

MEMORANDUM OF AGREEMENT

BETWEEN

THE UNIVERSITY OF CENTRAL MISSOURI

AND

THE JUNIOR COLLEGE DISTRICT OF METROPOLITAN KANSAS CITY, MISSOURI

UCM/CC CONCURRENT ENROLLMENT AGREEMENT

This Memorandum of Agreement ("Agreement" or "MOA") made this 2nd of Feburary is between THE UNIVERSITY OF CENTRAL MISSOURI, a public, four-year institution of higher education located in Warrensburg, Missouri (also referred to herein as "CENTRAL MISSOURI" or "UCM") and THE JUNIOR COLLEGE DISTRICT OF METROPOLITAN KANSAS CITY, MISSOURI, also known as METROPOLITAN COMMUNITY COLLEGE, an open-enrollment, public, two-year institution of higher education located in Kansas City, Missouri (hereafter "MCC"). UCM and MCC are also individually referred to herein as "institution" or collectively as "institutions" for the purpose of providing a concurrent enrollment experience for students attending UCM and MCC.

UCM and MCC are both regionally accredited by the Higher Learning Commission and recognize credits earned by other institutionally accredited colleges and universities.

MCC and UCM share a mutual interest in providing MCC domestic associate degree students who intend to transfer and pursue a bachelor's degree program at UCM the opportunity to concurrently enroll in UCM designated coursework. Students enrolled in this collaborative effort will enjoy a four-year college experience at UCM while taking advantage of the affordability of the community college and the diverse levels of academic preparation it accommodates. This agreement is intended to promote the most efficient and effective use of resources and provide a more direct pathway to obtain an associate degree at MCC in route to completing a bachelor's degree at UCM.

This agreement between UCM and MCC serves to:

- a. Formalize procedures, policies, obligations, responsibilities, exclusions, and commitments associated with concurrent enrollment at UCM and MCC.
- b. Reduce the potential time and cost to bachelor's degree completion at UCM.
- c. Develop academic advising agreements between the student, UCM, and MCC COLLEGE to ensure course transferability towards a degree and with mutual understanding of academic major requirements at UCM.
- d. Establish MCC students participating in this pathway access to UCM and its student support services.
- e. Establish procedures for students who opt out of concurrent enrollment at any point in their education at UCM or MCC.
- f. Institute an improved and reliable process for recruiting promising students from MCC for degree programs at UCM.

To achieve the goals outlined above, this agreement formally establishes a collaborative effort between UCM and MCC and the expectations, obligations, and responsibilities of each stakeholder. To provide for seamless transfer and to encourage students to complete their degree programs, students participating in this agreement from MCC will be enrolled at Junior status (60-89 credit hours) in the undergraduate program at UCM if they have completed the Associate of Arts, Associate of Science, or Associate of Arts in Teaching degree from MCC. The unique features of this agreement is that it affords MCC students participating in this concurrent program the ability to participate in a direct 2+2 program (from MCC to UCM) while enjoying benefits such as: (a) utilization of facilities on the UCM campus provided to regularly enrolled UCM students, (b) joint advising between UCM and MCC, and (c) a \$2,000 renewable additional scholarship (stackable) upon graduation with an associate's degree at MCC. UCM will accept all college level credits from MCC. Students who hold an Associate of Arts (AA), Associate of Science (AS), or an Associate of Arts in Teaching (AAT) or have met the CORE42 general education requirements are considered to have met UCM general education requirements except for any specific general education courses required by the student's major. Students who transfer without a degree or with a different associate degree (not an AA, AS, or AAT) will have their courses evaluated on a course-by-course basis for UCM's general education program or to meet CORE42 general education requirements.

UCM AND MCC agree as follows:

- a. Understanding of what "**concurrent enrollment**" encompasses:
 - "Concurrent enrollment" refers to students admitted at both UCM and MCC and receiving academic credit at both institutions.
 - Concurrent enrollment provides an MCC student the opportunity to benefit from a four-year college experience while simultaneously attending both MCC and UCM.
 - Students participating in the UCM/MCC concurrent enrollment agreement may be enrolled in any combination of UCM and CC courses.
 - Students admitted to the UCM/MCC concurrent enrollment agreement will be subject to all policies of each institution.
 - Concurrent enrollment provides participating MCC students the opportunity to engage in all activities and services offered at UCM.
 - For financial aid purposes, "Home institution" for the purpose of this MOU refers to MCC and the "host "institution" is UCM during which time a student is enrolled concurrently and prior to earning an associate degree at MCC.
- b. UCM and MCC will encourage and advise students to complete an associate degree.
- c. Each school will share official transcripts at the end of each enrollment term through a secure data sharing mechanism at no cost to the student. Students will complete a FERPA waiver to allow sharing of information between institutions.
- d. Each school agrees to share data related to student success and progression on a yearly basis.
- e. Textbook information will be made available through the teaching institution.
- f. Students utilizing accessibility services must make those arrangements through both institutions. Accessibility services data cannot be shared between institutions.

