HONORARY DEGREE

The honorary doctorate is bestowed by the authority of the university's Board of Governors upon individuals who have distinguished themselves through outstanding service and exemplary achievements within their fields of endeavor. By their work, they have truly set an example for which all UCM students should aspire. UCM proudly bestows the honorary degree, Doctor of Humane Letters, upon David Hoffmann, a university alumnus, businessman and entrepreneur who has impacted the state of Missouri and other communities in the United States through his generosity, vision and actions.

David Hoffmann

Coming from humble beginnings, David Hoffmann has dedicated his life to creating successful businesses while philanthropically investing in people and communities across the nation. The son of a nurse and World War II veteran, he grew up in a small rural community outside of St. Louis. After receiving a football scholarship to Northeast Missouri State University (now Truman State), he transferred to the University of Central Missouri to pursue a Bachelor of Science. On the pathway to earning his diploma, he also married his high school sweetheart, Jerri, who graduated from UCM.

In 1989, David Hoffmann founded DHR International, the largest privately held executive search firm in the world. He continued to grow as a businessman, and soon after, he established Osprey Capital, LLC, a private family office, to invest excess cash from DHR, growing it to one of the largest family owned offices in the world with more than 110 brands in 27 countries and 200 properties all over the globe. Today, the Hoffmann Family of Companies portfolio includes businesses in agriculture, aviation, financial services, hospitality, business and professional services, industrial, marine, media and marketing, real estate and transportation. Additionally, Hoffmann Commercial Real Estate is credited with the revitalization of the downtown areas of Avon, Colorado; Winnetka, Illinois; Naples, Florida; and most recently, Augusta, Missouri.

The Hoffmann family's generosity has made a difference in many communities where they have lived. They made a sizeable contribution, for example, to the Naples Children & Education Foundation, an additional donation for the construction of the organization's headquarters, and a seven-figure gift to the Naples Zoo to support its renovation. The family also supports the Boys and Girls Club of Naples, the Everglades Foundation, a health clinic, community theatre and more. On a national level, they have donated to the Wounded Warrior Foundation, contributed to childhood type 1 diabetes research, public art installations, and the Children's Home & Aid Society, where the Jerri Hoffmann Child & Family Center is named in honor of David's wife.

Among many accolades, David Hoffmann has been included in 2022 Forbes Billionaires List, was named 2019 Man of the Year by Gulfshore Life Magazine and was recognized in the Florida Trend 500 list in 2020, 2021, and 2022.

One of the Hoffmanns' most recent passions is spending time near their Missouri roots. They have made significant investments toward revitalizing America's first wine region and the small community of Augusta, Missouri.

In addition to celebrating he and his wife's 50th wedding anniversary, David Hoffmann was recently selected for membership in the prestigious Horatio Alger Association of Distinguished Americans, Inc. This is a non-profit educational organization that honors the achievements of outstanding individuals and encourages youth to pursue their dreams through higher education.

CHARNO AWARDS

The Charno Award is presented annually to the top male and female citizens of the University of Central Missouri. The honor is named after George Charno, Sr., a Kansas City attorney who established the award in 1940 to recognize the two outstanding members of the senior class. Selection is based on a combination of criteria, which include: leadership, scholarship, character, involvement in campus organizations and extracurricular activities, service to the university, and involvement in one's academic department. Announced during the Spring 2023 semester, this year's recipients are Paige VanBlarcum and Cade Tremain.

Paige VanBlarcum

A Mathematics major with a minor in Computer Science, Paige VanBlarcum is a Warrensburg, Missouri, resident who has excelled inside and outside the classroom and on the playing field. Contributing to her well-rounded collegiate experience, she has participated in multiple leadership roles as president of the Honors College Student Association, vice president and treasurer of Kappa Mu Epsilon, secretary of the National Society of Collegiate Scholars, and chair of the Internal Issues Committee for the Student Government Association.

