- Internet purchases require documentation i.e., printing of the confirmation page and detailed listing of items purchased.
- Internet purchases are not allowed where the Cardholder is agreeing to terms and conditions of the vendor.
- Cardholders will when placing an order, make sure:

 - ✓ provide UCM Central Receiving as the delivery point;
 - ✓ request documentation showing description and cost of each item;

The cardholder should, in cases such as this, provide a copy of the web page that identifies the item(s) purchased and the web receipt from the third-party billing company.

4.2 Documenting Each Transaction

4.2.1 The Purchasing Card Program requires sufficient documentary evidence for all purchases in order to comply with its policies, sound business practices, and the requirements of external and internal reviewers. Sufficient documentary evidence includes an original receipt and an explanation of business purpose. Every transaction must have valid source documentation from the merchant. All source documents must include the following information:

- Vendor identification (Merchant Name);
- Date of purchase;
- Description and quantity of each item purchased (write in if not apparent on receipt);
- Total cost of the order;

- Per item cost, if available;
- Cardholder name and/or card number;
- Brief Explanation, of Business Purpose.

Some examples of source documents include:

- A receipt and card transaction slip from the merchant;

- An invoice showing credit card payment;
- An e-mail confirmation from the merchant.

- Central Receiving will sign for goods upon delivery and forward them unopened to Cardholder for inspection;
- Goods need to be inspected upon receipt by the department. If there are any problems with the order, the department must contact the merchant immediately.

4.4 Returns and Exchanges

- Cardholder will make arrangements directly with the merchant before shipping an item for return.
- If a replacement item is sent, the merchant would credit the returned item and charge a new transaction, unless there is an exchange of like items, e.g. exchange of different colors.
- If there is a problem with an order or goods are returned or exchanged, keep sufficient documentation of the transaction, including names, dates and conversation results. This information may be needed for the Cardholder Dispute Form (Appendix 5)
- Cardholders are prohibited from taking cash for a refunded item.

4.5 Disputes

4.6 Declined Transactions

- If an attempt to purchase was made with the Purchasing Card and the transaction was declined, contact the Purchasing Card Clerk for information during normal University business hours. The most common reasons for a declined transaction are:
 - ✓ Cardholder did not activate the card (Cardholder should now do so);
 - ✓ Cardholder has reached one of his or her transaction limits;
 - ✓ Vendor is classified under a merchant category code (MCC) that is blocked from use (Cardholder should ask vendor to identify the company's MCC);
 - ✓ Vendor asked for the billing address and the information provided by the Cardholder does not exactly match that on file with the bank
 - ✓ On telephone orders, vendor has incorrectly noted the card number and/or expiration date (Cardholder should verify information);
 - ✓ The transmission between the vendor and the bank is down (vendor should try again later).

4.7 Credits and Rebates

- Vendors will issue all credits to the individual Purchasing Card account for any item they have agreed to accept for return. This credit will appear on a subsequent statement.
- Under no circumstances should a Cardholder accept cash in lieu of a credit to the Purchasing Card account.
- Rebates for University purchased supplies are the property of the University and must be deposited back to the appropriate University account.

4.8 Avoiding Internet Fraud

- Don't give out your credit card number(s) online unless the site is a secure and reputable site. Sometimes a tiny icon of a padlock appears to symbolize a higher level of security to transmit data. This icon is not a guarantee of a secure site, but might provide you some assurance.
- Don't trust a site just because it claims to be secure. Before using the site, check out the security and encryption software it uses.
- Make sure you are purchasing merchandise from a reputable source. Do your homework on the individual or company to ensure that they are legitimate.
- Try to obtain a physical address rather than merely a post office box and a phone number, call the seller to see if the number is correct and working.
- Send them e-mail to see if they have an active e-mail address and be wary of sellers who use free e-mail services where a credit card wasn't required to open the account.
- DO NOT purchase from sellers who won't provide you with this type of information.
- Check out other Web sites regarding this person or company. Don't judge a person or company by the Web site.
- Be cautious when responding to special offers (especially through unsolicited e-mail).
- Make sure the transaction is secure when you electronically send your credit card numbers.

