OCTOBER 2020 NEWS AND EVENTS

UCM President Roger Best & Lyrissa Lidsky, dean and Earl F. Nelson Professor of Law at the University of Missouri School of Law, sign the Three-Three J.D. (Juris Doctorate) Program Memorandum of Understanding.

MU Agreement Creates Faster Pathway to Law Degree at Less Cost

Students pursuing a career in law now have a pathway to help expedite their career goal thanks to a cooperative agreement between the University of Central Missouri and the University of Missouri School of Law.

A Memorandum of Understanding (MOU) establishing this new opportunity for students was signed during a ceremony on September 24 in the Elliott Student Union auditorium. It makes possible a nonexclusive partnership between MU's law school and UCM to jointly offer the Three-Three J.D. (Juris Doctorate) Program. It enables high-caliber, highly motivated students to enter the three-year MU law school program after completing their junior year at UCM, thereby reducing their academic journey to becoming a lawyer by one year. After completing first year law courses, students utilizing this pathway will then have their UCM degree conferred.

Harmon College Professional Edge Program

The Harmon College of Business and Professional Studies has officially launched the Professional Edge program.

The Professional Edge program was created to help students fill the gap between college and career. In this program, students will gain skills through hands-on experiences that will set them up for success in the professional world. By combining curricular and co-curricular engaged learning experiences, students will graduate better prepared for the workforce and have a competitive edge against the competition.

An overview of the program along with a Q&A Session occurred on Tuesday, September 15. Those with a Harmon College major, undecided majors, faculty members, and anyone else who works with these students were welcome to attend.

UCM President Roger Best provided the welcome to Patriot Day, which included participation from the UCM Army ROTC color guard.

2020 Patriot Day Ceremony Recalls the Tragic Events of 9/11 That Forever Changed Lives

While terrorist acts that occurred September 11, 2001 on American soil still live vividly in the minds of many United States citizens, whose lives were forever altered on that date, a younger generation that includes college students may one day look at 2020 as a year that changed their lives. That message was part of a speech by **Army Lt. Col. (Ret.) Gareth Young**, who presented the Patriot Day remarks in Hendricks Hall.

Young, who is also an adjunct professor in Military Science and Leadership, spoke at an event that was initially planned for the university quadrangle, but was moved indoors due to inclement weather. The university Office of Military and Veterans Services coordinated the annual Patriot Day ceremony, which included the UCM ROTC color guard, participation by members of the UCM Department of Public Safety, and the Warrensburg Fire Department. Other local emergency responders and active duty military and veterans also attended and were recognized at the closing of the program.

RISE Proposals

The events management students are developing proposals for the event that they will plan and execute for RISE Community Services. In class on September 16, the students pitched six different event ideas to the Event Coordinator and Communications intern from RISE. From among the six ideas, RISE chose two events that they would like to see further developed: a virtual talent show and a virtual paint-a-long/mural creation event.

The events management students will continue to refine the details of both events throughout the course of the semester. They delivered the final event proposals on September 18. At the conclusion of the final events proposal presentations, RISE will choose which event will be executed by the Advanced Events Management students in the Spring.

CMPA Graduation Ceremony

The Central Missouri Police Academy held the graduation ceremony of Class 1 (part-time) on September 18. The graduating class presented **Director Tim Lowry** a plaque for the dedication and contributions of the CMPA instructors.
