## CHARNO AWARDS

The Charno Award is presented annually to the top male and female citizens of the University of Central Missouri. The honor is named after George Charno, Sr., a Kansas City attorney who established the award in 1940 to recognize the two outstanding members of the senior class. Selection is based on a combination of criteria, which include: leadership, scholarship, character, involvement in campus organizations and extracurricular activities, service to the university, and involvement in one's academic department. Announced during the Spring 2022 semester, this year's recipients are Justin Cobb and Emma Cobb. This is the first time in history that the Charno honorees are husband and wife.

### **EMMA COBB**

Seeking a career that will impact the lives of young people, Emma Cobb is graduating from UCM summa cum laude with a Bachelor of Science in Early Childhood and Elementary Education. She is a former resident of St. Thomas, Missouri.

Emma's outstanding record of leadership and involvement at UCM includes serving as president for two years for two different organizations simultaneously, Ladies Inspiring Versatility and Kappa Delta Pi Honor Society. She has served as treasurer for the student chapter of the Missouri State Teachers Association and as the education block representative for Early Childhood Young Professionals, in addition to membership in Gamma Phi Beta, Students for Political Action, and MO Volunteers. Her desire to help others also led to her selection as a participant for the Global Vision Scholarship Service Trip.

Her UCM experience also has been enhanced through her involvement in activities that include intramural sports, participation in the Hearts Around Campus positivity campaign, Homecoming service activities, fundraising for the Campus Cupboard, assisting with the Warrensburg Main Street cleanup project, letter writing and pumpkin carving with the Warrensburg Veterans Home, and helping with the Pertle Springs Trail cleanup project.

### **JUSTIN COBB**

A student from Taos, Missouri, Justin Cobb will graduate this spring with a long list of accomplishments that have helped make him an inspiration to other students. He is carrying a double major in Political Science and International Studies, and double minors in Military Science and Global Security, while achieving a cumulative 4.0 grade point average.

During his tenure at UCM, Justin served on the Academic Review Board, was permanent representative for Model United Nations, and spent two years serving as the student coordinator for the American Democracy Project. His leadership positions include service as president for both the Student Government Association and Students for Political Action, in addition to serving as battalion commander for the Fighting Mules (ROTC) Battalion, and captain of the ROTC Ranger Challenge Team.

Justin also served as a UCM Global Ambassador, member of the Muleskinner Publication Board, chair of the Homecoming Pep Rally Committee for three years, in addition to membership on the Unity Week Committee.

The many activities in which Justin was involved at UCM include the Global Vision Scholarship Service trip, Veterans Day marches, Together We Stand rally, SGA University Issues Committee, Pertle Springs Trail cleanup, and coordinating the Mock Speakeasy and Living Library events for the American Democracy Project.

## 2022 BYLER DISTINGUISHED FACULTY AWARD

Named after William H. Byler, an inventor, author and teacher who graduated from UCM in 1927, the Byler Distinguished Faculty Award is the highest recognition bestowed upon university faculty members. Byler established an endowment fund to provide annual recognition for distinguished faculty performance, evidenced by teaching, scholarly, or creative activity, and professional service. This year's recipient is a member of the College of Arts, Humanities, and Social Sciences, Dr. Jack Rogers, professor of communication.

### **Dr. Jack Rogers**

Dr. Jack Rogers has developed a reputation for being an outstanding teacher and mentor, while also having a passion for speech and debate that is internationally known. His colleagues describe him as someone who has demonstrated mastery at both the undergraduate and graduate teaching levels, having taught courses in general education and in a variety of human communication sub-disciplines.

Dr. Rogers joined UCM in September 2000, and during the first decade of his service to the university he was the Director of Forensics, coaching and advising the Talking Mules speech and debate team until 2010. He resumed his work with the Talking Mules after chairing the former Department of Communication, 2010-2014, and has continued his involvement with the team since then.

