety of settings. Prerequisite: high school algebra or equivalent.
SAFE 4950 Technology Application Studies* (3) Individual or group study of emerging technology applications related to crisis and disaster management. May be repeated for a maximum of 6 hours. Prerequisite: departmental approval. *Not available for graduate credit.
SAFE 4960 Field Exercise Project* (1-3) Individual or group participation in approved community, institutional, or agency emergency exercises or disaster drills. May be repeated for a maximum of 3 hours. Prerequisite: departmental approval. *Not available for graduate credit.
SAFE 4980 Practicum in Crisis and Disaster Management* (3-6) Practicum experiences are based upon student preparation and interest. May be repeated for a maximum of 6 hours. Prerequisite: departmental approval and junior status. *Not available for graduate credit.
SAFE 4990 Internship in Safety Sciences* (1-6) Internships are based upon student preparation and interest. Actual work experiences in education, institutions, government, industry, or business are provided. May be repeated for a maximum of 6 semester hours. Prerequisite: departmental approval and must have completed one-half of major/ minor courses in area of study. *Not available for graduate credit.

Integrative Studies Capstone
ICAP 4115 Safety and Health Management* (3) Integration of safety information using conceptual and technical data to resolve safety and health issues. The case study approach will be emphasized. Prerequisites: admission to program, 27 semester hours of SAFE courses and senior standing. *Not available for graduate credit.

Driver Education
DRED 2010 Introduction to Safety Education (3) Provides a background in safety that will give insight to the possible accident situations present in various school situations.
DRED 2020 Driver Task Analysis (3) Curriculum content overview for driver and traffic safety education in secondary schools; classroom instruction and laboratory experience; driving skills and abilities of future teachers are evaluated. Prerequisite: DRED 2010.
DRED 2030 Developing Vehicle Operation Skills and Competencies (3) A methods and materials course for driver education in the secondary schools. Techniques of teaching beginning drivers in both classroom and laboratory settings. Practicum arranged as a portion of the course. Only offered Summer semester. Prerequisite: DRED 2020.
DRED 2040 Developing Classroom Knowledge (3) Operation, maintenance, and techniques of teaching with driving simulators and multiple-car driving ranges. Practicum arranged as a portion of the course. Only offered Summer semester. Prerequisite: DRED 2030.

Sociology and Social Work In the Department of Sociology and Social Work, the second digit in the course number stands for the following: 6-Social Work, 8-Sociology.

Sociology
Major, B.A. Degree
(42-755)
The graduate with a Bachelor of Arts degree in Sociology will use the knowledge and skills obtained in the program to:
• Develop an awareness of personal assumptions, as well as basic American assumptions in analyzing positions on social issues.
• Discern the basic components of culture including group diversity, socialization, identity, and cultural symbols.
• Delineate the basic process and consequences of stratification across social categories including ethnicity, race, social class, gender, and societies.
• Recognize how social institutions operate organizationally within society and how they vary over time and space.
• Create reasonable linkages between empirical evidence and theory utilizing both inductive and deductive forms of logic.

MAJOR REQUIREMENTS
SOC 1800 General Sociology .......................... 3
SOC 2005 Introduction to Social Research .......... 3
SOC 3800 History of Social Thought ............... 3
SOC 3870 Personality & Society .................... 3
SOC 3885 Globalization & the Future .............. 3
SOC 4860 Contemporary Sociological Thought .... 3
SOC 4890 Social Survey Research .................. 3
SOC 4895 Sociology Capstone Seminar ............ 3
Electives in sociology .................................. 9

MINOR REQUIREMENTS .................................. 18-25
GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the major, SOC 1800 fulfills 3 s.h. of Div. II B; the Modern Language Requirement fulfills 3 s.h. of Div. II C. ................................................. 42

MODERN LANGUAGE REQUIREMENT ................ 3-9

FREE ELECTIVES ....................................... 18-31

MINIMUM TOTAL ....................................... 124

SOCILOGY
Major, Bachelor of Science Degree
(43-756)
The graduate with a Bachelor of Science degree in Sociology will use the knowledge and skills obtained in the program to:
• Develop an awareness of personal assumptions, as well as basic American assumptions in analyzing positions on social issues.
• Discern the basic components of culture including group diversity, socialization, identity, and cultural symbols.
• Delineate the basic process and consequences of stratification across social categories including ethnicity, race, social class, gender, and societies.
• Recognize how social institutions operate organizationally within society and how they vary over time and space.
• Create reasonable linkages between empirical evidence and theory utilizing both inductive and deductive forms of logic.
• Develop effective ways of communicating in professional contexts.
• Understand basic research procedures in accord with the scholarly practices of the discipline of Sociology including the utilization of research journals and their documentation, construction of a research document to report findings, and the proper citation of sources.
• Critically evaluate the relative strengths and weaknesses of competing theoretical views and everyday frameworks of understanding, recognizing the complexity and uncertainty that are always present.

SOC 4860 Contemporary Sociological Thought (3) Assessment of current sociological thought as it is reflected by outstanding scholars in the field. Prerequisite: SOC 3800 and 3 additional semester hours of sociology, graduate standing, or consent of instructor.

SOC 4865 Family Diversity (3) Focus on the institutional implications of the family. Diversity in ethnicity, sexuality, and class are emphasized. Intersection of work and family is explored. Prerequisite: 6 semester hours of sociology, graduate standing, or consent of instructor.

SOC 4872 Sociology of Organizations (3) A systematic study of the structural and interactional processes of work related organizations. Prerequisite: 6 semester hours of sociology, graduate standing, or consent of instructor.

SOC 4875 Medical Sociology (3) Social factors and institutional settings for physical and mental health care; public needs and medical services; research in medical sociology. Prerequisite: 6 semester hours of sociology, graduate standing, or consent of instructor.

SOC 4880 Sociology of Law (3) The development of legal institutions; law as a system of social control; law and social change. Prerequisite: 6 semester hours of sociology, graduate standing, or consent of instructor.

SOC 4885 Religion and Society (3) The structure and function of religion in society; social sources of religions; religion and the individual. Prerequisite: 6 semester hours of sociology, graduate standing, or consent of instructor.

SOC 4890 Social Survey Research (3) Major concepts in social survey research design, measurement, sampling, and data collection techniques. Quantitative analysis of survey data and micro-computer applications. Prerequisite: SOC 2805, graduate standing, or consent of instructor.

SOC 4894 Sociology of Aging (3) The aging process and its consequences for the individual and society; an examination of the problem of aging in terms of demographic, economic, psychologic and sociologic implications; and emphasis on sociological principles and perspectives. Prerequisite: 6 semester hours of sociology, graduate standing, or consent of instructor.

SOC 4895 Sociology Capstone Seminar* (3) Focus on the history and trajectory of sociology as a discipline, demonstrate professional ethics, and develop a career plan in the discipline. Prerequisite: Sociology major and senior standing or consent of department chair. *Not available for graduate credit.

Social Work

Social Work Statement of Policy

Admission Policy

Students entering UCM as freshmen should indicate a social work major. Transfer students must meet all requirements. Admission to the social work program is conditional upon the successful completion of all necessary requirements.

Requirements for Admission to the Social Work Program

1. Completion of General Education courses listed as requirements of the social work functional major.
2. Cumulative grade-point average of 2.00.
3. A minimum grade of C for courses listed as curriculum requirements of the social work functional major.
4. Completion of SOWK 2600, SOWK 2611, SOWK 3600, and SOWK 3612. (PSY 1100, SOC 1800, and BIOL 2010)
5. Students must complete a social work prefix course in residence prior to applying for admission into the social work program.
6. Submission of:
   a. Application for Admission to social work program.
   b. Transcript of all university work.
   c. A minimum of three references.
   d. Autobiographical statement.

   The necessary Application for Admission Forms and Reference Forms will be available in the department office or from the Social Work Faculty Adviser.

7. Successful completion of an interview with Social Work Admissions Committee.
8. Provisional admission to the program requires the student to successfully complete a plan of corrective action and a subsequent interview with the Admissions Committee.

Criteria for Retention

Social Work students will be permitted to continue in the Social Work major by meeting certain “Criteria for Retention” as established by the program.
1. An earned grade of C or above in all courses listed as requirements of the social work functional major.
2. Students failing to earn a grade of C or above in either SOWK 4660 Field Practicum or ICAP 4478 Integrative Social Work Practicum Seminar are not permitted to repeat these courses.
3. Adherence to the National Association of Social Workers’ Code of Ethics.
4. Maintenance of social functioning that allows for effective beginning level professional social work practice. (Social functioning refers to the students’ ability to cope with the demands generated by their interaction with their environment including areas such as school, work, family, and personal relationships.)
5. Demonstration of effective verbal and written communication skills.
6. Continued enrollment as a student in good standing at UCM.

Accreditation

The principal educational objective of the Bachelor of Social Work program is to prepare students for generalist social work practice. The Bachelor of Social Work program is accredited by the Council on Social Work Education, a specialized accrediting body recognized by the Council for Higher Education Accreditation (CHEA). The Council on Social Work Education (CSWE) is located at 1725 Duke Street, Suite 500, Alexandria, VA 22314-3457; phone 703-683-8080; email info@cswe.org.
SOCIAL WORK

Functional Major, Bachelor of Social Work Degree (48-847)
The graduate with a Bachelor of Social Work degree will use the knowledge and skills obtained in the program to:

- Apply critical thinking skills within the context of professional social work practice.
- Practice within the values and ethics of the social work profession.
- Practice without discrimination and with respect, knowledge, and skills related to clients’ age, class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation.
- Demonstrate awareness of the impact of self on others through personal reflection and self-discipline.
- Understand the forms and mechanisms of oppression and discrimination and apply strategies of advocacy and social change that advance social and economic justice.
- Understand and interpret the history of the social work profession and its contemporary structures and issues.
- Apply the knowledge and skills of generalist social work practice with systems of all sizes.
- Apply knowledge of bio-psycho-social factors that affect individual development and behavior, and use empirically tested theoretical frameworks to understand the interactions among individuals and between individuals and social systems.
- Analyze, formulate, and influence social policies.
- Evaluate research studies and apply findings to practice, and under supervision, to evaluate his/her own practice interventions and those of other relevant systems.
- Use oral and written communication skills differentially and effectively with a variety of client populations, colleagues, and members of the community.
- Use supervision and consultation appropriate to generalist practice.

- Critically evaluate one’s professional practice and develop an agenda for continuing professional learning and growth.

FUNCTIONAL MAJOR REQUIREMENTS ............................ 65

When a bachelor’s degree is declared in a major, the general education requirements must be fulfilled. The following major requires 54 hours to complete the Bachelor of Social Work degree.

MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the functional major, SOC 1800 and PSY 1100 fulfill 6 s.h. of Div. II B; ICAP 4478 fulfills 3 s.h. of Div. IV B .......................... 39

FREE ELECTIVES .......................... 20

MINIMUM TOTAL .......................... 124

SOWK 2600 Introduction to Social Welfare and Social Work (3) An overview of income maintenance and services to families, children, adolescents, aged and the mentally and physically challenged. Open to non majors.

SOWK 2611 Social Work Field Observation and Participation (2) Observation and participation in the fields of social work practice, under the direction of faculty and agency supervision. For social work majors only. Prerequisites: SOWK 2600.

SOWK 3600 Introduction to Social Work Practice (3) Presents a generalist framework for practice with individuals, families, groups, organizations, and communities. Open to social work majors only. Prerequisite: SOWK 2600.

SOWK 3605 Methods of Inquiry and Evaluation for Social Workers (3) Advanced research methods course for undergraduate social work majors, including quantitative and qualitative methods and data analysis and case/program-level evaluation. Open to social work majors only. Prerequisite: SOC 2805.

SOWK 3610 Social Work Practice: Basic Skills (3) Development of interpersonal skills and interviewing techniques for micro, mezzo, and macro levels of generalist practice. Open to social work majors only. Prerequisite: SOWK 3600.

SOWK 3612 Human Behavior in the Social Environment I (3) Examines human development and behavior across the life span, studying essential biophysical, psychological and social dimensions, emphasizing the fundamental reciprocity between persons and society/culture. Prerequisites: BIOL 2010 or concurrently, SOWK 3600 or concurrently, PSY 1100 and SOC 1800.

SOWK 3625 Populations of Risk (3) Prepares the generalist social worker with skills for sensitive practice with oppressed peoples and other vulnerable populations. Open to social work majors only. Prerequisite: SOC 3825.

SOWK 4610 Special Topics in Social Work (3) Selected Topics of contemporary interest in social work or specialized fields of practice; variable content. May be repeated for a maximum of 9 semester hours. Prerequisite: SOWK 3600 or concurrently or graduate standing or consent of instructor.

SOWK 4612 Human Behavior in the Social Environment II (3) Utilizes a social systems approach to examine the processes of human behavior within groups, organizations, and societies/cultures. Prerequisite: SOWK 3612. *Not available for graduate credit.

SOWK 4620 Social Services and the Elderly (3) Development of public policy and social service programming. Present and potential utility of individual, group and community intervention modalities as they relate to both the private troubles and public issues of aging. Prerequisite: SOWK 3600 or concurrently or graduate standing or consent of instructor.

SOWK 4630 Social Work Practice: Intervention with Families and Groups* (3) Integrates knowledge, theory, values and interviewing skills for practice of primary intervention skills with individuals, families and groups. Open to social work majors only. Prerequisite: SOWK 3610. *Not available for graduate credit.

SOWK 4640 Social Work Practice: Intervention with Communities and Organizations* (3) In-depth application of the generalist model of social work practice with an emphasis on macro-level skills. Open to social work majors only. Prerequisite: SOWK 3610. *Not available for graduate credit.

SOWK 4650 Social Policy and Economic Justice* (3) Develops an operational and critical understanding of the relationships among social welfare policy, social and economic justice issues, and social work practice. Open to social work majors only. Prerequisites: SOWK 2600 and consent of instructor. *Not available for graduate credit.

SOWK 4660 Field Practicum* (9) Educationally directed 500-hour field experience in a social service agency under qualified agency supervision. Open to social work majors only. Corequisite: ICAP 4478. Prerequisites: all other required major courses must be completed and consent of Coordinator of Field Education. *Not available for graduate credit.
Integrative Studies Capstone

ICAP 4478 Integrative Social Work Practicum Seminar* (3)
Integration of classroom knowledge with 500 hours in social service agency practicum. Open to social work majors only. Corequisite: SOWK 4660. Prerequisites: all other required major courses must be completed and consent of the Coordinator of Field Education. *Not available for graduate credit.
College of Science and Technology

Pre-Professional Programs

Students interested in the premedical, pre-osteopathy, and pre-veterinary medicine program should plan to attend the University for four years and graduate with a Bachelor of Science degree. The student should major in biology and minor in chemistry or major in chemistry and minor in biology. Additional electives are required depending upon the student’s needs and interest area.

Students interested in pre-dental, pre-optometry, and pre-physical therapy should plan to attend the University two or more years to meet the minimum requirements in biology, chemistry, mathematics, and physics required by the professional school. Additional electives are required depending upon the student’s needs and interest area.

Students interested in the pre-pharmacy program should consult the Chair of the Chemistry and Physics Department for suggested curriculum.

Agriculture

In the Department of Agriculture, the second digit in the course number stands for the following: 0-General, 1-Agricultural Business and Economics, 2-Agricultural Mechanization, 3-Agronomy, 4-5-Animal Science, 6-Horticulture, 8-9-Professional and Agriculture Education.

AGRICULTURAL TECHNOLOGY

Functional Major, Bachelor of Science Degree

(43-209)

The graduate with a Bachelor of Science degree in Agricultural Technology will use the knowledge and skills obtained in the program to:

• Use language and concepts of agriculture effectively in written and oral communications
• Demonstrate computer literacy
• Demonstrate an understanding of theories and principles of economics and agri-business appropriate to the agricultural firm
• Demonstrate an understanding of the basic practices and theory of agricultural production (agricultural literacy)
• Provide evidence of an international-global perspective of agriculture
• Demonstrate appropriate and effective social interactions
• Demonstrate ability to analyze situations and solve problems in an agricultural context

**VOCATIONAL AGRICULTURE EDUCATION**

Functional Major, Bachelor of Science in Ed. Degree

Certification to teach vocational agriculture education in grades 9-12 (41-112)

The graduate with a Bachelor of Science in Education degree in Vocational Agriculture Education will use the knowledge and skills obtained in the program to:

- Understand the components of a complete secondary agriculture program including the essentials of a successful FFA chapter and an adult agriculture education program.
- Formulate strategies and tools to use in planning a local agricultural education program to address local, state, national, and international needs.
- Apply the Missouri State Standards and Quality Indicators for agriculture program improvement.
- Distinguish methods of developing successful partnerships using community resources and successfully marketing an agricultural education program.
- Demonstrate computer literacy.
- Provide evidence of an international-global perspective of agriculture.
- Use language and concepts of agriculture effectively in written and oral communications.
- Demonstrate ability to analyze situations and solve problems in an agricultural context.
- Demonstrate an understanding of the basic practices and theory of agricultural production (agricultural literacy).

**AGRI 1000** Exploratory Problems in Agriculture 1-3

Individual or group work on introductory level technical problems in agriculture. Provide exploration of content not available through normal course offerings. Prerequisite: Departmental consent.

**AGRI 2110** Computer Applications for Agriculturalists 3

Understanding and using computers to define, analyze, and solve agricultural problems. Topics include descriptive statistics, farm budgets, decision models, information retrieval and agri-marketing techniques. Only offered Fall semester.

**AGRI 4000** Special Projects in Agriculture 1-6

Investigation of contemporary problems and issues in agriculture by selected individuals or groups. An additional fee is associated with some sections of this course. May be repeated for a maximum of 9 semester hours.

**Agricultural Business and Economics**

**AGRI 1100** Introduction to Agriculture 1

Orientation to the philosophy, development and current trends in the professional preparation for careers in agriculture. Must be taken during the first year of the agriculture program. Only offered Fall semester.

**AGRI 2110** Agricultural Records 3

Fundamental principles and practices of record buyers as applied to the organization and operation of agricultural enterprises. Only offered Fall semester.

**AGRI 2120** Agricultural Cooperatives 1

Environment, organization and business function of modern agricultural cooperatives. Prerequisite: ECON 1011.

**AGRI 2130** Global Agriculture 3

Interaction of culture and farming/food systems worldwide emphasizing the interaction of cultures with agricultural production/food systems and the influence this has on social, economic, governmental, and environmental factors.
AGRI 3110 Agri-Business Management (3) Management functions and economics of agricultural organizations and operations, including input-output analysis, efficient allocations of resources, enterprise combinations, and budgeting analysis. Only offered Fall semester. Prerequisites: ECON 1011; AGRI 2010 or concurrently; MATH 1111 or concurrently.

AGRI 3120 Distribution and Marketing Agriculture Products (3) Principles governing the distribution, prices, and marketing of agriculture products. Only offered Fall semester. Prerequisite: ECON 1011.

AGRI 3140 Agricultural Analysis and Statistics (3) Statistical analysis and experimental designs as applied to agriculture. Only offered Fall semester. Prerequisite: MATH 1111 and AGRI 2100.

AGRI 4110 Agricultural Futures Trading (3) Examination of techniques used in pricing products in the agricultural commodities futures market. Emphasis on futures trading as a marketing tool with some consideration of alternative speculating techniques. Only offered Spring semester. Prerequisites: AGRI 2010 and AGRI 3120.

AGRI 4120 International Agriculture (3) Economic, cultural, governmental and environmental factors which influence agricultural production and trade among countries. Only offered Spring semester. Prerequisites: AGRI 2130 and AGRI 3120.

AGRI 4140 Agricultural Policy (3) History, principles, settings, objectives, and methods of policy development as applied to agriculture in our society. Only offered Spring semester. Prerequisites: AGRI 3110 and AGRI 3120.

AGRI 4150 Natural Resource Economics (3) Nature of natural resources; economic efficiency as basis for natural resource use; externalities in natural resource use; factors influencing environmental quality; alternate public policy tools for influencing natural resource use. Only offered Spring semester. Prerequisite: ECON 1010 and ECON 1011.

AGRI 1200 Agriculture Mechanics (3) Selection and use of hand and power tools for the farm shop. Basic processes and procedures in hot metal work and elements of woodworking used in the repair and maintenance of the farm. An additional fee is associated with this course.

AGRI 3200 Farm Power and Machinery (3) Mechanical work on the farm, including selection, cost, and care of farm machinery. Includes laboratory practices on tractors, gas engines, plows, mowers, and other farm machinery. Only offered Spring semester. AGRI 3210 Soil and Water Management (3) Soil and water conservation. Use of farm level, laying out and establishing terraces, water ways, diversion channels, and farm ponds. Prerequisite: AGRI 2330.

AGRI 4200 Advanced Agriculture Mechanics (3) Application of shop principles to the design and construction of farm mechanical projects. Prerequisite: AGRI 1200.

AGRI 1300 Introductory Plant Science (1) Emphasis on the structure/function relationships of anatomy, morphology, and physiology of horticultural and agronomic crops.

AGRI 1310 Agronomy I: Raw Crops (2) Principles and practices in cereal crop production. Prerequisite: AGRI 1300.

AGRI 2315 Agronomy II: Forages (2) Principles and practices of forage crop production. Prerequisite: AGRI 1300.

AGRI 2330 Introduction to Soil Science (3) Chemical and physical properties of soils. Prerequisite: CHEM 1104. An additional fee is associated with this course. Only offered Fall semester.

AGRI 2331 Soils (3) Emphasis on soil formation, classification, and fertility. Only offered Spring semester. Prerequisite: AGRI 2330.

AGRI 3320 Field Crop Management (3) Management of crops, crop rotation, and crop utilization. Prerequisites: AGRI 1310 or AGRI 2315, and AGRI 2330.

AGRI 4300 Soil Fertility and Fertilizers (3) Theory and practice of utilizing agricultural fertilizers to maximize soil productivity. Only offered Spring semester. Prerequisite: AGRI 2330.

AGRI 4310 Plant Improvement (3) The principles and practices involved in the selection and breeding of farm crops. Only offered Fall semester. Prerequisites: AGRI 1600; AGRI 1310 or AGRI 2315. An additional fee is associated with this course.

AGRI 4320 Agricultural Plant Diseases (3) Agricultural plant diseases with emphasis on recognition and control. Only offered Fall semester. Prerequisites: AGRI 1600; AGRI 1310 or AGRI 2315.

AGRI 4330 Soils Management (3) Principles of soils management as applied to physical improvement and fertility maintenance of soils. Prerequisite: AGRI 2330.

AGRI 4340 Agricultural Sprays and Chemicals (3) Types of agricultural chemicals and their application in control of insects, parasites, and weeds. Only offered Fall semester. Prerequisite: AGRI 2330; AGRI 1310 or AGRI 2315.

Animal Science

AGRI 1420 Animal Husbandry (3) A comprehensive view of the industry and the science of biology as utilized in modern livestock management.

AGRI 2425 Livestock Evaluation (3) An advanced study of livestock evaluation with emphasis in selection of breeding and market animals. The evaluation of beef cattle, dairy cattle, and swine will be emphasized. Only offered Spring semester. Prerequisite: AGRI 1420.

AGRI 3410 Animal Breeding (3) Selecting and improving livestock through genetic principles, breeding systems, and visual evaluation. Only offered Fall semester. Prerequisite: AGRI 1420 and AGRI 2425.

AGRI 3415 Meat Science (3) Principles of meat processing, inspection, grading, sanitation, preservation and storage with an overview of muscle composition, structure, function, and nutritive value. Only offered Spring semester.

AGRI 3420 Animal Nutrition (3) Basic principles of animal nutrition – study of the digestive tract anatomy, basic nutrients, factors affecting nutrient utilization, and feed formulation, including classification and composition of feedstuffs. Only offered Fall semester. Prerequisite: AGRI 1420.

AGRI 4410 General Veterinary Science (3) Anatomy, physiology, disease control, parasitic control, and sanitation of farm animals. Only offered Spring semester. Prerequisites: AGRI 1420 and CHEM 1104.

AGRI 4415 Reproduction of Farm Animals (3) Reproductive physiology of farm animals with practice in evaluation of semen, artificial insemination, and methods of pregnancy diagnosis. Only offered Fall semester. Prerequisites: AGRI 1420 and AGRI 3410.

AGRI 4430 Animal Science: Beef (3) Systems of beef production. Includes breeding, feeding, and management of commercial and purebred beef. Only offered Spring semester. Prerequisites: AGRI 1420.

AGRI 4435 Animal Science: Pork (3) Systems of pork production. Includes breeding, feeding, and management of commercial and purebred swine. Only offered Spring semester. Prerequisites: AGRI 1420.

Horticulture

AGRI 1600 Introductory Horticulture Science (3) Coverage includes commercial and home production and maintenance of vegetables, fruits, ornamentals, herbs/spices, pharmaceuticals, turfgrass, greenhouses, nurseries, landscape design, and other areas within the field. An additional fee is associated with this course. Prerequisite: AGRI 1300.

AGRI 1610 Establishment and Care of Greenhouse Plants (3) Identifying, establishing, maintaining, harvesting and displaying greenhouse plants. An additional fee is associated with this course.

AGRI 3610 Agriculture Pest Management (3) Insect control with emphasis on recognition of destructive forms, general principles of insect habits and classification. Only offered Fall semester. An additional fee is associated with this course.

AGRI 3620 Residential Landscape Design (3) Theory and practice of landscaping the home, farmstead, and small properties, including elementary design, soil preparation, selection of plant material, and cultural practices. Only offered Spring semester. An additional fee is associated with this course.
AGRI 3460 Horticultural Propagation Materials (3) Includes materials, types of plants, structure of plants, and methods used in propagation. Only offered Spring semester. An additional fee is associated with this course. Prerequisite: AGRI 1600.

AGRI 4600 Horticultural Plants I: Woody (3) Identification, description, climatic adaptation, classification, characteristics and best landscape use of woody horticultural trees and shrubs. Only offered Fall semester. An additional fee is associated with this course.

AGRI 4605 Horticultural Plants II: Herbs (3) Identification, description, adaptation, classification, cultural characteristics and best use of herbaceous horticultural plants. Prerequisites: AGRI 1300, AGRI 1600 and AGRI 1610. An additional fee is associated with this course.

AGRI 4610 Turfgrass Science (3) Selection, identification, establishment and maintenance of turfgrasses. Prerequisites: AGRI 1600 and AGRI 2330. An additional fee is associated with this course.

Professional and Agriculture Education

AGRI 3810 Internship in Agriculture (1-3) Provides experiences for students in cooperating agricultural businesses, agencies and other organizations. May be repeated for a maximum of 9 semester hours. Prerequisite: consent.

AGRI 4800 Topics in Agriculture (1-3) Individual investigation of a special problem in agriculture in the student’s major field not available under regular classes. May be accomplished by reports, surveys, discussions, bibliographies, experiments, and library research. May be repeated for a maximum of 3 semester hours. Prerequisite: consent.

AGRI 4820 Agricultural Safety (3) The history of and need for agricultural safety, operating guidelines for machines and chemical handling and application. A review of occupational health laws and how they relate to the agricultural workforce. Only offered Fall semester. Prerequisites: junior standing and AGRI 1200 or AGRI 3200.

AGRI 4900 Planning and Conducting Programs in Agricultural Education (3) Development and organization of vocational agriculture programs at the secondary level to meet the needs of local schools and community.

AGRI 4910 Agricultural Occupations Experience Programs (2) Understandings and competencies required to establish, administer, and evaluate supervised agricultural occupational experience programs. Prerequisite: AGRI 4900.

AGRI 4920 Agricultural Mechanics in Agriculture Education (2) The selection and organization of teaching materials; planning shop facilities and selection of equipment, hand tools, and shop supplies essential in establishing and teaching the agricultural mechanics program. Prerequisite: AGRI 4900.

AGRI 4930 Methods of Teaching Vocational Agriculture* (2) Only offered Fall semester. Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with AGRI 4940 during the Professional Semester. *Not available for graduate credit

AGRI 4940 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Only offered Spring semester. Prerequisites: admission to Teacher Education Program; should be taken concurrently with AGRI 4930 during the Professional semester. *Not available for graduate credit

Integrative Studies Capstone

ICAP 4101 Agricultural Capstone Experience* (3) Integration of agricultural knowledge and problem solving skills using case studies in a seminar forum. Prerequisites: 24 semester hours of agriculture courses and senior standing. *Not available for graduate credit.

Aviation

In the Department of Aviation, the second digit in the course number stands for the following: 0-General and Professional, 2-Aviation Maintenance, 3-Aviation Flight, 4-Transportation, 5-Aviation Safety.

Department of Aviation Statement of Policy

Department of Aviation requires a 2.25 GPA for all AVIA prefixed courses in the Aviation Technology major. Students pursuing flight training in their program must hold a 1st, 2nd or 3rd Class FAA Medical Certificate prior to starting flight lessons.

AVIATION

Minor for a Bachelor's Degree

UCM does not confer teacher certification for this minor.

Sem. Hours

MINOR REQUIREMENTS ........................................... 21
AVIA 1020 Aeronautics, 2 or AVIA 1310 FAA Private Requirements, 4 .......... 2-4
** Approved electives in aviation .......................... 17-19
**Must include a minimum of 3 s.h. of Upper Division courses.

AVIATION TECHNOLOGY

Associate in Science Degree

(22-161)

Sem. Hours

FIRST YEAR REQUIREMENTS .................................... 35
AVIA 1200 General Mechanics ......................... 3
AVIA 1210 Aircraft Recip. Power Plants ............ 3
AVIA 1255 Basic Airframe Maintenance .......... 3
AVIA 2230 Aircraft Electrical Systems ............ 3
AVIA 3220 Aircraft Engine Testing ................ 3
AVIA 3230 Aircraft Ignition-Starting Systems .... 3
AVIA 3255 Metal Airframe Processing .......... 3
ET 1010 Applied Electricity ......................... 3
*GRAP 1110 Fundamentals of Drafting ............ 2
*Mmg 1120 Welding ...................................... 2
ENGL 1020 Composition I .............................. 3
AVIA 4240 Aircraft Engine Instr. & Syst., 3 or AVIA 4010 Aerodynamics, 3 .................. 3

SECOND YEAR REQUIREMENTS .............................. 35-37
AVIA 2220 Aircraft Carburetion & Lubrication Systems 4
AVIA 3210 Aircraft Hydraulic Systems ............ 3
AVIA 3215 Gas Turbine Engines .................. 3
AVIA 3225 Propellers & Components ............ 3
AVIA 3240 Aircraft Air Conditioning & Pressurization Systems 2
AVIA 3260 Aircraft Radio Installation & Oper. .... 1
AVIA 4210 Aircraft Insp., Weight & Balancing ... 3
AVIA 4230 Aircraft Instrument Systems .......... 3
*INDT 1040 Technical Mathematics I ............. 3
T&OE 3060 Technical Writing .......................... 3
AVIA 4220 Transport Aircraft Systems, 2 or AVIA 3250 Complex Aircraft Systems, 3 .... 2-3
AVIA 4080 Nondestructive Insp. & Test., 3 or MMGT 2040 Engineering Material Sci., 4 ........ 3-4
HIST 1350 History of the U. S. to 1877, 3 or HIST 1351 History of the U. S. from 1877, 3 .... 3

MINIMUM TOTAL .............................................. 70-72

*Courses comprise the FAA-certified Airframe and Powerplant (A&P) curriculum. Students electing to enroll in the A&P curriculum who also wish to complete the associate degree in two years should plan to enroll in the General Education courses during the summer sessions.
AVIATION TECHNOLOGY

Functional Major, Bachelor of Science Degree (43-159)
The graduate with a Bachelor of Science degree in Aviation Technology
will use the knowledge and skills obtained in the program to:

- Research, prepare and present both oral and written reports
  on technical or management subjects related to his/her area of
  specialization
- Identify, analyze and solve technical or management problems
  related to his/her field of specialization
- Function effectively as a participating member of a work group to
  accomplish a particular goal
- Demonstrate desirable work habits and professional and
  conscientious attitudes in his/her particular areas of instruction
  through participation in professional activities and organizations,
  and leadership activities both in and out of the classroom
- Demonstrate a mastery of skill beyond the entry level related to
  one or more areas of technical, management or marketing specialties
  in the major area of study
- Demonstrate technical and general knowledge required in
  occupational work areas related to the major field of study.

FUNCTIONAL MAJOR REQUIREMENTS ................. 70-77

AVIA 4010 Aerodynamics .......................... 3
AVIA 4040 Aviation Management ................. 3
AVIA 4500 Aviation Safety ......................... 3
AVIA 4090 Aviation Law ............................ 3
AVIA 4420 Air Transportation ...................... 3
T&OE 3060 Technical Writing ...................... 3
AVIA 1020 Aeronautics, 2 or
AVIA 1310 FAA Private Requirements, 4 ......... 2-4
INDM 4210 Industrial Management, 3 or
MGT 3310 Principles of Management, 3 ........... 3
MATH 1131 Applied Calculus ....................... 3

Departmentally approved electives from one of the six areas listed
below:
Area 1 Professional Pilot
Area 2 Maintenance Management
Area 3 Airport Management
Area 4 Avionics Management
Area 5 Systems Design Technology
Area 6 Flight Operations Management

MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS (pages 34-43) .... 48

MATH 1111 Div. I C (required) .................. 3
PHYS 1104 Div. II A (required) ............... 4
BTE 1210 Div. II A (required), 2 or
LIS 1600 Div. II A (required), 2 ............. 2
ECON 1010 Div. II B (required) ............... 3
ICAP 4113 Div. IV B (required) ................. 3

FREE ELECTIVES ........................................ 0-5

*Students choosing Area 2 will not take FREE ELECTIVES of 0-5, but
will take 14 additional semester hours for Airframe and Powerplant
certification. This brings the MINIMUM TOTAL to 136-138 hours.

MINIMUM TOTAL ....................................... 124

Air Force Reserve Officer Training Corps (AFROTC) Program

University of Central Missouri offers an Air Force Reserve Officer
Training Corps [AFROTC] program in cooperation with the University
of Missouri - Columbia. Students enroll in one course per semester
at UCM and participate in the program one day per week on the
University of Missouri - Columbia campus. Credits earned in the
program can count as elective credit toward any degree program at
UCM. Courses are taught by active duty Air Force officers assigned
as ROTC faculty on the University of Missouri - Columbia campus. All
undergraduate and graduate students are eligible to enroll in Air Force
ROTC courses. For additional information contact the Department
Chair of the Department of Aviation.

General and Professional

AERO 1010 Foundations of the US Air Force I (2) introduces
the Air Force and Air Force ROTC focusing on professional appearance,
leadership, customs, courtesies, core values and officer opportunities.
AERO 1020 Foundations of the US Air Force II (2) continues
the introduction of the Air Force and Air Force ROTC focusing on
Air Force origins, organizations, major commands, installations and sister
services. Prerequisite: AERO 1010.

AERO 2010 Evolution of USAF Air and Space Power I (2) explores
Air Force heritage, leaders, air power doctrine, origins, organizations,
major commands, installations and sister services. Facilitates ROTC
Cadet transition to ROTC officer candidate. Prerequisite: AERO 1020.

AERO 2020 Evolution of USAF Air and Space Power II (2) continues
transition from Air Force ROTC Cadet to Air Force ROTC officer
candidate. Expands leadership skills through use of group leadership
problems. Prerequisite: AERO 2010.

AERO 3010 Air Force Leadership Studies I (3) integrated leadership
and management skills facilitate development of Air Force leaders.
Prerequisite: AERO 2020.

AERO 3020 Air Force Leadership Studies II (3) expand quality
Air Force principles to include ethical decision making, personal core
values and character development. Prerequisite: AERO 3010.

AERO 4010 National Security Affairs I* (3) examines the national
security process, regional studies and Air Force and Joint Doctrine.
*Not available for graduate credit. Prerequisite: AERO 3020.

AERO 4020 National Security Affairs II* (3) examines civilian control
of military, officerhip, military justice system and current issues
affecting military professionalism. *Not available for graduate credit.
Prerequisite: AERO 4010.

AVIA 1010 Foundations of the US Air Force I (2) introduces
the Air Force and Air Force ROTC focusing on professional appearance,
military customs, courtesies, core values and officer opportunities.
AVIA 1020 Foundations of the US Air Force II (2) continues
introduction of the Air Force and Air Force ROTC focusing on
Air Force origins, organizations, major commands, installations and sister
services. Prerequisite: AERO 1010.

AVIA 2010 Evolution of USAF Air and Space Power I (2) explores
Air Force heritage, leaders, air power doctrine, origins, organizations,
major commands, installations and sister services. Facilitates ROTC
Cadet transition to ROTC officer candidate. Prerequisite: AERO 1020.

AVIA 2020 Evolution of USAF Air and Space Power II (2) continues
transition from Air Force ROTC Cadet to Air Force ROTC officer
candidate. Expands leadership skills through use of group leadership
problems. Prerequisite: AERO 2010.

AVIA 3010 Air Force Leadership Studies I (3) integrated leadership
and management skills facilitate development of Air Force leaders.
Prerequisite: AERO 2020.

AVIA 3020 Air Force Leadership Studies II (3) expand quality
Air Force principles to include ethical decision making, personal core
values and character development. Prerequisite: AERO 3010.

AVIA 4010 National Security Affairs I* (3) examines the national
security process, regional studies and Air Force and Joint Doctrine.
*Not available for graduate credit. Prerequisite: AERO 3020.

AVIA 4020 National Security Affairs II* (3) examines civilian control
of military, officerhip, military justice system and current issues
affecting military professionalism. *Not available for graduate credit.
Prerequisite: AERO 4010.

General and Professional

AVIA 1020 Aeronautics (2) An overview of aviation and aerospace
related industries. Consideration is given to the development of
aviation and resulting social and economic factors, theory of flight,
problems of weather and navigation, occupational opportunities,
and government interest, promotion and regulation.

AVIA 3020 Digital Control of Power Systems (3) The impact of digital
technology on aircraft and automotive power systems. Emphasis will
be placed on the methods of controlling these systems. Prerequisite: ET
1010 or ET 1026.

AVIA 4000 Special Projects in Aviation Technology (1-3)
Investigation of contemporary problems and issues in power and
transportation by selected individuals or groups. May be repeated for
a maximum of 6 semester hours.

AVIA 4010 Aerodynamics* (3) Theories of flight and factors affecting
aircraft in flight, including drag, velocity, lift, thrust and wing loading.
Comparative analysis of design features in modern aircraft. *Not
available for graduate credit.

AVIA 4040 Aviation Management (3) Aviation/airport management
and administrative functions, issues, and problems involving both
large and small airports, heliports, sea plane bases and related fixed
base operations.

AVIA 4045 Airport Management (3) Airport operations and
management principles and applications. Personnel, security,
budgeting, contracts, maintenance and public relations.

AVIA 4050 Aerospace Education (2-3) Basic aerospace information
dealing with the social, scientific, and technological importance of
aviation and space with special applications for teachers who desire to
utilize such information in the elementary and secondary school.

AVIA 4070 Aviation History (3) Major events, people, and changing
technologies in the development of the present day air transportation
system.

AVIA 4080 Nondestructive Inspection and Testing (3) Magnetic
particle, eddy current, dye penetrant, ultrasonic vibration analysis,
acoustics, radiographic, infrared, and liquid crystal methods of
nondestructive inspection. Prerequisites: PHYS 1104 or P&ET 1010 or
AVIA 1200 (for A&P students).

AVIA 4090 Aviation Law (3) Legal foundations and the federal and
state regulatory functions which influence aviation and those who work
in the industry.
AVIA 4095 International Aviation (3) Aviational issues in international aviation including ICAO regulations and other factors related to the operation of airplanes in a global environment.

AVIA 1210 Aircraft Reciprocating Power Plants (3) Aircraft reciprocating power plants, construction, operation, overhaul, and engine logs. Laboratory experience in disassembling, cleaning, inspection, and assembling.

AVIA 1215 General A&P Applications (3) General A&P related course and laboratory material necessary to transition from military to civilian applications. Prerequisite: Release from the Federal Aviation Administration (FAA sign-off) for General, Airframe, and Powerplant or permission of instructor.

AVIA 1216 Airframe Applications (3) Airframe related course and laboratory material necessary to transition from military to civilian applications. Prerequisite: Release from the Federal Aviation Administration (FAA sign-off) for General, Airframe, and Powerplant or permission of instructor.

AVIA 1217 Powerplant Applications (3) Powerplant related course and laboratory material necessary to transition from military to civilian applications. Prerequisite: Release from the Federal Aviation Administration (FAA sign-off) for General, Airframe, and Powerplant or permission of instructor.

AVIA 1218 Federal Aviation Regulations & Records Keeping Applications (3) Federal aviation regulations and records keeping related course and laboratory material necessary to transition from military to civilian applications. Prerequisite: Release from the Federal Aviation Administration (FAA sign-off) for General, Airframe, and Powerplant or permission of instructor.

AVIA 1255 Basic Airframe Maintenance (3) Selecting airframe materials, repairing, rigging, and caring for fabric covered airframes. Prerequisite: MMGT 1120.

AVIA 2220 Aircraft Carburetion and Lubrication Systems (4) Operation of fuel, induction and lubrication systems. Type, composition and characteristics of various fuels and oils. Inspection, maintenance, and overhaul of fuel, induction and lubrication systems’ components.

AVIA 2230 Aircraft Electrical Systems (3) The theory, operation, and repair of aircraft electrical systems and components.

AVIA 3210 Aircraft Hydraulic Systems (3) Theory and practice in the operation, maintenance, and overhaul of hydraulic systems and components.

AVIA 3215 Gas Turbine Engines (3) Application, design, construction, operation, and overhaul of gas turbine power plants. Laboratory experiences in disassembling, inspection and assembling.

AVIA 3220 Aircraft Engine Testing (3) Theory and practice in installing, trouble shooting, testing, and repairing of aircraft engines.

AVIA 3225 Propellers and Components (3) Propellers, governors, and de-icing systems. Inspection, servicing, and overhaul of propellers.

AVIA 3230 Aircraft Ignition-Starting Systems (3) Theory and practice in the operation, maintenance, and overhaul of ignition and starting systems and their components.

AVIA 3240 Aircraft Air Conditioning and Pressurization Systems (2) Theory and practice with pneumatic, anti-icing, cabin pressurization, and air conditioning systems.

AVIA 3250 Complex Aircraft Systems (3) Theory, operation and repair of complex aircraft fuel systems, position and warning systems, ice and rain protection systems. Prerequisite: AVIA 2230.

AVIA 3255 Metal Airframe Processing (3) Theory and practice in the construction and repair of metal airframe.

AVIA 3260 Aircraft Radio Installation and Operation (1) Theory and practice with communication and navigation radio equipment. Prerequisite: AVIA 2230.

AVIA 3262 Aircraft Communication/Navigation Systems (4) Theory, operation, maintenance and repair of aircraft communication and navigation systems. Course includes lectures, demonstrations, and mandatory laboratory activities. Prerequisites: ET 2060, ET 2058, and ET 3014.

AVIA 3264 Aircraft Pulse and Related Systems (4) Theory, operation, maintenance and repair of aircraft pulse and related systems. Course includes lectures, demonstrations, and mandatory laboratory activities. Prerequisites: ET 2060, ET 2058, and ET 3014.

AVIA 4210 Aircraft Inspection, Weight and Balancing* (3) Theory and practice of repairing, maintaining, ground handling, jacking, weighing aircraft, and performing inspection. *Not available for graduate credit.

AVIA 4220 Transport Aircraft Systems* (2) Comparison studies of systems on major types of transport category aircraft and the in-flight management of those systems. Field trips to major airlines are included in the instructional sequence of the course. Prerequisite: AVIA 3340. *Not available for graduate credit.

AVIA 4230 Aircraft Instrument Systems* (3) Theory and practice of installing, operating, marking, adjusting, and interpreting aircraft instruments. *Not available for graduate credit.

AVIA 4240 Aircraft Engine Instruments and Systems* (3) Theory and practice in the operation and repair of aircraft engine instruments, fire detection and extinguishing systems, engine cooling systems and exhaust systems. *Not available for graduate credit.

AVIA 3310 FAA Private Requirements (4) Basic ground school in support of flight training to prepare for the FAA examination for the Private Pilot Certificate. A fee is charged for pilot supplies and ground school materials.

AVIA 3320 Private Flight A (1) Increase the student’s knowledge and experience to operate aircraft in solo flight and night conditions. Third class medical required before class begins. Approximately 0 flight hours required.

AVIA 3321 Private Flight B (1) Increase the student’s knowledge and aeronautical experience to operate an airplane on dual and solo cross-country flights. Third class medical required. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3320.

AVIA 3321 Propulsion Systems (3) Operation and theory of aircraft propellers and both reciprocating and gas turbine engines. Laboratory activity includes testing and troubleshooting major functional components and systems. Prerequisite: PRST 1010.

AVIA 3305 FAA Commercial Requirements (3) Commercial ground school subjects in support of flight training to prepare for FAA examination for Commercial Pilot Certificate. Prerequisite: AVIA 3314.

AVIA 3310 Commercial Flight A (1) Increase the student’s knowledge and aeronautical experience in dual and solo cross country flying. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3311.

AVIA 3311 Commercial Flight B (1) Increase the student’s knowledge and aeronautical experience in solo and cross country flying. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3311.

AVIA 3312 Commercial Flight C (1) Increase the student’s knowledge and aeronautical experience in maneuvering the aircraft solely by reference to the flight instruments. Includes the use of full and partial panel reference. The student should plan to fly approximately 20 hours. Prerequisite: AVIA 3312.
AVIA 3314 Instrument Flight B (1) Increase the student’s knowledge and aeronautical experience in IFR cross-country and emergency procedures. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3313.

AVIA 3315 Commercial Flight D (1) Increase the student's knowledge and the skill necessary to safely fly a complex aircraft. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3314.

AVIA 3316 Commercial Flight E (1) Increase the student's knowledge and provide the skill necessary to safely fly a complex aircraft. Additionally, the commercial flight maneuvers are introduced. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3315.

AVIA 3317 Commercial Flight F (1) Increase the student’s knowledge and provide the aeronautical skill necessary for the issuance of the Commercial Pilot Certificate. Student should plan to fly approximately 20 hours. Prerequisite: AVIA 3316.

AVIA 3325 FAA Instrument Requirements (4) Instrument ground school subjects in support of flight training to prepare for FAA examination for instrument rating. Prerequisite: AVIA 1321.

AVIA 3330 Multi-Engine Certification (1) Classroom and laboratory instruction to provide aeronautical knowledge and skills for multi-engine pilot certification. Prerequisite: AVIA 3314.

AVIA 3340 Aircraft Systems and Components (3) Design, construction and operation of aircraft mechanical, electrical, hydraulic, and pneumatic systems with emphasis on trouble analysis, servicing methods, and safety precautions. Prerequisite: AVIA 2310.

AVIA 3360 Flight Instructor--Airplane (3) Combines classroom and flight laboratory experience to prepare for FAA written examination and flight test for flight instructor rating. Prerequisite: AVIA 3317.

AVIA 3362 Flight Instructor - Instrument (1) Instruction, flight training and practice teaching to obtain the aeronautical skills and knowledge necessary for FAA Certified Flight Instructor, Instruments. Prerequisite: AVIA 3360.

AVIA 3364 Flight Instructor - Multi-Engine (1) Instruction, flight training and practice teaching to obtain the aeronautical skills and knowledge necessary for FAA Certified Flight Instructor, Multi-Engine. Prerequisites: AVIA 3330 and AVIA 3360.

AVIA 3390 Turboprop Familiarization (2) Systems operation and flying procedures for multi-engine turboprop aircraft with particular emphasis on current complex aircraft. Class will involve both ground school and flying a minimum of five hours. Prerequisites: AVIA 3317 and AVIA 3330.

AVIA 4310 Air Traffic Control (2) Purposes, activities and operational procedures of air traffic control centers, towers and flight service stations. Study will include both standard and emergency services available from ATC/FSS systems.

AVIA 4320 Physiology and Flying (2) Physiological factors related to flying, including those related to changes in pressure, supply of oxygen, spatial disorientation, and both positive and negative effects of chemicals in the body. An additional fee is assessed for this course.

AVIA 4330 Sport Aviation (2) Sailplanes, hot air balloons, and related sport aircraft. Students will have flying experience in either sailplanes or hot air balloons. Flight fees are required to cover expenses of flight instruction. Principles of organizing fly-ins, air shows, and contests.

