

EXPRESS CARE ER

Sickness and injuries are never convenient. Fortunately, **Express Care at WMMC offers evening/weekend hours and walk-ins.** When it's not quite an emergency but urgent enough that you need to be seen today, our team is here for you.

We do our very best to see each and every patient. However, we have a limited number of patient slots available daily and at times may not be able to see all patients during clinic hours. Availability can only be guaranteed upon arrival as slots are first come, first serve.

Here's a quick guide for some common situations:

EXPRESS CARE

- Coughs
- Colds
- Flu
- Fever
- Minor burns
- Minor cuts