Colleagues in the School of Communication, History and Interdisciplinary Studies commended Dr. Rogers for his dedication to the field of speech and debate, noting that he truly cares about students and their success at UCM. His commitment to students, coupled with a competitive spirit as a speech and debate coach, regularly contributes to his teams winning state and regional awards, and they often place at the national level against students at the most prestigious universities in the country. A testament to his positive influence as an educator, Dr. Rogers' students go on to excel in their professions, many of them at the highest level of their careers, having benefited from his passion for his work which greatly extends beyond the classroom.

During his tenure, Dr. Rogers provided leadership in the creation of the Montgomery Cup competition that provides both undergraduate and graduate students opportunities to learn about British debate and history. He annually takes students to the United Kingdom and Ireland to participate in this event, which is often a life-changing experience. For more than two decades, his students who participate in the Montgomery Cup get to compete on a world stage against the best teams from institutions such as the Universities of Oxford, Cambridge, St. Andrews, and Trinity College-Dublin, and they have a long history of success. They have won the Montgomery Cup 17 out of 22 times. Along with these tours, Dr. Rogers has had opportunities to serve as a lecturer discussing the educational value of debate before students and faculty in places such as the UK. Additionally, he has worked to build scholarships to assist these and other speech and debate students, regardless of their financial situation.

In addition to his successes abroad, Dr. Rogers' strong record of forensics coaching at UCM has included 11 Missouri Intercollegiate Forensics Association State Champions in Overall Sweepstakes, 13 State Debate Champions, and 10 Individual Events State Champions.

## GOVERNOR'S AWARD FOR EXCELLENCE IN EDUCATION

The Governor's Award for Excellence in Education is an annual recognition initiative established by the Missouri Coordinating Board for Higher Education. In recognizing honorees, the awards program considers criteria such as effective teaching, effective advising, innovative course design and delivery, service to the university community, commitment to high standards of excellence and success in nurturing student achievement. This year's award goes to a faculty member in the Harmon College of Business and Professional Studies, Dr. Scott Smith, professor of marketing.

### **Dr. Scott Smith**

Dr. Scott Smith has served the university nearly two decades and is an alumnus having earned a Master of Business Administration in Marketing in 2004. He completed his degree shortly after joining the faculty in the Harmon College of Business and Professional Studies in January 2003. He also studied at the University of Arkansas, Fayetteville, where he earned a Ph.D., and attended Missouri State University, where he was awarded a bachelor's degree in business administration.

Dr. Smith supports his students inside and outside the classroom. In addition to being an advisor to the UCM student chapter of the American Marketing Association (AMA), he works hard to provide hands-on experiences in his courses. Most of his classes provide service learning opportunities in which students complete a marketing project such as conducting market research, data collection and analysis for a local business. Through his Experiential Course Projects, students have engaged with more than 45 clients during his tenure at UCM.

Colleagues describe Dr. Smith as a gifted educator who strives to help each student achieve his or her full potential. They say he has a remarkable ability to take complex concepts and communicate with them in a way that students can understand. He also commits countless hours mentoring students to produce a quality final product for the clients they serve through their class projects.

Dr. Smith's mentorship has included serving students in the McNair Scholars program and being an advisor on a number of Honors and master's thesis projects. He gets involved with the annual national State Farm Marketing and Sales Competition, and plays an instrumental role in implementing the annual AMA Distinguished Marketing Executive Day. This event honors a high-level marketing professional who speaks and interacts with marketing students, and often includes UCM alumni and individuals who have worked with major corporations.

Innovative in his approach to education, Dr. Smith was the driving force behind the development of an advertising minor that incorporates both marketing and PR courses, and he worked closely with the Management Program to develop an Events Marketing and Management major. He is currently developing a digital lab so that students will be on the cutting edge of the digital revolution, and has teamed up with a colleague to develop a study abroad trip to Europe and a study abroad cruise to the Mediterranean as a way to provide students with a worldly perspective and positively impact their education.

The longtime UCM faculty member has a strong record of course creation at the undergraduate and graduate level, and has been involved in efforts that include redesigning the first year freshman experience, and serving as a panelist to share his expertise with groups such as the Center for Teaching and Learning, Admissions, and Career Services.

