CHARNO AWARDS

The Charno Award is presented annually to the top two citizens of the University of Central Missouri. The honor is named after George Charno Sr., a Kansas City attorney who established the award in 1940 to recognize the two outstanding members of the senior class. Selection is based on a combination of criteria, which include leadership, scholarship, character, involvement in campus organizations and extracurricular activities, service to the university, and involvement in one's academic department.

Announced during the Spring 2026 semester, this year's recipients are Piper Foreman, of Harrisonville, Missouri, and Hadley Oden, of Hermann, Missouri.

Piper Foreman

Piper Foreman, a Psychology major who graduated in December 2025, is an accomplished student and leader who served the University of Central Missouri in a variety of ways.

She has been active in many organizations, such as the Muslim Student Association and MO Volunteers. Foreman served in numerous leadership roles, including Psychology Club Historian, Vice President of Psi Chi, Phi Kappa Phi Student Vice President, and President of the Honors College Student Association. She also served in multiple student worker positions on campus.

She has been an active member of the Department of Psychological Science, especially through her work in the NeuroCALL lab, which utilizes physiological measures such as EEG, EKG, and Electrodermal Activity (EDA) to better understand human cognition. She worked as a research assistant in the lab from its founding in 2023 until graduation. Additionally, Foreman was part of the McNair Scholars program at UCM, where she gained the tools and support to pursue graduate school.

Throughout her time at UCM, Foreman conducted research through The Honors College, the McNair Scholars program, and her department, presented at conferences, and even had the opportunity to gain teaching experience.

Remarkably, she accomplished all of this while achieving a perfect 4.0 cumulative and departmental GPA.

Hadley Oden

Hadley Oden, a Criminal Justice and Criminology major who graduated in December 2025, has been an extraordinary example of leadership and service at the University of Central Missouri.

Oden wanted to create a home at UCM, and she did so through service and involvement in committees and leadership roles.

In addition to being an active member of the Department of Criminal Justice and Criminology, she was a member of numerous campus organizations, including The Honors College, Speech and Debate Team, UCM Law Journal, Pre-Law Student Association, and the Mule Team, among others. She has served as an Admissions Ambassador and Chairwoman of the Sustainability Committee for the Student Government Association. She also served as the student governor on the university's Board of Governors for two and a half years.

During her four years on the UCM Mock Trial team, including three as captain, Oden earned several team recognitions and seven Outstanding Attorney Awards, becoming one of the best Mock Trial attorneys in the region.

She also completed an internship with a Warrensburg law firm, earned numerous scholarships and awards, and traveled to Peru for two weeks with the Global Vision program.

While balancing all these responsibilities, she maintained an exemplary GPA.

BYLER DISTINGUISHED FACULTY AWARD

Named after William H. Byler, an inventor, author and teacher who graduated from UCM in 1927, the Byler Distinguished Faculty Award is the highest recognition bestowed upon university faculty members. Byler established an endowment fund to provide annual recognition for distinguished faculty performance, evidenced by teaching, scholarly or creative activity, and professional service. This year's recipient is Dr. Joyce Chang, professor of Human Development and Family Science.

Dr. Joyce Chang

Colleagues at UCM said Joyce Chang, Ph.D., exemplifies excellence in teaching, scholarship, and service. Chang has served on the UCM faculty since 1997, earning her full professor rank in 2006. She is currently a professor of Human Development and Family Science (HDFS).

Chang knows that every student is different and that learning styles vary, so she has expanded her knowledge and skills to make her classes more inclusive and accessible. She incorporates creative and fun class activities to promote critical thinking, enhance the application of theory, recognize value differences, and encourage interpersonal communication and collaboration.

Under her guidance, students created the Consent Cow Project and organized activities to promote awareness of consent and healthy relationships. Since its inception, the project has reached about 200 people in person and 3,000 via social media each semester. Students have called the project one of their most memorable activities.

As an early adopter of innovations in teaching and technology, she was among the first in her department to offer online courses and use simulators. The Office of Digital Learning and Instructional Innovation (DLII) has become a valued partner for Chang, as they work together to create virtual reality activities to supplement learning.

Within her department, she has advanced process improvements and established the foundation for a comprehensive program assessment plan, which contributed to successful certification and accreditation. Chang was also among the founding members who supported the creation of the HDFS graduate degree.

Along with professional recognitions, Chang has received numerous awards while at UCM, including the Outstanding Academic Advisor Award, the Excellence in Teaching and Excellence in Research awards from the College of Education, and two Harmon PIECES awards from the Harmon College of Business and Professional Studies.

Chang pursues her own scholarly activities, including reviewing manuscripts, conference proposals, and research grants, as well as guiding students' research and thesis projects. Her work has been published in numerous publications, and she has presented at state and national conferences.

