PURPOSE OF HANDBOOK

Welcome to the Department of Theatre at the University of Central Missouri. This handbook has been designed by both the theatre faculty and students to help you get the most out of your theatre program at Central. It should assist in:

- Determining a specific degree program to pursue.
- Understanding requirements and sequences within degree programs.
- Becoming familiar with production programs and their opportunities.
- Fulfilling University and Departmental regulations.
- Sensing an overview of subject matter content which will be the focus of study in the department.

This material is not intended to duplicate or take the place of any university publication but will direct the student to those publications, offices, or individuals who can provide the answers sought. We hope that the information contained in this Handbook will help new students as well as upperclassmen by describing the opportunities, challenges, policies, and procedures of our programs.

You are urged to visit with your theatre department advisor on a regular basis and I also invite you to come in and see me at any time I can be of assistance to you.

Dr. Richard Herman, Chair
Department of Theatre