AVIA 4350 Aviation Weather (3) Meteorology for pilots with information for understanding and interpreting aviation weather reports and forecasts, weather hazards including windshear, turbulence, icing and visibility restrictions. Prerequisite: AVIA 1310

AVIA 4370 Advanced Flight Crew Management (3) Advanced flight crew operations with emphasis on the transition of the professionally qualified pilot into a highly skilled member of a flight management team with knowledge of cockpit resource management, high speed and high altitude flight techniques, turbine-powered operations and advanced avionics systems. Prerequisite: AVIA 3317.

AVIA 4380 Flight Operations Management (3) Airline flight operations management principles and applications.

AVIA 4390 Part 135 Flight Operations (3) Emphasis is placed on the operating systems of a Beechcraft King Air A90 along with the knowledge required to operate in a Part 135 Flight Operation as Second-In-Command. Prerequisites: AVIA 3330, AVIA 3317, and AVIA 3314.

Transportation
AVIA 4420 Air Transportation (3) Organization and administration of the air transportation industry with attention to airline regulations, rate and route structures, air cargo and freight, scheduled and nonscheduled operations, and contract air transport.

AVIA 4430 Corporate Aviation Management (3) Role, scope and purpose of business aviation. Managerial, administrative and financial business functions related to the use of business aviation aircraft.

Aviation Safety
AVIA 4500 Aviation Safety (3) To develop a knowledge of contributing factors affecting aviation safety and fostering control methods and techniques to reduce accidents related to aircraft and the aviation field.

Integrative Studies Capstone
ICAP 4113 Air Operations Management* (3) Challenges the student to perform as an effective member of an air operations management team using critical thinking, decision making and ethics. Prerequisite: senior standing in aviation technology. *Not available for graduate credit.
Biology and Earth Science

Biology

NOTE: Careers in professional specialties in biology generally require preparation through at least the masters degree. The biology programs at UCM provide preparation for students who plan professional work in the following biological specialties:

- Biomedical Sciences
- Entomology
- Environmental Biology
- Fisheries and Estuarine Ecology
- Forest Biology
- Marine Biological Sciences
- Oceanography
- Plant Science
- Systematic Botany
- Wildlife Conservation

BIOLOGY

Major, Bachelor of Arts Degree (42-379)

The graduate with a Bachelor of Arts degree in Biology will use the knowledge and skills obtained in the program to:

- Be qualified to apply for graduate programs in education.
- Be qualified for teacher certification in the state of Missouri.
- Be eligible for jobs in many commercial laboratories, quality control positions, and related. (technology, interacting.)
- Be eligible to apply for graduate programs in the area of biology represented by the student's major interest and coursework (technology, interacting).
- Be eligible to apply for entry into professional schools in medicine, dentistry, veterinary medicine and related paramedical professions. (technology, interacting).

BIOLOGY

Major, Bachelor of Science Degree (43-380)

The graduate with a Bachelor of Science degree in Biology will use the knowledge and skills obtained in the program to:

- Collect, analyze and apply information to solve problems (managing information).
- Use various laboratory techniques and/or instruments with understanding, accuracy, precision and safety. (technology).
- Develop demonstrations and experiments that illustrate biological concepts or develop new concepts. Think logically within the scientific parameters of professional biologists. (higher-order thinking).
- Use the language and concepts of Biology to communicate effectively in oral and written form; to follow instructions precisely and to function in independent and collaborative settings. (communicating and interacting).
- Exhibit the ethical use of knowledge, materials and procedures that demonstrates an impact on society. (valuing).
- Be eligible to apply for jobs in many commercial laboratories, quality control positions, and related. (technology, interacting.)
- Be eligible to apply for graduate programs in the area of biology represented by the student's major interest and coursework (technology, interacting).
- Be eligible to apply for entry into professional schools in medicine, dentistry, veterinary medicine and related paramedical professions. (technology, interacting).

BIOLOGY

Functional Major, Bachelor of Science in Education Degree

Unified science certification to teach any of the beginning sciences, i.e., Physics I, Chemistry I, etc., and all levels of biology, grades 9-12 (41-487)

The graduate with a Biology Functional Major, Bachelor of Science in Education Degree will use the knowledge and skills obtained in the program to:

- Challenge the Praxis and C-BASE exams allowing them to be licensed as teachers upon successful completion of these exams.
- Be qualified for teacher certification in the state of Missouri.
- Be qualified to apply for graduate programs in education.

BIOLOGY

Functional Major, Bachelor of Science Degree (43-400)
The graduate with a Biology Functional Major, Bachelor of Science Degree will use the knowledge and skills obtained in the program to achieve various student learning outcomes depending upon the options selected in this program. There are three emphasis areas: Biomedical emphasis, Ecology/Environmental emphasis and Conservation Enforcement emphasis. Students in this program will use the knowledge and skills obtained in this program to:

- Collect, analyze and apply information to solve problems (managing information).
- Use various field and laboratory techniques and/or instruments with understanding, accuracy, precision and safety. (technology).
- Develop demonstrations and experiments, and plan and lead field trips that illustrate biological concepts or develop new concepts. Think logically within the scientific parameters of professional biologists. (higher-order thinking).
- Use the language and concepts of Biology to communicate effectively in oral and written forms; to follow instructions precisely and to function in independent and collaborative settings. (communicating and interacting).
- Exhibit the ethical use of knowledge, materials and procedures that demonstrates an impact on society. (valuating).
- Students emphasizing the Biomedical option will be eligible to apply for entry into professional schools in medicine, dentistry, veterinary medicine and related paramedical professions. (technology, interacting).
- Students emphasizing the Ecology/Environment option will be eligible to apply to advanced degree programs in environmental, ecological and related programs, and to apply for positions in the EPA, Mo. Dept. of Conservation, Department of Natural Resources, and other such agencies. There are also many private businesses and testing laboratories working on ecological/environmental projects to which our graduates may apply. (technology, communicating).
- Students emphasizing the Conservation Enforcement option will be eligible for internships and positions with the Missouri Department of Conservation, Department of Natural Resources and be eligible to apply for jobs in federal and state environmental agencies. They will also be eligible for positions in businesses interacting with these environmental agencies. (technology, communicating).

Biology Major Track .................................................. 24-27

Biol 2010 Human Biology, 3 or
Biol 2401 Anatomy & Physiology I, 4 3-4
Biol 3410 Forensic Science 4
Chem 1311 Organic Chemistry I 4
Chem 3311 Organic Chemistry II 4
Cj 1000 Intro. To Criminal Justice 3
Cj 3400 Criminal Investigation 3
CHEM 0 or CHEM . An additional fee is associated with this course.
CARDIOVASCULAR, LYMPHATIC, RESPIRATORY AND DIGESTIVE SYSTEMS INTEGRATED
A functional study of temperature, water and electrolyte balances and skeletal, muscular, neural, endocrine and reproductive systems integrated with a study of pertinent structures. Prerequisite: BIOL 2402. An additional fee is associated with this course.

BIOL 3710 Forensic Science (4: 3 lecture, 1 lab) Theoretical and hands-on applications of forensic science including types of deaths, taphonomy, toxicology, body fluid and blood analysis, ballistics and trace evidence determinations. Prerequisites: BIOL 2010 or 2401, and Chem 1132.

BIOL 3413 Immunology (3) A survey of the field of immunology including the types of immune responses, antibody synthesis, antigen-antibody interactions, hypersensitivity, immunity to infection, and the design of laboratory techniques for immunological screening. Only offered Fall semester. Prerequisite: BIOL 2401 or BIOL 3431. Corequisite: BIOL 4517, unless previously taken (Medical Technology Functional Majors do not need concurrent enrollment in BIOL 4517).

BIOL 3414 Histology (3: 2 lecture, 1 lab) The functional morphology of selected tissues at the light microscopic level. Laboratory involves practice in slide reading. Only offered Fall semester. Prerequisite: BIOL 3211 or BIOL 2402 or BIOL 3431. An additional fee is associated with this course.

BIOL 3431 Animal Physiology (4: 3 lecture, 1 lab) Animal functions in terms of their needs for oxygen, food, energy, temperature, water, movement, information, and integration. Prerequisites: BIOL 1111 and 1112 or AGRI 3410; and CHEM 1104 or CHEM 1131. An additional fee is associated with this course.

BIOL 3211 Comparative Anatomy (4: 2 lecture, 2 lab) Comparative morphology of the early development and evolution of the organ systems of vertebrates. Laboratory study of representative vertebrates. Prerequisites: BIOL 1111, BIOL 1112 and BIOL 2511.

BIOL 3102 Evolution (3) Lecture and discussion of current and historical evolutionary theory. The process of scientific investigation will be contrasted with non-scientific methods. Prerequisites: BIOL 1111, BIOL 1112, BIOL 2020, and BIOL 2511.

BIOL 3211 Comparative Anatomy (4: 2 lecture, 2 lab) Comparative morphology of the early development and evolution of the organ systems of vertebrates. Laboratory study of representative vertebrates. Prerequisites: BIOL 1111, BIOL 1112 and BIOL 2020. An additional fee is associated with this course.

BIOL 3213 Embryology of Vertebrates (3: 2 lecture, 1 lab) Germ cells, fertilization, and development of systems, organs, and tissues of vertebrate embryos. Only offered Fall semester. Prerequisites: BIOL 1111 and BIOL 1112 or BIOL 2402; and CHEM 1104 or CHEM 1131. An additional fee is associated with this course.

BIOL 3125 Medical Terminology (2, 3) The language of medical and paramedical practices. Terminology related to organ systems of the body is presented with emphasis on Latin and Greek roots. May not be repeated for credit. Prerequisites: One biology course.

BIOL 3410 Forensic Science (4: 3 lecture, 1 lab) Theoretical and hands-on applications of forensic science including types of deaths, taphonomy, toxicology, body fluid and blood analysis, ballistics and trace evidence determinations. Prerequisites: Biol 2010 or 2401, and Chem 1132.

BIOL 3215 Embryology (4: 2 lecture, 2 lab) An introduction to the major concepts of development in both the vertebrate and invertebrate worlds. Prerequisites: BIOL 1111 and BIOL 1112 or AGRI 3410.

Criminal Justice majors must take CJ 3400 and CJ 4302 as departmentally approved electives in the major. This program is also listed in the Chemistry department.

BIOL 1000 The Discipline of Biology (1) An introduction to biology as an academic endeavor including consideration of the subdisciplines of biology, requirements of students, and professional opportunities. Prerequisite: declaration of major in biology.

BIOL 1000 General Chemistry (1) An introduction to the discipline of chemistry. Emphasis is on the history of chemistry, basic atomic theory, chemical bonding, and the periodic table. It also introduces scientific inquiry, experimental methods, and the importance of quantitative data in the study of chemistry.

CHEM 2501 General Chemistry (4: 2 lecture, 2 lab) Introduction to the chemical principles that govern the behavior of matter. Topics include atomic structure, chemical bonding, periodic trends in properties, mass and energy changes in chemical reactions, introduction to equilibrium, solutions, and acids and bases.

CHEM 2502 General Chemistry (4: 2 lecture, 2 lab) Continuation of CHEM 2501 with an emphasis on stoichiometry, reaction rates, chemical equilibrium, heats of reaction, and applications to chemical engineering and environmental science.

CHEM 2503 General Chemistry (4: 2 lecture, 2 lab) Further development of the chemical principles covered in CHEM 2501 and CHEM 2502. Topics include thermodynamics, kinetics, electrochemistry, and a brief introduction to organic chemistry.

CHEM 2504 General Chemistry (4: 2 lecture, 2 lab) Advanced topics in chemical principles, including advanced thermodynamics, spectroscopy, and more in-depth study of organic chemistry.

CHEM 2505 General Chemistry (4: 2 lecture, 2 lab) Advanced study of chemical principles, including advanced topics in thermodynamics, spectroscopy, and organic chemistry.

CHEM 2506 General Chemistry (4: 2 lecture, 2 lab) Advanced topics in chemical principles, including advanced thermodynamics, spectroscopy, and organic chemistry.

CHEM 2507 General Chemistry (4: 2 lecture, 2 lab) Advanced study of chemical principles, including advanced topics in thermodynamics, spectroscopy, and organic chemistry.

CHEM 2508 General Chemistry (4: 2 lecture, 2 lab) Advanced topics in chemical principles, including advanced thermodynamics, spectroscopy, and organic chemistry.

CHEM 2509 General Chemistry (4: 2 lecture, 2 lab) Advanced study of chemical principles, including advanced topics in thermodynamics, spectroscopy, and organic chemistry.

CHEM 2510 General Chemistry (4: 2 lecture, 2 lab) Advanced topics in chemical principles, including advanced thermodynamics, spectroscopy, and organic chemistry.

CHEM 2511 General Chemistry (4: 2 lecture, 2 lab) Advanced study of chemical principles, including advanced topics in thermodynamics, spectroscopy, and organic chemistry.

CHEM 2512 General Chemistry (4: 2 lecture, 2 lab) Advanced topics in chemical principles, including advanced thermodynamics, spectroscopy, and organic chemistry.

CHEM 2513 General Chemistry (4: 2 lecture, 2 lab) Advanced study of chemical principles, including advanced topics in thermodynamics, spectroscopy, and organic chemistry.
BIOL 4000 Biology Colloquium* (1) Investigation of professional opportunities in biology. Evaluation of the program by students and assessment of student progress in biology. Prerequisite: 24 semester hours of biology or consent of department chair. *Not available for graduate credit.

BIOL 4011 Special Problems in Biology (1-4) Individual work under supervision of a staff member. Problems may be undertaken in any field of biology. May be repeated for a maximum of 4 semester hours. Prerequisite: consent of instructor.

BIOL 4012 Special Projects in Biology (1-8) May be repeated for a maximum of 9 semester hours. With permission of the Department Chair, functional majors in medical technology may repeat for a maximum of 30 semester hours. Prerequisite: consent of instructor.

BIOL 4013 Introduction to Experimental Design and Analysis (3) This course covers the conceptualization, implementation, analysis, and communication of research in biology. Prerequisites: BIOL 1111 or BIOL 1112 and College Algebra or Pre Calculus or consent of instructor.

BIOL 4014 Internship in Biology (1-9) Practical experience working within the various components of the Biology discipline. Only 4 credit hours total may be used to satisfy Approved Biology Electives. Prerequisite: must be a major in the Department of Biological Sciences with at least 60 hours of credit.

BIOL 4210 Ichthyology (4: 2 lecture, 2 lab) A thorough examination of the biology of the fish with special emphasis on the fish of Missouri. Students will be expected to develop a detailed knowledge of the literature on ichthyology. Field trips at additional expense to the student are part of this course. An additional fee is associated with this course. Prerequisites: CHEM 1131 and 14 hours of biology including BIOL 1112.

BIOL 4221 Mammalogy (4: 2 lecture, 2 lab) A thorough examination of the Class Mammalia. Students will be expected to develop a detailed knowledge of the literature on mammalogy. Only offered Fall semester. Prerequisites: BIOL 1111 and BIOL 1112. An additional fee is associated with this course.

BIOL 4223 Ornithology (4: 2 lecture, 2 lab) An examination of the biology of birds with special emphasis on the field study of locally occurring species. Prerequisites: BIOL 1111 and BIOL 1112.

BIOL 4232 Herpetology (4: 2 lecture, 2 lab) A thorough examination of the classes Amphibia and Reptilia, including systematics, evolution and ecology of these groups with special attention to identification of local forms. Prerequisite: BIOL 2512.

BIOL 4311 Parasitology (4: 2 lecture, 2 lab) Animal parasites, with emphasis on identification, morphology, biology, life histories, and host-parasite relationships. Only offered Fall semester. Prerequisite: BIOL 2512. An additional fee is associated with this course.

BIOL 4312 Entomology (4: 2 lecture, 2 lab) An introduction to the systematics, morphology, physiology, evolution, and ecology of insects. Only offered Fall semester. Prerequisites: BIOL 1111 and BIOL 1112. An additional fee is associated with this course.

BIOL 4400 Endocrinology (2) Examination of the physiology of endocrine glands and the roles of each hormone in the regulation of growth, metabolism, and reproduction. Examples will be selected from humans and domestic species. Prerequisite: BIOL 3431.

BIOL 4403 Environmental Physiology (4: 3 lecture, 1 lab) Physiological responses and adaptations to alterations in natural and man-generated environmental factors such as temperature, light cycles, pressure, water, ions, radiation, vibration, chemicals, microorganisms, and exercise. Prerequisite: BIOL 2402 or BIOL 3431. An additional fee is associated with this course.

BIOL 4411 Plant Physiology (4: 2 lecture, 2 lab) Life processes occurring in plants, the factors affecting these processes, their measurement, and the significance of these processes to the growth of the plant. Only offered Fall semester. Prerequisites: BIOL 2512; and CHEM 1104 or CHEM 1131. An additional fee is associated with this course.

BIOL 4511 Cytogenetics (4: 2 lecture, 2 lab) Examination of cellular and molecular mechanisms in cell division and their role in evolution and human health. Laboratory exercises include techniques for experimentally manipulating chromosomes and use of computer and video techniques. Prerequisites: BIOL 2512; and CHEM 1104 or CHEM 1131. An additional fee is associated with this course.

BIOL 4514 Molecular Biology (3) This course emphasizes how biological molecules interact to express cellular phenotypes. Transcriptional and translational controls of gene expression and the latest biotechnological advances are discussed. Prerequisite: BIOL 2511.

BIOL 4515 Molecular Technology Laboratory (2) This course emphasizes the proper use of laboratory equipment, molecular techniques, experimental design, and data analysis. Questions and experiments encountered in molecular biology are addressed. Prerequisite: BIOL 4514 with a grade of C or better or concurrent enrollment with consent of instructor. An additional fee is associated with this course.

BIOL 4516 Hematology/Virology (3) The study of blood and viruses. Topics include hematoepoiesis, coagulation, viral replication, host responses to viruses, and normal and diseased host responses. Prerequisites: BIOL 2511 and BIOL 2512.

BIOL 4517 Serology Laboratory (1) A combined immunology, hematology, and virology laboratory emphasizing cellular components and identification and differentiation by technological methodologies. Corequisite: BIOL 3413 or BIOL 4516. An additional fee is assessed for this course.

BIOL 4520 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with BIOL 4794 during the Professional Semester. *Not available for graduate credit.

BIOL 4709 Plant Ecology (4: 2 lecture, 2 lab) Concepts and methods pertaining to the collection and analysis of ecological data. Fundamental principles of interactions between plants and their environment will be addressed. Prerequisites: BIOL 1111; BIOL 1112; BIOL 2020; BIOL 3711 or equivalent; or instructor’s consent.

BIOL 4711 Animal Ecology (4: 2 lecture, 2 lab) Ecological principles and concepts pertaining to populations, communities, and ecosystems with special emphasis on animals. Both field work with local examples and laboratory work are part of this course. Prerequisites: CHEM 1131 and 20 semester hours of biology including BIOL 1111 and 1112. An additional fee is associated with this course.

BIOL 4722 Conservation Biology (4: 2 lecture, 2 lab) This is a synthetic course applying the multidisciplinary approaches of ecology, biogeography, evolution, genetics and economics to the global biodiversity crisis. Prerequisites: BIOL 1111, BIOL 1112, BIOL 2020, BIOL 2511.

BIOL 4794 Methods of Teaching Science* (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with BIOL 4520 during the Professional Semester. *Not available for graduate credit.

BIOL 4810 Curriculum Development in Biological Science (2) Classroom techniques for teaching life science to junior and senior high school students. Historical development and changes to current programs of life science discussed. Only offered Fall semester. Prerequisite: Admission to Teacher Education Program. Corequisite: BIOL 4811.

BIOL 4811 Investigative Laboratory (2) Investigative laboratory activities related to life science teaching in junior and senior high school. Problem in investigative biology to be conducted and a paper written. Only offered Fall semester. Prerequisite: Admission to Teacher Education Program. Corequisite: BIOL 4810. BIOL 4953 Ecology Field Course (1-6)* Advanced field methods and analysis of the physical, chemical, and ecological aspects of diverse marine ecosystems. On a rotating basis, the field course may focus on marine, northern temperate woods, and alpine systems. May be repeated for credit as topics vary. Prerequisite: consent of instructor. *Not available for graduate credit.

Integrative Studies Capstone ICAP 4222 The Biological Perspective* (3) An examination of current issues from a biological perspective including the impact of biology on history and culture. For biology majors. Prerequisite: 22 semester hours of biology. *Not available for graduate credit.
Earth Science

EARTH SCIENCE
Major, Bachelor of Arts Degree
(42-386)
The graduate with a Bachelor of Arts degree in Earth Science will use the knowledge and skills obtained in the program to:
- Collect, analyze and apply information to solve problems (managing information)
- Use various laboratory techniques and/or instruments with understanding, accuracy, precision and safety. (technology)
- Think logically within an earth science framework and be receptive to new ideas and concepts. (higher-order thinking)
- Use the language and concepts of earth science to communicate effectively in oral and written form, to follow instructions precisely and to function in independent and collaborative settings. (communicating and interacting)
- Exhibit the ethical use of knowledge, materials and procedures that demonstrates an impact on society. (valuing)

EARTH SCIENCE
Minor for a Bachelor’s Degree
UCM does not confer teacher certification for this minor. (477)

MINOR REQUIREMENTS .................................................. 20
EASC 1004 Intro. to the Science: Geology ...................... 4
EASC 2200 Historical Geology ...................................... 4
Electives in earth science ........................................... 12

MINOR REQUIREMENTS .................................................. 20
GEOL 1004 Introduction to the Sciences: Geology (4) Fundamental principles of the natural sciences as applied to the Earth. Topics covered include volcanoes, earthquakes, plate tectonics, landscape formation by streams, glaciers, and groundwater. Laboratory included. An additional fee is associated with this course.

EASC 2100 Engineering Geology (4) The study of physical geology as applied in engineering practice. Emphasis is on surficial geology and soils, employing both field and laboratory investigation methods. Topics include refraction, seismic and electrical resistivity surveys, hydrogeology, waste disposal, slope stability, engineering properties of soil and rock, mapping, site characterization, and report writing. Prerequisite: EASC 1004 or equivalent or consent of instructor. An additional fee is associated with this course.

EASC 2200 Historical Geology (4) The history of the earth will be studied in light of shifting continents, advances and retreats of seas, periods of mountain building and the evolution of life through the great expanse of geologic time. Laboratory will include local and regional field trips. Prerequisite: EASC 1004. An additional fee is associated with this course.

EASC 3010 Environmental Geology (3) The relationships between humans and their geological surroundings with an emphasis on environmental problems. The main topics are mineral and energy resources, population, earthquake and volcanic hazards, medical problems related to the environment, floods, and coastal processes.

EASC 3110 Structural Geology (4) Structures of the Earth on maps, cross-sections, and aerial photographs and in field exercises. Folding and faulting are emphasized. Also discussed are plate tectonic mechanisms that are responsible for Earth structures. Prerequisite: EASC 1004. An additional fee is associated with this course.

EASC 3111 Geomorphology (3) The processes which shape the Earth's surface and form surficial deposits. The interaction of people with their environment is emphasized. Topics include soil formation, engineering properties of soil and rock, surface water, ground water, and environmental planning. Prerequisite: EASC 1004 or EASC 3010.

EASC 3112 Astronomy (3) The fundamental principles and theories pertaining to planetary astronomy, stellar evolution, and origin of the galaxies. Observational techniques are discussed and night-time viewing sessions are held using departmental telescopes.

EASC 3114 Meteorology (3) Principles and theories of weather, climate, and other atmospheric phenomena. Included is the study of energy exchanges, winds, cloud types, precipitation forms, severe weather, and the generation and movement of tornadoes and other cyclonic storms.

EASC 3115 Oceanography (3) Beginning course intended for students with a limited science background. Relationship of continents and ocean basins, sea floor spreading, waves, tides, currents, circulation of the atmosphere and ocean, marine biology and geology, and global environmental implications.

EASC 3213 Quaternary and Glacial Geology (3) Glacier formation and movement, glacial erosion and deposition, changes in sea level and in river channels, climate change and the causes of the ice ages, and changes in northern hemisphere animal and plant populations during the past two million years. Prerequisite: EASC 1004.

EASC 3320 Mineralogy (4) An introduction to crystallography and a systematic study of the mineral groups including the native elements, sulfides, sulfates, oxides, halides, carbonates, and silicates. Laboratory work stresses identification by physical and chemical properties. Prerequisite: EASC 1004. An additional fee is associated with this course.

EASC 3400 Groundwater Geology (3) Principles of how fluids move within the crust of the Earth. Groundwater concepts are reviewed and applied to modern day resource and conservation problems. Prerequisites: EASC 1004, PHYS 1101 and MATH 1111.

EASC 3501 Invertebrate Paleontology (4) Principles and methods used in collecting, identifying, and utilizing fossils to determine the distribution and environment of ancient lands and seas. Further, fossils will be studied as tools of geologic time determination. Laboratory will include local and regional field trips. Prerequisite: EASC 2200 or consent of instructor. An additional fee is associated with this course.
EASC 4010 Special Problems in Geology (1-3) Individual work under supervision of a staff member. Problems may be undertaken in any area of geology. May be repeated for a maximum of 9 semester hours. Prerequisite: adequate preparation in that field and consent.
EASC 4301 Minerals and Rocks (4) The origin and classification of minerals and rocks in a course designed primarily for teachers of earth science. Methods and techniques of identification are stressed. Prerequisite: EASC 1004. An additional fee is associated with this course.
EASC 4220 Geochemistry (3) Application of chemical principles to the study of earth and environmental systems. Topics include origin and distribution of elements, stable and radiogenic isotopes, thermodynamics, aqueous and environmental geochemistry, and geochemical cycles. Prerequisites: EASC 1004 and EASC 3320.
EASC 4325 Petrology (4) Igneous and metamorphic rocks. Includes consideration of processes of formation and identification of rock types. Prerequisite: EASC 3320. An additional fee is associated with this course.
EASC 4420 Sedimentary Petrology and Stratigraphy (5) The description and classification of sedimentary rocks and the principles of stratigraphy. Laboratory exercises will focus on hand specimen petrology and subsurface stratigraphic analysis. Field work will deal with measured stratigraphic sections. Prerequisite: EASC 3320. An additional fee is associated with this course.
EASC 4500 Fossils of Missouri (3) Emphasis on collecting and identifying fossils in order to prepare teachers for teaching the fundamental aspects of common fossils from Missouri. Prerequisite: EASC 1004.

Chemistry and Physics

Chemistry

In the section of Chemistry, the second digit in the course number stands for the following: 0-Unclassified, 1-Inorganic, 2-Analytical, 3-Organic, 4-Biochemistry, 5-Physical, 6-Organic and Biochemistry, 9-Research and Special Problems.

Chemistry Statement of Policy

All junior and senior chemistry majors are required to attend oral presentations by students who are enrolled in CHEM 4900 and CHEM 4910.

Prior to student teaching, all Bachelor of Science in Education Chemistry Functional majors are required to serve as a lab assistant or lab preparation assistant for one semester in partial fulfillment of CHEM 4900.

*Students must attend the first scheduled lab period to avoid being dropped from the lab to accommodate students on the wait list.

Accreditation

The Chemistry programs are accredited by the American Chemical Society. The American Chemical Society is located at 1155 Sixteenth St, N.W., Washington, DC 20036; phone 800-227-5558; webpage http://www.chemistry.org.

CHEMISTRY

Major, Bachelor of Arts Degree

(42-39)

The graduate with a Bachelor of Arts degree in Chemistry will use the knowledge and skills obtained in the program to:

• Collect, analyze and apply information to solve problems (managing information & higher-order thinking).
• Use various laboratory techniques and/or instruments with understanding, accuracy, precision and safety (technology).
• Think logically within a chemistry framework and be receptive to new ideas and concepts (higher-order thinking).
• Use the language and concepts of chemistry to communicate effectively in oral and written form, to follow detailed instructions, and to function in independent and collaborative settings (communicating and interacting).
• Exhibit the ethical use of knowledge, materials and procedures that demonstrate an impact on society (valuing).

Sem. Hours

MAJOR REQUIREMENTS ........................................ 38-39

CHEM 1131 General Chemistry I ........................................ 5
CHEM 1132 General Chemistry II ........................................ 5
CHEM 3111 Intermediate Inorganic Chemistry .................. 4
CHEM 3212 Quantitative Analysis .................................. 3
CHEM 3341 Organic Chemistry I ................................... 4
CHEM 3342 Organic Chemistry II .................................... 4
CHEM 3500 Elements of Physical Chemistry .................... 4
CHEM 3920 Communication Skills in Chem. ...................... 2
CHEM 4421 Biochemistry ............................................. 4
Elective from the following .................................................. 3-4

*CHEM 4111 Advanced Inorganic Chemistry .......... 4
*CHEM 4231 Instrumental Analysis ................................ 4
*CHEM 4313 Modern Organic Analysis ....................... 4
CHEM 4910 Research in Chemistry ................................... 3-4

MINOR REQUIREMENTS ........................................... 18-25

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the major, CHEM 1131 and CHEM 1132 are allowed to fulfill 4 s.h. of Div. II A; the Modern Language Requirement fulfills 3 s.h. of Div. II C ....... 41

MODERN LANGUAGE REQUIREMENT .............................. 3-9

Refer to Bachelor’s Degree Requirements section for fulfillment options.

FREE ELECTIVES .................................................. 10-24

MINIMUM TOTAL ................................................ 124

*Course has prerequisite(s) not listed in the program.
CHEMISTRY

Functional Major, Bachelor of Science Degree
(43-47)

The graduate with a Bachelor of Science degree in Chemistry will use the knowledge and skills obtained in the program to:
- Collect, analyze and apply information to solve problems (managing information & higher-order thinking).
- Use various laboratory techniques and/or instruments with understanding, accuracy, precision and safety (technology).
- Think logically within a chemistry framework and be receptive to new ideas and concepts (higher-order thinking).
- Use the language and concepts of chemistry to communicate effectively in oral and written form, to follow detailed instructions, and to function in independent and collaborative settings (communicating and interacting).
- Exhibit the ethical use of knowledge, materials and procedures that demonstrate an impact on society (valuing).

MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS [pages 34-43] In the functional major, MATH 1151 fulfills 3 s.h. of Div. I C; CHEM 1131, CHEM 1132, PHYS 1101 and PHYS 1102 are allowed to fulfill 7 s.h. of Div. II A) 38

FREE ELECTIVES .................................. 17-21

MINIMUM TOTAL .................................. 124

CHEMISTRY

Functional Major, Bachelor of Science in Education Degree
[Certification to teach chemistry in grades 9-12]
(41-485)
The graduate with a Bachelor of Science in Education degree in Chemistry will use the knowledge and skills obtained in the program to:
- Collect, analyze and apply information to solve problems (managing information & higher-order thinking).
- Use various laboratory techniques and/or instruments with understanding, accuracy, precision and safety (technology).
- Think logically within a chemistry framework and be receptive to new ideas and concepts (higher-order thinking).
- Use the language and concepts of chemistry to communicate effectively in oral and written form, to follow detailed instructions, and to function in independent and collaborative settings (communicating and interacting).
- Exhibit the ethical use of knowledge, materials and procedures that demonstrate an impact on society (valuing).
- Manage a secondary education program in chemistry that has a laboratory emphasis, with confidence, enthusiasm, efficiency, and safety.

MINOR REQUIREMENTS .................................. 21

CHEM 1131 General Chemistry I .................................. 5
CHEM 1132 General Chemistry II .................................. 5
CHEM 3111 Intermediate Inorganic Chemistry .................. 4
CHEM 3212 Quantitative Analysis .................................. 3
CHEM 3341 Organic Chemistry I .................................. 4
CHEM 3500 Elements of Physical Chemistry .................. 4
CHEM 4421 Biochemistry ............................................. 4
CHEM 4900 Chem. Research for Teachers ....................... 1-2
BIOL 1003 Intro. to the Sciences: Ecology ..................... 3
BIOL 1111 Biology I .................................................. 4
EASC 1004 Intro. to the Sciences: Geology ..................... 4
T&OE 2000 Technology & Change ................................. 3
PHYS 1101 College Physics I, 4 or
PHYS 2121 University Physics I, 5 .............................. 4-5

Electives in science from following list. Hours of electives must bring the total in the major to 60 hours.

MINOR REQUIREMENTS .................................. 28

FUNCTIONAL MAJOR REQUIREMENTS .................................. 60

CHEM 1131 General Chemistry I .................................. 5
CHEM 1132 General Chemistry II .................................. 5
CHEM 3111 Intermediate Inorganic Chemistry .................. 4
CHEM 3212 Quantitative Analysis .................................. 3
CHEM 3341 Organic Chemistry I .................................. 4
CHEM 3500 Elements of Physical Chemistry .................. 4
CHEM 4421 Biochemistry ............................................. 4
CHEM 4900 Chem. Research for Teachers ....................... 1-2
BIOL 1003 Intro. to the Sciences: Ecology ..................... 3
BIOL 1111 Biology I .................................................. 4
EASC 1004 Intro. to the Sciences: Geology ..................... 4
T&OE 2000 Technology & Change ................................. 3
PHYS 1101 College Physics I, 4 or
PHYS 2121 University Physics I, 5 .............................. 4-5

UNIFIED SCIENCE CERTIFICATION - The starred (*) courses must be taken as part of the elective credits for Unified Science certification in chemistry - certification to teach any of the beginning sciences (i.e., Biology I, Physics I, etc.) and all levels of chemistry, grades 9-12.
CHEM 3342 Organic Chemistry II .................................. 4
CHEM 3920 Comm. Skills in Chemistry .......................... 2
CHEM 4231 Instrumental Analysis .................................. 4
CHEM 4910 Research in Chemistry ................................ 1-2
*BIOL 1112 Biology II ................................................ 4
BIOL 2511 Genetics .................................................. 3
BIOL 2512 Cell Biology .............................................. 3
BIOL 3712 Field Natural History .................................. 4
EASC 3010 Environmental Geology .............................. 3
EASC 3112 Astronomy ................................................ 3
*EASC 3114 Meteorology ............................................ 4
EASC 3330 Mineralogy ................................................ 4
*EASC 4010 Special Problems in Geology ....................... 1
*PHYS 1102 College Physics II, 4 or
*PHYS 2122 University Physics II, 5 .............................. 4-5
PHYS 3080 Advanced Physics Lab. ............................... 1-2
PHYS 3511 Modern Physics I .................................... 3
PHYS 3611 Optics .................................................... 3
PHYS 4312 Electricity & Magnetism ................................ 3

MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS [pages 34-43] In the functional major, EASC 1004 fulfills 4 s.h. of Div. II A; BIOL 1003 fulfills 3 s.h. of Div. II A; T&OE 2000 fulfills 2 s.h. of Div. II A; in the professional education requirements,
ICAP 4468 fulfills 3 s.h. of Div. IV B ............................... 36
HIST 1350 Div. II B ................................................. 3
HIST 1351 Div. II B (required) .................................. 3
POLS 1510 Div. II B (required) .................................. 3
PSY 4230 Psy. of Adolescence .................................. 3
Secondary Education students will be allowed to substitute
PSY 4230 to fulfill 3 s.h. of Div. III.

PROFESSIONAL EDUCATION REQUIREMENTS [page 115]
CHEM 4011 (3 s.h.) fulfills 2 s.h. of Special Methods in major field and 1 s.h. of Secondary Field Experience II in major field .......................... 28

MINIMUM TOTAL .................................. 124

Criminal Justice majors must take CJ 3400 and CJ 4302 as departmentally approved electives in the major. This program is also listed in the Biology department

CHEM 1103 Introduction to the Sciences: Chemistry (3) Beginning course emphasizing properties of inorganic materials, for those needing no additional chemical training. Laboratory not included. Not available to those with credit in CHEM 1104.

CHEM 1104 Introduction to the Sciences: Chemistry (4) Beginning course emphasizing properties of inorganic materials, for those needing no additional chemical training beyond CHEM 2650. Laboratory included. Not available to those with credit in CHEM 1103. An additional fee is associated with this course.

CHEM 1131 General Chemistry I (5) A first course in chemistry for those expecting to major or minor in chemistry, teach chemistry, or take pre-professional curricula. Includes laboratory experience. Prerequisite: a score of 17 on the mathematics section of the ACT, or 550 on the mathematics section of the SAT, or a passing score on a mathematics examination approved by the Department of Chemistry and Physics or a grade of C or better in MATH 1111. An additional fee is associated with this course.

CHEM 1132 General Chemistry II (5) A continuation of CHEM 1131. Includes laboratory experience. Prerequisite: CHEM 1131. An additional fee is associated with this course.

CHEM 2650 Elementary Organic and Biochemistry (5) A brief introductory course in organic chemistry and fundamental concepts of biochemistry with emphasis on physiological, nutritional, and comparative aspects. Includes laboratory experience. May not be used for credit in chemistry major and minor programs on the Bachelor of Arts and Bachelor of Science degrees. Prerequisite: CHEM 1104 or CHEM 1132. An additional fee is associated with this course.

CHEM 3111 Intermediate Inorganic Chemistry (4) An intermediate level inorganic course with emphasis on main group and organometallic chemistry. Laboratory included. Prerequisites: CHEM 1132 and CHEM 2650, or CHEM 3342. An additional fee is associated with this course.

CHEM 3212 Quantitative Analysis (3) Application of chemical principles to the separation and determination of elements and compounds. Laboratory practice in basic techniques of gravimetric, volumetric, and instrumental analysis. Prerequisite: CHEM 1132. An additional fee is associated with this course.

CHEM 3341 Organic Chemistry I (4) A lecture and laboratory course in the chemistry of carbon compounds. Prerequisite: CHEM 1132 or concurrently. An additional fee is associated with this course.

CHEM 3342 Organic Chemistry II (4) A continuation of CHEM 3341. Prerequisite: CHEM 3341. An additional fee is associated with this course.

CHEM 3500 Elements of Physical Chemistry (4) Development of principles and conceptual models of physical chemistry with minimal mathematical rigor with emphasis on practical applications and laboratory experience. Prerequisites: MATH 1111 or MATH 1150 or MATH 1151; CHEM 3341.

CHEM 3920 Communication Skills in Chemistry (2) Techniques for searching the chemical literature, writing scientific reports and papers, and making effective oral presentations using audiovisual aids to effectively convey technical ideas and information. Prerequisite: a minimum of 17 semester hours of chemistry. Students are encouraged to enroll during their junior year.

CHEM 4010 Special Topics in Chemistry (1-3) Topics of contemporary significance not given in-depth coverage in regularly offered courses. May be repeated as the topic is changed. Prerequisite: consent of instructor.

CHEM 4011 Methods of Teaching Physical Science* (3) Provides the teacher education candidate with skills and resources for the teaching of science. Students will learn a variety of strategies for both laboratory and classroom instruction. Prerequisite: Admission to Teacher Education Program. *Not available for graduate credit.

CHEM 4111 Advanced Inorganic Chemistry (4) An advanced study of inorganic compounds with a focus on the transition elements, current issues and modern laboratory techniques. Prerequisites: CHEM 3111; CHEM 4532 or concurrently. An additional fee is associated with this course.

CHEM 4231 Instrumental Analysis (4) A study, including applications, of instrumental methods of chemical analysis. Prerequisites: PHYS 2122, PHYS 2124, or PHYS 1102 and CHEM 3212. An additional fee is associated with this course.

CHEM 4313 Modern Organic Analysis* (4) A lecture and laboratory course emphasizing the instrumentation used for physical organic measurements and the identification of organic compounds. Prerequisites: CHEM 4532 or concurrently and CHEM 3342. An additional fee is associated with this course. *Not available for graduate credit.

CHEM 4421 Biochemistry* (4) A study, including laboratory experience, of the chemical composition of living matter and the chemistry of life processes. Topics include proteins, carbohydrates, lipids, nucleic acids, and metabolism. Prerequisite: CHEM 3342. An additional fee is associated with this course. *Not available for graduate credit.

CHEM 4531 Physical Chemistry I (4) Kinetic-molecular theory of gases, thermodynamics, chemical equilibria, and chemical kinetics. Laboratories are project-based and include calorimetry and spectroscopy. Prerequisites: PHYS 2122, PHYS 2124, or PHYS 1102, AMTH 1151 and CHEM 3212. An additional fee is associated with this course.

CHEM 4532 Physical Chemistry II (4) Quantum mechanics, atomic and molecular structure, spectroscopy, electrical and magnetic properties of molecules. Laboratories include atomic and molecular spectroscopy, molecular modeling, and mathematical modeling. Prerequisite: CHEM 4531.

CHEM 4900 Chemical Research for Teachers* (1-2) Faculty supervised project terminating in a written and oral report. One semester assisting in or preparing materials for a chemistry laboratory course, prior to student teaching, also recommended. Prerequisites: CHEM 3212 and consent of instructor. *Not available for graduate credit.
CHEM 4910 Research in Chemistry (1-5) Individual work on a chemical research project under supervision of a staff member. Project will terminate in a written and oral presentation. May be repeated for a maximum of 10 semester hours. Prerequisite: Consent of instructor and department.

CHEM 4911 Special Problems in Chemistry (1-3) Individual work under supervision of a staff member. May be repeated for a maximum of 3 semester hours. Prerequisite: consent.

PHYSICS

Functional Major, Bachelor of Science in Education Degree
Certification to teach physics in grades 9-12 (41-486)
The graduate with a Bachelor of Science in Education degree in Physics will use the knowledge and skills obtained in the program to:
• Collect, analyze and apply information to solve problems (managing information & higher-order thinking);
• Use various laboratory techniques and/or instruments with understanding, accuracy, precision and safety (technology);
• Think logically within a physics framework and be receptive to new ideas and concepts (higher-order thinking);
• Use the language and concepts of physics to communicate effectively in oral and written form, to follow detailed instructions, and to function in independent and collaborative settings (communicating and interacting);
• Exhibit the ethical use of knowledge, materials and procedures that demonstrate an impact on society (valuing);
• Manage a secondary education program in physics, that has a laboratory emphasis, with confidence, enthusiasm, efficiency, and safety.

COOPERATIVE ENGINEERING 3-2

Functional Major, Bachelor of Arts Degree (42-395)
The University of Central Missouri offers cooperative five-year engineering programs leading to a Bachelor of Arts degree in physics from UCM and a Bachelor of Science degree in engineering from any school listed by the Accreditation Board for Engineering and Technology (ABET) upon satisfactory completion of the program at the ABET institution. Any student electing to enter the five-year program must apply for a degree audit at the close of the sophomore year indicating upon application plans to complete the cooperative plan at another institution and name the institution. For details, consult the Chair of the Chemistry and Physics Department. For the first three years, students should complete the following program.

Sem. Hours

FUNCTIONAL MAJOR REQUIREMENTS .................................................. 65

PHYS 2121 University Physics I ............................ 5
PHYS 2122 University Physics II ........................... 5
PHYS 3012 Elec. Measurements Laboratory ............... 2
PHYS 3211 Analytical Mechanics I .......................... 3
PHYS 3311 Electric Circuit Theory .......................... 3
PHYS 4212 Analytical Mechanics II ........................ 3
PHYS 4411 Thermodynamics ................................. 3
CHEM 1131 General Chemistry I .......................... 5
CHEM 1132 General Chemistry II ........................ 5
COMA 1000 Public Speaking ................................... 3
MATH 1151 Calculus & Analytic Geometry I ............... 5
MATH 1152 Calculus & Analytic Geometry II ............. 5
MATH 2153 Calculus & Analytic Geometry III .......... .... 3
MATH 3151 Differential Equations .......................... 3

GRAP 1110 Fundamentals of Drafting ....................... 2
ECON 1001 Principles of Microeconomics .................. 3
ECON 1011 Principles of Macroeconomics .................. 3

Students whose high school preparation is inadequate should take PHYS 1101 during their first year at UCM.

Depending upon major engineering area, the student should consider taking PHYS 3511, PHYS 3611, PHYS 4513, PHYS 4312 and/or PHYS 4711. Students should check major requirements of the transfer university.

MINOR NOT REQUIRED

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the functional major, COMA 1000 fulfills 3 s.h. of Div. I B; MATH 1151 fulfills 3 s.h. of Div. I C; PHYS 2121, PHYS 2122, CHEM 1131, and CHEM 1132 are allowed to fulfill 7 s.h. of Div. II A; T&OE 1010 fulfills 3 s.h. of Div. II B; the Modern Language Requirement fulfills 3 s.h. of Div. II C) ...................... 29

MODERN LANGUAGE REQUIREMENT ............................................. 3-9

Refer to Bachelor’s Degree Requirements section for fulfillment options.

MINIMUM TOTAL AT UCM .......................................................... 97

PHYS 1101 College Physics I (4) Properties of matter, mechanics, sound, and heat. Laboratory required. Prerequisites: MATH 1111 or consent of the instructor. PHYS 1104 is recommended for students whose background in science and/or mathematics is limited.

PHYS 1102 College Physics II (4) Electricity, magnetism, light, and atomic and nuclear physics. Laboratory required. Prerequisite: PHYS 1101.
PHYS 1103 Introduction to the Sciences: Physics (3) An introduction to physics. Topics include mechanics, energy, heat, sound, electricity, magnetism, light, atomic and nuclear physics, relativity, and astrophysics. Laboratory not included. Not available to those with credit in PHYS 1104.

PHYS 1104 Introduction to the Sciences: Physics (4) An introduction to physics. Topics include mechanics, energy, heat, sound, electricity, magnetism, light, atomic and nuclear physics, relativity, and astrophysics. Laboratory included. Not available to those with credit in PHYS 1103.

PHYS 1123 Elementary Physics Laboratory I (1) Laboratory experiments in mechanics, heat, and waves. Does not fulfill requirements for any physics degree. Prerequisite: PHYS 2123 or concurrently.

PHYS 1124 Elementary Physics Laboratory II (1) Laboratory experiments in electricity, magnetism, optics, and radioactivity. Does not fulfill requirements for any physics degree. Prerequisite: PHYS 2124 or concurrently.

PHYS 2020 Analytic Methods for Physics and Engineering (3) Technique development and application of topics necessary to describe physical problems in the physics and pre-engineering curricula including coordinate systems, vectors and vector operators, series expansions, complex numbers, partial derivatives, special functions, and ordinary differential equations. Prerequisite: PHYS 2121.

PHYS 2121 University Physics I (5) Kinematics, dynamics, statics, rotational motion, elasticity, periodic motion, fluids, and heat. Laboratory required. Prerequisites: PHYS 1101 or consent of department, and MATH 1151.

PHYS 2122 University Physics II (5) Wave motion, sound, electricity and magnetism, electromagnetic waves, and optics. Laboratory required. Prerequisites: PHYS 2121 and MATH 1152.

PHYS 2123 University Physics I (4) Kinematics, dynamics, statics, rotational motion, elasticity, periodic motion, fluids, and heat. Laboratory not included. Does not fulfill requirements for any physics degree. Prerequisites: PHYS 1101 or consent of department, and MATH 1151.

PHYS 2124 University Physics II (4) Wave motion, sound, electricity and magnetism, electromagnetic waves, and optics. Laboratory not included. Does not fulfill requirements for any physics degree. Prerequisites: PHYS 2121 or PHYS 2123; MATH 1152.

PHYS 3012 Electrical Measurements Laboratory (2) Basic electrical and magnetic measurements from DC to radio frequencies, including electric transients and calibration procedures. Introductory experiments using analog and digital circuits. Corequisite: PHYS 3311.

PHYS 3020 Special Topics in Physics (1-4) Study, interpretation, and discussion of special topics and problems in physics. May be repeated for a maximum of 6 semester hours. Prerequisite: consent of instructor.

PHYS 3040 Practicum in Physics Laboratory Management (1-5) The student will assist with all aspects of an undergraduate physics laboratory at the appropriate level, including answering student questions, preparing equipment, and grading. The student will also be expected to prepare and present two or three introductory lectures for the laboratory, critique materials and methods presently in use, and suggest, design, and produce written materials for a new experiment. May be repeated for a maximum of 3 semester hours. Prerequisite: consent of department.

PHYS 3080 Advanced Physics Laboratory (1-3) Experimental activities in optics, solid state, atomic, and nuclear physics. Modern instrumentation and analysis methods. May be repeated for a maximum of 6 semester hours. Prerequisite: PHYS 2122.

PHYS 3211 Analytical Mechanics I (3) Cartesian and curvilinear coordinate systems, vector operations, conditions of equilibrium, equivalent force systems, moments, couples, centroids, trusses, shear force and bending moment, friction. Prerequisites: PHYS 2121 and MATH 1152.

PHYS 3311 Electric Circuit Theory (3) The basic principles of circuit analysis including Kirchhoff’s laws, network theorems, equivalent circuits, transients, and AC circuits. Prerequisite: PHYS 2122.

PHYS 3511 Modern Physics I (3) Special and general relativity; quantized nature of energy and matter; structure and properties of the atom; matter waves; uncertainty principle; Schrodinger equation and its applications. Prerequisites: PHYS 2122 and MATH 2153 or concurrently. Corequisite: PHYS 3080.