5. **Sponsored and Grant Funded Programs**

5.1 General Usage

5.1.1 Use of the Purchasing Card does not change the existing cost, charging, and supporting documentation requirements that must be met for a Sponsored Project Fund. The Cardholder is required to demonstrate that the item purchased is allowable and necessary for the project. The Cardholder is responsible for assuring that the purchase is not expressly prohibited by sponsor regulations or by other federal guidance (such as OMB Circular A-21). A Sponsored Project account cannot be used as the Purchasing Card default account number; however, appropriate charges can be reallocated to a Sponsored Project account. All questions regarding Sponsored Projects are to be directed to the Office of Research Services.

5.2 Unique Audit Requirements

5.2.1. Some sponsored and grant funded programs sometimes have unique audit

requirements. The Cardholder and Department must retain copies of all Purchasing Card receipts charged against a sponsored account for the life of the sponsored account. Some vendors do not provide detailed receipts; therefore, the department may need to retain a detailed log of a sponsored account purchase, so that the individual items purchased are clearly documented. Below is an example:

A receipt may say “miscellaneous merchandise” with a total of \$200. This will be insufficient for audit purposes or cost transfers. A complete summary of the items should be attached to the receipt:

7 boxes of diskettes @ \$10 = \$70

1 LaserJet Cartridge @ \$59 = \$59

4 Boxes of Transparencies @ \$17.75 = \$71

5.3 Proof of Purchase

5.3.1 Sponsored agencies may require proof of purchase when they are invoiced for the project expenditures. In those instances, the Sponsored Programs department may contact the cardholder to forward a copy of the receipt and purchase detail for a particular transaction. Those failing to follow this procedure may have their Purchasing Card revoked and the expenditures charged back to the default number assigned to the Purchasing Card.

6. Penalties

6.1 Responsibility

6.1.1 Cardholders are responsible and accountable to the University for all purchases made with the purchasing card and they must adhere to all University and department policies regarding its use. All purchasing card transactions shall be for official University business only. Cardholders may not make University travel arrangements with the Purchasing Card. Any employee who fails to use the purchasing card properly or abuses the use of the purchasing card shall be subject to cardholder penalties listed herein and may be subject to personnel disciplinary action, up to and including termination of employment. The University will seek restitution for any inappropriate purchases made with the card. All cases of misuse or abuse of the purchasing card must be documented by the Department Liaison and forwarded to the Purchasing Card Clerk in writing for action.

6.2 Cardholder Penalties

6.2.1 When policy violations by a particular cardholder are identified during the Department Head or Department Liaison officials review of the monthly transactions, the following process shall be followed:

- If a single abuse occurs by a particular Cardholder, provide the information to Purchasing Card Clerk who will after determination issue a written warning letter to the Cardholder.

- In the second instance of abuse, the card shall be suspended for at least three (3) billing cycles.
- If problems continue after the card is reinstated, the card shall be canceled up to one year.
- A Department Head can recommend skipping all of the steps if the incident is severe enough to suspend the card permanently.
- When warnings are issued by the Purchasing Card Clerk, the Cardholder and Department Head will be notified. The Vice President, Dean, and Department Head will also be notified if the card is either temporarily or permanently suspended.

6.3 Department Penalties

6.3.1 Procurement and Materials Management may impose penalties for any of the following occurrences:

- When the Purchasing Card documentation is not completed and forwarded to Account Payable by the 10th of each month two times in one Fiscal Year.
- Repeated Cardholder abuse and/or department abuse.
- Improper Documentation.

6.3.2 When penalties are imposed the following process will occur:

- At the first instance, a warning will be issued to the Department Head and the problem turned over to Internal Auditing if it is severe enough.
- Should the Departmental problem persist (second occurrences) the Vice President or Dean will be contacted and cards for the entire department may be suspended for at least two (2) billing cycles.
- After a third review, cards may be canceled up to one (1) year.
