Ms. Muder,

Attached are the requested financial statements. The University appreciates the opportunity to respond to the FAA's request for copies of the Skyhaven Airport financial statements in compliance with Grant Assurance 26. The University is committed to the safe and efficient operation of the Skyhaven Airport.

Your email forwarding the letter request mentioned that this request is "in reference to" the pending Part 13 Informal Complaint, which did not address the airport sponsor's financial records. The University would appreciate clarification on what issue in the complaint is being addressed based on this request.

Thanks.

Mike

Michael G. Jones

Attorney
