ROOMMATES & SUITEMATES

Establishing Great Relationships

Part of the on campus experience is having a roommate and/or suitemate. Creating relationships is vital as you start your UCM Journey. Find your roommate/ suitemate's information by logging onto the Housing Assignment Gateway in MyCentral under Student Records and Registration.

Your relationship with your roommate/suitemates is very important to your success at UCM. Students at UCM agree that getting in touch before you arrive takes pressure off the first day. You are encouraged to contact your suitemate to begin laying the groundwork.

Find out what TV shows, types of music, or activities your suitemate likes. Discuss class schedules, morning routines, and cleaning of the bathrooms! Remember, we are all unique and different in our backgrounds, values, and attitudes.

All students will get a resource sheet on recommended bathroom cleaning.

Roommate agreements are required and we also have suitemate agreements as a resource.

APPROVED FOR EARLY MOVE-IN?

Because of security & logistical reasons, you will not have access to your room until you check in during the designated times.

Some groups will have a coordinated early arrival (staff, pre-season athletics, etc.); those students will be contacted by the group coordinator regarding check in times.

MOVE-IN DAY: REQUIRED SIGN UP

As you plan for move-in, please know we will not be restricting guest numbers this year, however, we do require that only the student enter at first to obtain their key. Once their key is picked up, all guests may enter and assist. We appreciate the cooperation as we keep our lobbies/curbsides less congested. Students will be emailed their link to sign up for a check-in time. This will be sent out in mid/late July.

YOUR CAMPUS. YOUR HOME.

WIFI, ETHERNET & STREAMING

UCM no longer provides cable within the residence halls or apartments. However, the Office of Technology has created a process for students to register various devices if students wish to stream their favorite shows, movies, or play their favorite video games.

Rooms and commons areas have wifi and within rooms you will find an ethernet port. If you and your roommate both plan to use ethernet for any reason, a splitter would be required.

Please note that personal routers are not allowed on campus as they interfere with the university's network. Helpful information regarding getting the most out of your WiFi signal can be found on the Technology Support Center page.

Register devices at student.devices.ucmo.edu

Students are allowed to register 3 devices. Devices that can connect wireless include various game systems, smart TVs, streaming devices (such as Roku, Firestick, etc).

ITEMS TO LEAVE AT HOME

A Community That is Safety Conscious

When students live in close proximity, poor decisions or careless choices can significantly impact on the safety of others. For this reason, we are very restrictive with personal items that could pose a risk to others or that pose even a small risk of fire. This includes prohibited items including:

- Scented wax cube warmers
- Candles/Incense (no burnt wicks allowed)
- Hoverboards/Electric scooters
- Halogen lamps/lava lamps
- Weapons (as defined in Guide to Good Decision Making)
- Outdoor grills
- Hot plates
- Toaster ovens
- Space Heaters

Appliances allowed for use in student rooms:

Coffee Makers
Microwaves

Other appliances must be used in community kitchen and must NEVER be left unattended