As a model of "Education for Service," Chang has served on numerous UCM committees and in leadership positions. Her leadership service includes president of the College Faculty Assembly, co-chair of the Integrity Chapter, vice president of University Women, and president of Phi Beta Delta International Scholars' Society. She is currently the Harmon College of Business and Professional Studies liaison to DLII and a member of the Artificial Intelligence Committee. She has also made significant contributions to the National Council on Family Relations and served in several leadership roles.

Colleagues who wrote in support of Chang's nomination said she laid the foundation for the HDFS program's growth into the successful program that it is today. Program faculty see Chang as an innovator and faculty role model who has demonstrated the highest level of commitment to UCM, students, and her field.

Through mentorship of junior faculty and support for colleagues across departments, she has strengthened UCM's academic community, contributing to a culture of collaboration and excellence.

A former student said Chang is one of the most engaging professors they'd ever had, noting that she continuously provided opportunities for active learning, fun and informative activities, and invited students to experience new types of learning.

THE PRESIDENTIAL MEDALLION

The University of Central Missouri's Presidential Medallion was introduced during the inauguration ceremony for UCM's 16th president Dr. Roger J. Best on April 18, 2019. Designed by staff in the Office of Integrated Marketing and Communications, the nickel silver, antique finish medallion features as the central focal piece a three-inch in diameter round medal that includes the university's academic logo with

the year of the institution's founding in 1871, and the motto "Education for Service." Other components include two 1.5-inch diameter university seals, and curved banners that are linked together and list the names of each university president who served the institution since its founding and their years of service. The medallion is to be worn at ceremonial functions including commencement ceremonies.

THE UNIVERSITY MACE

The University Mace was designed and produced for the inauguration of Dr. Ed Elliott as president in 1985.

As a historical note, maces were first used during Roman times. The first mace was a weapon-like staff, composed of a group of reeds surrounding an axe. Mace bearers would walk in front of the person in authority. Maces were later used in England, again as symbols of authority in the court systems. The staff was carried by a judge or transported for him by a mace bearer. As the American court system developed from the English courts, the mace also became a symbol of authority in America.

The University of Central Missouri's mace is made of native walnut and bronze, and is topped with a somewhat stylized flame, which, like light, stands for truth and knowledge. Beneath the flame are inlaid disks of cardinal and black, the university colors. Continuing down the mace, a large sphere is decorated with carvings of major buildings on campus. Holding the ball are simple finger-like formations, which stand for service. The reeding, or half-columns, on the mace symbolizes tradition in education and togetherness – small parts working together to support the whole. Bronze books and mortarboards with tassels are symbols of academia and education, and bronze casts of Missouri represent UCM's home state and the citizens it serves. The handle of the mace is spiraled, which denotes growth and progression. The mace, completed with a hand-rubbed oil finish, weighs approximately 14 pounds.

The base for the staff is bronze and weighs close to 20 pounds. It is adorned with centennial medallions and Missouri mules in harness, denoting the reliable, workaday university mascot.

When not used for ceremonial purposes, the mace stands in its base in the Office of the President. The University Mace is carried at ceremonial functions by the university marshal, who precedes the university president in the processional. By tradition at the University of Central Missouri, the university marshal is the president of the Faculty Senate.

The construction of the mace was a team effort. Board of Regents member Edna Mae Whitsitt contacted Rich Monson of the Art Department for design assistance. Monson developed several designs, and a committee consisting of Ophelia Gilbert, Alice Gower, Monson, Norma Van Zee, and Whitsitt, selected the design to be used. Jack Landers, faculty member in the Department of Manufacturing and Construction, built the walnut core of the mace. Monson and Richard Allman, Art Department, cast and assembled the bronze pieces. Robert Tompkins, Department of Physical Education, carved the frieze, and Joseph Albrecht, Manufacturing and Construction, fashioned a bronze stem to join a base that was cast by Monson and George Sample, Art Department. Additional assistance was provided by art faculty members Jerry Miller, Harold Reynolds and Billi Rothove.

ACADEMIC REGALIA

Academic regalia of robe and hood are believed to have had their beginnings at the English universities of Oxford and Cambridge during the 12th and 13th centuries. The hoods are a carryover from the times when the monks, who operated the universities, wore them to protect their shaved heads in winter or to collect alms when worn as shoulder capes.

