Terms of Meal (Board) Agreement

- A. Eligibility: The applicant must be a currently enrolled student. First-year students are required to be on one of the three designated meal plans for the entire academic year. Sophomore residents must be on one of the five specified meal plans.
- B. Term of agreement: This agreement is for the *entire academic year*, both fall and spring semesters. The residential dining centers are closed during semester breaks and holidays. There will also be limited service hours in the Union during semester breaks and holidays. Any semester add-ons will be added to and billed with your semester plan. Students who wish to change their meal plan can do so by August 18, 2017 for the fall semester or by January 12, 2018 for the spring semester. Meal plan changes can be made in the Office of University Housing, Ellis Complex or on MyCentral account.
- C. Rates: The cost listed is a per semester price. Students will be automatically billed at the beginning of each semester. Purchases made after August 18 for the fall semester and January 12 for the spring semester must be paid for at the time of the purchase.
- D. Spending account money and meals: Unused spending dollars can be carried from semester to semester as long as the student is continuously enrolled in the university. There is no refund of funds in the dining services account. Meals purchased for a particular semester can only be used during that particular semester. Remaining meals do not carry forward and are nonrefundable.
- E. Access Plan restrictions: The Access Plan is for the use of the plan holder only. Access to the dining hall is **not** transferable under any circumstance.
- F. You must present your UCM OneCard each time you enter the dining room or access your spending account. **No exceptions.**
- G. Withdrawal from the university: If the student leaves the university during the term of this agreement, the student agrees to pay for all meals served and spending dollars used to the time of checking out of the halls or the daily rate, whichever is greater, plus 10% of the student's remaining meal plan and add-on value for the semester in which the withdrawal occurs.
- H. Cancellation by student remaining at the university:
- Students who are required to reside on campus are not able to cancel their meal plan agreement unless they cancel their housing agreement according to the terms in the housing agreement.
 - Students who are not required to have a meal plan may cancel this agreement in writing for the spring semester by December 8, 2017 with no penalty. Cancellations will not be allowed after this date.
 - Students who cancel their housing according to the terms of the housing agreement may also cancel their meal plan if they agree to pay for meals served up to the cancellation date, or the daily rate, whichever is greater, plus 10% of the student's food service rate for the remainder of the academic year.
- I. Termination for violation of university regulations: The student hereby consents and agrees to the right of the university to terminate this agreement for breach of university policies and regulations concerning behavior while in residence halls after the student exercises his/her right to due process contained in the current edition of the *University of Central Missouri Planner/Handbook*. In the event of termination of this agreement by the university as a result of the student violating such regulations, the student will be liable to pay for all meals served and spending dollars used to the time of checking out of the halls or the daily rate, whichever is greater, plus 10% of the student's remaining meal plan and add-on value for the semester in which the withdrawal occurs.
- J. Inactive agreements: Meal plans which are inactive in excess of twelve months will be deactivated and cancelled.

Meal Plan Options

Plan 1: Access Plan – This meal plan allows unlimited access to eat in the Ellis and Fitzgerald Dining Centers and Westside Market as many times a day as the student wishes. Students on this meal plan may not use the plan to eat at the Food Courte in Elliott Union, late night at Fitzgerald, nor can they use their plan to provide meals to anyone else.

Plans 2-5 – These plans allow the student to have a total number of meals (180, 150, etc.) to eat for the entire semester in the resident dining halls, Ellis, Fitzgerald (excluding late night) and Westside Market. Each time a student enters the dining center a meal is deducted from their total. The meals do not roll over from semester to semester so students need to plan to eat all of their meals.

The dining dollars (\$65, \$150, etc.) allowed with these meal plans may be used in either dining hall, as well as in the retail operations located in the Elliott Union (Chick-Fil-A, Jazzman's Cafe, Taco Bell, etc.), The Crossing (Starbucks and Spin Pizza but not the convenience store), and Traditions. The spending dollars do roll over from semester to semester so whatever you have left at the end of one semester will be there the next semester.