PHYS 3512 Modern Physics II (3) Applications of basic and intermediate level quantum physics to atoms, molecules, nuclei, solids, and elementary particles. Includes quantum statistical physics. Prerequisites: PHYS 3511 and MATH 2153. Corequisite: PHYS 3080.

PHYS 3611 Optics (3) Wave optics, including the principles of superposition, interference, diffraction, polarization, and dispersion. Introduction to quantum optics. Prerequisites: PHYS 2122 and MATH 2153. Corequisite: PHYS 3080.

PHYS 4212 Analytical Mechanics II (3) Using a vector analysis, a study is made of kinematics; motion of a particle; kinetics of rigid bodies; work and energy, impulse and momentum; impact. Prerequisites: PHYS 3211 and MATH 2153.

PHYS 4312 Electricity and Magnetism (3) Electric and magnetic fields using vector analysis, dielectrics, vector potential, Coulomb’s law, Gauss’ law, Laplace’s equation, and Maxwell’s equations. Prerequisites: PHYS 2122 and MATH 2153.

PHYS 4411 Thermodynamics (3) Properties of gases, kinetic theory of gases; laws of thermodynamics; entropy and introduction to statistical thermodynamics. Prerequisites: PHYS 2122 and MATH 2153 or concurrently.

PHYS 4512 Introduction to Quantum Mechanics (3) Experimental basis; fundamental postulates; Schrödinger wave equation; superposition of states; calculation of energy, position, momentum; hydrogen atom; identical particles; perturbation theory. Prerequisites: PHYS 3511 and MATH 2153.

PHYS 4711 Atomic and Nuclear Physics (3) Designed to use introductory quantum concepts and techniques as applied to the analysis of atoms and nuclei. Prerequisite: PHYS 3512.

PHYS 4911 Special Problems in Physics (1-3) Individual work under supervision of a staff member. Problems may be undertaken in any phase of physics. May be repeated for a maximum of 6 semester hours.

Integrative Studies General

IGEN 4236 Science and Religion: From Conflict to Dialogue* (3) A clarification of the historical and philosophical issues that arise in the relationship between science and religion. The course emphasizes a variety of interpretive viewpoints. *Not available for graduate credit.
Mathematics and Computer Science

Department of Mathematics and Computer Science

Statement of Policy

A course with a grade lower than a “C” will not be allowed to fulfill a major or minor requirement in any program offered by the Department of Mathematics and Computer Science.

A student may enroll in a course offered by the Department of Mathematics and Computer Science only if a grade of at least “C” is earned in each of the course’s prerequisites taken.

MATHEMATICS

In the Department of Mathematics and Computer Science, the second digit in a course number with a MATH prefix stands for the following:
- 0-Unclassified
- 1-Analysis
- 2-Geometry
- 3-Statistics
- 4-Discrete Mathematics
- 5-Actuarial Science
- 6-General Education
- 7-Modern Algebra
- 8-Mathematics Education
- 9-Research and Special Problems.

ACTUARIAL SCIENCE AND MATHEMATICS

Functional Major, Bachelor of Science Degree

(43-475)

A graduate with a Bachelor of Science degree in Actuarial Science and Mathematics will use the knowledge and skills obtained in the program to:
- Integrate and apply knowledge in the areas of mathematics, statistics, finance, and economics.
- Develop an aptitude for problem solving and apply mathematical, statistical, and financial models in the actuarial area.
- Develop critical thinking skills and the ability to study independently.
- Interpret and utilize precise mathematical language involving definitions, statements, and proofs.
- Examine, describe, and represent functions of various types using analysis techniques.
- Solve a variety of mathematics problems and applications using analytic, numeric, and graphing techniques.
- Think logically, develop algorithms, implement the algorithms in an appropriate computer language, and solve problems with the algorithms.
- Value mathematics and actuarial science for their diverse and related contributions to mathematically based disciplines.
- Achieve a score of at least 3 on the Society of Actuaries Course 1 exam and prepare for Course 2 and part of Course 3 and Course 4.
- Establish a career in actuarial science, mathematics, or related fields and prepare for entry-level positions in business, industry, government, or public education.
- Prepare for graduate study in mathematics, actuarial science, or related fields.

NOTE: Candidates for this degree must: (1) achieve a score of 3 or above in course P of the Actuarial Examination Series and (2) possess a 3.00 grade-point average overall and in the major.

MATHEMATICS

Minor, Bachelor of Science in Education Degree

Certification to teach mathematics in grades 5-9 with a middle school-junior high major.

Elementary education functional majors 1-6 may use this as an area of concentration.

A graduate with a Mathematics Minor for a Bachelor of Science in Education degree will use the knowledge and skills obtained in the program to:

• Teach mathematics to a diverse population of 5-9 learners by applying relevant learning theories, using a variety of teaching strategies, and incorporating materials, technology, and resources.

• Understand the appropriate uses of technology as tools for representing mathematical ideas, investigating patterns, testing conjectures, and representing data.

• Communicate his/her mathematical thinking coherently, analyze and evaluate the mathematical thinking of others, and use the language of mathematics to express mathematical ideas precisely.

• Use representations to model and interpret physical, social, and mathematical phenomena.

• Understand how mathematical ideas interconnect and build on one another to produce a coherent whole and apply mathematics in contexts outside of mathematics.

MINOR REQUIREMENTS ............................... 25

GENERAL EDUCATION REQUIREMENTS (pages 34-43) In the minor, MATH 1151 is allowed to fulfill 3 s.h. of Div. I C

Analysis

MATH 1101 Intermediate Algebra (3) The properties of real numbers, polynomials, rational exponents, radicals, functions, and systems of equations. Prerequisite: high school credit in basic algebra or AE 1030. Placement according to University policy applies.

MATH 1111 College Algebra (3) Continuation of algebra including such topics as linear and quadratic equations, linear and quadratic inequalities, second degree relations and functions, systems of equations and inequalities, and exponential and logarithmic functions. Prerequisite: high school program including advanced algebra or MATH 1101.
MATH 1112 College Trigonometry (2) Elementary trigonometric functions, identities, trigonometric equations, multiple angle formulas, and general triangle solutions. Prerequisite: a high school program including advanced algebra and one unit of geometry; or MATH 1111 or concurrently.

MATH 1131 Applied Calculus (3) The fundamental skills and concepts of calculus with an emphasis on applications in engineering, science and technology. Prerequisite: a high school program including one unit of advanced algebra and one unit of geometry, or MATH 1111.

MATH 1150 Pre-Calculus Mathematics (4) Pre-calculus concepts in algebra and trigonometry for the student with an above average preparation in high school mathematics. Prerequisite: a high school program including advanced algebra, one unit of geometry, and one-half unit of trigonometry. Placement according to University policy applies.

MATH 1151 Calculus and Analytic Geometry I (5) A combined course in calculus and analytic geometry. Prerequisite: a high school program including advanced algebra, one unit of geometry, and one-half unit of trigonometry; or MATH 1112 or MATH 1150.

MATH 1152 Calculus and Analytic Geometry II (5) A continuation of MATH 1151. Prerequisite: MATH 1151.

MATH 2153 Calculus and Analytic Geometry III (3) A continuation of MATH 1152.

MATH 3151 Differential Equations (3) Presents techniques of solving ordinary differential equations with applications to physics and engineering. Prerequisite: MATH 2153.

MATH 3160 Advanced Applied Calculus (3) Differential and integral calculus of functions of several variables, vector differential and integral calculus, and Fourier series. Prerequisite: MATH 3710 or consent of Chairperson and MATH 2153.

MATH 4180 Advanced Calculus (3) A rigorous approach to the fundamental concepts of differential calculus, integral calculus, and infinite series. Prerequisites: MATH 2153 and MATH 3710.

MATH 2221 Foundations of Geometry (3) An emphasis on the techniques of proof and constructions in geometry, the properties of a set of postulates, a brief review of Euclidean geometry, and the study of other geometries. Prerequisite: One unit of high school geometry.

MATH 3221 College Geometry (3) Modern Euclidean geometry, geometric transformations, advanced Euclidean constructions, constructible numbers, extension fields and the three impossible problems of antiquity. Prerequisite: MATH 2221.

MATH 4211 Introduction to Topology (3) Introduces the concept of point set topology. Includes the study of the real number line, the real plane, metric spaces, topological spaces, continuity, connectedness, compactness, product spaces, and separation properties. Prerequisite: MATH 3720.

MATH 2310 Applied Statistics (3) Applied statistical models and methods with an emphasis on regression analysis, time series analysis and forecasting. Prerequisite: MATH 1152.

MATH 3311 Introduction to Mathematical Statistics (3) Basic concepts of probability and statistics. Prerequisite: MATH 1151. Corequisite: MATH 2410 or CS 1400.

MATH 4312 Probability Models (3) An in-depth study of probability theory and stochastic processes with their applications in fields such as computer science, management science, social science, and operations research. Prerequisites: MATH 2153 and MATH 3311.

MATH 2410 Discrete Mathematics (3) Basic concepts of logic, mathematical proof techniques, sets and relations, functions, mathematical induction and recursive algorithms, principles of counting, permutations and combinations, discrete probability theory, integers and algorithms. Prerequisite: high school program including advanced algebra or MATH 1111.

MATH 4450 Introduction to Graph Theory (3) Basic graph theory concepts: connectivity, trees, matchings, graph coloring, Eulerian and Hamiltonian graphs, distance, planarity, and network flows. Prerequisite: MATH 2410 or CS 2400.

MATH 4501 Actuarial Exam Review-Problem Set I (1) Problems from calculus, analytic geometry, and probability that apply to actuarial science. Prerequisite: MATH 4312.

MATH 4511 Actuarial Exam Review-Problem Set II (1) Problems from math of finance, financial management, and micro- and macroeconomics. Prerequisites: MATH 4510, FIN 3861, FIN 4817, and ECON 1010.

MATH 4520 Life Contingencies (3) Theory and applications of contingency mathematics in the areas of life and health insurance, annuities and pensions. Prerequisites: MATH 4312 and MATH 4510.

MATH 4530 Actuarial Modeling (3) Actuarial concepts, principles, and techniques that are used in insurance modeling including loss distributions, aggregate loss models, credibility theory, and simulations. Prerequisite: MATH 4312.

MATH 1800 Introduction to Teaching Elementary and Middle School Mathematics (2) A six-week course focusing on the concepts and methods of teaching mathematics in both elementary and middle school. Prerequisite: MATH 1620.

MATH 1850 Orientation Seminar (0.5) Five 90-minute seminars will acquaint students majoring in secondary mathematics education with courses, portfolio assessment, interview process, standardized tests and professional organizations.

MATH 2802 Concepts and Methods in Middle School Mathematics (3) A nine-week course focusing on the concepts and methods of teaching mathematics in grades 5-9. Corequisite: MATH 1800.

MATH 3812 Mathematics in the Integrated Middle School Curriculum (3) An emphasis on integrating mathematics with other subject areas at the middle school level. A focus on relationships between mathematics and other subject areas together with investigation of relevant applications of mathematics outside the classroom. Prerequisites: MATH 1620 and completion of 9 semester hours in minor teaching field.
MATH 3840 Strategies in Teaching Middle School Mathematics (3) An investigation of techniques, problems, and issues involved in the teaching of middle school mathematics. Involves both lecture and field experience. Not applicable to major requirements for secondary majors. Prerequisite: MATH 2802.

MATH 3850 Strategies in Teaching Secondary Mathematics (3) An investigation of instructional strategies, problems and issues relevant to the teaching of secondary mathematics. Prerequisites: MATH 1152, MATH 2221 and MATH 2410.

MATH 3890 Concepts and Methods of Teaching for Special Education (3) A survey of concepts and methods for teaching mathematics grades K-12 with particular attention to needs of special education inclusion students. Prerequisite: MATH 1620.

MATH 4820 Secondary Field Experience II* (1) Experiences in the secondary school classroom that provide the teacher candidate more advanced involvement in the teaching-learning process. Prerequisites: admission to Teacher Education Program; should be taken concurrently with MATH 4870 during the Professional Semester. *Not available for graduate credit.

MATH 4821 Elements of Algebra (3) Basic concepts of algebra adapted to the needs of elementary teachers. May be taken for graduate credit by elementary teachers only. Prerequisite: MATH 2802.

MATH 4822 Elements of Geometry (3) Concepts and relationships of geometry adapted to the needs of elementary/middle school teachers. Available for graduate credit to elementary teachers only. Prerequisite: MATH 2802.

MATH 4823 Introduction to Infinite Processes (5) Transition from the concepts of elementary analysis to the infinite processes which form the foundation for the calculus. Open only to elementary and middle school/junior high education majors in the B.S. in Ed. and Master of Science in Education degrees. Prerequisites: MATH 4821 and MATH 4822.

MATH 4851 Probability and Statistics for Middle/High School Mathematics (3) A course focusing on the concepts and methods of teaching probability and statistics in the middle and high school mathematics program. Not available for graduate credit for M.S. Mathematics. Prerequisites: MATH 4821 and MATH 4822 or MATH 1151.

MATH 4870 Methods of Teaching Mathematics* (2) Prerequisites: admission to Teacher Education Program; double majors must take a methods course for each major; methods should be taken concurrently with MATH 4820 during the Professional Semester. *Not available for graduate credit.

MATH 4871 Algebraic Concepts for Teachers (3) The properties and language of sets, functions, groups, rings, integral domains, and fields. Recommended for middle school/junior high school teachers. Will not satisfy requirements on undergraduate programs where MATH 3720 is a requisite. Prerequisite: MATH 4821 or equivalent course in college algebra.

MATH 4890 Mathematics for Special Education (2) Individual and small group investigation of concepts and procedures appropriate for instruction of mathematics to all special needs children. Prerequisite: EDSP 2100; and MATH 2801 or MATH 2802 or MATH 3890.

Research and Special Problems

MATH 4910 Special Problems in Mathematics (1-3) Individual reading and research leading to an acceptable paper on some topic not included in the regular offerings of the department. May be repeated for a maximum of 3 semester hours. Prerequisite: mathematics major or MATH 3720 or consent.

MATH 4912 Internship in Mathematical Sciences (3-8) Opportunity for students to gain knowledge in areas of mathematical science, both theoretical and applied, that would not normally be included as a part of the department’s curriculum. Internship contract must be completed prior to beginning work/learning experience. May be repeated for a maximum of 16 semester hours. A maximum of 8 semester hours may be applied to any one degree. Prerequisite: consent of department Internship Committee and if taken for graduate credit, approval of graduate adviser.

Integrative Studies Capstone

ICAP 4233 The Scientific, Historical, and Sociological Impact of Mathematics* (3) Provides an opportunity to experience and understand the importance of mathematics in human development. Prerequisite: 15 semester hours of college mathematics. *Not available for graduate credit.

ICAP 4245 Actuarial Science Capstone Experience* (3) Integration of actuarial science topics and skills with topics from various other disciplines, including actuarial ethics, social roles, and the Code of Professional Conduct. Prerequisite: MATH 4520. *Not available for graduate credit.

COMPUTER SCIENCE

In the Department of Mathematics and Computer Science, the second digit in a course number with a CS prefix stands for the following: 0-Research and Special Problems, 1-Programming Languages, 2-Architecture, 3-Algorithms and Data Structures, 4-Numerical and Symbolic Computation, 5-Operating Systems, 6-Database and Information Retrieval, 7-Artificial Intelligence and Robotics, 8-Human-Computer Communication, 9-Software Engineering and Professional Issues.

COMPUTER SCIENCE

Functional Major, Bachelor of Science Degree (43-859)

A graduate with a Bachelor of Science degree in Computer Science will use the knowledge and skills obtained in the program to:

• Design, implement and analyze algorithms in appropriate contemporary computer programming languages (e.g. C/C++, Java, Visual Basic).

• Design and implement basic computing devices using theoretical and applied knowledge of digital logic design techniques.

• Design, implement and analyze computer systems using theoretical and applied knowledge of computer architecture and operating systems.

• Develop and maintain system software using theoretical and applied knowledge of compiler, systems programming and assembly programming languages.

• Develop and maintain medium to large scale application software using theoretical and applied knowledge of software engineering, interactive systems design, programming languages and computer graphics.

• Design, implement and analyze computer and communications networks using theoretical and applied knowledge of network programming, networks and mobile computing (e.g. TCP/IR network programming techniques).

• Design and implement database systems using theoretical and applied knowledge of discrete structures, data structures and relational database systems (e.g. Oracle, SQL, PHP).

• Design and analyze computer graphic systems using theoretical and applied knowledge of computer graphics (e.g. OpenGL) and apply it to practical applications (e.g. game design).

• Address the needs of society with a sense of professionalism.

• Adapt to a dynamic multidisciplinary technological environment through teamwork, ethical concerns, and effective communication.

• Enter a career in computer science related industry or for graduate study in computer science.

• Stay abreast of advancements in the area of computer science.

*Other elective options: Any valid Computer Science Functional Major’s electives, if the prerequisites are satisfied.

Research and Special Problems

CS 4000 Special Problems in Computer Science (1-3) Individual reading and research on some topics not included in the regular offerings of the department. May be repeated for a maximum of 3 semester hours. Prerequisite: CS 2300 or consent.

CS 4020 Internship in Computer Science (3-8) Opportunity for students to gain knowledge in areas of computer science, both theoretical and applied, that would not normally be included as part of the department’s curriculum. Internship contract must be completed prior to beginning work/learning experience. May be repeated for a maximum of 16 semester hours. A maximum of 8 semester hours may be applied to any one degree. Prerequisites: consent of department Internship Committee and if taken for graduate credit, approval of graduate adviser.

Programming Languages

CS 1100 Computer Programming I (3) An introduction to software design methodology using a modern high-level programming language. Topics include problem-solving techniques, high-level control structures and fundamental algorithms. Prerequisite: three units of high school mathematics or MATH 1101.

CS 1110 Computer Programming II (3) A continuation of CS 1100. Topics include advanced software design methodologies. Prerequisite: CS 1100 or consent of instructor.

CS 2100 Web Programming (3) Introduction to client-side Web Programming: HTML, XHTML, cascading style sheets (css), JavaScript, Web graphics, and Web browsers. Prerequisite: CS 1110 or consent of instructor.

CS 3100 Programming Languages (3) An overview of the main features of major programming languages. Various programming languages will be compared in their handling of variables, types, control structures, and input-output. Prerequisite: CS 2300.

CS 3110 Object-Oriented Programming (3) An introduction to object-oriented programming. Topics include objects, classes, inheritance, class extension, interfaces, polymorphism, and object-oriented design. Prerequisite: CS 1110 or consent of instructor.

Architecture

CS 2200 Introduction to Computer Organization (3) Logical structure of digital computers: representation of information, addressing mechanisms, storage and peripheral hardware, combinational and sequential logic design, assembly and system programming. Prerequisite: CS 1110.

CS 3200 Computer Architecture (3) Design alternatives in computer architecture including instruction set architectures, memory subsystem organization, interfacing concepts, interprocessor communication, datapath and control of a processor, and pipelining. Prerequisite: CS 2200.

Algorithms and Data Structures

CS 2300 Data Structures (3) An introduction to data representations and information structures including a variety of non-numerical algorithms and their applications. Linear lists, arrays, trees, multilinked structures and dynamic storage allocation are investigated. Prerequisite: CS 1110 or consent of instructor.

CS 4300 Algorithm Design and Analysis (3) Techniques needed to analyze algorithms. The application of these techniques to topics such as sorting, graph algorithms, fast Fourier transforms, dynamic programming, and NP-completeness. Prerequisite: CS 2300 and MATH 1151.

CS 4310 Theory of Computation (3) Includes finite-state automata, pushdown automata, and Turing machines. The topics of regular expressions, context-free languages, the halting problem, Post’s correspondence problem, P, NP, NP-completeness, and some NP-complete problems will be discussed. Prerequisite: CS 2400 or MATH 2410.
Numerical and Symbolic Computation

CS 1400 Discrete Structures I (3) Basic concepts of sets, mathematical induction, principle of inclusion-exclusion, logic, binary relations, relations and functions, sequences and subsequences, and the pigeon-hole principle. Prerequisites: High school mathematics including algebra or MATH 1111.

CS 2400 Discrete Structures II (3) Basic concepts: analysis of algorithms, graph theory, counting and combinatorics, discrete probability, and recurrence relations. Prerequisites: CS 1400 or MATH 2410.

CS 4400 Numerical Analysis I (3) Finite difference interpolation, numerical differentiation and integration, numerical solution of nonlinear equations, numerical solution of ordinary differential equations. Computational techniques stressed and extensive quantity of problems to be solved on a digital computer. Prerequisites: CS 1100 and MATH 1152.

CS 4410 Operations Research (3) Systems and models, including Random Number Process, (Monte Carlo Process) and Queueing Concepts. Combining these concepts into model building techniques. Prerequisites: CS 1100 and MATH 3311, or CS 2615 and FIN 2801.

CS 4420 System Simulation and Modeling (3) Model construction and simulation applied to problems taken from finance, statistics, sciences, communication networks and computer systems. Application projects using different simulation languages required. Prerequisites: CS 1100 and MATH 3311.

Software Engineering and Professional Issues

CS 4900 Compiler (3) Includes finite-state machines, top-down and bottom-up parsing, and syntax-directed translation. The topics of regular grammars, lexical analysis, LL(k) grammars, LR(k) grammars, syntax-directed translation schemes, and simple transducers will be discussed. Prerequisite: CS 3100

CS 4910 Software Engineering (3) General principles of software development with emphasis on design of software architectures, translation of high-level specification systems, process modeling, software optimization, formal methods and ethical issues. Prerequisite: CS 3100.

Integrative Studies Capstone

ICAP 4225 Computer Science Capstone Experience* (3) Integration of computer science topics from other disciplines, including studies in computer ethics, the social impact of computing, and the psychological issues of computer/human interfaces. Prerequisite: Senior standing in Computer Science. *Not available for graduate credit.
Military Science and Leadership

In the Department of Military Science and Leadership, the second digit in the course number stands for the following: 1-Freshman year, 2-Sophomore year, 3-Junior year, 4-Senior year, 5-Summer Camp.

Department of Military Science and Leadership Statement of Policy

The Army Reserve Officers’ Training Corps (ROTC) develops college-educated officers for the active Army and reserve components. It provides young men and women the opportunity to earn commissions as Army officers and at the same time work toward an academic degree.

There are two programs available, a four-year program and a two-year program, both culminating in a United States Army commission.

The four-year program is divided into two phases, Basic Military Science and Advanced Military Science. Basic Military Science is normally taken by students in their freshman and sophomore years. It provides instruction in the basic subject areas needed to establish a firm foundation in military skills. This foundation provides for continued professional development in the areas of leadership and management.

Advanced Military Science is normally taken during the junior and senior years. The program develops the student’s ability to express himself/herself clearly and accurately. It teaches leadership by both classroom theory and the practical application of directing individuals and small units in the execution of simulated tactical missions. While enrolled in Advanced Military Science, the student is paid a monthly financial allowance by the U.S. Army.

Freshmen and sophomores who are veterans with a minimum of four months active service, or reserve/national guard personnel who have completed basic training in any of the armed services, may be granted advanced ROTC placement, not to exceed two years, at the discretion of the Professor of Military Science and Leadership.

The two-year program is offered for students who have completed two years of college but have not completed a basic military science program or served on active duty with any of the armed services. Students attend a basic five-week summer training program at the end of their sophomore year. After successful completion of the basic camp, students will start Advanced Military Science with all the pay and entitlements of the four-year program cadet.

The U.S. Army Scholarship program provides an excellent way for young men and women to obtain assistance in financing a college education. All scholarships cover the cost of tuition, books, certain fees and educational supplies, as well as a monthly financial allowance. Additional scholarship information is available from the Department of Military Science and Leadership.

To qualify for a commission as a Second Lieutenant, a student must comply with all terms of his/her contract; successfully complete Basic Military Science or equivalent; successfully complete MS 3310, MS 3320, MS 3330, MS 3340, MS 4410, MS 4420, MS 4430, MS 4440 and MS 4510; complete all University requirements for a bachelor’s degree; meet the physical standards of current U.S. Army regulations and agree to accept an Active Army, Army National Guard or Army Reserve duty assignment. Additionally, candidates for a commission must complete at least one course from each of the following Professional Education subject areas: Written Communications, Computer Literacy and Military History. A list of approved courses for each of the Professional Education subject areas may be obtained from the Department of Military Science and Leadership.

MS 1110 Leadership and Personal Development (2) Introduce military mountaineering, basic first aid and leadership fundamentals. Students learn how life skills such as goal setting, and physical fitness relate to leadership and the Army profession. Only offered Fall semester.

MS 1120 Introduction to Tactical Leadership (2) Introduce land navigation and compass skills. Overviews leadership fundamentals of problem-solving, listening, briefing, and written and oral communication. Explores leadership values, attributes, skills, and actions through hands-on and interactive exercises. Laboratory is required. Only offered Spring semester. Prerequisites: MS 1110 or consent of Department Chair.

MS 2210 Innovative Team Leadership (2) Teach rappelling, basic survival techniques, and land navigation. Explores creative and innovative tactical leadership. Develops personal motivation and team building in the context of planning, executing, and assessing team exercises. Laboratory is required. Only offered Fall semester. Prerequisite: MS 1120 or equivalent or consent of the Department Chair.

MS 2220 Foundations of Tactical Leadership (2) Continue skills in rappelling, one-ropes bridges, and land navigation. Introduces squad tactics; highlights terrain analysis, patrolling, and operation orders; addresses challenges of leading; and continues exploring adaptive leadership. Laboratory is required. Only offered Spring semester. Prerequisite: MS 2210 or equivalent or consent of the Department Chair.

MS 2510 Basic Summer Camp (3) Substitutes for the first two years of military science courses. Course is conducted during the summer for a period of five weeks. Transportation, room, board, military clothing and a salary are provided. Interested students should contact the Professor of Military Science between January and March of their sophomore year. Prerequisite: departmental consent.

MS 3310 Adaptive Tactical Leadership (3) Concentrate on the principles and techniques of military operations and leadership through study, practice, and evaluation as students are presented with scenarios related to tactical operations. Focuses on development through self-evaluation and feedback. Only offered Fall semester. Prerequisite: MS 2220. Corequisite: MS 3330.

MS 3320 Leadership in Changing Environments (3) Concentrate on the principles, fundamentals, and techniques of leadership at small unit or organization levels with increasingly intense situational leadership challenges to build cadet awareness and skills in leading tactical operations up to platoon level. Only offered Spring semester. Prerequisites: MS 3310 and MS 3330. Corequisite: MS 3340.
MS 3330 Introduction to the Army Physical Fitness Program (2)
Basic components of fitness and an overview of the principles of exercise. Only offered Fall semester.

MS 3340 Concepts in Fitness Training Development (2)
Development of the unit physical fitness program with an in-depth analysis of the principles of fitness and exercise. Only offered Spring semester. Prerequisite: MS 3330.

MS 4410 Developing Adaptive Leaders* (3) Develop proficiency in planning, executing, and assessing operations, staff operations, and leading and counseling subordinates. Teaches risk assessment, making ethical decisions, military justice, and personnel processes helping cadets transition to officers. Only offered Fall semester. Prerequisites: MS 3320 and MS 3340. Corequisite: MS 4430. *Not available for graduate credit.

MS 4420 Leadership in a Complex World* (3) Explore leading in the complex situations in the contemporary operating environment (COE). Teaches customs and courtesies, military law, principles of war, and rules of engagement. Discusses non-government organizations, civilians on the battlefield, and host nation support. Only offered Spring semester. Prerequisites: MS 4410 and MS 4430. Corequisite: MS 4440. *Not available for graduate credit.

MS 4430 Management of the Unit Fitness Program* (2) Alternate athletic activities and risk assessment planning. Only offered Fall semester. Prerequisite: MS 3340. *Not available for graduate credit.

MS 4440 The Army Master Fitness Training Program* (2) Administration of the unit fitness program with emphasis on the regulatory requirements governing the unit fitness program. Only offered Spring semester. Prerequisite: MS 4430. *Not available for graduate credit.

MS 4500 Current Military Trends* (3) Enhance knowledge and proficiency in officership through exploration of military trends and scenarios to produce military officers who are better prepared for their first duty assignment. Prerequisite: MS 4420. *Not available for graduate credit.

MS 4510 Advanced Summer Camp* (3) Five weeks of advanced summer camp experience for advanced military science students. Required for completion of military science program and commissioning. Students receive financial assistance. Prerequisite: MS 3320 and departmental consent. *Not available for graduate credit.

MS 3330 Introduction to the Army Physical Fitness Program (2)
Basic components of fitness and an overview of the principles of exercise. Only offered Fall semester.

MS 3340 Concepts in Fitness Training Development (2)
Development of the unit physical fitness program with an in-depth analysis of the principles of fitness and exercise. Only offered Spring semester. Prerequisite: MS 3330.

MS 4410 Developing Adaptive Leaders* (3) Develop proficiency in planning, executing, and assessing operations, staff operations, and leading and counseling subordinates. Teaches risk assessment, making ethical decisions, military justice, and personnel processes helping cadets transition to officers. Only offered Fall semester. Prerequisites: MS 3320 and MS 3340. Corequisite: MS 4430. *Not available for graduate credit.

MS 4420 Leadership in a Complex World* (3) Explore leading in the complex situations in the contemporary operating environment (COE). Teaches customs and courtesies, military law, principles of war, and rules of engagement. Discusses non-government organizations, civilians on the battlefield, and host nation support. Only offered Spring semester. Prerequisites: MS 4410 and MS 4430. Corequisite: MS 4440. *Not available for graduate credit.

MS 4430 Management of the Unit Fitness Program* (2) Alternate athletic activities and risk assessment planning. Only offered Fall semester. Prerequisite: MS 3340. *Not available for graduate credit.

MS 4440 The Army Master Fitness Training Program* (2) Administration of the unit fitness program with emphasis on the regulatory requirements governing the unit fitness program. Only offered Spring semester. Prerequisite: MS 4430. *Not available for graduate credit.

MS 4500 Current Military Trends* (3) Enhance knowledge and proficiency in officership through exploration of military trends and scenarios to produce military officers who are better prepared for their first duty assignment. Prerequisite: MS 4420. *Not available for graduate credit.

MS 4510 Advanced Summer Camp* (3) Five weeks of advanced summer camp experience for advanced military science students. Required for completion of military science program and commissioning. Students receive financial assistance. Prerequisite: MS 3320 and departmental consent. *Not available for graduate credit.

School of Technology

AUTOMOTIVE TECHNOLOGY MANAGEMENT
Functional Major, Bachelor of Science Degree (43-838)
The graduate with a Bachelor of Science degree in Automotive and Power Technology will use the knowledge and skills obtained in the program to:

• Research, prepare and present both oral and written reports on technical or management subjects related to his/her area of specialization.

• Identify, analyze and solve technical or management problems related to his/her field of specialization.

• Function effectively as a participating member of a work group to accomplish a particular goal.

• Demonstrate desirable work habits and professional and conscientious attitudes in his/her particular areas of instruction through participation in professional activities and organizations, and leadership activities both in and out of the classroom.

• Demonstrate a mastery of skill beyond the entry level related to one or more areas of technical, management or marketing specialties in the major area of study.

• Demonstrate technical and general knowledge required in occupational work areas related to the major field of study.

FUNCTIONAL MAJOR REQUIREMENTS .......................... 77
Students must receive a grade of C or higher in all required courses with the PR&T prefix in order for the course to count toward the major.

**General**

PR&T 1010 Power Mechanics (3: 2 lecture, 1 lab) Power sources and methods of transferring power. Theory of internal combustion engines. Laboratory experiences with emphasis on small gasoline engines. Each student must disassemble and overhaul at least one engine.

PR&T 3010 Transportation Systems (3) Characteristics and significance of transportation technology as applied to people, their society and economic systems, analyzed through a review of water, highway, rail, air and pipeline transport.

PR&T 4025 Motorcycle Systems Maintenance (3: 2 lecture, 1 lab) Theory, maintenance and repair of motorcycles and systems. Special emphasis on diagnostics, repair, and adjustment procedures. Students will need to provide a motorcycle.

PR&T 4032 Hydraulics and Pneumatics (3: 2 lecture, 1 lab) Fluid power principles with practical application of hydraulics, pneumatics, and fluids. Prerequisites: MATH 1111 or INDT 1040.

PR&T 4038 Advanced Hydraulics (3) Hydraulic system analysis and troubleshooting along with servo and electronic control theory and application. Prerequisite: PR&T 4032.

**Automotive**

Each student enrolled in an automotive course is expected to pay a shop fee to cover the cost of consumable supplies which cannot be conveniently charged to a particular project. In addition, each student will provide appropriate vehicle(s) with necessary materials and replacement parts for assigned laboratory experiences.

PR&T 2110 Engine Theory and Maintenance (4: 3 lecture, 1 lab) Examines through practical application the theories of operation, construction, maintenance, disassembly, and assembly of motor vehicle engines and their supporting systems. Emphasis on operating principles and maintenance procedures. Prerequisite: PR&T 1010 or background experience.

PR&T 2130 Automotive Electrical Systems (4: 2 lecture, 2 lab) Procedures for testing, adjusting, repairing, and servicing of electrical components in automotive charging, starting, ignition, and accessory systems. Prerequisite: PR&T 1010 or concurrently.

PR&T 2132 Fuel Systems and Emission Controls (4: 2 lecture, 2 lab) Fuel and related emission control systems. Basic carburetion, fuel injection, and emission control devices. Prerequisite: PR&T 2130.

PR&T 2150 Mobile Heating, Ventilating, Air-Conditioning (Mobile HVAC) (3: 2 lecture, 1 lab) Designed to introduce technicians to mobile heating, ventilation, and air-conditioning systems.

PR&T 3110 Automotive Engine Overhaul (4: 1 lecture, 3 lab) Theory and practice of disassembling, cleaning, inspecting, and repairing automotive engines. Removal and overhaul of engine according to accepted industry practice is a required activity for each student in the course. Prerequisite: PR&T 2110 or PR&T 3120 or AGRI 3200.

PR&T 3120 Steering and Suspension Systems (4: 2 lecture, 2 lab) Classroom and laboratory activity in the diagnosis, service and repair of automotive steering and suspension systems. Prerequisite: PR&T 1010 or background experience.

PR&T 3124 Automotive Braking Systems (4: 2 lecture, 2 lab) Classroom and laboratory activity in the diagnosis, service and repair of automotive braking, anti-lock braking, traction control and stability control systems. Prerequisite: PR&T 1010.

PR&T 3130 Computerized Engine Diagnostics (4: 2 lecture, 2 lab) Utilization of computerized diagnostic methods and equipment in testing and servicing computerized engines in conjunction with automotive tune-up. Prerequisite: PR&T 2132.

PR&T 3134 Advanced Powerplant Systems (4: 3 lecture, 1 lab) Engine Performance testing as it relates to the automobile. Includes the study of advanced equipment used to test systems and advanced diagnostic testing procedures. Prerequisite: PR&T 3130.

PR&T 3140 Transmissions and Drivelines (4: 2 lecture, 2 lab) In-depth classroom and laboratory experiences in the diagnosis, service and repair of transmissions and drivelines. Prerequisite: PR&T 1010 or AGRI 3200.

PR&T 3150 Diesel Technology (3: 2 lecture, 1 lab) Survey of diesel engine theory, diagnosis, service and maintenance with emphasis in diesel fuel systems, injection pump designs, construction, operation, and maintenance. Prerequisite: PR&T 2110 or AGRI 3200.

**Transportation**

PR&T 4410 Intermodal Surface Transportation (3) Surface transportation (motor vehicle, pipeline, rail, and water) in the United States as seen from an integrated, intermodal viewpoint. Major aspects include systems analysis, organization, operations, financing, research and development, training, and regulation. Economic, social, and political factors are considered.

**Integrative Studies Capstone**

ICAP 4112 Automotive Systems for Contemporary Society* (3) Integration of communication, technology, sociology, economics, and ecology with automotive engineering, management and service, emphasizing their reciprocal effects on each other. Prerequisite: senior standing in automotive technology.

*Not available for graduate credit.

**COMPUTER-AIDED DRAFTING AND DESIGN TECHNOLOGY**

Function Major, Bachelor of Science Degree (43-231)

The graduate with a Bachelor of Science Degree in Computer-Aided Drafting and Design Technology will use the knowledge and skills obtained in the program to:

- Apply current computer-aided drafting and design concepts and technical knowledge to interpret and develop orthographic, pictorial, and schematic drawings.
- Develop sketching, manual drafting, and computer-aided drafting skills to create orthographic, pictorial, and schematic drawings.
- Integrate related technical and scientific support skills and concepts into computer-aided drafting and design technology applications.
- Demonstrate oral, written, graphic and numerical communication skills applicable to individual and group activities utilized in computer-aided drafting and design and related technologies.
- Apply critical and creative thinking as needed for problem solving applicable to computer-aided drafting and design and related technologies.
- Apply principles of management of personnel, equipment, materials, and processes applicable to computer-aided drafting and design and related technologies.
- Apply principles of management of personnel, equipment, materials, and processes applicable to computer-aided drafting and design and related technologies.

**FUNCTIONAL MAJOR REQUIREMENTS** .............................. 70
A basic course in graphic science for engineers, drafters or drafting teachers. Prerequisite: GRAP 1110.

**GRAP 2160 Structural Drafting (3)** A study of structural systems utilizing metal, concrete, masonry and wood, and including the development of appropriate engineering calculations and working drawings. Prerequisite: GRAP 1110.

**GRAP 2170 Introduction to Computer-Aided Drafting (2)** Fundamental applications of computer-aided drafting to the solution of two-dimensional drafting problems for industry. Prerequisites: GRAP 1105 and GRAP 1110.

**GRAP 2171 Introduction to MicroStation (2)** Applications of MicroStation to the solution of technical drawing problems for industry.

**GRAP 3124 Production Design Drafting (3)** Tool and die, jig and fixture, casting, weldment, and hydraulic/pneumatic plumbing design problems are studied and drawings are developed using manual and computer-aided drafting techniques. Prerequisite: GRAP 1120.

**GRAP 3126 Machine Design (3)** Drafting problems involving the elements of the designing and/or redesigning of mechanisms and machines. Prerequisites: GRAP 1120 and GRAP 2150.

**GRAP 3140 Seminar in Drafting (1)** Seminar for study of current topics in drafting through discussions, activities and outside speakers. May be repeated for a maximum of 3 semester hours. Prerequisites: GRAP 1100 and GRAP 1110.

**GRAP 3145 Seminar in Drafting/Design Engineering Technology (0.5)** Seminar for study of current topics in Drafting/Design Engineering Technology through discussions, activities, and outside speakers. May be repeated for a maximum of 2 semester hours.

**GRAP 3150 Civil Drafting (3)** Civil drafting problems using survey data applicable to grading cuts and fills, drainage systems, municipal utilities, platting and zoning are studied. Drawings are developed using manual and computer-aided drafting techniques. Prerequisite: GRAP 1110.

**GRAP 3160 Residential Architectural Drawing (3)** Principles of planning residential structures including selection of materials, methods of construction, and development of detailed working drawings. Prerequisite: GRAP 1110.

**GRAP 3170 Computer Drafting Systems (3)** Computer-aided drafting involving operating systems, programming languages, macros, networks, and customization of software. Prerequisite: GRAP 2170.

**GRAP 3175 Managing Computer Applications for Drafting (3)** Management of computer-aided drafting and design hardware, applications software, laboratories, and the media and methods of reproducing engineering documents. Prerequisite: GRAP 2170.

**GRAP 4114 Advanced Technical Problems in Drafting (1-3)** Individual or group work on advanced technical problems in drafting. Provide exploration of content not available through normal course offerings. May be repeated for a maximum of 6 semester hours. Prerequisites: 2.5 GPA, written contract/proposal with objectives and written department consent.

**GRAP 4124 Geometric Dimensioning and Tolerancing Principles for Engineering Technology (2)** Basic theory and application of geometric dimensioning and tolerancing practices applicable to working drawings of machine parts. Prerequisite: GRAP 1120.

**GRAP 4162 Commercial Architectural Drawing* (3)** Light commercial architectural plans and problems are studied and drawings are developed using manual and computer-aided drafting techniques. Prerequisite: GRAP 3160. *Not available for graduate credit.

**GRAP 4170 Computer-Aided Drafting and Design for Engineering Technology (3)** Advanced industrial applications of computer-aided drafting systems. Three dimensional modeling and design using interactive graphics techniques and standard design elements. Prerequisite: GRAP 2170.

**GRAP 4175 Advanced 3D Analysis and Rapid Prototyping (3)** Advanced course which surveys the application of computer drafting and design systems and how they relate to 3D analysis and rapid prototyping. Prerequisites: GRAP 1110, GRAP 2170, GRAP 4170, CMGT 2020.

**GRAP 4180 Industrial Design (3)** Study and application of the design process and design principles related to industrial products. Prerequisite: GRAP 1110.

**GRAP 4570 Computer Graphics (3)** Computer generated presentation graphics utilizing a variety of software programs on numerous hardware configurations. Experiences will include production of laser prints, ink-jet prints, transparencies, color slides, and plots.
## CONSTRUCTION MANAGEMENT

**Functional Major, Bachelor of Science Degree**

(43-239)

The graduate with a Bachelor of Science degree with a functional major in Construction Management will use the knowledge and skills obtained in the program to:

- Apply oral, written, graphic and listening skills as each enhances the behavioral principles or attitude and effective communications.
- Apply scientific knowledge of the mathematical, physical, and construction sciences to the economic utilization of materials and forces of nature affecting construction practice. To implement the various forms of technology necessary to complete the task of construction management, utilizing the computer and electronic data processing through complete word-processing, data bases, spreadsheets, applications, and the information highway.
- Apply the principles and philosophy of management systems, cost accounting, and economics to the construction industry, including the interpretation of contracts, the values of team building, and the Construction Code of Conduct established by the industry through the assistance of the American Institute of Constructors.
- To identify the appropriate construction management principles necessary to complete the site plans, evaluating vendors and subcontractors, writing field purchase orders, change orders, subcontract agreements, shop drawings, as built drawings daily logs and job diaries, construction reports and progress payment requests.
- To execute construction safety standards including the ability to interpret the OSHA construction standards, establish safety and health procedures on the job site, and perform hazard material and process analysis.
- Understand the science of materials and methods of construction as they apply to the Construction Specifications Institute (CSI) Divisions designated for the construction industry. Including terminology, standard designations, sizes, and quality testing.
- Complete the estimating, cost accounting, and bidding sequence necessary for construction job acquisition and completion. To prepare and complete cost control processes including the ability to establish a budget, prepare cost reports, and forecast expenditures.
- Perform quantity take-off, interpret construction specifications, identify appropriate codes, identify site conditions, apply value engineering, and develop detailed project proposals. To prepare a complete construction project schedule, develop a procurement time table, establish a project manual and plan showing the logical sequence of activities and time duration in order to monitor progress and update schedules.

### Construction Management

**CMGT 2020 Mechanics of Materials (3)** An introduction to the basic concepts of materials, statics and dynamics as they relate to the design and analysis of materials, machines, and structures. Prerequisite: MATH 1112.

**CMGT 3010 Man and Construction (2)** A look at the construction industry as it relates to the consumer.

**CMGT 3020 Applied Strength of Materials (3)** Selection and application of sizes, shapes, and materials required for the construction of a member of a machine or structure in order to resist an applied load in a safe and economical manner. Prerequisites: CMGT 2020 and MMGT 2040.

**CMGT 1300 Introduction to Construction Management (2)** General survey of the organization and functioning of the construction industry: legal, ethical, business, and management aspects.

**CMGT 1301 Seminar in Construction Management (0.5)** Forum to provide students an opportunity to learn about current events in the construction industry using guest speakers, open discussion and field trips. Must be repeated 4 times; One (1) credit must be generated after student has reached 60 semester hours of study.

**CMGT 2310 Construction Plans and Specifications (3)** An introductory course to construction management which provides a survey of print reading and specification interpretation for light, civil, heavy highway and utility construction. Only offered Spring semester. CMGT 2325 Project Cost Estimating (3) A quantitative take-off and survey of materials and productivity standards for industrial projects. Prerequisite: CMGT 2310 or GRAP 1110.

**CMGT 2340 Surveying and Construction Layout (3)** Theory and practice of plane, topographic, and construction surveying and layout including care and use of instruments, note taking and computations. Prerequisite: MATH 1112.

**CMGT 3320 Principles of Construction Management (3)** Principles of construction contracting with related information on forms of business ownership, management, land development, labor relations, and project safety.

**CMGT 3330 Building Codes and Code Administration (3)** In-depth study of national, state, and local regulations applicable to specification and performance of building construction standards. Prerequisite: CMGT 2310, or consent of instructor.

**CMGT 3350 Building Structures: Methods & Materials (3)** The types and processes of building structures including the materials and methods as applied to the structures: wood, steel, and concrete. Prerequisites: MMGT 2040, CMGT 2310, and CMGT 2340.

**CMGT 3355 Construction Planning and Scheduling (3)** Theory and use of construction and production scheduling to control the acquisition, movement, storage, and utilization of workers and/or material with emphasis given to the Critical Path Method (CPM). Computer programming background recommended. Prerequisite: GRAP 1110 or CMGT 2310.

**CMGT 4310 Construction Safety (3)** Construction safety and health conditions on the job as they relate to workers, supervisors, inspectors, and the public. Prerequisites: CMGT 2310 or junior standing, or consent of instructor.
CMGT 4325 Advanced Estimating and Cost Analysis (3) An advanced course in construction cost estimating utilizing the computer and associated professional software to assist the estimator. Prerequisites: CMGT 2310 and CMGT 2325.

CMGT 4330 Mechanical Systems for Buildings (3) Mechanical systems integrated with buildings and other equipment. Prerequisites: CMGT 2310 or junior standing.

CMGT 4340 Solar Energy for Building Construction (3) An analysis of solar energy systems and components as they apply to types of structure, sites, and climate regions.

CMGT 4355 Computer-Based Project Control (3) An advanced course in construction project scheduling utilizing the computer and associated professional software to assist the project scheduler. Prerequisites: CMGT 3355.

CMGT 4380 Heavy Equipment (3) Survey of the types, uses, and economics of heavy equipment utilized in the construction industry. Prerequisites: CMGT 2310, MATH 1111.

Electrical Engineering Technology

ICAP 4109 Construction Operations* (3) A detailed study of the knowledge, processes and operational procedures involved in a commercial construction project. Prerequisites: CMGT 2310, CMGT 2325, CMGT 3320 and CMGT 3355 and senior standing. *Not available for graduate credit.

Electronics Engineering Technology

Functional Major, Bachelor of Science Degree (43-227)

This program has been placed in abeyance. See the Department Chair for more information.

Electronics Engineering Technology

Some EET courses have a zero-credit laboratory requirement. The majority of the EET courses utilize an open lab system (where the student is expected to complete laboratory work by the instructor’s due date on his/her own time, as class schedules and lab equipment availability permit).

EET 2300 Calculus for Electronics Engineering Technology (3) Methods of integration, partial derivatives, double integrals, derivatives and integrals in polar coordinates; empirical curve fitting, power series expansions, first and second-order differential equations; and use of software. Prerequisite: INDT 00.

EET 2320 Advanced Digital Circuitry (3) Design of sequential networks, iterative networks, sequential networks with MSI integrated circuits, sequential networks using PLDs, state machines, asynchronous sequential networks, use of software for design analysis. Prerequisite: ET 1050.

EET 2330 Transform Analysis (3) Waveform analysis, Laplace transforms and their application to circuit analysis; Fourier analysis, use of z-transforms in discrete-time systems, and analysis software. Prerequisites: INDT 2040 and ET 2048.

EET 3048 Control of Electrical Machinery (4:3 lecture, 1 lab) Analysis and application of electrical and electronic controls for industrial equipment. Programmable Logic Controllers are emphasized as well as techniques in engineering design. Prerequisite: ET 1010 or ET 1027 or consent of instructor.

EET 3310 Microprocessor Systems Design (3) Microprocessor/ microcontroller internal architectures and timing; single and multiprocessor bus structures; memory subsystem design, designing polled I/O hardware/firmware, interrupt driven I/O hardware/firmware design, DMA, design of multiprocessor systems, segmentation and memory management, bit-sliced architectures, and use of manufacturer data sheets and application notes. Prerequisites: INDT 2040 and ET 2060.

EET 3320 Introduction to Data Communications (3) Fundamentals of data transmission, data encoding, multiplexing techniques, circuit and packet switching; local area networking, ISDN, frame relay, ATM, local area networking, and protocol analysis. Prerequisites: ET 2060, EET 2330 or concurrently.

