A few of our volunteers even help with yard work or simple things around our patient's home. We also send volunteers into nursing homes to visit with residents and play games like Bingo. Playing games for an hour with the residents is such a small commitment for the volunteer, and that hour is the highlight of those residents' day. The last kind of opportunity we offer our volunteers is helping in our local office. If you enjoy doing office work, volunteers can help with many tasks in the office. What I like best about our volunteer program is that we have so many kinds of opportunities. |