## THE PRESIDENTIAL MEDALLION

The University of Central Missouri's Presidential Medallion was introduced during the inauguration ceremony for UCM's 16th president Dr. Roger J. Best on April 18, 2019. Designed by staff in the Office of Integrated Marketing and Communications, the nickel silver, antique finish medallion features as the central focal piece a three-inch in diameter round medal that includes the university's academic logo with

the year of the institution's founding in 1871, and the motto "Education for Service." Other components include two 1.5-inch diameter university seals, and curved banners that are linked together and list the names of each university president who served the institution since its founding and their years of service. The medallion is to be worn at ceremonial functions including commencement ceremonies.

## THE UNIVERSITY MACE

The University Mace was designed and produced for the inauguration of Dr. Ed Elliott as president in 1985.

As a historical note, maces were first used during Roman times. The first mace was a weapon-like staff, composed of a group of reeds surrounding an axe. Mace bearers would walk in front of the person in authority. Maces were later used in England, again as symbols of authority in the court systems. The staff was carried by a judge or transported for him by a mace bearer. As the American court system developed from the English courts, the mace also became a symbol of authority in America.

The University of Central Missouri's mace is made of native walnut and bronze, and is topped with a somewhat stylized flame, which, like light, stands for truth and knowledge. Beneath the flame are inlaid disks of cardinal and black, the university colors. Continuing down the mace, a large sphere is decorated with carvings of major buildings on campus. Holding the ball are simple finger-like formations, which stand for service. The reeding, or half-columns, on the mace symbolizes tradition in education and togetherness – small parts working together to support the whole. Bronze books and mortarboards with tassels are symbols of academia and education, and bronze casts of Missouri represent UCM's home state and the citizens it serves. The handle of the mace is spiraled, which denotes growth and progression. The mace, completed with a hand-rubbed oil finish, weighs approximately 14 pounds.

The base for the staff is bronze and weighs close to 20 pounds. It is adorned with centennial medallions and Missouri mules in harness, denoting the reliable, workaday university mascot.

When not used for ceremonial purposes, the mace stands in its base in the Office of the President. The University Mace is carried at ceremonial functions by the university marshal, who precedes the university president in the processional. By tradition at the University of Central Missouri, the university marshal is the president of the Faculty Senate.

The construction of the mace was a team effort. Board of Regents member Edna Mae Whitsitt contacted Rich Monson of the Art Department for design assistance. Monson developed several designs, and a committee consisting of Ophelia Gilbert, Alice Gower, Monson, Norma Van Zee, and Whitsitt, selected the design to be used. Jack Landers, faculty member in the Department of Manufacturing and Construction, built the walnut core of the mace. Monson and Richard Allman, Art Department, cast and assembled the bronze pieces. Robert Tompkins, Department of Physical Education, carved the frieze, and Joseph Albrecht, Manufacturing and Construction, fashioned a bronze stem to join a base that was cast by Monson and George Sample, Art Department. Additional assistance was provided by art faculty members Jerry Miller, Harold Reynolds and Billi Rothove.

# ACADEMIC REGALIA

Academic regalia of robe and hood are believed to have had their beginnings at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carryover from the times when the monks, who operated the universities, wore them to protect their shaved heads in winter or to collect alms when worn as shoulder capes.

Use of the academic robe came to the United States in 1754 with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code of design and color for academic garb. It has undergone various revisions, the latest in 1960. Styling of robes varies for the bachelor's, master's, education specialist and doctoral degrees and the width of border and length of hood increase with the type of degree. The color of the velvet border of the hood indicates the field of study, while the lining designates

the colors of the institution granting the degree. The gown for the bachelor's degree has pointed sleeves and is worn closed. The gown for the master's degree and the education specialist degree has an oblong sleeve, open at the wrist with the rear part of its oblong shape square cut and the front part with an arc cutaway. It may be worn open or closed.

The doctoral gown is faced with black velvet and has three bars across the bell-shaped sleeves. These facings and crossbars may be of colored velvet to represent the degree, and agree in color with the binding or edging of the hood. The tassel for the cap may be of gold thread.

