Census Date:

The census date of the university represents a date in each semester when a "snapshot" of university data is reported. Data reported at census represent the official enrollment for the semester. Census data are used in various surveys and national reports. Because census data represent a "snapshot" outlook on a precise date, they may differ from data collected on other dates. For Fall and Spring, census day is four weeks after the first day of class; Summer census day is the last day of the summer semester.

Cohort (Undergraduate):

The group of undergraduate students entering in the fall term established for tracking purposes. For the Graduation Rates component, this includes all students who enter an

institution as full-time, first-time degree or certificate-seeking undergraduate student during the fall or summer term of a given year.

Completions:

This is an annual number of degrees and other formal awards (certificates) conferred. These data are reported by level (associate's, bachelor's, master's, doctor's, and first-professional). Due to double majors or the ability to earn more than one certificate per student, completions do not represent headcounts.

Completion Rates:

Calculated by dividing "Successfully Completed Credit Hours" by "Attempted Credit Hours" (successful credit hours ÷ attempted credit hours = Completion Ratio) then multiply the result by 100 to obtain percentage (Completion Ratio x 100 = ____%).

Degree-Seeking Students:

Students enrolled in courses for credit who are recognized by the institution as seeking a degree or formal award.

Doctoral Degree:

Central cooperates with other institutions in offering Doctoral programs. The degree is confirmed by the other institution.

Double Major:

Students who have declared two areas of study. Students with a double major are counted in each area but only counted once in the college and university headcounts. Data are gathered each semester on census day.

Education Specialist:

Extended Campus/Distance Learning:

The Office of Extended Campus and Distance Learning is committed to providing coursework and degree programs at locations and times that meet the needs of students. Distance learning delivers a comprehensive selection of credit and noncredit courses, degrees and certificates via the Internet through I-TV, video teleconferencing, broadcast television, and other communication systems.

Faculty:

Persons whose specific assignments customarily are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities), and who hold academic titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of these academic ranks.

Fall:

First semester of the academic year. August - December.

Graduation Rate:

Refers to the percentage of the student population—usually, but not always, referring to first-time, full-time students—who graduate in a given time frame. To calculate graduation rate, take the total number of students who graduate divided by the number of entering students.

Entering students : Number of students who first entered the university/program during a 12- month period.

Graduated students : Of entering students, the number who graduated (within 100%, 150%, 200% times normative duration)

Graduation Rate : $\text{Graduated students} \div \text{Entering students}$

Headcount:

Refers to the unduplicated count of students enrolled for one or more classes during the time period stated. Unduplicated means that a student is only counted once regardless of the number of classes taken, the number of sites at which the classes are located, or

the number of terms enrolled. Unduplicated headcount is the most frequently used term for reporting student data.

Hispanic:

A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

Instructional Faculty:

Members of the instructional or research staff whose major regular assignment is instruction, including those with released time for research.

Junior:

An undergraduate student who has earned at least 60 but fewer than 90 semester credit hours.

Major:

Military, National Guard (MLNG):

Students currently fulfilling their National Guard responsibilities. Not currently serving on active duty.

Military, Reservists (MLRV):

Students currently fulfilling their Reserve responsibilities. Not currently serving on active duty.

Military, Veteran (MLVT):

Students that meet the definition provided by various agencies or are not serving in another capacity.

Minor:

A secondary field of specialized study. UCM minors range from 12-34 credit hours.

Minority:

U.S. citizen students who are Black, Hispanic, Asian, Pacific Islander, American Indian/Alaska Native, or of two or more races.

Native Hawaiian or other Pacific Islander:

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

Non-Degree Seeking:

A student enrolled in courses for credit who is not recognized by the institution as seeking a degree or formal award.

Non-Resident Alien:

A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

Non-Traditional Student:

Nontraditional students are those who have one or more of the following characteristics:

- Delayed enrollment
- Part-time attendance
- Transferring between institutions
- Temporarily leaving postsecondary education but later enrolling again
- Receiving a GED or high school completion certificate

Part-time Student:

An undergraduate student enrolled with fewer than 12 credit hours in a fall or spring semester or a graduate student enrolled in fewer than 9 hours. Undergraduate students in less than 9 credit hours or graduate students in fewer than 6 hours for summer semester.

The categories for self-reporting race/ethnicity are: Hispanic (regardless of race); and for non-Hispanics: American Indian or Alaska Native; Asian; Black or African American; Native Hawaiian or Other Pacific Islander; White; Two or more races.

Retained Rate:

To calculate the retained rate, start with the number of students enrolled during a given 12-month period (Fall, Spring, Summer), which is the Unduplicated 12-Month Headcount. Subtract the number of students who withdrew from the university during that 12-month period to get the number of retained students. The number of retained students divided by the number of all enrolled students is the retained rate.

All students : Unduplicated 12-Month Headcount (students enrolled during a 12-month period)

Retained students : All students – students who withdrew

Retained Rate : Retained students ÷ All students

Retention:

A measure of the rate at which students persist in their educational program. This is identified as an cohort of first-time bachelors/certificate degree-seeking undergraduates that enter the institution for the first time during the previous summer and fall who are again enrolled in the following fall semester. Cohorts are identified based on the year of entry. Example: 2023 Cohort - Students entering summer 2023 or fall 2023 are defined as a cohort. These students are considered to be retained if enrolled in the fall 2024 semester.

Retention Rates:

Retention expressed as a percentage of students in a cohort that enroll in subsequent fall semesters (fall to fall). First time students from last fall that return for the current fall term are considered retained. Cohort students who graduate are accounted for by adding them to the retained cohort count. This total is divided by the count of those in the original cohort from the prior fall. Example: Fall 2022 Cohort size of 20 students, 1 graduated Spring 2023, 5 did not return for Fall 2023. This yields 15 returning students, plus 1 graduate, for an adjusted cohort count of 16. Therefore, the retention rate is 80.00% (16/20).

Cohort size : Unduplicated Headcount (students enrolled for the first time in the prior summer and fall)

Retained students : All students in cohort *minus* cohort students who withdrew/did not return for the current fall semester *plus* those that graduated

Retention Rate : Retained students *divided by* Cohort Size

Senior:

An undergraduate student who has accumulated at least 90 semester credit hours.

Sophomore:

An undergraduate student who has accumulated at least 30 semester hours of credit, but fewer than 60 semester credit hours.

Summer:

Third semester of the academic year. May through August.

Spring:

Second semester of the academic year. January through May.

Student Credit Hour Generated:

A unit of measure that represents a student engaged in an activity for which one hour of credit is granted upon successful completion.
