Ms. Muder,

Thank you for your inquiry about Mr. [REDACTED] application to conduct a commercial business in his hangar. As of the date of this letter, Mr. [REDACTED] application is still in the review process. Approval of Mr. [REDACTED] application is dependent on UCM's standard process for reviewing and approving new businesses at UCM. As part of the review process, FPO and EHS are reviewing the hangar space to determine if it is appropriate for Mr. [REDACTED] proposed business. These two departments are involved in many applications of business at UCM, not just at the Airport. Mr. [REDACTED] has not opposed the involvement of these departments and has asked to be a part of their walk through.

UCM assures the FAA that Mr. [REDACTED] application is being treated like any other individual that wants to conduct a business at UCM. As such, the resolution of the Part 13 Informal Complaint is not dependent upon Mr. [REDACTED] application and UCM appreciates the FAA's understanding as UCM continues its review of Mr. [REDACTED] application.

Very truly yours,

MARTIN, PRINGLE, OLIVER,
WALLACE & BAUER, L.L.P.
