By the order of:
Michael E. Smith
Buyer of Record
April 13, 2010

END OF ADDENDUM
ADDENDUM NUMBER 2

Project Number 07289.00

Project Title Highway 13 Decorative Fence

ISSUE DATE: April 12, 2010

Bidders are hereby notified that the Bidding and Contract Documents for the above project, fare amended as follows:

1. In specifications section 1500 Temporary Facilities Section G. add “University of Central Missouri Public Safety Office shall also be notified of any traffic disruption.

2. The owner will allow a materials lay-down area to the west of the fence by Grinstead Hall.

3. The contractor shall provide construction barriers but should maintain access to the sidewalk to Ellis Hall to the east as well as the side walk to the west.

4. In addition to the requirements of 2200 Site Preparation Section C, The contractor should remove the existing fence and deliver it the University’s storage facility on “Hale Lake Road Storage facility.

5. The owner shall provide the signage required both the plaque in the large piers and the overpass signage. The contractor shall include the cost of installing the sign including all fasteners and equipment required.

6. The grass blend to be installed must be approved by the University grounds supervisor prior to purchase.

7. The Stephens Pipe and Steel Ornamental Centurion III steel fence system is approved as an acceptable manufacturer provided they meet the specifications including size and gage of parts with 1” 14 ga. pickets and quad finials, a hot dip galvanized undercoat and 2 mil base coats and 2 mil top coat epoxy powder coated finish on all parts.

8. Other manufacturers cited in the specifications such as Monumental Iron Works and Stewart Iron works are acceptable manufacturer’s provided they meet the specifications including size and gage of parts with 1” 14 ga. pickets and quad finials, a hot dip galvanized undercoat and 2 mil base coats and 2 mil top coat epoxy powder coated finish on all parts.

9. See attached revised drawing A1.1 with revisions to the locations of the large piers that terminate each section of fence. Also the work will include sawcut a four foot portion of the concrete gutter and directing water flow through an 8” PVC pipe in the northeastern pier at Maguire and Christopher Street.

10. See attached sketch showing reinforcing detail at the northeastern revised pier at Maguire and Christopher Street.
NOTE: Bidders must acknowledge receipt of this Addendum by listing the number and date, where provided, on the Bid Form.
