GALLERY 115

Gallery 115 is a project space gallery located in the Art Center of the UCM Department of Art & Design. Emphasizing curated exhibitions from students and invited artists, the gallery supports a space in which experimental, innovative, and multi-dimensional artwork can be exhibited. The mission of Gallery 115 is to engage audiences visually, intellectually and emotionally, while working to provide new ways of looking at or thinking about human experience and the interaction between artist and viewer. Works are displayed for 2 - 4 week intervals.

ABOUT UCM AND THE GALLERY OF ART & DESIGN

UCM Gallery of Art & Design Mission: We are an educational vehicle and public relations arm of the Department of Art & Design, that supports the academic mission of the university and college by offering exhibitions of works of art and design, multidisciplinary learning experiences and outreach to the community. We challenge audiences by expanding their exposure to contemporary art products and ideas. We challenge their visual literacy, and their intellectual comprehension or perception of what art can be, and what it can mean to them. We strive to build access to the ideas informing the art, and the human experiences behind it through exhibitions, gallery talks and workshops.

University Mission: The University of Central Missouri transforms students into exceptional lifelong learners equipped with the knowledge, skills and attitudes necessary for success. UCM focuses on student learning; delivers quality educational programs; undertakes research, scholarships, and creative activities; and advances a progressive future for the state of Missouri through outreach and service.