Use of the academic robe came to the United States in 1754 with the founding of what is now Columbia University. In 1895, a commission of university officials adopted a universal code of design and color for academic garb. It has undergone various revisions, the latest in 1960. Styling of robes varies for the bachelor's, master's, education specialist and doctoral degrees and the width of border and length of hood increase with the type of degree. The color of the velvet border of the hood indicates the field of study, while the lining designates

the colors of the institution granting the degree. The gown for the bachelor's degree has pointed sleeves and is worn closed. The gown for the master's degree and the education specialist degree has an oblong sleeve, open at the wrist with the rear part of its oblong shape square cut and the front part with an arc cutaway. It may be worn open or closed.

The doctoral gown is faced with black velvet and has three bars across the bell-shaped sleeves. These facings and crossbars may be of colored velvet to represent the degree, and agree in color with the binding or edging of the hood. The tassel for the cap may be of gold thread.

The colors of representative fields are:

Arts, Letters, and Humanities	White
Commerce and Business Administration	Drab
Music	Pink
Education	Light Blue
Fine Arts	Brown
Law	Purple
Nursing	Apricot
Philosophy	Dark Blue
Physical Education	Sage Green
Science	Yellow

SPRING 2026 UNDERGRADUATE ACADEMIC HONORS

One of the most cherished goals an undergraduate student can attain while completing the baccalaureate degree is to graduate with academic honors. To be eligible for graduation with honors a student must have earned a cumulative grade point average of 3.50 and must have completed a minimum of 30 semester hours of credit at the University of Central Missouri with a grade average of 3.50. Those with a grade point averages of 3.50 to 3.74 graduate Cum Laude; 3.75 to 3.84, Magna Cum Laude; and 3.85 and above Summa Cum Laude, based on whichever GPA is lower, their cumulative GPA or their GPA at UCM.

HONORS COLLEGE GRADUATES

Established in 1958 with just 12 students, The Honors College at the University of Central Missouri is the second-oldest program of its kind west of the Mississippi. Since its founding, it has cultivated a tradition of academic excellence, intellectual curiosity, and service.

Honors students engage in a rigorous, interdisciplinary curriculum that includes small honors-only courses, dynamic colloquia, and a faculty-mentored capstone research or creative project that represents the culmination of their studies at UCM.

Graduates of The Honors College have maintained a minimum 3.25 GPA and completed enriched academic work that is measurably broader, deeper, and more complex than typical undergraduate pathways. These high-impact learning experiences reflect national honors standards and UCM's commitment to its core values and enduring motto: Education for Service.

They now join a distinguished community of scholars who continue to redefine what's possible.

The Honors College graduates are:

Ainsley Jane Aford
Mackenzie Anne Bennett
Gillia Riley Berman

THRIVE CERTIFICATE PROGRAM

THRIVE is an innovative, two-year certificate program designed to assist college-age students with intellectual and developmental disabilities to become independent, self-sufficient members of their community. The THRIVE acronym represents the six threads of the self-determination program: Transformation, Health, Responsibility, Independence, Vocation, and Education.

The students receiving their certificates during the Spring 2026 commencement exercises are the 15th class to successfully complete the program at UCM. These students are:

Mallory Bray	Isabella Lucilla Hubbs	Trace Pennington	Allison Emily Wolff
Aleksei Michael Frohna	Tanyan Krede Kitchen	Tyler Evan Pratt	
Ira L. Hays	Samuel Wallace Laws	Larissa Nicole Schrag	
Rachel Grace Hobbs	Julianne Grace Myers	Calvin Wager	

RECOGNITION OF ARMY ROTC DISTINGUISHED MILITARY GRADUATES

Recognition as an ROTC Distinguished Military Graduate is an honor given only to those cadets named among the top 20 percent of individuals on the U.S. Army Cadet Command's National Order of Merit List. The command, located at Fort Knox, Kentucky, is the only authorized entity to select these commissioned officers. This achievement is also the only accomplishment that carries over for a commissioned officer into his/her professional military record and is an indicator of academic achievement to future promotions boards.

The cadet's cumulative GPA, success on the Army Physical Fitness Test, completion of ROTC's Senior Division Advanced Course, community service, and graduation with a baccalaureate degree are considered for this honor.

UCM's ROTC Distinguished Military Graduate:

2nd Lt. Caleb Stovall

UNIVERSITY OF CENTRAL MISSOURI ALMA MATER

Words by Mrs. Carole Grainger Gilbody, Music by Dr. William S. Stoney

UCM stands proud and noble,
Serving all who ask,
In the center of the nation
Joyful in her task;
Red and black her colors fly;
Faith and vision, dreams unite
Leading all who look for truth
To hold her honor bright,
Our beloved alma mater,
Hail to UCM.

UCM the chimes are calling,
Hear their joyful sound,
In our hearts their echoes falling,
While we gather 'round,
Striving on with purpose clear,
Loyal to the school we love,
Let us never falter
While your banner flies above,
Our beloved alma mater,
Hail to UCM.