EET 3330 Introduction to Communication Systems (3) Signal spectra, noise, AM transmitters, AM superheterodyne receivers, sideband systems, frequency modulation, phase modulation, phase-locked loops, FM transceivers, transmission lines, waveguides, radiowave propagation, antennas, and use of CAE software. Prerequisites: EET 2330 and EET 3310.

EET 3340 Control Systems Design (3) Introduction to analog control systems analysis and design including control system components, models of physical systems, state-variable models, system responses, control system characteristics, stability analysis, and use of CAE software. Prerequisites: ET 2058, EET 2300 or concurrently, and EET 2330.

EET 4300 Special Projects in Electronics Engineering Technology* (1-3) Investigation of contemporary problems and issues in electronics engineering technology by selected individuals or groups. May be repeated for a maximum of 6 semester hours. *Not available for graduate credit.

EET 4320 Advanced Control Systems Design* (3) Root-locus analysis and design; frequency response, modern control design, discrete-time systems, sampled-data systems, analysis and design of digital control systems; an introduction to nonlinear system analysis, and use of CAE software for the design, analysis, design, and simulation of control systems. Prerequisite: EET 3310 and EET 3340. *Not available for graduate credit.

Electronics Technology

Functional Major, Bachelor of Science Degree (43-221)

The graduate with a Bachelor of Science degree in Electronics Technology will use the knowledge and skills obtained in the program to:

• Research, prepare and present both oral and written reports on technical or management subjects related to his/her area of specialization
• Identify, analyze and solve technical or management problems related to his/her field of specialization
• Function effectively as a participating member of a work group to accomplish a particular goal
• Demonstrate desirable work habits and professional and conscientious attitudes in his/her particular areas of instruction through participation in professional activities and organizations, and leadership activities both in and out of the classroom
• Demonstrate a mastery of skill beyond the entry level related to one or more areas of technical, management or marketing specialties in the major area of study
• Demonstrate technical and general knowledge required in occupational work areas related to the major field of study.

UNIVERSITIES STUDIES REQUIREMENTS (MATH 1111 Div I C is required).

Electronics Technology

Some ET courses have a zero-credit laboratory requirement. Labs are scheduled for ET 1026, ET 1027, ET 1050, ET 2048, ET 2058, ET 2060, ET 2065, ET 3014, ET 3020, and ET 3041. The majority of the remaining ET courses utilize an open lab system (where the student is expected to complete laboratory work by the instructor’s due date on his/her own time, as class schedules and lab equipment availability permit).

ET 1010 Applied Electricity (3) Provides basic theory together with appropriate shop experiences for introductory technical training in electrical principles. Includes basic circuits, Ohm’s Law, A.C. and D.C. theory, as well as generation and application of electrical energy.

ET 1020 General Electronics (3) A general overview of several areas of electronics including the study of electronic measurements, active and passive devices, receiver and transmitter theory, basic digital theory, and electronic controls. Prerequisite: Not open to electronics majors or minors.

ET 1026 DC Circuit Analysis (3) Analysis and application of D.C. principles to passive networks. Laboratory experience in the use of basic test instruments. Prerequisite: MATH 1040 or MATH 1111 may be taken concurrently.

ET 1027 AC Circuit Analysis (3) Application of alternating current principles to resistive, capacitive, and inductive circuits. Phasor analysis of series-parallel impedance. Resonance and filters are covered. Laboratory experiments using typical test instruments. Prerequisites: MATH 1112 or IND T 1042 or either concurrently and ET 1026.

ET 1050 Digital Principles and Applications (3) Analysis and application of Active Devices and Discrete Semiconductor Active Devices. Basic digital and common analog circuit configurations. Prerequisite: ET 1027 or concurrently.

ET 1053 Operational Amplifiers-Theory and Applications (3) A study of integrated circuit operational amplifiers, their characteristics and a wide range of applications. Construction and testing of numerous circuits. Prerequisite: ET 2048.

ET 2060 Microprocessors: Theory and Application (3) The fundamental concepts of microprocessors including software development and hardware design. Design of input/output interface circuits together with numerous applications to industrial controls. Prerequisite: ET 1050 or concurrently.

ET 2065 Computer Programming for Electronics Technology (4) Contemporary computer programming languages for electronics technology. Programming techniques and skills as applied to troubleshooting industry standard computer hardware. May be repeated. If repeated, a different programming language must be studied. Prerequisite: ET 1050 or concurrently.

ET 3014 Analog-Digital Circuitry (3) Counters, shift registers, monostable multivibrators, memories, A/D and D/A converters, phase-locked loops, digital simulation software, and troubleshooting digital circuits using current industry standard techniques. Prerequisite: ET 1050.
ET 3017 Industrial Electronics (4: 3 lecture, 1 lab) Analysis of selected industrial controls and components to include transducers, sensors, time delay circuits, motor controls, and thyristors. Emphasis on commercial programmable logic controller installation and programming. Practical applications of industrial electronic devices and systems and further development of troubleshooting skills. Prerequisite: ET 1010 or ET 1026 or consent.

ET 3020 Circuit Analysis and Implementation (4: 3 lecture, 1 lab) Research, analyze, and construct a variety of circuits using state-of-the-art technologies. Students will use the internet and published materials to construct projects. Prerequisites: ET 2048 or consent of instructor.

ET 3022 AC and DC Machines (4: 3 lecture, 1 lab) Basic principles of alternating and direct current motors and generators including construction, theory of operation, industrial uses and maintenance considerations. Prerequisite: ET 2048 or consent of instructor.

ET 3034 Electronic Instruments and Measurements (3) Design, operation and calibration of a variety of test instruments. Emphasis will be upon measurement procedures not normally practiced in introductory electronics courses. Prerequisite: ET 1050 or ET 2048 or concurrently.

ET 3038 Audio Systems (4: 3 lecture, 1 lab) Principles of sound and acoustics: audio amplifiers, microphones, speakers, mixers, and equalizers; magnetic tape and disc recording; audio measurement techniques. Prerequisite: ET 2058 or concurrently.

ET 3041 Communication Systems (4: 3 lecture, 1 lab) A study of receiver and transmitter circuits and systems. Modulation methods, signal propagation, and antenna design. Practical alignment methods, measurement techniques, and troubleshooting procedures. Preparation for the F.C.C. commercial license. Prerequisite: ET 2048 or concurrently.

ET 4000 Special Projects in Electronics Technology (1-3) Investigation of contemporary problems and issues in electronics technology by selected individuals or groups. May be repeated for a maximum of 6 semester hours.

ET 4014 Advanced Technical Problems in Electronics (1-4) Individual/group work on recent developments and advanced technical concepts. Experimentation and technical exploration of content not available though formal course offerings. May be repeated for a maximum of 8 semester hours.

ET 4031 Introduction to Process Control* (4: 3 lecture, 1 lab) Implementation, evaluation, tuning and troubleshooting of process control systems. Selection of sensing devices and final control elements. Emphasis on laboratory activities. Application of microprocessor-based systems including programmable controllers. Prerequisites: ET 2020 or consent of instructor. *Not available for graduate credit.

ET 4044 Video Systems* (4: 3 lecture, 1 lab) Television cameras and the composite video signal. VHF, UHF, cable, and satellite TV distribution systems. Television receiver and monitor circuitry and troubleshooting techniques. Prerequisite: ET 2048. *Not available for graduate credit.

ET 4048 Advanced Communication Systems* (4: 3 lecture, 1 lab) Mobile radio repeater systems and signaling modes; spread spectrum communications; commercial broadcast installations; microwave signal sources; amplifiers; waveguides and cavities; antennas and radar systems. Prerequisite: ET 3041. *Not available for graduate credit.

ET 3000 Fundamentals of Wireless Networks (3) A comprehensive overview of wireless technologies, devices, security, design, and best practices with a particular emphasis on real world applications and skills is covered utilizing Cisco Systems hardware. Prerequisite: NET 2060 or concurrent or instructor consent.

NET 1010 Fiber Optics Advanced (4: 3 lecture, 1 lab) Advanced fiber optics theory and applications. Areas covered include transmission of data, optical cables, light sources, detectors, and troubleshooting. Prerequisite: NET 1010.

NET 3062 Network Design (3) Cisco Systems' design principles, methodology, and structure models for Local Area Networks and Wide Area Networks, including Virtual Private Network and backup design considerations. Prerequisite: NET 2061.

NET 3065 Converged Voice and Data Networks (3) An introduction to Cisco Systems converged voice and data networks as well as the challenges faced by its various technologies and implementing appropriate solutions to those challenges. Prerequisite: NET 3062 or concurrent or instructor consent.

NET 3068 Network Security I (4: 3 lecture 1 lab) Operating system security concepts and techniques. Examines theoretical concepts of security and adopts a practical hands-on approach when examining operating system security techniques. Prerequisite: NET 2058.

NET 3088 Linux Operating Systems (4: 3 lecture, 1 lab) Linux and Open Source Software, as an operating system technology. Installing, configuring, maintaining, and regularly use a distribution of the Linux operating system. Prerequisite: NET 2058.

NET 4040 Fundamentals of Network Operating Systems (3) Installing, configuring, and administering Network Operating Systems. Prerequisite: NET 2058 or instructor consent.

NET 4042 Network Servers and Services (3) Implementing and Administering of Network Infrastructure and Directory Services Infrastructure. Prerequisite: NET 4040 or instructor consent.

NET 4043 Network Services and Infrastructure (3) Advanced Implementing and Administering of Network Infrastructure and Directory Services Infrastructure. Prerequisite: NET 4042 or instructor consent.

NET 4060 Advanced Routing* (3) Topics in VLSM, private addressing, and NAT to optimize address utilization. OSPF, IS-IS, EIGRP, BGP, optimizing routing, and scalability through route filtering and redistribution utilizing Cisco Systems hardware. Prerequisite: NET 2061 or CCNA certification or instructor consent. *Not available for graduate credit.

NET 4061 Remote Access* (3) Remote access topics in WAN technologies such as analog dialup, ISDN BRI and PRI, Frame Relay, and broadband utilizing Cisco Systems hardware. Prerequisite: NET 4060 or instructor consent. *Not available for graduate credit.

NET 4062 Advanced Switching* (3) Topics related to reliable, scalable, multilayer-switching LANs utilizing VLANs, VTP, STP inter-VLAN routing, redundancy, QoS, campus LAN security, and transparent LAN services utilizing Cisco Systems hardware. Prerequisite: NET 4061 or instructor consent. *Not available for graduate credit.

NET 4063 Network Support (3) Topics in Local and Wide Area Network documentation, baselining, and troubleshooting methodologies and tools are used to troubleshoot OSI Layers 1 to 7 utilizing Cisco Systems hardware. Prerequisite: NET 4062 or instructor consent.

NET 4064 Advanced Network Design (3) Cisco Systems design considerations for IPv6, popular routing protocols, the Security Ecosystem, and both Traditional and Integrated Voice architectures. Prerequisite: NET 3062 or NET 4100 or instructor consent.
NET 4100 Network Device Configuration (3: 2 lecture, 1 lab)
A comprehensive overview of Cisco Systems device configuration.
Prerequisites: Required for non-NET specialist. Not open to NET specialist.
NET 4500 Managerial Design for Secure Networks (3) Utilizing
Cisco Systems Architecture for Voice, Video and Integrated Data
networks to apply modular design practices to ensure the enterprise
solution is highly available and optimized for the business and
technical needs. Prerequisites: NET 4064 or NET 4100 or instructor
consent.
NET 4501 Network Security Management I (3) Utilizing Cisco
Systems routers for network and overall security processes focusing
on designing and implementing solutions that will reduce the risk of
revenue loss and vulnerability. Prerequisites: NET 4100 or instructor
consent.
NET 4502 Network Security Management II (3) An emphasis on
security policy design and management, security technologies, firewall
and secure router design, installation, configuration and maintenance,
AAA and VPN implementation using Cisco Systems’ routers and
firewalls. Prerequisites: NET 4501.

ENGINEERING TECHNOLOGY
Functional Major, Bachelor of Science Degree
(43-856)  Sem. Hours

FASHION: TEXTILES AND CLOTHING IN BUSINESS
Functional Major, Bachelor of Science Degree
(43-118)
The graduate with a Bachelor of Science degree with a functional
major in Fashion: Textiles and Clothing in Business will use the
knowledge and skills obtained in the program to:
• Demonstrate an understanding of fashion terminology as related to
  the apparel industry.
• Recognize the significance of practical reasoning to decision making.
• Develop verbal and nonverbal communication skills.
• Demonstrate a positive relationship with employers, employees, and
  the public served.
• Demonstrate professional qualities which show value systems that
  enable actions that are socially ethical and responsible.
• Demonstrate the ability to apply job related techniques through the
  psychomotor domain.

(123)

MINOR REQUIREMENTS 21
FAME 1420 Applied Design in Fashion & Apparel Merchandising 3
FAME 2430 Image Management for Fashion 3
FAME 2442 Textiles 3
Departmentally approved electives 12

Fashion and Apparel Merchandising
FAME 1400 Introduction to Fashion Merchandising (3) Survey of the field of fashion merchandising. Emphasis on trends and developments of fashion marketing operations.
FAME 1420 Applied Design in Fashion and Apparel Merchandising (3) Application of the elements and principles of design to apparel and home or commercial interiors.
FAME 1450 Textile and Apparel Fabrications I (3) An introductory course with an emphasis on textiles and apparel goods as they relate to computerized equipment and software.
FAME 2430 Image Management for Fashion (3) Wardrobe planning from aesthetic, social, psychological, and economic viewpoints.
FAME 2440 Fashion Merchandising Practicum (2-3) Supervised fashion merchandising—training and experience in an approved retail establishment with emphasis on apparel selection, merchandise sales, and floor management. May be repeated for a maximum of 12 semester hours.
FAME 2450 Textile and Apparel Fabrications II (3) Application of technological skills, problem solving techniques and creativity through the use of computerized equipment and software as it relates to apparel production and merchandising. Prerequisites: FAME 1420 and FAME 1450.
FAME 3425 Apparel Performance Evaluation (3) Principles and techniques of fitting and evaluating material, construction, finishes, and quality of ready-to-wear garments. Prerequisites: FAME 2442.
FAME 3440 Fashion Promotion (3) Researching, planning, and presenting fashion promotion activities appropriate for the apparel and textile industries, including fashion show production.
FAME 3444 Fashion Products (3) Production and merchandising of fashion products, their relationship to industrial trends and the economy. Prerequisites: 3 semester hours of clothing construction, FAME 2442 and ECON 1010.
FAME 4410 Architectural Interiors (3) The application of architectural designs, materials, and furnishings in the interior environment. A concentration of textile products for residential and nonresidential settings that reflect today’s lifestyle. Prerequisites: FAME 1420 or equivalent and FAME 2442.

FAME 4414 Advanced Technical Problems in Fashion (1-3) Individual or group work on advanced technical problems in Fashion/Apparel Merchandising. Provide exploration of content not available through normal course offerings. May be repeated for a maximum of 6 semester hours. Prerequisites: minimum 2.5 Cumulative GPA, written contract/proposal with objectives/learning competency and written department consent.
FAME 4424 Pattern Design (3) The design and construction of garments from a basic pattern, using the principles of art as applied to dress design. Prerequisites: FAME 2430 and 3 semester hours of clothing construction.
FAME 4430 Merchandising Applications (3) Builds upon the necessary understanding, knowledge, and working applications of the basics for profitable fashion merchandising. Prerequisite: FAME 2101. Corequisite: FAME 4444.
FAME 4433 International Apparel Technology (3) An analysis of economic, political, and cultural systems affecting the importing and exporting of textiles and apparel. Technology affecting the global fashion marketplace will be emphasized.
FAME 4434 Fashion History (3) Analysis of the evolution of fashion in Western civilization. Prerequisite: FAME 2430.
FAME 4442 Advanced Textiles (3) Comparative study of factors influencing the properties of fibers and fabrics as well as the performance of textile and apparel products. Lab period is used to test textile performance with standardized test procedures. Prerequisites: CHEM 1104 or equivalent and FAME 2442.
FAME 4444 Fashion Merchandising (3) Principles and practices of fashion manufacturing and merchandising. Prerequisites: FAME 3444, MKT 3410. Corequisite: FAME 4430.
FAME 4445 Senior Seminar in Fashion and Apparel Merchandising (3) Philosophy, current issues and trends in fashion and apparel merchandising will be covered. Focus on problem-solving styles leading to group and individual research problems. Prerequisites: senior standing.
FAME 4450 Special Problems in Textiles and Clothing (2-3) Recent trends. Group and individual problems which will include reports, discussions, bibliographies, research, and experiments. May be repeated for a maximum of 6 semester hours. Prerequisite: FAME 2442.
FAME 4490 Internship in Fashion and Apparel Merchandising (2-3) Provides experience for students in cooperating businesses. May be repeated for a maximum of 12 semester hours with no more than 6 semester hours graduate credit.

GRAPHIC ARTS TECHNOLOGY MANAGEMENT
Functional Major, Bachelor of Science Degree (43-146)
The graduate with a Bachelor of Science Degree with a Functional Major in Graphic Arts Technology Management will use the knowledge and skills in the program to:
• Utilize terminology appropriate to graphic arts
• Analyze graphic production systems and solve problems associated with these systems
• Demonstrate knowledge of current trends and innovations in graphic arts
• Discuss the role of team dynamics in the work environment
• Explain the industry structure and career opportunities in graphic arts
• Demonstrate effective written and oral communication skills
• Appreciate the societial significance of graphic arts
• Exhibit professional ethics, environmental responsibility and safety
• Perform basic production processes which illustrate conceptual understanding of the printing production cycle.

GRAP 1000 Orientation to Graphic Arts 1
GRAP 1010 Fundamentals of Printing Processes 3
GRAP 2030 Digital Pre-Press for Printing Applications 3
GRAP 2031 Digital Image Processing 3

**Departmentally approved electives in graphics**

13-14

**Graphic Arts**

**GRAP 2030 Digital Imposition & Workflow**

(3) Manual and electronic imposition methods, prepress proofing, conventional lithographic platemaking, computer to plate techniques, and direct digital printing. Laboratory experiences support lecture/theory content. Prerequisite: GRAP 1010.

**GRAP 2610 Principles of Multimedia**

(3) Selection, organization, and production of materials for multimedia. Introductory experiences creating web pages and interactive presentations for business, industry, and education.

**GRAP 2620 Multimedia Applications I**

(3) Multimedia experiences including implementation of visual and sound applied to the www and other technologies. These applications include still and motion imaging and animation. Hands-on experiences supplement lecture. Prerequisite: GRAP 2610.

**GRAP 2670 Multimedia Animation**

(3) Fundamentals of animation theories and practices specializing in digital applications. Planning and storyboarding for types of animation. Hands-on experiences will supplement lecture. Prerequisite: GRAP 2610.

**GRAP 3016 Graphic Arts Practicum**

(3) Supervised work on selected aspects of producing the printed product and/or managing a printing plant. May be repeated for a maximum of 6 semester hours. Prerequisite: 2.00 grade-point average overall; application approved by the Chair of the Department of Graphic Imaging and Design Technology.

**GRAP 3024 Flexographic Technology**

(3) Flexographic printing technology from prepress through postpress operations for both wide and narrow web applications. Instruction on rotary letterpress will also be included. Laboratory experiences support lecture/theory content. Prerequisite: GRAP 1010.

**GRAP 3034 Offset Press Technology**

(3) Lithographic sheet fed and web press operation and maintenance with emphasis on sources of image problems. Solutions for interrelated substrate, ink, and plate problems. In-line finishing and image carrier technology as they relate to quality image transfer. Laboratory experiences support lecture/theory content. Prerequisite: GRAP 1010.

**GRAP 3036 Advanced Offset Lithography**

(3) Offset Lithography from image preparation through finishing with concentration on multi-color and process printing, perfecting and automated press controls. Prerequisites: GRAP 2030, GRAP 2031, GRAP 2032, GRAP 2035 and GRAP 3034.

**GRAP 3040 Screen Printing**

(3) Computer image preparation, screen tensioning, mesh selection, photo stencils, squeegees, markets, principles and applications for industrial screen printing. Laboratory experiences support lecture/theory content. Prerequisite: GRAP 1010.

**GRAP 3043 Binding, Finishing and Distribution**

(3) Equipment, operations, and principles relative to trimming, binding, folding, shipping/mailing and specialized finishing operations, including scoring, perforating, die-cutting, embossing and foil stamping. Prerequisite: GRAP 1010.

**GRAP 3045 Substrates and Inks**

(4) Properties, specification, pricing and procurement of ink and printing substrates (especially paper) relative to commercial printing with emphasis on offset lithography. Prerequisite: GRAP 1010.

**GRAP 3051 Graphic Arts Management**

(3) Principles and practical application of management functions as related to the production of printed materials. Instruction includes classroom simulation of management roles. Prerequisites: GRAP 2035 and junior level status.

**GRAP 3057 Graphic Arts Quality Assurance**

(3) Statistical quality control for graphic arts production; includes data analysis, product acceptance, process control, and problem solving techniques used in the management of quality. Prerequisites: GRAP 2032 or GRAP 3034 or GRAP 3045.

**GRAP 4014 Advanced Technical Problems**

(3) Individual/group work on recent developments and advanced technical concepts. Experimentation and technical exploration of content not available through formal course offerings in the department. By arrangement for qualified students. May be repeated for a maximum of 6 semester hours. Prerequisite: written contract/proposal with objectives and written department consent.
GRAP 4038 Color Science (4) Technical aspects of process color reproduction; includes color theory, ink evaluation, densitometry, tone reproduction, printing characteristics, color correction, gray balance, color separation, and proofing. Laboratory experiences support lecture/theory content. Prerequisite: GRAP 2032.

GRAP 4045 Advanced Digital Imaging Processing (3) Advanced image manipulation techniques as related to color and correction with special techniques for the printing and imaging industry. Prerequisite: GRAP 2031 and GRAP 2032.

GRAP 4051 Print Production (3) Applied experiences in management and technological applications in the production of printed material including prepress, press, and post press operations. Prerequisites: GRAP 2032, GRAP 2035, and GRAP 3051.

GRAP 4053 Graphic Arts Production Analysis (3) A variety of printing requests are analyzed to determine printing specifications, production sequence, cost factors, material ordering, and technical problems that may arise during the actual printing. Course emphasis utilizes this analysis into a planning sequence of communications, scheduling, routing, dispatching, and work and material flow required for printing production. Prerequisites: GRAP 2035, GRAP 3034 and GRAP 4045.

GRAP 4095 Senior Seminar in Graphic Arts (1) Professional preparation integrating team building skills, problem solving, and analysis of current trends specific to graphic arts. Prerequisite: 90 semester hours.

GRAP 4500 Special Projects in Graphics (1-3) Investigation of contemporary problems and issues in graphics by selected individuals or groups. May be repeated for a maximum of 6 semester hours. Prerequisites: written contract/proposal with objectives and written department consent.

INDUSTRIAL TECHNOLOGY
Functional Major, Bachelor of Science Degree

This “2+2” program is designed to build upon an Associate Degree. (43-211)

The graduate with a Bachelor of Science Degree in Industrial Technology 2+2 functional major transfer program will use the knowledge and skills obtained in the program to:

- Apply mathematical, statistical and scientific principles to industrial situations to maintain and enhance the work within industry
- Use the computer proficiently as an essential tool in planning, monitoring, and controlling of work within industry
- Understand management concepts of cost estimating, quality improvement, scheduling, production planning and control, industrial supervision, work design and ergonomics and plant layout and materials handling
- Communicate effectively in both individual and team situations using both oral and written communications
- Utilize critical thinking skills to solve industrial problems in both individual and team situations.

Sem. Hours

FUNCTIONAL MAJOR REQUIREMENTS ........................................ 76

Associate Degree Technology Courses .................................. 38

A technology related Associate in Applied Science or Associate in Science Degree from an accredited community college or technical institute in a field of study related to the School of Technology will be accepted. Thirty-nine semester hours of the degree transferred should apply towards the major and the remainder towards General Education. The General Education requirements transferred must be equivalent to UCM’s requirements. NOTE: All core courses are offered online.

The student, working with a faculty adviser, will select a minimum of 17 sem. hours of upper level coursework from program areas in the School of Technology.

MINOR NOT REQUIRED

THE UNIVERSITY OF CENTRAL MISSOURI 2007 UNDERGRADUATE CATALOG
Industrial Technology

INDT 1040 Technical Mathematics I (3) Application of the principles of algebra, geometry, and the fundamental concepts of trigonometry to technical work. Designed for associate degree technical programs. Prerequisite: AE 1030 or one unit of high school algebra.

INDT 1042 Technical Mathematics II (3) Application of the principles of numerical and analytical trigonometry, complex numbers, vectors, algebra and oblique triangle, logarithms, basic analytic geometry and probability theory. Prerequisite: MATH 1111 or concurrently; or INDT 1040.

INDT 2040 Calculus for Technology (3) Application of the fundamental concepts of differential and integral calculus to technology. Prerequisites: MATH 1111; and INDT 1042 or MATH 1112.

INDT 3050 Technical Career Subjects (1-3) In-depth competency, skill development, and advanced concepts taught in formal course offerings through explorations of innovative techniques and procedures used in business and industry. May be repeated for a maximum of 12 semester hours. Prerequisite: consent of a review committee of three faculty members in the department.

INDT 4000 Special Projects in Industrial Technology (1-3) Investigation of contemporary problems and issues in manufacturing and construction by selected individuals, groups. May be repeated for a maximum of 6 semester hours.

INDT 4020 Industrial Energy Management (3) Energy efficient techniques in a variety of industrial settings.

INDT 4050 Equipment Installation and Maintenance (2) Technical problems in the installation of power equipment; care and maintenance of tools and machines; servicing school equipment; safety.

INDUSTRIAL TECHNOLOGY-MANUFACTURING MANAGEMENT

Functional Major, Bachelor of Science Degree

The graduate with a Bachelor of Science degree with a functional major in Industrial Technology-Manufacturing Management will use the knowledge and skills obtained in the program to:

- Apply mathematical, statistical and scientific principles to manufacturing situations to maintain and enhance production and product quality.
- Understand the properties, characteristics, and appropriate use of manufacturing materials, standards, specifications and manufacturing processes.
- Use the computer proficiently as an essential tool: to plan, monitor and control production; to collect and analyze data; and to prepare, present and communicate professional reports.
- Understand business, costs, economic justification, manufacturing economy, decision-making, quality improvement, production planning, production control techniques and manufacturing information systems.
- Use appropriate communication skills to interpret, convey, and articulate reports, problems and proposed solutions in the group or team environment.
- Use critical thinking, observation, questioning, analyzing techniques to solve manufacturing related problems systematically in both an independent and a team environment.
- Utilize effective leadership and supervisory skills with a concern for diversity, the global environment and professional ethics.

**Manufacturing Management**

MMGT 1010 Materials for Manufacturing and Construction (3)

Construction materials, including sources, characteristics, uses, and standard sizes and packaging, with relative values of different grades.

MMGT 1012 Global Production Technology (2) Study of production technology along with the problems, successes and challenges of the application of technology globally.

MMGT 2040 Engineering Material Science (4: 3 lecture, 1 lab)

Study of materials and their testing for construction, engineering and manufacturing: sources, characteristics, applications, standard sizes, packaging, testing theory, inspection and testing per ASTM standards.

MMGT 1120 Welding (2) Study and practice of four basic welding processes: oxyacetylene, metal arc, MIG and TIG.

MMGT 2210 Finishing and Upholstering (3) Finishing materials, their application and treatment on various woods and metals; refinishing and upholstering.

MMGT 1500 Orientation to Engineering and Industrial Technologies (1) An introduction to Engineering Technology and Industrial Technology as an academic endeavor including the consideration of their sub disciplines, requirements of students, and professional opportunities.

MMGT 1501 Seminar in Manufacturing (0.5) Forum to provide students an opportunity to learn about current events in the manufacturing industry through the use of guest speakers, open discussions, and informative field trips. Students should expect to share cost of field trips and professional materials. May be repeated for a maximum of 2 semester hours.

MMGT 1510 Introduction to Manufacturing Processes (3) An overview of the primary processes and a basic knowledge of secondary manufacturing processes which are classified as separating, casting, forming, conditioning, assembling, and finishing.

MMGT 2500 Applied Computer Technology (2) Develops computer literacy through a study of microcomputers, peripherals and applications, and software.

MMGT 2515 Applied Manufacturing Processes (3) The manufacturing processes used to fabricate and form engineering materials into useful products. Includes laboratory experiences using the common materials and basic processes. Prerequisite: MMGT 1510.

MMGT 2530 Machine Tool Technology (3) An introduction to machine tools with experiences in turning, drilling, milling, grinding, and related bench work. Assigned projects.

MMGT 3130 Composite Technology I (3) Fundamental principles of materials, design theory, manufacturing processes, inspection and repair concepts.

MMGT 3210 Manufacturing in the Aerospace Industry (3) Manufacturing activities required in order to plan, organize, schedule, control and direct manufacturing activities in the environment of an aerospace industry.

MMGT 3501 Computer Programming for Manufacturing (3)

Students will study control logic, data acquisition, data storage and computer programming as they relate to manufacturing. Prerequisite: BTE 1210 or equivalent.

MMGT 3510 Engineering Planning and Control (3) Planning and controlling the manufacturing process including materials, machines, people, and suppliers.

MMGT 3520 Engineering Economy (3) Elements that influence the cost of manufactured products, the process of determining manufacturing costs, cost justification, value analysis and cost reduction analysis. Prerequisites: MMGT 2515 and MMGT 2530 or junior class standing.

MMGT 3530 Inspection and Quality Control (3) Principles and methods of controlling the quality of manufactured products. Emphasis will be on gauging and inspection.

MMGT 3550 Principles of Numerical Control (3) Introduction to N/C Machining Operations. Includes laboratory work in writing and executing manual program on N/C Machine Tools.

MMGT 3562 Computer Numerical Control (CNC) (3: 2 lecture, 1 lab) Concepts presented and analyzed include CNC machine setup, tooling selection, part set-up, inspection methods, programming, industrial machining centers, flexible manufacturing systems and rapid prototyping systems.

MMGT 4060 Aerospace Manufacturing Safety (3) Safety, health and environmental issues in aerospace manufacturing with an emphasis on the management of safety programs in manufacturing industries.

MMGT 4221 Manufacturing Problem Solving (3) A micro-level look at issues that directly affect processes, procedures, and management within the manufacturing industry.

MMGT 4550 Simulation in Engineering Technology (3) Collection of methods and applications to simulate the behavior of manufacturing and service systems. Emphasis on hands-on time with Software utilizing case studies, and lab exercises. Prerequisite: Senior standing or Graduate status.

MMGT 4580 Quality Systems (3) The principles and practices of Total Quality Management and the decision making tools and techniques utilized by professionals in today’s successful industries.

MMGT 4590 Computer Integrated Manufacturing (CIM) (3: 2 lecture, 1 lab) Emphasis on product planning and engineering, production planning, control, and execution. Includes integration of computer numerical control (CNC) machines, robotics, material handling, and quality control. Prerequisite: MMGT 4520 or consent of instructor.

**Integrative Studies Capstone**

ICAP 4110 Industrial Problem Solving* (3) Designed for students preparing for careers in manufacturing management. Student teams will analyze manufacturing problems, propose solutions, and present recommendations. Prerequisite: senior standing. *Not available for graduate credit.

**Industrial Management**

INDM 4010 Current Issues in Industry (3) Identify, discuss, and research current issues, trends, and technological changes affecting industry as related to corporate planning, decision making, and managing for the future. Prerequisites: junior or senior standing for undergraduate credit.

INDM 4015 Legal Aspects of Industry (3) Coverage of legal aspects of industry. Focus on the legal system, sources of law, and types of law affecting the manufacturing and/or construction industry.

INDM 4210 Industrial Management (3) A survey of operations management in industry today. Industrial management principles and applications, management science, operations analysis and design, manufacturing processes, process life cycle, production inventory, and quality control are emphasized.

INDM 4220 Human Factors Engineering (3) Integration of concepts involved in providing safe and comfortable work places (Ergonomics) with concepts directed toward increased productivity and profitability (Work Design).
PHOTOGRAPHY
Major, Bachelor of Science Degree  
(43-228)

The graduate with a Bachelor of Science degree in Photography will use the knowledge and skills obtained in the program to:
- Produce a portfolio appropriate to career goals.
- Prepare for employment in photographic occupations.
- Possess the flexibility to accommodate technological change.
- Interpret the attributes of a photograph.
- Demonstrate a functional understanding of selected photographic materials and processes.
- Enjoy life more as a result of having developed skills in photography.
- Recognize and acquire professional and visual ethics pertaining to photography.
- Possess a sense of personal creativity.
- Possess confidence in the skills and technology of professional imagery.
- Establish the attitude and skills for self-motivated learning.

PHOTOGRAPHY  

PHOT 1203 Introduction to Photography  
(3) Course encompasses exposing, and printing photographs including darkroom experiences. Color and digital image are introduced. Not for M. Photo majors or minors.

PHOT 1210 Foundations of Professional Photography  
(3) Primarily intended for photography majors and minors encompassing composition, exposure, processing and printing of digital images. Must furnish an approved digital SLR camera. Corequisite: PHOT 1211

PHOT 3211 Foundations of Technique and Critique  

PHOT 1216 Photographic’s Forum 1 (1) Seminar for student portfolio presentation and for study of current events in photography through open discussions, activities, and outside speakers.

PHOT 2200 Introductory Porter’s Forum 2 (1) Seminar for student portfolio presentation and for study of current events in photography through open discussions, activities, and outside speakers.

PHOT 2220 Photographic Materials and Processes (3) Properties of photographic materials, processes and systems will be studied. Laboratory experiences include process control, masking, copying, duplicating, and processing positive and negative photographic materials. Corequisite: PHOT 1210.

PHOT 2270 Conventional Black and White Photography (3) Techniques for controlling tonal values in the black and white photographic process. Emphasis is on production and enhancement of photographic control through the acquisition and refinement of personal technique. Corequisite: PHOT 1210.

PHOT 2280 Creative Photography (3) Analysis of a variety of processes and influences upon which the student can draw to develop their photographic sensibilities of creative self-expression. Corequisite: PHOT 1210.

PHOT 3210 Investigative Photography (3) Exploratory experiences in the accepted photographic techniques for civil and criminal photographic documentation. Corequisite: PHOT 1210.

PHOT 3215 Origins of Photography (3) A survey of the people, styles, inventions, and processes in photography from early developments to present day.

PHOT 3216 Photographic Forum 3 (1) Seminar for student portfolio presentation and for study of current events in photography through open discussions, activities, and outside speakers.

PHOT 3240 Nature and Scenic Photography (3) Photographic techniques used to illustrate the natural features of plants, animals, and the landscape. The student must furnish a focusing 35mm or larger format camera with adjustable f-stops and shutter speeds and a macro lens, dipters, or other close-up equipment. Corequisite: PHOT 1210.
PHOT 3250 Portrait Photography (3) Experiences in portrait photography with an emphasis on professional techniques, and the operation of specialized equipment utilized in the field. Prerequisite: PHOT 1210.

PHOT 3260 Digital Portfolio (3) Develop knowledge and skills in planning, researching, formatting, sequencing and producing a multi-image digital portfolio. Prerequisite: PHOT 3230.

PHOT 3280 Advanced Studio Techniques (3) Provide an advanced experience in directed studio photographic communication. Prerequisite: PHOT 2210.

PHOT 3290 Architectural Photography (3) Architectural photography is the imaging of the man-made structures to convey the experience of being in and around a built environment. Prerequisite: PHOT 2210.

PHOT 4200 Color Imaging (3) In-depth experience in exposing, manipulating and printing color images. Prerequisites: PHOT 2210, PHOT 2200, PHOT 3230.

PHOT 4210 Wedding & Location Photography (3) Provide advanced instruction and practice in non studio portrait photography using professional light control techniques. Prerequisite: PHOT 3250.

PHOT 4214 Advanced Technical Problems in Photography (1-3) Individual or group work on advanced technical problems in photography. Provide exploration of content not available through normal course offerings. May be repeated for a maximum of 6 semester hours. Prerequisites: minimum 2.5 GPA, written contract/proposal with objectives and written department consent.

PHOT 4216 Photographer’s Forum 4* (1) Seminar for student portfolio presentation and for study of current events in photography through open discussions, activities, and outside speakers. *Not available for graduate credit.

PHOT 4220 Advanced Digital Imaging (3) An advanced study of digital image editing systems used to manipulate, modify and composite images for photographic illustration. Prerequisite: PHOT 3230.

PHOT 4230 Business Management for Photographers (3) Exploratory experiences, information and techniques concerning the use of computer hardware and software use for photographic business management. Prerequisite: PHOT 3250.

PHOT 4250 Advanced Color Portraiture (3) Commercial photography providing experiences in posing, exposure, and composition for a color portrait. Precise camera room techniques will be emphasized to ensure the most salable product from machine proofing. Prerequisites: PHOT 1210 and PHOT 3250.

PHOT 4252 Portfolio Photography (3) Culminating experience in photography providing for the creation of a successful interview strategy and the production of a portfolio to reflect personal career goals. Prerequisite: 9 semester hours of photography.

PHOT 4260 Advertising Photography (3) Theories and practices of advertising photography as a marketing medium with in-depth experience in procedures and techniques. Prerequisite: PHOT 2210.
Academic Enrichment

In the Department of Academic Enrichment, the second digit in the course number stands for the following: 0-General, 1-TRIO Student Support Services, 2-Test Preparation, 4-Orientation, 6-Technology, 8-Learning Techniques and Special Projects, 9-Research.

Academic Enrichment students will develop and demonstrate knowledge and skills needed to:

• Meet and exceed UCM’s academic standards through introductory college courses in composition, mathematics and reading.
• Function successfully at UCM through courses designed to orient students to the university environment, college studies and diversity.

General

AE 0020 Suspension Prevention (2) A self-awareness course required for first-time, full-time freshmen with semester grade-point averages below 1.20. Topics include self-management skills, goal setting, and career exploration. One-to-one mentoring conferences are part of the course requirements.

AE 1000 Introduction to College Writing (3) Classroom and tutorial instruction in the process of developing paragraphs and longer essays with emphasis placed on mechanics, usage, and sentence structure.

AE 1010 Textbook Reading Techniques (3) Textbook Reading Techniques will introduce students to strategies useful in reading and studying college textbooks. AE 1010 is paired with a content course and a Supplemental Instruction (SI) Lab. Activity will focus on the reading skills appropriate for success in the paired content course.

AE 1012 Speed Reading (1) Principles and applications of speed reading and comprehension techniques to textbooks and other types of reading materials. Recommended: Nelson Denny Reading est score of 12th grade level or better. Inquire at AE Learning Center, Humphreys 110.

AE 1020 College Study Skills (2) Principles of time management, note taking, memory, and test-taking techniques applied to studying for college courses.

AE 1030 Introductory Algebra (3) Designed to review or improve basic algebra skills. Includes integers, equations, inequalities, polynomials, factoring, quadratic equations, graphing linear equations and work with word problems.

TRIO Student Support Services

AE 0101 Fundamentals of Writing I SSS (3) Review and application of English grammar and basic writing techniques. Prerequisite: acceptance into TRIO Student Support Services. Not applicable to graduation requirements.

AE 0111 Fundamentals of Reading I SSS (3) Review and application of methods for vocabulary, comprehension, and reading rate development. Prerequisite: acceptance into TRIO Student Support Services. Not applicable to graduation requirements.

AE 0131 Fundamentals of Math I SSS (3) Review of fractions and decimals with an introduction to negative numbers and linear equations. Prerequisite: acceptance into TRIO Student Support Services. Not applicable to graduation requirements.

AE 1102 Fundamentals of Writing II SSS (3) Continuation and further application of grammar and writing techniques through paragraph and essay development. Prerequisite: acceptance into TRIO Student Support Services and AE 0101 or demonstrated skill level. This course substitutes for AE 1000.

AE 1112 Fundamentals of Reading II SSS (3) Continuation and further application of vocabulary, comprehension, and reading rate development, in addition to flexibility and methods for reading college textbooks. Prerequisite: acceptance into TRIO Student Support Services and AE 0111 or demonstrated skill level. This course substitutes for AE 1010.

AE 1125 College Success Strategies SSS (1) Focus on personal responsibility to enhance academic achievement. Prerequisite: acceptance into TRIO Student Support Services and AE 1400 or consent.

AE 1132 Fundamentals of Math II SSS (3) Continuation and further application of math skills through an introduction to algebra, including properties of numbers, linear equations, graphing, polynomials, factoring, and quadratic equations. Prerequisite: acceptance into TRIO Student Support Services and AE 0131 or demonstrated skill level. This course substitutes for AE 1030.

Test Preparation

AE 1200 C-BASE Review - English (1) This course is a review of the basic concepts of English (reading and literature, and writing) to assist the student in preparing to take the English section of the College Board Academic Subjects Examination (C-BASE).

AE 1210 C-BASE Review - Social Studies (1) This course is a review of the basic concepts of social studies (history and the social sciences) to assist the student in preparing to take the social studies section of the College Board Academic Subjects Examination (C-BASE).

AE 1220 C-BASE Review - Science (1) This course is a review of the basic concepts of science (life, earth, and physical) to assist the student in preparing to take the science section of the College Board Academic Subjects Examination (C-BASE).

AE 1230 C-BASE Review - Mathematics (1) This course is a review of the basic concepts of mathematics (general mathematics, algebra, and geometry) to assist the student in preparing to take the mathematics section of the College Board Academic Subjects Examination (C-BASE).

AE 1240 LSAT Test Preparation (1) This course provides students with information about and practice with the types of questions asked on the LSAT. Strategies for successfully taking this test are also presented. Audit or P/F credit only.

AE 1250 GRE Test Preparation (1) This course is designed to help students prepare to take the GRE by becoming more familiar with the adaptive test format used by GRE. Students will be provided with tips and strategies for answering the antonym, analogy, and reading comprehension questions. Time will also be spent practicing for the two writing samples now added to the GRE. Audit or P/F credit only.

Orientation

AE 1400 Freshman Seminar (1) An introduction to university academics and university life. Intended for all new students at UCM. Topics include university resources, academic skills, interpersonal skills, time management, and goal setting. Open only to students with fewer than 25 University of Central Missouri credits. Not available to students with credit in AE 1420.

AE 1410 Exploring College Majors and Careers (1) An introduction to the wide range of college majors and career options. Students develop self-awareness through assessments, counseling, activities, discussions and interviews. Not available to students with credit in AE 1420.

AE 1420 Freshman Seminar and Career Exploration (2) An introduction to university academics and university life with emphasis on the wide range of college majors and career options with a focus on self-awareness. Open only to students with fewer than 25 University of Central Missouri credits. Not available to students with credit in AE 1400 or AE 1410.

AE 1450 Valuing Differences: Discovering Common Ground (1) Explores personal, experiential, and interactive issues relating to race, gender, class, and culture including ways that culturally diverse populations enrich society through differences and similarities.
Technology
AE 1620 MS Office Word (0.5) An individualized, arranged course designed to teach basic word processing in order to help students achieve their academic and personal technology goals.
AE 1630 MS Office PowerPoint (0.5) An individualized, arranged course that teaches the process for creating interactive presentations in order to help students achieve their academic and personal technology goals.
AE 1640 MS Office Excel (0.5) An individualized, arranged course that teaches the process of creating spreadsheets, tables, and charts in order to help students achieve their academic and personal technology goals.
AE 1650 MS Office Access (1.0) An individualized, arranged course that teaches the process for creating database tables, forms and queries in order to help students achieve their academic and personal technology goals.

Learning Techniques and Special Projects
AE 0800 Special Projects (0.5, 1, 1.5, 2, 3) Individual or group study of material in special areas of interest. May be repeated for a maximum of 6 semester hours.
AE 1800 Special Projects (0.5, 1, 1.5, 2, 3) Individual or group study of material in special areas of interest. May be repeated for a maximum of 6 semester hours.
AE 1820 Learning Strategies (2) Learning Strategies helps students develop college-level study skills. The coursework emphasizes strategies for taking lecture notes, reading textbooks, managing time, setting goals, processing information, and taking tests.
AE 1825 ELO Supplemental Instruction Lab (1) Supplemental Instruction and structured learning lab for the designated ELO block courses. Corequisite: AE 1820.
AE 1826 Supplemental Instruction Lab (1) Supplemental Instruction and structured learning lab for the designated course(s) in which the student is concurrently enrolled. May be repeated for a total of 6 semester hours.
AE 2830 Peer Tutoring in the Writing Center (2) Introduction to the theory and practice of one-on-one tutoring in a writing center setting, with emphasis on tailoring instruction to specific student populations. Prerequisites: Completion of freshmen English requirements (ENGL 1020 and 1030 or ENGL 1080) or their equivalents with grades of A and cumulative GPA of 3.2.
AE 4800 Special Projects (0.5, 1.0, 1.5, 2.0, 3.0) Individual or group study of material in special areas of interest. May be repeated for a maximum of 6 semester hours.

Research
AE 2950 Undergraduate Research Experience (3) This course provides undergraduates an opportunity to work one-on-one with faculty in order to learn research techniques or produce creative works in their major field. Students will assist faculty in designing, conducting, and/or analyzing research, or in developing and/or performing creative works. May be repeated for a maximum of 6 semester hours. Prerequisites: 1000 level course(s) in major and consent of instructor.
AE 3900 Introduction to Research Methods and Design (2) Examines methods for planning and conducting academic research, analyzing and interpreting data, and evaluating existing research in a variety of academic disciplines. Particular attention is given to hypothesis development, operationalization, and data collection techniques.

Integrative Studies
In the section of Integrative Studies, the second digit identifies the college or area as follows: 1-Agriculture, 2-Arts and Sciences, 3-Harmon College of Business Administration, 4-Education and Human Services, 5-Library Science & Information Services, 6-Academic Enrichment, 7-Honors Program, and 8-International Studies.

Integrative Studies Capstone
ICAP 4101 Agricultural Capstone Experience* (3) Integration of agricultural knowledge and problem solving skills using case studies in a seminar forum. Prerequisites: 24 semester hours of agriculture courses and senior standing. *Not available for graduate credit.
ICAP 4109 Construction Operations* (3) A detailed study of the knowledge, processes and operational procedures involved in a commercial construction project. Prerequisites: CMGT 2310, CMGT 3225, CMGT 3320 and CMGT 3335 and senior standing. *Not available for graduate credit.
ICAP 4110 Industrial Problem Solving* (3) Designed for students preparing for careers in manufacturing management. Student teams will analyze manufacturing problems, propose solutions, and present recommendations. Prerequisite: senior standing. *Not available for graduate credit.
ICAP 4111 Socio-Economic Factors Impacting Health* (3) Examines selected socio-economic issues and their impact on health. *Not available for graduate credit.
ICAP 4112 Automotive Systems for Contemporary Society* (3) Integration of communication, technology, sociology, economics, and ecology with automotive engineering, management and service, emphasizing their reciprocal effects on each other. Prerequisite: senior standing in automotive technology. *Not available for graduate credit.
ICAP 4113 Air Operations Management* (3) Challenges the student to perform as an effective member of an air operations management team using critical thinking, decision making and ethics. Prerequisite: senior standing in aviation technology. *Not available for graduate credit.
ICAP 4115 Safety and Health Management* (3) Integration of safety information using conceptual and technical data to resolve safety and health issues. The case study approach will be emphasized. Prerequisites: admission to program, 27 semester hours of SAFE courses and senior standing. *Not available for graduate credit.
ICAP 4221 Artists in Contemporary Society* (3) Artists examine diverse theories of art and ethics as it impacts their careers in a global society. Prerequisite: Consent to enroll, based on the following conditions: all general studies completed; art major; scheduled for graduation the semester enrolled (or the following semester if an art education major). *Not available for graduate credit.
ICAP 4222 The Biological Perspective* (3) An examination of current issues from a biological perspective including the impact of biology on history and culture. For biology majors. Prerequisite: 22 semester hours of biology. *Not available for graduate credit.
ICAP 4225 Computer Science Capstone Experience* (3) Integration of computer science topics from other disciplines, including studies in computer ethics, the social impact of computing, and the psychological issues of computer/human interfaces. Prerequisite: Senior standing in Computer Science. *Not available for graduate credit.
ICAP 4233 The Scientific, Historical, and Sociological Impact of Mathematics* (3) Provides an opportunity to experience and understand the importance of mathematics in human development. Prerequisite: 15 semester hours of college mathematics. *Not available for graduate credit.
ICAP 4245 Actuarial Science Capstone Experience* (3) Integration of actuarial science topics and skills with topics from various other disciplines, including actuarial ethics, social roles, and the Code of Professional Conduct. Prerequisite: MATH 4520, FIN 3850, MGT 3315, MGT 3325, MKT 3405, and senior standing. *Not available for graduate credit.

