

MTDS

Missouri Teacher Development System

A framework of competency-based learning for teachers at all career levels

MTDS is designed to meet learning needs of teachers across the career span, allowing teachers to continuously increase teaching capacity through growth and development opportunities. MTDS is currently enrolling in these programming levels:

Beginning Teacher Assistance Program

- networking with other new teachers and educational consultants
- just-in-time learning (critical firsts)
- awareness of the phases of a new teacher
- relationship-building skills
- access to on-demand learning
- competency-based programming

MTDS Teacher Academy

- a statewide event with expert, John Antonetti
- John's book: *17,000 Classroom Visits Can't Be Wrong*
- consultant support
- networking with other teachers
- competency-based programming

Mastering: Foundations of Coaching and Mentoring

- coaching, observation, and feedback training and support
- consultant support
- regional networking with other mentor teachers
- opportunities to apply newly acquired skills with beginning teachers
- competency-based programming
- access to experts- statewide event with Mike Rutherford

Purposeful Lesson Planning

- access to experts, including a statewide event with Mike Rutherford
- Mike's book: *The Artisan Teacher*
- access to on-demand learning
- consultant support
- networking with other teachers
- competency-based programming
- acquire research based strategies to improve instruction

Developing Stories Through Powerful Task Design

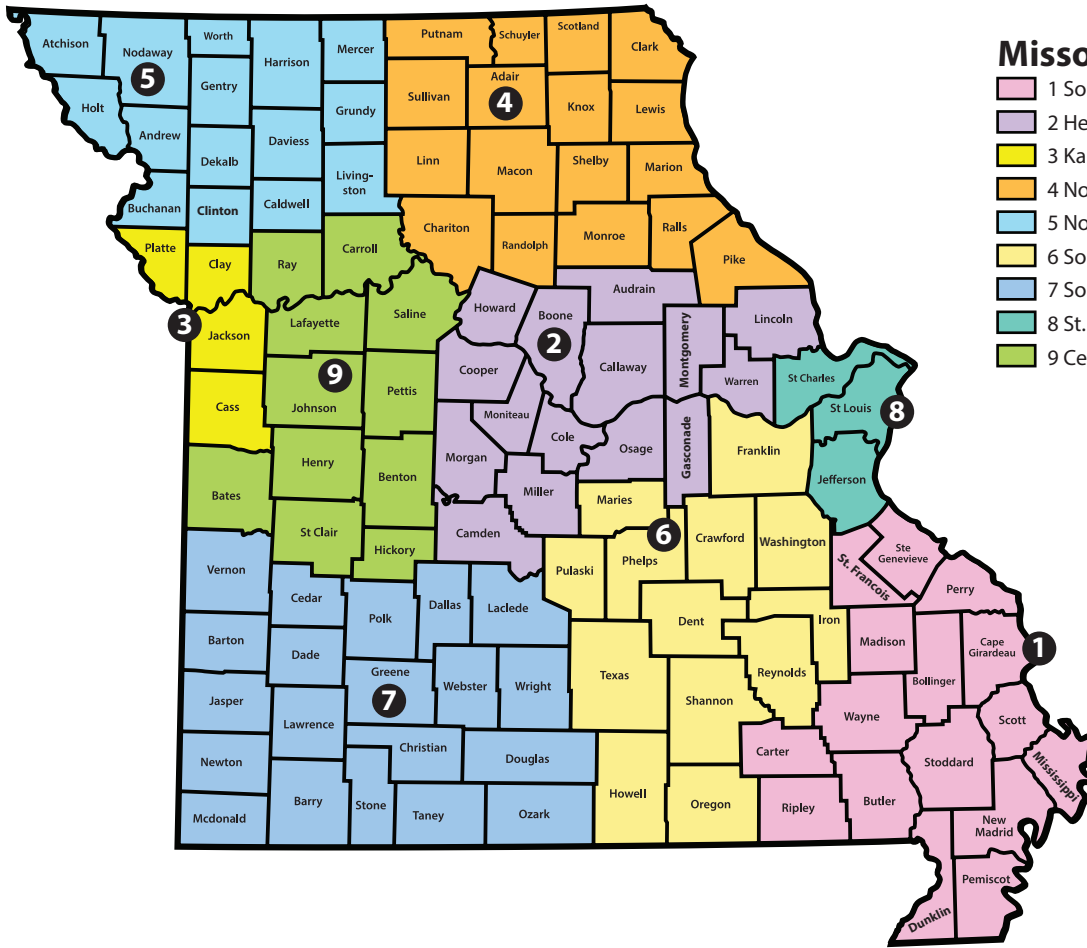

- statewide event with expert, John Antonetti
- John's book: *Powerful Task Design*
- consultant support
- networking with other teachers
- competency-based programming
- collaboration on impactful instructional design

Grow Your Own (GYO) Network

- connect with other leaders who work with the next generation of educators
- hear relevant guest speakers
- learn about resources and opportunities that support your program
- share the fantastic happenings of your group of future teachers