VanBlarcum was not only a student athlete, having participated on the Jennies Track and Field team, she also gained valuable experience in team work through Kappa Mu Epsilon, Para Medico, Math Team, and National Society of Leadership and Success. She has demonstrated service to both the university and local community through a number of other activities and organizations, including her recent involvement with a medical mission trip.

VanBlarcum has been a member of The Honors College all four years at UCM, and has maintained an exemplary GPA throughout her collegiate career while being employed both on and off campus.

CHARNO AWARDS (CONTINUED)

Cade Tremain

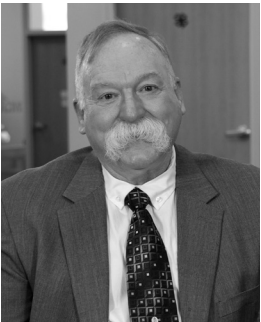

Cade Tremain is a UCM student from Moberly, Missouri, who has set an example for others through his leadership and service. Tremain majored in Political Science and had a minor in Business Administration. His service to the campus and community includes participation on multiple committees, membership in several organizations, and positions of leadership.

During the 2022-2023 academic year alone, Tremain served as a member of the Muleskinner Publication Board, member of MO's Activity Council, Alumni Ambassadors, Student Government Association, Faculty Senate, Mock Trial Team, Homecoming Leadership Committee, Campus Community Health Committee, UCM Facilities and Grounds Master Plan Steering Committee, and the Unity Week Planning Committee.

Throughout his collegiate career, Tremain has immersed himself in many organizations that have allowed him to engage with students on many different fronts. This includes previous service as the president of the College Republicans, Orientation Team Lead, and serving as the recruitment chair for Alpha Tau Omega. He currently serves on the Admissions Ambassador Leadership team, and the Homecoming Leadership Committee, where he is Pep Rally chair. Tremain is well known on campus for his role in student governance. He has been a leader in the Student Government Association for four years, serving as Public Relations Committee chair, secretary, and currently as president for the second consecutive year.

BYLER DISTINGUISHED FACULTY AWARD

Named after William H. Byler, an inventor, author and teacher who graduated from UCM in 1927, the Byler Distinguished Faculty Award is the highest recognition bestowed upon university faculty members. Byler established an endowment fund to provide annual recognition for distinguished faculty performance, evidenced by teaching, scholarly, or creative activity, and professional service. This year's recipient is a member of the Department of Nutrition, Kinesiology and Health Science, Dr. Scott Strohmeyer.

Dr. Scott Strohmeyer

Dr. Scott Strohmeyer is currently on the faculty in the Department of Nutrition, Kinesiology and Health Science. He came to UCM as an assistant professor in 1992, was promoted to associate professor in 1998, and climbed the faculty ranks to become a professor in 2003. His tenure also includes experiences as Graduate Program Coordinator in the Department of Kinesiology for approximately eight years, and serving briefly as an interim department chair in Nutrition and Kinesiology.

Colleagues who nominated Dr. Strohmeyer for the Byler Award praised his commitment to sustained excellence in teaching throughout his entire career at UCM. The same sentiment is echoed by his students. Although they note his reputation for demanding high standards in courses such as Biomechanics, which can be rigorous, they add that his lighthearted, jovial, engaging approach in the classroom often calms their fears. At the same time, he has a gift for drawing the most shy and reserved students into classroom discussions. Still showing his passion for teaching after more than 37 years, Dr. Strohmeyer has taught Physical Science to nearly 5,000 students.

Students who have returned to UCM to teach as well as other junior faculty members have discovered a strong mentor and confidant in Dr. Strohmeyer. Whether it is a student or a colleague, all who work and learn from him can attest to his willingness to provide guidance or serve as an advocate while making them feel like they matter – they are part of a “family.”

