Review the Information for Registration for Housing Accommodations

The screenshot shows a web browser window with the URL <https://ucmo.edu/housing>. The page is titled "Registration for Housing Accommodations" and is part of a multi-step process. A sidebar on the left lists the steps: Home Page, Registration for Housing Accommodations (current step), Personal Details, New/Incoming Students, Special Community Preferences, Building and Room Preferences, Roommate Matching, Questionnaire, Housing Contract, Confirm and Submit - Full Academic Year Agreement, First Year Roommate Selection, and Application Summary. The main content area includes the following text:

Registration for Housing Accommodations

The University of Central Missouri provides reasonable housing accommodations to individuals with a disability who are registered with the Office of Accessibility Services.

If you are seeking a Housing Accommodation based on a disability, you must register with the Office of Accessibility Services by emailing accessibility@ucmo.edu.

To register with the Office of Accessibility Services, you must have a documented disability. You may be required to provide medical documentation.

Please note, OAS does not provide exemptions to the Residential Housing requirement except in rare cases where accommodations cannot be provided or evidence shows that no campus housing options exist that would enable a student to effectively manage their disability.

UCM can provide on-campus housing that meets most accessibility needs. All other housing accommodations will be considered before an exemption is considered. Furthermore, OAS does not determine an accommodation based merely on preference. OAS determines the reasonable accommodation. Requests for exemption due to allergies, asthma, or anxiety are generally not approved. OAS is the final decision maker regarding reasonable housing accommodations.

Students who do not have a disability and are seeking an exemption from the Residential Requirement should not use the OAS form. Please refer to the [University Housing Exemption and Waiver](#) for more information.

Students must complete their Housing Application to be considered for Housing Accommodations. Please continue to complete your Housing application. If it is determined the student requires reasonable accommodations, OAS and Housing will ensure those accommodations are provided.

☐ Do you require a wheelchair accessible room/accessable bathroom? - Please check for yes.