ICAP 4357 Business Policy* (3) Capstone course requiring integration of business knowledge using conceptual, communication, interpersonal, and technical skills applied to strategic management. Case study and competitive simulation methods are used in an experiential team learning environment. Prerequisites: Admission to the B.S.B.A. program, FIN 3850, MGT 3315, MGT 3325, MKT 3405, and senior standing. *Not available for graduate credit.

ICAP 4468 Student Teaching Secondary II* (4) To be taken in the Professional Semester. For all secondary majors, all K-12 majors, and K-9 majors in elementary physical education. Prerequisite: admission to Teacher Education Program. Corequisite: EDCI 4495 or EDCI 4595 or EDSP 4395. *Not available for graduate credit.

ICAP 4478 Integrative Social Work Practicum Seminar* (3) Integration of classroom knowledge with 500 hours in social service agency practicum. Open to social work majors only. Corequisite: SOWK 4660. Prerequisites: all other required major courses must be completed and consent of the Coordinator of Field Education. *Not available for graduate credit.

Integrative Studies General

IGEN 3116 Creative Problem Solving (3) A broad approach to formal techniques in creative problem solving applicable to any field of endeavor and interest. An additional fee is assessed for this course.

IGEN 3224 Critical Thinking (3) Provides insight into and application of the skills needed to think critically about interpersonal and media messages, as well as analyze information.

IGEN 3232 Media Literacy (3) Explores the relationships between media, its consumers, and producers. Integrates cultural, technological, and economic perspectives on mass media and visual communication.

IGEN 4224 Communication, Science and Technology (3) Students will focus on the interactions among science, technology and society by examining scientific communication and scientific and technological controversies. Prerequisite: completion of General Education Div. II A.

IGEN 4236 Science and Religion: From Conflict to Dialogue* (3) A clarification of the historical and philosophical issues that arise in the relationship between science and religion. The course emphasizes a variety of interpretive viewpoints. *Not available for graduate credit.

IGEN 4231 Myth, Memory and Realities* (3) Examines a selected topic in American or World history and literature to understand how interpretations of the past have been constructed to explain the present. *Not available for graduate credit.

IGEN 4244 Comparative Cross-Cultural Cinema* (3) Comparison of films with various sub-themes relating to cross-cultural topics such as internationalism, racism and gender. *Not available for graduate credit.

IGEN 3468 Community, School and Family Connections (3) Focuses on the interactions among community, school and family systems relative to existing and emerging paradigms.

IGEN 3472 Sport in American Life (3) Provides for an understanding and appreciation of the role of sport in American life.

IGEN 3896 Assessing Global Change for the Information Age (3) Challenges students to assess present and future trends, evaluate what is desirable, and reflect on their responsibility for the quality of life in the information age.

International Programs

International English Program

The Intensive English Program provides students the opportunity to improve their English skills and become accustomed to a university setting in the United States. The courses are designed to help non-native English speaking students build on their existing language skills. The IEP offers courses at a variety of proficiency levels in reading, writing, grammar, speaking, listening, vocabulary, accent reduction, American culture, academic preparation and testing skills. These courses are credit bearing but do not count toward completion of an academic degree. A course may be repeated for up to 12 credit hours.

International Studies

In the area of International Studies, the second digit in the course number stands for the following: 0-General.

ISP 4000 Study Abroad (3-4) This course allows students to enroll at the University of Central Missouri while attending classes in a sponsored study abroad program. The variable credits are based on the number of credit hours the student plans to complete at the foreign institutions. The actual credit recorded represent those credits completed by the student and transferred back to UCM. May be repeated for a total of 12-16 semester hours in one semester. Prerequisite: approval of the Director of International Programs.

Integrative Studies General

IGEN 3896 Assessing Global Change for the Information Age (3) Challenges students to assess present and future trends, evaluate what is desirable, and reflect on their responsibility for the quality of life in the information age.
Four-Year Academic Plans

To assist students in their course planning, Central Missouri academic departments have developed four-year plans to illustrate how students majoring in specific areas of study might organize their courses so that they may finish their degree program in four years. Obviously, every student’s situation is unique and an individual’s four-year plan will vary. For example, there may be course prerequisites that may need to be satisfied before a specific course is taken. In addition, a student may already have college credit for certain courses and that might change the sequence of courses the student takes.

Please keep in mind that these four-year plans are illustrative and not legally binding. An academic department may or may not be able to offer a particular course in every semester. Curricular offerings and requirements do change over time and the University of Central Missouri Board of Governors reserves the right to make necessary changes in the curriculum at any time.

Peter L. Viscusi, Ph.D.
Assistant Provost for Undergraduate Studies
James C. Kirkpatrick Library 1450
660-543-4633
This is the recommended program of study for the Accounting Functional Major, B.S.B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Accounting for further information or guidance.

**Accounting Major, B.S.B.A. Degree - 124 Hours**

- *All B.S.B.A. majors except Accounting must complete eight preadmission courses, with a 2.25 cumulative GPA and a 2.25 in these specific courses, for admission to the degree program. Accounting majors must complete the preadmission courses with a 2.65 GPA and have a cumulative GPA of 2.65 for admission to the B.S.B.A. in Accounting program. The eight preadmission courses are recommended for completion during the freshman and sophomore years, and are indicated on the plan with an (*).

- **AE 1400 (1 hr.) is highly recommended for academic success. AE 1400 counts as a free choice, non-business elective.**

- **Major electives require approval of Department Chair. At least one course must be outside accounting.**

- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first three semesters (45 hours) to take the College BASE exam for General Education Assessment. These courses are designated in bold italics. Passing of the C-BASE exam is required for admission to the B.S.B.A. program.

- Grade of "C" or higher required for sophomore and junior level Accounting courses.

- A 2.25 cumulative GPA is required for graduation in this major.

- See current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing are dependent upon Planned Placement in math, reading and writing.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

- Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.

- **Fall only course.

- *** Spring only course.

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
### Agriculture-Business Functional Major, B.S. Degree

**2007 Undergraduate Catalog**

This is the recommended program of study for the Agriculture-Business Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Agriculture for further information or guidance.

**Agricultural Technology - Agricultural Mechanization Functional Major, B.S. Degree - 124 hours**

- *AGRI 1310 Agronomy I: Row Crops (Lab) may be taken instead of AGRI 2315.
- **AGRI 3110 Agri-Business Management may be taken instead of AGRI 3120.
- ***PR&T 3110 Auto. Engine Overhaul may be taken instead of PR&T 3140.
- ****The above plan includes 36 hours of upper-level credit. A minimum of 40 upper-level hours must be earned to meet graduation requirements. Students may either choose upper-level general education coursework (COMM 3000 and COMM 3010) or choose upper-level free choice electives.
- Your four-year plan will vary depending on the year (odd or even) and semester that you begin coursework. See your department chair for current curriculum information.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Agricultural Technology - Agronomic Technology Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Agriculture for further information or guidance.

### Agricultural Technology - Agronomic Technology Functional Major, B.S. Degree

#### Freshman Year - First Semester
- AGRI 1100  Introduction to Agriculture  1
- AGRI 1300  Introductory Plant Science  1
- AGRI 1310  Agronomy I: Row Crops*  2
- CHEM 1104 Intro. to Sciences: Chem. (Lab)  4
- ENGL 1020 Composition I  3
- COMM 1000 Public Speaking  3
- General Education  2-3
- Semester Total  16-17

#### Freshman Year - Second Semester
- AGRI 1600 Introductory Horticulture Sci. (Lab)  3
- BIOL 1111 Biology I (General Botany) (Lab)  4
- ENGL 1030 Composition II  3
- HIST 1350 or 1351 or POLS 1510  3
- Semester Total  16

#### Sophomore Year - First Semester
- AGRI 1420  Animal Husbandry  3
- AGRI 2330  Introduction to Soil Science (Lab)  3
- AGRI 1200  Agriculture Mechanics (Lab)  3
- EASC 1004  Introduction to Geology (Lab)  4
- ECON 1011  Principles of Microeconomics  3
- Semester Total  16

#### Sophomore Year - Second Semester
- AGRI 2010  Computer Apps. for Agriculturalists  3
- AGRI 2130  Global Agriculture  3
- AGRI 2331  Soils  3
- CHEM 2650  Elem. Organic & Biochem. (Lab)  5
- General Education  3
- Semester Total  17

#### Junior Year - First Semester
- AGRI 3120  Dist. and Marketing Agri. Products**  3
- AGRI 1610  Establishment and Care of Greenhouse Plants (Lab)  3
- AGRI 3140  Agriculture Analysis and Statistics  3
- AGRI 4610  Turfgrasses  3
- AGRI 3610  Agriculture Pest Management (Lab)  3
- Semester Total  15

#### Junior Year - Second Semester
- AGRI 4300  Soil Fertility and Fertilizers  3
- AGRI 2331  Soils  3
- General Education  9
- Semester Total  15

#### Senior Year - First Semester
- BIOL 3611  Microbiology  4
- AGRI 4320  Agricultural Plant Diseases (Lab)  3
- AGRI 4340  Agricultural Sprays & Chemicals (Lab)  3
- AGRI 4310  Plant Improvement (Lab)  3
- General Education  3
- Semester Total  16

#### Senior Year - Second Semester
- AGRI 4410  General Veterinary Science  3
- ICAP 4101  Agricultural Capstone Experience  3
- Free Choice Electives***  7
- Semester Total  13

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

### Agricultural Technology - Agronomic Technology Functional Major, B.S. Degree - 124 hours

- *AGRI 2315 Agronomy II: Forages (Lab) may be taken instead of AGRI 1310.
- **AGRI 3110 Agri-Business Management may be taken instead of AGRI 3120.
- ***The above plan includes 34 hours of upper-level credit. A minimum of 40 upper-level hours must be earned to meet graduation requirements. Students may either choose upper-level general education coursework (COMM 3000 and COMM 3010) or choose upper-level free choice electives.
- Your four-year plan will vary depending on the year (odd or even) and semester that you begin coursework. See your department chair for current curriculum information. Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Agricultural Technology - Horticultural Technology Functional Major, B.S. Degree

This is the recommended program of study for the Agricultural Technology - Horticultural Technology Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Agriculture for further information or guidance.

### Freshman Year - First Semester
- **AGRI 1100** Introduction to Agriculture: 1 hour
- **AGRI 1610** Establishment & Care of Greenhouse Plants (Lab): 4 hours
- **CHEM 1104** Intro to Sciences Chem. (Lab): 3 hours
- **ENGL 1020** Composition I: 3 hours
- **AGRI 1420** Animal Husbandry: 1 hour
- **AGRI 1300** Introductory Plant Science: 3 hours

**Semester Total:** 15 hours

### Freshman Year - Second Semester
- **AGRI 2425** Livestock Evaluation (Lab): 3 hours
- **AGRI 1600** Intro. Horticulture Science (Lab): 3 hours
- **ECON 1011** Principles of Microeconomics: 3 hours
- **ENGL 1030** Composition II: 3 hours
- **MATH 1111** College Algebra: 3 hours
- **General Education** 2-3 hours

**Semester Total:** 17-18 hours

### Sophomore Year - First Semester
- **AGRI 2010** Comp. Applications for Agriculturalists: 3 hours
- **AGRI 2330** Introduction to Soil Science (Lab): 3 hours
- **AGRI 1200** Agriculture Mechanics (Lab): 3 hours
- **BIO 1111** Biology I (General Botany) (Lab): 4 hours
- **HIST 1350 or 1350 or POLS 1510**: 3 hours

**Semester Total:** 16 hours

### Sophomore Year - Second Semester
- **AGRI 2315** Agronomy II: Forages*: 3 hours
- **AGRI 2130** Global Agriculture: 3 hours
- **CHEM 2650** Elem. Organic & Biochemistry (Lab): 5 hours
- **COMM 1000** Public Speaking: 3 hours
- **General Education** 3 hours

**Semester Total:** 15 hours

### Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

### Junior Year - First Semester
- **AGRI 3140** Agriculture Analysis and Statistics: 3 hours
- **AGRI 4310** Plant Improvement (Lab): 3 hours
- **AGRI 4000** Special Project: Commercial Greenhouse & Nursery Management: 2 hours
- **AGRI 4605** Horticultural Plants II: Herbaceous General Education: 6 hours

**Semester Total:** 17 hours

### Junior Year - Second Semester
- **AGRI 4300** Soil Fertility and Fertilizers: 3 hours
- **AGRI 3640** Horticult. Propagation Materials (Lab): 3 hours
- **AGRI 4410** General Veterinary Science: 3 hours
- **General Education** 3 hours

**Semester Total:** 15 hours

### Senior Year - First Semester
- **AGRI 4320** Agricultural Plant Diseases (Lab): 3 hours
- **AGRI 4610** Turfgrasses (Lab): 3 hours
- **AGRI 3610** Agricultural Insect Control (Lab): 3 hours
- **AGRI 3120** Distribution & Marketing Agriculture Products**: 3 hours
- **General Education** 3 hours

**Semester Total:** 15 hours

### Senior Year - Second Semester
- **AGRI 4600** Horticulture Plants I Woody (Lab): 3 hours
- **AGRI 3620** Residential Landscape Design (Lab): 3 hours
- **ICAP 4101** Agricultural Capstone Experience: 3 hours
- **General Education** 3 hours
- **Free Choice Elective***: 1 hour

**Semester Total:** 13 hours

### Agricultural Technology - Horticultural Technology Functional Major, B.S. Degree - 124 hours

- *AGRI 1310 Agronomy I: Row Crops may be taken instead of AGRI 2315 Agronomy II: Forages (Lab).
- **AGRI 3110 Agri-Business Management may be taken instead of AGRI 3120.
- You will not need one hour of free choice elective if you choose a technology course that is worth three credit hours.
- Your four-year plan will vary depending on the year (odd or even) and semester that you begin coursework. See your department chair for current curriculum information.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

---

*Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.*
Art Functional Major, B.S. in Ed. Degree

This is the recommended program of study for the Art Functional Major, B.S. in Ed. at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Art for further information or guidance.

Freshman Year - First Semester
- ART 1110 Drawing I
- ART 1315 Design I
- ART 1800 Ideas and the Visual Arts
- **ENGL 1020 Composition I**
- General Education
- Semester Total: 15

AE 1400 Freshman Seminar*

Sophomore Year - First Semester
- EDCI 2100 Found. of Educ. & Field Experience
- EDCI 2240 Educational Psychology
- ART 2412 Ceramics
- ART 1815 Art History Survey I (fall) or ART 1835 Survey of Non-West Art (spring)
- **POLS 1510 American Government**
- General Education
- Semester Total: 18

Junior Year - First Semester
- ART 3314 Fibers
- ART 2511 Painting I
- PSY 4200 Psychology of the Exceptional Child or EDSP 2100 Education of the Exceptional Child
- General Education
- Semester Total: 17

Student Education for Teachers Exam the semester following the completion of the 15 hour set of General Education courses.

Junior Year - Second Semester
- ART 3920 Methods of Teaching Art II: Secondary
- EDCI 3500 Sec. Teaching and Behavior Mgmt.
- EDCI 3550 Practicum in Sec. Institution
- EDCI 4300 Ed. Measures & Evaluation
- Upper Level Studio Concentration
- ICAP 4221 Artists in Contemporary Society
- Semester Total: 12

Senior Year - First Semester
- ART 3920 Methods of Teaching Art II: Secondary
- EDCI 4595 Student Teaching Elementary I
- EDCI 4595 Student Teaching Secondary I
- Upper Level Studio Concentration
- Semester Total: 12

Senior Year - Second Semester
- EDCI 4595 Student Teaching Elementary I
- EDCI 4595 Student Teaching Secondary I
- Upper Level Studio Concentration
- Semester Total: 12

Art Education Major, B.S. in Ed. Degree - 127 hours

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.**

- **Students pursuing a B.S. in Ed. must take a biology prefix.**

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics.**

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Athletic Training Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Health and Human Performance for further information or guidance.

### Athletic Training Functional Major, B.S. Degree - 124 hours

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.**
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated in the plan in **bold italics**.
- Admission to the Athletic Training major is a competitive process and not all who apply are admitted. The application process for the major is separate from the application process for admission to the University. UCM is fully accredited by the Commission on Accreditation of Athletic Training Education (CAATE) since the spring of 2007.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.
Automotive Technology Management Functional Major, B.S. Degree

Automotive Technology Option
This is the recommended program of study for the Automotive Technology Management Functional Major (Automotive Technology Option), B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the School of Technology for further information or guidance.

Freshman Year - First Semester
- PR&T 1010 Power Mechanics 3 Hrs.
- ET 1026 DC Circuit Analysis 4 Hrs.
- MATH 1111 College Algebra 3 Hrs.
- ENGL 1020 Composition I 3 Hrs.
- AE 1400 Freshman Seminar* 1 Hrs.
- Semester Total 14 Hrs.

Sophomore Year - First Semester
- PR&T 2130 Automotive Electrical Systems 4 Hrs.
- PHYS 1104 Intro. to Sciences: Physics 4 Hrs.
- PR&T 2110 Engine Theory 4 Hrs.
- COMM 1000 Public Speaking 3 Hrs.
- Semester Total 18 Hrs.

Junior Year - First Semester
- PR&T 3120 Steering and Suspension Systems 4 Hrs.
- PR&T 3124 Automotive Braking Systems 4 Hrs.
- INDM 4210 Industrial Management or MGT 3310 Principles of Management 3 Hrs.
- CHEM 1103 Intro. to Sciences: Chemistry 3 Hrs.
- Semester Total 14 Hrs.

Summer – Between Junior & Senior Year
- T&OE 3022 Internship in Technology** 5 Hrs.
- Semester Total 5 Hrs.

Senior Year - First Semester
- PR&T 2150 Mobile HVAC 3 Hrs.
- BLAW 2720 Legal Environment of Business 3 Hrs.
- Div. II, Area D Cultural Interaction 3 Hrs.
- Div. II, Area C Humanities 3 Hrs.
- MKT 3400 Principles of Marketing or HRM 3920 Human Resource Management 3 Hrs.
- Semester Total 15 Hrs.

Junior Year - Second Semester
- GRAP 1110 Fundamentals of Drafting 2 Hrs.
- PR&T 3150 Diesel Technology 3 Hrs.
- PR&T 4032 Hydraulics & Pneumatics 3 Hrs.
- PR&T 3130 Automotive Computer Diagnostics 4 Hrs.
- ACCT 2100 Survey of Accounting 3 Hrs.
- Div. II, Area C Humanities 3 Hrs.
- Semester Total 16 Hrs.

Senior Year - Second Semester
- PR&T 3140 Transmissions & Drivelines 4 Hrs.
- ICAP 4112 Automotive Systems for Cont. Society 4 Hrs.
- PR&T 3134 Advanced Powerplant Systems 4 Hrs.
- Free Choice Elective (Upper Division) 3 Hrs.
- Semester Total 14 Hrs.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

- If students wish to take HRM 3920 rather than MKT 3400, they must take MGT 3310 rather than INDM 4210.
- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **T&OE 3022 Internship (3 hours) should be done during the summer of junior/senior year.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Automotive Technology Management Functional Major, B.S. Degree 2/2007

Design Technology Option
This is the recommended program of study for the Automotive Technology Management Functional Major (Design Technology Option), B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the School of Technology for further information or guidance.

### Freshman Year - First Semester
- **PR&T 1010 Power Mechanics**
  - Hrs.: 3
- **ET 1026 DC Circuit Analysis**
  - Hrs.: 4
- **MATH 1111 College Algebra**
  - Hrs.: 3
- **ENGL 1020 Composition I**
  - Hrs.: 3
- **AE 1400 Freshman Seminar**
  - Hrs.: 1
- **Semester Total**
  - Hrs.: 14

### Freshman Year - Second Semester
- **GRAP 1110 Fundamentals of Drafting**
  - Hrs.: 2
- **PR&T 1110 Basic AutoCAD**
  - Hrs.: 1
- **MMGT 2530 Machine Tool Technology**
  - Hrs.: 3
- **ENGL 1030 Composition II**
  - Hrs.: 3
- **ECON 1010 Principles of Macroeconomics**
  - Hrs.: 3
- **MATH 1131 Technical Calculus or T&OE 1042 Technical Mathematics II**
  - Hrs.: 3
- **BTE 1210 Essentials of Managing Information**
  - Hrs.: 2
- **Semester Total**
  - Hrs.: 17

### Sophomore Year - First Semester
- **Phys 1104: Intro. to Sciences: Physics**
  - Hrs.: 4
- **PR&T 2110 Engine Theory**
  - Hrs.: 4
- **T&OE 3060 Technical Report Writing**
  - Hrs.: 3
- **COMM 1000 Public Speaking**
  - Hrs.: 3
- **Semester Total**
  - Hrs.: 18

### Sophomore Year - Second Semester
- **PR&T 2130 Automotive Electrical Systems**
  - Hrs.: 4
- **Phys 1104: Intro. to Sciences: Physics**
  - Hrs.: 4
- **PR&T 2110 Engine Theory**
  - Hrs.: 4
- **T&OE 3060 Technical Report Writing**
  - Hrs.: 3
- **Comm 1000 Public Speaking**
  - Hrs.: 3
- **Semester Total**
  - Hrs.: 16

### Junior Year - First Semester
- **PR&T 3120 Steering and Suspension Systems**
  - Hrs.: 3
- **PR&T 3124 Automotive Braking Systems**
  - Hrs.: 4
- **INDM 4210 Industrial Management or MGT 3310 Principles of Management**
  - Hrs.: 3
- **General Education**
  - Hrs.: 3
- **Semester Total**
  - Hrs.: 14

### Summer - Between Junior & Senior Year
- **T&OE 3022 Internship in Technology**
  - Hrs.: 3
- **Semester Total**
  - Hrs.: 3

### Senior Year - First Semester
- **GRAP 2170 Intro. to Computer-Aided Drafting**
  - Hrs.: 3
- **HRM 3920 Human Resource Management or MKT 3400 Principles of Marketing**
  - Hrs.: 3
- **Major Option Area 2 Elective**
  - Hrs.: 3
- **Div. II, Area C Humanities**
  - Hrs.: 3
- **Div. II, Area D Cultural Interaction**
  - Hrs.: 3
  - **Semester Total**
  - Hrs.: 15

### Senior Year - Second Semester
- **ICAP 4112 Automotive Systems for Cont. Soc.**
  - Hrs.: 3
- **HRM 3920 Human Resource Management or MKT 3400 Principles of Marketing**
  - Hrs.: 3
- **Upper-Level Free Choice Elective**
  - Hrs.: 3
- **Major Option Area 2 Electives**
  - Hrs.: 3
- **Semester Total**
  - Hrs.: 16

### Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

- Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

### Automotive Technology Management Functional Major, B.S. Degree

Design Technology Option - 128 hours minimum required

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **T&OE 3022 Internship (3 hours) should be done during the summer of junior/senior year.
- ***See departmental adviser for a listing of the approved elective courses within Area 2.
- If students wish to take HRM 3920 rather than MKT 3400, they must take MGT 3310 rather than INDM 4210.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

**Aviation Technology: Airport Management Functional Major, B.S. Degree – 124-125 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.*

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics.**

- **See the current catalog for complete statement of academic policies, leveling, and prerequisites.**

- **Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.**
Avionics Area of Concentration (Area 4)
This is the recommended program of study for the Aviation Technology: (Avionics Management) Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Aviation for further information or guidance.

Freshman Year - First Semester
- ENGL 1020 Composition I
- MATH 1111 College Algebra
- AVIA 1020 Aeronautics or AVIA 1310 FAA Private Ground
- ET 1026 DC Circuit Analysis
- GRAP 1110 Fundamentals of Drafting
- AE 1400 Freshman Seminar*
- Semester Total

Hrs. 3 3 2-4 4 3 15-17

Freshman Year - Second Semester
- ENGL 1030 Composition II
- ET 1027 AC Circuit Analysis
- AVIA 2230 Aircraft Electrical Systems
- BTE 1210 Essentials of Managing Info. or LIS 1600 Information Resources
- ECON 1010 Principles of Macroeconomics
- Semester Total

Hrs. 3 4 3 2 3 15

Sophomore Year - First Semester
- ET 2048 Active Electrical Devices
- ET 1050 Digital Principles & Applications
- HIST 1350 or 1351 or POLS 1510 General Education
- Semester Total

Hrs. 3 4 3 16

Sophomore Year - Second Semester
- PHYS 1104 Intro. to Sciences: Physics
- ET 2058 Operational Amps Theory & Appl.
- ET 2060 Microprocessors: Theory & Appl.
- AVIA 3260 Aircraft Radio Install & Operations
- General Education
- Semester Total

Hrs. 4 4 4 1 3 16

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Junior Year - First Semester
- T&OE 3060 Technical Report Writing
- ET 3014 Analog Digital Circuitry
- AVIA 4010 Aerodynamics
- General Education
- Semester Total

Hrs. 2 4 4 3 3 16

Junior Year - Second Semester
- AVIA 3264 Aircraft Pulse & Related Sys.
- ET 3041 Communication Systems
- MATH 1131 Calculus for Business & Economics
- AVIA 4040 Aviation Management
- General Education
- Semester Total

Hrs. 4 3 3 3 3 16

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

Senior Year - First Semester
- MGT 3310 Principles of Management or INDM 4210 Industrial Management
- AVIA 4500 Aviation Safety
- AVIA 4090 Aviation Law
- General Education
- Semester Total

Hrs. 3 3 3 6 15

Senior Year - Second Semester
- AVIA 4420 Air Transportation

#### Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

#### Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

#### Aviation Technology: Systems Design Technology Functional Major, B.S. Degree - 124 hours

- **AE 1400 (1 hr)** is highly recommended for academic success. AE 1400 is a free choice elective.

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Biology Major, B.A. Degree

This is the recommended program of study for the Biology Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Biology and Earth Science for further information or guidance.

**Freshman Year - First Semester**
- Hrs: 1
  - BIOL 1000 Discipline of Biology

**Freshman Year - Second Semester**
- Hrs: 4
  - BIOL 1112 Biology II w/lab

**Sophomore Year - First Semester**
- Hrs: 3
  - BIOL 2512 Cell Biology

**Sophomore Year - Second Semester**
- Hrs: 3
  - BIOL 2020 Gen. Ecology

**Junior Year - First Semester**
- Hrs: 4
  - Upper-Level Electives in BIOL

**Junior Year - Second Semester**
- Hrs: 4
  - Upper-Level Electives in BIOL

**Senior Year - First Semester**
- Hrs: 1
  - BIOL 4000 Biology Colloquium

**Senior Year - Second Semester**
- Hrs: 3
  - ICAP 4222 Biological Perspective

*Refer to the Bachelor’s Degree Requirements section of the catalog for the B.A. Modern Language requirement. This plan is based on nine hours of modern language.

This plan is based on a 21-hour minor.

A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

See the current catalog for complete statement of academic policies, leveling, and prerequisites.

Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Biology Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Biology and Earth Science for further information or guidance.

Students must pass all five areas of the College BASE for Teachers Exam as a prerequisite for admission to the Teacher Education Program and prior to taking 4000-level Education courses.

**Pass Praxis II Test for Business Education**

- AE 1400 Freshman Seminar (see below)
- Take the College BASE for Teachers Exam the semester following the completion of the 15 hour set of General Education courses. *Apply for Admission to Teacher Education.*

Business Education Functional Major, B.S. in Ed. Degree - 124 hours

- AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- *For admission to teacher education, a student must have a minimum of 48 credit hours earned (at least six at Central); have passed the C-BASE general education test; and have a cumulative GPA no less than 2.5. See current catalog for other specific requirements for admission to Teacher Education.
- **C required.
- This listing shows planned changes in the program to reflect new state certification requirements. Course substitutions will be made for CTE 1000 to bring the current catalog program in line with these changes. See the current catalog for General Education Requirements and for a complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Chemistry Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Chemistry and Physics for further information or guidance.

**Chemistry Major, B.A. Degree - 124 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Refer to the Bachelor’s Degree Requirements section in the catalog for the B.A. Modern Language requirement. This plan is based on two modern language courses and ENGL 2220 for General Education Literature.
- ***CHEM 3111 offered odd fall semesters (2007, 2009, etc.) and should be taken accordingly.
- ****CHEM 3212 is also offered during odd summers (2007, 2009, etc.).
- CHEM 4111 is offered even-numbered years and CHEM 4313 odd-numbered years.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- This plan is based on a 21-hour minor.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Four-Year Academic Plans

Chemistry Functional Major, B.S. Degree

This is the recommended program of study for the Chemistry Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Chemistry and Physics for further information or guidance.

Semester Total 15

Chemistry Functional Major, B.S. Degree - 124 hours

- *Students whose high school preparation is inadequate should take PHYS 1101 during their first year at Central Missouri. The department highly recommends PHYS 2121.

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.

- ***Alternate-year courses: 5th semester begin 3111 (odd falls) or 4531 (even falls); 6th semester take 4231 (offered even springs) (4111 also offered as an elective) or 4532 (offered odd springs) (4313 also offered as an elective).

- ****CHEM 3212 is also offered during odd summers (2007, 2009, etc.)

- For ACS-CPT-approved degree take either CHEM 4111 or CHEM 4313.

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Chemistry Functional Major, B.S. in Ed. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Chemistry and Physics for further information or guidance.

**Chemistry Functional Major, B.S. in Ed. Degree - 124 hours**

- **AE 1400** (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **CHEM 3111** is offered during odd falls (2007, 2009, etc.) and should be taken accordingly.
- **CHEM 3212** is also offered during odd summers (2007, 2009, etc.)
- **See catalog** for major electives and Unified Science Certification requirements.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
- Students should apply to the teacher education program after completing EdCI 2100.

### Freshman Year - First Semester
- **CHEM 1131** General Chemistry I
- **BIOL 1111** Biology I
- **ENGL 1020** Composition I
- **T&OE 2000** Technology & Change
- **SEMESTER TOTAL** 15

### Freshman Year - Second Semester
- **CHEM 1132** General Chemistry II
- **BIOL 1005** Intro. to Environ. Sciences
- **ENGL 1030** Composition II
- **HIST 1350 or 1351** US History
- **COMM 1000** Public Speaking
- **SEMESTER TOTAL** 17

### Sophomore Year - First Semester
- **CHEM 3341** Organic Chemistry I
- **MATH 1150 or MATH 1151**
- **EDCI 2100** Found. of Ed. & Field Experience
- **EDCI 2240** Educational Psychology
- **SEMESTER TOTAL** 17-18

### Sophomore Year - Second Semester
- **PHYS 1101 or PHYS 2121**
- **CHEM 3212** Quantitative Analysis
- **EASC 1004** Intro to the Sciences: Geology
- **EDSP 2100** Exceptional Child or **PSY 4200**
- **POLS 1510** American Government
- **SEMESTER TOTAL** 16-17

### Junior Year - First Semester
- **CHEM 3111** Intermediate Inorganic Chemistry
- **PSY 4230** Psychology of Adolescence
- **SEMESTER TOTAL** 16-17

### Junior Year - Second Semester
- **CHEM 4421** Biochemistry
- **CHEM 3500** Elements of Physical Chemistry
- **EDCI 3500** Sec. Teaching & Behavioral Mgt.
- **EDCI 3550** Practicum in Sec. Instruction
- **EDCI 4300** Educ. Measurement & Evaluation
- **SEMESTER TOTAL** 13-14

### Senior Year - First Semester
- **CHEM 4421** Biochemistry
- **EDCI 3500** Sec. Teaching & Behavioral Mgt.
- **EDCI 3550** Practicum in Sec. Instruction
- **EDCI 4300** Educ. Measurement & Evaluation
- **SEMESTER TOTAL** 13-14

### Senior Year - Second Semester
- **CHEM 4011** Methods of Teaching Physical Sci.
- **EDCI 4595** Student Teaching Secondary I
- **ICAP 4468** Student Teaching Secondary II
- **SEMESTER TOTAL** 12
This is the recommended program of study for the Child and Family Development Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Curriculum and Instruction for information or guidance.

**Child & Family Development Functional Major, Child Development Area, B.S. Degree - 124 hrs**

- **Freshman Year - First Semester**
  - ENGL 1020 Composition I: 3 Hrs.
  - General Education Math: 3
  - CFD 1010 Individual & Family Relationships: 3
  - PSY 1100 General Psychology: 3
  - AE 1450 Valuing Differences: 1
  - Semester Total: 13 Hrs.

- **Freshman Year - Second Semester**
  - ENGL 1030 Composition II: 3 Hrs.
  - General Education Science: 3-4
  - CFD 1220 Child Development: 3
  - EDCI 2110 World Diversity & America: 3
  - SOC 1800 General Sociology: 3
  - Semester Total: 15-16 Hrs.

- **Sophomore Year - First Semester**
  - HIST 1350 or 1351 U.S. History**: 3 Hrs.
  - CFD 1230 Observation of Children: 2
  - CFD 2230 Practicum in Child Development: 1
  - EDCI 2850 Dev. & Learning Thru Play: 3
  - D&B 2310 Early Childhood Nutrition & Health: 2
  - General Education: 3
  - Semester Total: 14 Hrs.

- **Sophomore Year - Second Semester**
  - EDCI 2310 Computer Technology in Education: 2 Hrs.
  - CD 2000 Bases of Speech & Language: 2
  - ART 3910 Art for Elementary: 2
  - PE 2410 Mv. Skills & Activ. for Primary Grades: 2
  - General Education: 6-7
  - SOC 2805 Intro. to Social Research: 3
  - Semester Total: 17-18 Hrs.

- **Junior Year - First Semester**
  - CFD 2240 Field Exp. in Early Childhood: 3
  - EDSP 2100 Ed. of the Exceptional Child: 2
  - CFD 3230 Family Systems & Life Span Develop.: 3
  - FACS 2110 Consumer Problems: 3
  - General Education: 3
  - Free Choice Electives: 3
  - Semester Total: 17 Hrs.

- **Junior Year - Second Semester**
  - CFD 3240 Parent-Child Interaction: 3
  - EDSP 3150 Community & Family Resources: 2
  - EDCI 3410 Children’s Literature: 2
  - MUS 3301 Music for Elementary Schools: 2
  - General Education: 3
  - Free Choice Electives: 3
  - Semester Total: 15 Hrs.

- **Summer Semester**
  - CFD 4710 Internship***: 3-6 Hrs.
  - Semester Total: 3-6 Hrs.

- **Senior Year - First Semester**
  - CFD 4222 Early Childhood: 3
  - CFD 4250 Spec. Prob. in Family & Ind. Dev.: 3
  - General Education: 3
  - Free Choice Electives****: 3
  - Semester Total: 15 Hrs.

- **Senior Year - Second Semester**
  - CFD 4745 Senior Seminar: 3
  - CFD 4250 Spec. Prob. in Family & Ind. Dev.: 3
  - Free Choice Electives****: 10
  - Semester Total: 16 Hrs.

- **Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.**

- **Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.**

**Child & Family Development Functional Major, Child Development Area, B.S. Degree - 124 hrs**

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.**
- **In addition to the Social Science requirement, students must also fulfill Missouri Legislative requirement and HIST prefix requirements. Since the Cultural Interaction requirement is specified in this major, students are encouraged to select HIST 1350 or 1351 in Social Sciences.**
- **Internship is to be completed during the summer semester before the Senior year.**
- **Students will need to select a certain number of 3000-4000 level free electives in order to reach the minimum 40 hours required for a degree.**
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters (60 hours) to take the C-BASE exam for General Education Assessment. These courses are designated in **bold italics.**
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
## Child & Family Development Functional Major, Family Development Area, B.S. Degree

This is the recommended program of study for the Child and Family Development Functional Major, Family Development Area, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Curriculum and Instruction for further information or guidance.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

### Child & Family Development Functional Major, Family Development Area, B.S. Degree - 124 hours

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **In addition to the Social Science requirement, students must also fulfill Missouri Legislative requirement and HIST prefix requirements. Since the Cultural Interaction requirement is specified in this major, students are encouraged to select HIST 1350 or 1351 in Social Sciences.
- ***Internship is to be completed during the summer semester before the Senior year.
- ****Students will need to select a certain number of 3000-4000 level free electives in order to reach the minimum 40 hours required for a degree.
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters (60 hours) to take the C-BASE exam for General Education Assessment. These courses are designated in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Commercial Art Functional Major (Graphic Design Option), B.F.A. Degree

This is the recommended program of study for the Commercial Art Functional Major (Graphic Design Option), B.F.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Art for further information and guidance on prerequisites and required course sequence in your area of emphasis.

Freshman Year - First Semester
- ART 1110 Drawing I: 3 Hrs.
- ART 1315 Design I: 3 Hrs.
- ART 1800 Ideas & the Visual Arts: 3 Hrs.
- ENGL 1020 Composition I: 3 Hrs.
- General Education Math: 3 Hrs.
- Semester Total: 15 Hrs.

Freshman Year - Second Semester
- ART 1120 Drawing II: 3 Hrs.
- ART 1325 Design II: 3 Hrs.
- ART 2511 Painting I: 3 Hrs.
- GRAP 1010 Intro. to Desktop Publishing & Printing: 3 Hrs.
- ENGL 1030 Composition II: 3 Hrs.
- Semester Total: 15 Hrs.

Freshman Year - First Semester
- AE 1400 Freshman Seminar*: 3 Hrs.
- Semester Total: 15 Hrs.

Sophomore Year - First Semester
- ART 2335 Design III: 3 Hrs.
- ART 2610 Introduction to Commercial Art: 3 Hrs.
- Required Course From Area of Emphasis: 3 Hrs.
- ART 1815 Art History Survey I (fall) or ART 1835 Survey of Non-West Art (spring): 3 Hrs.
- HIST 1350 or 1351 or POLS 1510: 3 Hrs.
- Semester Total: 15 Hrs.

Sophomore Year - Second Semester
- ART 2710 Introduction to Printmaking: 3 Hrs.
- Required Course From Area of Emphasis: 3 Hrs.
- ART 1825 Art History Survey II: 3 Hrs.
- General Education Science: 3-4 Hrs.
- General Education: 5-6 Hrs.
- Semester Total: 18 Hrs.

Junior Year - First Semester
- Required Course From Area of Emphasis: 3 Hrs.
- ART 2412 Ceramics I or ART 2420 Sculpture I: 3 Hrs.
- ART 3510 Watercolor: 3 Hrs.
- Elective From Area of Emphasis: 6 Hrs.
- General Education: 3 Hrs.
- Semester Total: 18 Hrs.

Junior Year - Second Semester
- Required Course From Area of Emphasis: 3 Hrs.
- ART 4850 20th Century Art & Architect. (fall) or ART 4860 Contemp. Art & Design (spring): 3 Hrs.
- Required Course From Area of Emphasis: 3 Hrs.
- Elective From Area of Emphasis: 3 Hrs.
- General Education: 6 Hrs.
- Semester Total: 15 Hrs.

Senior Year - First Semester
- Required Course From Area of Emphasis: 3 Hrs.
- ART Elective: 3 Hrs.
- Electives From Area of Emphasis: 6 Hrs.
- General Education: 6 Hrs.
- Semester Total: 18 Hrs.

Senior Year - Second Semester
- ART 4020 Studio Seminar: 3 Hrs.
- Required Course From Area of Emphasis: 3 Hrs.
- ICAP 4221 Artists in Contemporary Society: 3 Hrs.
- General Education: 6 Hrs.
- Semester Total: 15 Hrs.

Commercial Art Major (Graphic Design Option), B.F.A. Degree - 129 hours

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.
Commercial Art Functional Major (Illustration Option), B.F.A. Degree

This is the recommended program of study for the Commercial Art Functional Major (Illustration Option), B.F.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Art for further information and guidance on prerequisites and required course sequence in your area of emphasis.

  - CIS Concentration Course  
  - **Total** 15 Hrs.

### Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

### Computer Information Systems Functional Major, B.S.B.A. Degree - 124 Hours
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first three semesters (45 hours) to take the College BASE exam for General Education Assessment. These courses are designated in bold italics. Passing of the C-BASE exam is required for admission to the B.S.B.A. program.

- Students in this major must complete eight preadmission courses, with a 2.25 cumulative GPA, and a 2.25 in these specific courses, for admission to the degree program. These courses are recommended for completion during the freshman and sophomore years. These courses are indicated with an (*).

- **AE 1400 (1 hr.)** is highly recommended for academic success. AE 1400 counts as a free choice, non-business elective.

- A 2.25 GPA on all coursework is required for graduation in this major.

- See current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Computer Science Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Mathematics and Computer Science for further information or guidance.

### Computer Science Functional Major, B.S. Degree - 124 hours

**Freshman Year - First Semester**
- **MATH 1151 Calculus & Analytic Geom. I** 5
- **CS 1100 Computer Programming I** 3
- **CS 1400 Discrete Structures I** 3
- **General Education/Free Choice Electives** 3

**Semester Total** 14

**Freshman Year - Second Semester**
- **CS 1110 Computer Programming II** 3
- **CS 2400 Discrete Structures II** 3
- **Elective in Track** 3
- **General Education/Free Choice Electives** 7

**Semester Total** 16

**Sophomore Year - First Semester**
- **CS 2300 Data Structures** 3
- **MATH 3311 Intro. to Mathematical Statistics** 3
- **Elective in Track** 3
- **General Education/Free Choice Electives** 7

**Semester Total** 16

**Sophomore Year - Second Semester**
- **CS 1100 Computer Programming II** 3
- **CS 2200 Intro. to Computer Organization** 3
- **Elective in Track** 3
- **General Education/Free Choice Electives** 6

**Semester Total** 15

**Junior Year - First Semester**
- **CS 3200 Computer Architecture** 3
- **CS 4300 Algorithm Design & Analysis** 3
- **Elective in Track** 3
- **General Education/Free Choice Electives** 6

**Semester Total** 15

**Junior Year - Second Semester**
- **CS 4500 Operating Systems** 3
- **CS 4910 Software Engineering** 3
- **Elective in Track** 3-4
- **General Education/Free Choice Electives** 6

**Semester Total** 15-16

**Senior Year - First Semester**
- **CS 4600 Database Theory and Apps.** 3
- **CS 4900 Compiler** 3
- **Approved Elective in Track** 3-4
- **General Education/Free Choice Electives** 6

**Semester Total** 15-16

**Senior Year - Second Semester**
- **ICAP 4245 – Computer Science Capstone Exp.** 3
- **Approved Elective in Track** 3-4
- **General Education/Free Choice Electives** 9

**Semester Total** 15-16

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

- *Fall-only course.
- **Spring-only course.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics.**
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Construction Management Functional Major, B.S. Degree

This is the recommended program of study for the Construction Management Functional Major, B.S. Degree at University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Industrial Technology for further information or guidance.

Construction Management Functional Major, B.S. Degree - Minimum hours 129

- **AE 1400 (1 hr.) is highly recommended for academic success. AE 1400 counts as a free choice, non-business elective.
- **T&OE 3022 Internship in Technology should be done during the summer of junior/senior year.
- General education courses (18 semester hours total) required by the Construction Management Program are incorporated into the above plan. A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

### Four-Year Academic Plans

**Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.**

**Construction Management Functional Major, B.S. Degree - Minimum hours 129**
Cooperative Engineering 3-2, B.A. Degree

This is the recommended program of study for the Cooperative Engineering 3-2, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Physics for further information or guidance.

Cooperative Engineering 3-2, B.A. Degree – 96 hours

- *Students whose high school preparation is inadequate should take PHYS 1101 during their first year at UCM.
- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.
- ***Refer to the Bachelor’s Degree Requirements section in the catalog for the B.A. Modern Language requirement. This plan is based on 2 modern language courses and ENGL 2220 for General Education Literature.
- University of Central Missouri, through the Department of Chemistry and Physics, offers a Cooperative Engineering 3-2 program in cooperation with the University of Missouri-Rolla, the University of Missouri-Columbia, and the University of Kansas. This program leads to a B.S. in Engineering from the cooperating institution and a B.A. degree in Physics from UCM. Any student electing to enter the five-year program must apply for a degree audit at the close of the sophomore year indicating, upon application, plans to complete the cooperative plan at another institution and name the institution. For details, consult the Chair of the Chemistry and Physics Department. For the first three years, students should complete the above program.
- Please Note: To receive your physics degree from UCM, you must notify the Registrar’s Office upon graduation from your engineering institution. At that time, we will process your physics degree certificate.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

**Criminal Justice Major, B.S. Degree - 124 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.*
- Above degree plan is based on a 21 hour minor.
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters (60 hours) to take the C-BASE exam for General Education Assessment. These courses are designated in *bold italics*.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Crisis and Disaster Management Bachelor of Science Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Safety Sciences for further information or guidance.

Crisis and Disaster Management, B. S. Degree – 124 hrs

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **SAFE 4950 and SAFE 4960 can be taken any semester after sophomore year.
- ***This plan is based on an 18-hour minor. The number of free choice electives will depend on the hours required in the chosen major.
- SAFE 4980 is a practicum in CDM that can be taken for 3-6 hours.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in bold italics.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Dietetics Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Health and Human Performance for further information or guidance.

**Dietetics Functional Major, B.S. Degree - 124 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters (60 hours) to take the C-BASE exam for General Education Assessment. These courses are indicated in the plan in **bold italics**.
- Registration as a dietitian requires internship beyond BS degree. Fulfills the "Dietetic Program in Dietetics Academic Requirements" of the American Dietetic Association.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

### Freshman Year - First Semester
- D&N 1300 Introduction to Dietetics: **1**
- PSY 1100 General Psychology: **3**
- **ENGL 1020 Composition I**
- General Education: **9**
- **Semester Total**: 16

### Freshman Year - Second Semester
- **CHEM 1104 Intro. to Sciences: Chemistry**: **4**

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.
Earth Science Major, B.A. Degree

This is the recommended program of study for the Earth Science Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Biology and Earth Science for further information or guidance.

**Earth Science Major, B.A. Degree - 124 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.
- **Refer to the catalog for the B.A. Degree Modern Languages requirements. This plan is based on 9 hours of modern language.
- This plan is based on a 21-hour minor.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Take the College BASE for Teachers Exam the semester following the completion of the 15 hour set of General Education courses.

Students must pass all five areas of the College BASE for Teachers Exam as a prerequisite for admission to the Teacher Education Program and prior to taking 4000-level Education courses.

**Earth Science Functional Major, B.S. in Ed. Degree - 124 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Please see catalog for Unified Science Certification requirements.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Economics Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Economics and Finance for further information or guidance.

### Economics Major, B.A. Degree - 124 Hours

- **AE 1400** (1 hr.) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Refer to the Bachelor's Degree Requirements section of the catalog for the B.A. Modern Language requirement. This plan is based on nine hours of modern language.**
- **Some major electives are offered fall or spring semester only – check with the department for course offerings.**
- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first three semesters (45 hours) to take the C-BASE exam for General Education Assessment. These courses are designated in **bold italics**.
- **POLS 1510** (American Government) is required for the major and fulfills the Missouri Constitution requirement. Students must also choose a history prefix course in Div. II Area B (HIST 1350 or 1351) or Area D (HIST 2402 or 2410).
- This degree program is based on a 24-hour minor. Number of free choice electives will vary with minor choice.
- See current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

- See current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Electronics Engineering Technology Functional Major, B.S. Degree

This is the recommended program of study for the Electronics Engineering Technology Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Industrial Technology for further information or guidance.

**Freshman Year - First Semester**
- ET 1026 DC Circuit Analysis* 4 Hrs.
- ET 1050 Digital Principles & Applications* 4 Hrs.
- MATH 1111 College Algebra 3 Hrs.
- MMGT 2500 Applied Computer Technology** 2 Hrs.
- ENGL 1020 Composition I 3 Hrs.
- Semester Total 16 Hrs.

**Sophomore Year - First Semester**
- ET 2058 Operational Amplifiers* 4 Hrs.
- ET 2060 Microprocessors** 4 Hrs.
- PHYS 1102 College Physics II** 4 Hrs.
- T&OE 2040 Calculus for Technology 3 Hrs.
- Semester Total 15 Hrs.

**Junior Year - First Semester**
- EET 2330 Transform Analysis* 3 Hrs.
- EET 3310 Microprocessor Systems Design* 3 Hrs.
- EET 3320 Introduction to Data Communications* 3 Hrs.
- COMM 1000 Public Speaking 3 Hrs.
- Semester Total 14 Hrs.

**Senior Year - First Semester**
- EET 4310 Fuzzy Logic Systems Design* 3 Hrs.
- EET 4320 Advanced Control Systems Design* 3 Hrs.
- General Education 9 Hrs.
- Semester Total 15 Hrs.

