**Re:** Tuition Scholarship and Stipend for Graduate Assistants 2021-2022

The University provides a scholarship to graduate assistants (GA) for tuition, non-residence fees (if applicable), and mandatory fees. The maximum amounts (shown below) are based on the size of assistantship you hold. The scholarship is in the form of a waiver and funds are not deposited in your personal account. The scholarships are a set dollar amount, not based upon credit hours of enrollment. Your bill will be reduced by the amount of the scholarship awarded up to the maximum amount. If you do not use the maximum amount the excess is not paid to you in cash. The scholarship amounts shown below are per semester and only apply to courses taken for graduate credit. Graduate assistants may not carry-over unused scholarship amounts to future semesters. The non-resident fee scholarship only applies to classes taken on the UCM Warrensburg campus. Students should consult the per credit hour tuition rates to determine how many credit hours of enrollment are covered by the provided scholarship each semester. Credit hour tuition rates vary based upon location or mode of delivery of the class (online, on campus, Lee's Summit, etc.). Please contact the GER Office if you have questions.

The stipend is paid via direct deposit and is deposited into a banking account on the 15th and the last working day of the month. If the 15th of the month is a weekend or holiday, you will be paid on the first non-holiday weekday before the 15th. The electronic paystub can be found in your MyCentral account, under the employee tab. Compensation received as a GA must be reported as income when filing state and federal tax returns.