## SPRING 2022 UNDERGRADUATE ACADEMIC HONORS

One of the most cherished goals an undergraduate student can attain while completing the baccalaureate degree is to graduate with academic honors. To be eligible for graduation with honors a student must have earned a cumulative grade point average of 3.50 and must have completed a minimum of 30 semester hours of credit at the University of Central Missouri with a grade average of 3.50. Those with a grade point average of 3.50 to 3.74 graduate Cum Laude; 3.75 to 3.84, Magna Cum Laude; and 3.85 and above Summa Cum Laude, based on whichever GPA is lower, their cumulative GPA or their GPA at UCM.

## THE HONORS COLLEGE

Students in The Honors College engage in high-impact learning in a collegial environment that adds significant value to their academic and social experience at UCM. Specifically, Honors College students pursue a rigorous course of study that includes small-sized, honors-only general education courses and interdisciplinary colloquia, as well as a minimum of two semesters of a foreign language. All Honors College students are also required to collaborate closely with a faculty mentor on a capstone undergraduate research or creative project in their respective areas of academic expertise. The second oldest program of its kind west of the Mississippi, UCM's Honors College program began in 1958 with just 12 students. Today's graduates of The Honors College thus become part of a long tradition of education for excellence and service at the University of Central Missouri. The Honors College graduates are:

Joshua David Boster  
Colby Chance Crowder  
Anna Marie Furney  
Isabella Marie Hadden  
Devin T. Johnson  
Colin Alexander Levins

Sarah Elizabeth Lindsey  
Miranda Lynn Lockey  
Cate Maynard  
Claire Elizabeth Myers  
Gretchen Rose Perlinger

## THRIVE CERTIFICATE PROGRAM

THRIVE is an innovative, two-year certificate program designed to assist college-age students with intellectual and developmental disabilities to become independent, self-sufficient members of their community. The THRIVE acronym represents the six threads of the self-determination program: Transformation, Health, Responsibility, Independence, Vocation, and Education. The students receiving their certificates during the May 2022 commencement exercises are the 11th class to successfully complete the program at UCM. These students are:

Shahd Abdelgalil  
Anthony Babatunde Akitunde  
Benjamin Avery  
Marlon Treyjon Hughes

Luke Matthew Kornfeind  
Michael D. Land  
Avery LeAnn McCubbin  
Blair Nicole Miller

Alexandra Kate O'Neil  
Skylar Marie Parrish  
Austin Lane Shaumeyer

## RECOGNITION OF ARMY ROTC DISTINGUISHED MILITARY GRADUATES

Recognition as an ROTC Distinguished Military Graduate is an honor given only to those cadets named among the top 20 percent of individuals on the U.S. Army Cadet Command's National Order of Merit List. The command, located at Fort Knox, Kentucky, is the only authorized entity to select these commissioned officers. This achievement is also the only accomplishment that carries over for a commissioned officer into his/her professional military record and is an indicator of academic achievement to future promotions boards. The cadet's cumulative GPA, success on the Army Physical Fitness Test, a completion of the ROTC's Senior Division Advanced Course, community service, and graduation with a baccalaureate degree are considered for this honor. UCM's Distinguished Military Graduates are:

2LT Justin Cobb  
2LT Maximilian N. Mays

2LT Jared Thornbrugh  
2LT Trevor Vanpool

2LT Whitney Wagner

## UNIVERSITY OF CENTRAL MISSOURI ALMA MATER

Words by Mrs. Carole Grainger Gilbody, Music by Dr. William S. Stoney

UCM stands proud and noble,  
Serving all who ask,  
In the center of the nation  
Joyful in her task;  
Red and black her colors fly;  
Faith and vision, dreams unite  
Leading all who look for truth  
To hold her honor bright,  
Our beloved alma mater,  
Hail to UCM.

UCM the chimes are calling,  
Hear their joyful sound,  
In our hearts their echoes falling,  
While we gather 'round,  
Striving on with purpose clear,  
Loyal to the school we love,  
Let us never falter  
While your banner flies above,  
Our beloved alma mater,  
Hail to UCM.