**Junior Year - Second Semester**
- ET 2067 AC Circuit Analysis* 4 Hrs.
- EET 2500 Active Electronic Devices* 4 Hrs.
- PHYS 1101 College Physics I 4 Hrs.
- T&OE 1042 Technical Mathematics II* 3 Hrs.
- ENGL 1030 Composition II 3 Hrs.
- Semester Total 18 Hrs.

**Sophomore Year - Second Semester**
- EET 2065 Comp. Prog. for Elect. Technology* 4 Hrs.
- EET 2300 Calculus for Elect. Eng. Technology* 3 Hrs.
- EET2320 Advanced Digital Circuitry* 3 Hrs.
- CHEM 1104 Intro. to Sciences: Chemistry 4 Hrs.
- HIST 1350 or 1351 or POLS 1510 3 Hrs.
- Semester Total 17 Hrs.

**Junior Year - Second Semester**
- EET 3330 Intro. to Communication Systems* 3 Hrs.
- EET 3340 Control Systems Design* 3 Hrs.
- ECON 1010 Principles of Macroeconomics 3 Hrs.
- General Education 6 Hrs.
- Semester Total 15 Hrs.

**Senior Year - Second Semester**
- EET 4330 Digital Signal Processing Systems* 3 Hrs.
- EET 4340 Neural Network Systems Design* 3 Hrs.
- General Education 9 Hrs.
- Semester Total 15 Hrs.

**Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.**

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

**Electronics Engineering Technology Functional Major, B.S. Degree - 124 hours**

- *Course ONLY available semester indicated.
- **Course(s) may be available summer semesters.
- ***AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Electronics Technology Functional Major, B.S. Degree

Electrical/Electronic Communication Technology Area
This is the recommended program of study for the Electronics Technology Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Industrial Technology for further information or guidance.

**Elementary Education Major, B.S. in Ed. Degree - 130 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Students selecting a math minor must contact the math adviser before enrolling in Math 2801.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- A teaching area of concentration is a content area for which UCM sponsors certification. For elementary education majors, these are: Art, English, French, Family and Consumer Sciences, German, Instructional Technology, Math, Science, Social Studies, Spanish, Special Education, and Speech Communication/Theatre. These range in hours from 21 to 27. The above plan is based on a 21 credit hour area of concentration.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Elementary Education (Birth – Grade 3) Functional Major, B.S. in Ed. Degree, at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Curriculum and Instruction for further information or guidance.

### Elementary Education Major, B.S. in Ed. Degree - 129 hours

- **AE 1400** (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **A teaching area of concentration** is a content area for which UCM sponsors certification. These include art, English, family and consumer sciences, French, German, health, instructional technology, math, science, social studies, Spanish, special education, and speech communication and theatre. These range in hours from 21 to 27. The above plan is based on a 21-credit-hour area of concentration.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

### Engineering Technology Major (Drafting/Design Option) B.S. Degree - 133-135 hours

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Engineering Technology Major (Electronics Engineering Option), B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the School of Technology for further information or guidance.

**Engineering Technology Major (Electronics Engineering Option) B.S. Degree - 133 hours**

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in bold italics.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

## Engineering Technology Major (Industrial Engineering Option), B.S. Degree

This is the recommended program of study for the Engineering Technology Major (Industrial Engineering Option), B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the School of Technology for further information or guidance.

### Engineering Technology Major (Industrial Engineering Option), B.S. Degree – 131-133 hours

- **A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in *bold italics.*
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

### Freshman Year - First Semester
- **GRAP 1110 Fundamentals of Drafting** 3 Hrs.
- **MMGT 1510 Intro. to Mfg. Process** 3 Hrs.
- **MATH 1151 Calculus I** 5 Hrs.
- **ENGL 1010 Principles of Economics** 3 Hrs.
- **Semester Total** 17 Hrs.

### Freshman Year - Second Semester
- **GRAP 2170 Intro. to CAD** 3 Hrs.
- **MMGT 2515 Appl. Mfg. Process** 3 Hrs.
- **ENGL 1030 Composition II** 3 Hrs.
- **Semester Total** 17 Hrs.

### Sophomore Year - First Semester
- **MMGT 2040 Engr. Material Science** 4 Hrs.
- **ET 1010 Applied Electricity** 3-4 Hrs.
- **CHEM 1104 Chemistry** 4 Hrs.
- **Semester Total** 15-16 Hrs.

### Sophomore Year - Second Semester
- **MATH 1152 Calculus II** 5 Hrs.
- **GRAP 2170 Intro. to CAD** 3 Hrs.
- **MMGT 2515 Appl. Mfg. Process** 3 Hrs.
- **ENGL 1030 Composition II** 3 Hrs.
- **Semester Total** 15-16 Hrs.

### Junior Year - First Semester
- **SAFE 3000 Prin. of Accident Causation & Prev.** 3 Hrs.
- **ET 3017 Industrial Electronics** 4 Hrs.
- **MMGT 3510 Engr. Planning & Control** 3 Hrs.
- **COMM 1000 Public Speaking** 3 Hrs.
- **Semester Total** 16 Hrs.

### Junior Year - Second Semester
- **PR&T 4032 Teach. Hydraulics & Pneumatics** 3 Hrs.
- **INDM 4220 Human Factors Engr.** 3 Hrs.
- **MATH 2310 Applied Statistics** 3 Hrs.
- **COMM 3010 Interpersonal Comm.** 3 Hrs.
- **Semester Total** 6 Hrs.

### Junior Year - Summer Semester
- **T&OE 3022 Internship in Technology** 3 Hrs.
- **Semester Total** 3 Hrs.

### Senior Year - First Semester
- **MMGT 4580 Quality Systems** 3 Hrs.
- **MMGT 3520 Engineering Economy** 3 Hrs.
- **INDM 4210 Industrial Management** 3 Hrs.
- **MMGT 3550 Prin. of Numerical Control** 3 Hrs.
- **Semester Total** 15 Hrs.

### Senior Year - Second Semester
- **MMGT 4550 Prin. of Numerical Control** 3 Hrs.
- **MMGT 3550 Prin. of Numerical Control** 3 Hrs.
- **ICAP 4110 Industrial Problem Solving** 3 Hrs.
- **Semester Total** 15 Hrs.

### Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Finance Major, B.S.B.A. Degree - 124 Hours

- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first three semesters (45 hours) to take the College BASE exam for General Education Assessment. These courses are designated in bold italics. Passing of the C-BASE exam is required for admission to the B.S.B.A. program.
- *Students in this major must complete eight preadmission courses, with a 2.25 cumulative GPA and a 2.25 in these specific courses, before admission to the degree program. These courses are recommended for completion during the freshman and sophomore years, and are indicated on the plan with an (*).
- **AE 1400 (1 hr.) is highly recommended for academic success. AE 1400 counts as a free choice, non-business elective.
- ***Finance electives are: FIN 3835, FIN 4803, FIN 4804, FIN 4815, FIN 4817, FIN 4820, FIN 4862, FIN 4880. FIN 4830 may be available as an elective with department chair approval. Electives are not offered every semester – check with the department.
- A minimum grade of C must be earned in FIN 3850, FIN 3861, FIN 3881, and FIN 3891 if they are to be applied toward the fulfillment of a Finance major or minor.
- A 2.25 cumulative GPA is required for graduation in this major.
- See current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.
This is the recommended program of study for the French Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Modern Languages for further information or guidance.

### French Major, B.A. Degree - 124 hours (118 hours taken on campus plus six hours of “validated credit” or “dual credit”.)

- **Freshman Year - First Semester**
  - ENGL 1020 Composition I: 3 Hrs.
  - FREN 2201 Intermediate French I: 3 Hrs.
  - General Education: 8-9 Hrs.
  - **Semester Total**: 14-15 Hrs.
  - AE 1400 Freshman Seminar*: 3 Hrs.

- **Sophomore Year - First Semester**
  - General Education Science: 3-4 Hrs.
  - FREN 3243 French Conversation: 3 Hrs.
  - General Education: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - **Semester Total**: 15-16 Hrs.

- **Sophomore Year - Second Semester**
  - ENGL 1030 Composition II: 3 Hrs.
  - Gen Ed Math: 3 Hrs.
  - FREN 2202 Intermediate French II: 3 Hrs.
  - General Education: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - **Semester Total**: 15 Hrs.

- **Junior Year - First Semester**
  - FREN 4223 Advanced French Composition: 3 Hrs.
  - Coursework in Minor: 6 Hrs.
  - Coursework in Minor: 6 Hrs.
  - **Semester Total**: 15 Hrs.

- **Junior Year - Second Semester**
  - FREN 4243 Advanced French Conversation: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - General Education: 3 Hrs.
  - Free Electives: 3 Hrs.
  - **Semester Total**: 15 Hrs.

- **Senior Year - First Semester**
  - FREN 4263 French Phonetics: 3 Hrs.
  - FREN Electives 4000 Level: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - Free Choice Electives: 6 Hrs.
  - **Semester Total**: 15 Hrs.

- **Senior Year - Second Semester**
  - FREN 4265 The Contemp. French-Speaking World: 3 Hrs.
  - FREN Electives 4000 Level: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - General Education: 3 Hrs.
  - Free Choice Electives: 1 Hr.
  - **Semester Total**: 13 Hrs.

- **Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.**

---

*AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.

- **Credits for French 1201 (Elementary French I) and French 1202 (Elementary French II):**
  - If you received college credit for these classes while in high school (dual credit), these credits will be applied to the major sequence. If not, you will receive credit for these classes by completing French 2201 with a grade of "C" or higher (validated credit program).

- **This plan is based on a 27-hour minor. Number of free choice electives needed depends on choice of minor.**

- **A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in bold italics.**

- **See the current catalog for complete statement of academic policies, leveling, and prerequisites.**
This is the recommended program of study for the French Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Modern Languages for further information or guidance.

## French Major, B.S. Degree

**2/2007**

This plan is based on a 27-hour minor. Number of free choice electives depends on minor chosen.

  - Free Choice Electives 9 Hrs
  - **Semester Total** 16-18 Hrs

- **Senior Year - Second Semester**
  - EASC 4420 Sedimentary Petr. & Strat. 5 Hrs
  - General Education 3 Hrs
  - Free Choice Electives 8 Hrs
  - **Semester Total** 16 Hrs

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

### Geology Functional Major, B.S. Degree - 124 hours

- AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- The Math Option for the major also fulfills the Gen. Ed. requirements, as well as the 15-hour block requirement for Math. See the current catalog for the Math Option choices.
- **Must be taken at an approved university. See department for more information.**
- Students elect three courses from the following list: EASC 2100, EASC 3010, EASC 3111, EASC 3400, and EASC 3501.
- This course is offered Spring Semester only of even numbered years.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Graphic Arts Technology Management Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the School of Technology for further information or guidance.

**Graphic Arts Technology Management Functional Major, B.S. Degree - 124 hours**

- *Graphic Arts Technology Management Elective courses (12 hrs) to meet Area requirements must be approved by a faculty adviser prior to registration. A list of acceptable “Suggested Electives” per Area is available from the Graphic Arts Technology Management Coordinator.

- **GRAP 3016 or T&OE 3022 Internship** may be in a Summer, Fall or Spring Semester

- ***40 hours of upper level credit must be earned to meet graduation requirements. Major electives and free choice electives should be chosen accordingly.

- ++It is recommended that students enroll in GRAP 4055, Printing Estimating and Costing, during the spring semester immediately prior to graduation.

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.
Industrial Technology, B.S. Degree

This is the recommended program of study for the Industrial Technology, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the School of Technology for further information or guidance.

**Industrial Technology, B.S. Degree - 124 hours**

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Forty hours of upper level credit must be earned to meet graduation requirements. Of the 33 hours of minor requirements, major electives, and free choice electives, at least 27 must be upper-level course work.
- ***The above plan is based on a 21-hour minor. The number of free choice electives will vary based on minor chosen.
- A minimum 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in *bold italics*.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
### Industrial Technology Manufacturing Management Functional Major, B.S. Degree

This is the recommended program of study for the Industrial Technology Manufacturing Management Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the School of Technology for further information or guidance.

#### Senior Year - Second Semester

*Students choose 9-12 hours from the following list: COMM 3530 Photojournalism (3); COMM 3535 Broadcast Journalism (3); COMM 4206 Special Topics (1-6); COMM 4260 Comparative Media Systems (2); COMM 4280 Criticism of Mass Media (2); COMM 4555 Advanced Editing (3). Students who want to concentrate in broadcast journalism or editing for newspapers and magazines should see a departmental adviser.

- During the last semester of their senior year, all graduates must submit a portfolio that reflects their abilities and accomplishments. See departmental adviser for requirements.

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

- This plan is based on a 21-hour minor.

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
This is the recommended program of study for the Management Functional Major, B.S.B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective students should contact the Department of Management and Business Communication for further information or guidance.

Management Functional Major, B.S.B.A. Degree - 124 Hours

A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first three semesters (45 hours) to take the College BASE exam for General Education Assessment. These courses are designated in **bold italics**. Passing of the C-BASE exam is required for admission to the B.S.B.A. program.

*Students in this major must complete eight preadmission courses, with a 2.25 cumulative GPA and a 2.25 in these specific courses, for admission to the degree program. These courses are recommended for completion during the freshman and sophomore years. These courses are indicated with an (*)..

**AE 1400 (1 hr.) is highly recommended for academic success. AE 1400 counts as a free choice, non-business elective.

***All Management majors must enroll in the IBE Block. This includes the IBE Practicum (MGT 3385, MKT 3485 or CIS 3685) concurrently with the IBE sections of MGT 3315, MKT 3405 and CIS 3630. This is typically done during the fall of the junior year. Prerequisites for the IBE block include: ACCT 2101, CIS 1605 or ACCT 2110, ECON 1010 and 1011, and junior standing.

A 2.25 cumulative GPA is required for graduation with in this major.

See current catalog for complete statement of academic policies, leveling, and prerequisites.

Time to degree and course sequencing are dependent upon Planned Placement in math, reading and writing.

Management Functional Major, B.S.B.A. Degree - 124 Hours
This is the recommended program of study for the Marketing Functional Major, B.S.B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Marketing and Legal Studies for further information or guidance.

### Marketing Major, B.S.B.A. Degree - 124 Hours

- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first three semesters (45 hours) in order to take the College BASE exam for General Education Assessment. These courses are designated in **bold italics**. Passing of the C-BASE exam is required for admission to the B.S.B.A. program.

- *Students in this major must complete eight preadmission courses, with a 2.25 cumulative GPA and a 2.25 in these specific courses, for admission to the degree program. These courses are recommended for completion during the freshman and sophomore years. These courses are indicated with an (*).

- **MKT 1400 (1 hr.) is highly recommended for academic success. MKT 1400 counts as a free choice elective.

- ***Marketing elective classes available are: MKT 3410, MKT 3420, MKT 3435, MKT 3460, MKT 4420, MKT 4430, MKT 4440, MKT 4450. See Department Chair for advice on major electives.

- A 2.25 cumulative GPA is required for graduation in this major.

- See current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

### Mathematics Major, B.A. Degree

This is the recommended program of study for the Mathematics Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Mathematics and Computer Science for further information or guidance.

**Mathematics Major, B.A. Degree - 124 hours**

- **•** AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.
- **•** Refer to the Bachelor's Degree Requirements section for the B.A. Modern Language requirement. This plan is based on nine hours of modern language.
- **•** Spring only course.
- **•** Fall – Odd numbered years
- **•** This plan is based on a 21-hour minor.
- **•** A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- **•** See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- **•** Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Students must pass all five areas of the College BASE for Teachers Exam as a prerequisite for admission to the Teacher Education Program and prior to taking 4000-level Education courses.

## Mathematics Education Major, B.S. in Ed. Degree - 124.5 hours

- *Fall only course.
- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this major does not require free choice electives.
- ***Student pursuing a B.S. in Ed. must take a biology prefix.
- ****Spring semester only.

- Based on an 18-hour minor.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Medical Technology Functional Major, B.S. Degree

This is the recommended program of study for the Medical Technology Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Biology and Earth Science for further information or guidance.

Middle School Education Major, B.S. in Ed. Degree - 127 hours

- AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Students selecting a math minor must contact the math adviser before taking MATH 3812.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- A teaching minor is an area of concentration for which UCM sponsors certification. These include: art, business education, English, French, family and consumer sciences, German, math, science, social studies, Spanish, speech communication and theatre, and technology education. These range in hours from 21 to 27. The above plan is based on a 21-credit-hour area of concentration.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Music Major, B.A. Degree

This is the recommended program of study for the Music Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Music for further information or guidance.

Music Education Functional Major (Vocal Option), B.M.E Degree

This is the recommended program of study for the Music Education Major (Vocal Option), B.M.E. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Music for further information or guidance.

### Freshman Year - First Semester

- **MUS 1000 Recital Attendance**
- **MUS 1100 Fundamentals of Music**
- **MUS 1610 Voice 1**
- **Piano**
- **ENGL 1020 Composition I**
- **MUS 1225 Music of the World’s Cultures**
- **General Education Science**

**Semester Total:** 12-16

### Freshman Year - Second Semester

- **MUS 1000 Recital Attendance**
- **MUS 1111 Theory I**
- **MUS 1121 Aural Training I**
- **MUS 1610 Voice 1**
- **ENGL 1030 Composition II**
- **MUS 2221 Intro. to Music Literature I**
- **HIST 1350 or 1351 US History**
- **General Education**

**Semester Total:** 18-19

### Sophomore Year - First Semester

- **MUS 1000 Recital Attendance**
- **MUS 1112 Theory II**
- **MUS 1122 Aural Training II**
- **MUS 2400 Fundamentals of Conducting**
- **MUS 2111 Theory III**
- **HIST 1350 or 1351 US History**
- **General Education**

**Semester Total:** 16-17

### Sophomore Year - Second Semester

- **MUS 1000 Recital Attendance**
- **MUS 2112 Theory IV**
- **MUS 2122 Aural Training IV**
- **MUS 3211 Music History to 1800**
- **MUS 3415 Methods of Teach. Elem. School Music**

**Semester Total:** 18.5

### Junior Year - First Semester

- **MUS 1000 Recital Attendance**
- **MUS 3610 Voice II**
- **MUS 2112 Theory IV**
- **MUS 2122 Aural Training IV**
- **MUS 3211 Music History to 1800**
- **MUS 3415 Choral Techniques**
- **MUS 1615 Opera Theatre or MUS 1620 Music Theatre Practicum I**
- **MUS 3305 Methods of Teach. Elem. School Music**
- **General Education**

**Semester Total:** 17.5

### Junior Year - Second Semester

- **MUS 1000 Recital Attendance**
- **MUS 3610 Voice II**
- **MUS 4130 Choral Arranging**
- **MUS 4320 Methods of Teach. Middle School Music**
- **EDCI 3500 Sec. Teaching & Behavioral Mgt.**
- **EDCI 3550 Practicum in Secondary Instruction**
- **PSY 4200 Psychology of Exceptional Children or EDCI 2100 Teaching Reading in Sec. Schools**
- **EDCI 4300 Educational Measurement & Eval.**
- **General Education**

**Semester Total:** 17.5

### Senior Year - First Semester

- **MUS 1000 Recital Attendance**
- **MUS 4310 Methods of Teaching Music**
- **MUS 4350 Secondary Field Experience II**
- **EDCI 4595 Student Teaching Secondary I**
- **EDCI 4300 Educational Measurement & Eval.**
- **General Education**

**Semester Total:** 12

### Senior Year - Second Semester

- **MUS 4310 Methods of Teaching Music**
- **EDCI 4595 Student Teaching Secondary II**
- **ICAP 4468 Student Teaching Secondary II**

**Semester Total:** 12

Photography Major, B.S. Degree - 124 hours

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- **Mid-Program Review is required before the conclusion of the 3rd Forum.
- ***The above plan is based on a 21-hour minor. The number of required free choice electives will vary based on minor chosen.
- Forty hours of upper level credits must be earned to meet graduation requirements. Student should make appropriate choices in minor, major electives, and free choice electives coursework.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Physical Education Functional Major (Corporate Fitness), B.S. Degree

This is the recommended program of study for the Physical Education Functional Major (Corporate Fitness), B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Health and Human Performance for further information or guidance.

- Free Choice Electives 7
- Semester Total 14

**Physics Functional Major, B.A. Degree - 124 hours**

- *Students whose high school preparation is inadequate should take PHYS 1101 during their first year at Central Missouri.
- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.
- ***Refer to the Bachelor’s Degree Requirements section in the catalog for the B.A. Modern Language requirement. This plan is based on nine hours of modern language courses.
- ****Departmentally approved electives can be selected from the following courses: PHYS 2020, PHYS 4312, PHYS 3512, PHYS 3611, PHYS 4512, PHYS 4513, PHYS 4711.
- For those considering graduate school in physics, the department strongly recommends that most free choice electives be Physics/Math/Computer Science/Chemistry courses.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
**Physics Functional Major, B.S. Degree**

This is the recommended program of study for the Physics Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Chemistry and Physics for further information or guidance.

### Social Studies Functional Major, B.S. in Ed. Degree - 124 hours

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.**

- **Students choose upper-level electives from at least two of the following prefixes: GEOG, HIST, POLS, SOC, ANTH, or ECON.**

- **HIST 2402 will fulfill 3 hours of General Education Division II Area D.**

- **See catalog for a list of History classes to fulfill the upper-level electives in American History and World History requirements.**

- **This program must include at least one course which focuses on a non-western society, nation or region or on the non-western world. A list of the courses which fulfill this requirement is available from the Department of History and Anthropology and is on file with the academic advisers.**

- **A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.**

- **See the current catalog for complete statement of academic policies, leveling, and prerequisites.**

- **Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.**
Social Work Functional Major, B.S.W. Degree

This is the recommended program of study for the Social Work Functional Major, B.S.W. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Sociology and Social Work for further information or guidance.

Social Work Functional Major, B.S.W. Degree - 124 hours

- *AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in bold italics.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Sociology Major, B.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Sociology and Social Work for further information or guidance.

### Sociology Major, B.A. Degree - 124 hours

- **Freshman Year - First Semester**
  - SOC 1800 General Sociology: 3 Hrs.
  - ENGL 1020 Composition I: 3 Hrs.
  - Modern Language Requirement*: 3 Hrs.
  - General Education: 3 Hrs.
  - **Total**: 15 Hrs.

- **Freshman Year - Second Semester**
  - SOC Elective (1000-2000 Level): 3 Hrs.
  - General Education: 6 Hrs.
  - **Total**: 15 Hrs.

- **Sophomore Year - First Semester**
  - HIST 1350 or 1351 or POLS 1510: 3 Hrs.
  - General Education: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - Modern Language Requirement*: 3 Hrs.
  - **Total**: 15 Hrs.

- **Sophomore Year - Second Semester**
  - SOC 3885 Globalization and the Future: 3 Hrs.
  - General Education: 6 Hrs.
  - **Total**: 15-16 Hrs.

- **Junior Year - First Semester**
  - SOC 3800 History of Social Thought: 3 Hrs.
  - SOC 3870 Personality and Society: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - General Education: 6-7 Hrs.
  - **Total**: 15-16 Hrs.

- **Junior Year - Second Semester**
  - SOC Electives: 6 Hrs.
  - Coursework in Minor: 6 Hrs.
  - General Education: 2 Hrs.
  - **Total**: 17 Hrs.

- **Senior Year - First Semester**
  - SOC 4890 Sociological Investigations: 3 Hrs.
  - SOC 4895 Sociology Capstone Seminar: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - Free Choice Electives: 6 Hrs.
  - **Total**: 15 Hrs.

- **Senior Year - Second Semester**
  - SOC Elective: 3 Hrs.
  - Coursework in Minor: 3 Hrs.
  - Free Choice Electives: 10 Hrs.
  - **Total**: 16 Hrs.

*Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.*

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

- **Senior Year - Second Semester**
  - **Total**: 16 Hrs.

**Sociology Major, B.A. Degree - 124 hours**

- *Refer to the Bachelor’s Degree Requirements section in the catalog for the B.A. Modern Language requirement. This plan is based on three modern language courses.

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.**

- The above degree plan is based on a 21-hour minor. Number of free choice electives will depend on minor chosen.

- A minimum 15-hour block of General Education in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters (60 hours) to take the C-BASE exam for General Education Assessment. These courses are designated in **bold italics.**

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
This is the recommended program of study for the Sociology Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Sociology and Social Work for further information or guidance.

### Sociology Major, B.S. Degree - 124 hours

Speech-Language Pathology Major, B.S. Degree

This is the recommended program of study for the Speech-Language Pathology Functional Major, B.S. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Communication Disorders for further information or guidance.

### Freshman Year - First Semester
- CD 3501 Introduction to Communication Disorders 3
- CD 3802 Observation of Clinical Practicum 1
- BIOL 1004 Intro. to Sciences: Ecology w/Lab ** 4
- ENGL 1020 Written Comm. for General Ed.* 3
- MATH Requirement for General Education* 3
- AE 1400 Freshman Sem., Comm. Disorders Sect. 1
- Free Choice Elective 1
- ** Semester Total 16

### Freshman Year - Second Semester
- CD 2301 American Phonetics 3
- PHYS 1103 Intro. to Sciences: Physics 3
- ENGL 1030 Written Communication for Gen. Ed.* 3
- Social & Behav. Sci. for Gen. Ed. (Choose One)* 3
- ** Semester Total 16

### Sophomore Year - First Semester
- CD 3301 Anat. & Phys. of Speech & Swallowing 2
- English Literature for General Education* 3
- PSY 1100 General Psychology** 3
- COMM 1000 Public Speaking** 3
- Technology Requirement for Gen. Ed. (2-3 hrs.) 3
- Free Choice Elective 1
- ** Semester Total 15

### Sophomore Year - Second Semester
- CD 3503 Principles of Clinical Management 3
- CD 3304 Speech Science 3
- ENGL 4110 Linguistics 3
- PSY 3220 Lifespan Development 3
- Humanities & Fine Arts for General Education* 3
- ** Semester Total 15

### Junior Year - First Semester
- CD 4701 Introduction to Audiology 3
- CD 4504 Intro. to Articulation/Phonological Disorder 3
- CD 4501 Basic Neurosci. for Speech-Lang. Path. 2
- CD 4401 Language Development 3
- CD 4900 Beginning Sign Language 2
- Social Science for General Education* 3
- ** Semester Total 16

### Junior Year - Second Semester
- PSY 4515 Statistics 3
- CD 4510 Multicultural Issues in Comm. Disorders 2
- CD 4103 Intr. To Evid. Based Pract. in Comm. Dis. 2
- CD 4708 Aural Rehabilitation 3
- CD 4803 Undergraduate Clinical Practicum 1
- CD 4102 Couns. Pers. w/Comm. Dis. & Their Fam. 2
- Free Elective 2
- ** Semester Total 15

### Senior Year - First Semester
- CD 4515 Rehab. of Cognitive-Linguistic Impair. 2
- CD 4510 Birth to Three: Assess. & Intervention 3
- CD 4511 Assistive Technology across the Lifespan 2
- CD 4803 Undergraduate Clinical Practicum 1
- IGEN Select from IGEN 3
- Free Electives (4-5) 4
- ** Semester Total 15

### Senior Year - Second Semester
- CD 4506 Hearing Measurement 3
- CD 4505 School-age Issues in Language & Literacy 3
- Cultural Interaction for General Education* 3
- Personal Interaction for General Education* 3
- Free Choice Elective 3
- ** Semester Total 15

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

### Speech-Language Pathology Major, B.S. Degree - Minimum hours to graduate 124

- * Please refer to the Undergraduate Catalog for specific information on General Education Requirements.
- ** Must take the General Education course indicated by the department.
- Students must contact the undergraduate adviser in the Department of Communication Disorders for admission into the program.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.
This is the recommended program of study for the Studio Art Functional Major, B.F.A. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Art for further information or guidance.

### Freshman Year - First Semester
- ART 1110 Drawing I: 3 hours
- ART 1315 Design I: 3 hours
- ART 1800 Ideas in the Visual Arts: 3 hours
- **ENGL 1020 Composition I**: 3 hours
- **General Education Math**: 3 hours
- **Semester Total**: 15 hours

*AE 1400 Freshman Seminar* is highly recommended for academic success. AE 1400 is a free choice elective, however, this program does not require free choice electives.

### Freshman Year - Second Semester
- ART 1120 Drawing II: 3 hours
- ART 1325 Design II: 3 hours
- ART (2412, 2420, 2511) Beginning Studio: 3 hours
- **ENGL 1030 Composition II**: 3 hours
- **Semester Total**: 15 hours

Take the College BASE exam the semester following completion of the 15 hour set of General Education courses.

### Sophomore Year - First Semester
- ART 1815 Art History Survey I (fall) or ART 1835 Survey of Non-West Art (spring): 3 hours
- ART 3209 Figure Construction: 3 hours
- ART (2412, 2420, 2511) Beginning Studio (Ceramics, Sculpture, Painting): 3 hours
- **HIST 1350 or POLS 1510 or General Education Science**: 3 hours
- **Art Elective**: 3 hours
- **Semester Total**: 15 hours

Students must pass all four areas of the College BASE exam before they have earned 90 credit hours.

### Sophomore Year - Second Semester
- Elective From Area of Emphasis: 6 hours
- **General Education**: 6 hours
- **Semester Total**: 18 hours

### Senior Year - Second Semester
- TOUR 4310 International Tourism (Spr. Only)
- TOUR 4720 Tourism Plan. & Develop. (Spr. Only)
- TOUR 4730 Tourism Marketing (Spr. Only)
- Coursework in Minor
- Free Choice Elective
- Semester Total 14

### Summer Semester following Senior Year
- TOUR 4980 Internship***
- Semester Total 6

### Tourism Major, B.S. Degree - 124 hours

- *Students must have a minimum proficiency of the second college course in a selected language. As a major area requirement we consider two years at the high school level in a modern language as sufficient. In the absence of sufficient high school classes or other college transfer language courses, the student should take six hours of a modern language (General Education, Division II Area C). The above plan is based on two college courses.

- **AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.

- ***Prior to enrollment in TOUR 4980, the student must complete a 500-hour field work experience in an approved setting, have a minimum of 2.5 grade-point average in the major, and a minimum overall grade-point average of 2.25.

- Above degree plan is based on a 21-hour minor.

- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.

- See the current catalog for complete statement of academic policies, leveling, and prerequisites.

- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
This is the recommended program of study for the Vocational Agriculture Education Functional Major, B.S. in Ed. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective UCM students should contact the Department of Career and Technology Education for further information or guidance.

**Freshman Year - First Semester**

- **AGRI 1100** Introduction to Agriculture 1
- **AGRI 1300** Introductory Plant Science 1

- **AGRI 4920** Agri. Mech. in Agri. Education** 2
- **AGRI 4930** Secondary Field Experience II** 1
- **EDCI 4595** Student Teaching Secondary I 3
- **EDCI 4595** Student Teaching Secondary II 4
- **Semester Total** 15

**Vocational Agriculture Education Functional Major, B.S. in Ed. Degree - 128 hours**

- *AGRI 4900 is only offered in fall semesters AND is the prerequisite to AGRI 4910, 4920, 4930 and 4940.
- **AGRI 4910, 4920, 4930, and 4940 are only offered in spring semesters AND their prerequisite is AGRI 4900.
- Courses designated are highly recommended electives. Taking these courses will increase the total hours in the program: AGRI 4200 Adv. Ag. Mechanics (Lab); AGRI 2425 Livestock Evaluation (Lab) or AGRI 3640 Horticultural Propagation Material (Lab); AGRI 4415 Reproduction of Farm Animals (Lab).
- Your four-year plan will vary depending on the year (odd or even) and semester that you begin coursework. See your department chair for current curriculum information.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in **bold italics**.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.
Four-Year Academic Plans

Vocational Family and Consumer Sciences Functional Major, B.S. in Ed. Degree

This is the recommended program of study for the Vocational Family and Consumer Sciences Functional Major, B.S. in Ed. Degree at the University of Central Missouri. Your schedule may vary. Current or prospective Central Missouri students should contact the Department of Career and Technology Education for further information or guidance.

**Vocational Family and Consumer Science Major, B.S. in Ed. Degree – 124 hrs**

- AE 1400 (1 hr) is highly recommended for academic success. AE 1400 is a free choice elective.
- Certification to teach vocational family and consumer sciences from birth to grade 12.
- A 15-hour block of General Education courses in Math, Written Communication, History or Political Science, and Science must be completed in the first four semesters to prepare for the C-BASE exam. These courses are indicated on the plan in *bold italics*.
- See the current catalog for complete statement of academic policies, leveling, and prerequisites.
- Time to degree and course sequencing will be dependent upon Planned Placement in math, reading and writing.

**Take the College BASE for Teachers Exam the semester following the completion of the 15 hour set of General Education courses.**

**Vocational Family and Consumer Science Major, B.S. in Ed. Degree – 124 hrs**

Students must pass all five areas of the College BASE for Teachers Exam as a prerequisite for admission to the Teacher Education Program and prior to taking 4000-level Education courses.
PRESIDENT
AARON M. PODOLEFSKY — President and Professor of Anthropology. B.A., San Jose State University; M.A., M.A., Ph.D., State University of New York at Stony Brook.

ADMINISTRATIVE STAFF

Academic Affairs

AKINWUMI B. ADEBAYO — Director of Institutional Research. B.A., University of Lethbridge, Alberta, Canada; M.A., State University of West Georgia; Ph.D., Kansas State University.

KIMBERLY D. ANTHES — Operations Manager, Library Services. B.S., University of Central Missouri.

NAOMI J. BALDWIN — Assistant Director of International Admissions. B.S., M.S., University of Central Missouri.

CYNTHIA A. BERTALOTT — Assistant Director, Assessment and Testing Services. B.S.E., M.S.E., Southwest Missouri State University; M.S., University of Central Missouri.

GEORGE W. BODDY — Director of Extended Campus and Distance Learning. B.S., M.Ed., South Dakota State University; Ph.D., University of Nebraska-Lincoln.

STEVEN R. BOONE — Interim Dean of the College of Arts, Humanities and Social Sciences and Professor of Chemistry. B.S., California Polytechnic State University; Ph.D., University of Colorado-Boulder.

RYAN H. BOWIE — Admissions Representative. B.S., University of Central Missouri.

TERRY J. BUTLER — Program and Facility Manager, Missouri Safety Center. B.S., M.S., University of Central Missouri.

JONADEE M. CALHOUN — Information Technology and Instruction Coordinator, Center for Teaching and Learning. B.S., Evangel University; M.S., Minot State University.

BARBARA J. CARDER — Assistant Director for Distance Learning. B.S., North Central Missouri College; B.S. University of Central Missouri.

DONALD L. DAVIS — Manager, Business Applications, Small Business Technology & Development Center. B.S., Northwest Missouri State University.

MOLLIE M. DINWIDDIE — Dean, Library Services, and Professor of Library Services. B.A., Bethel College; M.L.S., Vanderbilt University; Ed.S., University of Central Missouri.

RICHARD M. DRYDEN — Information Technology and Instruction Coordinator-Multimedia Classrooms Engineering. A.S., Rogers State University.

B. DIANA DUVALL — Coordinator of International Programs.

ANNE M. ENSMINGER — Academic Advisor. B.S., Northwest Missouri State University.

DAVID H. EWING — Farm Facilitator. B.S., M.S., University of Central Missouri.

ALICE L. GREIFF — Dean of the College of Science and Technology and Professor of Industrial Hygiene. B.A., M.S., University of Central Missouri; Ph.D., University of Cincinnati.

MICHAEL J. GRELE — Interim Associate Provost for Academic Programs and Services, Director of Assessment and Testing Services and Professor of Psychology. B.A., University of Missouri-St. Louis; M.A., Ph.D., Northern Illinois University.

MARY E. GRIFFIS — Coordinator, Academic Media Services, Information Technology and Instruction. B.F.A., M.S., University of Central Missouri.

BARBARA A. HARRISON — Assistant Director, Missouri Center for Career Education. B.S. in Ed., M.S., University of Central Missouri; Ed.D., University of Missouri-Columbia.

REGINA HIGGINS — School Improvement Consultant - Special Education, Central Regional Professional Development Center.

HEATHER N. HOEL — Coordinator of International Student and Scholar Services. B.S., Missouri State University.

LAUREL K. TREE HOGUE — Assistant Director for Extended Campus, Extended Campus and Distance Learning. B.S.B.A., M.B.A., University of Central Missouri.

MELISA A. INGRAM — Assistant Director of Admissions. B.S., University of Central Missouri.

MICHAEL J. JEFFRIES — Director, CentralNet. B.A., University of Central Missouri.

CARL D. JONES — Academic Advisor. B.A., University of Missouri-Columbia; M.A., Stephens College.

CATHERINE A. KAHOE — Coordinator, Resources, Missouri Center for Career Education. B.S., M.A., University of Central Missouri.

LYNN K. KNIFONG — Contract Manager, Missouri Safety Center. B.S., Park College; M.S., University of Central Missouri.

CAROL K. KNIGHT — Academic Advisor. B.S., North Central Missouri College; B.S. University of Central Missouri.

HELGA M. LEON-CASTRO — MELL Recruitment Specialist, Central Regional Professional Development Center.

GARY W. LOWE — Law Enforcement Training, Missouri Safety Center. B.S., M.S., University of Central Missouri.

MARK A. MANLEY — Consulting Engineer, Institute for Entrepreneurial Studies and Development. B.S., University of Missouri.

MATTHEW A. MELVIN — Assistant Provost for Enrollment Management. B.A., Central College, Pella, Iowa; M.S., Western Illinois University; Ed.D., University of Nebraska-Lincoln.

NEIL MEYERS — State Coordinator, Missouri Motorcycle Program, Missouri Safety Center. B.S., Friends University.

JOSEPH MULLINS II — Manager, Marketing Applications, Small Business Technology & Development Center. B.S., University of Central Missouri; M.B.A., Rockhurst University.

ANN E. NORDYKE — Assistant Director of Student Financial Assistance. B.A., Allegheny College; M.A., Bowling Green State University.

CAROLYN P. O’KEEFE — Assistant Director, Missouri State University—Rolla. B.A., M.S., University of Central Missouri.

JENNIFER L. PINT — Academic Advisor. B.S., M.S., University of Central Missouri.

CHARLES W. PETENTLER — Director of International Admissions. B.S., M.A., University of Central Missouri.

JENNIFER L. PINT — Academic Advisor. B.A., South Dakota State University; M.S., Iowa State University.

ASHIQUR RAHMAN — Media Assistant, Harmon Computer Commons, Library Services. B.S., Adamjee College-Bangladesh.

LARRY A. REITER — Director, Clinical Services and Certification. B.A., Southeast Missouri State University; M.A., Southern Illinois University; Ph.D., University of Missouri-Columbia.

C. DAVID RICE — Assistant Provost for Information Technology and Instruction and Professor of History. B.A., Georgia State University; M.A., Vanderbilt University; Ph.D., Emory University.

LISA M. RUNYAN — Academic Advisor. B.A., M.A., Ohio State University.

WESLEY A. SAVAGE — Director, Institute for Entrepreneurial Studies and Development. B.S., University of Missouri-Rolla; M.B.A., Butler University.

SUZANNE L. SCHHELP — Copyright Permission Coordinator. A.A., Longview Community College; B.S., M.A., University of Central Missouri.

GRANT A. SCHMIDT — Admissions Representative. B.S., University of Central Missouri.

KATHERINE M. SHEARER — Academic Advisor. B.A., Buena Vista University; M.A., University of Central Missouri.

J. PHILLIP SHREVES — Director of Student Financial Assistance. B.S., Kansas State University; M.S., University of Central Missouri.

TAMARA J. SHUMATE — Academic Advisor. B.S., Columbia College.

BROOKE N. SLEDD — Admissions Representative. B.S.B.A., University of Central Missouri.

RICHARD D. SLUDE — Dean of the College of Health and Human Services, and Professor of Criminal Justice. B.S., M.A., Truman State University; Ph.D., Sam Houston State University.

SHELLEY C. SMITH — Outreach Coordinator, Extended Campus and Distance Learning. B.M.E., University of Central Missouri.

BRADLEY S. SNYDER — Consulting Engineer-Technology, Institute for Entrepreneurial Studies and Development. B.S., Wichita State University; M.B.A., University of Arizona.

A. JOY STEVENSON — Interim Executive Director of International Programs and Director of International Student and Scholar Services. B.A., University of Texas; M.A., Ph.D., University of Colorado.

RALPH M. STEWART — Lab Operations, Missouri Breath Alcohol Program, Missouri Safety Center. B.A., University of Kansas.

KATHALEEN L. TALLY — Program Coordinator for Dual Credit, Extended Campus and Distance Learning. B.S., University of Central Missouri.

ROBIN L. TERRELL — Fiscal Operations Coordinator, Provost’s Office. B.S.B.A, University of Central Missouri.

DEBORAH J. TURNBOW — Scholarships and Awards Officer. B.S. in Ed., University of Central Missouri; M.S., University of Nebraska-Lincoln.

JOSEPH B. VAUGHN — Interim Assistant Provost for Research and Interim Dean of the Graduate School, and Professor of Criminal Justice. B.S., Drury College; M.S., Ed.S., University of Central Missouri; Ph.D., Sam Houston State University.

GENE A. VISION — Director of the Central Regional Professional Development Center. B.S. in Ed., M.S. in Ed., Ed.S., University of Central Missouri.

PETER L. VISCUSI — Assistant Provost for Undergraduate Studies and Dean of The Honors College and Professor of History. B.A., LaSalle College; M.A., Ph.D., University of Delaware.

ROBERT W. WELSH — Breath Alcohol Administrator, Missouri Safety Center. B.S., College of the Ozarks; M.S., University of Central Missouri.

KRISANA E. WEST — Academic Advisor. B.S., M.A., University of Central Missouri.

COLETTE WILSON — MAP Facilitator - Mathematics, Central Regional Professional Development Center.

GEORGE W. WILSON — Dean, Harmon College of Business Administration and Professor of Economics. B.A., M.A., Ph.D., Oklahoma State University.

ANGELA M. WOHLDMANN — Assistant Director for New Student Programs. B.S., University of Central Missouri.

MICHAEL D. WRIGHT — Interim Dean, College of Education and Professor of Career and Technology Education. B.A., University of Washington-Seattle; M.Ed., Ed.D., University of Illinois-Urbana Champaign.

Athletics

KATHY L. ANDERSON — Assistant Athletics Director for Student Athlete Services. B.S., University of Central Missouri; M.S., Seattle Pacific University.

K. KIM ANDERSON — Head Men’s Basketball Coach. B.S., M.S., University of Missouri.

THERON D. AYCH — Assistant Football Coach, Quarterbacks. B.S., Northern State University-Aberdeen.

CHARLES T. CLEMENS — Assistant Football Coach. B.S., Truman State University.

JEFF S. CONWAY — Assistant Head Football Coach & Offensive Coordinator. B.S., Northwest Missouri State University; M.A., Sam Houston State University.

ROBIN H. ERLAND — Head Wrestling Coach. B.A., Luther College; M.A., University of Iowa.

WILLIAM E. FRITZ — Head Football Coach. B.S., Pittsburg State University; M.S., Sam Houston State University.

SCOTT J. GRINDE — Assistant Football Coach. B.S., University of Wyoming; M.S., University of Texas-El Paso.

RONALD L. HOLMES — Head Women’s Bowling Coach. B.S., M.S., University of Central Missouri.

STEVE C. HUBER — Assistant Women’s Basketball Coach. B.S., Illinois State University; M.S., Northwest Missouri State University.

JERRY M. HUGHES — University Director of Intercollegiate Athletics. B.S. in Ed., M.S. in Ed., University of Central Missouri.

KIP B. JANVRIN — Co-Head Track and Field Coach. B.S., Simpson College; M.S., University of Central Missouri.
Finance and Administration

MARTHA L. ALBIN — Director of the Office of Human Resources. Ed.D., SPHR, Oklahoma State University.

DONNA C. BODENHAMER — Director, Student Accounts and Loans. B.S., M.S. in Ed., University of Central Missouri.

TERESA J. BOND — Manager, Accounts Payable. M.A., Webster University; SPHR.

RICK L. DIXON — Assistant Director of Human Resources, Employee Relations and Program Development. B.S., Florida State University; M.A., University of Central Missouri; SPHR.

TENA R. DUNCAN — Director of Payroll Services. M.S., University of Central Missouri.

KENNETH W. FRAZIER — Manager, Ancillary Accounting.

RICHARD G. GILLESPIE — Police Operations Commander. B.S. in Criminal Justice Administration.

BEN CASTILLO — Assistant Director of the Physical Plant.

MICHAEL GEBEKE — Director of the Physical Plant.

TONI L. KREKE — Manager, Operations and General Accounting. B.B.A., St. Edward’s University.

JAMES D. MATTHEWS — Manager, Construction/Building Trades.

JOHN F. MERRIGAN — Controller. B.S., University of Central Missouri; M.B.A., Rockhurst University; CPA Certification.

CHARLES D. RUTT — Director, University Store, Textbooks, and Union Station. B.S.B.A., M.S., University of Central Missouri.

DOROTHY M. SALSMAN — Director of Budgeting and Planning.

MICHELLE L. TAYLOR — Staff Development Specialist. B.S., M.A., University of Central Missouri.

CHERYL D. TRELOW — Assistant Director of Human Resources, Employment Services. B.S., Southwest Baptist University; SPHR.

WILLIAM P. WARD — Director of Purchasing. B.S., Park College; M.B.A., Averett College.

Information Services

JAMES C. CRAIN — Assistant Director, Telecommunications.

JAMES F. GRAHAM — Assistant Director, Information Technology Services. B.S.B.A., Newman University; M.S., Fort Hays State University.

F. RUSSELL HELM — Chief Information Officer. B.S., University of Arkansas-Fayetteville; Ph.D., University of Georgia.

MATTHEW C. LINK — Assistant Director of User Services. B.A., Oklahoma State University.

CLINTON J. VICKERS — Assistant Director, Management Information Systems. B.S., University of Missouri-Columbia; B.S., Missouri Southern State College; M.B.A., University of Central Missouri.

Presidential Services

KAREN FRENCH — Assistant Director of Community Engagement. B.A., Pittsburg State University.

MONICA R. HUFFMAN — Executive Assistant to the President/Manager of Board Affairs. B.S., M.S., Baker University.

VICTORIA M. HUGHES — Director, Alumni Relations and Development. B.S.E., M.S.E., Ed.S., University of Central Missouri; Ed.D, University of Missouri.

MICHELLE D. KNIGHT — Presidential Events Coordinator.

MANNIE L. MACDONALD — Manager, Marketing and Communications. B.S., M.S., University of Central Missouri.

JEFFREY A. ROBINSON — Policy Officer. B.S., M.A., University of Central Missouri; J.D., Washburn University School of Law.

KATHLEEN J. ROBERTSON — Art and Design Manager, University Relations. B.A., Southern Illinois University-Carbondale.

MARY J. SCHREIMANN — Accountant. B.S., Southwest Missouri State University; B.S.B.A., Columbia College.

MICHIELE M. SCHUBERT — Manager of Performing Arts Series. B.S.B.A., University of Central Missouri.

NANCY L. STARRETT — Customer Liaison. B.J., University of Missouri-Columbia; M.S., University of Central Missouri.

SARAH E. THOMPSON — Scholarships Officer, Alumni Relations/Development. B.S.E., University of Central Missouri.

JENNIFER L. VANDERBOUT — Assistant Director, Alumni Relations. B.S., Western Oregon University; M.A., Seattle University.

INSTRUCTIONAL AND LIBRARY STAFF

DAVID E. AABERG — Professor of Music. B.A., M.M., Central Washington University; D.M.A., University of Texas-Austin.

JOSETTE M. AHLENGER — Associate Professor of Mathematics in Academic Enrichment and Chair of Academic Enrichment. B.S. in Ed., Loyola University of Chicago; M.S. in Ed., Ed.S., University of Central Missouri.

ROBERT F. AHLENGER — Professor of Psychology. B.S., Loyola University of Chicago; M.A., Ph.D., Northern Illinois University.

JAMIE L. AIKEN — Instructor in Physical Education. B.A., Kansas State University; B.A., M.A., University of Oregon.

JENNIFER E. ALDRICH — Associate Professor of Early Childhood Education. B.S., Cameron University; M.A., University of Maryland-Baltimore; Ed.D., University of North Texas.

M. LYNN ALKIRE — Associate Professor of Fashion and Apparel Merchandising and Associate Dean of the College of Applied Sciences and Technology. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ph.D., University of Missouri-Columbia.

PATRICK A. AMENT — Associate Professor of Psychology. B.A., University of Nevada-Las Vegas; M.A., Ph.D., University of Nevada Reno.

