

**University of Central Missouri
College of Education**

**Student Teacher Work Sample
Lesson Plan Template**

Design a plan for a lesson that will be taught as part of a unit you are teaching during your student teaching semester. A variety of formats may be used for lesson plans; however, **all plans must include the following components:**

- Measurable student objectives aligned with appropriate standards
- Lesson sequence (include introduction and closure, instructional strategies, estimated pacing, etc.)
- Resources (include technology as appropriate)
- Differentiation (process, product, content)
- Accommodations and modifications
- Assessment methods

Please check with your program faculty and university supervisor for specific formats and additional requirements. You may use the template provided here.

Measurable student objectives:	Standards:
<p>Lesson sequence:</p> <p>Introduction</p> <p>Closure</p> <p>Instructional Strategies</p> <p>Estimated Pacing</p>	

Resources, including technology:

Plan to differentiate instruction (process, product, content):
