

Important announcement regarding changes to the online will

Notice to employees:

New Directions has recently made some updates and enhancements to the Legal Resource Center as a part of your EAP online resources. Through your EAP benefit, you now have access to:

- A new library with personal and business legal document templates
- Fillable forms that make document creation easier and faster
- A more user-friendly format
- State-specific forms for all 50 states

To access the legal resources available to all EAP members, log into [www.ndbh.com](http://www.ndbh.com) with your company-specific password. Then click on the "Online Will Preparation" button at the top right of the page. This will direct you to the new Legal Resource Center. Employees who have previously used the online will preparation tool will need to establish a new user name and password.

Due to updates and enhancements to the Legal Resource Center that is a part of our Employee Assistance Program, effective July 1, 2013, registered users will no longer have online access to wills created prior to May 28, 2013.

If you have started to create a will but have not yet completed it, you should finish it prior to July 1. After that date, you will no longer be able to access that document.

To access the online will maker available to all EAP members, log into [www.ndbh.com](http://www.ndbh.com) with your company-specific password. Then click on the "Online Will Preparation" button at the top right of the page.

If you have previously created and stored a legal document, you can access it by following the on-screen directions.

Please Note: Editing access to stored documents will be discontinued 7/01/2013.