Dr. Strohmeyer has worked hard to remain current in his field, which includes looking for opportunities to utilize new technology. He updates resources such as lab space, but also has incorporated a focus on diversity issues such as race, gender, and ability in movement analyses in recent years. Dr. Strohmeyer goes beyond the classroom to help students prepare for life as professionals. These efforts range from accompanying students to professional development events such as the International Society of Biomechanics in Sports Conference to mentoring McNair Scholars and assisting Honors College students with their honors projects.

Dr. Strohmeyer has shared his expertise as a presenter or panelist before practitioners within his academic discipline and through scholarly works in publications such as the “Journal of Physical Education, Recreation, and Dance.” He has served as a reviewer for publications in his field and contributes his leadership abilities through membership in organizations such as the SHAPE America (Society of Health and Physical Educators of America) Central District, where he is a former executive director for the nine-state region.

Consistent with the university's longstanding motto, “Education for Service,” Dr. Strohmeyer has used his expertise to help with jump training for Mules and Jennies sports teams, and since 2020 has served as the Faculty Athletics Representative for UCM.

GOVERNOR'S AWARD FOR EXCELLENCE IN EDUCATION

The Governor's Award for Excellence in Education is an annual recognition initiative established by the Missouri Coordinating Board for Higher Education. In recognizing honorees, the awards program considers criteria such as effective teaching, effective advising, innovative course design and delivery, service to the university community, commitment to high standards of excellence and success in nurturing student achievement. This year's award goes to a faculty member in the College of Education, Dr. Michelle Amos.

Dr. Michelle Amos

Dr. Michelle L. Amos is a UCM faculty member whom colleagues praise for her impeccable work ethic and high level of dedication to students' success and well-being. Having more than two decades of experience in reading education, and experience working with individuals who range from sixth grade to adults, she is an associate professor of literacy at UCM who also coordinates the Master of Science in Education in Literacy Education program and teaches literacy courses in the Middle Grades undergraduate program.

Faculty members describe her as a great asset to programs within the College of Education and recognize her as a "colleague to whom others turn for guidance, support, and encouragement," while also citing a high number of superlative evaluations from students on her behalf. In evaluating this university educator, undergraduate and graduate students describe Dr. Amos as a "wonderful instructor" who brings her personal experience into teaching, is available for questions and counsel, provides timely and meaningful feedback, and is enthusiastic about course content. She also encourages her class "to share ideas, ask questions, and hear the opinions of others."

During her tenure at UCM, Dr. Amos has taught 17 different courses, which includes teaching the courses in the MSE and middle grades literacy programs. She has done extensive research in the Scholarship of Learning (SoTL), which she calls her passion. This inspires her to seek the innovation and implementation of creative approaches in course design and to examine their effectiveness through research inquiry. It has also contributed to her implementing a seminar in an undergraduate course, redesigning courses to meet the growing needs of K-12 schools, transitioning the MSE practicum online, and experimenting with student observation sites to ensure exposure to varied instructional settings.

Outside the classroom, Dr. Amos has been involved in committees at the university, college and departmental levels, including serving as acting chair of the Department of Educational Foundations and Literacy, where she supports colleagues in the preparation of course and program proposals. She is also the faculty advisor to three student organizations, and is active in events that are geared toward providing a welcoming community for UCM students and faculty. Such activities include participation in Teach it Forward, faculty induction, campus research events, freshman kickoff, and assisting in course design for the first-year experience program. One of her most recent roles is to serve as liaison for Student Housing Interest programs, in which she introduced social events based on student survey preferences. She also was recently invited to join the American Democracy Project steering committee, and has participated in diversity, equity and inclusion initiatives.

Dr. Amos furthers her profession by serving as second vice president for a regional chapter of Delta Kappa Gamma, a society for key women educators. Her efforts helped pave the way for the initiation of the chapter's first collegiate student members.