KIM ANDREWS — Associate Professor of Economics. B.S.B.A., University of Central Oklahoma; M.S., Ph.D., Oklahoma State University.

PATRICIA A. ANTRIM — Associate Professor of Library Science and Information Services and Chair of the Department of Educational Leadership and Human Development. B.A., Calvin College; M.L.S., Ph.D., Emporia State University.

DOROTHY ARNETT — Instructor in English. B.A., University of Michigan-Arbor; M.A., University of Central Missouri.
CAROL A. ATKINSON — Professor of Communication. B.G.E., M.S., University of Kansas; Ph.D., Bowling Green State University.

CHRISTOPHER D. AZEVEDO — Assistant Professor of Economics. B.S., Southwest Missouri State University; Ph.D., Iowa State University.

DAVID C. BABCOCK — Assistant Professor of Art. B.F.A., Brigham Young University; M.F.A., University of Arizona.

NOORULLAH BABRAKZAI — Professor of Biology. B.S., M.S., University of Peshawar, Pakistan; Ph.D., University of Arizona.

DALE J. BACHMAN — Assistant Professor of Mathematics. B.A., Phillips University; M.S., Ph.D., University of Missouri-Columbia.

DUANE P. BACHMANN — Professor of Marketing. B.S., B.A., Northeast Missouri State University; M.A., University of Central Missouri; Ph.D., Kansas State University.

NICHOLAS R. BAETH — Assistant Professor of Mathematics. B.A., Computer Science, B.S., Mathematics, Pacific Lutheran University; M.S., Ph.D., University of Nebraska-Lincoln.

BARBARA L. BAKER — Professor of Communication. B.S., M.S., North Texas State University; Ph.D., University of Southern California.

DAVID M. BAKER — Assistant Professor of Hospitality. B.S., University of the West Indies; M.S., Florida International University; Ph.D., Southern Illinois University-Carbondale.

DONNA T. "CANDEE" BAKER — Assistant Professor of Nursing. B.S.N., Montana State University; M.S.N., University of Missouri-Columbia; R.N.

DAVID M. BARBAS — Assistant Professor of Graphic Arts Technology. B.S., M.S., Indiana State University.

ROCHELLE R. BARBAS — Assistant Professor of Career and Technology Education. B.S., M.S., Indiana State University.

SHARLENE G. BAX — Associate Professor of Political Science. B.A., University of the South; M.A., Ph.D., University of Tennessee-Knoxville.

CAROL L. BENTON — Professor of Communication. B.A., M.A., Eastern Michigan University; Ph.D., Southern Illinois University.

MICHAEL D. BERSIN — Professor of Music. B.M., University of Arizona; M.M., University of Hartford; D.M.A., University of Arizona.

ROGER J. BEST — Professor of Finance and Chair of the Department of Economics and Finance. B.B.A., Georgia College; Ph.D., Florida State University.

KESHAY BHATTAJ — Associate Professor of Geography. B.A., B.S., Tribhuvan University-Kathmandu, Nepal; M.S. Edinburgh University, Scotland; Ph.D., Indiana University.

LINDA M. BIGBY — Associate Professor of Education Administration. B.S., Missouri Valley College; M.S., University of Missouri-Columbia; Ed.D., University of Kansas.

ZINNA L. BLAND — Associate Professor of Business Education. B.S., Alcorn State University; M.Ed., University of Southern Mississippi; Ph.D., Iowa State University.

LEIGH ANN BLUNT — Assistant Professor of Safety. B.S. in Ed., Missouri Western State College; M.S., University of Central Missouri; Ed.D., University of Missouri-Columbia.

LUTHER E. BONHAM, JR. — Assistant Professor of Criminal Justice. B.A., Washburn University, Topeka, KS; M.A., Wichita State University; Ph.D., Sam Houston State University.

JANET PAIGE BONSALL — Professor of Photography. B.S., Rochester Institute of Technology; M.S., Ed.D., West Virginia University.

TASHEL C. BORDERE — Assistant Professor of Child Development. B.S., Xavier University-New Orleans; M.S., Ph.D., University of Missouri-Columbia.

PHILIP A. BOS — Assistant Professor of Aviation. B.A., University of Missouri-Kansas City; M.S., University of Central Missouri.

RAJA BOUZOUITA — Associate Professor of Finance. Maitrise de Finance, Universite de Tunis; M.A., Ph.D., University of Pennsylvania.

JIM R. BOWMAN — Professor of Educational Leadership and Human Development. B.S.B.A., M.S., Pittsburg State University; Ph.D., University of Oklahoma.

ROBERT L. BOWMAN — Associate Professor of College Student Personnel Administration. B.S., M.A., University of Evansville; Ph.D., Purdue University.

KELLY M. BOYD — Assistant Professor of Health Education. B.S., Truman State University; M.S., Eastern Kentucky University.

KAREN A. BRADLEY — Associate Professor of Sociology. B.A., Oklahoma Baptist University; M.A., University of Oklahoma; Ph.D., University of Missouri-Columbia.

KITTY J. BRANT — Assistant Professor of Elementary Education. B.S., M.S., Ed Specialist, University of Central Missouri; Ph.D., Saint Louis University.

KAREN L. BRESHEARS — Instructor in Consumer Services Management. B.S., Whitworth College.

BRIAN D. BROST — Assistant Professor of Philosophy. B.A., St. John’s College, Collegeville, Minnesota; M.A., Ph.D., University of Wisconsin-Madison.

LESTER D. BROTHERS — Professor of Music and Chair of the Department of Music. B.A., California State University-Fresno; M.A., Ph.D., University of California-Los Angeles.

JERRY R. BROWN — Assistant Professor in Library Services. B.S.Ed., Ed.S., University of Central Missouri; M.L.S., University of Missouri-Columbia.

ROGER “BART” BROWN — Assistant Professor of Aviation and Assistant Airport Manager/Chief Flight Instructor. B.S.B.A., M.S., University of Central Missouri.

RICHARD D. BRUCE — Assistant Professor of Construction Management. B.A., University of Kansas; M.S., University of Central Missouri.

DIANNA H. BRYANT — Associate Professor of Industrial Hygiene. B.S., M.S., University of Central Missouri.

DARLENE M. BUDD — Assistant Professor of Political Science. B.S., Indiana University; M.A., San Francisco State University; Ph.D., University of Wisconsin-Milwaukee.

DONALD E. BURCHARD — Instructor in English Language Center. B.S., M.A., University of Central Missouri.

JOY PATRICIA BURKE — Professor of Psychology. B.A., San Jose State College; Ed.M., Ed.D., Rutgers University.

RUTH S. BURKETT — Assistant Professor of Science Education. B.S., Muhlenberg College; M.Ed., Lehigh University; Ph.D., University of South Florida.

STEPHEN P. BURNS — Assistant Professor of Physical Education. B.S., University of Missouri-St Louis; M.S.E., Southern Illinois University-Edwardsville; Ph.D., University of New Mexico.

DAWNA L. BUTTERFIELD — Associate Professor of Elementary Education. B.A., Brock University, Ontario, Canada; M.A., Ph.D., Ohio State University-Columbus.

STEFAN H. CAIRNS — Associate Professor of Biology. B.S., M.S., Montana State University-Bozeman; M.S., Eastern Washington University-Cheney; Ph.D., University of North Texas-Denton.

KATHRYN ANN CALLAHAN — Professor of Fashion and Apparel Merchandising. B.S., Colorado State University; M.S., University of Wyoming; Ph.D., University of Missouri-Columbia.

FELICIA D. CANOW — Instructor in English. B.L.A., M.A., University of Missouri-Kansas City.

DAVID W. CARD — Assistant Professor of Aviation. B.S., M.S., University of Central Missouri.

KEVIN K. CARLILE — Assistant Professor of Military Science and Leadership. B.S., U.S. Military Academy.

BRYAN W. CARTER — Assistant Professor of English. B.A., Hawaii Pacific University; M.A. in Ed., University of Phoenix; Ph.D., University of Missouri-Columbia.

MARTE M. CARTER — Instructor in Mathematics. B.S. in Ed., M.A., University of Central Missouri.

MYRON K. CARTER — Professor of Health Education. B.S., Iowa State University; M.S. in Ed., University of Central Missouri; Ph.D., University of Utah.

CATHERINE M. CHAMBERS — Professor of Economics. B.A., Alma College; M.A., Ph.D., University of Kentucky.

PAUL E. CHAMBERS — Professor of Economics. B.S.B.A., M.S., Ph.D., University of Kentucky.

I. JOYCE CHANG — Associate Professor of Child and Family Development. B.S., Western Oregon University; M.A.I.S., Ph.D., Oregon State University.

JULIE A. CHAPMAN — Instructor in English. B.A., M.A., Southeast Missouri State University.

JOHN D. CHECK — Assistant Professor of Music. B.M., Northwestern University; M.Phil., Ph.D., Yale University.
HANG CHEN — Professor of Computer Science and Mathematics. B.S., Fuzhou University, China; M.S., Ph.D., Western Michigan University.

YEOK-IL CHO — Assistant Professor of Criminal Justice. B.A., Korea National Police University; M.A., Tokyo Metropolitan University, Tokyo, Japan; Ph.D., Sam Houston State University.

STEPHEN D. CIAFULLO — Assistant Professor, Academic Enrichment, and Director of the Valuing Differences Program. B.S. in Ed., M.A., University of Central Missouri.

DARLENE R. CIRUOLO — Assistant Professor of English. B.A., University of California-Berkeley; M.A. and Ph.D., University of Georgia.

JULIE A. CLAWSON — Professor of Nursing and Chair of the Department of Nursing. B.S., M.S., University of Central Missouri; M.N., University of Kansas; Ph.D., University of Missouri-Columbia; R.N.

AMY G. CLEMENTS — Instructor in Career and Technology Education. B.S., M.S., University of Central Missouri.

AMBER R. CLIFFORD — Instructor in Anthropology. B.A., University of Central Missouri; M.A., Texas Tech University.

LORI L. COCHRAN — Assistant Professor of Occupational Education. A.A.S., Longview Community College; B.S., M.S., University of Central Missouri.

RENEE S. COLE — Associate Professor of Chemistry. B.A., Hendrix College; M.S., Ph.D., University of Oklahoma.

M. JENISE COMER — Professor of Social Work. B.A., University of Missouri-Kansas City; M.S.W., University of Kansas.

JAMES H. CONN — Professor of Physical Education. B.A., University of Northern Colorado; M.S., Eastern Washington University; Ph.D., Southern Illinois University.

CURTIS N. COOPER — Professor of Computer Science and Mathematics. B.A., Culver-Stockton College; M.S., Ph.D., Iowa State University.

JAMES W. COUNTS — Professor of Safety. B.S. in Ed., Bowling Green State University; M.Ed., Ohio University; Ph.D., Michigan State University.

JANELLE COWLES — Associate Professor of Counselor Education. B.S. in Ed., M.S. in Ed., M.S., Southwest Missouri State University; Ed.D., North Texas State University.

E. SAMUEL COX — Professor of Communication. B.A., M.A., Ph.D., University of Arizona.

SHERYL A. CRAIG — Instructor in English. B.S. in Ed., M.A., University of Central Missouri.

DANIEL A. CREWS — Professor of History. B.A., University of North Alabama; M.A., Memphis State University; Ph.D., Auburn University.

JOHN R. CROCKER — Assistant Professor of Economics. B.S., University of Central Missouri; Ph.D., Iowa State University.

ANDREW L. CROWTHER — Instructor in Criminal Justice. B.A., M.S. in Criminal Justice, University of Missouri-Kansas City.

GAIL B. CRUMP — Professor of English. B.S. in Ed., B.A., Northeast Missouri State University; M.A., Ph.D., University of Arkansas.

DEBBIE K. CUNCONAN — Instructor in English. B.A., Oklahoma State University; M.A., University of Central Oklahoma.

TERRY M. CUNCONAN — Associate Professor of Communication and Chair of the Department of Communication. B.A., Iowa State University; M.A., Oklahoma State University-Stillwater; Ph.D., University of Oklahoma.

KENNETH F.T. CUST — Associate Professor of Philosophy. B.A., M.A., University of Alberta; Ph.D., Bowling Green State University.

JENNY L. D’AGOSTINO — Assistant Professor of Nursing. B.S.N., Webster University.

WANDA L. DAHMAN — Instructor in Elementary Education. B.S. M.S., Elementary Education, University of Central Missouri.

EDWARD W. DAVENPORT — Professor of Mathematics and Chair of the Department of Mathematics and Computer Science. B.S., West Texas State University; M.S., North Texas State University; Ph.D., University of New Mexico.

DAVIE S. DAVIS — Assistant Professor of Academic Enrichment and Coordinator of Writing Center. B.A., Kansas State University; M.L., Emporia State University; M.A., University of Central Missouri.

MARIAN G. DAVIS — Assistant Professor of Library Services. B.A., University of Missouri-Kansas City; M.A., University of Missouri-Columbia.

ROBERT R. de JONGE, JR. — Professor of Communication Disorders. B.S., M.A., Ph.D., University of Illinois.

KURTIS L. DEAN — Assistant Professor of Biology. B.S., Briar Cliff College; M.A., Ph.D., University of South Dakota.

PATRICIA S. DECKER — Director of Undergraduate Research/Assistant Professor. B.S., University of Central Missouri; M.A., Ph.D., University of Missouri-Kansas City.

STEPHEN C. DEL VECCHIO — Associate Professor of Accounting. B.S.B.A., M.B.A., Southeast Missouri State University; D.B.A., Southern Illinois University.

RANDY L. DEWAR — Assistant Professor of Education Administration. B.S. Illinois Wesleyan University; M.S., Illinois State University; Ed.D., University of Missouri.

DENNIS M. DOCHEFF — Professor of Physical Education. B.A., M.Ed., Whitworth College; Ed.D, University of Northern Colorado.

BRIAN J. DONAHUE — Assistant Professor of Computer Aided Drafting and Design. B.S., State University of New York; M.Ed., Ph.D., University of Maryland.

JOYCE A. DOWNING — Interim Associate Dean of the College of Education and Human Services and Associate Professor of Special Education. B.M.E., University of Missouri-Columbia; M.S.E., Ph.D., University of Kansas.

MARK A. DUDLEY — Instructor in Earth Science. B.S., University of Central Missouri; M.S., University of Missouri-Rolla.

BLAINE A. DUESING — Instructor in Communication Disorders. B.S., University of Missouri-Columbia; M.S., University of Central Missouri.

ANGELA G. DUNLAP — Assistant Professor of Criminal Justice. B.S., University of Mississippi; M.A., Mississippi College; Ph.D., University of Southern Mississippi.

THERESA L. EARLES-VOLLRATH — Assistant Professor of Special Education. B.S.E., University of Central Missouri; M.S.E., Ph.D., University of Kansas.

CHERYL A. EASON — Associate Professor of English and Chair of the Department of English and Philosophy. B.A., Clarke College; M.A., Southern Illinois University-Carbondale; Ph.D., University of Illinois-Urbana-Champaign.

KELLY A. EDMONDSON — Assistant Professor of Career and Technology Education and Assistant to the Chair. B.F.A., M.B.A., University of Central Missouri.

DENNIS EHLERT — Assistant Professor of Middle School and Secondary Education. B.A., Harris Teachers College; M.A., Washington University; Ph.D., Saint Louis University.

JOSEPH E. ELY — Assistant Professor of Biology. B.S., Salem College; M.S., Marshall University; Ph.D., Southern Illinois University-Carbondale.

JENNIFER E. EMANUEL — Assistant Professor of Library Services and Electronic Services Librarian. B.A., University of Virginia; M.S., University of North Carolina-Chapel Hill.

PAUL H. ENGELMANN — Professor of Economics. B.A., Drury College; M.S., Ph.D., Oklahoma State University.

PAMELA A. ESTEP — Assistant Professor of Nursing. B.S., Oakland University; M.S., University of Colorado Health Sciences Center-Denver.

GREGG W. ETTER, SR. — Assistant Professor of Criminal Justice. B.S., M.A., Wichita State University; Ed.D., Oklahoma State University.

DAVID E. EWING — Associate Professor of Mathematics Education. B.S., M.S., Ph.D., Kansas State University.

CHARLES A. FAIR — Associate Professor of Communication. B.S., Bowling Green State University; M.A., Ohio State University; Ph.D., Ohio University.

SILVANA FAJA — Assistant Professor of Computer Information Systems. B.S., University of Tirana, Albania; M.B.A., University of Nebraska-Lincoln and University of Tirana, Albania; Ph.D., University of Nebraska-Lincoln.

J. FRANKLIN FENLEY — Professor of Music. B.S., University of Illinois; M.Ed., University of Missouri; Ed.D., University of Illinois.
SHERRI L. FENWICK — Assistant Professor of Nursing. B.S.N., University of Central Missouri.

LARRY T. FERGUSON — Assistant Professor of Industrial Hygiene. B.S., Black Hills State University; M.S., University of Central Missouri.

ROBERT M. FERNQUIST — Professor of Sociology. B.S., M.S., M.Ed., Brigham Young University; Ph.D., Indiana University-Bloomington.

NICHOLAS J. FESSLER — Assistant Professor of Accounting. B.B.A., University of Portland; M.B., Ph.D., Indiana University.

JAMES J. FLOYD — Professor of Communication. B.S., Indiana State; M.A., Ph.D., Indiana University.

NANCY LA. FORTH — Assistant Professor of Counselor Education. B.A., M.S., Texas Woman’s University; Ph.D., University of Wyoming.

BRENT M. FOSTER — Assistant Professor of Communication. B.S., M.A., University of Central Missouri; Ph.D., University of Missouri-Columbia.

KAREN FOSTER — Associate Professor of Literacy Education. B.S.E., University of Oklahoma; M.A., Southern Methodist University; Ed.D., University of Northern Colorado.

ROSE MARIE FOWLER-SWARTS — Assistant Professor of Nursing. B.S., Avila College; M.S.N., University of Missouri-Kansas City; R.N.

OMER V. FRANK — Professor of Safety. B.S., Iowa State University; M.S., Specialist, University of Central Missouri; Ph.D., University of Utah.

RICHARD A. FRAZIER — Associate Professor of Science Education. A.B., Washington University-St. Louis; M.S., Ph.D., University of Illinois-Urbana-Champaign.

DAWN M. FRY — Instructor in Academic Enrichment. B.A., M.A., University of Central Missouri.

MARK D. FULFORD — Associate Professor of Management. B.S., University of Illinois; M.S., Auburn University; Ph.D., Indiana University.

MIRIAM R. FULLER — Professor of English. B.A., Pomona College; M.A., Ph.D., University of Chicago.

JAMES R. GAI — Professor of Music. B.M., M.M., Southern Illinois University-Carbondale; D.M.A., University of Northern Colorado.

DEBORAH A. GALLEY — Instructor in Communication Disorders. B.S., North Dakota State University; M.S., Idaho State University.

WENDY L. GEIGER — Assistant Professor of Communication. B.A., Muskingum College; M.A., Eastern Michigan University; Ph.D., University of Kansas.

DANIEL A. GERDES — Professor of Physical Education. B.A., Wartburg College; M.A., University of Northern Iowa; Ph.D., University of Kansas.

KAMEL GHOOZI — Associate Professor of Sociology. C.A.R., D.E.A., University of Tunis; M.A., Ph.D., University of Pennsylvania.

DELLA T. GOAVEC — Associate Professor of French and Francophone Literature and Chair of the Department of Modern Languages. B.A. Bukavu, Zaire; M.A., Ph.D., Vanderbilt University.

GLENDA M. GOETZ — Instructor, Reading/Study Skills, Academic Enrichment. B.S., M.S., University of Central Missouri.

JOHN W. D. GOLE — Associate Professor of Biology and Chair of the Department of Biology and Earth Science. B.S., M.S., Ph.D., University of Waterloo, Canada.

TERRY A. GOODMAN — Professor of Mathematics Education. B.A., M.A., Baylor University; Ph.D., University of Texas-Austin.

KENNETH A. GORDON — Professor of Modern Languages. B.S. in Ed., Kent State University; M.A., University of Michigan; M.A., University of California, Santa Barbara; Ph.D., Ohio State University.

MARIJAN L. GRECHUS — Associate Professor of Health Education. B.S. in Ed., M.S., University of Central Missouri; Ph.D., University of Missouri-Columbia.

SHEILA L. GRIEser — Instructor in Finance. B.S., M.A., University of Central Missouri.

CARL J. GRIGSBY — Associate Professor of Secondary/Middle School Education. B.A., Central Methodist College; M.S., Ed.S., Ed.D., University of Missouri-Columbia.

ELIZABETH R. GUTIERREZ — Instructor in English. B.A., University of Oklahoma; M.A., University of Houston-Clear Lake.

KAREN S. HAASE — Instructor in Study Skills in the Academic Enrichment Learning Center. B.S., University of Central Missouri; M.S.Ed., Mississippi State University; Ed.S., University of Central Missouri.

LARRY A. HAASE — Professor of Marketing and Chair of the Department of Marketing and Legal Studies. B.B.A., M.A., University of Central Missouri; D.B.A., Mississippi State University.

ROBERT H. HALLIS, JR. — Associate Professor of Library Services. B.A., B.M.E., Stetson University; M.M., M.L.I.S., Ph.D., University of Texas-Austin.

HENRY P. HAMANN — Instructor in Biology. B.S.E., University of Missouri-Columbia; M.S.E., University of Central Missouri.

TRICIA L. HANSEN-HORN — Associate Professor of Communication. B.S., University of Nebraska-Kearney; M.A., University of Central Missouri; Ph.D., Purdue University.

DONALD W. HARBY — Assistant Professor of Engineering Technology. B.S., Parks College; M.S., Ph.D., University of Missouri-Columbia.

CARL LEE HARLAN, JR. — Professor of Communication Disorders and Chair of the Department of Communication Disorders. B.S., M.S., Ph.D., University of Utah.

HARRY A. HARMON — Professor of Marketing. B.B.A., University of Central Missouri; D.B.A., Louisiana Tech University.

PAMELA A. HART — Assistant Professor of Communication Disorders. B.S., M.S., University of Central Missouri; Ph.D., Wichita State University.

JOHN R. HAYDU — Professor of Art. B.S.B.A., Youngstown University; M.F.A., Kent State University.

CAROL P. HEMING — Associate Professor of History. B.A., University of Central Missouri; Ph.D., University of Missouri-Columbia.

VALERIE A. HÉMING — Director of the English Language Center and Instructor in English as a Second Language. B.A., University of Missouri-Columbia; M.A., University of Central Missouri.

KERRY L. HENSON — Assistant Professor of Computer Information Systems. B.A.S.S., Stephen F. Austin State University; M.B.A., Ph.D., University of North Texas.

RACHEL D. HERMAN — Instructor in ESL. B.A., University of Missouri-Kansas City; M.A., University of Central Missouri.

RICHARD J. HERMAN — Professor of Theatre and Chair of the Department of Theatre. B.A., Marymount College of Kansas; M.A., University of Central Missouri; Ph.D., Texas Tech University.

FREDA J. HERRINGTON — Associate Professor of Social Work. B.A., M.Ed., Wichita State University; M.S.W., Ph.D., University of Kansas.

JASON A. HOLLAND — Assistant Professor of Chemistry. B.S., Emporia State University; Ph.D., University of Texas-Austin.

CLARKE E. HOLM — Associate Professor of Aviation. B.S., Illinois State University; M.S. in Ed., Southern Illinois University; Ed.D., University of Northern Colorado.

ERIC C. HOLLOWAY — Associate Professor of Music. B.M., University of Florida; M.Mus., D.Mus., Northwestern University.

JONI L. HOOVER — Instructor in Communication Disorders. B.S., M.S., University of Central Missouri.

ADAM S. HORN — Assistant Professor of Communication. B.A., Purdue University; M.Ed., Wichita State University.

JAMIE HU — Professor of Sociology. B.A., Tunghai University-Taiwan; M.A., Ph.D., University of Missouri.

BRIAN J. HUGHES — Associate Professor of Physical Education and Director of the Athletic Training Curriculum Program. B.A., Ohio State University; M.S., Ed.D., Oklahoma State University-Stillwater.

DAVID J. HURST — Associate Professor of Computer Science. B.S., M.S., Rochester Institute of Technology; B.S., University of South Carolina.

SANDRA L. HUTCHINSON — Associate Professor of Educational Leadership. B.S.E., M.S.E., Ed.S., University of Central Missouri; Ed.D., University of Missouri-Columbia.
ANDREW K. KING — Assistant Professor of Elementary Education and Technology. B.A.E., Wayne State College; M.S., University of Central Missouri; Ph.D., University of Missouri-Columbia.

CHAD B. KING — Instructor in Biology. B.S., Wayne State College; M.A., University of South Dakota.

CELIA M. KINGSBURY — Assistant Professor of English. B.A., University of North Alabama; M.F.A., University of Alabama; Ph.D., Florida State University.

STEPHEN A. KINGSBURY — Assistant Professor of Music. B.A., M.A., University of New Hampshire; D.M.A., University of Illinois.

ANITA L. KLIEMEK — Assistant Professor of Accounting. B.S.B.A., University of Nebraska-Kearney; M.Accounancy, Ph.D., University of Nebraska-Lincoln.

LINDA J. S. KOEHLER — Professor of Special Education. B.A., Washington University; M.A., University of Iowa; Ph.D., University of Kansas.

JO LYNNE KOEHN — Professor of Accounting. B.B.A., Kansas State University; M.Accounancy, Ph.D., University of Wisconsin-Madison.

DAVID S. KREINER — Professor of Psychology. B.A., Ph.D., University of Texas-Austin.

BETSY W. KREISEL — Associate Professor of Criminal Justice and Interim Chair of the Department of Criminal Justice. B.S., M.S., University of Central Missouri; Ph.D., University of Nebraska-Omaha.

PENNY L. KUGLER — Assistant Professor of Economics, Director of the Center for Economic Education, and Director of the Center for Business Internships. B.S., M.A., University of Central Missouri.

L. JOSEPH KUPERSMITH — Assistant Professor of Construction Management. B.S., M.S., University of Central Missouri.

RICHARD L. LACY — Instructor in Electronics Technology. A.S., Community College of the Air Force; B.A., University of Central Missouri.

SHARON L. LAMSON — Professor of Elementary Education and Chair of the Department of Curriculum and Instruction. B.S., M.Ed., Pennsylvania State University; Ph.D., Kent State University.

DALE W. LAND — Instructor in Military Science and Leadership.

DENNY C. LANGSTON — Professor of Criminal Justice. B.S., Southwest Missouri State University; M.S., Ed.S., University of Central Missouri; Ph.D., University of Southern Mississippi.

SCOTT E. LANKFORD — Assistant Professor of Biology. B.S., University of Kansas; Ph.D., University of California-Davis.

R. SUE LASTER — Assistant Professor of Nursing. B.S., Washburn University; M.S.N., University of Missouri-Kansas City.

ROBERT J. LAWRENCE — Associate Professor of Music. B.M.E., Miami University-Ohio; M.M., Ball State University; D.M.A., University of Kentucky.

MONTY R. LAYCOX — Instructor in French. B.S., Stetson University; M.S., University of North Carolina at Chapel Hill; M.A., Appalachian State University; Ph.D., University of Georgia.

ANN M. LEGREID — Professor of Geography and Interim Associate Dean of the College of Arts, Humanities and Social Sciences. B.S., University of Wisconsin-River Falls; M.S., Ph.D., University of Wisconsin-Madison.

KATHLEEN A. LEIGHT — Associate Professor of English. B.A., Wesleyan University; M.A., Ph.D., University of Rochester.

RAYMOND W. LEONARD — Assistant Professor of History. B.A., M.A., Wichita State University; M.A., Ph.D., University of Kansas.

KATHERINE A. LESLIE — Assistant Professor of Elementary Education. B.A., Hendrix College; M.S.E., University of Central Arkansas.

JOSEPH LEWANDOWSKI — Associate Professor of English and Philosophy. B.A., University of Wisconsin-Milwaukee; M.A., Boston College; M.A., Ph.D., State University of New York-Binghamton.

LI “Lee” LIU — Assistant Professor of Geography. B.S., Northeastern Normal University, Changchun, Jilin, China; Ph.D., Texas A&M University.

JAMES D. LOCH — Professor of Geology. B.S., Indiana University of Pennsylvania; M.S., University of Southern California; Ph.D. University of Missouri-Columbia.

JOHN A. LOUDER — Associate Professor of Art. B.F.A., University of Oregon; M.F.A., University of Arizona.
MARK J. LOVE — Assistant Professor of Library Services. B.A., Texas A&M University; M.A., Sam Houston State University; M.L.S., University of North Texas.

MELANIE LOWRANCE — Instructor in Art. B.F.A., Missouri State University; M.F.A., Indiana University.

CHIEN-TSUNG LU — Assistant Professor of Aviation. B.S., Chung-Hsing University, Taiwan; M.S., University of Central Missouri; Ph.D., University of Nebraska-Omaha.

SCOTT C. LUBAROFF — Assistant Professor of Music and Director of Bands. B.A., M.A., M.F.A., University of Iowa; D.M.A., Michigan State University.

MICHAEL G. LUEHRMAN — Associate Professor of Art and Chair of the Department of Art. B.S., University of Central Missouri; M.Ed., Ph.D., University of Missouri-Columbia.

DUANE A. LUNDERVOLD — Associate Professor of Psychology. B.A., University of Wisconsin-Eau Claire; M.A., D.R., Southern Illinois University-Carbondale.

ROBERT R. LURKER — Assistant Professor of Computer-Aided Drafting and Design. B.S., Brigham Young University; M.Ed., City University.

LESLIE L. LYNAM — Assistant Professor of Library Services and Director of Technical Services. B.S., University of Central Missouri; M.A.L.S., University of Missouri-Columbia; M.B.A., University of Central Missouri.

JOHN WAYNE LYNCH — Associate Professor of Art. B.S., University of Central Missouri; M.F.A., Syracuse University.

QUINGXIONG MA — Assistant Professor of Computer Information Systems. B.S., Shaan-xi Normal University; M.A., Northwest Polytechnical University; M.B.A., Eastern Illinois University; Ph.D., Southern Illinois University.

CARLA JO MALTAS — Assistant Professor of Music. B.M.E., M.M., University of Nebraska-Lincoln; Ph.D., University of Oklahoma.

SWARNA L. MANDALI — Associate Professor of Dietetics. B.S., M.S., Sri Venkateswara University-India; Ph.D., Oklahoma State University-Stillwater.

JIM B. MANSFIELD — Associate Professor of Business Education. B.S., Mankato State University; M.Ed., Ph.D., University of Missouri-Columbia.

JOAN C. MANSFIELD — Professor of Management. B.S., M.S., University of Central Missouri; Ph.D., University of Missouri-Columbia.

KATHLEEN I. MARCHIONDO — Assistant Professor of Nursing. B.S.N., University of New Mexico; M.S.N., Brigham Young University, R.N.

PATRICIA A. MARSH — Assistant Professor of Psychology. B.S., DePaul University; M.S., Ph.D., Kansas State University.

BARBARA N. MARTIN — Associate Professor of Educational Leadership. B.S., Ed.D., University of Missouri-Columbia; M.A., Ed.D., University of Missouri-Kansas City.

CHARLES D. MARTIN — Assistant Professor of English. B.A., California State University-Fullerton; M.F.A., University of Alabama; Ph.D., Florida State University.

JOAN C. MARTIN — Assistant Professor of Nursing. B.N., Marymount College of Kansas; M.N., University of Kansas; R.N.

SHERI L. MATTSON — Assistant Professor of Music. B.S., University of Wisconsin-Superior; M.M., Arizona State University; D.M., Florida State University.

DAVID W. McCUIDLESS — Assistant Professor of Construction Management. A.S., B.S., M.S., University of Central Missouri.

TODD A. McCULCHERE — Assistant Professor of Marketing and Director, Professional Golf Management Program. B.A., M.B.A., New Mexico State University.

KATHRYN F. MCCORMICK — Instructor in English. B.A., M.A., University of Missouri-Kansas City.

ANN C. McCoy — Visiting Assistant Professor of Mathematics. B.S., M.S., University of Central Missouri.

LEROY D. MCDERMOTT — Professor of Art. B.A., Oklahoma State University; M.A., Ph.D., University of Kansas.

SCOTT E. MCKAY — Associate Professor of Chemistry. B.S., B.A., M.S., Eastern Kentucky University; Ph.D., Florida Institute of Technology.

RHONDA L. MCKEE — Professor of Mathematics. B.S., B.S. in Ed., Missouri Southern State College; M.S., Ph.D., University of Missouri-Rolla.

PHOEBE HO MCLAUGHLIN — Professor of Mathematics. B.A., National Taiwan University, Taipei, Taiwan, R.O.C.; M.S., Ph.D., University of Iowa.

BRADLEY S. MCEAHS — Associate Professor of Physical Education. B.S., M.A., University of Central Missouri; Ed.D., University of Northern Colorado.

LINDA L. MECARIS — Associate Professor of Library Services and Director of Public Services. B.A., M.L.S., Emporia State University; Ed.S., University of Central Missouri.

DONALD D. MELICHAR — Associate Professor of English. B.A., M.A., University of Montana; Ph.D., Arizona State University.

DOLORES MERCADO — Instructor in Spanish. B.A., Instituto Tecnologico y de Estudios Superiores de Monterrey, Mexico; M.B.A., Pan American University; Ph.D., Texas Tech University.

JOSE G. MERCADO-MENDEZ — Professor of Finance. B.S.B.A., Instituto Tecnologico y de Estudios Superiores de Monterrey, Mexico; M.B.A., Ph.D., University of North Texas.

SANDRA D. MERRILL — Associate Professor of Spanish. Licenciatura, Universidad Industrial de Santander, Bucaramanga, Colombia; M.A., Ph.D., University of Illinois-Urbana-Champaign.

LARRY K. MICHAELS — Professor of Management. B.S., Utah State University; Ph.D., University of Michigan.

CAROL A. MIHALEVIC — Professor of Reading. B.A. in Ed., M.A., Ph.D., University of Central Missouri.

GEORGE A. MILLEN — Assistant Dean of Library Services and Associate Professor of Library Services. B.A., University of Puget Sound; M.L.S., University of Washington; M.A., University of Central Missouri.

DANE C. MILLER — Professor of Criminal Justice. B.S., Southeast Missouri State University; M.S., University of Central Missouri; J.D., Saint Louis University.

DONALD D. MILLER — Associate Professor of Physics. B.S. in Ed., Chadron State College; M.S., University of Nebraska; Ph.D., Texas A&M University.

DONALD P. MILLER — Instructor in English Language Center. B.A., Marquette University; M.A., Northern Arizona University.

LORI J. MILLER — Assistant Professor of Psychology. B.A., University of Colorado; M.S., Ph.D., Nova Southeastern University.

WAYNE J. MILLER — Assistant Professor of English. B.A., Oberlin College; M.F.A., University of Houston.

THOMAS M. MITCHELL — Instructor in Photography. B.A., University of Missouri-Kansas City; M.S., University of Central Missouri.

JENNIFER R. MITTELHAUSER — Instructor in Biology. B.S., M.S., Texas State University.

GARY RAY MOEGER — Professor of Music. B.M.E., M.M., Emporia State University; D.M.A., University of Oklahoma.

CLIFFORD E. MOHNI, JR. — Assistant Professor of Education Administration. B.A., Central Methodist College; M.S., University of Central Missouri; Ed.S., Ph.D., University of Missouri-Kansas City.

JAMES L. MOORE — Instructor in Athletic Training. B.S., M.S., University of Central Missouri.

JOSEPH H. MOORE — Instructor in Communication. B.S., M.S., University of Central Missouri.

DENNIS M. MUCHLY — Associate Professor of English/TESL. B.A., University of Connecticut; M.A., Northern Arizona University; Ph.D., University of New Mexico.

LINDA K. MULLIGAN — Associate Professor of Nursing. B.S., University of Central Missouri; M.N., Ph.D., University of Kansas; R.N.

RALPH F. MULLIN — Professor of Management. B.A., Washburn University; M.S., University of South Florida; Ph.D., University of Florida.

JERRY D. NEAL — Associate Professor of Special Education. B.S., M.S., University of Central Missouri; Ed.D., University of Missouri-Columbia.
ERIC M. NELSON — Assistant Professor of Management. B.A., Northwestern University; M.M., American Graduate School of International Management; M.B.A., Arizona State University; Ph.D., University of Illinois.

J. DIRK NELSON — Associate Professor of Physical Education and Chair of the Department of Health and Human Performance. B.S., Montana State University; M.S.E., Ph.D., University of Kansas.

NICOLE M. NICKENS — Assistant Professor of Educational Psychology. B.A., Northeast Missouri State University; M.A., University of Missouri-Columbia; Ph.D., University of Missouri-Columbia.

TERRY L. NICOLETTI — Assistant Professor of Automotive Technology. B.S., M.S., Pittsburg State University.

RONALD D. NIEMEYER — Professor of Accounting. B.B.A., M.A., University of Central Missouri; D.B.A., Mississippi State University.

SELENE S. NIKAIDO — Associate Professor of Biology. B.A., Northwestern University; M.S., University of Wisconsin-Madison; Ph.D., Northwestern University.

JOHN L. NOLD — Professor of Geology. B.A., M.A., University of Missouri; Ph.D., University of Montana.

ALLISON W. NORWOOD — Assistant Professor of Nursing. B.S., University of Missouri-Columbia; M.S., University of Texas-Austin.

SCOTT M. NORWOOD — Assistant Professor of Library Services. B.A., Truman State University; M.A., University of Missouri-Columbia; M.Hum Rel, University of Oklahoma.

JEAN L. NUERNBERGER — Associate Professor of Social Work and Chair of the Department of Sociology and Social Work. B.S.W., Avila College; M.S.W., University of Kansas.

RUTH A. NYHUS — Professor of Physical Education. B.A., Augustsburg College; M.S., Mankato State University; Ed.D., University of Northern Colorado.

JAMES R. OBERTINO — Associate Professor of English. B.A., University of Michigan; M.A., University of Wisconsin; Ph.D., University of Illinois.

ROBERT J. OHRENBERG — Professor of Manufacturing Management. B.S. in Ed., M.S., University of Central Missouri; Ed.D., University of Missouri.

ANNA R. OLLER — Associate Professor of Biology. B.A., Chadron State College; Ph.D., South Dakota State University.

TROY E. OLLISON — Instructor in Manufacturing Management. B.S., College of the Ozarks; M.S., University of Central Missouri.

J. CLINT ORR — Associate Professor of Art. B.F.A., M.F.A., Louisiana Tech University.

GREGORY J. OWEN — Assistant Professor of Theatre. B.A., B.S., Culver-Stockton College; M.F.A., University of Missouri-Kansas City.

TERRY D. OWNBY — Assistant Professor of Photography. B.S., Missouri State University; M.A., Webster University.

JAMES E. PALMER — Instructor in Military Science and Leadership.

KYLE W. PALMER — Professor of Computer-Aided Drafting and Design. B.S. in Ed., M.A., Northeast Missouri State University; Ph.D., University of Missouri-Columbia.

KUPPUSAMY PANNEERSELVAM — Instructor in Earth Science. B.S., M.S., Annamalai University-India; M.Phil., Indian School of Mines-India; M.S., Sul Ross State University; Ph.D., Florida International University.

UZZIEL H. PECINA — Assistant Professor of Elementary Multicultural Education. B.A., M.S., Kansas State University.

MARLYS R. PECK — Assistant Professor of Social Work. B.S.W., M.S.W., University of Missouri-Columbia.

JEFFREY M. PELTZ — Assistant Professor of Theatre. B.F.A., Sam Houston State University; M.F.A., University of Illinois-Urbana-Champaign.

ROGER LEE PENNEL — Professor of Criminal Justice. B.A., Missouri Southern State College; M.A., Ph.D, Sam Houston State University.

BILLIE L. PERRIN — Instructor in Fashion and Apparel Merchandising. B.S., M.S., University of Central Missouri.

FRANK R. PETERSON — Assistant Professor of Child and Family Development. B.S., Brigham Young University; M.S., Kansas State University.

ANITA R. PHILBRICK — Assistant Professor of Literacy. B.S., M.S., University of Central Missouri; Ph.D., University of Arkansas-Fayetteville.

PAUL J. PLUMMER — Instructor in Mathematics. B.S.E., M.S., University of Central Missouri.

STEVEN L. POPEJOY — Assistant Professor of Business Law. B.S., William Jewell College; M.B.A., University of Central Missouri; J.D., University of Missouri-Kansas City.

ANN POWELL-BROWN — Associate Professor of Reading. B.S., M.S., University of Central Missouri; Ph.D., University of Missouri-Kansas City.

JULIE R. PRATT — Associate Professor of Theatre. B.A., Midland Lutheran College; M.A., Ph.D., Bowling Green State University.

KEITH E. PROVINCE — Assistant Professor of Management. B.S., M.B.A., University of Central Missouri.

KEVIN D. PRUFER — Professor of English. B.A., Wesleyan University-Connecticut; M.A., Hollins College; M.F.A., Washington University, St. Louis.

KAREN PULCHER — Assistant Professor of Nursing. B.S.N., Graceland College; M.S.N., University of Missouri-Kansas City; R.N.

JANICE M. PUTNAM — Assistant Professor of Nursing. B.S.N., M.S., Thomas Jefferson University; Ph.D., University of Missouri-Columbia; R.N.

MARY M. RAGLAND — Associate Professor of English in Academic Enrichment. B.S. in Ed., University of Central Missouri; M.A., University of Missouri-Columbia; Ed.D., University of Central Missouri.

SAM S. RAMANUJAN — Professor of Computer Information Systems. B.A. [Hons.], University of Delhi, India; PGDM XLRI Jamshedpur, India; M.B.A., University of Arkansas; Ph.D., University of Houston.

ROY “KULDIP” RAMPAL — Professor of Communication. B.A., B.J., Punjab University, India; M.S., Boston University; Ph.D., University of Missouri.

MARK L. RANKIN — Professor of Graphic Arts Design Technology Management. B.S., Morehead State University; M.S., Purdue University; Ed.D., Clemson University.

PAULINE P. RATNASINGAM — Assistant Professor of Computer Information Systems. B.S., Monash University, Australia; Ph.D., Erasmus University, The Netherlands.

JAY A. RAVELE — Associate Professor of Botany. B.S., Northwest Missouri State University; M.S., Southern Illinois University-Carbondale; Ph.D., Vanderbilt University.

FRANCES P. REDDINGTON — Professor of Criminal Justice. B.S., Bridgewater State College; M.A., Ph.D., Sam Houston State University.

ARTHUR R. RENNELS — Instructor in Communication. B.S., M.A., University of Texas-Tyler; Ph.D., University of Kansas.

BARBARA R. RHODES — Educational Advisor, TRIO-Student Support Services. B.S., University of Central Missouri.

LYNN D. RIGGINS — Assistant Professor of Hospitality Management. B.S., Peru State College; M.B.A., Webster University; Ph.D., Kansas State University.

C. JO RIGGS — Assistant Professor of Nursing. B.S., Northern Michigan University; M.S.N., California State University-Sacramento; Ph.D., University of Missouri-Columbia.

CHERYL A. RILEY — Professor of Library Services. B.B.A., Southwestern College; M.L.S., M.B.A., Emporia State University; Ed.D., University of Central Missouri.

DOROTHY A. ROBBINS — Professor of Modern Languages. B.A., University of Arkansas; M.A., University of Heidelberg, Germany; Ph.D., University of Frankfurt, Germany.

JENNIFER D. ROBINS — Assistant Professor of Libary Science and Information Services. B.A., M.A., University of Colorado; Ph.D., University of Illinois-Urbana-Champaign.

STELLA D. RODEN — Assistant Professor of Music. B.M.E., James Madison University; M.M., New England Conservatory.

JACK E. ROGERS — Associate Professor of Communication. B.A., M.Ed., McNeese State University; Ph.D., Louisiana State University-Baton Rouge.

PAUL E. ROVIG — Associate Professor of History. B.S. in Ed., Southwest Missouri State University; M.A., Ph.D., University of Missouri-Columbia.

MARY ELLEN ROWE — Professor of History. B.A., Fort Wright College; M.A., Ph.D., University of Washington.
JOHN P. RUTLAND — Assistant Professor of Music. B.M.E., Stetson University; M.M., D.M.A., University of North Texas.

JOSEPH J. RYAN — Professor of Psychology and Chair of the Department of Psychology. B.A., California State University-Northridge; M.S., San Diego State University; Ph.D., University of Missouri-Columbia.

MAJID SAADATMANESH — Instructor in Computer Science and Mathematics. B.S., M.S., University of Central Missouri.

CATHERINE E. SARANTAKOS — Instructor in Sociology. B.S., M.A., University of Central Missouri.

SOMNATH SARKAR — Associate Professor of Chemistry. B.S., University of Calcutta; M.S., Indian Institute of Technology, Kanpur, India; Ph.D., University of Wisconsin-Madison.

KARIN A. SARTWELL — Instructor in Nursing. A.A., Kalamazoo Valley Community College; B.A., Park College; B.S.N., University of Central Missouri.

MICHAEL B. SAWYER — Assistant Professor of Spanish. B.A., Stephen F. Austin State University; M.A., Ph.D., Texas Tech University.

JASON A. SCALES — Assistant Professor of Agriculture. B.S., M.S., University of Central Missouri.

ROY M. SCHACHE — Associate Professor of Construction Management. B.S. in Ed., M.S., Ed.S., University of Central Missouri.

PAULA R. H. SCHAFFER — Assistant Professor of Business Law. B.A., University of Missouri-Columbia; J.D., University of Missouri-Columbia.

DANIEL D. SCHIERNEBECK — Assistant Professor of English. B.A., Immanuel Lutheran College; M.A., University of Wisconsin-Eau Claire; Ph.D., University of Tennessee.

JERRY A. SCHMIDT — Associate Professor of Photography. B.F.A., M.A., University of Iowa.

AARON L. SCHROEDER — Instructor in Computer Aided Drafting and Design. B.S., M.S., University of Central Missouri.

CYNTHIA J. SCHWAGERMAN — Assistant Professor of Agriculture. B.S., M.Ed. Pennsylvania State University; M.S., Ph.D., University of Missouri-Columbia.

CHARLES H. SCHWEPKER, JR. — Professor of Marketing. B.S.B.A., M.B.A., Southeast Missouri State University; Ph.D., University of Memphis.

MICHAEL J. SEKELSKY — Professor of Music. B.M., University of Wisconsin; M.M., D.M.A., University of Kansas.

MARLA J. SELVIDGE — Professor of Religious Studies. B.A., Taylor University-Fort Wayne; A.M., Wheaton College; Ph.D., Saint Louis University.

GEORGE R. SESSER — Associate Professor of Counselor Education. B.A., University of Arkansas-Little Rock; M.A., University of Northern Colorado; Ph.D., Forest Institute of Professional Psychology.

TONY L. SHAFFER — Instructor, Writing Center. B.S., M.A., University of Central Missouri.

CHARLES R. SHAPIRO — Associate Professor of Social Work. B.A., M.S.W., State University of New York-Buffalo; Ph.D., Denver University.

CHERYL SHATTUCK — Assistant Professor of Marketing. B.S.B.A., M.B.A., University of Central Missouri.

STEVEN R. SHATTUCK — Instructor in Mathematics. B.S., M.S., University of Central Missouri.

JOHN W. SHEETS — Professor of Anthropology and Chair of the Department of History and Anthropology. B.A., M.A., University of Missouri; Ph.D., University of Colorado.

MARK A. SHERMAN — Assistant Professor of Aviation. B.S., M.S., M.A., Ed.S., University of Central Missouri.

DOUGLAS P. SHORT — Assistant Professor of Automotive Technology. B.S., M.S., Ed.S., University of Central Missouri.

ROBERT P. SHOWERS — Assistant Professor of Accounting. B.S. in B.A., M.A., University of South Dakota.

ROBERT T. SLANA — Associate Professor of Recreation and Tourism. B.S., M.A., University of Illinois; Ph.D., Michigan State University.

JOHN P. SMEAD — Professor of Communication. B.A., M.A., Ph.D., University of Michigan.

CAROL E. SMITH — Assistant Professor of Library Services. B.A., State University of New York; M.S., Drexel University.

JONATHAN W. SMITH — Professor of Psychology. B.S. in Ed., M.S., Kansas State College-Pittsburg; Ph.D., University of Missouri-Columbia.

RICHARD B. SMITH — Professor of Music. B.M., M.M., Northwestern State College of Louisiana; D.M.A., Louisiana State University.

SCOTT D. SMITH — Assistant Professor of Marketing. B.S., Southwest Missouri State University; M.B.A., University of Central Missouri; Ph.D., University of Arkansas-Fayetteville.

