LEARNING TO A GREATER DEGREE

Choose **RED** for an innovative career in risk management and insurance.

ABOUT THE B.S.B.A. IN RISK MANAGEMENT AND INSURANCE

The B.S.B.A. in Risk Management and Insurance (RMI) prepares you for employment by corporations and government agencies that identify and analyze loss exposure and engage in the transfer and management of insurance risks. As an RMI student, you will obtain valuable knowledge in the following areas:

- Life and health insurance
- Property and casualty insurance
- Employment benefits and retirement planning
- Corporate risk management

CAREER OPPORTUNITIES

Upon completing this AACSB-accredited bachelor's degree, you will be prepared to pursue a career in the financial services industry, working in a variety of positions including:

- Insurance underwriters
- Claims adjusters, appraisers and examiners
- Budget analysts
- Risk analysts
- Financial advisors
- Contract attorney

HANDS-ON EXPERIENCE

Engaged learning will help you to stay up-to-date in the field and to develop essential networking and leadership skills. As a program graduate, you will enter the workplace prepared with practical, hands-on experience through student organizations, internships and international study.

The opportunities to build your resume and prepare you for your career include:

- A required internship experience that will allow you to apply the knowledge obtained in the program
- Bloomberg Professional Service that will give you access to the industry-leading platform for news data, analytical tools and research to make informed risk management decisions
- The Donn G. Forbes Center for Financial Services, which is equipped with state-of-the-art digital technology that allows you to perform detailed risk management exercises

PROGRAM HIGHLIGHTS

The bachelor's degree in Risk Management and Insurance contains several unique characteristics. You will learn analytical and conceptual skills that include:

- Working knowledge of risk management process
- Working knowledge of insurance industry
- Understanding of different insurance contracts to manage risks
- Mastery of core business knowledge, skills and aptitudes required in the BSBA program