THE PRESIDENTIAL MEDALLION

The University of Central Missouri's Presidential Medallion was introduced during the inauguration ceremony for UCM's 16th president Dr. Roger J. Best on April 18, 2019. Designed by staff in the Office of Integrated Marketing and Communications, the nickel silver, antique finish medallion features as the central focal piece a three-inch in diameter round medal that includes the university's academic logo with

the year of the institution's founding in 1871, and the motto "Education for Service." Other components include two 1.5-inch diameter university seals, and curved banners that are linked together and list the names of each university president who served the institution since its founding and their years of service. The medallion is to be worn at ceremonial functions including commencement ceremonies.

THE UNIVERSITY MACE

The University Mace was designed and produced for the inauguration of Dr. Ed Elliott as president in 1985.

As a historical note, maces were first used during Roman times. The first mace was a weapon-like staff, composed of a group of reeds surrounding an axe. Mace bearers would walk in front of the person in authority. Maces were later used in England, again as symbols of authority in the court systems. The staff was carried by a judge or transported for him by a mace bearer. As the American court system developed from the English courts, the mace also became a symbol of authority in America.

The University of Central Missouri's mace is made of native walnut and bronze, and is topped with a somewhat stylized flame, which, like light, stands for truth and knowledge. Beneath the flame are inlaid disks of cardinal and black, the university colors. Continuing down the mace, a large sphere is decorated with carvings of major buildings on campus. Holding the ball are simple finger-like formations, which stand for service. The reeding, or half-columns, on the mace symbolizes tradition in education and togetherness – small parts working together to support the whole. Bronze books and mortarboards with tassels are symbols of academia and education, and bronze casts of Missouri represent UCM's home state and the citizens it serves. The handle of the mace is spiraled, which denotes growth and progression. The mace, completed with a hand-rubbed oil finish, weighs approximately 14 pounds.

The base for the staff is bronze and weighs close to 20 pounds. It is adorned with centennial medallions and Missouri mules in harness, denoting the reliable, workaday university mascot.

When not used for ceremonial purposes, the mace stands in its base in the Office of the President. The University Mace is carried at ceremonial functions by the university marshal, who precedes the university president in the processional. By tradition at the University of Central Missouri, the university marshal is the president of the Faculty Senate.

The construction of the mace was a team effort. Board of Regents member Edna Mae Whitsitt contacted Rich Monson of the Art Department for design assistance. Monson developed several designs, and a committee consisting of Ophelia Gilbert, Alice Gower, Monson, Norma Van Zee, and Whitsitt, selected the design to be used. Jack Landers, faculty member in the Department of Manufacturing and Construction, built the walnut core of the mace. Monson and Richard Allman, Art Department, cast and assembled the bronze pieces. Robert Tompkins, Department of Physical Education, carved the frieze, and Joseph Albrecht, Manufacturing and Construction, fashioned a bronze stem to join a base that was cast by Monson and George Sample, Art Department. Additional assistance was provided by art faculty members Jerry Miller, Harold Reynolds and Billi Rothove.

ACADEMIC REGALIA

Academic regalia of robe and hood are believed to have had their beginnings at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carryover from the times when the monks, who operated the universities, wore them to protect their shaved heads in winter or to collect alms when worn as shoulder capes.

Use of the academic robe came to the United States in 1754 with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code of design and color for academic garb. It has undergone various revisions, the latest in 1960. Styling of robes varies for the bachelor's, master's, education specialist and doctoral degrees and the width of border and length of hood increase with the type of degree. The color of the velvet border of the

hood indicates the field of study, while the lining designates the colors of the institution granting the degree.

The gown for the bachelor's degree has pointed sleeves and is worn closed. The gown for the master's degree and the education specialist degree has an oblong sleeve, open at the wrist with the rear part of its oblong shape square cut and the front part with an arc cutaway. It may be worn open or closed.

The doctoral gown is faced with black velvet and has three bars across the bell-shaped sleeves. These facings and crossbars may be of colored velvet to represent the degree, and agree in color with the binding or edging of the hood. The tassel for the cap may be of gold thread.