SHING SEUNG SO — Professor of Mathematics. Diploma, Hong Kong Baptist College; M.A., Northeast Missouri State University; Ph.D., University of Missouri-Kansas City.

CHARLES G. SPENCER — Visiting Assistant Professor of Earth Science. B.S., M.S., Ph.D., University of Missouri-Kansas City.

ROBIN E. SPENCER — Assistant Professor of Career and Technology Education. B.S.E., University of Central Missouri; M.S.E., Pittsburg State University.

JAMES B. STAAB — Professor of Political Science and Interim Chair of the Department of Political Science and Geography. B.A., Roanoke College; J.D., University of Richmond; Ph.D., University of Virginia.

DAVID LEE STAGG — Professor of Music. B.M.E., Wichita State University; M.A., D.M.A., University of Iowa.

WAYNE M. STALICK — Professor of Chemistry and Chair of the Department of Chemistry and Physics. B.S., M.A., Virginia Tech; Ph.D., University of Missouri-Columbia.

SUSAN C. STEVENSON — Assistant Professor of Art. B.A., M.A., Fine Arts, Virginia Tech; Ph.D., University of Missouri-Columbia.

SUSAN C. STOCKTON — Instructor in Health Education. B.S., M.S., University of Central Missouri; D.C., Cleveland Chiropractic College.

ERNEST D. STOKESBERRY — Instructor in Aviation. B.S. in Ed., Southwest Missouri State University; M.S., University of Central Missouri.

KENNETH E. STONE — Professor of Accounting and Acting Chair of the Department of Accounting. B.S., M.A., Ph.D., University of Missouri-Columbia.

LORI C. STONE — Instructor in Communication. B.S., M.A., University of Central Missouri.

PATRICK J. STRECK — Assistant Professor of Academic Enrichment and Coordinator of the Learning Center. B.A., M.A., Oklahoma State University.

GREGORY W. STREICH — Associate Professor of Political Science. B.A., M.A., Ph.D., University of Wisconsin-Madison.

H. SCOTT STROMHEIM — Professor of Physical Education. B.S., Colorado State University; M.S., University of Wyoming; Ph.D., University of North Carolina-Greensboro.

SARA B. SUNDBERG — Assistant Professor of History. B.A., Earlham College; M.A., University of Wisconsin-Eau Claire; M.A., College of St. Thomas; Ph.D., Louisiana State University.

SUE E. SUNDBERG — Professor of Mathematics Education. B.S., State University of New York-Stony Brook; M.B.A., University of Wisconsin-Madison; Ph.D., University of Missouri-Columbia.

JOHN R. SUTTON — Professor of Industrial Technology and Chair of the School of Technology. B.S. in Ed., M.S. in Ed., Ph.D., Southern Illinois University-Carbondale.

JAMES A. SWANSON — Associate Professor of Economics. B.A., M.A., Ph.D., Washington State University.

JINHUA TAO — Professor of Actuarial Science and Mathematics. B.S., Shanghai Jiaotong University; People’s Republic of China; M.A., Ph.D., University of Wisconsin-Madison.

JAMES H. TAYLOR — Associate Professor of Physics. B.S., Rensselaer Polytechnic Institute; M.S., Ph.D., University of Rhode Island.
JON E. TAYLOR — Instructor in History. B.S., Southwest Baptist University; M.A., Baylor University; Ph.D., University of Missouri-Columbia.

ERIC G. TENBUS — Associate Professor of History. B.A., Carnegie Mellon University; M.A., Ph.D., Florida State University.

DEBORAH A. THEISS — Assistant Professor of Elementary Education. B.S., University of Missouri-Columbia; M.S., University of Central Missouri; Ed.D., University of Missouri-Columbia.

DANIEL W. S. TINDALL — Assistant Professor of Physical Education. B.A. and M.A., California State University-Chico; Ph.D., Oregon State University.

DOUGLAS D. THOMAS — Professor of Education Administration. B.A. in Ed., Southeastern Oklahoma State University; M.S., Ed.D., Oklahoma State University-Stillwater.

MATTHEW M. THOMAS — Associate Professor of Reading. B.A., The Master’s College, Santa Clarita, California; M.A., Pepperdine University; Ph.D., University of Missouri-Kansas City.

DAVID P. THURMAIER — Assistant Professor of Music. B.M., University of Illinois-Urbana-Champaign; M.A., Eastman School of Music.

SONGLIN TIAN — Professor of Computer Science and Mathematics. B.S., University of Science and Technology of China; M.S., Ph.D., Western Michigan University.

SHONNA L. TROPF — Assistant Professor of Communication. B.S., Southeast Missouri State University; M.A., Webster University; Ph.D., University of Southern Mississippi.

JAMES E. TRUELOVE — Assistant Professor of Secondary and Middle School Education. B.S., Southwest Baptist University; M.R.E., Midwestern Baptist Theological Seminary; Ph.D., University of Arkansas.

GREGORY S. TURNER — Professor of Communication Disorders. B.S., Western Michigan University; M.S., Ph.D., University of Wisconsin-Madison.

NATALIE B. TYE — Instructor in Child and Family Development. B.S., University of Central Missouri.

JEFFREY M. ULMER — Assistant Professor of Industrial Technology. B.S., University of New York, Albany; M.S., University of Central Missouri.

DOUGLAS W. UNDERWOOD — Associate Professor of Communication. B.S., Northwest Missouri State University; M.A., Webster University; Ed.S., University of Central Missouri.

LYNN S. URBAN — Assistant Professor of Criminal Justice. B.S., Southern Illinois University; M.A., Ph.D., University of Missouri-St. Louis.

WILLIAM M. VAUGHN — Associate Professor of English. B.S., University of Florida; M.A., Ph.D., University of Illinois at Urbana-Champaign.

F. RAY VOORHEES — Professor of Biology. B.S. in Ed., University of Florida; M.S., Ph.D., University of Illinois.

BARBARA A. WALES — Professor of Library Services. B.A., Kansas State College; M.A., University of Missouri-Columbia; M.A., University of Central Missouri.

STEPHEN R. WALKER — Assistant Professor of Library Services. B.A., Missouri Valley College; M.A., University of Missouri; M.A., Ed.S., University of Central Missouri.

DONALD H. WALLACE — Professor of Criminal Justice. B.A., J.D., University of Nebraska; LL.M., University of Missouri-Kansas City.

HENRY K. WAKMULLI — Assistant Professor of Political Science. B.A., University of Nairobi, Kenya; M.D.A., Ph.D., Western Michigan University.

KAREN K. WANER — Professor of Management. B.S., M.S., Emporia State University; Ph.D., University of Missouri-Columbia.

LIANWEN WANG — Assistant Professor of Mathematics. B.S., M.S., Shandong University-China; M.A., Ph.D., Wayne State University.

YOUBO WANG — Assistant Professor of Library Services. B.S., Chongqing University, Chongqing, China; M.A., Ph.D., Wayne State University.

BARTON A. WASHER — Assistant Professor of Occupational Education. B.S., M.S., Murray State University; Ph.D., University of Missouri-Columbia.

RAHILA A. WEADE — Assistant Professor of Art. B.S., McPherson College; M.A., Ph.D., University of Iowa.

ALAN J. WENGER — Assistant Professor of Music. B.M., University of Nebraska-Lincoln; M.M., D.M.A., University of North Texas.

COREY M. WERNER — Assistant Professor of Geography. B.S., Kansas State University; M.S., Texas A&M University.

JANET L. WIGGINS — Instructor in Business Education. B.S., M.S., University of Central Missouri.

MICHAEL E. WIGGINS — Professor of Criminal Justice. B.A., M.A., Northeast Louisiana University; Ph.D., University of Southern Mississippi.

LAWRENCE L. WILKES — Assistant Professor of Fire Science. B.S., M.S., University of Central Missouri.

CHRISTINA M. WILLEY — Professor of Art. B.F.A., University of Nebraska; M.F.A., Syracuse University.

RUTHANN WILLIAMS — Assistant Professor of Business Education. B.S. in Ed., Missouri Western State College; M.S. in Ed., University of Central Missouri.

WAYNE W. WILLIAMS — Professor of Secondary Education. B.A., M.Ed., Arkansas Tech University; Ed.D., University of Arkansas.

M. NAOMI WILLIAMSON — Associate Professor of Library Services/Special Collections/Director of Children’s Literature Festival. B.S., M.S., Ed.Specialist, University of Central Missouri.

BARRY J. WILSON — Assistant Professor of Graphic Arts Technology Management. B.S., College of the Ozarks; M.S., University of Central Missouri.

FRANKLIN T. WILSON — Assistant Professor of Criminal Justice. B.A., Ohio University; M.S., Eastern Kentucky University.

JAMES R. WILSON — Professor of Communication Disorders. B.S. in Ed., M.A., University of Missouri; Ph.D., University of Denver.

JOHN C. WILSON — Associate Professor of Theatre. B.F.A., Arizona State University; M.F.A., National Theatre Conservatory-Denver.

SCOTT B. WILSON — Associate Professor of Automotive Technology. B.S., M.S., University of Central Missouri; Ed.S., Ph.D., University of Missouri-Columbia.

STEPHEN W. WILSON — Professor of Biology. B.S., Rutgers University; M.A., Southwest Missouri State University; Ph.D., Southern Illinois University Carbondale.

MAUREEN M. WILT — Associate Professor of Social Work. B.S., Southeast Missouri State University; M.S.W., University of Kansas.

ESTHER J. WINTER — Instructor in English. B.A., Hastings College; M.A., University of Missouri; Ph.D., Iowa State University.

JANET K. WINTER — Professor of Management. B.A., M.S., Kearney State College; Ed.D., University of Wyoming.

LARRY D. WOMBLE — Assistant Professor of Safety. B.S., M.S., University of Central Missouri.

KENNETH E. WOOD — Associate Professor of Music. B.M., North Texas University; D.M.A., University of Texas-Austin.

NEVA M. WOOD — Professor of Art. B.S. in Ed., M.A., University of Central Missouri; M.F.A., University of Missouri-Columbia.

BRENTA WOODS — Instructor in English. B.A., M.A., University of Central Missouri.

RONALD C. WOOLSEY — Professor of Industrial Technology. B.S. in Ed., M.S. in Ed., Northwest Missouri State University; Ph.D., Iowa State University.

FREDERICK D. WORMAN — Professor of Agriculture and Chair of the Department of Agriculture. B.A., Macalester College; M.A., Northwestern University; M.S., New Mexico State University; Ph.D., Kansas State University.

CHRISTINE M. WRIGHT — Associate Professor of Management and Chair of the Department of Management and Business Communication. B.S.B.A., Duquesne University; M.B.A., Quinnipiac College; Ph.D., Kent State University.

YUANKUN YAO — Assistant Professor of Assessment. B.A., Graduate Program, Tsinghua University, China; Ph.D., University of Nebraska-Lincoln.

BENNY K. YATES — Assistant Professor of Technology Education. B.A., M.A., California Polytechnic State University-San Luis Obispo.

ROBERT A. YATES — Professor of English. B.S., Northern Illinois University; M.A., University of Chicago; Ph.D., University of Illinois-Urbana-Champaign.

JEFFREY K. YELTON — Assistant Professor of Anthropology. B.A., M.A., Ph.D., University of Missouri-Columbia.
ARTHUR J. YOUNG — Associate Professor of Finance. B.S., M.S., South Dakota State University; Ph.D., Georgia State University.

GARETH YOUNG — Professor of Military Science and Chair of the Department of Military Science and Leadership.

MAHMOUD A. YOUSEF — Associate Professor of Computer Science and Mathematics. B.S., Yarmouk University-Jordan; M.A., Kent State University; M.S., Ph.D., Louisiana Tech University.

XIAODONG YUE — Assistant Professor of Computer Science and Mathematics. B.S., Shanghai Jiao Tong University; M.S., Shanghai Jiao Tong University; Ph.D., University of Cincinnati.

JOHN R. ZELAZEK — Professor of Secondary Education. B.S., Western Illinois University; M.A., Chicago State University; Ph.D., University of New Mexico.

SARAH D. ZELLERS — Assistant Professor of Earth Science. B.A., University of Rochester; M.A., Ph.D., University of Texas-Austin.

DARIA M. ZERR — Assistant Professor of Nursing. B.S.N., University of Central Missouri.

JOHN N. ZEY — Associate Professor of Industrial Hygiene. B.S., M.S., University of Central Missouri.

BEVERLY J. ZIMMER — Instructor in Communication Disorders. B.S.E., M.S., University of Central Missouri.

</table>
EDUARDO del CASTILLO — Professor Emeritus of Modern Languages. Doctor of Laws, University of Havana; M.S., Kansas State Teachers College-Emporia; Ph.D., University of Missouri.

ROGER W. DENKER — Professor Emeritus of Physical Education. B.S., M.S., South Dakota State College; Ed.D., University of Arkansas.

JOSEPH F. DOLECKI — Professor Emeritus of Economics. B.S., Alabama University; M.S., George Washington University; Ph.D., New York University.

DONALD W. DONATH — Professor Emeritus of Physical Education. B.S. in Ed., M.S. in Ed., Specialist, University of Central Missouri; Ed.D., Oklahoma State University.

LARRY D. DORRELL — Professor Emeritus of Library Science. B.S. in Ed., M.A., Northeast Missouri State University; Ph.D., University of Missouri-Columbia.

WILLIAM A. DOWNS — Professor Emeritus of Graphics. B.S., Purdue University; M.Ed., Ed.D., University of Missouri.

RUTH L. DOYLE — Professor Emeritus of Modern Languages. B.A., M.A., Ph.D., University of North Carolina.

MARY ANNE DRAKE — Professor Emeritus of Human Environmental Sciences. B.S., University of Central Missouri; M.A., Ph.D., University of Kansas.

CARRIE L. DUNSON — Professor Emeritus of Criminal Justice. B.S., Lincoln University; M.S., University of Central Missouri; Ph.D., University of Missouri-Kansas City.

BEN W. EDMONDS — Director Emeritus of Accounting Services. B.S., Southwest Missouri State University.

TOM D. EDMUNDS — Senior Vice President Emeritus. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ed.D., University of Kansas.

JOHN A. ELFRINK — Professor Emeritus of Accounting. B.S., M.B.A., Southeast Missouri State University; Ph.D., St. Louis University; C.P.A.

BETTY L. ELGIN — Professor Emeritus of Health Education. B.S. in Ed., University of Central Missouri; M.Ed., University of Missouri; Dir. of Health and Safety, Indiana University; Ed.D., University of Missouri.

ED M. ELLIOTT — President Emeritus and Distinguished University Fellow. A.B., William Jewell College; M.A., Columbia University; Ed.D., University of Northern Colorado.

ROSALIE ELLWELL — Associate Dean Emeritus of Library Services. B.S. in Ed., Northwestern Missouri State University; M.S., University of Central Missouri.

MARY E. ENGLE — Professor Emeritus of Home Economics. B.S. in Ed., Southeast Missouri State University; M.S., Kansas State College of Agriculture and Applied Science.

JOHN M. ERICKSON — Professor Emeritus of Marketing. B.S., Concordia College; M.S., University of North Dakota; Specialist, University of Missouri; Ph.D., Kansas State University.

HERBERT R. ESCHLIMAN — Professor Emeritus of English. B.A., Dakota Wesleyan University; M.A., University of South Dakota; Ph.D., University of Minnesota.

LOYD H. FALGREN — Professor Emeritus of Physical Education. B.A., Concordia College; M.Ed., University of Minnesota; Ed.D., University of Oregon.

DENNIS S. FAULK — Professor Emeritus of Chemistry. B.S., Arkansas State Teachers College; Ph.D., University of Arkansas.

CARMOLETA G. FIELD — Professor Emeritus of Business Administration. B.S. in Ed., Northeast Missouri State University; M.S. in Bus. Ed., Oklahoma State University; Specialist, University of Central Missouri.

GENE E. FIELDS — Director Emeritus of Clinical Services and Certification. B.M., Southern Methodist University; M.M., Ed.D., University of New Mexico.

RIEFFORD B. FLOOD — Professor Emeritus of Agriculture. B.S. in Ag., M.S., Ed.D., University of Arkansas.

WILLIAM E. FOLEY — Professor Emeritus of History. B.S., M.A., University of Central Missouri; Ph.D., University of Missouri.

RICHARD D. FOSTER — Associate Dean Emeritus for Entrepreneurial Studies and Development. B.S., Southern Illinois University; M.S. in Ed., University of Central Missouri; Ed.D., University of Missouri-Columbia.

W. H. FOSTER — Professor Emeritus of Education. B.S., Murray State College; M.A., George Peabody College for Teachers; Ed.D., University of Arizona.

DONALD C. FOX — Professor Emeritus of Military Science. B.G.E., University of Omaha; M.S., University of Central Missouri.

M. ELAINE FRANK-RAGAN — Professor Emeritus of Nursing. B.S.N., University of Central Missouri; M.S.N., Catholic University of America; Ph.D., University of Kansas.

MELVIN A. FRANZ — Professor Emeritus of Computer and Office Information Systems. B.S., Fort Hays Kansas State College; M.S., Emporia State University; Ph.D., The Ohio State University.

HARRIET C. FRAZIER — Professor Emeritus of Criminal Justice. B.A., University of Colorado; M.A., University of California, Berkeley; Ph.D., Wayne State University; J.D., University of Missouri-Kansas City.

OLIN R. FRAZIER — Professor Emeritus of Business Education. B.S. in Ed., University of Central Missouri; M.A., Western State College of Colorado; Ed.D., Indiana University.

BILLY G. GARBER — Professor Emeritus of Business Administration. B.S., Bethany Nazarene College; M.S., Kansas State Teachers College, Emporia; Ed.D., University of Missouri.

TED R. GARTEN — Professor Emeritus of Secondary Education. B.A., Morningside College; M.A., Ph.D., University of Kansas.

RONALD B. GEENENS — Professor Emeritus of Computer and Office Information Systems. B.A., Baker University; M.A., University of Missouri-Kansas City; M.B.A., Ph.D., University of Arkansas.

CHARLES E. GILBERT — Professor Emeritus of Secondary Education. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ed.D., Oklahoma State University.

HELEN GILBERT — Director Emeritus of Student Activities. B.S. in Ed., University of Central Missouri; M.A., State University of Iowa.

MARY LOU GINHER — Professor Emeritus of Counseling Psychology. B.A., Arkansas Agricultural and Mechanical College; M.S. in Ed., Henderson State Teachers College; Ed.D., University of Arkansas.

SHARON K. GOMBER — Director of Purchasing Emeritus.

ROBERT E. GOETZ — Assistant Dean Emeritus of the College of Applied Sciences and Technology. B.S. in Ed., University of Central Missouri; M.A., Northern Colorado University; Ed.D., University of Missouri.

ALFRED P. GOSNEY — Professor Emeritus of Reading. B.S. in Ed., Northeast Missouri State University; M.S., Specialist, University of Central Missouri.

HARVEY A. GOSSEN — Professor Emeritus of Elementary Education. B.A., Tabor College; M.S. in Ed., Ed.S., Kansas State Teachers College-Emporia; Ed.D., Oklahoma State University-Stillwater.

MISTY A. GOSSER — Professor Emeritus of Speech Communication. B.S. in Ed., M.A., University of Texas-Austin; Ph.D., Ohio State University.

JUSTYN L. GRAHAM — Professor Emeritus of Elementary Education. B.S. in Ed., Northwest Missouri State University; M.Ed., University of Colorado; Ed.D., Colorado State College.

A. JOHN GRAVES — Professor Emeritus of Mass Communication. B.A., University of the Pacific; M.A., California State University-Northridge.

ROBERT V. GRAYBILL — Professor Emeritus of English. B.A., M.A., University of Central Missouri.

LUTHER L. GREGG, III — Professor Emeritus of Elementary Education. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ed.D., University of Kansas.

GUY P. GRIGGS, JR. — Professor Emeritus of History. B.A., M.A., University of Arkansas; Ph.D., University of Kansas.

ROBERT W. GRIMES — Systems Programming Manager Emeritus. B.S., M.A., University of Central Missouri.

LESLEY C. GROW — Professor Emeritus of Accounting. B.S. in Ed., Northwest Missouri State University; M.A., University of Central Missouri; Ed.D., Oklahoma State University.

BETTY JEAN GUTH — Professor Emeritus of Special Education. B.S., M.A., University of Iowa; Ed.D., Illinois State University.

THOMAS M. HAIRABEDIAN — Professor Emeritus of Physical Education. B.S. in Ed., University of Southern California; M.A. in Ed., Arizona State University; Ed.D., University of Missouri.

CARL HALDIMAN — Professor Emeritus of Teacher Education. B.S. in Ed., University of Central Missouri; M.A. in Ed., Washington University; Ed.D., University of Missouri.

WALTER J. HALLEN — Professor Emeritus of Music. B.M., Miami University; M.A., Ph.D., Ohio State University.

JOHN D. HANE — Professor Emeritus of Political Science. B.A., Baker University; M.P.A., Ph.D., University of Kansas.

LYMAN D. HANNAH — Professor Emeritus of Industrial Technology. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ed.D., University of Missouri.

EDWARD HARRIS — Director Emeritus of the Library. A.B., University of Miami; M.A., Kent State University; Ed.D., University of Northern Colorado; M.L.S., Emporia State University.

JOSEPH T. HATFIELD — Professor Emeritus of History. B.S. in Ed., Concord College; M.A., Ohio University; Ph.D., Emory University.

WILLIAM E. HAUSER — Professor Emeritus of Modern Languages. B.S., M.A., University of Minnesota; Ph.D., University of Kansas.

OSCAR HAWKESLEY — Professor Emeritus of Biology. B.S., Principia College; M.S., Ph.D., Cornell University.

MYRTLE L. HAYES — Professor Emeritus of Business Education. B.A., Northwest Nazarene College; M.S., University of Oregon; Ph.D., University of Northern Colorado.

FAITH M. HEINRICH — Professor Emeritus of Reading in Academic Enrichment. B.S., Phillips University; M.S. in Ed., Ed.D., University of Central Missouri.

RONALD D. HEINRICH — Professor Emeritus of Health Education. B.S., Phillips University; M.S., Oklahoma State University; Specialist, University of Central Missouri; Ph.D., University of Utah.

GEORGE M. HENTHORN — Professor Emeritus of Criminal Justice. B.S., M.S., Ed.D., University of Central Missouri.

JOHN B. HESS — Professor Emeritus of Biology. B.S., Wheaton College-Illinois; M.S., Southern Illinois University; Ph.D., Colorado State University.
WALTER R. HICKLIN — Professor Emeritus of Mathematics. B.S., Missouri Valley College; M.S. in Ed., Ed.S., University of Central Missouri.

JAMES L. HIGHLANDER — Professor Emeritus of Theatre. B.A., Eureka College; M.A., Ph.D., University of Illinois.

DAVID C. HILSE — Professor Emeritus of Electronics Technology. B.S., M.S., University of Central Missouri; Ph.D., University of Missouri.

A. JAMES HOISINGTON, II — Professor Emeritus of Graphics. B.S., Pittsburg State University; M.S., University of Central Missouri.

RICHARD N. HOLDEN — Professor Emeritus of Criminal Justice. B.S., M.S., Abilene Christian University; Ph.D., Sam Houston State University.

CARRIE LOUISE HOLLAND — Professor Emeritus of Recreation. B.S. in Ed., M.Ed., University of Arkansas; Dir. of Rec., Indiana University; Ed.D., University of Utah.

NEAL J. HOLMES — Professor Emeritus of Chemistry/Science Education. B.S. in Ed., Northeast Missouri State University; M.A. in Ed., Washington University; Ed.D., Oklahoma State University.

FREDERICK W. HOMAN — Professor Emeritus of Music. B.F.A., University of Omaha; M.M., Ph.D., Indiana University.

JOHN W. HORINE — Professor Emeritus of Power and Transportation. B.S. in Ed., Southeast Missouri State University; M.Ed., Ed.D., University of Missouri.

JAMES A. HUDSON — Professor Emeritus of Secondary Education. B.A., Southwestern College, Winfield, Kansas; M.S., Kansas State Teachers College; Ed.D., University of Arkansas.

JAMES A. HUFF — Director Emeritus of Public Safety. B.S., Northeast Missouri State University; M.S., Ed.S., University of Central Missouri.

FLOWER L. HUND — Librarian Emeritus. B.A., Vassar College; M.A., University of Missouri-Kansas City; M.L.S., Emporia State University; C.A.S.L., University of Denver.

JOHN M. INGLISH — University Director Emeritus of Public Relations. B.A., M.A., University of Central Missouri.

RUSSELL F. IRELAND — Professor Emeritus of Power and Transportation. B.S., University of Southern California; M.S., University of Central Missouri.

DAVID M. JACKSON — Emeritus Business Manager for Financial Aids. B.S., Southwest Missouri State University; M.S. in Ed., University of Central Missouri.

JO ANN JENKINS — Professor Emeritus of Nursing. B.S., University of Central Missouri; M.S., University of Missouri-Kansas City; R.N.

ORVAL D. JOHNSON — Director Emeritus of Academic Advising. B.S., Colorado State University; M.S. in Ed, Ed.S., University of Central Missouri.

LARRY M. JONES — Professor Emeritus of Business Education. B.S. in Ed., M.A., Northeast Missouri State University; Ed.D., University of North Dakota.

ROBERT J. JONES — Professor Emeritus of English. B.J., M.J., Ph.D., University of Texas.

ROY H. JORGENSEN — Dean Emeritus of Teacher Education. B.A., Iowa State Teachers College; M.A., Northwestern University; Ed.D., University of Wisconsin.

PATRICIA KAMERMANN — Professor Emeritus of English in the Educational Development Center. B.S. in Ed., M.Ed., University of Arkansas; Specialist, University of Central Missouri.

LARRY M. KEISKER — Director Emeritus of Clinical Services and Certification. B.M.E., M.S. in Ed., Ed.S., University of Central Missouri; Ed.D., Oklahoma State University.

GREGORY E. KENNEDY — Professor Emeritus of Child and Family Development. B.S., M.S., Kansas State University; Ph.D., Florida State University.

ROBERT E. KENNEDY — Professor Emeritus of Mathematics. B.S. in Ed., M.A., University of Central Missouri; Ph.D., University of Missouri-Kansas City.

WILLIAM J. KETCHERSIDE — Professor Emeritus of Psychology. B.S. in Ed., Southeast Missouri State University; M.Ed., Ph.D., University of Missouri.

ELOISE KIBBIE — Librarian Emeritus. B.A., University of Iowa; M.A., University of Denver.

STANLEY KILLINGBECK — Professor Emeritus of Chemistry. B.S., Blackburn Technical College; M.S., Cornell University; Ph.D., University of Kansas.

DOLORES M. KITTERMAN — Emeritus Assistant to the President. B.S., University of Central Missouri; C.P.S.

FRANKLIN W. KOCH — Professor Emeritus of Music. B.A., Iowa State Teachers College; M.M., Ph.D., University of Michigan.

CLAIR L. KOONS — Professor Emeritus of Elementary Education. B.S., M.S., Oklahoma State University; Ed.D., University of Tulsa.

CHARLES G. KUHN, JR. — Professor Emeritus of Management. B.S. in Ed., University of Central Missouri; M.A., Ph.D., University of Iowa.

JACK M. LANDERS — Professor Emeritus of Industrial Technology. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ed.D., University of Missouri.

REBECCA L. LANNOM — Professor Emeritus of English. B.A., University of Kentucky; M.A.T., Miami University; Ed.S., University of Central Missouri.

J. DENNIS LASTER — Professor Emeritus of Criminal Justice and Interim Chair of the Department of Safety Sciences. B.A., Southwest Missouri State University; M.S., University of Central Missouri; Ph.D., University of Southern Mississippi; J.D., University of Missouri-Kansas City.

DARLENE LAUBENSTEIN — Assistant Director Emeritus, University Housing. B.S. in Ed., M.S. in Ed., Ed.S., University of Central Missouri.

CHI-LING LEE — Professor Emeritus of Economics. B.A., National Central University, China; M.A., Ph.D., University of Wisconsin.

DAVID S. LINDSAY — Professor Emeritus of Political Science. B.A., Northwestern University; M.S., Ph.D., Florida State University.

BETTY PINE LOCKARD — Professor Emeritus of Criminal Justice. B.S. in Ed., M.S. in Ed., University of Central Missouri; J.D., University of Missouri-Kansas City.

RONALD W. LONG — Professor Emeritus of English. B.S., Nyack College; M.A., Ph.D., Indiana University.

ROBERT E. LOVELL — Professor Emeritus of English. B.A., Ouachita College; Ph.D., University of Texas.

RICHARD A. LUEHRMAN — Professor Emeritus of Art. B.S. in Ed., University of Central Missouri; M.A., University of Missouri; Ph.D., Florida State University.

MARY E. LYON — Professor Emeritus of Physical Education. B.A., Briar Cliff College; M.S. in Ed., Southern Illinois University; Ph.D., University of Iowa.

MATTHEW E. MADDEN — Professor Emeritus of Legal Studies. B.A., University of Kansas; J.D., LL.M., University of Missouri-Kansas City.
GEORGE H. MAHAFEE — Professor Emeritus of Education Administration. B.S., M.S., Ph.D., Southern Illinois University.

HOWARD W. MAHANES — Professor Emeritus of Physical Education. B.S. in Ed., M.T., Northeastern State College, Oklahoma.

ROBERT B. MARSHALL — Professor Emeritus of Secondary Education. B.A., College of Emporia; M.Ed., University of Kansas; Ed.D., University of Arkansas.

ROBERT I. MARSHALL — Dean Emeritus of Public Services. B.A., University of Kansas; M.A., Wichita State University; Ed.D., University of Kansas.

ALPHADINE MARTIN — Professor Emeritus of Physical Education. B.A., Bridgewater College; M.A., George Peabody College for Teachers; Ph.D., University of Iowa.

DONALD D. MARTIN — Professor Emeritus of Accounting. B.S., B.S.B.A., M.S., Ph.D., University of Missouri-Columbia.

ROGER W. MASON — Professor Emeritus of Power and Transportation. B.M.E., Central Methodist College; M.M.E., University of Missouri-Kansas City; Ed.S., University of Central Missouri.

LOUISE MAYFIELD — Professor Emeritus of Office Administration. B.S. in Ed., M.A., Specialist, University of Central Missouri.

JOSEPH M. MAZZA — Professor Emeritus of Speech Communication. B.S. in Ed., M.A., University of Central Missouri; Ph.D., University of Missouri.

ROY E. McCauley — Professor Emeritus of English. B.S., McPherson College; M.A., University of Nebraska-Omaha; Ed. D., University of Denver.

PERRY McCANDESS — Professor Emeritus of History. B.S., University of Central Missouri; M.A., Southern Methodist University; Ph.D., University of Missouri.

WILLIAM E. McCANDESS — Professor Emeritus of Music. B.M., M.A., University of Central Missouri; Ph.D., Indiana University.

CATHERINE HODGE McCoid — Professor Emeritus of Anthropology. B.A., Southern Illinois University; M.A., Ph.D., University of Missouri.

MAX P. McCULLOCH — Professor Emeritus of Secondary Education. B.S., M.Ed., West Texas State University; Ed.D., Texas Tech University.

EMHETT McFarLAND — Professor Emeritus of Office Administration. B.S. in Ed., University of Central Missouri; M.S., Southern Illinois University; Ed.D., Oklahoma State University.

RICHARD McKINNIS — Professor Emeritus of Education Administration. B.S., M.S., Kansas State College; Ed.D., University of Kansas.

RONALD W. McREYNOLDS — Professor Emeritus of English. B.S. in Ed., M.A., Miami University-Oxford; Ph.D., University of Texas.

FRANCIS MEDARIS — Director Emeritus of Audiovisual Campus Services. B.M., B.S. in Ed., M.M., University of Arkansas; M. of Libr., Kansas State University.

TRINITA MEEHAN — Professor Emeritus of Reading. B.A., M.A, Clark College; Ph.D., Indiana University.

THOMAS O. MELLINGER — Professor Emeritus of Graphics. B.S., M.S., University of Central Missouri.

J. O. MILLER, JR. — Professor Emeritus of Reading. B.S. in Ed., M.S. in Ed., University of Central Missouri; Ed.D., Oklahoma State University.

JERRY L. MILLER — Professor Emeritus of Art. B.S. in Ed., Northeast Missouri State University; M.Ed., University of Missouri; Ed.S., University of Central Missouri; Ed.D., University of Missouri.

STEVEN H. MILLS — Professor Emeritus of Biology. B.A., Southwest Missouri State University; M.S., Ph.D., University of Illinois.

ROBERT D. MOCK — Professor Emeritus of Power and Transportation. Certified Flight Instructor F.A.A.

ROBESON S. MOISE — Professor Emeritus of Aviation. B.A., University of the South; M.A., Memphis State University; Ed.S., University of Missouri-Kansas City.

THOMAS M. MOORE — Professor Emeritus of Agriculture. B.S., Texas Tech University; M.S., Ph.D., Washington State University.

SUSAN ANN MORGAN — Emeritus Professor of Nursing. B.S., Boston College School of Nursing; M.S., University of North Dakota; Ph.D., University of Kansas; R.N.

WILLIAM C. MORTON — Professor Emeritus of Criminal Justice Administration. B.S., M.S., Ed.S., University of Central Missouri.

WAYNE E. NELSON — Professor Emeritus of Management. B.S., Tennessee Technological University; M.B.A., Memphis State University; Ph.D., University of Arkansas.

RAYMOND D. NORRIS — Professor Emeritus of Air Conditioning and Refrigeration. B.S., M.S., University of Central Missouri.

ARTHUR J. NORTON — Professor Emeritus of Accounting. B.S. in Ed., Northwest Missouri State University; M.A., Ph.D., University of Missouri; C.P.A.

DONALD N. NIMMER — Director Emeritus of Institutional Research. B.A., University of Northern Iowa; M.N.S., Ed.D., University of South Dakota.

JAMES O’MALLEY — Professor Emeritus of Psychology and Counselor Education. B.S., B.S. in Ed., M.S. in Ed., University of Central Missouri; Ph.D., Arizona State University.

LARRY R. OLPIN — Professor Emeritus of English. B.A., M.A., University of Utah; Ph.D., University of Massachusetts.

EUGENE A. OSHIMA — Professor Emeritus of Biology/Science Education. B.A., M.A., Colorado State College; Ed.D., Oklahoma State University.

VINCENT E. OXLEY — Professor Emeritus of Manufacturing and Construction. B.S. in Ed., Southeast Missouri State University; M.Ed., Ed.D., University of Missouri.

RAYMOND R. PARK — Professor Emeritus of Music. B.M., B.M.E., Cornell College; M.M., Ph.D., University of Michigan.

FRANK M. PATTERSON — Professor Emeritus of English. B.A., Park College; M.A., Ph.D., University of Iowa.

ELOIS B. PELTON — Professor Emeritus of Physical Education. B.S. in Ed., University of Arkansas; M.S. in Ed., Arkansas State Teachers College; Ed.D., Northwestern State University of Louisiana.

SUSAN LEE PENTLIN — Professor Emeritus of Modern Languages. B.A., University of Central Missouri; M.A., University of Missouri; Ph.D., University of Kansas.

NOVELLA PERRIN — Assistant Provost Emeritus for Research and Dean of The Graduate School and Professor Emeritus of Sociology. B.S. in Ed., M.A., Ed.S., University of Central Missouri; Ph.D., University of Kansas.

WILLIAM G. PETER — Professor Emeritus of Secondary Education. B.M.E., Oklahoma A&M College; M.S., Oklahoma State University; Ed.D., University of Arkansas.

STEPHEN H. PETERSEN — Vice President Emeritus for Student Affairs and Adjunct Associate Professor of Higher Education. B.A., M.S. in Ed., Ed.D., Indiana University.

GLENN A. PETRIE — Professor Emeritus of Chemistry. B.A., Park College; Ph.D., University of Kansas.

WARREN G. PETTIGREW — Assistant Registrar Emeritus. B.S., University of Missouri, M.S. in Ed., Ed.S., University of Central Missouri.

BERNARD J. PHILLIPS — Assistant Controller/Treasurer (retired). B.A., Roosevelt University; M.B.A., University of Chicago.

MARTIN T. PHILLIPS — Professor Emeritus of Finance. B.S., Southern Illinois University; M.B.A., University of Missouri; Ed.S., University of Central Missouri.

GLENN Q. PIERCE — Professor Emeritus of Theatre. B.A., M.A., University of Kansas; Ph.D., University of Illinois.

ROBERT B. PIERCE — Dean Emeritus of Business and Economics. B.S., M.S., Kansas State Teachers College; Ph.D., University of Oklahoma.

JAMES W. PILKINGTON — Professor Emeritus of Physical Education. B.S., Drake University; M.A., University of Pacific; Ed.D., University of Nebraska.
WARD A. SAMPLE — Professor Emeritus of English. B.A., B.S. in Ed., University of Kansas; M.A., Duquesne University; Ph.D., Indiana University.

HAROLD P. SAMPSON — Dean Emeritus of Graduate Studies and Extended Campus. B.S., Sioux Falls College; M.A., University of South Dakota; Ph.D., Southern Illinois University.

ALLEN D. SAPP — Professor Emeritus of Criminal Justice. B.G.E., University of Nebraska-Omaha; M.S. in Ed., University of Southern California; Ph.D., Sam Houston State University.

HAL M. SAPPINGTON — Professor Emeritus of Electronics Technology. B.S., University of Missouri; M.S., University of Denver; Ph.D., University of Missouri.

CHITARANJAN SARAN — Professor Emeritus of Safety. B.S., (Pre) Lucknow Christian College; B. Tech., M. Tech., Indian Institute of Technology; Ph.D., North Carolina State University.

HARRY P. SAVERY — Professor Emeritus of Biology. B.S., Colorado A and M; M.S., University of Wyoming; Ph.D., Texas A&M.

FREDRICK J. SCHIESZER — Professor Emeritus of Aviation. B.S., M.S., Ed.S., University of Central Missouri.

ROBERT G. SCHWARTZ, JR. — Dean Emeritus of the College of Arts and Sciences. B.A., University of Colorado; M.A., Ph.D., University of Missouri.

ALLEN J. SCISM — Professor Emeritus of Chemistry. B.A., Southeast Missouri State University; M.A., Ph.D., Southern Illinois University.

E. EDWARD SEE — Professor Emeritus of Theatre. B.A., B.S. in Ed., M.A., University of Central Missouri; Ph.D., University of Missouri.

NEAL F. SEIPP — Professor Emeritus of Music. B.F.A., University of South Dakota; M.M., Ph.D., West Virginia University.

PAUL L. SHAFFER — Dean Emeritus of Business Administration. B.A., University of Kansas; M.S., Wichita State University; Ph.D., University of Oklahoma.

MARTHA A. SHERMAN — Professor Emeritus of Nursing. B.S., University of Wisconsin; M.A., University of South Florida; M.S.N., University of Kansas; R.N.

RODNEY C. SHERMAN — Professor Emeritus of Management. B.S., Northern Illinois University; M.B.A., Ph.D., Georgia State University.

NORMAN N. SHORT — Professor Emeritus of Physical Education. B.A., William Jewell College; M.S., Washington University.

TERRY D. SIMMONS — Professor Emeritus of Recreation and Tourism. B.S. in Ed., Northeast Missouri State University; M.A., University of Wyoming; Ph.D., University of Utah.

CHARLES E. SLATTERY — Professor Emeritus of Library Services. B.A., University of Wisconsin-Madison; M.A., Ph.D., University of Iowa; M.S., University of Illinois-Urbana-Champaign.

DAVID LEE SMITH — Professor Emeritus of English. B.A., M.A., Old Dominion University; Ph.D., University of North Carolina.

DOLORES M. SMITH — Professor Emeritus of Physical Education. B.A. in Ed., Black Hills State College; M.A., Ph.D., Texas Woman’s University.

JAMES L. SMITH — Professor Emeritus of Botany. B.A., San Francisco State College; Ph.D., University of California.

JOSEPH J. SNOBLE — Professor Emeritus of Physics/Science Education. B.A., M.A., State College of Iowa; Ph.D., University of Iowa.

SHELA D. SNYDER — Professor Emeritus of Early Childhood Education. B.S., M.S., Oklahoma State University; Ed.D., University of Arkansas.

THOMAS R. SOMMERKAMP — Professor Emeritus of Psychology. B.S., M.A., Northeast Missouri State University; Ph.D., University of Missouri.

WM. A. STANTON — Librarian Emeritus. B.S., B.S. in L.S., George Peabody College for Teachers; M.A., Vanderbilt University.

SHELA D. SNYDER — Professor Emeritus of Early Childhood Education. B.S., M.S., Oklahoma State University; Ed.D., University of Arkansas.

THOMAS R. SOMMERKAMP — Professor Emeritus of Psychology. B.S., M.A., Northeast Missouri State University; Ph.D., University of Missouri.

WM. A. STANTON — Librarian Emeritus. B.S., B.S. in L.S., George Peabody College for Teachers; M.A., Vanderbilt University.

DUANE R. STERLING — University Director Emeritus of Planning and Policy. B.S. in Ed., Southwest Missouri State University; M.S., Ph.D., Louisiana State University.

AMES LESLIE STEWART — Professor Emeritus of Electronics Technology. B.S., M.S., University of Central Missouri.
DAVID N. STORM — Professor Emeritus of Social Work. B.A., M.S.W., University of Kansas.

JOHN W. SUTHERLAND — Professor Emeritus of Legal Studies. B.A., LL.B., J.D., Washburn University; LL.M., University of Missouri-Kansas City.

THERON E. SWANK — Professor Emeritus of Instructional Media. B.S., Manchester College; M.A.T., Ed.D., Indiana University.

HAROLD JIM SYLWESTER — Professor Emeritus of History. B.S. in Ed., Concordia Teachers College, Seward, Nebraska; M.Ed., University of Oregon; M.A., Ph.D., University of Kansas.

RICHARD L. TABOR — Professor Emeritus of Agriculture. B.S., Eastern Illinois University; M.S., Northern Illinois State University; Ph.D., University of Tennessee.

ARTHUR T. TEEs — Professor Emeritus of Theatre. B.A., University of North Dakota; M.S., North Dakota State University; Ph.D., University of Kansas.

KENNETH L. THOMPSON — Professor Emeritus of Psychology and Counselor Education. B.S., M.S., Oklahoma State University; Ph.D., University of Oregon.

WILLIAM D. THOMPSON — Professor Emeritus of Economics. B.S., M.S. in Ed., Southern Illinois University; M.B.A., University of Arizona; Ph.D., Southern Illinois University.

GARLAND E. TICKEMYER — Professor Emeritus of Philosophy. B.A., M.A., University of Missouri-Kansas City; M.A., University of Southern California; Ph.D., University of Texas.

ALVIN R. TINSLEY — Professor Emeritus of Mathematics. B.S. in Ed., Southwest Missouri State University; M.A., Louisiana State University; D.A., University of Northern Colorado.

WILLIAM E. TIPTON — Professor Emeritus of Power and Transportation. B.S. in Ed., M.A., Northeast Missouri State University; Ed.S., University of Central Missouri.

ROBERT A. ULRICH — Professor Emeritus of Safety. B.S. in Ed., M.S. in Ed., State University of New York; Ph.D., Michigan State University.

HAROLD L. VANE CLEAVE — Professor Emeritus of Agriculture. B.S. in Agriculture, M.S., Kansas State University; Ed.D., University of Missouri.

RONALD L. VAN DAM — Professor Emeritus of Physical Education. B.S. in Ed., Taylor University; M.A. in Ed., Ball State University; Specialist, University of Central Missouri; Ph.D., University of Utah.

NORMA VAN ZEE — Professor Emeritus of Music. B.M.E., M.M.E., Drake University; Ph.D., University of Iowa.

JUDY VICKREY — Vice President Emeritus of Finance and Administration. B.S., Southwestern Missouri State University; M.E., Ph.D., University of Missouri-Columbia.

JAMES L. WAITE — Professor Emeritus of Political Science. B.A., M.A., Brigham Young University; Ph.D., Southern Illinois University.

FLOYD A. WALKER — Professor Emeritus of Physical Education. B.S. in Ed., Northeast Missouri State University; M.A., Arizona State College; Ed.D., University of Arkansas.

W. FRAN WALLER — Associate Provost Emeritus for Academic Programs and Services. B.S. in Ed., Northeast Missouri State University; M.S. in Ed., Ed.S., University of Central Missouri; Ph.D., University of Missouri-Columbia.

NANCY R. WALTERS-SMITH — Professor Emeritus of Psychology and Counselor Education. B.A., DePauw University; M.S., Ph.D., Indiana University.

J. MARK WEHRLE — Professor Emeritus of Sociology. B.S., M.A., University of Central Missouri; Ph.D., Southern Illinois University.

I. LIN WELCH — Professor Emeritus of Speech Pathology. B.S., West Texas State College; M.A., Baylor University; Ph.D., University of Missouri.

ROSALIE B. WELLING — Professor Emeritus of Communication Disorders. B.S. in Ed., M.S., University of Central Missouri.

EUGENE T. WELLS — Professor Emeritus of Business Administration. B.S., Memphis State University; M.A., Washington University; Ph.D., University of Kansas.

D. JERRY WHITE — Professor Emeritus of English. B.A., Barton College; M.A., Ph.D., University of Illinois.

JOHN WHITEHEAD — Director Emeritus of the University Union. B.S. in Ed., M.S., University of Central Missouri.

LOWELL E. WHITESIDE — Professor Emeritus of Secondary Education. B.A., Dakota Wesleyan University; M.A., Ed.D., State University of South Dakota.

PATRICIA D. WIEGERS — Academic Advisor (retired). B.S. in Ed., M.S., University of Central Missouri.

HARRY WILKEY — Professor Emeritus of Economics. B.S., University of Iowa; M.A., University of Illinois.

MILES W. WILLIAMS — Professor Emeritus of Political Science. B.A., M.S., Kansas State College of Pittsburg; Ph.D., Vanderbilt University.

BEVERLY M. WILSON — Professor Emeritus of Nursing. B.S., University of Central Missouri; M.S.N., University of Missouri-Columbia; R.N.

C. DIANA WILSON — Professor Emeritus of Instructional Technology. B.S., Fort Hays State College-Kansas; M.Ed., University of Missouri-Columbia; Ph.D., Kansas State University.

HAROLD L. WILSON — Professor Emeritus of Psychology. B.A., Hastings College; M.A. in Ed., Kearney State College; Ed.D., University of Nebraska.

WILLIAM C. WILSON — Professor Emeritus of Psychology. B.A., University of Texas-Arlington; M.S., University of Texas Health Science Center-Dallas; Ph.D., North Texas State University.

A. PAUL WINANS, JR. — Professor Emeritus of Psychology and Counselor Education. B.S. in Ed., M.S. in Ed., University of Central Missouri; M.Ed., University of Missouri; Ph.D., University of Missouri-Kansas City.

JERRY LEE WINSOR — Professor Emeritus of Speech Communication. B.S., M.S., Emporia State University; Ph.D., University of Nebraska.

JANICE L. WOOD — Employee Benefits Services/Risk Management Manager (retired).

EVERETT K. WOODS — Professor Emeritus of Fire Science. B.A., M.A., University of Missouri-Columbia; Ed.S., University of Central Missouri.

BARBARA WRIGHT — Professor Emeritus of Safety. B.A., Oberlin College; M. Letters, University of Pittsburgh; Ph.D., Florida State University.

MARY A. YATES — Professor Emeritus of Accounting. B.S. in Ed., M.B.A., University of Central Missouri; CPA.

FLORENCE LOUISE YOUNG — Professor Emeritus of Physical Education. B.S. in Ed., Kansas State Teachers College-Emporia; M.A., George Peabody College for Teachers.

HAROLD L. YOUNG — Vice President Emeritus for Administrative Affairs. B.S. in Ed., University of Central Missouri; M.Ed., Ed.D., University of Missouri.

JAMES V. YOUNG — Professor Emeritus of Political Science. B.A., J.D., Ph.D., University of Iowa.

MARY E. YOUNG — Professor Emeritus of Nursing. B.A., William Jewell College; R.N., Matzer School of Nursing, Southern Baptist Hospital, New Orleans, Louisiana; M.A., University of Iowa.

VIRGINIA ANN YOUNG — Professor Emeritus of English. B.A., M.A. in Ed., University of Northern Iowa; Ed.S., University of Central Missouri; Ph.D., University of Illinois-Chicago.

ROBERT L. ZEY — Professor Emeritus of Chemistry. B.A., Central Methodist College; M.S., Ph.D., University of Nebraska.

HARRY F. ZIMMERMANN — Assistant Director for Technology/Small Business Development Center (retired). B.S., Iowa State University.