- g. Students may receive tutoring services from either institution.
- h. MCC may teach concurrent enrollment general education courses on the UCM campus on a space available basis and subject to approval by the UCM Vice Provost for Academic Programs.

- i. Students earning transfer credit through a third-party institution must provide an official transcript to MCC for the credit to be reviewed and applied to their degree in accordance with institutional accreditation policies.
- j. Students who participate in this collaboration are encouraged to attend a new student orientation at UCM and any orientation offered through MCC.

B. REGISTRAR:

- a. Each institution will honor the catalog in force at the time of the student's initial enrollment.
- b. Separate academic records for students will be maintained by each institution, but information from those records to the extent permitted by law, will be exchanged electronically to facilitate

performance of the terms of this agreement. This exchange will occur on a semesterly basis.

- e. Eligible UCM students may elect to participate in Missouri Reverse Transfer (MRT) to complete their associate degree at MCC.

- b. All UCM courses will be charged at UCM tuition and fee rates. Students will pay for UCM tuition, fees, and other institutional charges through self-pay. All students utilizing aid from the home institution (MCC) are responsible for communicating with UCM's Student Accounts office to make payment arrangements. If there is no financial aid refund from MCC , then the student is fully responsible for paying all tuition and fees due at UCM during any time the student is enrolled at the university.

F. FINANCIAL AID:

- a. Both UCM and MCC commit to clearly communicate via official communications channels (e.g. campus email) to all students participating in the UCM/MCC concurrent enrollment agreement that the "home school" awarding aid to them is responsible for ALL aid including federal, state, and institutional. There will be no "mixing" of aid between MCC and UCM to prevent any instances of "double-dipping" of aid between schools. For example, no UCM transfer scholarships will be awarded to MCC students while they are participating in the UCM/MCC concurrent enrollment agreement. As we are encouraging the student to complete the associate degree first, the orderly transition of aid between MCC and UCM can occur once the student has completed their associate degree and is ready to start the UCM bachelor's degree at which time UCM would become the "home institution" and award all aid to the student.
- b. UCM commits to a \$2,000 renewable stackable scholarship for all students who meet the following qualifications: (a) successfully matriculate into the UCM/MCC concurrent enrollment agreement, (b) graduate with an associate degree and, (c) matriculates successfully and seamlessly into a bachelor's degree granting program at UCM. This scholarship can be "stacked" on any other scholarship (private or institutional) or grant the student receives. Students participating in this concurrent enrollment agreement are eligible to receive the UCM merit-based transfer scholarships.
- c. A consortium agreement will be implemented between UCM and MCC. The purpose of the consortium agreement is that this provides language and stipulations for students, so they understand how they are being funded at MCC to attend both MCC and UCM concurrently. This consortium agreement will require the following: (a) student acceptance of this agreement each semester/year that they are enrolled in the UCM/CC concurrent enrollment agreement, and (b) documentation that the classes the student is taking are eligible for credit and applicable towards the concurrent agreement.

G. Additional joint responsibilities by both UCM and MCC :

- a. UCM will work in good faith to effectuate the intent of this agreement and will encourage MCC students who express an interest in the concurrent enrollment program to complete an associate degree before transferring to UCM.
- b. MCC will work in good faith to effectuate the intent of this agreement and will encourage MCC graduates in the concurrent enrollment program to enroll at UCM after such MCC students complete an associate degree.

Discontinue a student's participation in this program if a student is dismissed from either MCC or UCM, fails to meet continued eligibility guidelines, or fails to fulfill financial obligations. Note that dismissal at MCC from the UCM/MCC concurrent enrollment agreement or MCC itself for academic or disciplinary reasons does not exempt the student from their financial obligations at both MCC and UCM.
 - h. Complete official transcript exchange for students in this program at the completion of the term once grades are final at MCC at no charge to the student. This process can be initiated through a transcript release form (signed by both institutions) which guarantees that each school will send a transcript each semester at no charge to the student.