SPRING 2023 UNDERGRADUATE ACADEMIC HONORS

One of the most cherished goals an undergraduate student can attain while completing the baccalaureate degree is to graduate with academic honors. To be eligible for graduation with honors a student must have earned a cumulative grade point average of 3.50 and must have completed a minimum of 30 semester hours of credit at the University of Central Missouri with a grade average of 3.50. Those with a grade point averages of 3.50 to 3.74 graduate Cum Laude; 3.75 to 3.84, Magna Cum Laude; and 3.85 and above Summa Cum Laude, based on whichever GPA is lower, their cumulative GPA or their GPA at UCM.

HONORS COLLEGE GRADUATES

Students in The Honors College engage in high-impact learning in a collegial environment that adds significant value to their academic and social experience at UCM. Specifically, Honors College students pursue a rigorous course of study that includes small-sized, honors-only general education courses and interdisciplinary colloquia. All Honors College students are also required to collaborate closely with a faculty mentor on a capstone undergraduate research or creative project in their respective areas of academic expertise. The second oldest program of its kind west of the Mississippi, UCM's Honors College program began in 1958 with just 12 students. Today's graduates of The Honors College thus become part of a long tradition of education for excellence and service at the University of Central Missouri. The Honors College graduates are:

Shyanne Leigh Best
Kolby Ruben Boone
Autumn Noell Carnahan
Austin L. Carpenter
Vivian Jean Draughn
Cassandra Marie Frank
Laura Nichole Haney

Trinity Lynne Harris
Nathan B. Hughes
Grace E. Kennedy

THRIVE CERTIFICATE PROGRAM

THRIVE is an innovative, two-year certificate program designed to assist college-age students with intellectual and developmental disabilities to become independent, self-sufficient members of their community. The THRIVE acronym represents the six threads of the self-determination program: Transformation, Health, Responsibility, Independence, Vocation, and Education. The students receiving their certificates during the May 2023 commencement exercises are the 12th class to successfully complete the program at UCM. These students are:

Ellen Christine Baskins
Banti Clark

Seth Davis
Shane Lewis

Alec Luke
Logan O'Brien

Stacy Shelby

RECOGNITION OF ARMY ROTC DISTINGUISHED MILITARY GRADUATES

Recognition as an ROTC Distinguished Military Graduate is an honor given only to those cadets named among the top 20 percent of individuals on the U.S. Army Cadet Command's National Order of Merit List. The command, located at Fort Knox, Kentucky, is the only authorized entity to select these commissioned officers. This achievement is also the only accomplishment that carries over for a commissioned officer into his/her professional military record and is an indicator of academic achievement to future promotions boards. The cadet's cumulative GPA, success on the Army Physical Fitness Test, a completion of the ROTC's Senior Division Advanced Course, community service, and graduation with a baccalaureate degree are considered for this honor. UCM's Distinguished Military ROTC Distinguished Graduates are:

2LT Quinton Michael Ansley
2LT Solomon James Bailey
2LT Brandon Butler
2LT Braden J. Cerra
2LT Connor M. Frank
2LT Daxton Gautreaux

2LT Kaitlyn Annmarie Hinds

UNIVERSITY OF CENTRAL MISSOURI ALMA MATER

Words by Mrs. Carole Grainger Gilbody, Music by Dr. William S. Stoney

UCM stands proud and noble,
Serving all who ask,
In the center of the nation
Joyful in her task;
Red and black her colors fly;
Faith and vision, dreams unite
Leading all who look for truth
To hold her honor bright,
Our beloved alma mater,
Hail to UCM.

UCM the chimes are calling,
Hear their joyful sound,
In our hearts their echoes falling,
While we gather 'round,
Striving on with purpose clear,
Loyal to the school we love,
Let us never falter
While your banner flies above,
Our beloved alma mater,
Hail to UCM.
